\$200,000 Issue Before Voters On March 25
Present Tax Rate Of District Not To Be Disturbed

An election on the issuance of \$200,000 in bonds for construction and improvements to school buildings, has been called for March 25. Acting on petitions signed by Dr. R. B. G. Cowper and 135 other signatories, the board of trustees for the Big Spring Independent School district Thursday evening set the date for the bond referendum.

Rent Controls To Be Dropped In 100 Areas

WASHINGTON, March 11.—A desperate bid to save rent controls for big cities and defense areas, the administration today promised to scrap rent ceilings in more than 100 rural and small city areas. Rep. Patman (D-Tex.) announced the control plan. At the same time he predicted "a wave of strikes" over the country, if Congress fails to continue rent controls for industrial areas where there are housing shortages. "The workers simply cannot stand rent increases from 50 to 500 per cent," Patman said.

Leaders called the House into session two hours earlier than usual, to set up a showdown vote by nightfall. There are now 600 rent control areas. The heaviest attack on continuing controls comes from House members representing large rural areas. By lifting controls in many rural communities administration forces hope to pick up some votes for their rent bill. Tighe Woods rent administrator, agreed to the decontrol plan under a provision of the administration bill that would let him put these areas back under controls if rents jump unreasonably. Speaker Rayburn (D-Tex.) predicted defeat for the Republican 90-day proposal and said he expected rent controls to be continued for 15 months. But barring an overnight change of mind among some Democrats, the issue remained in doubt.

COACH NOT NAMED YET School Officials Are Re-Elected

Top administrators for the Big Spring Independent School district were re-elected at a meeting of the board of trustees Thursday evening. No action was taken on the matter of a head football coach. W. C. Blankenship had recommended re-appointment of Walter L. Reed as high school principal; Roy D. Worley as assistant high school principal; Dean Bennett as elementary education supervisor; Herschel Stockton as head football coach; and John Malaise as head basketball coach.

Bank Loans For Teachers Are Ruled Illegal

AUSTIN, March 11.—The Attorney General held today that the legislature can appropriate money to pay school teachers whose salary fund ran out last year but cannot appropriate money to repay bank loans or interest. Such loans, the opinion said, were illegal. The opinion answered a request from the house of representatives on the constitutionality of a pending bill to provide \$3,000,000 for deficit in salary aid funds for 1947-48. The 13-page opinion written personally by attorney general Price Daniel and Assistant Attorney General Chester Ollison held that a statute and three Texas supreme court cases forbid creation of such debts. Daniel said, however, that most of the bank loans have already been repaid under an "unauthorized" procedure.

Red Cross Fund Now Over \$5,000

Response to the annual Red Cross roll call has passed the \$5,000 mark here Friday. Contributions from Cosden Petroleum Corp. and its employees in the amount of \$1,019.50 was responsible for the substantial gain over the previous report, Chapter officials observed that the Cosden report had accounted for about one-fifth of the total so far. Giving had been generous in most instances, it was said, but contacts had not been made widely. Mrs. Moree Sawtelle, executive secretary, issued an appeal for workers to expedite their contacts as an aid to Jack Y. Smith, roll call chairman, who entered a hospital Friday for minor surgery, and Don Burk, co-chairman, who was unable to be active due to the death of his father-in-law. She urged volunteer helpers to carry on as though Smith and Burk were able to be in touch with them.

Survivor Of Death March Donates To Japanese Cause

LOS ANGELES, March 11.—A man with a forgiving heart is Solly Manasse. Officials of the Los Angeles Care office said he walked in early Saturday and plunked down some bills. "This is for Care packages to go to Japan," he said. "I think we need a few more gestures of international friendship to help out the peace of the world." Manasse, a Palm Springs motel operator, said he spent 44 months in a Jap prison camp after surviving the Bataan death march.

SPY PROSECUTION BRANDED SMOKE SCREEN Red Refuses To Answer Any Questions, Claims Immunity

NEW YORK, March 11.—A Russian engineer accused of espionage today refused to answer questions at his arraignment in federal court and claimed diplomatic immunity. Valentine A. Gubitchev, the Russian indicted yesterday with Judith Coplan, U. S. Justice Department employee, declared the prosecution against him was "to pursue certain aims." However, Judge Simon H. Rifkind answered sharply: "Let the defendant know if he is under the illusion that he is going to be punished without first being convicted by due process of law," he is harboring a mistaken idea. The judge continued Gubitchev's \$100,000 bail and declined to accept the statement of the suspended United Nations employe that he did not want counsel. Rifkind said he would assign a lawyer to represent Gubitchev. He then put off until Monday the pleading on the indictment. Miss Coplan pleaded innocent to the three counts of the espionage indictment in which she is named. Her trial was set for April 1. The judge declined the govern-

Water Program Leaders Called On March 21

Austin Parley Will Consider Legislation

Two bills introduced Thursday afternoon in Austin will take the executive committee of the Colorado River Municipal Water Association to the legislative scene for two conferences on March 21. R. T. Piner, committee chairman, said he was calling a meeting of the executive group for 10 a. m. on that date in the Driskill hotel, Austin. Committee members will remain over for another session at 7:30 p. m. at which time they will confer with legislators whose districts touch the area embraced by the proposed Colorado River Municipal Water District. Two bills were introduced Thursday afternoon in the state senate under joint sponsorship of Senators Corbin of Lamesa, Bullock of Colorado City and Hudson of Pecos. One is an enabling act, which would permit creation of the water district, while the other would authorize cities to enter into contracts with the district upon approval of taxpaying voters at referendum. The committee is due to study details of both measures at the morning session in Austin, and then enter a general discussion with the legislators. Although Colorado City plans to obtain water from Lake Colorado City now under construction on Morgan creek in Mitchell county, and Midland city officials have indicated they are not interested in participation, original executive committee members from all four cities that started the project have been requested to attend the Austin meetings. Members of the executive committee are R. T. Piner and Mayor C. W. Dabney, Big Spring; John W. Mitchell and Mayor A. P. Brown, Odessa; M. C. Ulmer, association president, and Mayor R. H. Gifford, Midland; and C. C. Thompson and Mayor J. C. Pritchett, Colorado City.

TCU Dean's Car Left At Coahoma

Trail of suspects in the brutal slaying of Dr. John Lord, dean of the Texas Christian University graduate school and head of the school's social sciences department, led through here today. A light gray 1948 Kaiser sedan, identified as belonging to Dr. Lord, had been left with the J. B. Martin garage in Coahoma Tuesday at 8:30 p. m. The license numbers, CF 8585, corresponded with those issued to Dr. Lord, officers said.

Martin told the Herald that the car had been brought in late Tuesday afternoon by two youths and left for repair of a defective clutch. When no one called for the car after two days and when he heard reports of Dr. Lord's car being missing, Martin communicated with the sheriff's office here. The younger of the two men appeared to be "the owner of the car," said Martin. He talked freely, saying that he would have to wire his father for money. Shortly afterwards he caught a bus to Big Spring, and there his trail disappeared. His companion, whom Martin thought might have been a hitchhiker, remarked that the "second ride he had got that developed a burned out clutch." Instead of catching a bus, he thumbed a westbound ride on US 80 highway. During the course of conversation Tuesday evening, the younger of the two youths, whom Martin described as being about five feet, four inches tall, weighing about 140 pounds and wearing a gray suit with possible light checks, remarked that "his father owned a 120 or 140 acre farm in the vicinity of Fort Worth." Although Martin did not hear himself, he said the light-complected young man told one of the garage attendants that his father was a TCU professor. He claimed that he was enroute to California to enlist in the Navy, recalling he had served one four-year enlistment. He told Martin he had a sister in California and was in a hurry for the car because he had only five days left in which to reach the West Coast. The other youth did not have much to say. He was described as being slender and about six feet tall. He wore a brown suit. The younger of the two carried a small suitcase with him when he boarded the bus. Henry Long, who was on duty at the bus terminal here Tuesday evening, said that he had no record of a long-haul ticket being sold to a man, but that several short-haul tickets to the west were issued. He did not recall anyone fitting the description. Deputy Sheriff C. E. Kiser said he had received a report that a young man had been overheard talking to a girl while waiting at the bus station Tuesday evening, and that he said he was re-enlisting in the Navy and his father was a TCU professor. Martin purchased clutch parts here early Wednesday morning to rush repairs on the car. When, after two days, the young man had not called for the car, he became suspicious.

HUNDREDS WILL VISIT HCJC Pioneer Week Due To Bow Out Today

Pioneer Week makes its final stand today at the Howard County Junior College when hundreds of visitors are due to visit the campus. With the young institution fast outgrowing the pioneer stage, the special week of festivities may be charged to another name next year. E. C. Dodd, president of HCJC, anticipated that between 300 and 400 visiting high school seniors would be among the guests starting at 2 p. m. today. In all, around 1,000 persons may be guests of the college during the day. This year parents of students and visiting seniors are being invited to take part. With the exception of a few other guests, it has become necessary to limit the list due to the large number. Invitations have been extended during the week to graduating classes at Forsan, Garden City, Courtney, Stanton, Sparenburg, Lorrains, Midland, Roscoe, Snyder, Knott, Ackerly, Flower Grove, Colorado City, Westbrook, Sterling City and Lamesa. A conducted tour was to begin at 2 p. m. today at the college with a "Brush" court set at 4 p. m. with Johnny Anglado presiding with the assistance of Prosecutor T. D. Weaver. Sheriff "Sugar" Cain and his staff of deputies will add to the fun. The Little Theatre Guild is to present "The Tragedy of Comedy" as an added attraction. Following an address of welcome by Louis Manely, president of the student body, visitors will be feted to a Western barbecue. Folk dance demonstrations at the gymnasium (temporarily in one of the hangars on the line at the airport) will highlight the evening's activities and besides couples from Big Spring clubs, others from Stanton, Midland are due to join in the show. Later there will be a frolic for visiting students and parents as the week formally bows out.

Liquor Store Is Burglarized

Losses upward to \$1,000 were reported in a burglary of Bill's Liquor store five miles north of Big Spring, which occurred sometime before daylight this morning. Bill Loving, proprietor, reported to local authorities that a Smith and Wesson pistol, a German Mauser automatic rifle, a watch, three silver dollars and a considerable amount of liquor was taken by the intruders, who made entrance into the store by breaking in the front door. The Cap-Rock Liquor store, located immediately north of town, was also entered, apparently by the same burglars, but nothing was taken. Mrs. J. W. Marchbanks, wife of the Cap-Rock store's proprietor, reported to Deputy Sheriff C. E. Kiser that she surprised a man trying to start her car in front of the store around 8 o'clock last night. When challenged, the man dismounted, meekly said that the machine looked like his and walked away.

Cleburne Youth Charged With Dean's Death

CLEBURNE, March 11.—Arthur Clayton Hester, 18, was charged with murder here today in the mysterious slaying of his guardian, Dr. John Lord, 69, Texas Christian University graduate school dean. The Canadian-born educator, missing two days, was found dead yesterday in his rambling country home near Burleson, 12 miles south of Fort Worth. The body, fully dressed, was found on a bed in a back room of the secluded house by two TCU students who went to investigate Lord's absence from school. Hester, who made his home with Lord, is missing. Lord obtained Hester's release from the "state orphan home in Corsicana in 1946 and became his guardian. Lord's body was badly beaten. His wallet was empty and the house bore evidence that a struggle preceded the dean's death. Lord's gray four-door sedan was found Tuesday night at a garage in Coahoma, between Cleburne and El Paso. J. E. Martin, owner of the garage, said it was brought there by two boys. The car's clutch was burned out. Martin said the boys abandoned the car, one taking a bus for Big Spring and the other hitchhiking a ride out of Coahoma. A youth, fitting Hester's description, was detained early today at El Paso. He was arrested at the Army YMCA after a motorist reported he became suspicious of a hitchhiker that rode with him from Big Spring to El Paso. Detective Capt. W. C. Woltort said the motorist, W. A. Pettinoff of Dallas, later said that the man detained was not the hitchhiker. El Paso authorities immediately took up a new hunt for the hitchhiker. Johnson County Sheriff Houston Walling filed the charge against Hester before Justice of the Peace R. L. Derryberry at Cleburne. It was signed by Dist. Atty. John A. James, Jr. Cleburne is the county seat of Johnson County, home of Dr. Lord.

Train Robber Shot By Police Holds On To Life In Hospital

WASHINGTON, March 11. (AP)—One of two men who held up a crack passenger train on a spur-of-the-moment impulse held on to his life today.

Both were arrested yesterday in a pawnshop just six blocks from the White House 15 hours after the wild west style train robbery near Martinsburg, W. Va.

Police identified them as Luman Ramsdell, 23, now near death in a hospital, and George Lleyellyn Ashton, 21, both of Youngstown, Ohio.

Ramsdell reached for his gun when police entered the pawnshop on famed Pennsylvania Ave. and asked the two men to identify themselves.

But police shot first, and a copper-jacketed slug ripped through Ramsdell's chest two inches below his heart. His condition was termed critical early today.

Ashton, clad in a zoot-suit, quickly surrendered without resistance. The Federal Bureau of Investigation has filed train robbery charges against both men. Ashton is being held under \$50,000 bond.

Both men readily admitted they yanked the Baltimore and Ohio's fast Ambassador Express to a stop by pulling an emergency cord, robbed its 147 passengers and crew members at gunpoint, and later held up a nearby tavern.

When arrested here after an intensive three-state manhunt the men had on them just \$563.82, although it was reported that an estimated \$1,500 to \$1,000 was taken.

GEORGE L. ASHTON

However Ashton insisted all they got in the sensational robberies was about \$575.

"We didn't take any jewelry or

stuff like that on the train. We took only money and didn't spend any of it before the cops got us here—we didn't have a chance to," Ashton told reporters, they were trying to buy clothes and luggage in the pawnshop when captured.

He made it clear that only the two of them were involved in the holdup, and not the four estimated earlier by confused passengers and trainmen.

Ashton said the robbery was not planned.

"We were sitting in the club car and we got into an argument with the steward," he said. "It wasn't about our bill. That was \$16.15 and we had the money to pay for it."

"But we didn't like a drink he gave us. So we went back to our seats in one of the coaches and got our guns out of our suitcases. Then we came back to the club car and held up the steward.

"We didn't plan to hold up the rest of the people. That came on the spur of the moment. We didn't even ask each other about it. We just both started going right through the club car, holding up the passengers. Then we went through the other cars."

LABOR ROW FURTHER COMPLICATED

Union May Tie Up New York Stations

NEW YORK, March 11. (AP)—A union threat to tie up New York's two biggest railroad passenger stations added new complications today to a dispute that has snarled railway express shipping here.

Officials said pickets may be thrown around Pennsylvania and Grand Central Stations—a move which they said would halt operations at the two big terminals.

Daniel J. Sullivan, general chairman of the express division of the AFL Brotherhood of Railway Clerks, made the threat called a "lockout by the Rail Express Agency."

He said 3,000 employes in freight terminals, depots and sorting stations in New York and northern New Jersey have been locked out as the result of a "work slowdown" by express workers.

The showdown started three days ago in protest against what the union termed "company stalling" in contract negotiations now going on in Chicago.

Claiming employes were falling "to carry out their assigned duties," the company yesterday laid off 1,177 men, and said the employment of some 7,800 other package handlers and drivers would be terminated by tomorrow.

Sullivan said 3,500 others had been laid off in Washington, Baltimore and Philadelphia.

Although the company did not confirm this, an official said it was "likely" that layoffs would result in cities throughout the country as a result of the paralyzing situation here.

vention sermon at the church at 7:30 p. m., followed by an informal reception in the Parish hall. Mrs. Obie Bristow will preside as reception chairman and those in the receiving line will include Bishop and Mrs. Quarterman, the Rev. and Mrs. J. R. Maceo, Senior Warden, Mr. and Mrs. E. B. McCormack, Junior Warden, Mr. and Mrs. W. R. Dawes, Mrs. Arthur H. Ware, president of the District Woman's Auxiliary, Mr. and Mrs. John Warfield and Mrs. V. Van Gieson.

Registration of the delegates will begin at 3 p. m. and the Women's Auxiliary Executive Board will be entertained with a dinner in the Maverick Room of the Hotel Douglas at 5 p. m. Sunday.

On the second day of the convocation, coffee and rolls will be served the delegates and visitors at 8 a. m., following registration. Holy Communion and Bishop Quarterman's address will be heard at 9 a. m., prior to the organization of the Convocation in the Parish hall under the direction of the Bishop and the organization of the Women's Auxiliary in the nave of the church by Mrs. Ware.

Luncheon will be served at 12:30 at Hotel Settles.

The Rev. Aisle H. Carleton will discuss "Life's Greatest Possession" during the morning worship hour at the First Methodist church Sunday morning.

Prior to the sermon, Mrs. R. G. Birmingham will sing the solo, "How Lovely Are Thy Dwellings," by Liddle.

"Everybody May Prosper," will be discussed at 7:30 p. m. by the Rev. Carleton. Sunday school is at 9:40 a. m. and Youth League at 8:30 p. m.

At the First Presbyterian church Sunday morning, the Rev. R. Gage Lloyd will speak on the subject of "Taking A Stand," based on scriptural references from Matt. 12:30.

During the evening service, the Rev. Lloyd will discuss the second in a series of sermons on the "Old Testament Prophet, Isaiah."

Announcement is made by Dr. P. D. O'Brien, pastor of the First Baptist Church, that the all-night Saturday chain of prayer will be resumed this week due to the growing demand. The prayer chain was begun a month prior to the revival held here recently and will be conducted on the same schedule as before, with one hour periods from 8 p. m. in the evening to 8 a. m. Sunday morning.

At 11 a. m. Sunday morning, Dr. O'Brien will speak on the subject, "False Peace Rumors," from Jer. 6:14. The evening sermon will be "What Think Ye Of Christ," from Matt. 22:42.

The Rev. Warren Stowe will present the sermon topic, "What Does It Mean To Be Born Again?" at 11 a. m. Sunday morning in the Airport Baptist church. Scriptural text is from John 3.

During the evening worship hour, the Rev. Stowe will speak on the topic, "The Second After Death."

At the First Christian church, the Rev. Lloyd Thompson will speak on "Christ's Prayer For His Church," and during the evening service, the Rev. Thompson will give the thought, "Let Us Draw Near."

Sunday school and Bible class will convene at 10 a. m. at St. Paul's Lutheran church Sunday, followed by the sermon, "The Cost Of Your Redemption," by the Rev. Ad. H. Hoyer. Voters meeting is scheduled for 2 p. m. with the Concordia Ladies Aid at the same hour.

Members of the Park Methodist church will worship in their new church, 1401 West Fourth Street, Sunday morning and invitation is extended the public to share in their worship services.

The Rev. I. A. Smith will speak during both worship services (11 a. m. and 7:30 p. m.) Sunday. Sunday school will meet at 10 a. m.; Primaries and Juniors at 8 p. m. and the Intermediates will conduct their session at 6:30 p. m.

Midweek prayer services will be conducted at 7:30 p. m. each Wednesday.

In concluding the "Trials of Jesus," Sewell Jones, minister of the Church of Christ, will speak at both the morning worship hours on the topic, "Christ Before Pontius Pilate." During the evening service, Jones will conclude this discussion. Sunday school is at 10 a. m. Morning services are at 9 and 11 a. m.

"Substance" is the subject of the lesson-sermon to be read in the Christian Scientist reading room, 217 1/2 Main, at 11 a. m. Sunday morning.

The Golden Text is: "Now faith is the substance of things hoped for, the evidence of things not seen." (Hebrews 11:1).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Charge them that are rich in this world, that they be not high minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy." (I Timothy 6:17) and from page 459 of the Christian Scientist textbook.

Sunday masses at St. Thomas Catholic church, 508 North Main, are at 7 and 9:30 a. m. and daily masses are at 7 a. m. Confessions are heard before the daily mass from 7:30 to 8:30 p. m. Saturdays. At the Sacred Heart Catholic church (Latin American) Sunday masses are at 8:30 and 10:30 a. m. and weekday mass is at 7 a. m.

Evangelist S. W. Hancock of Little Rock, Ark. will conduct both worship services at the Main Street Church of God, corner Tenth and Main, Sunday. These are the closing messages of a week-long revival and the public is invited to attend.

Sunday school is at 9:45 a. m. and Youth Fellowship, under the direction of Jeanne Reddell and Fern Stroope, will meet at 8:45 p. m. Truett Thomas will conduct the song service at 7:30 p. m.

Evening Topic:
"WHAT THINK YE OF CHRIST?" Matt 22:42.

THE STRENGTH OF THE CROSS

The Cross of Christ has survived the ages. It has stood the test of time; it has weathered the storms of adversity and oppression — always triumphantly.

This gives men hope. For life travels in a strange cyclic pattern of births and deaths. Little in human relations is intelligible, little shows progress. Nations rise and fall, battles are fought and won, only to be reenacted time and time again across the stage of history until the whole scheme of life seems meaningless and futile.

But always there is the Cross! Whether it be of massive stone or delicate gold and silver, still it gives men that courage and purpose which are so necessary for successful living in this perplexing world.

You can find this strength of the Cross in your church. Plan to attend worship services next Sunday, and bring your family and friends.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SUNDAY SCHOOL LESSON Jesus Not Only Savior, But Ministered To Ills

Scripture — Mark 8; 6:31-44; Luke 7:18-23; 19:1-10.
By NEWMAN CAMPBELL.

In Jesus' time—even as in our own day—many suffered ills of mind and body. Jesus came not only as the Saviour of mankind, but also to minister to those who were suffering. He thus not only showed His power as the Messiah to heal their bodily ills, but He comforted those that were soul-sick.

The lesson assigned to us today is too long to dwell on at length in the space assigned to us, so we

Dutch Fear Chaos In Isle Republic

LAKE SUCCESS, March 11. (AP) — A professed Dutch fear of violence and chaos in Indonesia stood out today as the main stumbling-block to restoring the Indonesian republic to power.

The Security Council was called to meet for another round on the Indonesian case, with several delegates trying to find a way to bring Dutch and Indonesians together.

Dr. J. H. Van Royen, the Netherlands representative before the council, said if someone could revise a way of meeting Dutch fears of chaos and violence the problem might be solved.

He said no one had presented a feasible solution so far.

Van Royen told the council yesterday that the Netherlands has given the Indonesian Republic chieftains freedom of action but has not restored them to authority in Jogjakarta, their former capital.

He said the Dutch feared reprisals on a horrifying scale if the Indonesian Republic was put back in power. He said it would encourage Communists also.

Warren R. Austin, United States delegate, backed completely the Security Council plan for settling the Indonesian conflict. One key provision of this plan calls for the Dutch to return the Indonesian Republic to power.

Austin said he could not understand why the Dutch have not complied with that provision.

Axis Sally Must Await Sentence

WASHINGTON, March 11. (AP) — Mildred E. (Axis Sally) Gillars was convicted of treason yesterday but her punishment probably won't be known for a week or more.

A mixed jury found her guilty of broadcasting propaganda for the wartime German radio.

The maximum possible sentence is death in the electric chair; the minimum, five years in prison, a \$10,000 fine and loss of her American citizenship.

Even in advance of sentencing, Miss Gillars' attorney served notice that he is not through fighting.

His first step, said James J. Laughlin, will be to file a motion asking Federal Judge Edward M. Curran to set aside the verdict and order a new trial. Laughlin has five days in which to take this action. If his motion is denied, Laughlin told reporters, he will carry the case to higher courts.

Miss Gillars, 48, who tearfully swore from the witness stand that she always loved this country and never intended to betray it, heard the verdict without visible emotion.

MACARTHUR OFFICIAL MAY HAVE TO PAY BIG FINE FOR CURSING

TOKYO, March 11. (AP) — Gen. MacArthur's civilian chief fire administrator will learn from a colonel whether he has to pay a \$300 fine for a row with a lieutenant colonel.

The official, George W. Angell, was convicted yesterday by an Army court martial of violating the 95th and 96th articles of war by using provocative language and striking an officer.

The officer he tangled with after a jeep-automobile collision Dec. 29 is Lt. Col. John A. Jimerison, Neb.

The court-martial sentence will be reviewed by Col. J. F. Davis, commanding officer of the headquarters and service group, before it becomes effective.

Angell's attorney unsuccessfully maintained that Angell could use "provocative language" to an officer if President Truman could publicly call a man "an a.s.b."

Basic Science Bill Awaiting House Passage

AUSTIN, March 11. (AP) — The explosive basic science bill awaits final House passage.

Bitterly fought for two days on the House floor, the bill was passed on second reading last night 90 to 41. The vote indicated sure victory for supporters in final House action.

The bill has been repeatedly sponsored in numerous legislatures by the Texas State Medical Assn. and just as regularly battled by the chiropractic profession. It would require a state examination in the basic sciences as a requirement for practicing any phase of the healing arts.

Whether it will have as good fortune in the Senate remains to be seen. Virtually the same bill was approved by the House two years ago but died in the upper chamber.

Cars Derailed
FREDERICKSBURG, Va., March 11. (AP) — Three cars of the Seaboard Air Line railway's Silver Comet, bound from Florida to New York, were derailed on a siding one mile south of here today.

Railway officials said there were no personal injuries.

Al Talbot, Long-Time Agent For Cosden Sales, Dies In Chicago

Albert G. Talbot, 63, for more than 15 years commission agent for Cosden Petroleum Corp. for sale of gasoline in states other than Texas and New Mexico, died Wednesday morning in a Chicago, Ill. hospital.

He had suffered a third attack of coronary thrombosis. It was learned through Cosden officials here.

Funeral will be held at Faith, Hope and Charity church (Roman Catholic) at Winetka, Ill. on Saturday at 10:30 a. m.

A special meeting of the board of directors of Cosden Petroleum Corp. has been called for Chicago on Saturday morning so that the entire board may attend the funeral in a body and adopt appropriate resolutions of sympathy and condolences to the family. R. L. Tollett, president, and M. M. Miller, vice-president, left here Thursday evening to attend the special meeting and funeral.

Mr. Talbot did business under the name of Petroleum Exchange Company with offices at 8 South Michigan Ave., Chicago and he and Mrs. Talbot made their home at Edgewater Beach hotel.

For more than 15 years he had exclusive contract for sale of Cosden gasoline exclusive of Texas and New Mexico and was a close associate of the late J. S. Cosden. His association with the present company and its predecessors had been continuous.

He also owned some producing oil properties and drilled and completed three wells in the East Howard field last autumn. He visited Big Spring several times each year. Since the general offices

were moved here in 1940, he was in almost daily communication with the refinery.

A native of Parsons, Kans., his first work was with the M. K. & T. railroad. Shortly thereafter, he entered the oil business and held the unique distinction of having built the first filling station in the United States, which he operated in Denver, Colo. shortly after the turn of the century. He was an enlisted man in World War I.

Surviving are his wife; a son, Al Talbot, Jr., a senior at the University of Oklahoma; two daughters, Mrs. Robert W. Hunt, Chicago, and Mrs. Grover Clark, Akron, Ohio.

Charges Are Filed After Car Collision

Two men who struck up an acquaintanceship in a local tavern last night and then went their separate ways met again in the most unexpected way a short time later when vehicles they were driving crashed head-on on the Gregg street viaduct.

J. W. Shaw of Lamesa, who works for a local drilling contractor, was charged with driving while under the influence of intoxicants in county court this morning after he had signed a statement admitting he had driven one of the automobiles.

He involved the other party, who was later picked up by city police and charged with leaving the scene of an accident.

Shaw was fined \$100 and costs and had his driver's license suspended for six months.

Films Are Shown At Business Club

Lt. Fred Massey and Staff Sgt. Runyan of the local recruiting office showed two films as the program for the American Business Club held Friday noon in the Crawford Hotel. The films were actual battle scenes of General Montgomery's defeat of Field Marshal Rommel's forces in Africa. Most of the film was captured by the British from German files.

It was announced that Pete Green, president, will represent the ABC on the directorate of the centennial association. Plans were made concerning a West Texas square dance tournament to be sponsored by the club. Charles Staggs was named chairman of the tournament committee.

Chad Rockett of Dallas, a former club member, was an out-of-town guest at the meeting.

School Bible Class To Hold Cake Sale At Stores Saturday

Looking toward a trip to San Antonio a week hence, members of the High school Bible class will sponsor a cake sale in several food stores here Saturday.

Mrs. Elizabeth Johansen, teacher, said that plans were for approximately 40 Bible students to go by bus the morning of March 13 to inspect the Alamo and other early missions in that city, as well as to visit other shrines and Brackenridge park. The group would return here the following evening.

Proceeds of the cake sale would go toward financing bus fare for the students. Tentatively, Furs, Food, Rogers and Brown's Groceries were announced as points for the sale.

EUROPEANS TO HAVE NEW HOME
Belgian Colony Is Planned For Chile

SANTIAGO, Chile (AP)—Chile's lonely but fertile southland is to have a Belgian hamlet of 38 souls.

The Belgians are on their way to their new home in the Murta River valley from the southern tip of Chile and from Argentina, where they arrived some weeks ago. Their overland journey in motor trucks started after they received permission from Buenos Aires to pass through Argentina territory.

The Chilean government has rented them 100,000 hectares of land and is considering their request for 80,000 hectares more. There the Belgians will grow livestock and saw lumber in the virgin forests.

The colony is the result of a visit one of its leaders, Paul de Smet, made to Chile about a year ago. De Smet came from his home in Eppewhem, surveyed the possibilities and chose the site. Now he is back with a co-leader, Gabriel de Halleux, of Brussels, and 36 other men, women and children.

Some arrived at Punta Arenas on a British ship, others at Buenos Aires on a Belgian ship. They brought everything they need to live independently—a priest, a doctor, a schoolteacher, motor trucks, tractors, electric generators, a saw mill even their household utensils. For there is no town near the site of the new colony.

The Belgians have chosen to settle in an Andean valley near the large Lake Buenos Aires which straddles the Chile-Argentine frontier. The site lies in wooded, rainy Aysen province whose 8,898,000 hectares are populated by only about 18,000 persons.

President Gabriel Gonzalez Videla is especially anxious to colonize Aysen province. His minister of agriculture, Victor Ojeda, estimates it could produce a million head of cattle and two million sheep in five or six years.

Carlos del Rio, director general of lands and colonization, has ordered that every facility possible be given to the new Belgian settlers, whose colony may set an example for others.

'Pioneers' Will Play Tuesday In City Auditorium

BOB NOLAN

The many fans, who have seen them in Roy Rogers pictures and have heard them in daily broadcasts here, will have an opportunity to see the "Sons of the Pioneers" in the flesh.

Bob Nolan brings his Western Jamboree here for a single performance Tuesday evening at the city auditorium under auspices of the Junior chamber of commerce.

More than 25 per cent of the cowboy and western music currently popular is the original work of the "Pioneers." Included are such favorites as: "Tumbling Tumbleweeds," "Cool Water," "Way Out There," "The Timber Trail," "The Everlasting Hills of Oklahoma," and many others.

In addition to presenting an array of familiar tunes, the Western Jamboree will include well known stage, screen, radio and television personalities in a two-hour show.

The "Pioneers" have entrenched themselves due to their refusal to embellish old songs with things that were not written into them originally. In addition, many of those of Bob Nolan, are included in a repertoire that has contributed to their popularity.

Time for the showing has been set at 8 p. m.

PACE OF LIVING IS ONE CAUSE
Mental Illness On Increase, Club Told

One out of every six families will have a member fall victim to nervous or mental disorders if present trends continue, Miss Mathilde C. Maier told the Kiwanis club Tuesday.

High on the list of contributing causes to the increase in mental illness is that of the pace and complexity of modern civilization, she said. Some of the increase is attributed to the war. Stretching of the span of life is increasing the odds for mental ailments among the senile.

Treatment varies in individual cases. Some lend themselves to improvement by means of the electric shock therapy. Others respond more readily to sleep treatment, which is not too widely employed and not at all in the Big Spring State hospital. Hydrotherapy is another of the physical means used in treatment, according to Miss Maier.

Several of the therapies (treatments) which fit into the state hospital program here are physiotherapy, occupational therapy, attitude therapy and music therapy. These involve patient participation and cooperation.

Originally established to serve 52 counties and slightly in excess of 400 patients, the press of cases has cut the number of counties served principally by the Big Spring State Hospital to 18, Miss Maier explained. In 1945-46, the number of new admissions was 37 and the over-load 40; in 1946-47 new admissions stood at 137, but the over-load dwindled to five; in 1947-48 admissions reached 232 and the over-load rose to 52. Average for the hospital is 450 to 480 patients, said Miss Maier.

Music for the meeting was furnished by Joe Williamson at the piano. New members introduced were Jimmie Hale and Jasper Atkins.

The club issued reminders of the celebrated McMillan African Big Game hunt motion pictures to be shown at the city auditorium March 21-April 1 under Kiwanis sponsorship. The pictures were shot by members of the W. G. McMillan family of Lubbock in fulfilling his life's ambition to hunt big game in Africa.

Man Arrested For Car Theft

A Colorado City man, Leo Fritz, was returned here from that city yesterday and lodged in the county jail on a charge of car theft.

According to Deputy Sheriff C. E. Kiser, Fritz orally admitted taking a car belonging to a blind man, S. J. Smith, of Austin and driving to Colorado City but said he was drunk at the time and stated he did not have complete recollection of what happened.

Smith, accompanied by his wife, complained to County Attorney Elton Gilliland that a man he had befriended apparently had made off with his automobile and belongings. The man had asked for permission to sleep in the machine after Mr. and Mrs. Smith had registered at a local tourist court.

Fritz was nabbed by Colorado City authorities following a tip given by local authorities. Smith's vehicle and belongings were recovered.

MAN DEVELOPING 'ROCKET SHIP' THAT WILL SOAR UP TO 25 MILES

CHICAGO, March 11 (AP)—Zoom! And straight up some 25 miles man will ride in a proposed rocket powered winged missile.

The rocket, says a Chicago researcher, will reach its peak almost at the limit of the earth's atmosphere. Then, he said, it will glide safely back to earth. It will be called the first "space" ship.

The man-carrying rocket is being developed by Eugene A. Maynor, veteran rocketeer and chemical and mechanical engineer. Plans for development and launching of the winged rocket were discussed by Maynor to a war veterans group last night.

He said his rocket ship should reach a speed of 1,400 miles an hour on its upward flight, under impetus of 80 seconds of power. It should continue upward for another 60 seconds at 700 mph, indicating a possible maximum altitude of between 30 and 38 miles.

After the fuel is exhausted and its speed slower, Maynor said, the rocket will become a fully controllable glider. The pilot could disengage the rocket rotors and glide down to a landing at a speed of 46 miles an hour.

The missile will be built of stainless steel, he said. The main body will be a tube about 30 feet long and three feet in diameter, devoted mainly to tanks for 6,000 pounds of nitric acid furlural alcohol, the fuel for the craft. It will have a wing span of 24 feet. A pilot's compartment and storage space for the scientific instruments will be in the nose of the tube.

Present plans, he told the veterans group call for a series of "shoots" from a barge in Lake Michigan.

Maynor, who has experimented with rockets for more than 20 years, was engaged in rocket experiments with the Navy and Army ordnance officials in World War II. He served as an artillery captain in World War I. Later he returned to Alabama Polytechnic Institute and received his engineering degree.

Labor Party Still Holding Onto Seats

LONDON, March 11 (AP)—The Labor Party has maintained its four-year record of not losing any of its seats in parliament to the conservative opposition.

The laborites retained their seats from the St. Pancras district in an election Wednesday. Kenneth Cobinson, Labor, got 11,185 votes, and N. S. Shields, Conservative, 11,118, and John Mason, Communist, 854.

The Labor Party has kept 32 seats in parliament in special elections since 1945. Conservatives have held on to 12 and gained three from independents or minor parties.

Witnesses Called In Horse Meat Case

HOUSTON, March 11 (AP)—Twenty-two witnesses were subpoenaed to appear today as the Harris County grand jury began investigating Houston's horse meat cases.

City officials said the city's files on 26 cases of illegal sales of horse meat for humans to eat were turned over to the jury yesterday.

Japanese Seeking Stuff They Can Sell

Check Man's Story Of Stolen Truck

A Big Spring man was being held in the county jail here this morning while police checked his story that he innocently drove a truck to Fort Worth stolen by two men.

The man claimed the pair came to him and asked him to drive the machine to Fort Worth, where he was arrested by resident authorities.

SILO-SITTING COW APPARENTLY HAS TOUCHED OFF WAVE OF BOVINE SULKES

HALSTEAD, Kan., March 11 (AP)—Cows sure are getting temperamental these days, aren't they?

Ever since Grady got all that publicity about her silo sitting, the other cows have been running up stairs to sulk.

Consider Hot Shot, Ray Kaufman's four-year-old Jersey. She doesn't like new-fangled ideas. She objects to milking machines. She protested vehemently Wednesday when Kaufman put the udder attachment on her. But she submitted under pressure.

Yesterday morning was different. When bossy saw the boss coming with the milking machine she bolted. She flew up a flight of narrow stairs, turned a sharp curve and ended up in the hay mow.

Yesterday afternoon Kaufman solved his own problems. No experts. No grease. He called a couple of neighbors, rigged a block and tackle, swung Hot Shot through an outside door and lowered her to the ground.

Last night Kaufman milked Hot Shot personally. The old fashioned grab and squeeze method.
