Interest of Albert Cooper in the newspaper business has been sold to another partner, Arval Montgomery of Shamrock, and his brother, Arval Montgomery of Chilton. It was announced this week that Campbell, the third partner in the original group, had bought the paper from the Lefors family November 1, 1946, and will retain his interest and continue as editor and manager of the firm.

## Truman Re-Elected To U. S. Presidency

A surprised American public awakened Wednesday morning to learn that President Harry S. Truman was leading in his race for re-election as head man in the United States government. All polls and predictions had indicated that Thomas E. Dewey, governor of New York and Republican candidate for the presidency, would win in a sweeping vote. But those polls and predictions were apparently wrong.

## Two Rains During Past Week Bring Two Inches in Moisture

Two rains, which will be extremely beneficial to growers of winter cover crops, fell in the McLean area during the past week. The total for the two rains, one Thursday of last week, and the other Sunday night and Monday morning, was 2.02 inches of moisture, according to a report from Pete Fulbright, local weather observer. Total for the year is now 19.95 inches.

The first rain came Thursday morning of last week, when .63 of an inch fell. Then Sunday afternoon at about 5:30 o'clock the second rain started, and continued intermittently until about Monday noon. During the late Sunday afternoon and that night 1.33 inches of moisture fell, and another shower Monday morning brought .06 of an inch.

## No Test Yet On Brown No. 1 North of Town

No railroad commission test on the R. A. Brown No. 1, located about four miles north of McLean, had been made by Wednesday, it was learned by The News. In an unofficial test last week, it was reported that the well pumped about 44 barrels overnight—in a period of about 12 hours. Wednesday, workers were to pull the pump and re-set it, and it was expected that this would be completed late in the day.

## Tigers Dropped To 12th in Weekly Football Rankings

The Tiger grid team, as a result of their loss to the oft-beaten Memphis Cyclone last Friday, were dropped from 9th to 12th place in the weekly rating of Panhandle and South Plains teams by Frank A. Godsoe Jr., Amarillo News sports writer. Levelland, which shared the top spot last week with Phillips, dropped to 4th place as a result of their upset loss to Post, and the latter team was listed by Godsoe as tying with the Blackhaws.

## Tigers to Play Irish at Shamrock In Important District 2-A Game

### Bonnie Willis Crowned Queen Of Harvest in Carnival Climax

Even Bonnie Willis didn't know until her escort, W. A. Bruner, asked her to be seated in the queen's throne and be crowned Harvest Queen of 1948. That was how well the outcome of the annual Harvest Queen race of McLean schools was kept secret until the last moment. That last moment was the climax of the queen race and annual Halloween carnival.

### Griffith, Haynes Will Not Play Due to Injuries

The big football game of the year for the McLean Tigers—that with the Shamrock Irish—comes Friday night, but the prospects of bringing home the bacon were at a low ebb early this week. The game will be played on the Shamrock field, beginning at 7:30 o'clock Friday night. It will be a District 2-A game, and Shamrock must win to keep alive a chance of tying for the district crown.

### County to Send R. I. Check for Right-of-Way

A check from Gray County to the Rock Island railway company in payment for the right-of-way through the railroad land in McLean is to be sent to the company in the near future, Earnest Beck, commissioner, said this week. Beck was informed by County Judge Sherman White that the proceeds from the sale of right-of-way bonds have been received and that the railroad would be sent their \$3,000 check for right-of-way and damages in the near future. The payment was to be made immediately following the next meeting of the commissioners court, White informed Beck.

### Early-Day Bank Building Gone, Not Forgotten

About 40 or 45 years ago, a new bank opened in McLean—in a last building. Last week-end that building, no longer an asset to the town, was torn down amidst clatters and bangs of hammers and a cloud of dust resulting when the structure was being dismantled. The building, located between the Brooks Dry Goods store and the office of W. E. Green, justice of the peace, housed the old original Citizens Bank when it was first built, according to old-timers. This bank later was rejuvenated and moved to the building now housing the offices of the Warren Oil Corporation at the corner of First and Main streets.

## Off-Beaten Memphis Upsets McLean Tigers 13 to 6

The visitors thoroughly outplayed the Tigers, not only in statistics and score, but in every department—running, passing, punting, and defending. That the Cyclone can put up a goal line stand was evidenced Friday night when the Tigers worked down the field from their own 35-yard line, only to lose on downs on the Memphis 10.

It was a heart-breaking loss for the Tigers, for it virtually eliminated them from any chance at the District 2-A crown. With two losses in 2-A play on their record, only a bare mathematical chance remains, and that chance isn't likely to be forthcoming. Memphis had already lost to Shamrock, Lefors, and Wellington, and had no chance at the crown, but that didn't matter to the visitors.

McLean managed only one first down in the first half to 7 for Memphis. But the locals made their only score in that half. Johnny Haynes was injured near the end of the game, but reports Saturday were that he suffered only a dislocated arm at the elbow. X-rays taken before and after showed that the arm was put back in place.

Here's the way the scoring took place. Leroy Green, forced to punt, booted in from the Memphis 29 to the McLean 35. Haynes gathered in the punt, circled to the right and skipped merrily (after dodging several would-be tacklers) the 65 yards to score. Griffith's attempt to run over the extra point failed. The half ended McLean 6, Memphis 0.

Work on the foundation for the new building is already underway, and it should be completed within a few weeks. Oliver Cromwell, who ruled England between 1649 and 1658, was a commoner.

The Cyclone controlled not only the play, but had charge of the ball most of the time. They had a total of 64 plays from scrimmage, compared to 35 for McLean. This total includes runs, passes, and punts.

Little Bobby Crooks was really the outstanding star of the game, running 20 times for a net gain of 66 yards. Andy Gardenhire carried 19 times for a net of 56; Leroy Green 5 times for a one-yard net; Charlie Morrison 11 times for 41 yards; Donald Corley one time for 32 yards; and Don Rasco once for a loss of 9 yards.

For McLean, Johnny Griffith carried 11 times for a net of 53 yards, had one 30-yard run nullified, and another 51-yard run nullified. L. M. Watson carried 12 times for a net of 31 yards; Johnny Haynes 3 times for 12 yards (not counting his brilliant 65-yard punt return for McLean's only score); and Jimmie Newton once for three yards.

Green passed to Rasco, who lateraled to Crook, who took off down the right side line to the McLean 11. Three plays later the Cyclone had the ball on the 1-yard line for a first down. Gardenhire made no gain, but the play was called back and Memphis penalized to the 6 for off sides. Morrison then went through the right side of the line to the 1-foot line. The Tigers held Gardenhire for no gain on the next play. Then Crooks crashed over center for the tally. Gardenhire went through the right side for the extra point, giving Memphis a 7-6 lead.

The Tigers then made their best drive of the evening. Green kicked off to Bruner on the 35, (Continued on back page)

YOUNG COWHANDS at Boy's Ranch, Amarillo are bursting with pride over their newest building—the non-denominational chapel. Jack Dempsey, former world champion heavyweight boxer and a true friend of boys, recently visited the ranch and a group of the boys took him to the new chapel, moved to the ranch from Dalhart air base. The building was given two coats of paint by members of the Amarillo Junior Chamber of Commerce. Non-denominational services are conducted every Sunday in the new chapel. Since there is more to be done in this town and more to do it with than ever before in its history, any man (and man embraces woman) with sense enough to pour (sweat) out of a boat with directions on the keel can keep busy at some constructive enterprise.

We have too few Josias and Calebs, and too many of the other ten. The whole world admires a man that does something or dies trying; for instance, the brave men at Thermopylae and the Alamo. It is far better to die for a cause than to live and sit on the stool of do-nothing.

I deem it wise whatever befall I feel it when I sorrow most. 'Tis better to have tried and lost Than never to have tried at all.

Dear Friends:

Enclosed you will find the money for which please renew our paper for one year.

We only intended to stay down here 2 or 3 months, when we came down last January. But Mr. Morris has a good job as a foreman with a construction company, so we will probably be down here several more months. But we plan to go home in the spring, as we don't care to spend another summer in the valley. The winters are fine but the summers are too long. So we are looking forward to going back to McLean in the not too distant future. And I want to tell you we surely have enjoyed getting the home town paper every week.

I wish you would please send it to the following address, as it is more convenient for us at present.

Sincerely,

### 100 THINGS

THIS IS THE LAST of a series of articles dealing with questions and answers from a booklet, "100 Things You Should Know About Communism in the U. S. A." The booklet was prepared by the House Committee on Un-American Activities, and The News has published with this the final in the series, all of the questions and answers to enlighten our readers on the evils which accompany Communism. Here are the last questions and answers:

95. What is Communism's greatest strength?  
Its secret appeal to the lust for power. Some people have a natural urge to dominate others in all things. Communism invites them to try. The money, hard work, conspiracy, and violence that go into Communism, add up to a powerful force moving in a straight line toward control of the world.

96. What is Communism's greatest weakness?  
The very thing that gives it strength. For just as some people have a natural lust to dominate everybody else, so do most people have a natural determination to be free. Communism can dominate only by force. Communism can be stopped by driving every Communist out of the place where he can capture power.

97. What is treason?  
Our Constitution says that "Treason against the United States, shall consist only in levying War against them or in adhering to their Enemies, giving them Aid and Comfort. No Person shall be convicted of Treason unless on the Testimony of two Witnesses to the same overt Act, or on Confession in open Court."

98. Are the Communists committing treason today?  
The Soviet Union has launched what has been called a "cold war" on the United States. Therefore, Communists are engaged in what might be called "Cold War Treason." The Mundt-Nixon bill is intended to fight this "cold war treason." If our war with Communism should ever change from "cold" to "hot" we can expect the Communists of the United States to fight against the flag of this country openly.

99. What should I do about all this?  
Know the facts. Stay on the alert. Work as hard against the Communists as they work against you.

100. Where can I get information about Communism regularly?  
Write the House Committee on Un-American Activities, Room 228, Old House Office Building, Washington, D. C., for a selected list of official publications.

### Laundry Solves Homemaker's Puzzle

JOLIET, ILL.—Finding 16 sheets damaged like the one held by an American Institute of Laundering technician, above, a Charleston, S. C. woman asked her laundryman for his opinion on the cause. The sheets had been stored in a summer cottage during the winter. Sent by the puzzled laundryman to textile technicians at the Institute of Laundering here, experts found some of the "designers" still at work. One of the pests—a termite—is shown in enlarged size in the inset. Termites designed the unusual pattern above as they worked through every fold of fabric stacked in a linen closet.

### LES TALK BY LESTER

The loss to Memphis put McLean out of the running for the District 2-A title. I have racked my brain trying to figure out a mathematical chance for us to still have a chance, but I can't get it through. The only way it could have happened was for Clarendon to beat Lefors Friday night, but they didn't. We are now counted out. Shamrock, Lefors, and Wellington are the only teams remaining with a chance at the crown. Wellington and Lefors have the best chance—no district losses, and each with two games to go. But they play one another for one of those games. Lefors has already made it by Shamrock, but must meet us. Wellington has made it by us, but must meet Shamrock. There's just no telling how it will come out.

I have no comment to make on the Memphis-McLean game, other than the fact that we got outplayed and outscored, and defeated. My hope is that we can still beat Shamrock and Lefors. If we can, we will still have had a good season. I feel like we will beat that bunch of Irishmen from Shamrock. Lefors may give us much trouble, but we are capable of beating them also.

It's peculiar that nobody in Shamrock agrees with me on my conclusion that we will beat them.

A story on the front page tells you that I have a new partner in this business. Albert Cooper has sold his interest in the paper to our third partner, Arval Montgomery, and his brother, Herschel Montgomery. The new owners, in other words, will be me, Arval, and Herschel. Each of us will own an equal share—one-third. I have owned one-third since we originally bought the paper from T. A. Landers.

I have known both Arval and Herschel for a number of years. Most of you know that Arval is part owner of the Shamrock Texan. He is designated as the editor of that paper, and has worked there for many years.

Herschel, at the present time, is engaged in cotton buying at Chillicothe. He formerly lived at Memphis, my old home town, and owned a part of the Memphis Democrat. On January 1 of this year, he sold his interest in the Memphis paper, attended cotton school, and began buying cotton for a firm in Quanah this fall. His buying station is in Chillicothe. Herschel is an experienced printer and linotype operator, and was engaged in the newspaper business practically all of his life prior to January 1 of this year. He will not be an active partner in the business, but plans to continue in the cotton business. Arval will, of course, continue to edit the Shamrock paper.

It would be nice if all our readers could meet both Arval and Herschel. They are both very nice fellows. They are the sons of Mr. and Mrs. J. A. Montgomery, long-time residents of the Shamrock area. They have a brother, Claude Montgomery, who is a public accountant, and a sister, Mrs. Pool, both of whom live in Shamrock. They have another brother, Harry, who formerly was in charge of all Associated Press work in New Mexico. I think Harry is now executive editor of a couple of papers in Phoenix, Ariz. They may have other brothers and sisters whom I have not met or heard them speak of.

I am telling you this so that you will be acquainted—at least on paper—with the part owners of your weekly paper. Both of my partners are experienced newspaper men. The former partnership of Arval, Cooper, and myself was very beneficial to me, since Arval and Cooper lent excellent advice on occasions as to the betterment of the paper. Arval and Herschel will not bother me any more in future on the operations and policies of the paper than Arval and Cooper have during the past two years. But both will be able to give me needed advice on occasion.

Our past partnership was very agreeable to all parties, which helps in giving you a better paper, and the new partnership will continue to be the same.

We will attempt to give the best paper which our combined knowledge of the business will allow. During the two years we

have been in McLean, the circulation has doubled. We have been well pleased with the response of local merchants to buying our advertising space, and, without bragging, we feel that they have received their money's worth. They will continue to receive this dollar value for their advertising money spent, and we hope that they see fit to continue advertising. We also hope that some of the present non-advertisers will see their way clear to advertise. Without advertising revenue, we cannot exist as a newspaper, and without a newspaper, it's doubtful that McLean would exist for many years.

Mr. and Mrs. Wilson of Borger, Mrs. Minnie Moore of Waco, and Mr. and Mrs. Reuel Shell of Waxahachie visited with their son and brother, Walter Foster and wife of Kellerville, and various friends in McLean last week. Mrs. Moore, the former Minnie Foster, after her marriage to Rev. J. W. Moore, went to China as a Baptist missionary. His health having failed, they returned to the states, where he died. She then returned to China, where she remained until fighting began in the province where she was located.

Mr. and Mrs. E. J. Windom Sr. and daughter Marsalee, and Mr. and Mrs. E. J. Windom Jr. and family attended the funeral services in Spearman Sunday of Mr. Windom's cousin, Mrs. Louise Howerton.

Dr. Joe Beasley Jr. of San Antonio visited here recently in the home of his mother, Mrs. Joe Beasley, and brother, Guy Beasley. Mrs. Beasley and Mrs. J. T. Roby accompanied him to Houston where they received medical treatment. They returned to McLean Wednesday of last week.

Mrs. Carl Jones visited last week in the home of Mr. and Mrs. L. E. Cobb in Estelina.

**VEAL ROLL**

They'll sing your praises loud and long when you serve veal in this unusual and palate-pleasing fashion. Not only does it taste good, but it looks good, too. Try this soon.

- 1 shoulder of veal salt, pepper
- 1 bunch watercress
- 1 tablespoon minced parsley
- 1 onion, finely minced
- dash red pepper
- 1/2 teaspoon celery salt
- 1 qt. boiling water
- 1/2 cup vinegar
- 1 teaspoon pickling spices
- 1 teaspoon salt
- 2 tbs. fortified margarine
- 1/2 cup bread crumbs

Have bones removed from meat at market (but be sure to carry them home). Spread meat open and flat. Season with salt and pepper. Chop watercress rather fine. Add minced parsley, onion, red pepper, celery salt. Spread this filling over the cut side of the meat. Roll (like a jelly roll), folding in the "flying" ends of meat. Tie into firm roll. Cover with boiling water; add vinegar, salt, pickling spices, meat bones. Simmer, covered, 2 hours. Remove meat roll from water. Place in baking pan. Spread meat with the margarine, cover with the bread crumbs and season with salt and pepper. Bake in moderate oven (350° F.) about 45 minutes, until crumbs are browned. Remove strings before serving. Serve hot or cold. Water in which meat was cooked may be used for a sauce to be served with hot meat, or, if meat is to be served cold, use as a base for soup.

**Sauce from Broth**  
To serve with hot meat. Brown 4 tablespoons flour in frying pan (without fat). Add 2 tablespoons margarine after flour is brown. Mix to smoothness. Add hot broth; stir over heat until creamy. If desired, add a teaspoon of sugar to make a sweet or sour sauce.

J. F. Davenport of Denver, Colo., was in McLean recently, during the illness of his father, J. D. Davenport.

son, the Democratic nominee, had piled up at least a 2-1 majority over Jack Porter, the Republican candidate.

Locally, in Precincts 5 and 17, the voting was as follows: Precinct 5: Truman and his running mate, Alben Barkley, 172 (Truman) and 166 (Barkley); Dewey and Warren, each 52. For senator: Johnson 156, Porter 69; for 18th district congressman, Eugene Worley 197, Evetts Haley 36. Other votes in the contests were overwhelmingly in favor of the Democrats.

Precinct 17: Truman and Barkley, 194 each; Dewey and Warren, 55. For senator, Johnson 181, Porter 65; for congressman, Worley 221, Haley 28.

It might be interesting to note that Henry Wallace, the Progressive party candidate, did not receive a single vote in either of the two local precincts. Thurmond and Fielding Wright, the States Righters, received 16 votes each in Precinct 5 and 7 each in Precinct 17. The Prohibition party candidates, Claude A. Watson and Dale H. Learn, received 4 votes in Precinct 5 and 1 in Precinct 17. Norman Thomas, Socialist candidate, did not garner any votes in either precinct.

There was some scattered opposition to the Democratic nominees for other state offices, with the Republicans polling a strength of about 40 to 45 votes in Precinct 5, and 25 to 30 in Precinct 17.

Local voters approved all eight amendments to the state constitution. However, in Precinct 17 the provision for judges' retirement pay was defeated 59 to 54. The same amendment in Precinct 5 barely won 40 to 34. Others carried by sizeable majorities.

and he was unable to make any return yardage. Four successive first downs were made, with Griffith, Watson, and Haynes doing the carrying, putting the ball on the Memphis 12-yard stripe for a first down. Watson went to the 8, and then to the 6. Griffith was stopped two times for no gain, and the ball went over.

In the fourth quarter, Watson punted to Green on the Memphis 44, and he returned to the McLean 44. Three plays later the Cyclone was on the McLean 26 for a first down, the longest gain being made on a pass from Green to Crooks. Morrison lost one, then made two, but a penalty on Memphis for backfield in motion put the ball on the McLean 32. At that point, Donald Corley took a hand-off and raced around left end to score. Gardenhire's run-over for the extra point failed, and the score was 13-6.

Later in the fourth, Green intercepted two desperation passes by Griffith, and at one time the Cyclone had the ball down to the 4-yard line. But a penalty set it back to the 21.

The game ended with no more threats of scores from either team.

Mrs. R. L. McDonald, Mrs. Homer Abbott, Mrs. George Colebank, and Mrs. R. L. Appling attended a tea in Shamrock Wednesday afternoon.

## So This is HOUSEKEEPING

As it must to all newlyweds, came the time in the life of the Stuarts when the budget first reared its homely head. We worked out an arrangement which included a set sum for running the house and (the best part) a personal allowance for me. For a while everything went fine until house frantically began borrowing from allowance. I discovered that food was the bugaboo in the scheme of things.

With my ears out like antennae, I went back to mother and asked a repeat performance of all the good advice she had given me. She stressed two pearls of wisdom: first, food economy starts with wise buying and goes through storing, and second, getting the best quality usually means getting the most for your money.

One smart, important step is to choose foods that come well packaged and thus protected from any contamination. That means savings. Take butter, for instance. The best butter is packed in paraffined cartons which keep out odors of other foods and protect the product from the damaging effects of light and air both in the store and at home. Recent tests will prove what I mean about protective paraffin containers.

Two batches of top quality 93 score butter were compared. One batch was protected only by vegetable parchment. The second batch was packed in paraffin, plus a paraffined carton. At the end of five days the butter in the paraffin—without the carton—had dropped its score to 89.3 while the cartoned butter went down only half a point to 92.5! That kind of protection against loss of quality and flavor adds up to wise buying in my book of figures. So I not only buy butter packed in a paraffined carton—I keep it in the carton till it's all used up—and it tastes better right to the last speck!

I've a few more economy tricks like the paraffin carton guide up my sleeve and it begins to look as if I'll be able to call my allowance my very own!

Mrs. W. S. Lentz and Mrs. Joe Goodwin were visitors Monday in Amarillo.
