Gray County Agriculture To Be Crowned Friday At 7:00 To Exceed \$14 Million

FOSTER WHALEY Gray County Agent

Gray Counties Agricultural income is expected to exceed fourteen million in 1969, chiefly because of the two booming and expanding feedlots located twelve miles east of Pampa.

A new swine or pork factory is now under construction west; of Lefors that is reported to involve between three quarters of a million dollars in construction and initial cost. This plant will have the capability of turning out 16,000 finished porkies annually valued at close to one million dollars. Numerous employees will be employed in its peration.

Thirteen new irrigation wells of one thousand gallon capacity per minute have already been developed in the immediate High Plains of Gray County with numerous new wells being drilled in the McLean vicinity. We now have over two hundred irrigation wells.

This new record teturn for deal act requires states to lief agency of 31 national Gray County looks like an inverted pyramid since 1954 since it stood at slightly more than four million dollars according to the U. S. Census of Argiculture. In 1959 it moved up to close to eight million dollars. The affect of the Moody Farm Feedlot was beginning to show. In 1968 the Agricultural income was just under twelve million. This figure shot up chiefly because of the new Heaton Cattle Company Feedlot that went commercial in 1967.

> Af the time of this writing, bo. 1 feedlots have a little over thirty - one thousand head on

Prices shot up in the spring and hit an all time high since the two local feedlots went into

Although prices did not hold for long, there was some thirtyfive dollar steers sold that were placed into the feedlot at a \$27 per CWT value,

It is estimated that over 120 thousand acres of wheat was sown in fall of 1968 for grazing and harvesting . Approximately 75 thousand acres was harvested with a slightly better than average yield. It is estimated that over 45 thousand acres was grazed out instead of being narvested.

The Statistical Reporting Service reported a \$4, 463, 000

County in 1968. A sligh&drop in crop income is expected in 1969. However income in Beef Cattle will ase sharply because of feedlot expansion, higher cattle prices and a better than average wheat pasturing year.

Allotted crops by the Agricultural stabilization Conserva tion Service office looks like this for 1969: Wheat -75, 098 acres, Grain Sorghum and other Feed Grain-46, 252 acres, and Cotton-3,656.

All areas in Apricultural in Gray County has benefited from the cattle feeding boom a the Panhandle area. Grain sorghum growers have enjoyed sixty-five cent per CWT price rise. The Government loan level for fifteen years before the feedlot boom pretty well set the price of milo. Today it has little or no effect since the loan level is forty cents under 'e cash market. Gray County grain sorghum producers have benefited to the tune of over two hundred dollars from price rise alone. If compared to the \$1,35 per CWT price of in the mid 50s. the milo producers in Gray County is some \$300,000 better

Ranking second to cattle feeding irrigation has been a big boom to the Gray County Agriculutral income.

It is estimated we now irrigate, over 30,000 acres of all crops in Gray County with over 200 irrigation wells. Milo is the number one irrigated crop with wheat for pasture and grain a close second. In the McLean vicinity irrigated alfalfa has boom ed with the feedlot demand for alfalfa in the feeding rations. The sandy soil in the McLean vicinity is best adopted

for alfalfa. Backgrounding of stocker calves for the feedlot has been very much on the increase.

As a result of the irrigation and feedlot boom, several Agribusiness firms have been created or enlarged. The fertilizer business has been exceptionally good for the past year.

With the drilling of each new irrigation well on the High Plains over \$30,000.00 is spent in well development, pump cost, and other expenditures connected with irrigation. Production from a well-managed farm creates over a five hundred per cent increase in the production level.

Football Queen

The fighting Tigers, the pep squad, the band, the sponsors, the students, and the fans are working together this year to make this football season a suc-

The Tigers despite their lack Natural gas and electric comof size and experience, have shown that they are a force to be reckoned with. The band has shown a willingness to work hard for its own improvement, and covery systems on electricity to furnish that much needed support to the team. The pep squad has worked long and hard to provide that display of spirit that mounts of both electricity and is so necessary in any athletic endeavor. Even those students Tremendous quantities of who are neither members of the pipe and steel, both concrets band nor pep squad have exhibited a desire to contribute to the massive agricultural developteam spirit, and, last but not least, the fans have furnished Agricultural credit is big decorations as well as enthus-

Former Resident To Be Honored

Sunday, October 26 will be "LottiedLochridge Day" at the First Baptist Church in Iowa Park. Mrs. Lochridge, a former resident of McLean, has been organist for this church for the last 25 years and only recently school cafeteria Sunday afterwas forced to resign on account of her health. A reception will be held at the Church from 2:00 until 3:30 Sunday afternoon to which all friends of the honoree are invited.

School Cafeteria

The price of meals served in the McLean ISD Cafeteria will be increased five cents effective November 1, 1969. The present charge is 30 cents per meal for grades one through five and 35 cents for grades six through twelve.
This is the first increase in

the increasing cost of food supplies, this increase is a necessity in order to continue opera tion of our school cafeteria. It is not a matter of more food quanity, but a matter of coninued operation.

Tigers Rope Cowboys 19-8

McLean really didn't suprise anybody Friday night, as the Tigers got its District 2-A record off on the winning side aftwo straight non-conference los-

The McLean Tigers who had several scoring opportunities fizzel in the first half, wasted little time in getting on the scoreboard after intermission. On the second play from scrimmage QB George Danner threw a perfect thirty yard bomb we Butch Lands who ran the remaining 20 yards for a TD. Steve Thacker's extra point try was blocked and the Tigers drew first blood with 11:15 remain-

ing in the 3rd quarter. Dennis Duniven roared into the end zone five minutes and 51 seconds later on twenty yard line off left tackle. Steve Thacker's kick for extra point hit the crosse bar and bounced a stray and the Tigers commanded a 12-0 lead.

Ruben Garcia, a sophmore standout for the Cowboys, brought the fans to their feet a minute later with a 72 yard TD scamper around right end . Charles House picked on the right flank again for the two extra points and the Cowboys had cut the Tigers lead to four points with four minutes remaining in the 3rd quarter. With the exception of one other Tiger scoring threat that was stoppedat the Cowboy one inch line, the battle was fairly even until late in the 4th quarter. After the Cowboys failed to punt on a 4th and 5 situation, the Tigers drove 40 yards in seven plays.

The drive was capped by a 15 yard pass from QB George Danner to Steve Thacker. Da vid Haynes booted the extra point squarely through the upright and the Tigers led 19-8 with 3:33 left in the 4th period. The Cowboys roared back with several runs and a spectacular catch of a 30 yard pass by Ruben Garcia. Ronnie Brown recovered a Cowboy fumble mid-field to stop the drive with 2:11 left on the clock. The Tigers drove to the Cowboy 10 yard line before the gun sounded the final note on a 19-8 District 2-A victory for the TIGERS.

Local Residents Return From Hawaii

Mrs. Eddie Kunkel and Kevin left Thursday, October 9, and flew to Honolulu, Hawaii for a six day Rest and Recuperation visit with their husband and father, Sp5 Eddie Kunkel who is serving with the U.S. Army in Vietnam. They spent the time touring the island of Oahu including Waikiki Beach and Pearl Harbor.

Specialist Kunkel left October, 15 for Vietnam and Mrs. Kunkel and Kevin left the evening of October, 15 arriving in Amarillo October 16 and after spending the night in Amarillo returned to McLean Friday

Mr. and Mrs. W. H. Davis have their daughter Willie Marie and children from Gulf Port visiting them.

Through faith ... won

strength out of weakness .-(Heb. 11:33, 34).

Some persons may equate strength with the power to move heavy objects; or the power to move other persons the cost of meals served in the through the force of their will. McLean ISD Cafeteria in over But the strength of God is the 14 years. It is with regret that strength that is equated with this increase is made, but with ever-renewing vitality, with an eagerness for life. It enables us to help other persons without attempting to dominate them. It is a strength that is equated with the Godpower within us.

THE McLEAN NEWS

PARSONS REXALL DRUG LYNDON CRELIA, PHARMACIST

It was windy and cold Wednesday morning and I almost gave up in my effort to put our house flag our but when I went down town and saw all the flags flying and the patriotic posters put in the windows by the Mc-Lean High School students, I was glad that the Stars and Stripes were flying from our porch, too.

The high school student body is to be congratulated on their patriotic stand and a time when patriotism counts. It was a pleasure to view their activities on TV that afternoon. Their organ. Dion Bryant enjoyed the stand may have surprised some people but not me, for I re- and car and wants to come back member those same students a few years ago and know what and a yard wide, everyone of so many questions. That's fine,

were our visitors at the museum last week. They were such an interesting group. Michael Harkins liked going through with Mrs. Viola Glass. Dale Dorman enjoyed the mule's head, the organ, and the songs Mrs. Haynes played. Sammy Haynes liked the Indians and sent along his thanks for the button we pinned on his lapel.

Randy liked the old car the best and next the doll made by a blind girl in In dia. Jeree Boyd liked it all and expressed her thanks for letting the class come, Cathy Beshears, almost too short to reach the registra-

McLean News, McLean, Texas, Thursday, Oct. 23, 1969 Page 4 great grandmother washed her the bones best. Michie Rhea hopes we keep clothes in the old days. Wasn't

the museum open for all long time. Her favorites were the mule's head and the skeletons. Teresa Ann Bybee liked hearing Mrs. Haynes play the piano and seeing the old wedding dress worn by the bride in 1832. She enjoyed the pictures viewed through the sterescope. Melinda was pleased with the museum over all, but her choice was the kitchen and the parlor.

Ken Parker was fascinated with the old guns and the bay onet brought by Billie Bert Sanders from Okinawa, but he liked the Indian bones, arrows ded: "I'll still come to visit the heads, and the oxen yoke, too. Teresa Webb loved the music whether from the piano or the guns, the old stove, saddles again. Come any time, Dion!

cloth they were cut - all wool one! She apologized for asking Judi, keep on with her inquiring mind. That's the way to learn. What she liked most was the friendly ladies who showed her through, Delores Morgan's choice was the room of the house and the scalps of the Indians. Carol McKee liked it all: the parlor, the living room. the car, the old washing machine, and the apple peeler. You have an observing eye, Carol, to go along with your sweet smile.

the bedroom. It was hard to decided which of these three had the best letter, but finally Gina Layne was declared the winner. Here is her letter in full:

"Thank you for taking so much time to help me and my class by explaining everything in the museum. The three things that I liked best were the Indian skulls, the parlor, and the arrow heads. I learned quite a lot. Ihope you get more things to put in the museum. Thanks again for taking all that time to

Sincerely, Gina Layne Next Sunday is the fourth Sunday and time for the Alanreed McLean Historical meeting at 3:00 o'clock in the school cafeteria. Those who like old-fashioned singing should plan to come. Under the direction of George Saunders there will be a sing-song. Think of your favorite song-religious or popular-and be ready to lift your voice Rose Hall will have an interesting story to read, and the Society will elect officers for the coming year. Be there!
