## OPA Almost Gone; Pampa Office Closes

The Price Control Board at Pampa serving the counties of Roberts, Hemphill, and DeWitt, closed November 4. R. E. McLean, chairman of the local board, announced this week.

The step marks the conclusion of almost five years of unprece-dented patriotic service by citi-zens of these counties who through their thousands of hour-long hours of work, have prevented the dangers from taking place and saw that their neigh-bors had an equal right to their share of scarce commodities during the days of rationing.

McLean said. The panel mem-bers have done a great job and are to be commended for their ability and service.

All price controls—except those on rents, sugar, and rice—were lifted last week-end when Presi-dent Truman issued an order knocking out all wage restrictions and price ceilings with the three exceptions.

This means that the OPA is practically without any work to do, and the Pampa office has announced that that office will no longer function.

With the removal of the ceilings, which have been "cussed" and discussed during the recent political campaigns, industry lead-ers throughout the United States judged their efforts to "keep prices in line."

The removal effect has not yet been felt in McLean business houses. Local merchants are retain-ing their present price levels, and consumers will not feel any price advances unless, or until, manufacturers and jobbers in-crease their prices.

Although rent ceilings are still applicable, government leaders pre-dicted that some increases will be "inevitable." The housing program is to be speeded up, although leaders believe the \$10,000 limit on new construction will probably be lifted.

The release of controls includes such hard-to-get items as new automobiles, refrigerators, stoves, etc. Some auto manufacturers have stated that there is no in-dication that the prices of new cars will go up. Leaders in the steel industry said that there is no likelihood that there will be "any wild runaways of prices."

The president blamed the back-up of price ceilings on the "unwork-able" bill passed by Congress last summer. The decontrol movement began several weeks ago when Truman announced the removal of price ceilings on meat, and he stated then that other controls would be removed as quickly as possible.

## Ernest E. Filer Dies at Groom

Ernest E. Filer, 64, pioneer build-ing contractor at McLean and Groom, died Monday at his home two miles west of Groom.

Funeral services were held Wed-nesday afternoon at 3 o'clock at the Blackburn-Shaw chapel in Amarillo, with interment in Mem-orial Park.

Filer, who had lived in Groom for the past 20 years, was a member of the Church of Christ. He retired from the construction business in 1934, after many years of work in the McLean-Groom area.

Survivors include his wife, Mrs. Rena Filer, and a son, Graydon Filer of Twisp, Wash.

## Schools to Close For Thanksgiving

The McLean public schools will close two days for Thanksgiving, November 28 and 29. Superintend-ent E. A. Kimmins has announced. Most business houses in McLean are expected to close Thanksgiv-ing day, November 28.

GLENDIA JOYCE SMITH gets two resounding smacks from Co-Captains Bill Willingham, left, and Sammy Haynes, right, following the recent ceremony in which she was crowned Queen of the 1946 McLean football squad. Miss Smith is wearing the helmet and holding the white foot-ball, both of which were presented to her in ceremo-nies preceding the McLean-Lefors football game here two weeks ago.

## Tigers, Victorious Over Wheeler To End Season at Canyon Friday

McLEAN 12, WHEELER 0

The McLean Tigers bounced back into the win column last Friday night at Wheeler by scor-ing once in the third quarter and again in the fourth to down the Mustangs by a score of 12 to 0.

The margin in points, how-ever, was not as great as the dif-ference in the two eleven's. Only one time, when Coach Larry Sanders threw in about five sub-stitutes, did the Mustangs threaten to score, and even then they never penetrated the 20-yard line.

On the other hand, the Tigers got close to pay dirt a number of times, and were on the Wheel-er two-yard line when the first half ended.

In first downs, Wheeler made only four—all in the last half, and McLean ran up five in the first half and ten in the second.

The situation looked a little bad in the early part of the game, when Sammy Haynes fumbled on the McLean 34 and the Mustangs recovered. But the Wheeler team lost the ball on downs on the McLean 25-yard stripe, and in a series of runs by Johnny Griffith, Wes Langham, and Sammy Haynes, the Tigers moved to the Wheeler 27, only to lose the ball on a fumble.

But then Wheeler got in trouble. (Continued on page 3)

## Church to Have Singing Program

A community singing will be held at the Church of the Naz-arene Sunday afternoon at 3 o'clock. It was announced this week.

The public is invited to attend, church leaders said.

## Three Residents of McLean Hurt In Auto Accident on Highway 66

### Three Straight Nights of Frost Freeze Growth

Three straight nights of below-freezing weather put an end to practically all growth of plants in McLean and the surrounding terri-tory last week-end.

The first frost came Friday night, and was followed by two more nights of sub-freezing weather Saturday and Sunday nights. The remainder of the week remained cold, but the temperature stayed above the freezing mark.

No moisture accompanied the frosty weather, although heavy dew was apparent on mornings when not iced into frost.

Local residents who had roses blooming, and in some scattered instances had seen blooms appear on fruit trees, found their "last rose of the summer" fade out with the cold winds.

Farmers who had been hoping for a late freeze were beginning to gather in their feed, although some of it may yet mature fur-ther before it is gathered.

### Christmas Nears—Letters to Santa To Be Published

There will be only five more issues of The McLean News until Christmas.

Which means all the little tots are going to have to get busy writing letters to Santa. The News will begin printing Santa letters soon and we have put the Old Whiskered Gent on our mailing list.

We ask parents and school teachers in the primary grades to assist children with their letters so we will make as few mistakes as possible. We sug-gest that teachers in McLean, Kellerville, Alanreed and all rural schools set a time for children to hand their letters to them and then the teacher can bring them to The News.

McLean merchants are al-ready beginning their Christ-mas advertising and we ad-vise parents to watch our ad-vertising columns closely.

### Almond Family In Car Crack-up Near McLean

Three McLean residents, and two residents of Chicago, were injured in an automobile accident about two and one-half miles east of town Sunday morning shortly before noon.

The McLean residents hurt were Mr. and Mrs. E. H. Almond and son, Bobby. The two Chicagoans in the other car were Mr. and Mrs. John Lillie.

Almond, plant superintendent of the Smith refinery, suffered a broken rib and bruises, and ex-pects to be released from the Worley hospital in Pampa in about a week. Mrs. Almond suffered two broken ribs, and will be re-tained for treatment slightly long-er; and the son, Bobby, who at first was thought to have a brain concussion, is not seriously in-jured and will be released in a few days.

Mr. and Mrs. Lillie were taken to Shamrock to the city hospital. He suffered a broken wrist and shoulder, and Mrs. Lillie received a broken shoulder and lacerations about the eye.

Womack ambulances from Mc-Lean answered the call and carried the injured to the hospital.

The accident occurred when a tire on Lillie's car blew out and he lost control of the auto. Lillie was going west on Highway 66, and Almond, driving east, was unable to swerve out of the path of the Chicago vehicle, witnesses stated.

Both cars were badly damaged. The right side of Lillie's car was almost completely torn away by the impact. Neither car turned over.

### Rev. Longino Is Re-Assigned To Local Church

Rev. H. A. Longino, pastor of the First Methodist Church of McLean, was returned to his charge here when pastoral appointments were read by Bishop Charles C. Seleckman at the close of the Northwest Texas Methodist con-ference in Pampa Sunday after-noon.

The assignment this year, how-ever, is for a seven-months pe-riod since the next annual confer-ence will be held at the Park Street Methodist Church in Amarillo be-ginning May 28, 1947.

The change in the conference date was made as a part of a general movement to set the date for the annual meeting in the spring. All Texas and Oklahoma conferences will hold their annual meetings in the future sometime in May or June.

Rev. E. D. Landreth, district superintendent of the Clarendon district during the past year, was assigned as superintendent of the Amarillo district. New superin-tendant of this district is Rev. T. M. Johnson.

Other assignments in this im-mediate area are for Groom, J. B. Stewart; Lela-Heald, H. R. Ben-nett; Lefors, N. S. Daniel; Sham-rock, H. H. Bratcher; and Sham-rock circuit, O. C. Evans.

Rev. Longino was also named district secretary of evangelism.

### Mrs. Loftin of Alanreed Dies In San Antonio

One of Alanreed's pioneer citi-zens was lost when Mrs. Louisa Delilah Loftin, 82, died in San Antonio Friday of last week.

Funeral services were held at the Alanreed Baptist Church Sunday morning, with Rev. Steve Greenwood conducting the rites interment was in the Alanreed cemetery under the direction of Womack Funeral Home.

Mrs. Loftin was born March 8, 1864, at Thornton, and became a member of the Baptist church at the age of 15. She was united in marriage to Samuel R. Loftin January 18, 1882, and had lived in Gray County in the Alanreed community for the past 41 years.

Survivors include four sons, William A. Loftin of Idabel, Okla., Dr. J. O. Loftin of San Antonio, W. Ray Loftin of Pauls Valley, Okla., and C. T. Loftin of Pauls Valley; two daughters, Mrs. Frank Pettit of Fort Worth, and Mrs. Francis M. Conlan of San An-tonio; 11 grandchildren and one great-grandchild.

Pallbearers were Rey Sherrod, Wilson Blakney, G. E. Castiberry Jr., Curtis Pash, Harvey Craig, and Willis Snyder.

### Seniors to Have Amateur Hour

Mrs. Roger Powers, Joyce Smith, Ray Longino and Sam Haynes are planning the program for an amateur hour sponsored by the senior class of McLean High School.

The program will be given in the high school auditorium No- vember 22.

### Bales Ginned for October 18

City 48 bales of cotton had been ginned in Gray County prior to October 18 from the 1946 crop. E. H. Wilson, special agent for the Department of Commerce census, reported this week.

At the same time last year, 123 bales had been ginned from the crop, Wilson said.

### Line Students Are Listed on Honor Roll of McLean High for First Six Weeks

These freshmen, one sophomore, one junior, and one senior were listed on the first six weeks honor roll for McLean High School, E. H. Wilson, principal, has announced.

Ernest Golightly was the lone freshman in the list; Arvin Smith, Robert Shortt, and Claud Mounce, juniors; Arlie Burchfield, sopho-more; and Benny Cooper, Clyde Bennett, Thelma Kimbley, and G. Florey, freshmen.

The honor roll consists of those who have an average of 90 per cent in scholarship, Wilson said. The class averages are as follows: freshmen, scholarship, 84, applica-tion, 83, citizenship, 86; juniors, scholarship, 86; sophomores, scholarship, 87; sophomores, schol-arship, 77, application, 79, citi-zenship, 86; and freshmen, schol-arship, 86, application 84, and citizenship, 88.

"An analysis of this report shows that there are very few pupils in high school making a high schol- arship average, there being the largest number in the freshman class, and only one in the sopho-more, three in the junior, and one in the senior," Wilson pointed out.

"It seems that there is a posi-tive correlation between applica-tion and scholarship. The poor grades are not caused by a low

intelligence but by a lack of study-ing."

"We are trying to build up a higher scholarship standing in the McLean High school, and we need some help on the part of the parents. There were a total of 75 'Fs' and 'Ds' sent home on report cards. These grades are both failures and this is the time of the school year when some-thing should be done about it."

"If your child had one or more of these grades, we shall be glad to talk with you about it. Did you see his or her report card? We have them returned with your signature, or at least a reasonable facsimile," Wilson concluded.

### College Reporter Writes of Petty

(Editor's Note: The following is an excerpt from a story which appeared in a recent issue of the Hardin-Simmons school paper at Abilene. It is reprinted here since a part of the story is about Herman L. Petty, son of Mr. and Mrs. Luther Petty of McLean. He is studying to be a medical mis-sionary.)

So you think you have troubles to tell the Chaplain?

This year the campus is filled with preachers and religious edu-cational directors. These have always been a subject of conver-sation among students. A good bit of that conversation has been critical (and true) about preach-ers knowing nothing about life. It used to be you could tell a preacher anywhere on the campus. He sported a tie, wore a suit, and

## House Gives You TEXAS

Add to "Items that have changed since I was a boy":  
 Prizefighters don't have the picturesque names they used to have. The negro boxers who fought in Memphis, Tenn., had such handles as Joplin Ghost (he was a scientific boxer); Hock Bones and, even more striking—the name, not necessarily the punches—Egg-head Ratty.

Of a public official who fancied himself as a speaker, a rival said, "He never opens his mouth but what he subtracts from the sum total of human knowledge."  
 Then there was the statesman who answered the speech of an opponent with, "The gentleman is indebted to his memory for his humor and to his imagination for his statistics."

Even a little "column" like this gives one an opportunity to strike a blow for the people of Texas. A few years ago, a bill was introduced in the legislature, which would have had the effect of confiscating 3,000,000 acres of land rightfully belonging to the public schools and placing that land in the hands of oil companies. These tracts were known as vacancies and their potential mineral wealth gave them a value which might reach \$100,000,000.

School leaders were fighting to protect the birthright of the boys and girls. Through this "column" the facts were told to about a million readers of 200 weeklies. The article was quoted in debate in the legislature and the bill was modified to safeguard the rights of the school children of this state.

Any time we learn of a good cause, such as that, to which we can lend a little assistance, it will be done.

Dr. and Mrs. W. R. Orr of Wellington were visitors Friday of last week with Mr. and Mrs. C. Bjerg.

Guests Sunday in the home of Mr. and Mrs. Robert Howard and son were Mr. Howard's mother, Mrs. Ethel Howard, who recently moved to McLean; Mr. and Mrs. Alton Howard, Mr. and Mrs. Warren M. Bohannon, Mr. and Mrs. Merle Ford and son, all of Amarillo.

## Teachers Group Seeks More Pay

Public school teachers of Texas are rallying to the call of the Texas Teachers Welfare Association, Inc. determined to wage a valiant fight for the rights of teachers to earn a decent salary, and for proper recognition of the service they render in directing the education of Texas youth.

Plans are being made now for the annual meeting of this militant organization in December, at which new officers will be elected to direct the activities of the association. These include a membership campaign to enlist support of every teacher in Texas, a statewide educational campaign to inform the public of the grave crisis now faced by the school system, and sponsorship of legislation before the Legislature.

for increase in the pay of teachers.

Founders of the Republic of Texas made liberal provisions for a great public school system, but succeeding generations have not met their responsibility fully in maintaining this great public educational system. Dr. Joe P. Harris, Dallas County school superintendent, secretary-treasurer of the association, said.

The American Council on Education ranks Texas 33rd among the states in per capita expenditure based on average daily attendance; 31st in expenditure per classroom unit.

Dr. Harris said the rural school aid law, which provides state funds to help poorer rural districts, should be amended. This law fixes ceilings on pay of teachers in rural aid schools, starting at \$1,215, with increase each year of \$1450. Maximum salary for teachers with degrees is \$1,431.

These salaries may have been adequate when the law was passed, but they are far too low now. Dr. Harris said. The Texas Teachers Welfare Association will sponsor legislation to raise the pay of teachers.

## Press Club Now / State Member

The McLean High School Press Club has recently become a member of the Texas High School Press Association.

Last week the club received a bulletin on the THSPA convention to be held in Denton December 6 and 7.

Schools publishing only a paper, or an annual are allowed only four delegates but the club here will be allowed six since both are published. No definite plans have been made but the club hopes to send delegates to this convention.

### THE TEACHER SITUATION

A SURVEY recently completed by the Texas State Teachers Association reveals that this state is in need of about 9,000 qualified teachers to relieve our over-crowded classrooms, to add to the curriculum many subjects that have been eliminated during the war years, and to replace sub-standard personnel.

The turn-over in the teacher personnel in the public schools for this year is the greatest in the history of the state. More than 25 per cent, or 9,272 teachers, were new in their jobs when schools opened this fall.

There is but one reason for these astonishing figures, and that reason, of course, is money. A large number of people who used to follow the teaching profession, many of whom had studied for and planned to make this profession their life work, have turned to other professions, simply because they were unable to make sufficient money as teachers, and because they found they were able to do much better financially in other lines of work.

The retiring president of the state association, Superintendent Charles M. Rogers of Amarillo, has commented the following: "Today if our public schools could employ immediately all of the students in the colleges and universities of Texas that are preparing to be teachers, we would not relieve our great shortage. I am sure that we do not have in our Texas institutions of higher learning 9,000 people today who are preparing to become teachers. We must raise salaries in Texas high enough to encourage those now in college to enter teaching as their chosen pro-

profession. I cannot see any other solution to the problem." It seems that Rogers is correct in his statement. We in America are worried these days about the future, about the present, too, and especially about the present outlook on peace. But at the same time we are overlooking our best bet for the future—the education of our future leaders. Now is the time to give these youngsters their training—it's too late when they become grown.

### Know Any News? Then Turn It in—We'll Print It

If it's news, then we want to publish it!

Regardless of how unimportant it may seem to you at the time, some incident may happen which you will not think this paper would want to print, yet many people would like to know about it.

Particularly are we desirous of obtaining more society items, and we urge each club reporter to bring in reports of their regular meetings. Names make news, so be sure the society reports include the names of those present.

Any type of news, as long as it is printable, is wanted. So if you know of someone sick, or if you have visitors, or if you go somewhere, or just most anything about things which you would like to know if you didn't already know, let us know about them, and we'll be glad to print them.

### Nichols Buys Truck At 'Highbid' Sale

Walter Nichols of McLean was among the 338 successful purchasers of surplus motor vehicles at the first "highbid" sale held by War Assets Administration this week at Sheppard Field.

Nichols bought a Dodge weapons carrier truck for \$500. A total of 382 items were offered for sale to the highest bidder, of which 338 were sold in the two-day sale. Veterans paid a total of \$154,000 in cash for vehicles that originally cost the Government \$461,000.

All vehicles were offered on a "where is, as is" basis and were located at 10 army camps and air fields in West Texas. WAA officials considered this sale one of the most successful disposals of surplus vehicles to veterans.

### Library to Have Rummage Sale

A rummage sale will be held November 15 and 16 in the building just west of the American National Bank, it has been announced.

The sale of clothing for all members of the family will be sponsored by the McLean Public Library board. Proceeds will be used in buying reference books or the library.

## Thelma Burns United in Marriage To Felton Webb

Nuptial vows were solemnized recently for Thelma Burns, Boston, daughter of Mr. and Mrs. Wm. J. Burns, and Felton K. Webb, son of B. L. Webb, Gray County.

Rev. J. Ryan read the double-ring ceremony in St. Thomas Aquinas Church, Boston, Mass.

Attending her sister as matron of honor, Mrs. John Dorley wore a grey street dress with a corsage of pink roses. The groom was attended by Earl G. Burlingham, Springfield, Mass.

Given in marriage by her father, the bride was attired in an aqua street dress with black accessories and a corsage of gardenias and sweetheart roses.

Mrs. Burns, mother of the bride, wore a black and aqua ensemble with a gardenia corsage.

Following the ceremony, a reception honoring the bride and groom was held in the historical old "Toll House," in Whitman, Mass.

For the bridal trip to Gray County, the bride chose a green suit with brown accessories.

Mrs. Webb was graduated from Jamaica Plain High School and has served two and one-half years in the Marine Corps.

Mr. Webb attended Texas Tech before entering the Marine Corps. Since his discharge from service he has been engaged in ranching with his father near McLean where the couple plan to make their home.

## Betty Lou Roth Becomes Bride of Kenneth Bruton

In a candle-light ceremony Friday, November 8, at 8 o'clock Miss Betty Lou Roth, daughter of Mr. and Mrs. H. M. Roth of McLean, became the bride of Kenneth Lee Bruton, son of Mr. and Mrs. J. M. Bruton of Keller, Tex.

Rev. S. R. Jones, pastor of the church at Liberty, read the double ring ceremony before the altar with a background of baskets of various colored pom-pom chrysanthemums and lighted candles, which were lighted by a niece of the bride, Miss Eulamae Lively.

Before the ceremony, Mrs. Travis Stokes played several appropriate selections. Mrs. Mary Alice Elliott of Amarillo sang "Always." The traditional wedding march completed the musical background.

The bride given in marriage by her father, wore a light blue suit with brown accessories and carried a white Bible topped with white carnations. Miss Nadine Boyd, who wore a brown suit and a corsage of pink carnations, was bridesmaid. For something old the bride wore a hand-painted brooch belonging to the groom's mother.

The groom was attended by Tasso Pugh. Mrs. Tasso Pugh had charge of the bride's book. Vernon King was usher.

Mrs. H. M. Roth, mother of the bride, wore a black crepe dress with black accessories, and a red and white carnation corsage. The groom's mother, Mrs. J. M. Bruton, was dressed in black crepe with black accessories. Her corsage was of red and white carnations.

A reception was held at the bride's home, where a three-tiered wedding cake, topped by a miniature bride and groom, and punch were served to Mrs. Mary Alice Elliott, Vernon King, Mr. and Mrs. Floyd C. Lively, Mrs.

NEWS FROM

ALANREED

We wish to thank Mr. Campbell for the interest he has shown Alanreed and vicinity in soliciting our news items. We hope to help build a bigger and better paper for McLean and surrounding communities.

Alanreed, as most readers know, is a sister town of McLean, located 8 miles west on Highway 66. It is populated with the finest sort of people.

We mourn the passing of one of our pioneers, Mrs. S. R. Lofton on November 11. It is because of such courageous pioneers, as was Mrs. Lofton, that Alanreed was built.

The farmers and ranchers are elated that the snow due here Saturday night failed to materialize.

The farmers are gathering crops at a rapid speed and hope that they can say "Thirty" by Yuletide.

Mr. and Mrs. S. S. Carpenter and daughter visited Mr. and Mrs. S. B. Magee Sunday.

Mr. and Mrs. Ray Wilson of McLean visited in the Howard Miller home Sunday.

Mr. and Mrs. Vojne Griffin visited relatives over the week-end here.

Mr. and Mrs. Willis Harlan left Sunday for New Mexico to go deer hunting. Mrs. Harlan is a Humble employee and is located at Rockledge.

Chapel is held each Monday morning in the school auditorium at 9 o'clock. Visitors are always welcome.

LES

TALK

By LESTER

W. J. Foster was in Monday of last week to advertise for a sow which wandered off from his place six miles south of town, and during our conversation we got around to talking about the "old days." He said his wife was buying some flour the other day, and he told her to go ahead and get 100 pounds. She was wondering whether it would keep, and he said he told her he didn't see why it wouldn't, for he could remember when his dad used to buy it in 1000-pound amounts. Foster also said he plans to kill several hogs this year for his own use—thus assuring that he and his family have meat during the year. For some reason, or other, most people have got out of the habit of doing this sort of thing—I wonder why. The old saying, "what's good enough for grandpappy is good enough for me," is going out of style.

The first issue of the paper last week almost worked all of us down, and we are still somewhat torn up in our arrangements down here, but eventually we hope to get the place straightened up. Along that line, we appreciate the nice things you have said about our first issue, although of course, I am sure we made mistakes. A couple of them have been reported to us, and we are glad they were. Anytime we do anything wrong we welcome your criticism—for it may help us in avoiding it the next time. And besides, the more we hear about things we did wrong, the more we realize that someone is reading the paper fairly closely.

At Wheeler last Friday night Mr. and Mrs. Odell Mantooth and Mr. and Mrs. Don Alexander were sitting in front of us during part of the first half of the football game. The wind whipped up shortly after the game started however, and we moved down to a front row. It didn't take the Mantooths and the Alexanders long to move, either. During the second half, the stands were almost empty as most of the people either sat in their cars around the field or ran up and down the sidelines. Wait until someone invents a pocket stove—then football games late in the fall will really have good attendance.

George Colebank was among those who went duck hunting on Armistice Day, but he reported that all the saw were "mud ducks."

T. A. Landers, former editor and publisher of The News, made a good wisecrack one day just before the new management took over. Some woman was in the office to purchase something, and when she went to pay for it, she unzipped her purse and started joggling through it for her change. Landers said, "They ought to make purses with the zippers on the bottom—that's where every thing always is."

Mrs. R. S. Watkins of Rotar visited Sunday with Mrs. J. W. Story.

There will be a rummage sale November 15 and 16 sponsored by the McLean Public Library board. Good clothing for all members of the family will be sold at low prices. The sale will be held in the building west of the bank. Proceeds will help buy reference books for the library. 45-21

## Mrs. H. A. Longino Program Leader of WSCS Meet

The W. S. C. S. of the Methodist Church met Tuesday afternoon, with Mrs. H. A. Longino as the leader of the program.

The meeting brought two chapters of the study on India. Devotional was "The Great Physician." "Cooperation through Councils" was given by Mrs. Swanson, and "Clara Swain and Her Hospital" was given by Mrs. Frank Rodgers.

Attending the meeting were Mesdames H. A. Longino, P. R. Smith, Bob Black, R. N. Ashby, Lucy Rippy, J. E. Kirby, Joe Hindman, J. L. Andrews, Ellen Wilson, Frank Rodgers, S. J. Dyer, J. H. Wade, W. E. Bogan, and Mrs. Swanson.

## Baptist W. M. U. Meets in Home of Mrs. G. Colebank

The regular monthly meeting of the Baptist W. M. U. met Tuesday afternoon, with Mrs. George Colebank as the leader.

The Book of Mark was the topic of the lesson. Those attending were Mesdames Murray Boston, R. L. Appling, T. A. Langham, Leo Gibson, Homer Abbott, J. T. McCarty, C. J. Montgomery, Luther Petty, and W. R. Lawrence.

## Miss Grace Smith Becomes Bride of Jack C. Vinyard

The wedding of Miss Grace Smith, formerly of McLean, daughter of Mr. and Mrs. Walter Smith of Amarillo, to Jack C. Vinyard, son of Mrs. Gladys Vinyard of Amarillo, was solemnized Sunday, November 10, at 4 o'clock in the young people's chapel of the First Baptist Church in Amarillo.

The double-ring ceremony was read by Rev. R. D. Evans, with a background of cyodum ferns with arrangements of white chrysanthemums and candelabra with cathedral tapers. White iron scrolls and white silken rope extended across the altar.

John Josey at the piano played Victor Herbert's "Thine Alone," the traditional wedding march, Herbert's "Ah Sweet Mystery of Life," Berlin's "Always," and Bond's "I Love You Truly," sung by Mrs. Eleanor Atwood.

Thelma Huff and Wilma Sharp were bridesmaids, dressed in identical dresses of pink net and carrying arm bouquets of white chrysanthemums tied with blue ribbon. Mrs. Gene Vest was matron-of-honor, dressed in blue net fashioned like the bride's, and carrying an arm bouquet of white chrysanthemums tied with pink ribbon. Clea Sue Heasley was ring bearer, wearing a white net dress with pink roses in her hair.

George Kaether served as best man for the groom, and the ushers were Bo Smith, brother of the bride, and Gerald Vinyard, brother of the groom.

The bride was given in marriage by her father, Walter Smith. She wore a white satin bodice dress with a sweetheart neckline trimmed in pearls, with long sleeves and pointed cuffs over the hands, and with a finger tip veil with coronet of lace and tiny orange blossoms. For something old she wore a necklace worn by her

mother on her wedding day.

The bride's mother wore a black gabardine suit with matching accessories and a corsage of white gardenias. The bridegroom's mother wore a black crepe dress with matching accessories and a white gardenia corsage.

Immediately following the ceremony a reception was held at the home of the bride's parent Mrs. Cleo Heasley, aunt of the bride, and Mrs. D. C. Little presided at the bride's table, while Mrs. Glynn Franks served at the guest book.

Mrs. Vinyard graduated from McLean High School and attended Amarillo Junior College. She is employed with the Amarillo News-Globe.

The young couple will be at home at 2503 West 5th street in Amarillo.

Out-of-town guests attending the wedding were Mr. and Mrs. Cleo Heasley, Mrs. Hattie Heasley of McLean, Mr. and Mrs. James of Borger, Jimmie Goff, Henry Davis of Childress, Chief Bernard of Clarendon, and Ethel Graham of Dalhart.

## College-

(Continued from front page)  
 carried a brief case.

But this year is different. Herman L. Petty, a senior from McLean, is another former foot soldier. He was a medic with the 35th Infantry Division, a division which suffered over 20,000 casualties. Petty is just what people would dream a front line medic to be. He is a slight fellow who says he weighs "almost 120."

He is soft spoken, polite, and sincere, and has a particular way of getting to be your friend. He doesn't go looking for friends, but people discover him, like Ernie Pile discovered soldiers. St. Le was their hardest fight with the Gramecy Forest second.

The Gramecy Forest is second because it was here that Petty had his narrowest escape. They had to retreat, and he says he believes he was the last man in his division out because he wanted to be sure there weren't any wounded left. He said he was just five feet ahead of every shell thrown by the advanced Germans.

He is studying to be a medical missionary. About his rank? He said he was in the higher brackets of T-5.

R. L. Steward of Brownwood was a visitor last Friday with Mr. and Mrs. C. P. Callahan.

Mrs. P. F. Qualling and children spent the week-end in Iowa Park visiting with her mother, Mrs. M. E. Reid.

Mr. and Mrs. Fred Patterson are the parents of a son, born Monday, November 11. He weighed 6 pounds and 12 ounces.

Arthur Dwyer, Ted Glass, Vic Back, and Haskel Smith left last Friday to go deer hunting at Carona, N. M.

Mr. and Mrs. Vester Lee Smith and son of Pampa visited Monday with Mr. and Mrs. Gene Woodrome.

Bill Bentley of Clarendon is visiting this week with his brother, Fred Bentley.

## "Last Roundup" Before Thanksgiving

An abundant turkey crop for 1946 promises that the nation will observe Thanksgiving in the established tradition. But not every family will dine on a gobble chosen "on the hoof." Pretty Marys Pascoe, of Detroit, Mich., made sure of her selection by driving her new Chevrolet out to Shady Valley Farms, one of the largest turkey farms in the country, where Orville M. Feinlee assisted in the selection.

## Sharp Drop Seen For Farm Prices

A sharp but temporary drop in agricultural prices within the next few months is foreseen by Prof. E. L. McBride, head of the department of agricultural economics at Texas Technological College.

This temporary break will probably last only about a year, and will be followed by an economic adjustment period when prices will rise again for several years, McBride predicted, to be followed by a real and serious economic depression.

The national income has increased about 250 per cent since 1939, he pointed out, while agricultural production has increased only 25 per cent and industrial production has risen about 65 per cent. National buying power so far exceeds the number of goods available, that prices have risen entirely too high. The approaching trend back to normalcy will cause a sufficient price drop to be termed a market crash, McBride explained.

Mr. and Mrs. Boyd Meador and Mr. and Mrs. C. M. Herrington visited Sunday in Wheeler with Mrs. Meador's and Mrs. Herrington's mother, Mrs. J. E. Smith, and other relatives.

Mr. and Mrs. W. W. Graham of Amarillo were visitors Friday with Mr. and Mrs. M. G. Mullanax

S. P. Bearden and Ray Cook of Tulsa, and C. E. Wharton of Gladewater are here this week with Warren Petroleum company

Mrs. M. G. Mullanax and Mrs. W. W. Graham of Amarillo left Friday for a few days visit with Mr. and Mrs. A. W. Perry of Graham.

J. B. Hynal of McAlester, Okla. is a business visitor in McLean.

### DR. KELTON MAKES SCIENTIFIC STUDY OF BODY

The scientific world today recognizes the sun as the central source of life; its energy is conveyed to the world by light waves or vibrations generating an enormous quantity of electro magnetic energy. A normal body consists chiefly of four elements: oxygen, 72 per cent; hydrogen, 9.910 per cent; nitrogen, 25.1/10 per cent; and carbon, 13.4/10 per cent. These four dominating elements are in turn dominated by specific light waves or vibrations manifested by colors as follows: Oxygen by blue hydrogen by red, nitrogen by green, and carbon by yellow. Visible sunlight is composed of the rays named above, also of violet, indigo and orange; it is the vibrations of the latter three elements that the other three per cent of our bodies consists.

We have the ray of light or sun cure, also the electro robe for colds, headache, tonsillitis, arthritis, neuralgia, neuritis, rheumatism, lumbago, lung trouble, kidney disease, malaria, nervousness, sleeplessness, stiff neck, eczema, hay fever, catarrh, cold hands and feet, congestion and constipation, bad breathing and asthma, appendicitis, anemia, and diseases of children.

If you are not enjoying good health, come give Chiropractic Electro-Therapist a fair open-minded investigation and prove its value to you.
