As THE battle lines approach the heart of the enemy's homeland, the fighting grows fiercer . . . and more costly in men, materiel, and money. That's one reason why every red-blooded American must back this mighty 7th War Loan with every dollar he can lay hands on. Another reason is that this is really two drives in one. In the

same period last year, you were

asked to invest in two war loans,

as against one this time. No need to tell you that War Bonds are the safest and best investment in the world. So pour out your might, Americans, in the MIGHTY 7th War Loan. Let's show our valiant Fighting Men that we're backing them to the limit of our means . . . 100%.
