Get in the Swing of Spring With Jellied Chicken Loaf

When you want to serve chicken salad in a festive atmosphere, combine it with pineapple in a molded chicken loaf as delicious as it is different. You'll like the unusual taste combination of pineapple and chicken which can be enjoyed to the full, thanks to unflavored gelatin. This is a main dish chicken mold to serve with boiled potatoes, canned peas and a salad for a complete meal. The protein supplied by the chicken is supplemented by the gelatin which is an all-protein food.

Molded Chicken Loaf With Pineapple

- | | |
|--|--|
| 1 envelope unflavored gelatin | 2 tablespoons lemon juice |
| 1/2 cup cold chicken stock or bouillon | 1/4 cup pineapple syrup |
| 1/2 cup hot chicken stock or bouillon | 1 1/4 cups diced cooked chicken |
| 1/2 teaspoon salt | 1/2 cup canned crushed drained pineapple |
| | 1/2 cup diced celery |

Soften gelatin in cold chicken stock. Add hot stock, and salt and stir until dissolved. Add lemon juice and pineapple syrup. Chill until consistency of unbeaten egg whites. Fold in chicken, pineapple and celery. Turn into loaf pans or individual molds and chill until firm. Unmold and serve with mayonnaise or salad dressing. If desired, garnish with toasted sliced almonds. Serve with boiled potatoes and canned peas.

YIELD: 6 servings

In Gray County H. D. Work
By Mary Anne Duke

National Home Demonstration Week

The Gray County Home Demonstration Council celebrated National Home Demonstration Week with a tea and book review for Home Demonstration Club members and guests.

The tea was held in the City Club room, Pampa, Thursday with about 60 women present. Mrs. F. E. Leach reviewed Grace Erdman's "Edge of Time."

Mrs. V. H. Ponciet, newly elected T. H. D. A. vice president of District 1 from Potter County, was present.

The special committee in charge of the tea was Mesdames Ernest McKnight, Vern Savage, H. H. Threast, A. B. Carruth, R. E. Sigle, and Fred Haiduk.

Civil Defense Leaders
The following civil defense chairman will meet in the agent's office May 10 at 9:30 to chart plans for the future: Mesdames T. D. Anderwald, council committee chairman; J. B. Jones, Bell; P. J. Boyd, Merten; J. R. Curney, Grandview; Roy Tinsley, Worthwhile; Doyle Ward, Hopkins; R. E. Montgomery, Wayside; R. T. Dickinson, McLean; Jesse Roberts, Back.

Council to Meet at Lefors
The June meeting of the Home Demonstration Council will be held at Lefors.

Pointers on Buying Food
Food costs are a big problem these days... even for the farm housewife. The homemaker can stretch her food dollars by pay-

ing more attention to purchases.

Here are a few suggestions for trimming the family budget: 1. Buy foods that are in season. 2. Learn the comparative value of a food that is available in different forms, such as fresh, canned, and frozen. 3. Use cheaper grades of canned foods. 4. Use milk, whenever possible, in its less expensive forms—dried and evaporated. 5. Buy your eggs on the basis of grade for different uses... and compare egg sizes against the cost per pound. 6. Buy meat that will give you the most food value per pound... and cook more fish. 7. Learn how to use the various fats and oils... and buy them according to use and price. 8. Plan meals ahead... and plan your grocery shopping around those plans. 9. And finally, the housewife should learn more about nutrition and how to prepare foods in order to preserve food value and eating qualities.

Mrs. E. E. Vaughn and two daughters of Pampa visited Mrs. Vaughn's niece, Mrs. Howard Horne and family, Saturday and Sunday.

Mrs. W. H. Hurd, and Mr. and Mrs. Raymond Diggs of McAlester, Okla., and Mrs. Sally Lewis of Sacramento, Calif., visited recently with their mother, Mrs. Stella Miller, who has been ill in the home of another daughter, Mrs. Oma Christie. Mrs. Miller is much improved at this time.

Mrs. S. A. Cousins, Mrs. Charles Cousins, and Mrs. J. W. Story were in Amarillo Monday. They returned via Clarendon, where Mrs. Story plans to spend the remainder of the week.

HAVE A BETTER KITCHEN

"We simply have to do something about the kitchen this Spring!" These are familiar words to many a husband at this time of year, for in the Spring the housewife's thoughts turn to a cleaner and brighter home. And she frequently wants to start in the kitchen. A natural thought, too, for it is here that she spends so much of her time. If kitchen remodeling is on the schedule for your home, don't neglect to build in some Spring warmth and color that the homemaker can enjoy the year 'round. But use color discreetly so she and the rest of the family won't tire of it quickly.

One of the most practical ways to bring pleasing, long-lasting color to the kitchen is in the counter top surface. It brings beauty to the room and advances the sparkling, easy-to-clean whiteness of modern steel kitchen cabinets.

Because the counter surface must be durable, as well as attractive, consider the selection of a top material carefully. Will its color retain its brightness for a long time? Will the material "give" slightly so as to reduce kitchen clutter and keep dishes from breaking easily? Will it resist stains from the acids and bases commonly found in food? Is it impervious to high heat or open flame?

Among counter top materials that meet these requirements is Cushman, a vinyl type of counter covering that is securely bonded to a steel base. It is made in 10 solid and marbled colors that will retain their brightness and provide the feeling of Spring that every homemaker wants in her kitchen.

Many wives will no longer have to wait until their 65th birthday to become eligible for monthly insurance payments under social security.

John Sanderson, manager of the Amarillo social security office, calls attention to the provision in the new law for benefits to wives of retired workers who are now receiving old-age insurance payments. The wife of a present beneficiary who has under her care a child under 18 qualified for benefits may now have monthly payments herself.

In these cases, the wife's payments continue until the child under her care reaches 18 or is otherwise disqualified as a beneficiary, according to Sanderson.

He suggests that wives who believe they are entitled to benefits under this provision of the new social security law get in touch with the Social Security office at Amarillo.

Mrs. Bill Pearson and children and Mrs. Doshia Kelly and mother, Mrs. D. P. Burgess, visited relatives in Amarillo last week-end.

Hershel Billingslea of Hereford and his son Earl of Amarillo visited Sunday with Mr. and Mrs. Gordon Billingslea and sons Gordon Billingslea is still confined to his home after being in the Shamrock hospital with virus pneumonia.

Bill Pearson enjoyed a fishing trip to Granite, Okla., last week-end.

Mr. and Mrs. Vernon Close were in McLean Monday for a short time visiting Mrs. Close's mother, Mrs. A. Standfield, and other relatives and friends. They are returning to their home in Miles City, Mont., after an extended tour of the south and southeast.

Mrs. J. C. Holloway and daughter Mary Ruth were in Pampa Saturday.

Mrs. Corinne Trimble was in Oklahoma the past week on business.

Mrs. Ernest Christie of Pampa visited relatives here over the week-end.

Mr. and Mrs. H. L. Chase and daughters visited Mrs. Chase's sister, Mrs. A. Haley and family of Pampa, Saturday night and Sunday.

Mr. and Mrs. Gene Greer and children of Pampa visited in the N. A. Greer home, and with other relatives and friends over the week-end.

Visitors in the home of Mr. and Mrs. Raymond Glass over the week-end were their children, Mr. and Mrs. Jack Glass of Amarillo, and Mr. and Mrs. Kenneth Hohstadt and little daughter Linda of Gruver.

Picture of a Solid Citizen?

We would like to reintroduce you to a citizen you have met casually many times—the beautiful new Silver Anniversary Pontiac. This is the finest, most beautiful car ever to bear the famous Silver Streak.

This car has earned a reputation as a good solid citizen—and well it should, because for

25 years Pontiac has been designed and built to be just that! Pontiac is your shortest, easiest step out of the ordinary into the extraordinary.

That's why you see so many solid citizens at the wheel of a Pontiac—you should be there, too. Come in, get the facts and figures.

For The June Bride Party

It's traditional this time of year—a shower for the future June bride. A buffet lunch or supper solves the problem nicely and gives you more time to enjoy your guests. You'll choose good food, simple food, and as a wise hostess, you'll serve economically. A suggestion from the test kitchens of Blue Bonnet Margarine is Chicken with Cheese Sauce.

CHICKEN WITH CHEESE SAUCE

- 4 tablespoons Blue Bonnet Margarine
4 tablespoons flour
2 eggs milk
1 teaspoon salt
1/4 teaspoon cayenne pepper
1 cup snappy cheese
2 lbs cooked asparagus
8 slices cooked hot chicken.

Melt 4 tablespoons margarine in heavy pan. Remove from heat and stir in flour. Gradually stir in milk and stir constantly over heat until mixture comes to a boil. Add salt, cayenne pepper and 1/4 cup grated cheese. Stir until cheese is melted. Keep sauce tightly covered if not used immediately.

Place cooked, drained asparagus in bottom of serving dish and cover with sliced hot chicken. Cover chicken with hot cheese sauce. Put sauce with remaining 2 tablespoons margarine and 1/4 cup grated cheese. Brown under broiler about 5 inches from flame and serve hot. Serves 6-8.

10 Years Ago—IT HAPPENED HERE

from the Files of The McLean News, May, 1941

Kachelhoffer is Married

The following, clipped from a night 11, paper announcing the marriage of Frank B. Kachelhoffer of this city, will correct a statement in our last issue to the effect that he was married to the Miss Timmer. We very much regret that this occurred (the error, not the marriage), and hope those concerned will note the correction.

A quiet marriage took place in Chicago Monday, April 17, when Honora A. Brown became the bride of Mr. Frank B. Kachelhoffer of McLean, Texas. After an extended wedding trip they will visit relatives and friends in McLean before starting for their home in Texas.

Mrs. Kachelhoffer was a Dwight and lived here until about a year ago, when she went to live with her sister. Her many friends join in wishing them a happy wedded life. Mr. Kachelhoffer had planned an extensive visit in Chicago, but was suddenly called home on urgent business matters several days ago. He left Mrs. Kachelhoffer in Chicago, but she will see him here later.

The hosts of friends in the McLean country wish for the happy couple a prosperous wedded career.

Death in Society

Miss May Davis was honored at a most unique and pleasing entertainment given by Mr. and Mrs. J. H. Horton at their home on the south side Friday evening of last week. Progressive party-two was enjoyed until a late hour when refreshments were served. Those present were: Misses May Davis, Minnie Foster, Hattie Thompson, Ruby Rice, Ethel Cook, Ethel McCurdy, Fannie Morgan of Amarillo, Winnie Ford, Bonnie Evans, and Ethel

Harbert, Messrs. Clay Thompson, Mel Davis, Herman Glass, Weaver Voyles, Ross Biggers, Roy Rice, Alvah Christian, Joe Fox, Wheeler Foster, and Wayland Floyd.

After the other guests had departed, Misses Cook, Rice, McCurdy, Morgan, Foster, and Thompson, composed a "couch" party to spend the night with Miss Lucile. Lucile made an extended tour of the town, serenading their friends and otherwise making the night ring with their merriment. The entire party expressed themselves as having enjoyed the Horton hospitality to the utmost, it being one of the most pleasing events of the season.

Mr. and Mrs. S. E. Boyett entertained a few couples at their home in the east part of the city Saturday evening of last week.

Progressive forty-two was the feature of the evening, the honor for the highest scores falling to Miss Fannie Morgan and Mr. Sutherland, both of whom received appropriate gifts. The booby prize was awarded to Orman Horton. During the evening refreshments of cake and punch were served.

Misses Mary and Enoch Grundy were hostesses to a few young people at their home on Friday evening of last week. The popular game of forty-two was enjoyed and the affair is reported to have been a most pleasant one.

Mrs. S. E. Boyett entertained six young ladies at luncheon Tuesday, the affair being given to celebrate the (age not given) birthday anniversary of her sister, Miss Hattie Thompson. Those present, besides the honoree, were Misses Ruby Rice, Ruby Cook, Lucile Horton, Winnie Floyd, and Minnie Foster.

It is reported that the local

So this is HOUSEKEEPING

I'm confused. On one hand, I read in the news columns that the nation's defense manpower shortage can only be solved by attracting women back to the production lines. And then, often in the same issue, I read of the imposition of new restrictions on the uses of metals which go into the production of such household appliances as washing machines.

It seems contradictory to say "women, come join the defense production effort," and then, in the next breath, take away from the homemaker the very tools which would make it possible for her to put in those hours on the assembly line.

A homemaker's first responsibility is to her family. Not only that, but she must see to it that her clothing and housing is clean. For most of us that means using the washing machine, an appliance which, long ago left the luxury class and became one of the home's absolute necessities.

I believe you'll agree the result then would be that many of us would have to revert to washing clothing by hand. A time as well as an energy consumer, this job would right away put a big damper on any woman's idea of putting in some time on a factory assembly line.

If the government wants female help to return to the job of making guns, ammunition and aircraft engines, it had better wake up and see to it that these women have a ready supply of the appliances needed to reduce to a minimum the time and energy spent in keeping her house.

Either that or devise some way to stretch the woman's day from 24 hours to 48 hours!

ball team met a smashing defeat at Shamrock yesterday. Will know more about it next week.

Building Activity

A large force of men are at work this week on the two-story concrete building for Messrs. Rice and Cousins, which is to take the place of the wooden structure recently torn away. It is believed that all the foundations will have been finished by the last of the week and work on the walls, which are to be made of re-inforced concrete 12 inches thick, will be commenced Monday.

When finished, this will be one of the most handsome buildings in the city and will be a valuable and attractive addition to the appearance of our business section.

A. V. Lipe of Clarendon arrived with his house moving outfit this week and is at the present engaged in moving the old hardware building which will make room for the American State Bank building to be started soon. The old building will be placed on the corner lot in front of Jno. B. Vannoy's jewelry store at Second and Main where it will be occupied by the Biggers grocery.

The big cellar under the S. O. Cook building has been completed and men are engaged this week clearing off the lot preparatory to commencing the actual construction of the building. Contractor Huff of Wellington will

A backwoods woman, the soles of her feet toughened by a lifetime of shoelessness, was standing in front of her cabin fireplace one day when her husband addressed her: "You'd better move your foot a mite, Maw, you're standing on a hot coal." Said she, nonchalantly, "Which foot, Paw?"

The old engineer pulled his favorite engine up to the water tank and briefed the new fireman. The fireman got up on the tender and brought up the spool down all right, but somehow his foot got caught in the chain and he stepped right into the tank. As he floundered around in the water, the engineer watched him with a sort of jaundiced eye.

"Just fill the tank with water, sonny," he drawled. "No need to tamp the stuff down." We don't try to tamp down that gasoline in your tank, but we give you full measure for your money. Drive in and give Chevron a trial.

GROWING PAINS In Gray County By FOSTER WHALEY County Extension Agent

McLean 4-H Club boys won five of the eight registered Hampshire gilts to be distributed under the Sears Icebucket swine program for Gray County.

Those winning gilts in the McLean area were Butch Turpin, southeast of McLean; Gerald Tate, 5 mile line; Kenneth and Gene Stokes, McLean; and Max Fillingale, north of McLean. Congratulations to these boys. I am sure they will do a good job with these good Hampshire registered gilts.

J. E. Kirby of McLean attended a Panhandle-wide meeting at Amarillo last week of the war mobilization committees of several Panhandle counties. Kirby is chairman of the Gray County P. M. A. committee and the Gray County war mobilization committee.

The purpose of the meeting was to plan an educational program to encourage wheat farmers to plant their abandoned wheat acreage to grain sorghums. A serious shortage of grain sorghum is imminent, mainly for three reasons: first, more cattle are on feed at present and have been on feed throughout the year than in many years; second, much larger exports have taken place within the last year; third, many new uses for grain sorghums have been found.

The government support price has been raised to \$2.17 per hundred in an effort to encourage larger acreage. Don't tell anyone, but I got the guy cornered who had all the dope on this shortage of grain sorghum and he said it wouldn't surprise him if the price of grain sorghum didn't reach parity, which is \$2.97 per 100.

It was pointed out that it was

have charge of the brick work.

C. C. Cooper has carpenters engaged this week repairing and building a porch on the front of the Hughes house, which he purchased and moved onto his lot in the northeast part of town several months ago. It is understood this property will be for rent as soon as the repair work is completed.

Uncle Sam Says

There is a pretty little house on the banks of the Cumberland river—the House that Savings Bonds Bought. A regular investment in U. S. Savings Bonds—now Defense Bonds—enabled the owners to first purchase the lot, then to buy a house, move it to the site, and remodel it. Maybe you can't save as much as they—maybe you can't believe. Whatever the amount, your systematic saving can be the means of making your own dreams come true. Enroll now for the Payroll Savings Plan where you work or the Bond-A-Month Plan at your bank.

not desired that the grain sorghum replace the cotton acreage in any way, since a 16 million bale cotton crop is wanted.

In an effort to better serve the people of the McLean area, I have made arrangements to be in McLean on Tuesday of each week. Boyd Meador has gladly consented to let me use the west side of his office on these days. So starting next Tuesday I will be in McLean. Many thanks to Boyd for this courtesy.

What about coming around and getting acquainted with me? So long, be seeing you next week.

Mr. and Mrs. M. C. Street of Littlefield visited his father, G. W. Street, and other relatives here over the week-end.

Mrs. Luther Stevens has returned to her home after being called to the bedside of her father, J. H. McLaughlin, in Indianola, Miss. His condition is much improved.

School Museum Is Interesting

By MONTA JEAN KENNEDY

The sixth and seventh grade science classes under the direction of Mrs. Catharine Weaver, have made a museum which has been a very interesting experience.

Among the very unusual things in the museum are the following: A flask fire extinguisher which was brought by Max Billingslea. It originally came from England, having been brought to the United States by Alford Rowe, former owner of the R. O. Ranch south of town. It is said to be over a hundred years old. Mr. Rowe, on a second voyage over to the United States, was lost when the Titanic was sunk.

We have a petrified buffalo horn found 20 miles south of town and brought in by Mauree Miller. Artalee Patterson brought some camel's teeth, saber tiger's teeth, dinosaur teeth, and bones of a three-toed horse.

A beautiful piece of quartz was found in some mountains of Oklahoma and brought by Henry Norvell. Frankie Smith brought a toy truck estimated to be about 40 years old. Clifford Kimbrell brought a buckeye that was grown in Arkansas.

We have a nice collection of ore rocks (silver, copper, and gold) from Montana, Arizona, and Colorado, which was brought by Joe Don Biggers. Harlene Moore, Max Billingslea, Helen Bruner, and Glen Howard. Max also brought some fool's gold from Montana.

Monta Jean Kennedy brought a toy steel chair which is 90 years old, and a side saddle which her uncle found on McClellan Creek—the saddle is thought to be about 50 years old. The seventh grade boys made two ox carts. Glenda Smith brought some white sand from White Sand, N. M. Glen Guthrie brought some human flesh which had turned to dust.

We also have a turtle's shell, skull and foot; birds' nests such as a wren's and mocking bird's; rock candy, rock wool, an Indian doll foot, Indian pottery, toy steel hammer 30 years old, shell fungus, lots of sandrock, flint rock, granite, marble, and volcanic ash, an old kerosene stove, a very large snail shell, several unusual seashells, a preserved sea weed from Florida, and many other things.

We have enjoyed making our museum, and we think it has

GOOD HEALTH

1. IS THERE MORE ALLERGY TODAY?
2. HOW HAS INFANT MORTALITY BEEN REDUCED?
3. WHAT IS THE SCHICK TEST?

Answer to Question No. 1:
 Authorities say there is more allergy today than in the past probably because as man's environment has become more artificial he has been brought in more frequent contact with foreign or newly created materials. Modern medical knowledge enables your doctor to treat many allergies successfully.

Answer to Question No. 2:
 The reduction of infant mortality is attributed to the increasing percentage of births in hospitals (although the improvement in the medical care provided in home births has been pronounced), improvement of prenatal care, health education, administration of new

medicines, blood transfusions and improvement in training in obstetrics.

Answer to Question No. 3:
 The Schick test is a method of injecting a very small amount of diphtheria toxin into the skin. Those who have antitoxin in their blood to fight the diphtheria toxin will have a negative test. On the other hand, those who do not have antitoxin or who have not developed it will have a positive Schick test. In the case of a positive Schick test, your doctor will recommend immunization in order to prevent diphtheria.

Mrs. Josie Stewart and son Earl of Amarillo were in McLean over the week-end checking on hail damage to their property. They also visited in the home of Mrs. Stewart's daughter, Mrs. J. C. Holloway.

Mr. and Mrs. Luke Armstrong of Alameda were in Bridgeport over the week-end.

been a very good educational experience.

Mr. and Mrs. Vestal Gene Bailey and family, and Mr. and Mrs. Melvin Bailey of Pampa, their home guest and two children from Turlock, Calif., were visitors in the home of Mr. and Mrs. Jack Bailey Sunday.

Mrs. Walter Bailey and Mrs. Larry Sutton were in Pampa Monday.

Mrs. Frankie Purdy and daughter Mickey of Amarillo visited with their grandmother, Mrs. J. T. Glass, Sunday.

Mr. and Mrs. E. J. Windom, Mr. and Mrs. E. J. Windom Jr., and Mr. and Mrs. Leo Gibson attended the annual presentation of inner-club council of W. T. S. C. at Canyon Saturday night. Marsalee Windom, a student at the college, is a spring pledge in Gamma Phi.

Mildred Carpenter, Mary Lee Stevens, Dora Mae Bailey, Geraldine Florey, and Neil Price of Amarillo spent the week-end with relatives and friends.

SOCIETY

Joan McGrady, Wayne Benson Wed in Clovis

Miss Joan McGrady, daughter of Mr. and Mrs. C. R. McGrady of Pampa, formerly of McLean, became the bride of Wayne Benson, son of Mrs. J. R. Childress of Lovington, N. M., Friday, April 20.

Rev. Thomas H. Raper, minister of the First Methodist Church of Clovis, N. M., read the double-ring ceremony in his home in the presence of a few friends of the couple.

Mrs. Benson was graduated from McLean High School in 1943 and until her marriage was employed at F. W. Woolworth's. Mr. Benson was graduated from Wellington High School in 1943. After graduation he served five years in the U. S. Navy, and is now employed by a trucking company in Lovington. The couple will live in Lovington.

Mr. and Mrs. T. B. Windom, Mrs. Leo Gibson, and Mrs. E. J. Windom were in Pampa on business Monday.

Mrs. A. R. Painter and two children of Amarillo are visiting Mr. and Mrs. H. L. Chase and family this week. Mrs. Painter and Mrs. Chase are sisters.

Mrs. C. R. Griffith Hostess at Meet of Pioneer Club

Mrs. C. R. Griffith was hostess to the Pioneer Study Club in the home of Mrs. Carl Jones, at the club's regular meeting last week.

Mrs. J. D. Coleman had charge of the program. Mrs. Wood Coleman and Mrs. Orville Cunningham of Sannorwood were introduced and brought a program on ceramics. Almost all phases of art were discussed. Many beautiful articles that the women had made were on display.

Lovely refreshments were served from a lace-covered table, with an arrangement of spring flowers. Those attending were Mesdames Jim Back, W. E. Bogan, J. D. Coleman, Bill Day, H. W. Finley, C. R. Griffith, Forrest Hupp, Carl Jones, Amos Page, Miro Pagan, Earl Stubblefield, Amos Thacker, Bob Thomas, B. L. Webb, June Woods, Myrtle Norman, and the guests.

Bobby Glenn of Dumas visited with his parents, Mr. and Mrs. C. R. Glenn, over the week-end.

BOYD MEADOR Insurance

Give your graduate a present with a future...

Subscriptions to favorite magazines are gifts that go on giving enjoyment and pleasure all year long. A gift of TIME, LIFE, FORTUNE or some other popular magazine is the perfect gift for you to give to any 1950 graduate—a gift that arrives every week or month of the year.

TIME 1 year	\$6.00
LIFE 1 year	\$6.75
Popular Mechanics 1 year	\$3.50
Cosmopolitan 1 year	\$3.50
Better Homes and Gardens 1 year	\$2.50
FORTUNE 1 year	\$12.50

... or select any one of hundreds of other popular magazines.

Your gifts will be announced, in your name, by special Graduation Gift cards. Order TODAY—

for a personal thought—

We have a very nice selection of beautiful gift stationery, which can be monogrammed for a very reasonable price. Most boxes are \$1.75, which includes monogramming—stationery is available, of course, without the monogramming.

Graduates, we still have on hand quite a number of thank you cards, and will be glad to show them to you.
