## Progress Is Made In Good Vs. Bad

By ALVIN J. STEINKOPF  
MIDDLESBOROUGH, England — Progress was reported today in this city's good girl vs. bad girl competition for the favor of sailors.

The nice girls are going strong. It was said by the Rev. Cyril Kettle, 35-year-old chaplain of the Mission of Seamen.

The sailors are flocking in great numbers to his mission where, just as the Rev. Mr. Kettle promises on visits to arriving ships, they can meet some of the wholesome and pretty girls of the city. Middlesborough, an industrial and shipping center of 150,000, has be-

come a bright spot on many a sailor's list.

The Rev. Mr. Kettle's project has attracted a great deal of attention, some reports have suggested that he has organized the proper girls of the town to lure sailors away from the girls, to be found in any port, who aren't so nice.

It isn't like that, he protested. There is no exciting competition in the streets between his team and the good time girls. But he does make it possible, and easy, for sailors who land in Middlesborough to meet girls who can give seamen a memorable and proper evening.

"I wish the mission could supply a few more," the chaplain said. "It's quite a job frequently to turn up a dozen on short notice."

Who are the girls?

"Friendly, church-going and, in many cases, very pretty girls who know a sailor needs a girl to talk to after days and weeks at sea. I like them peppy, and it helps a great deal if they are tireless dancers. Our little church supplies most of the girls but we manage to borrow some from other churches."

"The other churches sometimes are a little unhappy when I make raids on their pretty girls, because the other churches have their own social programs. But the co-operation really is splendid."

Any sailor may find a girl friend here. Many enduring friendships have been formed and, in the Rev. Mr. Kettle's experience, the boys-meets-girl department of the mission has produced at least one highly successful marriage.

## Tech Building Collection Of Region History

LUBBOCK—If you are thinking of burning Great-Aunt Hattie's picture, don't do it. You might be destroying valuable historical material.

At least that's the opinion of Dr. Carl Coke Rister, author and distinguished professor of history at Texas Tech.

Tech is trying to build a Southwest Collection, documentary and pictorial history of the Southwestern region. Dr. Rister feels that there is a wealth of regional history gathering dust in the form of old photographs, correspondence, journals, diaries, maps and other documents.

These papers probably will not appear significant, say Dr. Rister. He asks any person who owns such material to consult him before destroying any papers of this type.

The collection of old books on the Southwest and the general region is also a necessary part of the historical research project. The supply of these early editions is being exhausted by private collectors, he said.

A total of 119 volumes were added to the Tech Library collection on the Southwest last year. Several out-of-print magazine editions were acquired. Plans are underway to purchase materials unavailable in print. The present list includes \$1,000 worth of material to be obtained from the National Archives and Division of Manuscripts, Library of Congress.

## Governor Promises To Send Troopers

MANCHESTER, Ky. — Gov. Lawrence Wetherby has promised to send extra state troopers here Monday to prevent trouble at a United Mine Workers mass rally.

Local authorities and UMW President John L. Lewis requested the troopers after two shooting affrays this week.

The union, striving to organize non-union miners in Clay and Leslie Counties, expects to mass more than 6,000 members in a demonstration of strength. This is the last non-union stronghold in the Eastern Kentucky coalfields.

Three UMW organizers were seriously wounded by gunfire in an ambush Tuesday night and a union local committeeman's store was riddled by machine-gun bullets yesterday.

## Ingrid Hires Her Another Lawyer

ROME — Ingrid Bergman announced today she has hired Hollywood lawyer Jerry Giesler to "fight to the end" to bring her 13-year-old daughter to visit her in Italy.

A Los Angeles judge ruled Tuesday against Miss Bergman's application for a visit by her daughter Pia (Jenny Ann) Lindstrom, 1810 Runnels Ph. 1456

## Agreement Is Seen On Foreign Policy

By JACK BELL  
WASHINGTON — Sen. Eugene Millikin of Colorado predicted today Republican platform-drafters will agree on a foreign policy plank satisfactory to both major contenders for the party's presidential nomination.

Millikin, head of the GOP National Platform Committee which will go to work in Chicago next Tuesday, told a reporter he believes the views of all major factions of the party can be woven into an acceptable plank.

Sen. Robert A. Taft of Ohio and Gen. Dwight D. Eisenhower, top contestants for the nomination, have expressed hope there can be such an agreement. But Taft appears much more confident of such a result than Eisenhower.

Millikin said he will divide the platform committee into nine or 10 subcommittees, each assigned to a specific subject.

The Colorado senator said he has been in touch with John Foster Dulles, named as foreign policy adviser to the group, and expects Dulles to come up with suggestions for subcommittee consideration.

There are some obvious differences between Taft and Eisenhower on foreign policy and the general has been at some pains recently to point them out.

For instance, he criticized what he called "tip service or begrudging approval" of a program of collective security. Without naming Taft, the general has repeatedly struck out at "isolationists" and "false prophets of stay at home" in the GOP camp.

Taft has said the difference between him and the general is one of emphasis, not principle, adding that Eisenhower gives European aid a higher priority than he does.

As senior foreign relations member of the Senate Foreign Relations Committee, Sen. Alexander Wiley of Wisconsin got into the argument yesterday by submitting his views on a foreign policy plank to Millikin.

Wiley seemed to be siding with Eisenhower when he told the Senate "the phony remedy of airpower alone" won't prevent Russian aggression.

## Mayor Sends Mail By Private Channel

BRISTOL, England — The British Postoffice protested formally today against a city mayor who has been cutting in on the postal monopoly by sending goodwill greetings through private channels.

The protest went to the Bristol Aeroplane Company, which last month sent a helicopter on a sales promotion tour of Europe.

The pilot of the helicopter delivered goodwill letters from Bristol's mayor to mayors of several European cities.

Shocked English postal officials complained this breached the postmaster general's monopoly "for the conveyance of mail."

## New Mexico's Democrats In Plea For Unity

By JOHN B. CURTIS  
ALBUQUERQUE — New Mexico Democrats, pleading for unity but beset by a disturbing family fight, met today to name a 12-vote delegation to the national convention.

The advance indications were that an unstructured delegation of 24 members, each with one-half vote, would be chosen by the party's state convention. The main possibility of a dispute hinged on the method of selecting the delegates.

Backers of Sen. Estes Kefauver of Tennessee said they had given up any thought of asking an instructed delegation for Kefauver, although they were hopeful of getting some delegates friendly to the Tennesseean.

Sen. Dennis Chavez, facing what may be his most bitter battle and former U. S. Atty. Everett Grantham, whose candidacy for Governor is still contested nearly two months after the primary, made the bids for unity last night at a Jefferson-Jackson Day banquet.

Chavez' November opponent is one-time Secretary of War Patrick J. Hurley, whom he defeated by about 4,000 votes in 1946.

Lake J. Frazier, Grantham's opponent in the May 6 primary, has filed an election contest against Grantham, whom the State Canvassing Board certified as the Democratic nominee by a 754-vote margin. Frazier, absent from the meeting, was described by aides as busy with a court case.

The Democrats cheered Gov. Paul Dever of Massachusetts, who will be the national convention keynote, when he assailed the Republicans as traditionally the party of the big interests and held up the Democrats, since the days of Jefferson and Jackson, as the champions of the people.

## U. S. Delegates Fail To Agree

GENEVA, Switzerland — A vote of approval for proposed uniform international standards of social security benefits produced a split last night in the American delegation to the conference here of the International Labor Organization.

## Newspapers Applauded By State Senator At Meet

COLORADO CITY — Pat Bullock, State Senator, applauded the newspaper world in a speech before Jaycees, Lions and Kiwanis, at noon, Wednesday and reminded the crowd of about 200 that a good newspaper was a major contributor to the building of a community.

The luncheon was held to honor the staff of the Colorado City Record, the recipient of several awards from the Texas Press Association, at that organization's annual convention in Houston recently.

Roy Fox, publisher of the Record, was introduced by toastmaster Walter Grubbs, manager of radio station KVMC. Fox explained the awards, and noted that 30 papers in the state were eligible to compete. The Hereford Brand topped papers in the state, with the Record second.

Grubbs, himself an Associated Press correspondent, introduced the staff members of the Record and others who had contributed to journalism in Colorado City. These included Mrs. A. L. Whipkey

wife of one of the founders of the Record; Mrs. Betty O'Shaughnessy and Mrs. R. P. Hearin, daughters of Walter Whipkey, former record owner.

Also introduced were Mrs. Gerald Gordon, journalism instructor, whose Colorado City High School paper, The Howl, was a three-time winner in state competition; Tom Jay Goss II, free lance correspondent; and Sallie Thorpe, editor of the local Magnolia paper, Flying Red Horse.

## Dallas Man Heads State Labor Group

AMARILLO, June 26 — The Texas State Federation of Labor re-elected William J. Harris of Dallas, president yesterday and chose El Paso for next year's convention city.

Harris and other unopposed officers were named by acclamation. Five other officers will be elected at today's final session.

Those elected vice presidents include: R. D. Fisher, Waco; George Webber, El Paso; M. M. McKnight, Fort Worth; Ray Johnson, Longview; N. E. Coward, Houston; L. A. Townsend, Galveston; William Cullen, Harlingen; and Freeman Everitt, Houston.

# Ike Is Stepping Up His Campaign Drive

By The Associated Press  
Gen. Dwight Eisenhower, stepping up his campaign for the Republican Presidential nomination, started off on the Democrats as too long in power, and jaded by "complacency, negligence and cynicism."

His speech before an audience of 11,000 in Denver's coliseum Thursday night—radio-broadcast nationwide—was beamed especially at the nation's youth. They are sickened, he said, by "epidemic" corruption in high places but will meet moral issues of the campaign with idealism and energy.

Eisenhower said the United States has handled Russia too gingerly. Less softness, he said, might have prevented the Korean conflict and kept China and Balkan and Baltic states from slipping behind the Iron Curtain.

The speech came almost as an answer to statements earlier in the day by Eisenhower's chief rival for the GOP nomination, Ohio Sen. Robert Taft.

"I am afraid," Taft told a Washington, D. C., news conference, "that Eisenhower's backers would urge him to conduct the kind of campaign that Dewey conducted." New York Gov. Thomas Dewey's loss to President Truman in 1948 has been blamed on "me-too" tactics which lacked fight. Dewey is working now for Eisenhower's nomination at the GOP July 7 convention at Chicago.

Taft's campaign manager, David Ingalls, said Thursday his man just about has the nomination sewed up anyway. In a statement he

credited Taft with all but three of the 604 delegate votes needed to win.

The Associated Press tabulation—based on statements of avowed and conceded alignments for the first ballot—shows Taft has 482 to Eisenhower's 404, with 129 for others and 191 uncommitted or disputed.

In the Democratic race—the convention at Chicago comes two weeks after the GOP's—there was talk of a stop-Harriman road block being fashioned by Southerners.

According to the report, some backers of Sen. Richard Russell of Georgia have been sounding out the forces of other candidates for Democratic Presidential nomination. The idea: hold the line against Truman.

Illinois Gov. Adlai Stevenson generally is credited the inside track with Truman. The governor, who had been saying he only wants to be re-elected, now evinces a wait-and-see attitude.

Harriman—like Russell and Tennessee Sen. Estes Kefauver—has been rambling the country in search of convention backing. The Associated Press tally now shows Kefauver leading with 245½, Russell has 134, Harriman 99½, Stevenson 50½, others 256½ and 390 are uncommitted or in dispute. It takes 516 of the 1,230 Democratic delegates—not yet all selected—to be nominated.

Russell and Sen. Robert Kerr of Oklahoma were making bids in Denver Friday for Colorado's 16 votes. They share the state convention platform Friday, to be followed Saturday by Harriman and Kefauver.

Mississippi's States Rights Democrats named an 18-vote delegation Thursday. Technically uncommitted, it will support Russell, who now claims he will have 300 votes when time rolls around.

Kerr backers claim at least eight of the 12 votes put together in New Mexico Thursday. They also are unpledged formally. Kerr said in Seattle he expects to be a compromise winner after a convention deadlock.

# Stolen Plane Leaves Italy

FOLIGNO, Italy (AP)—A Yugoslav airliner, hijacked and landed here by three young mechanics "seeking freedom," took off early today for home.

The three Yugoslav refugees—who asked political asylum and said they wanted to go to the United States—remained here.

The other 19 passengers and five crewmen who made the unexpected visit to Italy left with the plane. All said they wished to return to their Communist-ruled homeland.

The three mechanics—Vilim Inkrit, 33, a former pilot in the Yugoslav Air Force, Bogdan Zigic, 25, and Jospir Tirik, 22—seized the plane yesterday as it was on a regular flight from Zagreb to Pola, south of Trieste in Yugoslavia. They whipped out pistols and Inkrit took over the plane's controls while the other two forced the passengers to hold their hands over their heads and guarded the radio operator to prevent transmissions.

Inkrit said he planned to land at Bologna but overshot it. Practically out of gas, he had to bring the plane down here near Perugia, in Central Italy. They landed on an old airfield now planted with grain.

They said they planned their escape for three months because "things are bad" in Yugoslavia.

Edward Kljun, second secretary of the Yugoslav Embassy in Rome, was at the field for the plane's departure today. He refused comment when asked if the Embassy planned any diplomatic action.

# Chances Appear Dim For New Platypuses

NEW YORK (AP)—The way Penelope and Cecil are acting, there may never be any duck-billed platypuses born in America.

Bronx Zoo curators have been trying for two years to breed the small aquatic animals from Australia.

Yesterday they gave up for the summer season, but promised one last try in the fall.

Last year the platypuses seemed quite friendly.

But this year Penelope turned up her bill at Cecil's advances by rolling over and over in the water—a sign, said a curator, of platypus annoyance.

# Paratore Heads Italian Senate

ROME (AP)—Giuseppe Paratore, white-mustached Sicilian, has been chosen president of the Italian Senate.

The veteran 76-year-old legislator and former minister of post and of finance, replaces Enrico de Nicola of Naples, who resigned early this month after a deputy accused him of changing the wording of a law after it was passed.

The Senate requested De Nicola to return to his post but he refused.

# Farm Land Spread With Weed Killer

WACO, June 27 (AP)—A potent weed killer has been spread mysteriously over 4,000 acres of Bell County farm land, agriculture experts said yesterday.

The poison, 2-4-D, is assumed to have been spread accidentally from a truck traveling along the highway between Hillsboro and Troy. The damaged area extends about 200 yards along the side of the highway.

State Department of Agriculture officials said the condition was reported this week, but an investigation has not been completed.

# Protest Made On State Bar Political Poll

CORPUS CHRISTI, June 27 (AP)—A director of the organization says the State Bar of Texas is "grossly unfair" in its poll on judicial races.

Louis D. Gayer in a telegram to Cecil E. Burney, State Bar Association president, asked for an immediate meeting of the bar directors. Director Gayer said he would make a motion at the meeting that bar ballots from counties of residence of candidates be counted separately from others.

Gayer, San Angelo attorney, explained: "This will enable the public to be informed as to the standing of the candidate at home and how the candidates stand with respect to each other among lawyers not affected by the factor of fellow residence and at the same time will give them the state-wide results."

Gayer claimed candidates from small towns were at disadvantage in the poll when opposed by a candidate from a large city.

He said if the directors do not pass his motion that he would ask that ballots not be opened until "I have the opportunity to present the same motion on the floor of the bar association's convention."

The convention is slated for Houston next week.

# Four Bidding For Colorado Demo Support

DENVER (AP)—Four prime Democratic party presidential hopefuls gathered here today in a bid for Colorado's 16 votes at the party's National Convention in Chicago July 21.

Sen. Richard Russell of Georgia arrived in Denver yesterday and promptly made a "very conservative" claim of 300 votes for the presidential nomination on the first ballot.

Russell was to be followed by Sen. Robert Kerr of Oklahoma, who will share the platform at the Colorado State Democratic Assembly and Convention today.

Sen. Estes Kefauver of Tennessee and Averell Harriman, Mutual Security director, will address the Colorado Democrats Saturday during their sessions at nearby Golden.

Russell declined to name states he expects to swing behind him. He did say he would get 52 votes from Texas, 28 from Virginia and 18 from Mississippi, plus others already pledged to him.

The Georgia lawmaker claimed 11 additional votes from North Carolina and predicted some backing from Nevada. Russell said he is counting on some of Colorado's votes.

Russell's schedule today included a breakfast press conference at 10 a.m. (EST), an address to the Colorado Democratic Assembly at 12:45 p.m. and a nation-wide radio appeal at 9:35 p.m.

# Gen. Smith Heads Dimes Campaign

Robert J. Smith, Dallas, president of Pioneer Air Lines has been named Texas State Chairman of the 1953 March of Dimes.

# Acheson Must Give Solons Explanation

By JACK RUTLEDGE  
WASHINGTON (AP)—Secretary of State Acheson is going to have to do some explaining to Congress about his reported apology to Britain for not telling that country in advance of the American bombing of North Korean power stations.

Sen. Bridges (R-NH) told the Senate yesterday the apology—made—was "a shocking thing."

And Sen. Knowland (R-Calif.) who brought the matter to the Senate's attention by reading a London news report about it, demanded that a full text of Acheson's remarks be made available to Congress.

Knowland said if Britain wants a bigger voice in the conduct of the Korean War, he would have no objection provided the British assumed a larger share of the burden.

The London account said Acheson reportedly made the apology to about 200 members representing both Houses of Parliament during a 20-minute meeting yesterday.

Acheson was reported to have told them American officials had

intended to notify the British defense minister, Field Marshal Lord Alexander, and Selwyn Lloyd, British minister of state for foreign affairs, who arrived in Washington last Saturday.

But, he is reported to have explained, due to a mixup over whether a State or Defense Department official was to make the notification neither was informed.

Further complicating the picture, the State Department said only last Wednesday the British were not informed in advance because the raid was within the scope of military action which could be taken by the United States without consulting its Allies.

The raid occurred Monday. It caused an immediate stir in Labor party circles in the British Parliament, with fears voiced that it might cause the war to spread.

The London report said Acheson justified the raid at length in his talk with the British legislators and was applauded at the end.

But there was no applause for him in the Congress.

In addition to the protests over his reported apology, Sen. Morse (R-Ore.) said Acheson should be removed because the State Department was denying passports to American citizens without giving specific reasons, even to inquiring senators.

# Elliott Leads C-City Legion

Colorado City's American Legion Post held its annual Installation Party Thursday night, with Lewis Elliott, World War I veteran, and Colorado City businessman, the Commander elect.

At the conclusion of installation ceremonies by Tom Jay Goss II, Vice Commander of District 19, Junior Sadler, outgoing Post Commander, presented Elliott with the gavel of office.

Other officers installed were: Milton Bozrin, Merit Cathcart, Mack Farrar, Marvin L. Majors, Charles Diegel, John Worrell, Keith Miles, John Solson, August King, John Busbee and Leroy Gresselt.

Following the installation, six Colorado City teen-agers gave the Legion members and guests a report on Boy's and Girl's State. The six—Bill Worrell, James Barber, Bobbie Richardson, Lavonne Rice, Carol Jean Boatright and Shirley Elliott—were assisted in a panel discussion by Mrs. L. B. Elliott, a senior counselor at Girl's State.

From where I sit... by Joe Marsh

Whitney Sure "Rang the Bell"

Telephone woke me out of a sound sleep last Friday about eleven-thirty. "This is Whitney Fisher out on River Road," says a voice. "I just wanted to tell you how much I like this week's Clarion."

"Thanks, Whitney," I told him. "But why in blazes call to tell me at this time of night?" "Simple," he says, "your paper boy just delivered it a short while ago. Been waiting for it all evening."

Next day, Buxy Wilson tells me he delivered Whitney's paper late because he stayed for the school dance and thought it would be OK to drop it off on his way home.

From where I sit, I can't blame Whitney for his job. He was just reminding me we owe other people the same respect we expect from them. Since I'm always talking about respecting the other fellow's rights—including his right to enjoy a glass of beer if he chooses, it was only fair that Whitney should "wake me up" to his right to get his copy of the Clarion on time. Thanks again, Whitney!

HOW YOU CAN MAKE AMERICA STRONG — VI

WANTED: ABLE AMERICANS FOR FULL-TIME JOB

We're in trouble. We haven't yet won the peace. We're fighting a war that may get a lot bigger, fast. If there ever was a time when we needed real men and women in this country, it's now. Vigorous, clear-thinking God-fearing men and women, to roll up their sleeves and get us out of the trouble we're in. We don't need super-citizens. You...and your neighbors...can do the job. Words won't do it. Acts will. Work and prayer will. Thrift and the ballot will. Work, vote, save, pray! Here's something all of us can do—in or out of uniform—to make our nation strong again. We must work and pray harder than we ever have. Vote and save more. And we must start now. Sure, we've been through all this before. You're right, this is where we came in. Let's make sure though, that it's not where we go out.

### Marines Get New Lease On Life And They'll Probably Make Good

They were all but holding a wake over the remains of the Marine Corps only a year or two ago. Some generals were reported to be dead on abolishing the Corps, and some admirals were depicted as somewhat less than enthusiastic about maintaining the Marines as a really worthwhile and effective force.

Perhaps this hostility stemmed from an excess of Marine Corps publicity and popularity. It aroused envy and jealousy. All that has been changed now, and the Marines emerge more powerful and better entrenched than ever before.

### Don't Kid The Guy Who Sleeps; He May Be Around A Long Time

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editors Note.

People who jeer the guy who likes to sleep may not be around for his funeral. They're the ones that think sleep is for the times and place—when and where you can't find anything else to do.

acid which has formed in the muscles, causing that tired feeling. And just resting isn't enough to keep you going. Use of one muscle (including the brain) tires the whole body so you must have sleep in order to get everything quiet, so that "worn" parts can be replaced throughout.

### Westerners Readily Accept Their Duties To Country

DENVER, June 26—Travel notes from a curbside philosopher's diary: "What can we do about it?" the people ask. They have no pat answers to it. They want it solved. But they are tired of the cut-and-dried approach to the problem.

State Department — has a fresh avenue of solution to the stalemate with the Chinese Reds, it is most likely of acceptance here. In New Mexico I visited a local zoning law that prohibits the creation of homesteads of less than two-and-one-half acres.

### Charge Operator Had Information Moscow Wanted

LONDON—A government prosecutor charged today that a 24-year-old Foreign Office radio operator accused of spying for Russia had information which would have been useful to Moscow when he was arrested.

Most of the sympathy that people feel for semi-savages is wasted. Just because someone doesn't enjoy the plumbing that you have is no proof that he doesn't have more fun out of life. A case in point is the average Indian who ambushes the visiting tourist everywhere in the West, offering him for sale feathered moccasins made in Brooklyn or silver souvenirs imported from Mexico.

### Use Of Taft-Hartley Law Could Throw Strike Into Election

Use of the Taft-Hartley law to force resumption of steel production now would invite renewal of the strike right in the heat of the Presidential campaign. Here's the time-table of the procedure:

eral must ask the Court to void the injunction and the President must report the facts to Congress with recommendations. That frees the workers to strike.

First, the President must declare that the strike endangers the nation's "health and safety." Then he names a Board of Inquiry to make a written report on the dispute. Such a report will take a week to ten days.

When Truman was blamed by labor for invoking Taft-Hartley? Or would workers be shired to wrath against employers and the Republican Party?

CHIQUETA FOWLER

### Forsan Girl With Brain Tumor Fighting For Life

FORSAN, (Sp)—A smiling, dark-haired little girl with just a dusting of freckles across her small pug nose left Wednesday morning for Dallas to re-enter Baylor Hospital.

Her name is Chiqueta Fowler and a brain tumor is slowly draining life from her tiny body.

Dallas doctors have told her parents, Mr. and Mrs. Clifton Fowler, that the tumor seems to be growing and that another operation would be fatal.

It was before Christmas last year when Chiqueta, a seventh grade student, began complaining of severe headaches. During the holidays she was indifferent to her gifts and a Big Spring doctor advised her parents to seek a specialist.

On Jan. 3 the child underwent surgery in Dallas for removal of the tumor. But doctors told her distraught parents that they were unable to remove the entire growth.

However, Chiqueta has a spunky spirit and she improved to such an extent that she attended school during part of the spring semester.

She was converted in a Baptist Youth Revival in Freer, the Fowlers' former home, when she was 9. Attending Sunday School and church are among her favorite diversions.

Usually managing to smile, except when in extreme pain, Chiqueta devotes much of her waking moments to her what-not collection. She is especially fond of calligraphies and another of her treasures is an autographed picture of Mario Lanza, the stage and screen star.

On her 13th birthday, April 25, her parents presented her with a wrist watch, which had been promised upon her graduation from the eighth grade.

The attending Dallas physician has advised the Fowlers to hope.

their daughter as happy as possible during these last months.

And, as any parents, they are doing their utmost. But their minds are on the inevitable, for they know it is only a matter of time.

### DESIGNING WOMAN Quality Floor Varnish Makes Table Top Finish

By ELIZABETH HILLIER

What kind of finish coat can you add to a touch-me-not table top to make it as damage resistant as possible? Use a first quality floor varnish, say the experts in the furniture finish making business. Two coats work wonders on dark or medium woods. If the top is badly damaged, the finish must first be removed with varnish remover, but if the damage is rings or marks that aren't too deep, sanding alone may be enough preparation. Light colored woods often wear heavily glazed top coats and these must be completely removed. Because a tint must be

### Danish Versions Of Sandwiches More Formal Than U. S.

More formal than our sandwiches, the Danish versions are open-face and eaten with a fork. Much like super-size canapés, any full-flavored foods are adaptable for fillings but each should be arranged for color and pattern as well as flavor. The sandwiches, all the same or varied, should be arranged just before serving to keep the bread crisp.

# Vernon Rally Falls Short; Broncs Win 10-8 Decision

## Dusters Count Five In Ninth

VERNON.—Big Innings and a rally that fell short here tonight handed the Big Spring Broncs a 10-8 victory over the Vernon Dusters and their second win of the current three-game series.

Big Spring scored four big runs in the sixth and eighth innings and single tallies in the seventh and ninth frames for the winning margin.

Trailing 10-3 going into the bottom of the ninth, the Dusters went to work on Bronc Starter Bert Baez for five big runs but the rally fell short although it chased Baez. Reggi Corrales came on to put out the fire, but not before he was touched for a double.

Baez received credit for the win, his seventh against four losses.

Big Spring scored its first group of four runs in the sixth off four hits and an error. Ozzie Alvarez led off and was safe on an error. Witty Quintana doubled to push Alvarez to third. Manager Pat Stasey singled to plate Alvarez with the first run off Duster Starter Leroy Finkler.

Juan Visteur doubled off score Quintana and chased Finkler from the hill. Eddie Baski came on to get Al Valdes and Al Costa to fly out, but Stasey and Visteur both scored on the outs.

In the eighth inning four runs scored off four hits, a passed ball and two Vernon errors.

Vernon's big inning, the ninth, found the five runs off seven hits, six of them in a row. Joe Niesdon led off the frame with a single and ended it by flying out to Stasey in rightfield.

Plenty For Seamstress

Fine fabrics and piece goods like these are available in abundant quantities at Brown's Fabric Shop, where Big Springers can find most anything they need for sewing.

## Fabric Shop Has Plenty Of Sewing Needs

The housewife handy with a needle and thread can find plenty of fabric at Brown's Fabric Shop, 201 E. 2nd, headquarters in Big Spring for all types of yard goods.

Of special interest this time of year is the variety of summer fabrics available at the shop for playclothes and cool dresses. The woman who makes her own clothes, children's apparel or hubby's shirts can find just the material she wants at the Brown Fabric Shop.

Not to be ignored in these days of high living costs is the economy of fashioning clothing at home and the seamstress can contribute more than a little to the family's budget by securing the materials at Brown's and turning them into smart clothing.

The Brown Fabric Shop is a convenient one-stop shopping point since not only fabrics but all sewing accessories are included in stocks of goods. Simplicity patterns are available as sewing guides.

An extra saving is afforded fabric shoppers this week since the shop is in the midst of a sale with prices on all goods reduced. On display at all times are fabrics for all kinds of clothing, from formal to casual pieces. Variety also applies to patterns, colors and weights of the different materials. Summer items of note are the tissue chambrays, nylons and organdies.

Widths of the yard goods is from 36 to 45 inches.

The Brown Fabric Shop "notions" department stocks buttons, threads, tapes, elastics and bellings, laces, edgings and trimmings of all kinds. The shop is one of two locations in Big Spring where lucite buttons may be obtained—in a multitude of colors.

## Good Used Pianos Are Now Available

If you aren't quite sure about your piano needs and feel that you would like to test yourself or your child for a period, a good used piano might be the answer to your problem.

Adair Music Company at 1708 Gregg, has an unusually fine assortment of used pianos. These are priced most reasonably and they are suited for heavy duty work. From these, the user doubtless, in time, will want to take the logical step to a brand new Baldwin made piano.

## Power Steering Of De Soto Safety Aid

More and more motorists on the open-road are faced with short-turning parking problems in town are enjoying the safer, surer, easier control "on any surface" that is given them by the new De Soto's Power Steering which will be graciously demonstrated by a representative of the Clark Motor Company, 215 E. 3rd, the Big Spring home of the spectacular new De Soto Fire-Dome Eight, and the equally famous De Soto Powermaster Six.

Never before, it is pointed out by the Clark Motor Company, has an American automobile engine developed so much horsepower per cubic inch as the Fire-Dome Eight. And with these two superlatively comfortable automobiles, most tastefully and serviceably upholstered and decorated in all models, the Clark Motor Company has been able to introduce to this area the innovation of the beautiful new Air-Vent hood designed for a most practical engineering purpose. The De Soto Air-Vent hood provides a greater intake of fresh, cool air and delivers it directly to the carburetor, thus increasing the engine's power output. As may be seen at the show room of the Clark Motor Company, 215 E. 3rd, this hood is just one of a number of improvements that have been made by De Soto's engineers to give the people of West Texas and elsewhere a distinctly different and distinctly improved automobile.

Motorists who sit behind the wheel of the new De Soto Fire-Dome V-8 for the first time are transported to a new and pleasing driving miracle they never imagined before. No matter how many years they have been driving, no matter how many different cars they have driven, a new and gratifying experience awaits them in a demonstration from the Clark Motor Company.

The miracle of Fire-Dome, it is explained at the Clark Motor Company, is in its hemispherical (dome shaped) combustion chambers, a multitude of colors.

There, they explain, you have the secret of the astounding power and efficiency of this engine. Even with today's regular gasolines, it is capable of breathtaking acceleration, providing maximum safety in passing, climbing and getting ahead in traffic.

And the Clark Motor Company will be glad to prove, with a demonstration, their assertion that steering the new De Soto with its new De Soto Power Steering is just as easy as using a dial telephone, which is one of the most modern and easiest mechanical operations today's man is called upon to perform.

Yes, the new De Soto Power Steering will actually absolve you. You can turn the steering wheel of a new De Soto with the pressure of one finger more easily than you can turn the steering wheel of an ordinary car with the strength of both arms. Even when standing still, turning the steering wheel with a fingertip is practically effortless.

Truly, the new De Soto is a miracle in motoring achievement, and in Big Spring you may prove this to yourself by calling at the Clark Motor Company, 215 E. 3rd.

## Adair Is Joining In Baldwin Anniversary

Adair Music Company, 1708 Gregg, is joining in the nationwide 90th anniversary celebration being observed by the Baldwin Piano Company.

Adair Music is the Baldwin outlet in this area of West Texas. Special models and values are features of the observance which commemorates the beginning of piano making by Dwight Hamilton

## Carpets, Rugs Featured At Barrow-Phillips

One of the biggest departments of Barrow-Phillips Furniture Store is the carpet and rug department. Exclusive Big Spring dealers for Bigelow and James Lee brand carpets, Barrow-Phillips has a large selection of styles and colors.

The store, located at the corner of 4th and Gregg Streets, keeps up with the fashions and styles at all times and sells carpets in cotton, wool, and rayon-wool weaves. Both solids and designs are stocked.

Wall-to-wall and cut styles of carpets are sold and Barrow-Phillips has its own installation department for laying the carpets.

All wall-to-wall designs come in nine, 12, and 15-foot widths. Bigelow brand carpets carry a guarantee that their new fabrics are blended from virgin wool and Bigelow's exclusive carpet rayon.

The rayon adds greatly to the rugs, giving brighter, clearer colors to the fabrics. These Bigelow products are blended to wear, resist soil, and clean as well as all-wool carpets.

In addition, users of Barrow-Phillips's Bigelow carpets will have no worry of the carpets shrinking to leave unsightly spaces around the edges of the walls. For the Bigelow rugs are treated so as not to allow shrinkage.

South Martin Completes Small Spraberry Pumping Discovery

Humble No. 1 Blocker has been completed for a small pumping Spraberry discovery seven miles west of Stanton.

Phillips No. 1-C McDowell, C SW NE 31-33-2a, T&P, was building roads.

Seaboard and T&P Coal and Oil No. 1 S, J. Bishop, C NE NE 31-33-2a, T&P, 14 miles southeast of Garden City was at 5,840, running a driftestem test.

Sinclair completed its No. 1-C TXL-Glasscock as a short north-east extension to the Driver-Spraberry pool in southwest Glasscock.

In southeast Seaboard, American Trading No. 1-A Howell was swabbing about five barrels of oil per hour from the Ellenburger.

Top of the Ellenburger had been picked in Sinclair No. 1 Reeder in eastern Borden County, and a driftestem test was in progress.

A southeast Glasscock exploration, Seaboard and Texas & Pacific Coal and Oil No. 1 Bishop, was taking a driftestem test above 5,840, Sinclair No. 1 Clark, a south-west Glasscock Spraberry outcrop, fractured preparatory to testing.

Sinclair No. 1 Clark, C SW SE 41-35-4a, T&P, three miles north-east of Driver production was shut in after fracturing the Spraberry from 7,190-7,294 with 4,000 gallons.

Sinclair No. 1-C TXL-Glasscock, 1,980 from the north and east lines of section 45-34-4a, T&P, flowed 24 hours through 2-in. choke after 4,000 gallons fracture. It made no water and 570.3 barrels of 37.6 gravity oil. Gas-oil ratio was 780-1, elevation 2,710, top pay 6,750, total depth 6,850; the 5 1/2-in. at 6,744.

Aahland Oil and Refining No. 1-A-7-TXLL, 660 from north and west lines section 7-36-4a, T&P, Driver Spraberry pool, flowed 24 hours through 32-64 choke after 5,250 gallon hydraulic. It made no water and 218 barrels of 38.3 gravity oil. Gas-oil ratio was 1,020-1, elevation 2,640 (DF); top pay 6,903 total depth 7,864, the 5 1/2 at 7,864, perforated 7,704-7,808.

Phillips Petroleum No. 1-RR TXL, 660 from the west and 662 from north lines lease section 41-37-3a, T&P, Tex Harvey pool, flowed 24 hours through 3/4-in. choke after 3,000 gallons fracture. It made no water and 311 barrels of 37.6 gravity oil. Tubing pressure was 120, gas-oil ratio 865-1; elevation 2,642; top pay 7,115, total depth 7,698, perforated 7,120-7,200 and 7,260-7,310.

Phillips Petroleum No. 7-QQ TXL, 11,975 and 663 from north lines lease section 47-37-3a, T&P, Tex Harvey pool, flowed 24 hours through 3/4-in. choke after 1,500 gallons fracture. It made no water and 514 barrels of 37.6 gravity oil. Tubing pressure was 100, gas-oil ratio 740-1, elevation 2,673; top pay 7,054, total depth 7,285; the 7-in. at 7,003.

Stanolind No. 1 Flynt, C SW SW 12-24B, Hartley CSL, was below 8,800 in lime and shale.

Phillips No. 1-C Schar, plugged back to 8,800, swabbed after hydraulic fracturing from 8,650-8,795 with 1,500 gallons. It is located in section 324 LaSalle.

Humble No. 1 Blocker, 660 from the north and west lines of section 1-37-1a, T&P, was completed as a small-pumping Spraberry discovery seven miles west of Stanton and three miles northeast of Germania. In 24 hours of pumping it made 25 barrels of 39.5 gravity oil, plus 46 per cent water. The gas-oil ratio was not reported. Production was from perforations 8,185-8,272 and 7,380-7,459 in the lower and upper Spraberry. Both sets had been fractured and then washed with acid. This test originally went to 12,100 in the Ellenburger but failed there and in the Dean sand.

DeKalb No. 1 Knox, C NW NE 253 Ward CSL, 11 miles north of Tarzan, was drilling ahead at 11,230 in lime, shale and chert.

A heart attack suffered just as he prepared to pull his train from Baird on the return trip to Big Spring proved fatal to F. P. Hickson, 50, Wednesday.

Mr. Hickson, who had been with the Texas & Pacific Railway Company for 25 years and had been a locomotive engineer for the past decade, died in a Baird hospital at 9:45 p.m. Wednesday.

He was seated in the cab at 10:30 a.m. Wednesday, ready to pull his train out for Big Spring. When his fireman returned with the orders, he found Mr. Hickson slumped in his chair.

Rites will be held Saturday, but the hour has not been set. The Rev. J. E. Kolar, Main Street Church of God pastor, will officiate. The remains will be in state at the Eberly Funeral home.

Mr. Hickson was born May 4, 1902 at Hot Springs, Ark., and he was married to Ethel Adell Rice on Nov. 17, 1923. Six children survive the union.

He entered service of the T&P on June 24, 1927 as a fireman and was promoted to engineer on June 15, 1943.

Survivors include his wife, Mrs. F. P. Hickson; three sons, Robert E. Hickson, Big Spring, Edwin W. Hickson, Austin, John B. Hickson, Big Spring; three daughters, Mrs. L. D. Hull, Greenville, S. C., Jo Anna Hickson and Linda Hickson, Big Spring; and two grandchildren, Donald E. Hickson and Shirley Jo Hull.

Others are his mother, Mrs. Dovie Ann Hickson, Dallas; five sisters, Mrs. R. F. Foshee and Mrs. Bernice Robinson, Dallas, Mrs. Agnes Egelberger, Hugo, Okla., Mrs. Alvin Vierrone and Eunice Hickson, Big Spring. Other relatives due to be here for the services are A. J. Rice, Levelland, L. E. Rice, Sand Springs, Fred Rice, Seminole, Mrs. Grace Martin, Big Spring, Mrs. Alice Baker, Kermit, and Mrs. J. J. Cormas, Pampa.

Two youths draw terms in prison. Allen Taylor Brown and Robert (Bobby) Martin, youthful Oklahomans, were sentenced to two years each in the state penitentiary this morning by District Judge Charlie Sullivan after they had entered pleas of guilty to charges of theft.

The two were accused of stealing an automobile belonging to Shirley Hobbs, local golf pro, last May 1.

Mike Ankeny drew a two-year probationary sentence on a charge of theft, after entering a plea of guilty.

T-Sgt. Otto Havins has been shipped overseas after a brief period at Camp Stoneman, Calif. He is due to be overseas for 18 months and may be stationed in Japan.

His wife, Mrs. Marjorie Havins, 1004 Lancaster, works for Southwestern Bell Telephone Company here.

Marvin Wise, son of Mr. and Mrs. Odie Wise, left Wednesday for Odessa, Texas, to attend the Lankland Field at San Antonio. He will be there for 13 weeks taking his basic training in the Air Force.

Police Holding Two For Investigation. Two persons were being held in city jail for investigation Thursday as a result of an incident in the 2400 block of Gregg Wednesday night.

The pair were taken to a local hospital for examination following report of a "cutting" at the intersection of Gregg and Scurry in south Big Spring about 10:30 p.m. Neither was injured, police said, although one may have been "doped."

Both were jailed for investigation.

Shivers To Speak At Odessa Event. Gov. Allan Shivers is to be principal speaker at a dinner in Odessa July 11 in observance of the delivery of water from the Colorado River Municipal Water District.

The event to start at 7:30 p.m. at the Lincoln Hotel, will be Odessa's second celebration of the delivery of CRMWD water. First observance was held June 15 when the new water supply was connected with city distribution facilities.

CRMWD officials and other civic leaders of Big Spring, Odessa and Snyder will be honored for their work in development of the water district.

Three Fires Are Put Out Wednesday. No damage resulted from three fires extinguished by Big Spring firemen Wednesday afternoon and Thursday morning.

Blaze in an oil pit at Shroyer Motor Company was extinguished about 7:45 a.m. Thursday. A scrap fire was put out near Webb Air Force Base at 7:40 p.m. Wednesday. Firemen had responded to an alarm from 1602 Young at 2:40 p.m. Wednesday when an electrical short circuit occurred in wiring in an alley.

Two Are Injured In Truck Mishap. Two persons were injured, one seriously, about 9:30 a.m. Thursday when their pickup truck overturned about nine miles south of Big Spring on Highway 87.

Mrs. Jack Mynter, Kingsville, was said to be in a serious condition at Malone & Hogan Hospital where she was being treated for a thigh fracture sustained in the accident. Her husband suffered a shoulder fracture, but was not hospitalized.

The couple was en route to Colorado from Kingsville, trailing a Jeep behind the pickup. A blow-out on the Jeep reportedly caused Mynter to lose control of the pickup, which left the highway and overturned. Both vehicles were damaged.

The injured were brought to the hospital in a Nalley ambulance.

Two Are Hurt In Freak Wreck. Two persons were hospitalized here last night following a freak truck-automobile wreck, which occurred on the Andrews-Big Spring highway 7.1 miles northwest of Big Spring at approximately 10 p.m. Wednesday.

The injured were Mr. and Mrs. A. E. McCuistian of Big Spring, who are reported resting well in the Cowper Hospital-Clinic. He reportedly is suffering from an eye injury and lacerations and is the more seriously injured of the two.

One truck belonging to Fred Campbell of Midland was attempting to pull another from a sand bar bordering the highway, using a heavy wire. The McCuistian car, traveling in the direction of Big Spring, crashed into the wire and traveled on until it crashed into the back of the lead truck. McCuistian apparently did not know that the wire was there.

Officers who investigated the mishap said no flares had been put out along the road. Charges were being filed against one of the drivers, officers said.

The McCuistian car, a 1952 Chevrolet, was practically demolished.

Polio Victim Is Moved To Gonzales. Mary Lavon Forman, 3, daughter of Mr. and Mrs. Willie Forman of 710 Wyoming, has been transferred from an Abilene hospital to Warm Springs Foundation Hospital at Gonzales.

The girl was stricken with polio May 19. She probably will receive treatment at the Gonzales hospital for four months.

Awards Announced. CHICAGO, June 26 (AP)—The National Safety Council today named 42 U. S. airmen as winners of its annual aviation safety award for their contribution to safe air transportation in 1951.

Back of a Ford pickup rests on the hood of a Jeep after the two vehicles were involved in an accident south of Big Spring Thursday morning. The Jeep was being pulled behind the pickup when a tire on the trailer vehicle blew out, causing both machines to go out of control. The pickup overturned, coming to rest in an upright position with one corner suspended by the Jeep. Two persons were injured, one seriously.
