M. M. Newman, Local Pioneer, Dies at Groom

One of McLean's best-known pioneers is gone. M. M. Newman, a resident of McLean since 1890, died at Groom, Texas, Tuesday morning for 22 years, died Tuesday morning in the Groom hospital at about 8:05 o'clock.

Newman had been in ill health for some time. Several weeks ago he fell while downtown, and had been undergoing treatment since then. He was taken to Groom about two weeks ago, and his condition became worse again, and he was taken back to the hospital. The pioneer resident was better known as a commissioner than as a farmer, although he farmed for a number of years. He had been married for several years. He served as commissioner from President 4 for 22 years, from 1910 to 1930.

On November 11, 1866, Newman was 19 years, 11 months, and 10 days of age at the time of his birth. He was united in marriage to Mary Lizzie Fulbright of Fairport, Texas, November 12, 1888, and they moved to McLean in 1905. He was a member of the Church of Christ, since 1905.

Funeral services were held Wednesday afternoon at 2:30 o'clock at the Church of Christ in McLean, with Minister W. B. Andrews of Dallas officiating. He was buried in the Clarendon cemetery under the direction of the Clarendon-Fairport Funeral Home of McLean.

Survivors include his wife, of McLean; three sons, Kelly Newman of Plainview, Pete Fulbright of McLean, and Barney Fulbright of Abilene; and seven daughters, Mrs. W. S. Etchison of Phillips, Mrs. T. C. Spain of Alameda, Mrs. W. B. Andrews of Dallas, Mrs. Ray Singletary of Clovis, Mrs. M. Mrs. W. B. Critchlow of McLean, Mrs. J. R. Back of McLean, and Mrs. B. St. Essell of Seymour.

Fulbrights were W. S. Etchison, Ray Singletary, Thomas Spain, W. B. Critchlow, B. R. Back, and Johnnie R. Back.

Black Member College Society

Bob Davis, senior student at University College, Abilene, was elected along with 22 others into the James Winford Hunt chapter of Alpha Chi, national scholarship society, Friday night. Alpha Chi members are chosen from the upper ten per cent of the junior and senior classes. They must have good moral character and must have attended the school in which they receive membership for at least one year.

The son of Mr. and Mrs. Bob Back of McLean, Bob is Grand Overgreen of So Kart, men's social club, and publicity chairman for the Christian Foundation at McMurry. He is high school, Bob was president of his junior and senior classes, and in addition was elected class favorite his last two years in high school.

Tigers to Play Lefors In Final Grid Game

As far as the District 2-A title is concerned, it won't mean a thing—that game Friday night at Lefors between the McLean Tigers and the Lefors Pirates—but the local lads are determined to beat the Pirates, thereby earning an otherwise perfect state for the season for the Lefors gridsters.

Library Adds New Service For Readers

A new feature—and service—of the McLean Public Library has been added, to be termed the magazine exchange service, and the plans will be placed in effect immediately. The magazine exchange was decided upon at a meeting of the library board Tuesday afternoon. Mrs. Harris King, chairman of the board, stated.

Here's the way the plan works: Patrons may bring one or more magazines they have already read to the library, and, by payment of five cents, exchange each magazine for a different one. The fee of five cents for each magazine exchange will be used to aid in defraying expenses of the library, it was explained.

The magazines to be exchanged must be in good condition, however, since old, worn-out ones will not be desired by others wishing to exchange. The fee of five cents is all that will be charged, even though some patron wishes to procure a higher priced publication than the one brought in.

Library board members reported that the ceiling projector, which was added to the facilities of the library by the local chapter of the American Red Cross several months ago, is being used by one bed-ridden person or another. The projector is equipped with micro films of book pages, enabling a sick person to read while lying on his back.

Recently, the board members said, an article in the Daily Oklahoman stated that an Oklahoma City library was the only one with a projector film of the King James version of the Bible. However, the story was in error, since the King James version is among the films at the local library.

Members of the library board are Mrs. King, Mrs. Fred Bentley, Mrs. Clifford Allison, Mrs. Guy Hiler, Mrs. W. W. Shadid, Mrs. Lester Dysart, and Mrs. Emory Crockett.

Sherrie Grogan Painfully Burned

Sherrie Grogan, 12-year-old daughter of Mr. and Mrs. Hugh Grogan, was painfully burned Wednesday, November 2, by hot grease. The accident occurred when she turned a French fryer full of hot grease over on her, burning both hands and arms. Mrs. Grogan rushed her 30 miles to the St. Joseph Hospital in Wellington for treatment. She is reported to be recovering nicely this week.

Gins Swamped As 1,960 Bales Are Processed

Both gins in McLean were literally swamped with business during the past ten days as cotton began to open rapidly and baling became the order of the day.

Up to Wednesday morning the two gins had ginned a total of 1,960 bales of cotton—and were still behind.

Ginners L. H. Earthman of the Paymaster Gin and S. R. Jones of the McLean Gin reported Wednesday morning that they were still behind with their ginning, despite the fact that the employees of the two gins were working as long and as hard as they could stand. Both gin yards have had numerous bales waiting each day during the past week.

The grade and staple of the cotton continues to remain good—except when green bolls are mixed in with the dry bolls. The green bolls are reducing the quality of the cotton when this happens, it was reported.

The ginners estimate that between 60 and 65 per cent of the cotton has been harvested to date. It is expected that practically all of the cotton will be in within three weeks, providing the weather does not prevent the continual harvesting.

P-TA Social To Be Monday

Members of the McLean P-TA will sponsor a community social Monday evening from 7 o'clock until 10 at the high school.

Fathers will be special guests. Card games, 42, dominoes, and checkers will be played. Everyone who is interested in P-T-A work is cordially invited to attend, it was stated.

The P-T-A state convention is to be held in Waco November 15. Fare for the round trip will be \$11.80 and anyone interested in going may contact Mrs. R. A. Young, local P-T-A president.

Mrs. Warren On News Staff

Mrs. Bettie Warren has joined the staff of the McLean News and will serve as society editor and general reporter, succeeding Mrs. Bob Black, who resigned last week.

Mrs. Black left this week for Detroit to be with her family during the illness of her father, A. R. Webb. Her father is undergoing treatment in a Dallas hospital, and Mrs. Black plans to spend part of the time in Dallas with him.

Mrs. Warren is the former Bettie Bailey, daughter of Mr. and Mrs. Bill Bailey, who live near McLean. She was making her home in Kansas City, Mo., before returning to McLean.

ATTENDS FUNERAL

D. A. Davis was in Childress Tuesday to attend the funeral services for A. B. Cogdell, pioneer resident of that area. Cogdell was the father of Mrs. Melvin Davis of Childress.

Shamrock Irish Surprise, Upset Tigers 14-7

downs in the opening quarter and were never able to tally again, although they did have two markers called back in the fourth quarter. The Tigers, thoroughly outplayed in the first, second, and fourth quarters, mustered enough power to push over their only touchdown in the third period.

Led by Oliver McLeMure, who has been out most of the season due to injuries, and Donald Lea, due to injuries, early in the first quarter started their scoring punches. In that first quarter, they picked up 99 yards on the ground while holding McLean to a meager 11 yards.

The second quarter was almost the same story—as far as yardage was concerned, although the Irish were unable to score—as the visitors ran 77 more yards on the ground to only 27 for McLean. Royer

Skags, the tricky Irish back, was never able to get loose for any sizeable gains during the evening, picking up a mere 12 yards in three trials, and losing 15 in two others. He did return one punt 29 yards to set up a touchdown.

The biggest ground gainer for the Irish was Lea, who made striking runs of 24, 22, and 26 yards, plus a number of smaller gains. McLeMure, however, furnished the spark. He made few long gains, but made yards each of the 13 times he carried the ball.

L. M. Watson, despite the fact that he had been ill all week and was unable to attend school until Thursday, did most of McLean's ball carrying, and played the entire game. He apparently was weakened somewhat by his

illness during the week, but still was able to net 63 yards in 23 carries. Benny Cooper carried 7 times to net 22 yards, while Bobby Bruner carried 8 times to net 17 yards.

Watson got off one punt which went 50 yards. However, the punt actually counted for only 35 yards when Carl Cox covered it inside the 10, and the ball was brought out to the 20. Shamrock's Lea booted the best one of the game, getting off a beautiful 62 yard kick in the fourth quarter.

The offensive game was practically all Shamrock's. Only in the third quarter did the Tigers get rolling. In that frame, they made five first downs to none for Shamrock, gained 55 yards on the ground to 24 for the Irish, and scored the only Tiger touchdown. (Continued on page 2)

State Voters Say No to 7 of 10 Proposed Constitutional Changes

Returns from Tuesday's election indicated that two, possibly three, of the proposed amendments to the constitution of the state of Texas had been given the okay by the voters of the state. The remaining seven had apparently lost out in the unofficial returns tabulated by the Texas Election Bureau.

Apparently adopted were the amendments providing for rural fire prevention districts and the proposal giving the Legislature more leeway in passing laws regulating district court terms and sessions. The amendment which still has a chance of passing is that providing for trials of lunacy cases without a jury.

Dick Bivins of Amarillo was far ahead of John Harnly of Miami in the unofficial count for the 18th Congressional district post of the newly-created State Board of Education. Bivins was leading more than two to one in the race for the board office.

In Gray County, voters tallied against all the proposals, with the exception of that amendment which would permit district courts to hold proceedings in other places than county seats. And enough votes were still out Wednesday to allow even this amendment to be defeated locally.

In the two McLean boxes, the voting was all negative as follows: Amendment No. 1: for 24, against 55; No. 2: for 12, against 80; No. 3: for 25, against 85; No. 4: for 30, against 77; No. 5: for 28, against 66; No. 6: for 21, against 89; No. 7: for 40, against 69; No. 8: for 37, against 72; No. 9: for 34, against 75; No. 10: for 22, against 89.

THE SENIOR CLASS, prior to the Halloween Carnival held recently, worked hard to get their Harvest Queen candidate, Lila Lou Carpenter, named queen (she did win, too), and among other things picked cotton at the George Preston farm Saturday three weeks ago. In the photo, upper left, Mrs. Jim Back, one of the class sponsors, helps two senior mothers, Mrs. Sid Stewart and Mrs. R. A. Young, with the noon-day lunch which the two mothers brought out. Upper right, Cliff Callahan beams as Sue Young looks over his shoulder, and as George Preston in the background moves off with the tractor and trailer. Lower left shows Miss Carpenter, the queen candidate, displaying bolls to another senior, Petie Everett. Lower right pictures the entire group who aided in the money-making work.

Christmas Nears, Postmaster Gives Hints for Mailing Parcels

Believe it or not, Christmas is not far away—and Postmaster Johnnie Back, who doesn't have much coffee time during the holiday season, is already feeling the effects of the approach of Yuletide.

Packages are already being mailed to people overseas, the local letter and parcel man said. Furthermore, the rush will really get underway in a week or ten days.

Naturally, there are ways to make the work easier for the post office department, but that isn't the main reason for having rules to go by in preparing parcels for mailing. The main reason is to assure you—the patron of the post office—of your parcel reaching its intended destination all in one piece.

Then, too, there are letters and Christmas cards to be mailed—and you can ask Johnnie Back about the gobs of them that go through the local office each year.

Anyway, here are a few pointers, which the postmaster wanted to get to over to the public:

1. Do not mail your parcels short of postage—that's a waste of time for workers during a rush season.
2. Buy a supply of stamps—do not stand in line to buy a three-cent stamp.
3. Address your parcels plainly, and completely.
4. Wrap your parcels neatly, and securely.
5. Fragile parcels must be well packed, using excelsior, crumpled paper, and corrugated paste-board boxes.
6. Parcel post cannot be stated UNLESS parcel stickers are used, reading: "Postmaster: This parcel may be opened for postal inspection if necessary."

Most All Stores To Close All Day On Armistice Day

Practically all retail stores in downtown McLean will close all day Friday, November 11, a brief survey of the business district indicated this week. All four grocery stores will remain closed throughout the day, the owners of the stores stated.

As a general rule, when the grocery stores close, most other retail businesses follow suit and remain closed also.

Tigers Are Ranked 14th Despite Loss To Shamrock Irish

The McLean Tiger grid team, despite the 14-7 loss to the Shamrock Irish, were left among the top 15 teams of the Fairhand and South Plains, according to Frank A. Godsoe's rankings in the Amarillo News.

The Tigers, rated 14th, make up one of the few teams among the top 15 without a chance of coping a district title. Dainart remained on top, with Lefors second.

Godsoe's rankings are as follows: 1. Dainart Wolves; 2. Lefors Pirates; 3. Hereford Whitefaces and Phillips Blackhawks; 4. Littlefield Wildcats; 5. Sudan Hornets; 6. Canyon Eagles; 7. Spur Bulldogs; 8. Floydada Whirlwinds; 9. Levelland Lobos; 10. Lockney Longhorns; 11. Crosbyton Chiefs; 12. Slaton Tigers; 13. Post Antelopes; 14. McLean Tigers; 15. Paducah Dragons and Dumas Demons.

Insurance Dividend Payments To Vets Based on Tag Numbers

Oh, you veterans— You might have expected the order of payment of the G. I. insurance dividends to be made according to the alphabetical order of names, or depending on the length of time in service, or how quickly your application went in.

But no— The order of payment will be based generally on the last three digits of your service serial number. Not the first three, nor the middle three, but the last three.

Under the procedure, for example, a veteran whose serial number ends in 000—say, 35,456,000—will be included in the first mailing of the dividend checks. On the other hand, the unfortunate fellow with a serial number such as 100,990, will be among the last to receive his check.

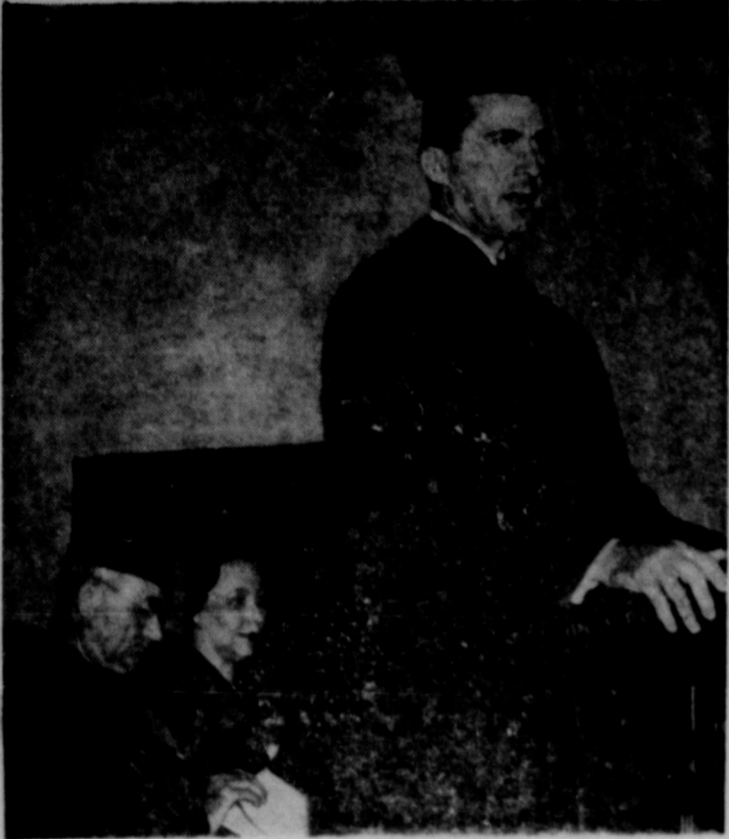

Take the fellow, like this writer, who had two serial numbers, then those serial numbers will have nothing to do with the order of payment. Instead the last three numbers of the insurance policy will be used as the basis—and pity this writer, that number is 830, since the policy happens to

Exploit Recreational Resources Of State, Magazine Editor Says

Texas can have a tourist business amounting to half a billion dollars in 1950.

The figure is estimated by General Ike Ashburn, publisher of Texas Parade magazine, in the November issue. The total was revised upward from a previous one.

Here is how the publisher arrived at his estimate:

According to inquiries made by Texas Highway Department information stations, tourists coming here by automobile from other states left \$114,528,000 in Texas last year.

If intrastate automobile equalled that amount, the total would be more than \$229,000,000.

Money spent by those who used

means of travel other than the automobile certainly brought the 1948 total over \$300,000.

"Concentrated effort on the part of Texas and the investment of some money in exploiting the recreational resources of Texas can bring half a billion dollars in tourist trade here next year," General Ashburn said, adding, "it's a return worth shooting for."

He pointed out that Texas has a coast line more than 508 miles long, a score of great inland lakes, the hills of Central West Texas, the Davis Mountains, Palo Duro Canyon, and many other attractions.

"No commonwealth has more to lure the traveler than Texas," he declared.

In addition to the various attractions, tourists can reach them easily, General Ashburn said, because "no state has a finer network of highways or better rail, air, and water travel accommodations."

The publisher referred to a report of the Brookings Institution which reported that, according to present trends, travel and recreation are destined to become the nation's biggest industry.

Here is the ranking of industries today (in billions of dollars), according to the institution's fact-finders:

1. Manufacturing—61.
2. Wholesale and retail trade—37.
3. Travel and recreation—24.
4. Agriculture—19.

It was also shown that greatest increases are being made by travel and recreation which, if present trends continue, will sooner or later account for the expenditure of more money than shelter and home maintenance, attire and personal care, food and nutrition, health and education.

"Incidentally, of course, every citizen of a town benefits from each tourist dollar spent there," General Ashburn said in his article. "Texans cannot afford to ignore the significance of travel and recreation as factors in the economic development of this state."

A. E. Carpenter left Sunday for Sweetwater, where he will be employed for two or three months.

Tigers Lose—

(Continued from page 1)

Here are the highlights of the action:

Opening the game, Shamrock kicked off to McLean. Watson returned the kick-off to the 49. Cooper made one, and then Watson circled left end to the 59, where he fumbled, with McLemore recovering. The Irish started rolling from there, and in five plays moved to the 35 yard line. Lea got loose through right tackle and went to the 4, where he fumbled and Watson recovered on the 1. Watson punted out to 33 on the 33, but the slippery back slipped back to the 4 before being downed. Lea then made three yards, and from the 1, McLemore found a hole through right guard and went over. McLemore converted, giving the Irish an early 7-0 lead.

Still in the first quarter, the Irish took over the ball when Watson was forced to punt. Starting from their own 25, the visitors worked the ball on quick running plays to the McLean 17. Stribling faked a hand-off, and circled right end to the 5. McLemore went to the 1, and then Stribling quarterback sneaked the ball over. McLemore again converted, and the score was 14-0.

There was no scoring in the second quarter. Shamrock got to the McLean 14, but a penalty put the ball back to the 29. Stribling's pass was then intercepted by Bruner to break up the threat.

The Tigers kicked off to the Irish to open the second half, and the tiger line had. After an exchange of punts, the Irish took over on their own 21. Watson doing most of the carrying, the ball was worked to the 30, from where Watson tossed a pass to Cox, good to the Shamrock 28. The pass, incidentally, was the only completed toss of the game. Watson then made three, then 7 more. Bruner made three more to the 13. On a hand-off from Watson, Cooper circled right end and went over. Watson plunged right tackle for the point, making the score 14-7.

For the record books, that was all the scoring—but not all the excitement. The third quarter ended with the making of the extra point, and Shamrock's steam again was turned on.

The Tigers held for one series of downs, and the Irish punted to the McLean 17. A series of running plays moved the ball to the 40, where Cooper's fumble was recovered by Lea. Four plays later, Lea went around right end for 29 yards and over, but the ball was called back and Shamrock penalized five yards for backfield in motion. The Irish punted, and with time running short, the Tigers gambled for a first, only to see the Irish take over on downs on the McLean 25. Four plays later, McLemore went over from the 10, but the ball was called back again, and the Irish penalized to the 19 for holding. The game ended two plays later, with the ball on the McLean 13 in possession of the Irish.

HOME ON FURLOUGH

Pfc. Scotty McDonald of the U. S. Marine Corps arrived in McLean Tuesday night to spend a 30-day furlough with his parents, Mr. and Mrs. R. L. McDonald, and other relatives and friends. Pfc. McDonald is now stationed at Camp Matthews, San Diego, Calif.

Mrs. C. A. Candy of Long Beach, Calif. is visiting in the home of Mr. and Mrs. Amos Thacker.

Shower Honors Mrs. Langham at Kellerville Church

A bridal shower honoring Mrs. Melba Miller Langham, was given in the parlor of the Kellerville Baptist Church Saturday afternoon at 2:30 o'clock.

The church parlor was decorated in fall colors. Golden mums, surrounded by fall leaves, made a beautiful centerpiece on the long table which was dressed in twin lace table cloths. White mums and pink rose buds decorated the piano. The walls carried out the fall colors with magnificent large leaves clustered in appropriate designs in all the various colors of autumn.

A program was given as follows: piano solo, Margaret D'Spain; reading, Mrs. Doris Harris; song, Mrs. Dorothy Owen; reading, Miss Patsy Richardson; piano solo, Miss Norma Chapman; "A Love Story," Mrs. Brent Chapman.

A committee consisting of Mrs. Joe Harris, Mrs. Luke Johnson, Mrs. Leiland Newbury, Mrs. Digger Dean, and Mrs. R. B. Kinard prepared refreshments in keeping with the color scheme. Misses D'Spain, Richardson, and Chapman served, and afterwards took off their little aprons and presented them with appropriate remarks to the bride.

Those present and sending gifts were as follows: Mesdames Jack Harris, Edwin Owen, Ollie McPherson, Brent Chapman, J. H. Jones, L. A. Richardson, H. T. Miller, Ivan Burns, Lee Harris, R. B. Mrs. W. Langham Named Honoree At Bridal Shower

Saturday night, November 5, at 8 o'clock, Mrs. Wesley Langham, the former Miss Melba Miller, was honored with a shower in the parlor of the First Baptist Church.

The parlor was beautifully decorated with assorted colors of chrysanthemums. Hot tea, coffee, and cookies were served from a silver tray. The refreshment table was laid with a lace cloth, and chrysanthemums surrounded by small gold flowers with lighted tapers on each side made a very attractive centerpiece.

Miss Jeanne Pharis and Miss Marnelle Ledgerwood sang "Serenade of the Bells." Misses Darlene Shaddid, Barbara Nell Williams, and Norma Watson played piano selections before the shower.

Hostesses were Miss Oma Bell McPherson, Miss Marnelle Ledgerwood, Miss LaVetta Gunn, and Mrs. R. L. McDonald. Miss Ledgerwood registered the guests while Miss Gunn, Miss McPherson, and Mrs. McDonald served the refreshments.

Guests present were Mesdames H. T. Miller, Paul Miller, Jimmie Newton, Raymond Guyton, James

Pioneer Study Club Meets in Home of Mrs. June Woods

The Pioneer Study Club met Thursday in the home of Mrs. June Woods with Mrs. W. E. Bogan in charge of the program.

After the business meeting, Mrs. Bogan presented an interesting program on "Mental Hygiene." Papers were read on clinical reports of "Effect of Worry on Health."

Attractive floral arrangements of roses and fall flowers decorated the home.

Delicious refreshments were served to Mesdames Jim Beck, W. E. Bogan, J. D. Coleman, Bill Day, Forrest Hupp, Carl Jones, Miro Pagan, Roger Powers, Earl Stubbfield, Bob Thomas, B. L. Webb, and the hostess.

COTTONSEED TROUBLES

(Editor's Note: This editorial appeared in last week's Floyd County Hesperian, weekly newspaper of Floydada, and applies to the McLean area as well. The subject matter is self-explanatory, and is reprinted here because a number of farmers in this area are suffering from the low price of cottonseed.)

THERE IS ALWAYS something to spice life up, make it more worthwhile to toil and strive and study and plan. Cottonseed is the current problem, the cottonseed price, to be exact.

How much cottonseed has been helping to make a cotton crop profitable is realized more fully when you consider that the by-product of the fleecy staple sold for up to \$105 a ton at the gin for a year or more before the drop in the price last spring. This year the price for seed started out cold-shouldered at \$35 in the Valley.

Before the movement of the crop had started in the plains area support prices had brought the market back up to \$40 or better. Where facilities have been available and usable the loan support price of \$49.50 has made the cotton bring the producer \$46 at the gin, that is, in the form of a CCC loan similar to a cotton loan.

The spice is afforded to the cotton man by the fact that he wants that other \$4.50 and feels like he needs it, especially if he is a renter or has high priced lease land.

To the ginmer and the mill man the spice is afforded by the fact that he is between the farmer and the Commodity Credit Corporation as the man who is going to handle the seed if it is handled under the loan, and the further fact that it stands to cost him to afford this service the customer insists upon.

The government men say the fee is adequate. Shrink due to loss in moisture content, also loss in handling is

not covered by the fees and charges the CCC will allow. So they say.

Spice is afforded the truck drivers who have made plans to handle a lot of cottonseed and spent their money to get ready for it and now are wondering if the haul is going to get away from them under the pressure for the government program to be put into effect.

COTTON QUIZ

HOW HAS KING COTTON LOST HIS WRINKLES?

A NEW FINISH—APPLIED TO COTTON FABRICS MAKES THEM WRINKLE-RESISTANT!

LES TALK BY LESTER

Unfortunately, I missed my prediction on the Shamrock-McLean game badly. The Irish were ready to win a game, and the Tigers weren't ready for them. So we lost, decisively, too.

Last week's predictions and scores:

Prediction: McLean 27, Shamrock 7; score, Shamrock 14, McLean 7.

Prediction: Lefors 20, Wellington 14; score, Lefors 33, Wellington 18.

Next week's predictions: Shamrock 4, Wellington 19, count like that one easily enough, but I'm figuring the Irish will stay warm for that last game. Memphis 20, Canton 0. This ought to be about the right score.

So this will end my predictions for the season. Next week, if I don't forget it, I will give you a recapitulation of my guesses for the entire season. So far I have guessed the outcome right on more than I have missed.

The Lefors Pirates are already the champions of District 2-A. They have only one more district game to play, that with us this Friday. Even if we win, the Pirates will still win the district. So far the Lefors lads have a clean slate—four district victories against no losses. The remainder of the teams in the district already have more than one loss, so Lefors can coast this Friday night if they wish. They will meet the winner of District 1-A in the bi-district contest, and it appears that the winner will be Dalhart. The Wolves of Dalhart have no losses, only one tie to mar an otherwise perfect record. Phillips has one loss, and Hereford now has a tie and a loss, having dropped a game to Canyon last Friday night. Lefors will have an excellent chance to cop the bi-district game, barring injuries. A couple of injuries would wreck the Pirates, however, for the squad is small and there are but few reserves.

The Tigers haven't had a bad season in football. They have won five games so far, lost three, tied one. The squad was very inexperienced to start the season, and

like Lefors, was composed of few reserves capable of taking over the first string positions. Then when L. M. Watson and Bob Bruner got ill before the Memphis game, that hurt. And then with L. M. recuperating from a rather severe case of the flu last Friday night, we were hurt again. But it hasn't been a bad season.

One thing I have admired about the team all season is the fact that the boys didn't give up simply because they were being outplayed or were outclassed. Phillips had the Tigers badly outclassed, but the McLean lads didn't give up. That fact alone means a lot—the boys were good, clean sports, and tried. Most fans, like I, are satisfied with that.

Nevertheless, I surely did want us to beat Shamrock. Doggone it.

I would like to suggest to the city council that a different system of stop signals be installed at the intersection of Highway 66 and Main. The stop and go signal is always breaking down. And, too, so many tourists do not see the light in time to stop—not really expecting a signal light in such a small town.

It seems to me the best solution would be to install a caution light one block to the west, and another a block to the east of the corner. Then install a red flashing light at the corner, with stationary stop signs at the side—similar to the stop signs at the highway intersection at Shamrock. I really believe more people would observe the stop signs so fixed than observe the present one.

If anyone has a better idea for controlling the traffic, tell me and I'll pass it along to the rest of you.

Farmers Urged Buy Fertilizer In Cotton Bags

A 250,000-bale market can be won for cotton if Cotton Belt farmers buy their fertilizer in cotton bags and demand that container alone, says the National Cotton Council.

Cotton Belt farmers during the next few months will buy millions of tons of commercial fertilizer, the council explains, noting that consumption of fertilizer in cotton producing states has increased steadily each year and that supplies of fertilizer ingredients for 1950 are expected to be from 10 to 25 per cent greater than during 1949. This huge tonnage, the council adds, will be packed in the type bag demanded by the cotton farmer, the fertilizer industry's largest customer. These farmers, by insisting that their fertilizer be packed in cotton bags, can give powerful support to an important market for cotton.

The council points out that its most immediate problem is to arouse farmers to the necessity of forcefully indicating their preference for cotton containers directly to the fertilizer industry.

On the 2nd day of November, 1949. The file number of said suit being No. 9665.

The names of the parties in said suit are: Ruth Goad, as plaintiff, and all of the parties above named to whom this writ is addressed, together with Continental Oil Company, a corporation; John Deere Plow Company, a corporation; Gulf Oil Corporation, a corporation; and W. C. Murrell, as defendants.

The nature of said suit being substantially as follows:

Plaintiff sues in trespass to try title, alleging that on the 22nd day of May, 1944, she was, and still is, the owner in fee simple of the following described real estate and premises situated in Gray County, Texas:

The West One-half (W¹/₂) of Section No. 175, Block M-2, B. S. & F. Surveys, containing 320 acres.

On such day also she was in possession of such premises; and

afterwards, on the 23rd day of May, 1944, the defendants, and each of them, unlawfully entered upon and dispossessed plaintiff of such premises, and withhold from her the possession thereof.

Plaintiff further sues, in the alternative, for removal of the cloud cast upon her title to the above described real estate by abstracts of judgment heretofore filed in the Abstract of Judgment Records of Gray County, Texas, by the defendants, Continental Oil Company, John Deere Plow Company, Gulf Oil Corporation, W. C. Murrell, J. C. Cox, and H. T. Cox.

If this Citation is not served within 90 days after the date of issuance, it shall be returned unserved.

Issued this 2nd day of November, 1949.

Given under my hand and seal of said Court, at office in Pampa, Texas, this 2nd day of November, 1949.

American Legion—ACTIVITIES

(To acquaint non-Legion members with the activities of posts throughout the U. S., as well as the national organization activities, bits of news will be run from time to time in this column.)

The Legion obtained an increase in the ceiling for those World War II veterans in "on the job" training.

There is a post of the American Legion in practically every community throughout the land, and a membership card provides an entry for any Legionnaire to club-house facilities wherever he might be.

The American Legion now sponsors more than 3,500 Boy Scout troops.

The American Legion has over 1,500 full-time service officers throughout the country, recognized by the Veterans Administration, to assist veterans with their claims without charge.

More than 15,000 school award medals are presented each year by Legion posts. These awards go to outstanding students in grade and high schools.

USO HOSTESS GETS ORCHID

NEW ORLEANS, La. — A handsome young American sailor with an Irish name and a Scottish birthplace pins a USO orchid on nationally-known Cover Girl Nancy Liljenstein, an honorary hostess at the local USO. He is Yeoman Third Class James Patrick Hallinan, 22, of Brooklyn, N. Y., born in Glasgow, and a member of Uncle Sam's armed forces since 1944.

Hallinan is one of the thousands of sailors and airmen now being served by the USO.

Be Sure Children Get Check-up From Physician

The schools of Texas have been in session for several weeks. The routine screening tests by teachers and nurses, or the physical examinations of the children by physicians have been completed. They are complete so far as the nurse, teacher, or examiner is concerned, but the "follow-up" to correct any abnormal conditions disclosed is yet to be done. To make these screening tests and the follow-up examinations of the greatest value, the needed care for correction of defects should be available. This is the responsibility of the parents of each child in order that a maximum of health may be his lot, declared Dr. George W. Cox, state health officer.

Health is a cardinal attribute of living. With the best health a child may have, he will do his best work, will have joy in play, and will grow to be the most efficient citizen he is capable of being. The future of our country is in the hands of these children who are now in school.

All adults as well as the parents of the school age children should feel the responsibility and privilege of sharing in a sound and safe future for our country in helping to build good health for the children of today.

Through the check made each year in the schools the gross defects may be learned, and a more detailed examination may be made by the family physician, with treatment for correction of these defects as he finds necessary.

Immunization against the diseases, for which known protection is available, should be given all children unless their physician finds contra-indication.

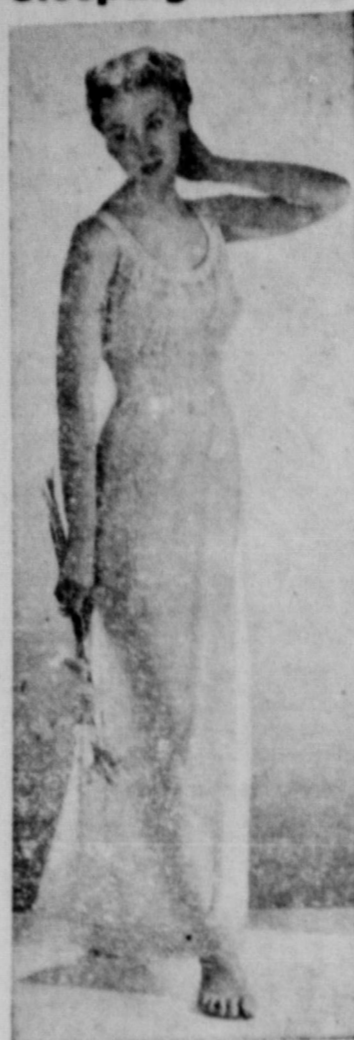

Your physician is your best friend and guardian of your health.

A Few ?'s to Ask The Printing Peddler

When the peddler selling stationery and printing supplies solicits your business, there are a few questions which he should be willing to answer to your satisfaction.

Among them being:

?

Does he pay taxes in this community?
Does he donate space in his newspaper to the local community enterprises?

?

Does he pay wages to a force of employees located in this city, county, or state?

Does his paper devote its entire space toward the betterment and upbuilding of this community?

?

Does he grant you every favor that you would ordinarily ask of a local newspaper?

Does the quality of his merchandise stand inspection—is it on quality paper stock and the printed matter attractively arranged?

Will he submit proof of your work before finishing and mailing it to you C. O. D.?

Does his price include postage and insurance charges?

Can he supply your order on short notice?

If he can answer all the questions in the affirmative, he is entitled to your business.

IF NOT . . . CONSULT

CHOCOLATE NUT DROP COOKIES

These cookies are "tons" with the two youngsters here who are about to "take off" on a hike with a home-made lunch tied on the end of a pole.

1 package white cake mix
 1/2 cup milk
 1/2 cup shortening
 2-squares unsweetened chocolate, melted
 1 cup chopped nut meats

Turn cake mix into bowl. Add milk, shortening, melted chocolate, and nuts and beat thoroughly. Drop from teaspoon onto greased baking sheet. Bake in moderate oven (375°F.) 8 to 10 minutes. Makes 5 dozen cookies.

COCONUT FLAKE COOKIES

1 1/2 cups sifted flour
 3 teaspoons double-acting baking powder
 1/2 teaspoon salt
 3 cups corn flakes
 1/2 cup butter or other shortening
 1/2 cup granulated sugar or brown sugar, firmly packed
 2 eggs, unbeaten
 1 teaspoon vanilla
 1 1/2 cups shredded coconut

Sift flour once, measure, add baking powder and salt, and sift again; mix flours. Cream shortening, add sugar gradually, creaming thoroughly. Add eggs one at a time, beating well after each addition. Add vanilla. Add flour and flakes mixture, a small amount at a time, beating after each addition. Add coconut. Drop from teaspoon on ungreased baking sheet and bake in moderate oven (375°F.) 12 to 15 minutes, or until done. Makes about 5 dozen cookies.

BY BETTIE

It happened some time ago to one of the clerks at the variety store, but is still funny. It seems a man came in the store and asked if there was a Gambol Store in town and the clerk, unaware of the fact that the Gambol Store is a famous chain of stores, replied that she didn't think there was, but that there was a pool hall down the street. The man blushed, said thank you, and made a quiet exit.

Jeff Heard and his dog "No Name" went to church last Sunday. "No Name" suddenly decided he wanted to help the minister deliver his sermon. "No Name," incidentally, is quite popular around the Powers Drug.

Miss Pat Lowary injured her knee and sprained her ankle recently when she fell on the front door steps of her home.

Eugene "Butch" Young had the cast removed from his arm last Monday. "Butch" broke his arm several weeks ago.

Mr. and Mrs. Arthur Baker and family, and Mr. and Mrs. Ernest Christie and family, all of Pampa, visited Sunday in the home of Mr. and Mrs. G. F. Baker. The Christie family also visited with his mother, Mrs. E. M. Christie.

Mr. and Mrs. Frank Kennedy and daughters, Jerry Ann and Margie, of Quail visited in the home of Mr. Kennedy's mother, Mrs. W. E. Kennedy, last week.

Mr. and Mrs. Thomas Bailey were in Shamrock on business Monday.

Virgil O. Thomas of Wichita Falls visited in McLean Sunday.

Has No Receiver Button in Ear

Chicago, Ill.—Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging in their ear. With the new invisible Phantomoid you may free yourself not only from deafness, but from even the appearance of deafness. The makers of Bellone, Dept. 403-50, 1460 West 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing invisible device in the privacy of your own home without risking a penny. Write Bellone today. (Adv.)

Alanreed Girl Polio Victim

Sandra Jean Bruce of Alanreed was admitted to the West Texas Polio center at Plainview Friday night, and was reported to have a mild case of the disease.
 The girl became ill Thursday, and her illness was diagnosed as polio Friday.
 Joe Cooper, son of Mr. and Mrs. John Cooper of McLean, who was recently treated at Plainview for a mild case of polio, was able to return to school this week. He will be required to "take it easy" for a few weeks, but will soon be as well as ever. His was a mild case of non-paralytic polio, and has left no after-effects.

Church Plans All-Day Service

An all-day service and dedication program, with dinner on the ground at the noon hour, will be held at the Assembly of God Church in McLean Sunday, Rev. L. R. Green, pastor, announced this week.
 The dedication program will be held from 2 to 4 o'clock Sunday afternoon, and will be conducted by Rev. J. A. Thomas of Lubbock, district superintendent.
 Rev. Thomas will also be present to conduct the morning service at 11 o'clock, and the evening service at 7 o'clock, Rev. Green stated. The public is invited to attend all services, the pastor said.

Fire—Fortunately No Damage Done

Clyde Andrews and Trust Johnson, owners of the Andrews Johnson Equipment company, were they had a narrow, and fortunate, escape from the damage of fire one night recently.
 After closing up the International building in the evening, Andrews was called back to aid someone a car repair, and found that a trash barrel inside the building had caught fire and burned everything in it. Apparently, a burning cigarette had been swept with the floor sweep and thrown in the barrel. The contents of the barrel had been burned, a work bench near the barrel had been slightly damaged but the fire died out.

School—SPORTS

BY NEIL PRICE
 The McLean Tigerettes played their first game of the season, a practice game with Panhandle, Monday night, November 7, at Pannhandle. The Tigers brought home a double victory, winning both the A and B games.
 The A team score was 29-10, with Gudgel leading the scoring with 19 points.
 Gerry Florey led the B team to a 28-14 victory with her 15 points. The A team started off fast with the McLean girls ahead all the way. The score at the half was McLean 23, Panhandle 6.
 The story was somewhat different the last half, with only 10 points being scored and McLean making 6 of them.
 There is a possibility of some changes being made, but up to the present, the main string is as follows: Carpenter, Windom, Lively, Bailey, Gudgel, and Jones. Coach Don Leach stated early

Firemen Answer Two Calls in Week

Members of the McLean Fire Department answered two calls during the past week, but no fire resulted in much damage.
 First of the two calls came Monday night when some coal lint atop the McLean Gin caught fire, apparently from sparks from the burr burner stack. The fire was quickly extinguished and damage was done.
 The second call was answered Tuesday afternoon when a tire fire behind the Watkins Magnetics Station almost got out of hand and neared some posts belonging to the Cicero Smith Lumber company. The blaze was put out, however, and no damage was reported.
