After 43 Years of Service

Fulbright Retires As City Superintendent

The retirement of Pete Fulbright as McLean superintendent of public works was announced this week by Mayor Boyd Meador.

Fulbright, an employe of the city for 43 years, retired effective on Aug. 1. He had been on a leave of absence, due to ill health, for the past six months.

Meador said no replacement for Fulbright had been selected. The city commission will discuss the naming of a new city superintendent at its regular monthly meeting next Tuesday night.

Fulbright said Wednesday that it was "a hard decision to make," but he thought his retirement at this time was "the best for all concerned."

The mayor said he had accepted Fulbright's decision "with regret."

Devoted Employee

"No city anywhere could have ever had a more devoted employe than Pete," Meador said. "He has gone far beyond the call of duty innumerable times through the years, and we want him to know we appreciate his faithfulness."

Fulbright first became an employe of the city in 1922 during the construction of the water and electric power systems and the ice plant.

He was promoted to superintendent of public works in the latter part of 1923 and has held the position ever since.

He noted Wednesday that there had been "quite a few changes" in the city since 1923.

As for the future, Fulbright said, "I just don't know what I'll do." A vacation trip is planned soon, and after that there will be time for him to relax and enjoy life.

Home Ec Teacher Attends In-Service Conference at Dallas

Mrs. Aleta Thompson, McLean High School homemaking teacher, participated in the state In-Service Education Conference for Homemaking Teachers last week in Dallas.

The conference was held Monday through Friday at the Hotel Adolphus.

Friday, she will attend a curriculum planning program at Wellington, with homemaking teachers from neighboring schools in attendance.

Teachers will be present from Panhandle, Shamrock, Samnorwood, Quail, Hedley, Paducah, Childress, Wheeler, Pampa and Wellington, in addition to McLean. The meeting is planned at the residence of Mrs. Paralee Coleman.

Mrs. Thompson was on the registration committee for the conference in Dallas.

'Developing Confidence'

Guest speaker was Miss Dorothy Emerson, consultant on citizenship leadership from Washington, D. C. She spoke on "Developing Confidence for Community Leadership."

NO SERIOUS INJURIES: A Phoenix, Ariz., family of eight escaped serious injury last week when this vehicle overturned seven miles west of McLean on U.S. 66. Mrs. Della Phoebe Gilbert, the driver, lost control while traveling east. She credited seat belts with preventing injuries to her, her husband and their six children. (McLean News Photo)

Several Persons Injured Patrol Investigates 6 Area Accidents

The McLean area has been the scene of a rash of accidents the past several days, with six being investigated by the Highway Patrol.

Starting on July 24, the series of mishaps continued through Monday.

In the Wednesday accident, a Phoenix, Ariz., family was shaken up but not seriously hurt when their 1962 Ford panel car overturned seven miles west of McLean at 5:45 p.m.

Mrs. Della Phoebe Gilbert, the driver, said wind currents caused her to lose control of the heavily loaded vehicle, which was pulling a trailer.

She turned the car onto the highway median, and the vehicle overturned.

Seat Belts Help

Highway Patrolman R. C. Parker, the investigating officer, said seat belts helped to prevent more serious injuries to Mrs. Gilbert, her husband, Harry, and their six children.

Mrs. Gilbert sustained a cut on her leg, and she was treated at McLean Hospital and released.

The preceding Saturday, four persons required hospitalization when a 1958 Rambler ran off of Highway 66 and struck a culvert 7.4 miles east of Groom.

Mrs. Mona Rae Vekas of Cleveland, Ohio, was at the wheel of the car when she lost control while traveling west.

She and her husband, John; their 22-month-old baby, Lucinda, and Mrs. Miriam Clarke of Anaheim, Calif., were admitted to Groom Hospital.

Damage was estimated at \$500 by Patrolman Charles Henderson.

Trailer Overturns

Per Gosta Svenson of Cinnaminson, N. J., was unhurt when he lost control of his car, pulling a U-Haul trailer, 3.9 miles west of Alanreed on Highway 66.

Henderson said the trailer overturned, causing damage estimated at \$175.

A McLean woman and her 2-year-old son sustained apparently minor injuries last Friday in a two-vehicle collision .8 mile east of the city.

Mrs. Rita Jo Crockett's 1961 Chevrolet pickup was struck from the rear by a 1965 Chevrolet driven by John Henry Abeln of Los Angeles, Calif.

Damage to both vehicles was estimated at \$1,100 by Patrolman Henderson.

Admitted to Hospital

Mrs. Crockett and her son, Deb, were admitted to McLean Hospital for treatment.

Serious injuries were sustained Saturday by Ralph Wilbur Norris and his wife, Mary, of Hayward, Calif., when their 1963 International pickup overturned two times .7 mile west of Alanreed.

The vehicle entered the Highway 66 median before overturning at 6:05 p.m.

Mr. and Mrs. Norris were admitted to Shamrock Hospital. At 6 p.m. Monday, a 1961 Buick (See INJURIES, Page 2)

McLean Schools To Begin Term Aug. 30

REGISTRATION FOR STUDENTS IS AUG. 26-29

Classes will begin in the McLean school system on Monday, Aug. 30, Supt. Jack Riley announced this week.

Buses will run, the cafeteria is to be open and a full day of school is planned on the 30th, Riley added.

Registration for the 1965-66 school term begins on Thursday, Aug. 26, and continues through the following Saturday.

The registration schedule: Thursday, Aug. 26—Seniors from 9 a.m. until 12 noon; juniors from 1 p.m. until 4 p.m.

Friday, Aug. 27—Sophomores from 9 a.m. to 12 noon; freshmen from 1 p.m. to 4 p.m.

All elementary students in grades one through eight will register on Saturday, Aug. 28, from 1 p.m. to 4 p.m. in their respective grades.

Registration for the Tiny Tot Kindergarten will be held Thursday and Friday, Aug. 26 and 27. Parents interested in enrolling their children are invited to contact Mrs. T. C. D'Spain, GR 9-3119.

Football practice for the McLean High School Tigers begins on Monday, Aug. 16, according to Head Coach Fred Hedgecoke.

Equipment is to be issued on the first day of workouts, except for football shoes. The gridsters may pick up their shoes at Coach Hedgecoke's home on Aug. 11.

Youths interested in joining the Tiger squad should report for the first workout on Aug. 16 at 7 a.m. Two sessions will be held daily until school starts, and then will be reduced to one.

The new Duncan Stadium field house is expected to be ready for use soon after practice begins.

Oregon Rites Held For R. E. Colebank

Funeral services for R. E. Colebank, a native of McLean, were held recently in Portland, Ore.

Mr. Colebank, who lived in Portland, was 73. Born in McLean, he was one of 11 children in his family.

Among his survivors are a brother, George Colebank, and a sister, Mrs. Mattie Back, both of McLean.

Boys Invited to Join Scouting Program

The McLean Boy Scouts meet at 6:30 p.m. each Monday above city hall, and youngsters interested in joining the troop are invited to do so.

Henry Boothe, scoutmaster, said boys 11 years of age and over may join the Boy Scout program here by attending one of the troop meetings.

Tennis Tourney Has 71 Entries

A total of 71 entries were recorded for the first McLean Lions Club-sponsored tennis tournament last weekend at the City Park courts.

Trophies were presented to the winners in each of the brackets. Ted Raines, tournament chairman, said the event was considered a big success.

Winners in the finals of the various divisions included: Boys singles, 12 years of age and under—Steve Gray.

Coming Here From Shamrock Eddy Bailey Is Owner of News

Sale of The McLean News to Elliott M. (Eddy) Bailey of Shamrock is being announced this week by Jack B. Shelton, owner for the past five years.

Effective date of the change in ownership was last Sunday, but Bailey will not take over active management of the firm until this Saturday.

Shelton has accepted the position of director of public information at Southwestern State College in Weatherford, Okla., effective on Sept. 1.

Mr. and Mrs. Shelton and their daughters, Becky and Susan, will leave this weekend on a two-week vacation in California and other points of interest in the West.

They will move to Weatherford later this month.

Bailey and his wife, Deloris, and their six children have also purchased the Shelton residence at 318 North Cedar and plan to move to McLean before Sept. 1.

The Baileys moved about one year ago to Shamrock, where he has been shop foreman of The Shamrock Texan. Prior to this he was shop foreman of a Quannah newspaper.

They are members of the Baptist Church.

Finley Discusses FFA Projects At Lions Club Meeting

Eddy Finley, outstanding McLean Future Farmer of America, discussed his chapter projects as guest speaker Tuesday at the regular Lions Club luncheon meeting.

Finley the past spring was selected as the Star Chapter Farmer in the district and area, and was named runner-up for the title of Texas Star Chapter Farmer.

President of the McLean High School FFA chapter, Finley projects include swine, broilers, cotton, wheat, alfalfa and cattle.

He showed the Lions Club his method of keeping records on his income and expenses.

Reviews Activities
Finley was introduced by Nelson Christie, local vocational agriculture teacher. Christie reviewed the FFA chapter activities for the past year.

A brief talk also was made by Carl Hudson, Area I FFA vice president from Groom, who described the Future Farmers as an "opportunity" organization.

It was announced during Tuesday's meeting that the Lions Club board of directors had approved the purchase of trash containers to be placed in downtown McLean.

The containers will bear the Lions Club emblem.

Guests at the luncheon were Jess Finley of Alanreed, John Dwyer of Samnorwood and Jack Back and Doyal Billingsley of McLean.

Bull Sale Barbecue Aug. 19 at Clarendon

The Rolling Plains Registered Beef Cattle Association will hold its annual bull sale barbecue Aug. 19 at the Country Club 12 miles north of Clarendon.

Host for the occasion will be the Farmer's State Bank of Clarendon. Invitations have been sent to association members, sale consignors and buyers and to friends of the association and their families.

Tomie Potts of Memphis is association president, and George Saunders, McLean, is vice president. H. M. (Flip) Breedlove, former Donley County agent, is secretary-manager, and Spencer Sitter of McLean is a director.

Story Hours Finished At Lovett Library

Weekly story hours for pre-school children have been completed at Lovett Memorial Library. Mrs. Lavern Carter, librarian, said Wednesday.

Sixteen youngsters attended the regular sessions, which included songs, games and stories.

Mrs. R. C. Parker read the stories to the children.

Mrs. Carter reminded all school-age boys and girls to continue their summer reading program. After reading 12 books, each should take a list of the books to the library and receive a certificate.

Rummage Sale

The Eastern Star will hold a rummage sale Aug. 26 and 27. Anyone having rummage is asked to contact Mrs. Jack Lusman.

CHRISTIE TO ATTEND MEET Workshop to Be Held in Austin

Nelson Christie, vocational agriculture teacher at McLean High School, will attend the statewide In-Service Education Workshop for teachers of vocational agriculture next week in Austin.

The four-day meeting is scheduled in Dallas as a part of the program in vocational agriculture to further improve the professional competency of the state's teachers.

Commissioner of Education J. W. Edgar will address the first general session on Tuesday morning. Also speaking before the group will be M. A. Browning, state director of vocational education.

Dr. Robert E. Taylor, director of the center for vocational and technical education at Ohio State University, will deliver the principal address.

8 Workshops

An important phase of the training session will be eight workshops conducted Wednesday and Thursday afternoons in which subjects such as "Beef Cattle Futures," "Research in Land Operation," "Weather and Crops," "Farm Mechanics" and "Ornamental Horticulture" will be discussed.

The workshops will be under the direction of vocational agriculture education staff involving specialists in the various fields from throughout the state.

Area supervisors will work with their teachers in planning special programs of interest to teachers in their areas of the state. Plans for district in-service education programs will be finalized by teachers during these meetings.

MRS. JERRY RECTOR

MISS MARILYN WILLIAMS IS MARRIED TO JERRY RECTOR

Miss Marilyn Kay Williams, daughter of Mr. and Mrs. Leroy Williams of McLean, became the bride of Jerry Rector, son of Mr. and Mrs. J. B. Rector of Mobeetie, in a double-ring ceremony solemnized July 17 at 8 p.m. in the First Baptist Church of McLean.

Rev. Dan Beltz, pastor, performed the ceremony.

Mrs. Glen Curry, cousin of the bride, presented a program of traditional wedding music on the organ and accompanied Miss Phyllis Bench, vocalist.

Amber votive candles and bronze mums with greenery decorated the church and carried out the chosen colors of gold and white. The decorations were accented by gold satin streamers.

Mrs. Kenneth Wilson of Canyon, sister of the bride, was matron of honor. Miss Frances Cawfield of Wheeler, Okla., was bridesmaid. They were dressed in gold, accented by white accessories and white corsages.

Eugene Pierce of Reydon, Okla., was best man. Gerald Gudger of Mobeetie was groomsman.

Ushers were Doyle McCurley, Rusty Simmons and Wayne Morris, all of McLean.

Given in marriage by her father, the bride selected a formal wedding gown of peau de soie, designed with a fitted bodice with wrist-

length alcon lace sleeves and sabrina neckline outlined with re-embroidered alcon lace and tiny seed pearls.

The controlled skirt featured side and back pleated fullness and was complemented with a wide chapel train.

The dress and train were accented with a band of lace that bordered each. Her fingertip veil of net extended from a pearl tiara, bordered by a band of wide lace. She carried a cascade arrangement of gold roses atop a white Bible.

The mother of the bride was dressed in a pure silk ice blue dress with white accessories.

The mother of the groom was dressed in a navy dress with corresponding accessories.

Both mothers wore corsages of gold roses.

Following the ceremony, a reception was held in Fellowship Hall of the church. Registering the guests was Miss Amanda Dalton. Miss Mikki Green and Miss Martha Brown served.

The couple will make their home at Mobeetie, where Mr. Rector is employed by the Remco Construction Co.

Back in 1847 the U.S. Post Office delivered newspapers for a distance up to 30 miles without charge, but deliveries over 30 miles and under 100 miles were made for a penny.

realized the reason the job was offered to us in the first place.

And the same fact was the reason we jumped at the opportunity.

There will be other McLeans at Southwestern, too.

While the official announcement is yet to come, Laura Switzer is due to begin her duties as women's physical education instructor there this fall.

Laura, All-American basketball player with the Flying Queens of Wayland Baptist College at Plainview for two years, is the daughter of Mr. and Mrs. Forrest Switzer.

For the past couple of years Laura has been teaching at Sanford-Fritch.

Then there is Dick Crockett, the whit-bang Tiger football player for the past four years, who will take his talents to the Southwestern Bulldogs.

Dick, son of Mr. and Mrs. Emory Crockett, so impressed Southwestern Coach Otis Delaporte that he was given a full scholarship.

Joan Flowers, daughter of Mr. and Mrs. W. P. Flowers, attended Southwestern the past year and will return there next month.

We hope the list of McLean students at the college continues to grow, and it will be part of our job to see that enough publicity about Southwestern is spread in these parts to attract more.

It has been our pleasure to be associated with the people of McLean the past five years. We have developed many friendships which we will cherish from now on.

Our one regret is that the long hours necessary to put out a paper each week have made it impossible for us to know more of your better.

We sincerely appreciate the support given The McLean News by residents of this city and area.

We expect to return to McLean often, and as subscribers to the News we will keep up with everything that happens here.

The welcome mat always will be out to any of you who happen to venture over Weatherford way. The coffee pot will be on any time you drop by.

For the next two weeks or so, if all goes well, the Sheltons will be taking that long-awaited trip to California and other points west.

After that comes the move to Weatherford and the beginning of our new duties on Sept. 1.

Visitors recently in the T. G. Richardson home were their son, T/Sgt. Harold Eugene Richardson, and children of Thailand. He is in the U.S. Air Force and is on his way to Florida.

Bruce Nichols of Albuquerque, N. M., is visiting with his grandparents, Mr. and Mrs. H. H. Sanders.

Anita Henley is vacationing in Montana this week.

50 YEARS OF MARRIAGE: Mr. and Mrs. S. B. Kiser are shown here as they celebrated their Golden Wedding Anniversary recently at their home here. Standing behind the Kisers are their two children, Mrs. Walter Elliott, Lefors, and Roy S. Kiser, Amarillo.

S. B. KISERS HONORED ON 50TH WEDDING ANNIVERSARY

The home of Mr. and Mrs. S. B. Kiser was the scene recently of a reception honoring their Golden Wedding Anniversary, given by their children, Mrs. Walter Elliott of Lefors and Roy S. Kiser of Amarillo.

Registering the guests was Mrs. J. D. Fish of McLean. Mrs. Oleta Harris and LaVon Watson served the refreshments.

The refreshment table was covered with a hand-crocheted table cloth over gold satin. The centerpiece was a tiered wedding cake decorated with gold and white, and punch was served from a gold-like punch bowl. Napkins with the honorees' names engraved in a corner, white plates and silver completed the service.

Many out-of-town guests called, as did a host of friends from McLean.

The following article appeared in the Clarendon News in July, 1915: "S. B. Kiser of the McAdams Ranch north of the river, and Miss Myrtle Boydston, daughter of Mr. and Mrs. Henry Boydston, old-time residents of Jericho community, were united in the holy bonds of wedlock at the old Dubbs residence last Sunday. Bro. E. Dubbs said the words that launched them on life's matrimonial sea."

"They were accompanied by Ben Timmons and family of Amarillo and a number of young people from the Boydston neighborhood. Mrs. Otis Oiler invited them to sit down to a regular old-fashioned

dinner, which helped out the happy event, and made everyone feel that they would like to have some more of the same kind every day of their lives.

"Mr. Kiser is a fine, worthy young man, lately from Oklahoma, and is farming on the McAdams Ranch.

"The bride was born and raised here, is a member of one of the best families of the Plains country, and is a very estimable and attractive young lady.

"The News joins in congratulations and best wishes."

Mr. Kiser is a native of Tennessee. He moved to Texas and Oklahoma as a small boy, spending most of his boyhood on farms in Oklahoma. He came to Texas in about 1914 and worked for the J. A. Ranch, having his camp in the Palo Duro Canyon.

After leaving the J. A. Mr. Kiser spent much of his life farming, a vocation he still loves as can be proven by the beautiful yard and garden he still keeps.

He has been in business and is now a retired auctioneer and oil field worker.

Mrs. Kiser was born in the Texas Panhandle near Groom and has remained here all her life except for a brief time that Mr. and Mrs. Kiser moved to Oklahoma to farm. They moved back to the McAdams Ranch in 1923 and have been in this area ever since.

Mrs. Kiser is an avid flower lover and has grown them both inside and out. At one time she had a small greenhouse as a hobby that was a big attraction to the whole neighborhood.

She has helped bring many babies into the world.

The Kisers have always been known for their generosity in helping out people in need or ill.

They have two children, six grandchildren and one great-grandchild.

baptism...what is it?

BAPTISM has come to mean many things to many people. We should not be interested in what baptism has come to mean. Our only concern should be understanding what the Lord means by the command to be baptized. (Mark 16: 15, 16).

In God's Word we find that baptism is representative of the death, burial, and resurrection of the Christ.

"Therefore we are buried with him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life" (Romans 6:4).

Not only does the Bible tell us that to baptize is to bury in water; church historians, scholars, and religious leaders agree that immersion was the practice of the apostles.

Just as important as the act itself are the motivating factors! Submitting to baptism is submitting to Christ—because Christ commands it. Why? To wash away sins. (Acts 22:16). The reasons for being baptized then, must be to obey Jesus, to receive His forgiveness and eternal life.

We may not completely understand why baptism is required. But, if we truly love the Lord "...we keep His commandments; and His commandments are not grievous" (1 John 5:3).

WALTER ROGERS REPORTS

FOR LABELS ON IMPORTED MEAT

At last, the Department of Agriculture is moving another step toward a goal I have been advocating for many years—a goal of protecting producers of this nation against excessive imports. The department also is taking another worthy step to provide further protection to Americans who purchase imported meat and meat products. While most products processed for sale within the United States must bear "establishment numbers" identifying specific plants in which they were prepared, no such requirement has been in effect for imported products. Now, under its authority granted by Congress in laws governing meat inspection, the department will require this kind of identification on imported products so that they may be readily identified as to source.

In addition, the proposed new regulations will require that the "principal display panel" of the product bear in English the true name of the product and the name of the country of origin. Designations in English are not now required.

Last year and again this year, I introduced in the House a bill proposing showing the country from which it originated. I am certainly pleased that the Department of Agriculture is

strengthening its own position in this regard.

However, the department's regulations affect meat and meat products as they reach port of entry—not as they reach grocers' shelves—for the majority of meat imports. It is estimated by officials of the Department of Agriculture and men acquainted with the meat processing industry that while country-of-origin labeling regulations affect 75 to 90 per cent of imported meat as it reaches this country, the labels identifying exporting countries remain on no more than 20 per cent of these imported products on supermarket shelves.

The reason is that substantial quantities of the imports consist of manufacturing types of meat—meat combined with U.S. meat in the manufacture of frankfurters, boloney, soup and the like.

Meanwhile, I am going to continue my efforts to obtain enactment of a responsible and effective federal labeling law, one whose provisions would apply uniformly across the United States.

I think it is proper that consumers be fully protected as to quantity of food products, with standards of inspection and identification applied equally to imported and domestic products. In addition, I believe it to be proper for imported products to be fully identified as to countries of origin.

Years ago, U.S. labor organizations took the lead in urging the government to establish standards by which foreign goods being imported to compete with U.S. manufactured products could be identified. It was the position of these organizations that American consumers would be deceived if, unknowingly, they purchased imported articles thinking they were made in this country.

The law has supported this view that, all things being equal, American consumers prefer American-made products. The Federal Trade Commission enforces, on a case-by-case basis, the right of American manufacturers to challenge importers of competitive foreign goods not identified as to country or origin.

It is my conviction that the same theory should be applied to meat and meat products. The housewife in the supermarket is able now to tell from the label whether certain canned hams and meats come from the United States or abroad, but most meat products are not so identified.

In the bill I have proposed, labels identifying the importing country would be required on all meat products consisting of more than half, by weight, of meat from abroad. This would remove the doubts shoppers now face as they inspect the selections at supermarket meat counters.

Beef cattle prices are much improved now over the situation a year ago. Our cattlemen were in trouble then because of an increased level of beef imports. I am glad to report that imports for the year ended June 30 were approximately one-third lower than during the previous year.

NEWS OF CONSERVATION

Dick Pugh completed a pond on his ranch south of Pampa. He plans to construct four additional ponds for distribution of livestock grazing and to control water erosion.

Dick also sprayed 150 acres of sand sagebrush that was competing with his native grass. It looks like he got a good kill.

John Haynes staked a pond for construction on his ranch north of McLean. He plans to start construction this week.

IRRIGATION—Irrigation develop-

ment has increased in the Gray County Soil Conservation District over the past four years. There are approximately 15,000 acres presently under irrigation.

Irrigation varies from surface or row irrigation systems on tight soils to sprinkler irrigation systems on medium and coarse textured soils.

Regardless of the type of soil, local crops need three to four inches of water every 10 to 12 days for maximum production. This will vary according to rainfall.

Crops that don't get adequate water during irrigation periods will be limited in production. An idle irrigation well and dry crop is not an asset to any farm. In many cases, too many acres are irrigated with one well.

Proper irrigation of a few acres is more economical than limited irrigation. When irrigated acreage is reduced, excess land can be devoted to dryland cash crops, grazing crops or can be fallowed.

The best way to determine the number of acres to irrigate is to measure the output of your well. It takes eight to 10 gallons per minute per acre to properly irrigate a crop during a growing season.

A 600-gallon well will effectively irrigate 60 to 70 acres of sorghum during the summer.

Irrigation farmers should make a close inventory of their irrigation systems. A system should be used regularly to insure proper irrigation of small grain or pasture crops.

Technical assistance is available for layout and design of irrigation systems through the local Soil Conservation Service Office.

French Missionary Work Is Discussed At Class Meeting

The Fidelis Sunday School class of the First Baptist Church met in the home of Mrs. George Colebank Thursday afternoon. Mrs. Colebank was assisted by Mrs. Edgar Smith.

The president, Mrs. Ruel Smith, had charge of the business session. Mrs. Alvin Teeplees brought the devotional.

Mrs. Elle Woerner was the guest speaker. She told of the work she and her husband are doing in France.

Rev. Woerner is pastor of an English speaking Baptist Church in Chateauroux. He also has charge of a French Baptist mission, which is now meeting in an old dwelling, the upstairs and basement being used for Sunday School classes.

They have recently bought land and are building a new church that will be dedicated in October. Mrs. Woerner also discussed the French customs, the foods they raise and how they prepare it. She said meat was especially expensive.

The class presented Mrs. Woerner with a love offering.

Those attending were Mmes. Joe Willis, R. V. Daffern, Raymond Smith, Bill Pettit, A. J. Teeplees, Ross Collier, Boyd Reeves, Ruel Smith, F. E. Stewart, Woerner, Smith and Colebank.

TEXAS A & M. COLLEGE EXTENSION SERVICE

By FOSTER WHALEY

CATTLE PRICES

There is much speculation in the air over the outlook for cattle prices for the next six months. I've never seen as much forecasting done and as much uncertainty in most of the predictions. I've read reams of material from a wide source of authorities. The best observation I've seen is from our own extension service livestock marketing specialist, Mr. Ed Uvacek.

Ed says some of the experts are over-estimating the number of feedlot cattle by some 40,000 head that will be marketed in Texas from July 1 to Sept. 30.

It is an accepted fact that we do have nine per cent more cattle on feed now than we had this time last year. However, the bulk of these cattle is in the 500-900-pound weight group. We actually have three per cent less cattle on feed in that group fed more than six months. We have two per cent fewer cattle that have been on feed three to six months. The big increase is in the "less than three month" feeding bracket.

Ed says the bulk of the nine per cent increase won't hit the market until October-December quarter.

I haven't bothered to see what the future market looks like for this period. However, the finished cattle market today isn't affected too much by the anticipated supply six months from now. The supply at hand the day cattle are sold does have a decided effect.

My guess is that fat cattle prices will hold their own or might improve some through September. Heavy buying of ground meat is now underway by the government for school lunch program. We don't want to overlook another factor. Just 10 years ago a big percentage of beef was not finished in the feed lot. It was marketed as grass or milk fed beef. The established pattern now is to put them all through the feed lot. In effect the increase in cattle on feed has been largely offset by fewer grass and milk fed cattle coming on the market. Don't forget the high level of our U.S. economy and the big population increase. There have been a few unconfirmed sales of 28c-36c.

I would say stecker calves will high center on a quarter this fall. A real dry August and September over a wide area would depress

this two cents. A wet late August and early September might push them up two cents.

I would take the same stand as I took last fall. A good native calf (heifer or steer) will be your best buy for wheat pasture. You can take a substantial roll back in price on a good native steer that has already been dehorned, castrated and acclimated and make more money than on an East Texas special. This is not true in some years. Two years ago native cattle lost many wheat pasture men a ton of money in price roll back.

Annual Top o' Texas Rodeo Is Scheduled In Pampa Aug. 11-14

Officials of the Top o' Texas Rodeo Association are busy putting buildings and grounds in shape for the annual Top o' Texas Rodeo, which is scheduled for Aug. 11-14.

Beutler Bros. of Elk City, Okla., will again produce the RCA-approved rodeo that always attracts some of the best cowboys and cowgirls of the nation.

Cy Tallion, popular rodeo announcer of Denver, Colo., will be on hand to describe all events.

Top special attractions have been booked, including the Clark Brothers, nationally famous rodeo clowns, and C. D. Ferguson with his sheep dogs and cowboy monkey, Calamity Joe and Jane.

An added purse of \$3,800 plus all entry fees will provide a total of more than \$8,000 prize money.

Contests in the regular RCA rodeo events will include calf roping, saddle broncs, bareback broncs, bull riding, steer wrestling and the popular cowgirl's barrel race.

The famous Pampa High School Stage Band will be on hand to cue all rodeo performances, working under the direction of Fred Stockdale. This band played for the National Finals Rodeo in Los Angeles last year.

An American Quarter Horse Show will be held on Friday Aug. 13, with both halter and performance classes scheduled. Entry deadline is 9 a.m. on the 13th.

A miniature rodeo, known locally as the Kid's Pony Show, will be held on Tuesday, Aug. 10, with performances at 2:30 and 8.

The rodeo parade will begin at 3:00 p.m. on Wednesday, Aug. 11, headed by the Amarillo Air Force Band, under the direction of Chief Warrant Officer Ross Whitehead.

Rodeo dances will be held nightly at the National Guard Armory building, featuring Lou Walker and His Western Playboys.

W. D. Price, Jr., president, has extended a cordial invitation to attend the 21st Annual Top o' Texas Rodeo.

Double Birthday Party Held Here

A birthday party honoring Cindy Young and Joe Kingston on their fourth birthdays was given in the home of Mrs. Jesse (Chock) Smith recently.

Two birthday cakes and ice cream were served to Mrs. Bill Kingston, Mr. and Mrs. Bill Kingston Jr. and Jeff, Mr. and Mrs. James Smith and sons, Melissa Dawn Young, Mr. and Mrs. Jesse Smith and Rosie Lee Young.

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN—(Special)—Gov. John Connally's future plans are the talk of the capital.

On his decision hinges the political future of many Democratic candidates for numerous federal and state offices.

No one in his party wants to run against the popular Democratic Party leader and top vote-getter, but there is talk of his possible retirement. This would change the complexion of many races in 1966.

Connally has indicated that he will make his plans known before the general election in November. This is in order that other state political figures, whose moves depend on his, can set their own sails.

In the latter category are Lt. Gov. Preston Smith and Atty. Gen. Waggoner Carr. Both want to run for governor.

A race by Smith and Carr for the higher office naturally would place their own jobs up for grabs —and plenty of candidates would file for these posts.

Connally says that neither the four-year-term amendment, which will be voted on Nov. 2, nor the possibility of a federal appointment will play a part in his decision or not to retire.

Other speculation is that he may run for the U.S. Senate next year against the incumbent, Republican John Tower.

There also is talk that, regardless of Connally's decision, U.S. Sen. Ralph Yarborough may enter the governor's race next year. He could do this without relinquishing his present post.

So goes the talk in the state capital where speculations always runs high.

SALES HIGH—June retail sales in Texas was up 2 per cent over May, reports the University of Texas' Bureau of Business Research.

Ordinarily June sales are down an average of six per cent from May. Bureau's only explanation

for the rise was the fact that June was the state's first month of consistently sunny, pleasant shopping weather.

TEXAS TOURISM GETS NEW BOOST—A Texas movie entitled "TEXAS—Land of Contrasts" soon will be available for showings before civic groups throughout Texas and the nation.

It is a professional job produced entirely within the Texas Highway Department, except for the guest commentator. Its estimated value is \$70,000. But the department self-produced it for \$9,300.

The 28-minute production was filmed by Hal Stegman. Script was written by Keith Elliott. Dave Smith, Austin public relations executive, is commentator.

More than 100 copies of the color film now are being made by the department.

In discussing the film Herb Petry, chairman of the Highway Commission, said: "This is Texas as it really is—a Fun-tier State

—offering recreational attractions to suit every taste. It features our parks, mountains, plains, seashore, caverns, lakes and many cultural attractions."

Said Tom Taylor, director of the Travel and Information Division, "Texas is so large that to depict its many wondrous attractions in a single 30-minute film is virtually impossible. This, therefore, is the first of a series designed to make Texas better known to both residents and outsiders as a recreational center."

First to sign up for a showing was the Texas Press Association. TPA scheduled the film for its 15th annual advertising convention in Galveston on Sept. 11. Bob Warner, former newspaperman now a Highway Department information officer, will handle the Galveston presentation.

VISITORS GET BREAK—Free parking for tourists who wish to visit the state capitol has proved a boom.

Perennial parking problem around the capitol for years has kept many visitors away. But no more.

Where the Old Walton Building once stood, directly in front of the capitol grounds at 11th and Congress, the state has provided plenty of parking space exclusively for two hours of free parking are furnished in a supervised lot.

Result is a noticeable increase in the number of in-state as well as out-of-state visitors.

FORT RICHARDSON

... a long time between paydays!

Across the western face of Texas, the brooding ruins of forts... here and there a restored barracks or hospital bring back a bloody page in history. A history that tells of marauding redskins thundering southward from Indian Territory, killing in their wake, pushing on to the Mexican border. A history that tells too of the hard and lonely life of the U.S. Army troopers who manned these strategic forts.

Fort Richardson, near Jacksboro, was one of the more important of these outposts. Here Kiowa Chieftains Satanta and Big Tree were incarcerated before their trial for a bloody massacre. But life in all frontier posts was much the same... best expressed by the soldiers themselves, "a long time between paydays."

BUT IT ISN'T SO FAR BETWEEN PAYDAYS NOW ... with U. S. Savings Bonds!

Today, there can also be a long time between paydays for those who have not established the thrift habit. But through the U.S. Savings Bonds program you can take care of this situation quickly and effectively.

For example, with as little as 63¢ a day you can buy an \$18.75 Savings Bond every month. Keep this up for 40 months and you'll own a stack of Bonds worth \$1,000, at maturity, which cost you only \$750 in easy installments.

Buy U.S. Savings Bonds every payday automatically through the payroll savings plan.

DID YOU KNOW THAT:

The Texas Forest Service operates nine pine seed orchards. These orchards are made up of trees selected genetically for outstanding characteristics. Superior seed produced by the trees will be sold to forest landowners for direct seeding and used in the state forest tree nursery to produce quality seedlings for sale to landowners.

Visiting last week in the Ray Gossett home were Mr. and Mrs. Kenneth Gossett and Jodi of Crownpoint, N. M., Mrs. Leona Lynch, Warla Gay and Steven Kyle of Phillips, Mrs. O. L. Derrick and Birdie of Pampa.

Binks was busily engaged with a spade in the mud beside his car when a stranger hailed him. Stranger—Stuck in the mud? Binks (cheerfully)—Oh, no. My engine died here and I'm digging a grave for it.

Why take a chance on your engine dying when you are out on the road when perhaps a check at our station would have disclosed the trouble—or perhaps a tank of Chevron gasoline would have been kinder to your motor. Drive in today.
