No. 39.

## Businesses Are Members of Association

Only 52 memberships for the U. S. Highway 66 Association, Texas Unit, have been brought in to date. Lester Campbell, director, said this week, however, the sale of memberships in the past several weeks.

The 52 memberships, at \$2.50 each, have brought in \$130 toward the quota of \$150. The association represents the share of the state association in the national fund derived from the sale of memberships in towns in Texas which Highway 66 passes.

As the local director stated, the association is designed primarily to publicize the highway, thereby inducing more tourists to go on Highway 66 than on other highways.

At the present time, the towns on Highway 66 are working hard, pending a great deal of advertising their thoroughfares. Every tourist who has passed the highway, thereby inducing more people to go on Highway 66 than on other highways.

## Six Bales of Cotton Ginned; Feed Bought

Only six bales of cotton had been ginned at the two gins in McLean by Wednesday morning, but a steady and heavier inflow is expected to begin the latter part of this week and early next week.

The two ginners in McLean, S. R. Jones at the McLean G.O. and L. H. Earthman of the Paymaster Gin, stated that pulling is now well underway on many farms. If the weather remains clear and warm, the cotton is expected to open rapidly, and harvesting will soon be in full swing.

All bales ginned so far have graded good, the ginners said. Both the grade and staple has been good, and the crop in general will probably grade out high. Lots of cotton will begin to move next week—if the weather continues fair, of course—and the

leaving the U. S. Mrs. Boyett said that she and others had been told to have CARE packages sent to them in Europe, in case there was not sufficient food. However, since they were able to get all the food they desired, Mrs. Boyett stated that she gave part of her CARE food to a waitress in Salisbury. The waitress was overcome with gratitude, and said, "All Americans are so good."

"In a way, we couldn't blame some of the people for being resentful, even though we felt that they brought it on themselves. The sight of bombed cities, with all their buildings and homes destroyed, is sorrowful to behold," Mrs. Boyett said.

Among other places visited was Paris, France. Paris has lost much of its pre-war glamor, Mrs. Boyett said, but it still is different from the U. S. She stated that water is hard to get in the Paris cafes—they want to sell either wine or beer. "However," she said, "we may not have been able to ask for it correctly."

Man's chief merit consists in resisting the impulses of his nature—Samuel Johnson.

In Venice the Bridge of Sighs connects the palace with the prisons of the city.

The Phillips "Perfectionists" alias the Blackhawks forgot all about that publicity they received

## Shamrock Lions Hold Charter Night Program

There is nothing wrong with this town, this nation, or this world that a dose of Lionism will not cure. Lions District Governor C. A. Cryer told a group of about 150 men and women Tuesday night when the new Shamrock Lions Club held their charter night program. The affair was held in the new American Legion Hall at Shamrock.

Cryer charged the new club with working not only for the town and the area, but for the nation as a whole. He pointed out the dangers of Communism, stressing that a Lions Club could not be formed in Russia, and urged the club to work with others throughout the world in combating the evils of Communism to preserve the "American way of life."

Even a small club in a small town has an integral part in the fight against Communism, Cryer said. And he added that the harder that fight, or the harder the club's fight for anything good, then the harder the club members must attack the problem.

The charter night program was well attended, with representatives from Erick, Okla., led by M. W. Standish, formerly a member of the McLean club, and Pampa, Clarendon, Hedley, McLean, and Borger.

Largest delegation came from McLean, the Shamrock club being sponsored in its organization by the local Lions. Attending from McLean were Mr. and Mrs. J. D. Coleman, Mr. and Mrs. Carl Jones, Mr. and Mrs. Clifford Allison, Mr. and Mrs. R. B. Sheddick, Mr. and Mrs. Harris King, Mr. and Mrs. Emory Crockett, Mr. and Mrs. J. M. Payne, Mr. and Mrs. W. C. Meharg, Mr. and Mrs. Lester Campbell, Mr. and Mrs. D. A. Davis, Mr. and Mrs. Boyd Meador, Dr. and Mrs. J. H. Kritzler, Rev. Clayton Day, Norma Watson, Jane Williams, Darlene Shadid, Marsalee Windom, and Barbara Beck.

Dr. Kritzler, president of the McLean club, presided at the meeting. Group singing was led by Rev. Day, followed by the pledge to the flag led by Lester Campbell. Rev. Day gave the invocation.

After the meal, Dr. Kritzler introduced Deputy District Governor Boyd Meador, who in turn had each visiting club recognized. Weldon Thomas, secretary of the new Shamrock club, introduced the charter members of the organization.

The girls quartet of Misses Watson, Williams, Shadid and Windom sang two numbers, accompanied by the piano by Miss Beck.

Governor Cryer then made his address and presented the charter to W. L. "Scotty" Scott, special representative of Lions International, District 2T-1. Scott accepted the charter in behalf of W. B. Smith, new president of the Shamrock club, since Smith was ill with influenza and unable to attend. Then Dr. Kritzler presented the Shamrock club with a gong and gavel in behalf of the McLean club.

## McLean to Meet Broncs Friday In First District 2-A Grid Game

Clarendon to Be Favored, But Not by Tigers

Despite the hard fight at Phillips last week-end, the Tigers received no serious injuries, and will be barring practice injuries, in good shape to meet the Broncs. The dopsters are favoring the Clarendon lads, who have won two and tied one this season, but the McLean Tigers feel a victory over this first 2-A opponent is in the offing.

Clarendon's record thus far is good. The Broncs started the season slowly by playing to a 0-0 tie with the Claude Mustangs. The next week the Broncs jumped back with a 19-0 win over Chillicothe, and last week upset the Perryton Rangers 20-13. Perryton, however, had already suffered two losses.

The McLean Tiger record is not good this season. The locals started off by whipping the Canadian Wildcats 18-0, but the following week lost by the same score to Hereford. Then came a 19-7 victory over the Panhandle Panthers, followed by the 47-0 whipping by Phillips. Both Canadian and Panhandle are Class B teams, while Hereford and Phillips are Class A.

Coaches Al Duncan and Don Leach have been working on the errors detected in the hard-fought battle with the Blackhawks, in an effort to have the Tigers ready in all respects to down Clarendon.

The Broncs, however, will be seeking revenge over the Tigers, for the McLean gridsters have won over the Broncs for the past two seasons. The Clarendon team is being rated highly by the sports writers this season for the first time in several years, and the game is expected to be bitterly fought by both teams.

McLean started the season with a team composed mostly of in-experienced players, many of whom have already improved. Both Bob Bruner and Benny Cooper in the backfield are showing much improvement, thereby aiding the power-laden L. M. Watson in the running and passing departments. Showing much improvement in the line are big Tom Roby, David McPherson, and Carl Cox. Most experienced line-man is Johnny Vineyard, who has displayed already fine form in every game this season.

Wheat and oats advanced slightly, as milo dropped 16 cents a hundred pounds and other grains lost 1 to 3 cents a bushel. No. 2 yellow milo closed Monday at \$2.05 to \$2.10, basis Texas common points. No. 1 hard wheat brought \$2.33 to \$2.39.

Pork loins dropped \$1 to \$12 for the week, and most other meats 1 to \$4.

## T. S. Kiser Dies At Fish Home In Alanreed

Thomas Sanford Kiser, 90 years of age, died at the home of a daughter, Mrs. J. D. Fish, at Alanreed Tuesday morning. He had been seriously ill for the past two months.

Funeral services were held Wednesday afternoon at Temple, Okla., with burial in the cemetery there.

Kiser's home was in Wanette, Okla. He had lived in that area for the past 45 years. He was a retired farmer, and had been staying with Mrs. Fish for about one month before his death.

Survivors include the wife; four sons, S. B. Kiser of Kellerville, W. L. Kiser of Temple, Hoyt Kiser of Waurika, Okla., and Billy Kiser of Wanette; and three daughters, Mrs. Fish, Mrs. Walter Wootch of Shawnee, Okla., and Mrs. Elmer Cornelison of Wanette.

## BIRTHDAYS

Oct. 2—Mrs. J. B. Pettit, W. S. Lentz, Edward Cadra, Margarte Mertil, Murray Boston.  
Oct. 3—Kenneth B. Everett, Wayne Back.  
Oct. 4—Johnnie Mertil, Mrs. J. E. Cooke, Kelly Lee.  
Oct. 5—Mrs. T. H. Andrews, Mrs. C. J. Magee, Charlie Bogan, Gary Nicholson, Mrs. Orville Cunningham.  
Oct. 6—Mrs. Paris Hess, LaRue Pettit, Mrs. Roger Powers, Ruth Cooper, Forrest Switzer, Mrs. G. D. Nolan.  
Oct. 7—N. A. Barker, Monroe Combs, Mrs. James Massay, Mrs. Jack Mercer.  
Oct. 8—Bonnie Willis, Mrs. E. A. Dennis.

## Pampan Leads Revival Here

Rev. J. B. Caldwell of Pampa is conducting a revival at the Pentecostal Holiness Church, with special music and singing each night.

Everyone is invited to attend, it was announced.

## Donley Fair This Week-End

The Donley County Fair, termed "The Biggest Little Fair in the World," will be held at Clarendon Friday and Saturday.

## Dalhart, Phillips Rated Top Teams By Amarillo Writer

The Dalhart Wolves and the Phillips Blackhawks, by virtue of their victories over Shamrock and McLean last Friday, have been placed No. 1 in this week's ratings of Panhandle and South Plains grid teams by Frank A. Godsoe, Amarillo News writer.

The Memphis Cyclone, holding top spot for the past three weeks, was rated as No. 2 by Godsoe.

Here are Godsoe's rankings this week:  
1. Dalhart Wolves; 2. Phillips Blackhawks; 3. Memphis Cyclone; 4. Littlefield Wildcats; 5. Lockney Longhorns; 6. Wellington Skyrockets; 7. Lefors Pirates; 8. Clarendon Broncs; 9. Abernathy Antelopes; 10. Canyon Eagles; 11. Ralls Jackrabbits; 12. Muleshoe Mules; 13. Levelland Lobos; 14. Shamrock Irish; 15. Dumas Demons. Godsoe ranked Dalhart and Phillips as tied for first place, and Lockney and Floydada as tied for fifth.

## Top O' Texas Fair in Pampa Gets Underway

The Top o' Texas fair in Pampa got underway Tuesday night with the choosing of the queen and princess of the fair, and festivities will continue through Saturday.

Chosen as queen by the judges from West Texas State College in Canyon was Alberta Joyce Bernson of Canadian, sponsored by the chamber of commerce of that city. Named as princess was Peggy Hukill of Pampa. Glenda Joyce Smith represented McLean in the queen contest, and was sponsored by the McLean Lions Club.

Miss Bernson will receive an all-expense paid trip to Kansas City in October, where she will compete for the American Royal queen crown. She also received a wrist watch in the contest, as did Miss Hukill.

Fair gates opened Wednesday afternoon at 1 o'clock, and activities are planned each evening and night through Saturday.

In addition to the various entertainment portions of the fair, many exhibits—agricultural, floral, photography, etc.—will be on display.

## Local Church Holds Revival

A revival is now in progress at the Assembly of God Church in McLean. Rev. L. R. Green, pastor, has announced.

## Weekly Swings

Many southwest farm products sold lower during the past week, while others held steady or showed gains, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Wheat and oats advanced slightly, as milo dropped 16 cents a hundred pounds and other grains lost 1 to 3 cents a bushel. No. 2 yellow milo closed Monday at \$2.05 to \$2.10, basis Texas common points. No. 1 hard wheat brought \$2.33 to \$2.39.

Pork loins dropped \$1 to \$12 for the week, and most other meats 1 to \$4.

Live-stock makretings continued about as heavy last week as the week before.

Monday's prices on cattle and calves were steady to \$1 higher than a week earlier at Texas and Oklahoma markets, except that all calves lost 50 cents to \$1 at San Antonio and stocker calves dropped that amount at Oklahoma City. Cattle and calves registered losses ranging from 50 cents to \$1.50 at Denver.

Butcher hogs and sows lost (Continued on back page)

## Blackhawks Romp to 47-0 Victory Over McLean

In Brief:	
First Downs	6-15
Yards Gained	67-347
Rushing	67-347
Yards Lost	26-38
Yards Gained	68-72
Passing	68-72
Net Yards Gained	139-361
Passes Comp'd	8 of 19.3 of 7
Passes Incep'd by	0-3
Pen. Rec'd	3 for 12.8 for 60
Fumbles	5-4
Punt Aver.	35-24
Rec. Oppon. Fumb.	1-2

Scoring: Phillips 47 (Eldridge 9, Moore 6, Cantrell 18, Waldrep 6, Dwiggins 1, Wells 6, Hodges 1); McLean 0.

last week about having a weak defense, held the McLean Tigers to a net of only 41 yards rushing on the ground, and ran and passed to a 47-0 victory over the Thiers at Phillips last Friday night.

The Hawks, who know how to block and tackle probably better than any other Class A team in the Panhandle—or even the state—performed some of the best blocking tactics ever witnessed by local fans to give plenty of running way to the trio of fast nines, Melvin Eldridge, Arthur Cantrell and Tommy Moore. Then Beaver, operating as the man under on the T formation, tossed a couple of beautiful lobbing passes to Cantrell for two of the seven markers the Hawks ran up. The first score came only four plays after Phillips got the ball in the opening quarter. The

Hawks made another in the first period, two more in the second, one in the third, and two in the fourth.

Coach Chesty Walker during the number of reserves played the second half, using his first string backs only sparingly. Cantrell d' start the second half, taking the kick-off from L. M. Watson's toe on his own 5-yard line, starting up midfield, cutting to the fifth and racing 95 yards to the touchdown. It wasn't long after that that Coach Walker began using reserves liberally.

The Tigers were simply never able to get underway. They were able to net only 11 yards rushing in the first half, and to complete only one short pass for two yards. Watson got off one beautiful 51-yard punt, with the ball going out of bounds on the nine, in the second period. But the Hawks started from that point

and marched on down the field for another touchdown.

Watson did most of the ball carrying for McLean, but was able to net only 20 yards in 15 tries. Bob Bruner carried 6 times, and netted 16 yards. Benny Cooper carried once for 7 yards, and Charles Bailey lost 2 on his only try.

A second quarter passing attack on the part of the Tigers gave the McLean lads most of the yardage they made. Watson made the passes to Cooper, Bailey, Shelton, and Cox, completing 7 of 13 in the second half.

Standout in the line was Johnny Vineyard, who time and time again crashed through the Phillips forward wall. Vineyard, wiry guard, played every down to win. Showing up much, "butcher" this week was Vic Shelton, end, who made several tackles, snagged a pass or two, and in general

proved he can play the game with great ability. Tom Roby, big tackle, played his best game for this season.

The Hawks displayed some of the best running fans will see this season. Gains of 15 to 50 yards were common to the Phillips lads, and once through the forward wall of the McLean team, the Hawks couldn't be caught.

How They Fared  
Week's Games:  
Phillips 47, \* McLean 0.  
Dalhart 27, \* Shamrock 7.  
Memphis 13, Dumas 7.

## Phillips Downs Tigers--

(Continued from page 1)

kicked the extra point to make it 7-0.

Not long after that, Watson was again forced to punt, with the ball falling dead on the Phillips 36. On the second play, Beaver tossed a pass to Cantrell to the McLean 34. Eldridge went to the 20, and Cantrell to the 15, but a penalty for backfield-in-motion moved the ball back to the 25. From there Moore circled right end and went over. Eldridge converted to make it 14-0.

In the second quarter, Watson punted out on the Phillips 9. Three plays later, the ball had been worked to the McLean 49. A series of three more plays netted the Hawks only 5 yards, but then Eldridge got loose to the McLean 9, finally being hauled down by Cooper. However, the ball was called back and the Hawks again penalized for backfield-in-motion to the 42. Moore went to the 32, and Cantrell to the 31. Then Beaver tossed a looping pass to Cantrell who went over untouched. Eldridge again converted to make the score 21-0.

Still in the second quarter, the Hawks took over on the McLean 17, when Moore intercepted Watson's pass on the 45 and raced back to the 17. Eldridge picked up 1, and a penalty on Phillips moved the ball back to the 21. Beaver again passed to Cantrell who went over. Eldridge failed to convert and the score was 27-0.

McLean kicked off to Phillips to open the second half. Cantrell took the ball on the 5, started up middle, cut to the right, and outran Watson to go 95 yards and over. Eldridge's kick was blocked, and the score was 33-0.

In the final period, James Reddick, substitute back, intercepted Watson's pass on the 41, and returned to the 21. Berkeley Dwigins picked up 3, and then J. W. Waldrep went through center for the distance. Dwigins circled left end for the extra point to

make it 40-0.

Later in the same period, Phillips took over on their own 40. Tommy Hale lost to the 33, and Reddick's pass was incomplete. Then Bobby Wells circled left end, cut back to the right, and went the 67 yards to score. Buster Hodges went over right guard to score the extra point, making the score 47-0.

The Tigers got a few breaks, especially in the penalties assessed against the Hawks, but were never able to go farther than the Phillips 40-yard line. In the final period, the Tigers got to the 40 on two occasions, bogging down once, and the second time the game ended with the ball on the 40.

Mr. and Mrs. Earl Alderson and Gene of Clarendon visited Sunday in the Irven Alderson home.

Mr. and Mrs. Lester Dysart and Gale Plummer visited over the week-end in Pauls Valley, Okla. with Mrs. Dysart's parents Mr. and Mrs. Harve Williams.

**Life Insurance Dividend Scale Outlined by Vets Administration**

The Veterans Administration's calculations on amounts proposed to be paid nearly 16,000,000 amounts in the 28 billion dollar National Service Life Insurance dividend have been reviewed by the Veterans Administration regional office at Lubbock, Texas, Robert W. Sisson, manager, has announced.

Maximum possible amount that a veteran can receive will be based on other payments, based on groups, will run to lesser amounts. The dividend will be paid both term and converted insurance policies, and will be paid for the period that the policy is in force prior to the policy anniversary in 1948. No payments will be made for period of lapse, Sisson emphasized.

According to Carl R. Gray Jr.,

administrator of veterans affairs, the estimated rate of the dividend was arrived at after long actuarial studies, and that the rate of payment will be the same for both term and converted policies, as the dividend is based on mortality savings since there are no excess interest earnings.

In arriving at the dividend scale, standard insurance practices were followed, whereby dividends on a life insurance policy represent a return to the insured of the excess of premiums paid over the amounts required to pay claims and set up necessary reserves. This is not necessarily proportional to the premium paid.

While portions of the premium originally estimated as necessary to pay claims may turn out to have been too high and can return a dividend, the part of the premium that goes into building up reserves cannot return a profit unless the fund earns a rate of interest higher than that assumed in the premium calculations. This has not been done in the case of National Service Life Insurance.

In computing the maximum payment of \$528, the dividend was based on a \$10,000 policy in force for 96 months (the longest possible period), on a veteran aged 40 or less at the time the policy was taken out. This represents a payment of 50 cents a month per \$1,000 of insurance. As the mortality rate for the age group of 40 and under did not vary greatly, a single dividend rate will apply to this whole group.

The rates of payment will be: Those under 40 years of age at the rate of 55 cents per month per \$1,000 of insurance; those 41 to 45 years of age, scaling down

from 50 cents to 50 cents; those 46 to 50, 37 cents down to 25 cents; those 51 to 54, 24 cents down to 21 cents; those 55 and over, 20 cents per thousand.

The proposed scale does not apply to insurance on a permanent plan which has been surrendered for a reduced paid-up amount. These cases will be handled separately.

No further information has been received as to the exact date of payment of this dividend will be made, Sisson pointed out. Application blanks are available at veterans administration offices and after being properly filled out, there is no need for further correspondence concerning the dividend as this will only cause delay in payment.

Mr. and Mrs. L. H. Wright and Mr. and Mrs. H. L. Sheets of Roosevelt, Okla., visited Sunday in the home of Mr. and Mrs. Amos Thacker.

of The McLean News, published weekly at McLean, Texas, for October 1, 1949.

STATE OF TEXAS, COUNTY OF GRAY, ss

Before me, a notary public in and for the state and county aforesaid, personally appeared Lester H. Campbell, who, having been duly sworn according to law, deposes and says that he is the publisher of The McLean News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse side of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Lester H. Campbell, McLean, Texas.

**SMART COLLEGIENNE**

Corduroy is the cool's choice this fall for both sportswear and date frocks, the National Cotton Council reports. Here, a smart collegienne wears one of the glamorous new corduroys. Her flattering, princess-style dress was designed by Miss Modes of St. Louis.

2. That the owners are: Lester H. Campbell, McLean, Texas; Arval Montgomery, Shamrock, Texas; Herschel Montgomery, Chillicothe, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities, are none.

4. That the two paragraphs

next above, giving the names of the owners, stockholders, and security holders, if any, contain not the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, if given also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid

subscribers during the twelve months preceding the date shown above is \$34.

me this 17th day of September, 1949. (Seal) Eunice Stratton. (My commission expires June 1, 1951.) Sworn to and subscribed before:

It is a proved theory that successful men are likely to show resourcefulness at an early age. This story concerns a wealthy man who, when he was a boy, walked into a farmer's melon patch and asked the price of a fine big fruit.

"That's 40 cents," said the farmer.

"I have only 4 cents," the boy told him.

"Well," smiled the farmer and winked at his hired hand as he pointed to a very small and very green melon, "how about that one?"

"Fine. I'll take it," the boy said, "but don't cut it off the vine yet. I'll call for it in a week or so."

A woman's promise to be on time carries a lot of weight.

You don't have to wait for service when you drive in our station, for we pride ourselves in caring for our customers' needs quickly. You're invited to the...

### NOTICE TO PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the editor personally at the office at 210 Main St., McLean, Texas. The McLean News does not knowingly accept, false or fraudulent advertising of an objectionable nature. Each advertisement in its columns is printed with full confidence in the presentation made. Readers will confer a favor if they will promptly report any failure on the part of the advertiser to make good any misrepresentation in our advertisements.

(Editor's Note: The following two sketches were written by Daniel Francis Clancy, national prize-winning Springfield, Ohio, writer, and tell such a clear story of why we all like living in our home towns that we felt them worth reprinting here.)

### YOUR HOME TOWN

**YOUR HOME TOWN . . .** Where a lot of people made a big fuss over it when you were born . . . Where you speak to people every time you meet them on the street, even if it's a dozen times a day . . . Where you know more people than you don't know and you like almost all of them . . . Where your friends live, and you walk in daily security with the knowledge that they'll come to bat for you if you need them . . . Where everybody is interested in what's your business . . . Where people ask: "How are you?" and mean it . . . Where you know every crack in the streets you walked, littered with blowing autumn leaves, covered with the swirling snows of winter, and glazed with fresh spring rains . . . Where humid summer nights have been all the tropics you'll ever know . . . where a lot of porches here and there in the residential districts remind you of long-gone romances . . . Where you have played, gone to school, worked, dreamed, suffered, been happy, and looked up at the sky, at the universe and eternity, and where a lot of people will make a big fuss over it when you die.

### FELLOW CITIZENS

WE WALK THE same streets, through the same rains and snows . . . We go to the same schools and churches, and trade in the same stores . . . We read books, free, from the same public library shelves, having our dreams and many bits of our characters shaped by the same volumes . . . We laugh together in the same movies, and lie ill in the same hospital beds . . . We play in the same parks, read the same newspapers, and try to keep a little money in the same bank . . . We gossip about each other, secretly grateful for each others goings-on.

Here are the people we get irritated with, rejoice with in their good fortunes, and sympathize with in their tribulations . . . We measure ourselves against the stature of the wise men, scholars, and leaders among us . . . We get our conversation, advice, and friendship from each other . . . Eventually we will roll past our successors along the sidewalks, as we go in the same hearses up to the cemetery.

We do, by living together in this town, mutually pledge to each other a good deal of our lives.

Glenn Curtiss piloted an airplane called the June Bug on the first public flight of a mile in the United States.

True eloquence does not consist in speech. It must consist in the man, in the subject, and in the occasion.—Daniel Webster.

The training of children is a profession, where we must know how to lose time in order to gain it.—Rousseau.

X before the license number of an airplane denotes that the plane is licensed for experimental purposes.

"Just think — 20,000 more years until the State Fair of Texas!"

## LES TALK

BY LESTER

To the McLean Tigers: Don't let that 47-0 slapping the Black-hawks handed you depress you too much. My opinion is that you played your best game of the season. You were worried about the game in advance, and had reason to be. Phillips has a wonderful team, excellent blocking and tackling, and perfect offensive timing. You were up against the kind of a team in this game that you will ordinarily not find until late in the season. They're already at their peak of ability.

The fact that the score was one-sided does not necessarily mean that fans thought you didn't give them a battle. You were simply outclassed Friday night. If you will forget that overwhelming defeat and go on to win the district, chances are the score will be much different if you meet again this season.

Friday night you meet your first District 2-A opponent, Clarendon. The Broncos apparently are much stronger this year than the past two years. But I sincerely believe you will win. Go ahead and win the district—the defeat by Phillips won't mean much if you do that.

My last week's predictions, and the actual results (I picked five of six winners, although my score predictions weren't very close):

- Prediction: Phillips 26, McLean 7; score, Phillips 47, McLean 0.
- Prediction: Dalhart 19, Shamrock 13; score Dalhart 27, Shamrock 7.
- Prediction: Memphis 33, Dumas 6; score, Memphis 13, Dumas 7.
- Prediction: Mangum 14, Wellington 7; score Mangum 33, Wellington 14.
- Prediction: Lefors 44, Canadian 0; score, Lefors 12, Canadian 0.
- Prediction: Perryton 14, Clarendon 0; score, Perryton 13, Clarendon 20.

This week's predictions:  
McLean 19, Clarendon 7.  
Phillips 33, Shamrock 6.  
Lefors 7, Memphis 0.  
Dalhart 19, Wellington 13.

This is about the U. S. Highway 66 Association. This association is composed of members throughout the states served by Highway 66. There is a national association, and then each state has a unit of the national association.

In Texas, the president of the association is Flet Anselty, tourist court operator of Amarillo. Each town has a director. Since I have shown some interest in the organization—which most of the business men in McLean have not—I was chosen as director from McLean for this year.

The association was formed a couple of years ago with one purpose in mind—that, to try to get more people to use U. S. Highway 66. This is not exactly the same kind of highway organization which was formed a number of years ago. It is my understanding that its primary purpose was to work toward the paving and betterment of the highway. This old organization faded out several years ago, partly due to the war and partly due to the fact that Highway 66 was completely paved from Chicago to Los Angeles.

Now, however, there are other highways, among them Highway 60, which tourists may take in going across the country. Highway 60 has an active national organization and the organization is spending lots and lots of money and effort to entice people to go on "60" rather than "66."

A few people in each town decided that something should be done to combat those people interested in getting Highway 66 traffic over to Highway 60, and so the "66" organization was re-activated, mainly as a pub-

Then there was another group of would-be members who think the organization is a good thing, and serves its purpose. But they didn't care to help out. That group I cannot understand. They are the people who are always wanting something done, some activity, but never want to help out financially or physically with it.

Rolling the memberships is quite a task. It takes time, and I have plenty of things I should be doing instead of spending my time out doing this.

Since I have been living in McLean, I believe on the average that I have spent four hours each week doing one kind of civic work or another. Most of this work none of you ever knew about. And I am not the only one who does this. Among others are Boyd Meador, Clee Meharg, and about five or six other business men. The rest do nothing, contribute little of their time. Some contribute money, yes, but few contribute time.

All of which resolves down to this: I am getting disgusted with the whole thing. Too few people are doing all the civic work. If your business does not allow you to give money, then surely you aren't so busy that you can't give a little time. Cooperation of all is the only solution to more activity, more business, more happiness.

Not long ago, the town of Stanton received considerable publicity because a sign was erected which said: "Home of 2,000 friendly people and a few old sore heads." Perhaps we should go the Stanton people one better and erect one which says: "McLean, home of a few friendly and cooperative people, and 2,000 old sore heads." If you're one of the 2,000 sore heads, go ahead and scratch it.

Education commences at the mother's knee, and every word spoken in the hearing of little children tends toward the formation of character.—Hosea Ballou

Galileo Galilei invented the first telescope.

## Task Force Meets to Polar Ice

Two ships of a Naval expedition to the Antarctic, the USS Edisto and the USS Burton Island, tie up to bay ice in the course of exploration work in the South Polar regions. The above photo was taken in the Bay of Whales. Red and this used in surface exploration are in the left foreground. The Navy's role in carrying the flag of the United States to the ends of the earth is exemplified in its frequent sallies into the south and north polar fastnesses. (Official U.S. Navy Photograph)

## Baptists Have District Meet at Quail Today

A state denominational budget of ten million dollars will be the main item of discussion when Baptists of this area meet today for the annual conference of the North Fork association. The First Baptist Church of Quail will be headquarters for the meeting.

L. H. Tapscott, state brotherhood secretary for the Baptist General Convention of Texas, will present the ten-million-dollar budget, which comes up for approval at the state-wide Baptist convention in El Paso in November. For the first time the state executive board will ask the convention to adopt a budget only half of which will go for state missions, the other half to world causes.

Representatives from the 25 churches in this association will report on the progress of their various organizations and will make plans for the coming year. Tapscott will urge the individual churches represented to follow the convention example by designating 50 per cent of their own budgets for world-wide causes.

The Baptist churches in this association have a total membership of 8,448.

### COCONUT CHOCOLATE PUDDING

Fun for the children to prepare this delicious dessert which is so easy when made with the packaged pudding.

1 package prepared chocolate pudding  
2 cups milk

Turn contents of package into a saucepan. Add 2 cups milk gradually, stirring constantly. Cook and stir over medium heat until mixture comes to a boil and is thickened—about 5 minutes. Pour into sherbet glasses. Chill. Serve with topping of whipped cream and shredded coconut, garnished with maraschino cherries.

## Childress Fair Boosters Here

A caravan of boosters was in McLean Saturday publicizing the annual Childress State Fair, which started Wednesday in Childress and continues through Saturday.

The boosters presented a program of music by the Childress high school band and a string orchestra.

Included on the program of the Childress fair was a negro football game, which was to be held Wednesday night, and a college football

game between Hardin College and Austin College Saturday night.

In early-day newspaper printing in Texas, when a printer ran out of one letter, he merely substituted another which most resembled it.

Experiments in flying were carried on by the Wright Brothers at Kitty Hawk, N. C., because winds there are steadiest and strongest of any place in the United States.

Installation plan buying in England is known as the "hire purchase" system.

## Deaf Students Get Training

A more enjoyable life is being brought nearer to many deaf people this fall as the University of Texas College of Education launches a specialized training program for teachers of the deaf.

The university will give the new eight-course program—the first of its kind offered in Texas—in cooperation with the Texas State School for the Deaf, also located in Austin. The latter school will serve as a laboratory for university courses.

Four junior-level studies given this year will introduce to students fundamental methods of teaching the deaf, have them study the operation of the vocal mechanism and the ear in speaking and hearing, give them a

look at curriculum and instruction in schools for the deaf, and have them study in detail the production and reception of speech.

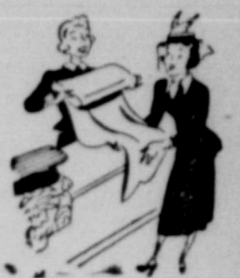

In the fall of 1950 and in 1951, more specialized senior courses will be offered in the language development of the deaf, the development of speech in the deaf child, methods and observations in the teaching of language of the deaf, and the psychology of the handicapped person.

The program is expected to provide teachers for expanded instruction to the deaf in schools.

Of nineteen out of twenty things in children, take no special notice; but if, as to the twentieth, you give a direction or command, see that you are obeyed.—Tryon Edwards.

## Carrier Planes Make Call at 'The Rock'

The promontory of the historic fortress of Gibraltar serves as a backdrop for planes of the U. S. Navy's Valley Forge during the carrier's visit to the famous British bastion of the Mediterranean. The planes were land-based at the Royal Air Force strip during the ship's stay in Gibraltar. (Official U.S. Navy Photograph)

## Bill Boston in WTSC Band

Bill Boston, formerly of McLean, has won a position in the famed State band of West Texas State College as a saxophone player.

This colorful 70-piece show band will tour widely in the Panhandle this year and will put on their "Gridiron Floor Shows"

at all of the West Texas State home football games this season. M. J. Newman is director.

Mr. and Mrs. Gene Lowe of Pampa are the parents of a daughter, Mary Charleta, born September 8. She weighed 7 pounds, 8 ounces at birth. They are at the home of Mrs. Lowe's grandparents, Mr. and Mrs. Ted Street.

The Suez canal is 104 miles long.

## News About—SOCIAL SECURITY

Q What is the difference between Social Security and the old-age pension?

A There are three main programs under the broad Social Security Act: Old-age and Survivors Insurance, Unemployment Compensation, and Public Assistance. Old-Age Assistance (commonly called Old-Age Pension) is administered by the State Department of Public Welfare.

Q How does a person qualify for old-age assistance payments?

A Application is made with the State Department of Public Welfare worker who is generally located in the county court house. Public assistance is given to the needy aged, the needy blind, and to dependent children. The basis for determining need varies with the different states.

Q Isn't this the same as old-age and survivors insurance?

A No. A person's need is not considered in making old-age and survivors insurance payments. To qualify for retirement payments or survivors payments in case of death, the worker must have been employed a required amount of time on jobs covered by social security.

For further information you are invited to contact the Amarillo social security office and, if desired, a representative will call on his next visit which will be Thursday, October 13.

Mr. and Mrs. Neville Back have been visiting in Twin Falls, Idaho, with Mrs. Back's brother, Odell Randolph and family. Before returning home they are to visit in several points in California with relatives. Mr. and Mrs. Back were accompanied by their daughter and grandson, Mrs. John D. Richards and Douglas of Dumas.

**845 High Schools Have Grid Teams In Texas for 1949**

A total of 845 Texas high schools are fielding teams for the 1949 football season. Dr. Rhea H. Williams, athletic director of the University of Texas Interscholastic League, announced.

The number of high schools competing in interscholastic football showed a net decline of two from last year. A gain of one school in Conference AA resulted when Thomas Jefferson High School of El Paso entered competition this year. Conference A lost one school to drop to 227. Conference B with 340 competing has an increase of 16 over last year.

The six-man conference was hard hit by consolidations and lost 18 schools from the 1948 total of 185. As a result, only 167 teams will be playing in the 24 six-man districts when regional playoffs are allowed for the first time in Interscholastic League history.

Mrs. J. W. Story returned Saturday from a week's visit with friends and relatives in Higgins, Spearman, and Borger. She visited with Rev. and Mrs. H. A. Longino in Higgins, Rev. and Mrs. R. S. Watkins in Spearman, and her daughter, Miss Jewell Cousins in Borger.

Mr. and Mrs. Bob Cliett were Borger visitors Saturday.

Mrs. Estella Davis of Groom was a week-end guest of Mrs. Era Kibler.

**School Safety Campaign on**

Texas were urged to "spare the gas and save the child" in a state-wide September campaign launched by the Texas Safety Association against traffic accidents to school-age children.

"No matter how much safety education a child has had drilled into him," said George Clarke, managing director, "the fact remains that it's largely up to the motorist whether the child lives or dies."

The association pointed out that home training and school safety lessons are extremely valuable in impressing youngsters with the dangers of playing in the street and crossing between intersections. But on the other hand, the association warns, a child in the heat of play forgets quickly and easily the lessons that he has learned, so the bulk of the responsibility falls upon the driver. Clarke told motorists they can save child life by following these rules:

1. Regard every child on the street as a flashing "caution" sign.

2. In school zones, residential districts and near playgrounds, be expecting the unexpected at all times.

3. Give bicycles a wide berth. Inexperience, a poor sense of balance, holes in the road, or just sheer childish absent-mindedness can place the rider directly in your path without warning.

4. In residential districts, particularly, be on the alert at driveways and intersections for tricycle riders, skaters, scooter riders.

The Texas Safety Association is sponsoring the school safety campaign as a part of a continuing traffic safety program in cooperation with the Texas Congress of Parent-Teachers and other groups.

**Use Your Credit at Shedrick Jewelry**

Mrs. J. T. Glass returned home Sunday from Amarillo, where she had been a patient in St. Anthony's hospital.

Little Miss Janice Eudy of Clarendon spent last week in the home of her aunt, Mrs. S. A. Cousins.

Betty Jo Patterson spent last week-end in Groom.

Mr. and Mrs. W. T. Eldridge returned last week from Corpus Christi where they had made their home for several months.

**LET IT SNOW!**

All dressed up for cold weather and winter winds, this little lady sings "Let It Snow" with real meaning. She's wearing a washable pink snowsuit that is Zanabrated to shed snow and rain. The National Cotton Council reports the snowsuit is made of cotton poplin and trimmed with French angora.

As handy for Saturday night quarterbacks as they're linen-saving for a hostess—these miniature blackboard napkins with peppermint stick binding. When not carrying diagrams of touchdown plays, they can convey party motifs or express cocktail choices. Made of washable cotton, they're shown in House Beautiful magazine whose editors can tell you where to order a set of eight complete with chalk and postcard, for \$9.10.

Oran and E. B. Durham spent the week-end in Alameda with their grandparents, Mr. and Mrs. E. B. Lofton.

Nova Jones, daughter of Mr. and Mrs. E. R. Jones of Shamrock, is a patient in a hospital at Plainview, where she is suffering from polio. The Jones family are former residents of McLean. Nova is a granddaughter of Mr. and Mrs. A. L. Hibler.

**Test Yourself How Many Can You Name?**

How close an observer are you? Get your pencil and play this family game. How many of the products named below can you identify? After you've played the game, check your answers with the correct answers printed in the lower right hand corner. If you scored 25 or above you are superior, 20 or above and you're excellent. Below 10, you'd better get some new specs.

Name What Is It?

You think the test was easy? Wonder why? It's because the makers of these products have consistently told you about their product through newspaper advertising. Yes, their combined total, according to ANPA, Bureau of Advertising, spent for newspaper advertising was more than all other media combined. The nation's most successful businesses have discovered NEWSPAPER ADVERTISING the best, most efficient, most economical. Hundreds of other newspaper readers in the McLean area, just like you, read this ad of their own free will. No forcing you to take it to get something else. It's this willing and farther reaching audience that pays off in advertising.

**LEMON PUDDING DeLUCE**

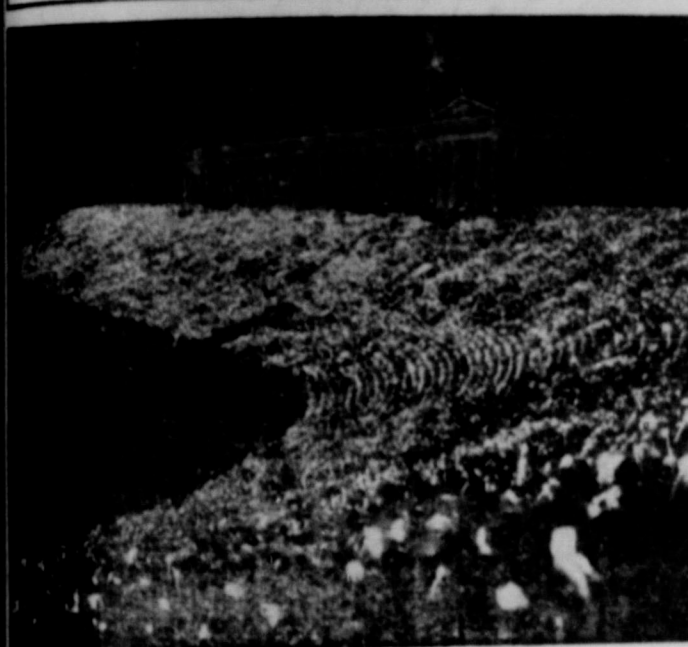

This de luxe dessert is simple for the children to prepare with a package of lemon-flavored gelatin. And a party dish if ever there was one!

- 1 package lemon flavored gelatin
- 1 1/2 cups hot water
- 1/2 teaspoon salt
- 1/2 cup sugar
- 1/2 cup lemon juice
- 1/2 cup heavy cream

Dissolve gelatin in hot water; add salt, sugar, and lemon juice. Chill until slightly thickened. Then fold in cream, whipped only until thick and shiny, but not stiff. Turn into large serving dish or individual molds. Chill until firm. Makes 6 to 8 servings.

**MUSIC BY MATCHLIGHT**

This is what Soldier Field in Chicago looked like when more than 60,000 spectators and participants at the Chicago and Music Festival lit matches with all other illumination extinguished. More than 130,000 Diamond King size matches were distributed to the crowd. The matches stayed lighted in the 16 mile-an-hour wind.

**Week of Prayer Programs Held By Baptist WMS**

The W. M. S. of the First Baptist Church met Monday afternoon for the beginning of the state Week of Prayer program, with the general theme being "Gleams of the Lone Star State Through Scriptural Living."

The Monday program was in charge of Mrs. Homer Abbott, with the subject for the day being "The Dawn of a New Day." The program was as follows: chaut. Mrs. Boyd Reeves and Mrs. Guy D. Pharis; "Fixed Star," Mrs. T. A. Langham; "Many Price Rays," Mrs. E. L. Minix; reflection of the day's program, Mrs. R. L. Appling; skit, "The Golden Gleam," Mrs. Reeves, Mrs. Howard Williams, and Mrs. George Colebank. Others present were Mesdames Clayton Day, E. L. Price, Bunia Kunkel, R. L. McDonald, Frank Reeves, and Luther Petty.

Tuesday's program was in charge of Mrs. John W. Cooper, mission chairman. The program on "Among the Inter-Racial Groups" was as follows: "The Star of Promise," Mrs. McDonald; "Rays of Light to the Europeans," Mrs. Ruth Caudill; "Gleams Gleaned by Prejudice," Mrs. Colebank; "The Reflected Star," Mrs. Petty; "The Myriad Star," Mrs. Pharis; reflection on day's program, Mrs. Cooper. Others present were Mesdames C. G. Nicholson, Frank Howard, Williams, Day, Leo Gibson, Abbott, Price, Kunkel, Appling, Minix, and Frank and Boyd Reeves.

The programs were to continue with the third Wednesday night, and the last Friday afternoon at 7:30 o'clock. Next week a new year's work will be begun, with

**Uncle Sam Says**

During the years America was growing up, Grandma hid her savings in the old, cracked teapot, the tin canister, or even that old horse-hair mattress. This was the hard way to save and her denials of many things to build those savings sometimes came to naught. Thieves, fire or other hazards wiped out her savings in a jiffy. Today we have the finest and surest way ever invented to build security for the future—the U. S. Savings Bonds way. This means you can put aside every penny, part of what you earn by signing up for the Payroll Savings Plan where you work, or if self-employed, the Bond-a-Month Plan where you bank. Either way you get back \$4 for every \$3 invested in just ten years.

U. S. Treasury Department

A Rottel Service program and business session at the church at 2:30 o'clock.

Mr. and Mrs. Martin Dwyer and daughter of Shanrock were visitors in the John Dwyer home Sunday.

The infant son of Mr. and Mrs. J. L. Mann, who has been critically ill following a major operation in the Worley hospital in Pampa last week, is slowly improving.

Mr. Aarat is in eastern Turkey.

**Progressive Club Honors President In Andrews Home**

The members of the Progressive Study Club entertained with a "president's" coffee Thursday morning, September 22, in the home of Dorothy Andrews, president.

The president conducted a business session and gave a short talk on federation.

Members and guests attending were Mesdames Dorothy Beck, Marion Bentley, Mabel Bizzell, Odie Claborn, Vernene Day, Pearl Dickinson, Mary Howard, Zenobia Tindall, Ruby Watkins, Patty Denton, Mary Lou Pharis, Alice Pumphrey, and the hostess.

The next meeting will be in the home of Marion Bentley October 13 at 7 o'clock in the evening.

## Texas Takes a Holiday—Oct. 8-23.

## Market—

(Continued from page 1)  
 around \$1, more or less, at all southwest markets during the week. Pigs shared the loss at Oklahoma City but held steady at Texas markets. Top butchers closed Monday at \$30 at Fort Worth and Oklahoma City.  
 Season's first cranberries and Northwestern apples brightened southwest produce markets this week. Continued light diggings of sweet potatoes dropped to lower values in light demand in Texas and Louisiana. Good trading at New Orleans moved liberal receipts of most products at unchanged prices. Many prices declined in light trading at Denver. Colorado potatoes, onions and cauliflower found weak markets.  
 Southwest egg and poultry markets strengthened slightly early last week, and have held firm since. Best candled white eggs sold mostly around 60 cents a dozen, and mixed colors 50 to 55 cents. New Orleans paid 57 to 60. Heavy hens brought 24 to 26 cents in North Texas, and 30 to 33 at New Orleans. North Texas markets quoted No. 1 young turkeys from 30 to 35 cents a pound.  
 Most southwest cotton markets closed Monday 50 cents to \$1 a bale lower than a week earlier. Spot middling 15/16 inch sold at 28.95 cents a pound at Dallas, 29.20 at Houston, and 29.75 at New Orleans.

## Lions—

(Continued from page 1)  
 in singing America, and Rev. H. E. Long gave the benediction. Charter members of the Shamrock club are Charlie Bock, Pat Boddy, Jack Dekle, O. C. Goff, Earl Gobble, Frank Going, O. B. Harvey Jr., William Howe, Dr. R. C. Lewis Jr., Rev. Long, Earl Mitchell, Dr. Theo. Nichols, Fred Orr, Baxter Purcell, E. W. Poole, Walter Pendleton Jr., Douglas Rives, Dave Skidmore, Smith, Sam Thompson, Thomas, Ray Tatum, Tomlinson, Harold Walker, and R. A. Zeigler.

## SOCIETY

Shirley Glass and Kenneth Hohstadt To Wed October 8  
 Mr. and Mrs. J. Raymond Glass of McLean announce the approaching marriage of their daughter, Shirley, to Kenneth M. Hohstadt of Springfield, Colo. The wedding will take place at the First Presbyterian Church Saturday evening, October 8, at 7:30 o'clock.  
 Friends are cordially invited to attend the wedding.

## Ladies Auxiliary Meeting Is Held In Church Parlor

The Presbyterian Ladies Auxiliary met Tuesday in the church parlor.  
 Mrs. C. O. Goodman was leader of the following missionary program: hymn, "Rescue the Perishing"; prayer poem, Mrs. F. E. Hambright; devotional, Mrs. George MacDonald, "National Work." Mrs. John B. Rice; "India." Mrs. Mattie Graham; missionary names and prayer, Mrs. F. H. Bourland; "Missionaries to Brazil." Mrs. H. E. Franks; and the Misses benediction.  
 Lovely refreshments were served by the hostesses, Mrs. Lewis Powell and Mrs. Claude Powell, to Mesdames Rice, Franks, MacDonald, Graham, Goodman, Hambright, Bourland, K. E. Windom, J. B. Hembree, Mittie Paschal, Arthur Erwin, Enloe Crisp, and Haskell Smith.

## By the Way—

BY HELEN BLACK  
 The women of the Presbyterian church are planning something special for their silver tea next Tuesday. Everyone is invited, you know. Treasured antiques, miniatures made by German war prisoners, curios, and fall flower arrangements will be on display. Tables decorated to represent the different holidays of the year will add a gay and festive touch to the occasion. Your invitation to the tea will be found in the classified ad section.

Some people have the best of good fortune! Dick Dickinson has a new 5-horsepower Johnson outboard motor, awarded at Lake McCallan. He plans to put the motor in use as soon as he can get a boat to go with it!

If it isn't one kind of a collision a person has to watch out for these days, it's another. Mr. and Mrs. S. R. Jones were parked on a side street in Dozier recently when a bicycle hit the side of the car with a bang, throwing the rider over the back of the car. Luckily, the cyclist wasn't hurt, but the new paint job on Jones' car really took a beating.

Mr. and Mrs. Clifford Allison and Shirley and Jimmy visited Sunday in Clarendon with Mrs. J. L. Allison.

Mr. and Mrs. Homer Abbott visited Sunday in the home of their daughter, Mrs. John Bayless, at Borger.

Mr. and Mrs. Avel Strandberg of Amarillo spent last week in the home of Mr. and Mrs. H. E. Franks.

Mr. Wallace Bozman of the House of Giles Will Conduct A Display of Fine Suitings

at MERTEL'S STORE Monday, Oct. 3

You Are Invited to Come in and Select Your Suit—Made to Measure

## Librarians Plan Amarillo Meet

The Texas Panhandle librarians as District 1 of the Texas Library Association are to meet in Amarillo October 8 at the Herring Hotel. It will be the first meeting of librarians in the history of library service in the Panhandle and South Plains area.

The state has been divided into seven districts in an attempt by the Texas State Library represented by Mrs. Robert H. Wilson, and the Library Division of Education represented by Miss Mattie Ruth Moore, to coordinate the work of all libraries—college, public, county, school and special—in order to make them more effective in giving service to their communities. The Panhandle area, composed of 44 counties, is designated as District 1 of the Texas Library Association.

Miss Irene Mason, executive secretary and librarian of the Arkansas State Library Commission, who is a very outstanding worker in library service, will be the out-of-state guest speaker, and Mrs. Robert H. Wilson and Miss

Mattie Ruth Moore will actively participate in the program. Other notables will include Robert Douglas and Fred Palmer of the University of Texas, Dr. James P. Cornette, Dr. Stuart Condron, and Miss Linnie Babston of West Texas State, J. W. Dillard of Frank Phillips College, R. C. Janeway of Texas Tech, and Mrs. Robert L. Campbell, president of the Texas Home Demonstration Association of Texas.

Librarians, friends of the library, school administrators, county judges, library board members, and library commissioners are urged to attend.

The meeting is being planned by the District 1 steering committee: Miss Lillie Hosteter, librarian, Hutchinson County Library, Borger; Miss Alice Green, librarian, Amarillo Public Library; Miss Pansy H. Harris, librarian, O. L. Clayton Junior High School, Lubbock.

W. C. Shull, who is seriously ill in the Groom hospital, is unimproved.

Mr. and Mrs. W. J. Jones have moved to Sunray.

Rev. and Mrs. Clayton Day and sons visited last week with relatives at Tyler and Palestine.

We are coming to see that there should be no stifling of Labor by Capital, or of Capital by Labor, and also that there should be no stifling of Labor by Labor, or of Capital by Capital—John D. Rockefeller Jr.

Men will find that they can prepare with mutual aid far more easily what they need, and avoid far more easily the perils which beset them on all sides, by united forces.—Spinoza.

The diesel engine was invented in 1900.

It is not what he has, nor even what he does, which directly expresses the worth of a man, but what he is.—Amiel.
