## Entire Local School Board to Be Elected

—Photo courtesy J. M. Payne

GET TOGETHER enough men with enough paint brushes and buckets—and paint—and you can get just about anything painted. And it doesn't take long, either. Shown above are members of the McLean Junior Chamber of Commerce as they started to work in painting the bleachers at the rodeo and softball grounds last Friday evening. The work commenced at about 5 o'clock, and before a number of the men arrived. Included in the 30 who aided. This picture was taken shortly after 5, workers (and we may have missed some, so our apologies Hickman Brown, Guy Beasley, Tommy Hulsey, Thomas Leach, Earnest Beck, Marvin Hindman, Howard Horne, McLroy, Johnny Haynes, Sammy Haynes, Odell Mantooth, Sanders, Bob Sherrod, Amos Page, J. W. Meacham, Luke

### Seven Members to Be Chosen From Ten Candidates Saturday

Voters of the McLean Independent School District will select an entire new board to serve the local school system when they go to the polls Saturday. The polling place at the City Hall will be open from 8 o'clock in the morning until 7 in the evening.

#### Open to Public—

### Girl Cagers To Be Honored At Lions Affair

A combination Ladies Night and Luncheon open to the public will be held by the McLean Lions Club next Tuesday night, J. Lester Dysart, president of the club, announced this week. The banquet will be held in the American Legion Hall.

Main purpose of the banquet is to honor the members of the girls basketball team, a group which finished in second place for state Class A honors this year. Other special guests will include Coach and Mrs. Don Leach. The 12 girls to be honored are Dorothy Gudge, Bonita Bailey, Sue Lively, LaJune Chilton, Joyce Bruner, Mary Gra-

to the polls Saturday. The polling place at the City Hall will be open from 8 o'clock in the morning until 7 in the evening.

The ballot will bear ten names, all of whom filed prior to the deadline, Wednesday of last week.

The names will be listed as follows:

- J. D. Coleman.
- Spencer B. Sitter.
- Milton Carpenter.
- Ercy Cubine.
- Guy Beasley.
- Clyde H. Andrews.
- W. G. Carter.
- Joe B. Taylor.
- Miro Pagan.
- John W. Cooper.

Drawing for places on the ballot was held this week, with President Boyd Reeves of the school board, who is not seeking re-election, drawing the names. They were placed on the ballot in the order in which they were drawn.

Of the ten candidates for the seven places on the board, four are present members. They are Carpenter, Cubine, Andrews, and Carter. Two other members of the board, Reeves and Custer Lowary, did not seek re-election. The 7th seat on the board was already vacant, due to the fact that Roy Kiser moved to Amarillo a few months ago.

Judge for the election will be W. E. Bogan, with Homer Abbott and Jesse Roberts serving as clerks.

The entire board is being chosen this year, instead of the usual two or three members, due to the consolidation of the Back common school district with the McLean district. Under the Gilmer-Alkin bill, the new school law, the entire board must be elected following the consolidation of two or more districts, in order to give each of the consolidating districts a chance at representation.

Ordinarily terms of school board members are three years in duration. This year, since all board members are being chosen, the terms of each will be chosen by

### Dysart Elected To Full Term As Lions Prexy

J. Lester Dysart, who has been serving as president of the McLean Lions Club since the resignation of R. B. Sheddick in January, was named to a full term in that office at the annual election of officers Tuesday noon.

Other officers named were as follows: J. C. Claborn, first vice president, an office he has held since being elevated from second vice president when Sheddick moved to Edmund, Okla.; Amos Page,

(Continued on back page)

### Davis, Smith, and Callahan Win

Voters of McLean—a smaller number of them than have gone to the polls in the past two of three years—chose a new mayor and two new councilmen, and re-elected their city secretary and city marshal in balloting in the annual city election Tuesday. Elected were E. J. Lander, as

mayor; D. A. Davis, city secretary; J. A. Sparks, city marshal; and Ruel Smith and C. P. Callahan, councilmen.

The total number of votes cast was 239, in comparison with the 273 of last year. Interest in the races was fairly low this year.

### More Painters Wanted Friday

The second coating of paint on the rodeo and softball bleachers will be put on this Friday afternoon, beginning at 5 o'clock, Amos Page, member of the committee in charge of the work, said this week.

All Jaycees, and any others who care to aid in the work, are requested to report at the grounds at 5 o'clock or as soon as possible thereafter, Page said.

Workers are asked to bring their own brushes and buckets, as well as ladders if they have any.

The second coat of paint is expected to go on much more rapidly than that first coat, which was applied last Friday afternoon. Some work remains to be done on the underside of the bleachers, although the plan now is to apply only one coat on the underside, two on the topside.

#### BIRTHDAYS

April 6—Boyd Meador, John Kirby, Wanda Jean Dorsey, Lana Sue Fry.

April 10—Mrs. C. O. Goodman, Cleo Heasley, Mrs. B. E. Glass, Mrs. C. B. Lee Jr., B. T. Watt, Jerry Bybee, Mrs. Charles Williams.

April 11—Joyce Ann West, Mrs. W. T. Eldridge, Nova Jones, Mrs. Orville Wood Jr.

April 12—Jack Brooks, Mrs. Jake Erskine.

April 13—Lester Dysart, Wes Langham.

April 14—Mrs. Granville Boyd, Richard Grigsby, Janice Graham, Bobby Smith.

### Literary Events of District 2-A To Be Judged Here Saturday

All literary events for Inter-scholastic League District 2-A will be held in McLean Saturday, Superintendent Logan Cummings said this week.

Schools participating in the meet are Memphis, Wellington, Clarendon, Lefors, Shamrock, and McLean. Both boys and girls are entered in the various events.

The list of events to be judged here are as follows: Debate, both boys and girls.

Declamation, senior boys and girls, and junior boys and girls.

Extemporaneous speech, boys and girls.

Story telling.

Ready writers.

Spelling, 5th and 6th grades, 7th and 8th grades, and high school.

Numbers sense, grade school and high school.

Slide rule contest.

Typing and shorthand.

### Leach to Start Spring Training For Grid Squad Next Monday

Spring football training for members of the McLean High School Tiger squad will officially get underway next Monday afternoon, Coach Don Leach has announced.

Practice sessions will be held daily at 3 o'clock in the afternoon. The spring training period is limited to 30 consecutive days, Leach said.

The new head coach is neither too optimistic nor too pessimistic about the squad next year. His biggest problem, at the moment, is to fill the activities in the backfield which have been carried out for the past two years by L. M. Watson. Watson, a senior this year, handled the passing, punting, and place-kicking chores, in addition to his signal-calling and running. And so far, Leach has had trouble in finding replacements for all those activities.

(Continued on back page)

### Miss D'Spain Club Member

Mary Beth D'Spain, daughter of Mr. and Mrs. H. A. D'Spain of near McLean, was recently initiated into the Ko-Jo-Kai social club at Abilene Christian College. Her formal initiation into the club followed a pledgeship of five weeks.

A sophomore student, Miss D'Spain is also a member of the A Cappella chorus, Campus Service Organization, and the Orpheans, honorary music society.

### Annual Rodeo Events Outlined

Events, and prize money for each rodeo arena in the northwest part of town. Three performances will be held, the first Friday night at 8 o'clock, the second Saturday afternoon at 2, and the final performance Sunday afternoon at 2.

The rodeo, to be held Friday, Saturday, and Sunday, April 20, 21, and 22, will be staged on the rodeo arena in the northwest part of town. Three performances will be held, the first Friday night at 8 o'clock, the second Saturday afternoon at 2, and the final performance Sunday afternoon at 2.

A parade will be held Saturday morning, April 21, Sherrod has announced, and all organizations and business firms are invited to enter floats. Several have already announced their

(Continued on back page)

#### David Grigsby—

### TO BOYS STATE

David Grigsby, member of the McLean High School junior class and son of Mr. and Mrs. Arlie Grigsby, was chosen by teachers of the high school as the representative from the Floyd-Corbin-Plorey Post 315, American Legion, to Boys State.

The annual Boys State is held in Austin, this year June 17-23, and the boys are allowed to govern the state for one day—filling all state positions, etc. A total of 450 boys are honored each year.

The representative must be a member of the junior class, since it is believed that the entire organization sending them, in reply can benefit from what he learns during the week of Boys

State the following year. Leadership, character and integrity, and scholarship are the three bases used in choosing representatives to Boys State, Paul Kennedy, chairman of the local Legion committee in charge of the selections, stated.

All high school teachers, with the exception of the administrative teachers, balloted on their selections from the junior class. Compilation of the results was completed Monday morning.

Representatives to Boys State have all expenses paid by the organization sending them, in reply can benefit from what he learns during the week of Boys

### Rev. Wm. A. Smith to Assume Presbyterian Pastor's Duties

Rev. Wm. Albert Smith, recently named as pastor of the First Presbyterian Church in McLean, will assume his duties here Sunday morning April 8, it was announced this week. Rev. Smith will conduct the morning services at 11 o'clock and the evening services at 7 o'clock.

Special music will be featured in the morning services.

All members of the church, and many others who are members of other churches, are expected to attend the first services under the new pastor. Seating facilities will be arranged in the event the crowd is larger than the normal seating capacity.

Rev. Smith follows Rev. George MacDonald as pastor of the local church. Rev. MacDonald resigned several months ago, and the pastorate has been vacant since that time.

The new pastor, born in New Mexico, was reared in Texas. He spent three years with the regular army, before leaving the service in 1931 to prepare himself

to become a chaplain. He worked his way through Austin College of Sherman, and graduated in 1937.

During the years 1937-38-39, he was a student pastor in the Panhandle, and in 1939, he entered the Austin Presbyterian Theological Seminary at Austin.

As a member of the army reserve, he was called to active duty February 11, 1941, and served with the Second Infantry Division. He was commissioned after graduation from the First Signal Corps Officer Candidate School, and served at Fort Monmouth and in New Guinea.

In 1946, he returned to the seminary, and was ordained in September of 1946. Rev. Smith served as pastor of the First Presbyterian Church in Georgetown from 1946 to 1948, and as a Stated Supply of the Grace Presbyterian Church of Camden, N. J., in 1949. He has been, since that time, pastor of the First Presbyterian Church in Barrington, N. J.

(More or Less)

Showers which began about the middle of the afternoon Wednesday and continuing intermittently through the night, netted 2.3 of an inch in rainfall in McLean.

Rev. Buell Wells, Baptist pastor, who has been conducting a revival at Dawson Springs, Ky., is expected to return in time for next Sunday's services. It was his intention when he left to be away two Sundays but the meeting is being close sooner than expected, and he will be in his pulpit Sunday.

When Marvin Hindman, member of the Jaycees, was slinging paint on the bleachers last Friday afternoon, he noted that considerable paint was falling on the bleachers below those he was painting. He remarked: "Now all I'll have to do on that next board is to spread the paint out a little." The second coat of paint is to be applied by the Jaycees this Friday afternoon, to put the bleachers in readiness for the American Legion rodeo April 20, 21, and 22.

Wants build a float? You're invited to, and you're also invited to enter it in the parade, to be held Saturday, April 21, in conjunction with the annual American Legion rodeo. Several organizations are making plans to enter floats in the parade, and it is hoped by the Legionnaires that a number of business firms will have floats. In case you are planning out, let Commander George W. Terry know.

The Legion is also planning two booster trips, one to be held Saturday, April 14, and the other Monday, April 16, to advertise the three-day rodeo. Everybody is welcome and urged to go along and help publicize the "big doings." Howard Horne is the Legionnaire in charge of the booster trips, and he would appreciate your letting him know if you can make one or both of the trips.

Mr. Abner, and other members of the Dogpatch colony, can be seen here Friday night, when the students of McLean High School stage their annual Dogpatch party. This year's party will be presided by a Sadie Hawkins race, to start at 7 o'clock at the Hindman Hotel. The boys will be given a slight head start, and will be chased by the girls. In the event a girl catches the boy she is after, she will have to carry him to the Municipal Building, if she doesn't catch him, the entire group will meet at the building at 7:30 for the party.

The public is invited to be downtown at 7 o'clock Friday evening, and see the weird costumes the various boys and girls will wear.

The Rainbow Girls will sponsor a bake sale Saturday from 10 o'clock in the morning until 1 o'clock in the afternoon, Mrs. Earl Stuberfeld, mother advisor, said this week. The sale will be held at the Stubbsfield Department store.

Amos Thacker, mechanic at the Andrews and Johnson Equipment company, suffered a painful injury Tuesday noon, when he almost severed a thumb in an accident. Thacker was working with a car on a hydraulic lift, and was attempting to adjust the "A-Frames" underneath the car and above the lift, when the car dropped and badly mashed his thumb. The thumb was treated, and it is believed it may heal without having to remove it.

All boys and girls of the 4-H Clubs in McLean are having a party Friday night, April 6, in the American Legion Hall. The party will begin at 7:30 o'clock.

Each child is asked to bring his friends and other members of the family to the party.

The Alanzed 4-H Club members are invited, and they have also been asked to bring their parents and teachers.

Two one-act plays, one by the junior class and the other by the Senior Club, were ably staged last Friday night. Both were comedies and were well-received by the audience.

# Next Three Months in Congress Important

By WALTER ROGERS

It has been rather quiet during the past week around the capitol. This is due to the recess of the House for a ten-day period. It is the lull before the storm, as the manpower bill will be on the floor next week from all indications, and this is to be a quite controversial issue. The House committee has rewritten a major portion of the Senate version of this legislation. Indications are that the draft age is going to be a highly controversial matter. There will also be amendments undertaking to fix the power to send troops overseas, which is the question now being debated by the Senate in a separate bill. The final version of this legislation is going to have a tremendous impact on world events. This Congress is being watched by all foreign powers with a great deal of interest. Events in the next three months will determine the course of this country for a long period to come. These events will definitely have a bearing on the period during which the preparedness program will continue. The approach of the UN forces to the 38th parallel in Korea brings closer to hand the decision of great importance. The question of "to cross or not to cross" will be the most serious question that this country faces or has faced since it was crossed last fall. The potential all-out war with China may well depend upon the correct answer to this question. It is certainly as important to China as it is to this country, if not more so. History reveals that there has never been a time when there was a unified China. The Red forces fully realize this and it is causing them great concern. A peaceful settlement by Mao at this juncture would be one of the greatest steps in history toward world peace. If he can save his face by ceasing hostilities, it will no doubt be done.

## Blowing A Hot Trumpet

PITTSBURGH, PA. — Dorothy Langstaff appears to be giving out with a few hot licks on this trumpet-like glass instrument. But there's more than hot air to the picture — it shows actual glass shop work at Gulf Oil research laboratories, where Dorothy is blazing a new career for women. When Dorothy began as an apprentice, old timers predicted no woman could make the grade as a craftsman in the skilled scientific glass field. Today, at 26, fellow workers acclaim her the nation's top woman glass blower.

If he does not feel that he can save his face, he will let every Red Chinaman die before he gives his cease fire order.

**MOBILIZATION:** Much talk has been going the rounds about the statement of Charles Wilson to the effect that we can fight an all out war by the third year and the statement by General Marshall to the effect that he was disturbed by the let-down in general opinion concerning our preparedness program. Actually these two statements are not in conflict. There is no question but that the public in many sections of the country has permitted the recent successes in Korea to create a feeling of security. This could prove detrimental to the preparedness program, but it has not had that effect to date. This Congress is not going to relax the preparedness program by reason of temporary successes. We all realize that the salvation of this country and our way of life is going to depend upon the immediate building up of a strong military force and that this force is essential as a backdrop in any peace negotiations with any of the aggressor nations.

**THE PRESIDENT OF FRANCE:** The Stars and Stripes are flying at all corners of the capitol flanked by the French Tri-Color. This is in honor of le President Auriol, the first French president to visit

this country. This visit is definitely building a bulwark against communism.

**CRIME INVESTIGATIONS:** Much mail is being received asking for continuance of the Kefauver Committee. The permanent committee on this matter should be a joint committee with full investigative powers. Crime, like communism, is going to be crushed in this country. Look for some big developments.

**VISITOR:** Jay Taylor of Amarillo was in Washington this week in the interest of the cattle-men.

**Mr. and Mrs. Ralph Francis** of Guyton, Okla., were guests Friday and Saturday of his aunt, Mrs. Luther Petty and family. Mr. Francis and Mr. Petty made a business trip to Sayre, Okla.

**Neil Price, son of Mr. and Mrs. E. L. Price** was home from Amarillo over the week-end.

**Mrs. Roy B. Worstall** and daughter of Zanesville, Ohio, have been visiting Mrs. Worstall's parents, Mr. and Mrs. Jesse Roberts, the past week.

**Mr. and Mrs. George Orrick** took Mrs. Orrick's parents, Mr. and Mrs. A. B. Word, to Chillicothe Sunday to visit relatives and friends.

## WHAT'S COOKIN'

In Gray County H. D. Work  
By Mary Anne Duke

### Two New Clubs

McLean Home Demonstration Club has as officers, the following women: President, Mrs. Amos Page; vice president, Mrs. J. H. Kritzer; secretary, Mrs. Bob Sherrod; treasurer, Mrs. Reed Grogan; reporter, Mrs. E. J. Windom, Jr.; parliamentarian, Mrs. Earl Stubblefield; council representative, Mrs. Jess Kemp; council alternates, Mrs. Shelton Nash and Mrs. Claude Powell; demonstrators, Mrs. Windom, home improvement, Mrs. J. C. Claborn, food, and Mrs. Kritzer, landscape; yearbook chairman, Mrs. Lester Dyart; recreation chairman, Mrs. Nash.

Members other than those named above are Messdames Haskell Smith, Spencer Sitter, Lester Campbell, Guy Beasley, Emory Crockett, Carl Jones, Howard Horne, Bill Bailey, Dee Coleman, Buddy Sutton, Ted Simmons, Clyde Brown, Paul Miller, R. T. Dickinson, Dusty Rhodes, Richard D. Back, and Maggie Johnston.

The McLean club meets on the third Wednesday afternoon in the month in the American Legion Hall.

A group of homemakers in the Back community met Thursday afternoon in the home of Mrs. Clyde Dwight Jr. for the purpose of organizing a club. Only part of the officers were elected, as other women are expected at the April meeting. Mrs. Dwight was elected president; Mrs. J. V. Barker, council representative; Mrs. D. E. Dwight, secretary-treasurer. Others attending included Messdames C. E. Coris, S. L. Stewart, and Mrs. Clyde's Dwight's mother.

### Treat the Seed Before You Plant

The specialists say you get a better stand of vegetables in your garden if you treat the seed before you plant. They say treating will prevent "damping off"—which is really disastrous to your garden. The fungi that cause this "damping off" or rotting of seed in the ground, also cause the very young seedlings to topple over. So get the chemicals at your feed store—select from different chemical dusts like arasan, sporgan, semesan—tear off the corner of the package of seed and put in as much of the dust as will stay on the end of a small knife. Then fold the torn corner, shake the packet well, and your seed is

## HAVE A BETTER KITCHEN

The hot, humid days of mid-summer are still some months away in much of the United States, but there is enough Spring in the air these days to give us a hint of what's ahead. And while most thoughts of Summer are pleasurable, many parents approach the extremely warm weather with a sense of dread. For it is during those days that polio strikes hardest and most frequently.

The researchers and scientists haven't yet discovered the cause of this crippling disease. And until they do, we are told that our best defense is good health and cleanliness. For the time being at least, perhaps it is in the kitchen that we can do the most to eliminate a possible breeding ground of this and other diseases. That breeding ground, of course, is garbage and the garbage can. For in warm weather garbage quickly begins to ferment and become unsanitary, attracting flies, mosquitoes and other insects.

The proper way to dispose of this menace to health is to get rid of food waste before it becomes garbage! With the automatic food waste disposer, it can be taken care of right in the kitchen without muss or fuss. The waste is ground into tiny bits right in the sink, mixed liberally with cold water and flushed into the sewage system. Then there need be no dirty, smelly, dangerous garbage can, where public health officials say, so much disease gets its start and from which it spreads.

The modern food waste disposer, properly installed and used, is as trouble-free as an electric refrigerator and will care for an average family's garbage for many, many years. And best of all, it may be the means of controlling diseases that result from filth.

### ready to plant.

The seed treatment, the specialists say, is important for all the common garden vegetables, but especially for garden peas and lima beans.

If you forget the method suggested, check on the package of chemical dust—the directions are usually given there—or come by the agent's office for further information on treating your garden seed before you plant.

### Mrs. Arthur Dwyer, accompanied by Mrs. Jesse Grogan of Alameda, was in Pampa last Friday on business.

**Mr. and Mrs. E. L. Price** and Mrs. Velma Betchan visited with Mr. Price's mother, Mrs. R. L. Price, in Hollis, Okla., Sunday.

**Mrs. Wheeler Carter, Mrs. C. B. Peabody, and Mrs. Sam Gary** were in Pampa Monday.

## Personals

**Mr. and Mrs. J. W. Meacham** and family visited her sister, Mrs. J. O. Murray and family of Pampa, Mr. and Mrs. R. J. Murray of Pantex, and Mrs. Meacham's brother, Roy Cheatham and family of Amarillo, Sunday.

**Mr. and Mrs. Claude Brooks** and daughter of Amarillo, former residents of McLean, visited Mr. Brooks' brother, H. W. Brooks and family, Sunday.

**Mrs. S. J. Cunningham of Henrietta** is here for an extended visit with her daughter, Mrs. Vernon Wood and family.

**Mr. and Mrs. Howard Williams** and family visited with Mr. and Mrs. Grover Lamb and Mrs. W. N. Pharis at Lela Sunday.

**Mr. and Mrs. Claude Sitze** and sons, Jimmy and Tommy, of Miami visited with their aunt, Mrs. L. E. Cunningham, Sunday.

**Gus Hunter of Pampa** visited in the J. N. Burr home Monday.

**Mr. and Mrs. Guy Beasley** family visited Mr. and Mrs. Van Huss at Dozier Sunday.

## Good Foods Help Build Sound Health

The young American, enjoying his tapioca pudding with bananas, calls attention to an important day devoted to the welfare of youngsters—National Child Health Day, May 1.

A bright-eyed child is usually a healthy child. And so that more little Americans may have a healthy happy childhood, a day each year is set apart by our government for calling attention to the well-being of children. It is National Child Health Day, observed on May 1.

### Tapioca Banana Pudding

1 egg white  
2 tablespoons sugar  
1 egg yolk  
2 cups milk

2 or 3 tablespoons sugar  
1/2 teaspoon salt  
3 tablespoons quick-cooking tapioca  
1/2 teaspoon vanilla

Beat egg white until foamy throughout; add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in very soft peaks. Set aside.

Mix egg yolk with small amount of the milk in saucepan. Add 2 or 3 tablespoons sugar, salt, quick-cooking tapioca, and remaining milk. Fax over medium heat. Cook until mixture comes to a boil, stirring constantly—this takes 5 to 8 minutes.

Four small amount of hot mixture gradually on egg-white meringue. Blend. Add remaining mixture, stirring constantly (the hotter the tapioca and the faster it is blended in, the thicker the pudding will be.) Add vanilla. Cool, stirring once after 15 to 20 minutes. Chill. Makes 4 or 5 servings.

When serving, top pudding with sliced bananas.

### Boy Recovering From Operation At Boys Ranch

Through the help and generosity of three specialists in Amarillo, Dewayne Keys, 11, young "hand" at the famous Boys' Ranch near Amarillo, will have a chance to run and play again as a normal boy.

Dewayne went to Boys' Ranch about four months ago from Shamrock, and despite a poliomyelitic left leg he has had since he was two, he managed to get

along exceptionally well with the 156 other ranchers.

Three doctors in Amarillo took an interest in young Keys and agreed to give their time and services to perform the operation and take care of the post-operative treatments.

Dewayne is now convalescing from his first operation and is all smiles at the prospect of being able to walk normally. One more operation will be necessary but the game little rancher is ready to take it in stride.

In referring to the specialists who are helping him, Dewayne said, "They're sure swell guys and I guess I'm a pretty lucky kid."

## WHAT'S COOKIN'

In Gray County H. D. Work  
By Mary Anne Duke

### Home Demonstration Work

Gray County Home Demonstration Club members are already planning for the Home Demonstration Week observance, April 29 through May 5. Federal Extension Director M. L. Wilson is suggesting that the activities of Home Demonstration Week be centered on those elements of home demonstration work which best serve to strengthen the home.

### Welcome New Members

Mrs. J. W. Cunningham, Harvey Bates, and J. W. Gray, are all new members of the Bell Home Demonstration Club.

### Frank Wilson's Talk

Frank Wilson, principal of Pampa High School, made an excellent talk on his recent visit to the United Nations before the Gray County Home Demonstration Council. Mr. Wilson said he thought more highly of the United Nations since seeing that great group at work.

### Judge Bruce Parker and Miss Doris Leggett

district home demonstration agent from Amarillo, were present to hear Mr. Wilson's talk.

### New Bulletin

There's a new bulletin, "Freezing Poultry for Home Use," from the Extension Service—F. Z. Beaubien, poultry marketing specialist, and Roy W. Snyder, meat specialist, prepared it.

The bulletin gives suggestions for preparing for the freezer, and directions for disjointing broilers or fryers.

There's a section on preparing chicken "roasters or bakers," and preparing turkeys, and here the specialists make several suggestions. They show by pictures how to halve the turkey or quarter it to fit the needs of your family—and how to disjoint the turkey to fry, roast, or broil. The specialists say another good reason for disjointing is to prepare it in small enough quantities for one or two meals, and to make turkey ready to eat all year.

Then—there are methods of packaging the chicken or turkey for the freezer, and points about freezing, holding, and thawing.

Drop by the office for a copy of this bulletin if you are ready to do some of this.

### Does Your Child Eat Enough?

Mothers can take plate waste as a starting point toward solving children's eating problems just as school lunch managers are doing, says Margaret Dreisbach, of the U. S. Department of Agriculture's Bureau of Home Nutrition and Home Economics. It's not the food served, but what children eat that builds strong bodies and furnishes needed energy.

In 39 lunch rooms and kitchens of schools taking part in the school lunch program, the bureau obtained facts and figures showing kinds and amounts of foods that pupils either passed up at the lunch counter or left on plates as waste.

Examples of differences in acceptance of foods served: In 9 schools where children paid for a standard-type school lunch that included half a pint of fresh milk, the number of children refusing milk ranged from 2 to 44 per cent. In three schools serving buttered beets, 5, 15, and 27 per cent of the pupils left some of the serving on plates, but in two other schools where beets were pickled, none of this food was left. The records showed that the children left larger quantities of vegetables and main dishes

than fruit and other desserts, bread, and milk.

Straining the point that there is more than one way to help children to eat better, and to reduce waste, Mrs. Dreisbach offers these suggestions as "starters":

If children do not take food prepared one way, try another. Children who dislike candied sweet potatoes may enjoy them baked.

If a school group, or children in a family, can be counted on to eat every bit of dessert, but are finicky about some other part

of the meal, figure out ways to make desserts extra nourishing, with milk, eggs, or fruit, as the need may be.

Mr. and Mrs. Jim Williamson and family from Mobeetie visited in the C. A. Myatt home Sunday.

Mr. and Mrs. T. G. Smallwood and family were in Shamrock, Mobeetie, and Wheeler Sunday.

Mr. and Mrs. James H. Sanders and Mr. and Mrs. Haydn Bodenhamer and daughters, Becky and Suzie, were in Darrouzett Sunday.

## Editorial

### ABOUT SOCIALISM AGAIN

FROM TIME TO TIME, indeed on numerous occasions, we have called your attention to the drift toward Socialism (government ownership and control) which this country is rapidly experiencing.

We are but one of many voices speaking out against this trend which threatens to engulf us and take away our freedoms. Among those writers with whom we are familiar in this section of the nation is Wes Izzard, editor and publisher of the Amarillo Globe-News. Mr. Izzard, although not many of us know him personally, is well-known to the readers of the Globe-News, and to the listeners of Radio Station KGNC. He has built up an enviable reputation as a writer as well as a speaker and newscaster and news commentator.

Last week, in his regular weekly radio commentary, Mr. Izzard had this, among other things, to say:

"As you probably know, we feel very strongly about this country's drift toward Socialism. There are, notably in Washington, meetings and conferences going on almost constantly, in which the social planners are deciding what to do with your life and mine. Just last week, Oscar Ewing—an Amarillo physician asked us to PLEASE not call him Doctor Ewing, as we did last week—Oscar Ewing, head of the Federal Security Administration, issued his annual report, in which he requested Congress to get busy and fill the gaps of his social welfare program. Mr. Ewing and his co-planners are determined to round out their cradle-to-the-grave program of socialization, and they are chafing at the delay. . . . Wouldn't it be an eye-opener to the people of the United States if some of those planning conferences of the Ewing crowd could be televised?"

"Like major crime, Socialism has slipped up on an unwary public. It is amazing how much all of us are dependent on the Great White Father in Washington, and how silently and swiftly this dependence has crept upon us. It is almost impossible to grow a crop or build a house or get a job or earn an extra hundred dollars or borrow money or buy a car or do any one of a hundred ordinary things without paying tribute, or reporting to the federal government in some manner."

"Major crime, says G-Man Hoover, can be wiped out in 48 hours if the local officials want it that way. But you can't do that with Socialism."

"Through apathy and selfishness we have permitted the controls of Socialism to take hold of our lives—indeed, we have made some of them necessary. And we can't get rid of Socialism in 48 hours, or 48 days, or 48 years. We might stop it where it is, if we become sufficiently aroused. But you can't get a television camera in where it can expose Socialism. The planners like it cozy and secret, and our hope is that the people, aroused to white heat of public affairs generally, will wake up without the ringing of an alarm on a little glass screen, and determine to hold tight to the freedoms they have left."

Go your way with the spices of loving thoughts and beautiful deeds and you will find that the stone has been rolled away.—Robert Norwood.

Our grand business undoubtedly is, not to see what lies dimly at a distance, but to see what lies clearly at hand.—Carlyle.

A man that hath friends must show himself friendly; and there is a friend that sticketh closer than a brother.—Proverbs.

Iodine is obtained chiefly from kelp or ashes of burnt seaweed.

## Sheath Suit

Here's the all-important dress-jacket costume, in rayon and wool fabric, meant to function as a sheath or suit. The dress has a square neck and is sleeveless. The waist-length jacket buttons from the throat to the waist and has a niene-string tie at the collar. Featured in the March issue of Cosmopolitan, it comes in black and navy and retails for about \$50.

## LES

### TALK

By LESTER

When Paul Pierson was a resident of McLean, he had a chamber of commerce dream for this little town—and it was one which I think worth explaining.

Paul was manager of the theaters here, and was an active civic worker. His dream was one which might bear thorough study and investigation, although it might turn out to be impractical.

Paul wanted McLean to be dressed up so that it could be called a "model town," as far as the outer appearance of its business institutions were concerned.

He had an idea that might work along those lines—and then again it might not.

His idea was to contact one of the large glass manufacturing companies, and see if they would cooperate with us in remodeling the front of practically every business house in town. Install glass fronts, so to speak, by using glass bricks, large plate glass windows, etc. Paul didn't know much about what all types of fronts would be possible, but he figured the glass company would.

Such a project would entail a great deal of study, and a great deal of work. It would also mean the expenditure of some money on the part of the owners of the various buildings. But he thought that a large company might go along with us, and shave the price down to where it would be reasonable for all.

It's a wonderful idea, and maybe will always be a dream.

But I have told the president of the Jaycees, Hickman Brown, about it, and he intends to see that we make a survey of the situation and determine the possibilities.

Just think, the company could take pictures of the business section from all angles, and use those pictures in their national

advertising programs. They would benefit greatly from having a "model town," and naturally McLean would receive much, much good publicity.

It's just another idea, and not mine, but that of Paul Pierson. I sincerely believe it is worth investigating.

One thing which several people asked about when contacted concerning membership in the Jaycees, was the possibility of erecting some attractive welcome signs on either side of town. The Jaycees, incidentally, have already made preliminary investigations along these lines, to determine what such signs might cost. Naturally, they would have to be maintained through the years, but that could be worked out.

The signs could not have much wording on them, for too much wording would mean they would never be read.

Have you any idea about what to have the signs say? One small town in Texas has a sign which says, "The home of 2,500 fine people, and a few old soreheads." Another has a sign which says, "Drive slowly and see our city, drive fast and see our jail." Amarillo's signs say, "The Friendly City."

The Jaycees need some ideas along this line, good ideas. They do not need derogatory slogans, but some good ones—the shorter the better. If you have any ideas for copy for a sign, let the Jaycees know. Your ideas will certainly be given consideration.

Incidentally, you can become a member of the Jaycees any time you wish. If you are 18 years of age, or older, and are of the male sex, you are eligible for membership. The Jaycees have the name of JUNIOR chamber of commerce, but that doesn't mean that the organization is a LITTLE chamber of commerce. In places where there are both senior and junior chambers of commerce, the junior organization serves as a place where the younger men can work and where they can learn to serve their community well. In McLean's case, the junior chamber of commerce is the only one, and will have to do ALL the work that is done along those lines.

In making the rounds to seek out members, those working on the membership committee state that a number of people have said they will join when the Jaycees prove their worth. In a way, those people cannot be blamed for being skeptical. On the other hand, why should anyone have to wait on someone else to do something to help the town? Why isn't everyone desirous of helping their own town and community? That question, unfortunately, I cannot answer.

Any way, the Jaycees realize that there are those who are skeptical and doubtful. So the Jaycees are going to do their utmost to prove that the organization is a good one and can help this community.

For your information, here is the Jaycee Creed, which has been adopted by the national Jaycee organization:

We believe:

That the brotherhood of man transcends the sovereignty of nations;

That economic justice can best be won by free men through free enterprise;

That the government should be of laws rather than of men;

That earth's great treasure lies in human personality;

And that service to humanity is the best work of life.

If the resurrection of Jesus is a myth, then the forces of evil have a right to write across the face of the universe—if a man die he shall not live again. But the resurrection is a fact. Because He lives, we live, too.—Rev. F. G. Hardy.

Vanilla, in its natural state, is a long green bean.

Maryland has the only state flag bearing a coat of arms.

# WHEN "THANK YOU" MEANS YOU

Red Cross Field Director Henry Hedges, one of 65 serving with combat troops in Korea, helps a Marine with a family problem. A third of Red Cross funds goes to provide this friendly counsel and personal assistance to the fast-growing military forces.

"Thank you, Red Cross!" was heard hundreds of thousands of times during the last twelve months — gratefully from servicemen in Korea for help with personal or family problems, for blood; from wounded soldiers in hospitals for the kindly acts and comfort articles by volunteers; from victims of accident, sickness and disaster, many whose actual lives had been saved. Those "Thank You's," the Red Cross points out, go to those who contributed to the Red Cross and made this possible.

Urgent need for expanding Red Cross services in Civil Defense, for blood to meet military, national emergency and civilian needs, for welfare services to the fast growing armed forces, for veterans, and disaster relief, amount to an increased budget of \$85,000,000 for this next year. More people than before are being asked to share in making "Thank You, Red Cross" possible for tomorrow's humanitarian needs.

Top—Warm food and friendly service erase terror from this young tornado victim. Always ready to meet natural disaster, this Red Cross service has a vital role in civil defense to help in feeding, clothing and sheltering refugees, after sudden attack.

Bottom—He's only four, but this little boy is waging a man's fight, after 70% of his body was burned, with blood from volunteer donors in the Red Cross Blood Program, made possible by annual public contributions. Blood for the military, plasma for civil defense and continuing civilian needs depend on this year's Red Cross drive.

Top—Success of the Red Cross drive means first aid training for millions of persons for civil defense. This trainee uses her lipstick to mark T for tourniquet on forehead of "air attack victim."

Bottom—Red Cross Home Nursing classes are being expanded to train at least one person in every family to care for the sick should sudden emergency overtake hospitals, doctors and nurses.

## White Stresses Seed Shortage

Commissioner of Agriculture John C. White expressed alarm over cotton planting seed in Texas and urged farmers to exercise extreme precaution when making purchases.

"It has been known for some time that a shortage of cotton seed existed for the 1951 goal of 1,000,000 acres," Commissioner White stated. "Quality seed were booked early and supplies completely exhausted. Texas seed stocks were supplemented by what amounts could be purchased from other states and much of this seed has come in labeled below standard for germination, or approximately 60 per cent.

"Additional seed stocks needed for this year's acreage in Texas will come from seed at gins, oil mills, and from farmers themselves," White explained. "It is this seed about which I am alarmed and concerned since we have found in our two state seed

testing laboratories the samples submitted from these sources run as low as 3 per cent germination."

The commissioner reminded seed purchasers that every sack of seed offered or exposed for sale in Texas is required by law to have a tag attached showing germination percentage. "In the case of bulk seed," the commissioner added, "the seller is required to furnish one tag for each 100 pounds of the seed sold.

"I urge all purchasers of cotton seed to exercise every precaution and care. The facilities of our seed laboratories are available to all Texas farmers. A little discretion at this time in demanding to know the germination percentage of the seed will eliminate disappointments in stands as well as time, money, and possible loss of crops," Commissioner White said.

That which we are, we are all the while teaching, not voluntarily, but involuntarily.—Emerson.

An early armed ship of the American navy, the Monitor, was called a "cheese box on a raft."

## 40 Years Ago—IT HAPPENED HERE

Taken from the Files of The McLean News, April, 1911

**Rice and Cousins Building Starts**  
In pursuance of the plans of Messrs. Rice and Cousins to push the work on their two-story concrete building as rapidly as possible, a big force of carpenters has been engaged this week tearing away the frame structure that stood on the lot.

J. C. Biggers, who occupied the beer floor of the building, has moved his stock to the C. C. Cook building and will share that room with J. A. Grundy until the S. O. Cook frame building is moved, after which he will occupy it.

The upper floor of the condemned building was used as a lodge room for the Odd Fellows and the different Woodmen lodges. It is understood they will have temporary quarters in the new Coatsman-Christian Hall and will occupy the upper floor of the new building when completed.

Instead of the plain concrete block, it is announced that the new structure will be made of reinforced concrete, using a steel frame work. This will make a most substantial building and will be a credit to our city.

**The Blarney Stone**  
Some time since one of the brightest and wisest of Cincinnati's girls went abroad, and when she returned home, about the first person to congratulate her upon her safe return was B—, a young blood of the city, whose dollars exceeded his sense in the ratio of about a million to one.

"Aw, Miss Y—," he said, "permit me to greet you. I know you have had a very pleasant trip abroad."

"Yes," she answered, "very pleasant indeed. I was all over the continent, England, Scotland, and Ireland."

"Ah, in Ireland; and did you see the Blarney Stone?"

"Yes, I was there."

"Oh, I should so delight to see it. It has always been a desire of mine to kiss that celebrated stone, but I have never had the opportunity."

"Indeed, then you should go there."

"I know, but I have not done so, but why shouldn't I kiss it by proxy? You have been there and kissed it, why should not I take the influence of the Blarney from your lips?" And the smart Aleck stepped forward to proxy for the young lady.

"But she draw back and, looking him squarely in the face, said: "I beg your pardon, my dear Mr. B—, but I sat upon the Blarney Stone."

**Surprise Birthday Dinner**  
The Woman's Home Missionary Society of the Methodist church entertained Mrs. J. P. Lowry at the parsonage on Tuesday of this week with a delightful birthday dinner. The affair was a complete surprise to the honoree, she having only a few minutes to prepare for the spread. After dinner a pleasant session was held in which the entire membership, with the exception of two, participated. The ladies also presented Mrs. Lowry with a handsome dress pattern.

**Basket Dinner**  
You are again reminded of the fact that there will be a basket dinner served on the grounds of the Baptist church Sunday for the entertainment of the visitors to the singing convention. Every family who can possibly do so should be on hand early with a well filled basket.

Bob Harlan returned Saturday afternoon from a trip down in Eastern New Mexico, where she bought 30 horses for F. H. Yorker. He shipped the horses to Pampa and drove them from that point.

T. J. McClain and family left Friday afternoon of last week for Kress, Texas, in Swisher County, where they will make their home in the future.

His heart was as great as the world, but there was no room in it to hold the memory of a wrong.—Emerson.

Horace Mann is the father of the American public school system.

## Some Germs Good— BUT SOME ARE NOT

Everyone has germs, of course, various assortments of vegetable and animal life scattered about the body, inside and out. As long as those germs stay at a certain population and behave themselves properly, they add to your growth, energy and well-being.

When they get out of line, either because they multiply too fast or the bad germs bat down the good ones, you are likely to end up with an infectious disease. And it usually runs a set course, lasting a certain time, and is capable of spreading to others for a certain length of time.

Some people catch the germs which thrive in or on them but never cause the disease to develop. Such a person was the now-famous Typhoid Mary who was able to spread typhoid though she never developed typhoid herself. Many other people did from contact with her "germ" and finally she was discovered as the source of many cases of typhoid.

She wasn't aware of her ability to spread the disease until it was proved to her and she was limited thereafter in her contacts with people, as all typhoid carriers are today; they are not permitted to prepare food and drink for anyone except themselves or to work in places where food and drink are handled. With certain other limitations, carriers are able to go about their normal routine of living without having to be isolated completely.

Leprosy and tuberculosis do require isolation, however, until the ability to pass the infection is gone.

Other diseases require definite periods of isolation in order to prevent the spread of the illness to others. Typhoid fever is considered catching for at least three weeks after the disease develops; diphtheria may be passed on to someone else for about 14 days after it shows up; and among the many diseases which are thought catching for the first week after the signs of the ailment are obvious are anthrax, dengue fever, sleeping sickness, glanders, measles, mumps, bubonic plague, polio, parrot fever, scarlet fever, meningitis, smallpox, granulated eyelids, typhus fever, and whooping cough.

You have the germs that cause these diseases in your body for some time before you come down with the illness, of course, and during that incubation period you

## HAVE A BETTER KITCHEN

As America's defense efforts expand and more and more women take over men's jobs in the nation's defense industries — and more expensive — we see that in this respect, at least, history is about to repeat itself.

Already many an American homemaker is doing without the household help she needs and ordinarily could afford. And with the trend comes an even greater awareness of the many labor-saving kitchen appliances that are available to help her have a better kitchen and thus make her work easier.

One of those appliances is the automatic dishwasher. Its booming popularity gives hint of the day when this labor-saver will be an accepted part of the kitchen like the sink, range and refrigerator. Certainly it is a great time saver, for homemakers who have them claim that being relieved of the main part of the dishwashing chore gives them up to an hour or more a day of extra time.

Modern dishwashers do a really good job of dish cleaning. Better, in fact, than you can do them by hand. They use water hotter than the hands can stand, and permit the use of detergents that would cause sore hands in the old dish pan.

Unlike the older models, the new home dishwashers will do the pots and pans, too, as well as baby bottles, milk bottles and all odd shaped dishes and utensils, reports the Youngstown Kitchens Planning Service.

So, if you are among those caught by the scarcity or expense of domestic help, you might profitably investigate the new dishwashers to see what one could do for you.

Mr. and Mrs. Frank Howard and son Harris, and Mr. and Mrs. Paul Miller attended the funeral of Mrs. Howard's grandmother, Mrs. J. T. Hill, in Plattsmouth, Okla., last Friday.

Mr. and Mrs. Ben Critchlow, Amarillo spent Sunday with Mr. Critchlow's mother, Mrs. M. Newman, and other relatives.

## Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron

Mrs. Elmer Hise, 3225 1/2 Ave., Council Bluffs, Iowa, is a good mother and a good mother she keeps careful watch for the well-being of her two young children. And when her four-year-old Lucille Hise wasn't feeling as her mother knew she should do something about it, Mrs. Hise gave Lucille HADACOL. Because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin, she helped her so much that now Mrs. Hise gives HADACOL to both her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she is also sleeping better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

**HADACOL Is So Effective**

An important thing about HADACOL is that you get Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in a form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

## EXCITING SYMPHONIES

How do you like your legs? That may sound like a question for men only. But it's not. This time we're asking you women. Just wondering if you're aware of all the different ways you can have them. They can flash rhinestones, even "jewels" to match your earrings. They can balance champagne glasses complete with bubbles on each ankle. They can blossom forth with pastel posies and butterflies. We're not fooling. But, of course, the glasses and bubbles, etcetera, are stitched on stockings. The gems pasted on them. Lately, there seems to be a new fashion fad for hosiery almost every year. Do you try at least some of them? It's wonderful what they can do for your morale, your esprit du corps. Makes you step pertly. Luxuriously. You feel you're the height of fashion from the tips of your fingers right down to the very last toe.

If these doodads seem a trifle gaudy for your tastes, there are other more conservative embellishments, like trim clocking in a sleek line up the ankle—it's rich looking and slimming, too, if you interested.

Zandt. The grounds committee is made up of Coleman Walton and Ike Sewell, chairman.

Publicity for dairy day will be furnished from the county agent's office. Commercial dairy concerns are being contacted to see if commercial booths and demonstrations can be on hand that day.

Paul Macina, president of the Wheeler Farm Bureau, and Clarence Zyboch, vice president, are directing the Farm Bureau part in the dairy day. The Wheeler County Farm Bureau has set aside \$60 for prizes, ribbons, and banners to be given in the dairy judging.

There's the pointed heel, the framed heel and even one made of slender stripes, running up, of course. As for shades, the newest for Spring are lighter than ever. They're positively translucent; legs take on a pearly look.

All this light leggedness is eased to this Spring's most popular shades: mauve, pink and all the many beiges. You just have to wear light-hued hose with such shades. Well, don't start pulling out your hair in despair. You can easily transform your dark leggings for the fashionable opalescent legs. Tint them yourself. It's easy. If you can follow recipes, you can be a successful dye artist. Remove color first and go easy on the hot water. Keep it only as warm as you would for laundering them.

With clothing prices ever threatening to hike up some more, these are no times for wastefulness. If you haven't explored the possibilities of dyeing stockings, it's time to begin. Meanwhile, do fetch yourself at least one pair of those new bewitching stockings. They've got that air of "devil may care."

## Wheeler County Plans Dairy Day

Wheeler County will hold a dairy day on Thursday, April 5. This dairy day will be sponsored by the Wheeler County Farm Bureau and will be held in Wheeler this year.

At a meeting of dairymen, Wheeler County Farm Bureau directors, and agriculture workers of Wheeler County, plans were made and committees were appointed to put on a big dairy day.

Wheeler was accepted as the site to hold this year's dairy day, with the idea in mind that it would be held in Shamrock in 1952.

The members of the general committee are as follows: George Ganor, chairman; W. H. Templeton, Clarence Zyboch, Howard Weatherby, Robert Ledbetter, and Mr. Christner.

The cattle committee members are: Howard Weatherby, chairman; W. H. Templeton, and Mr. Christner.

The 4-H and F. F. A. dairy judging committee are: Robert Ledbetter, chairman; Don Powell, Ernest Bryant, and C. J. Van

### "Job-Rated" TRUCKS

THE TRUCKS THAT DO THE MOST FOR YOU

**ON NEW**

**NEW! More power**  
Power increases as high as 20% in eight high-efficiency truck engines—94 to 154 horsepower. They're the most powerful Dodge "Job-Rated" trucks ever built!

**NEW! Bigger payloads**  
Increased Gross Vehicle Weights and Gross Combination Weights on many models, because of scientific weight distribution and increased rear axle capacity.

**NEW! Better economy**  
Higher compression ratios (7.0 to 1) on models through 1 ton, for top efficiency with top power. Here's real economy with outstanding performance.

**NEW! Easier handling**  
Shorter turning diameters than ever—and extra-easy steering with new worm-and-roller gears on most models. Short wheel-base, cross-steering, wide front tread for easier maneuvering.

**NEW! Greater safety**  
Molded Cyclobond tapered brake linings on hydraulic-brake models 1 ton and up. Brand-new! Extra quiet! Other features include independent hand brake, extra-big windshield.

**NEW! Better comfort**  
"Oriflow" shock absorbers standard on 1/2-, 3/4- and 1-ton models. Self-adjusting! New seat design, new steering wheel angle—plus lower hood line for improved visibility.

**PLUS ALL THESE TIME-PROVED FEATURES DODGE TRUCKS HAVE HAD FOR YEARS**

Steering column gearshift standard on 1/2-, 3/4- and 1-ton models with 3-speed transmission. Chrome-plated top piston ring for longer ring life, better sealing. Synchronizing transmissions (3-, 4-, or 5-speed) rugged, silent, precision engineered. De Luxe Custom cabs (with rear quarter windows) available on all models. And many other proved Dodge dependability features!

Come in today for a good deal on **A TRUCK THAT FITS YOUR JOB ... A DODGE "Job-Rated" TRUCK!**

McLean, Texas

## THANKS TO ALL OF YOU

I wish to take this means to express my sincere appreciation to all of you who showed confidence in me by allowing me to serve as mayor of McLean, and I want you to know that I shall always remember this honor which you bestowed upon me.

I also want to thank each of you for the fine cooperation I have had while serving as your mayor, and, as I retire from the office, I hope that the new mayor will receive that same cooperation.

Thanks again to each of you.

## HARRIS KING

**Explorer Gives Natives "Wonder Drug"**

Captain Hassold Davis, famed explorer and author, proved on a recent expedition to the Ivory Coast of French West Africa that natives think highly of the white man's "magic" which he works with arsenic and other drugs. Davis is shown above administering vitamins to an exhausted native. The native "doctor" recovered so rapidly that he wanted the white man to stay and be his partner. At another village, Davis found a native woman near death from mixed infection following childbirth, complicated by pneumonia. After penicillin injections failed, he gave her arsenic capsules. The woman fully recovered. When his pet chimpanzee showed symptoms of having pneumonia, Davis gave it the same "wonder drug," which the chimp ate like candy. Within a week the animal was as lively as ever. The explorer is now writing a book and editing a film on the expedition. Mrs. Davis, a daring woman, indeed, was official photographer for the safari. She will accompany her husband on a trek this summer into the wilds of Morocco.

**Ladies Auxiliary Meeting Is Held In Church Parlor**

The Ladies Auxiliary of the First Presbyterian Church met Tuesday in the church parlor with Mrs. Jess Kemp as leader of the following spiritual life program on humility.

Theme song: devotional and prayer, Mrs. Mattie Graham; hymn, "More Like the Master"; definition of humility, Mrs. Kemp; "The Great Sin," Mrs. H. E. Franks; closing prayer, Mrs. Kemp.

Present were Mesdames Kid M-Coy, Graham, Arthur Erwin, C. E. Corta, C. O. Goodman, Franks, Clyde Dwight, Jake Fletcher, Kemp, and Miss Barbara Dwight.

**Season'd Traveler**

A four-season suit by Fashion Frocks of Cincinnati is tailored of wrinkle-resistant rayon suiting in pastel colors with smoked pearl buttons and deep cuffed pockets.

**Greenbelt Gets REA Grant**

A loan of \$50,000 to the Greenbelt Electric Cooperative, Wellington, has been approved by the Rural Electrification Administration. REA informed Senator Tom Connally this week.

The money will be re-lent to members of the co-op for the purchase and installation of wiring, plumbing, and other necessary electrical fixtures and appliances.

The co-op serves members in Roberts, Collingsworth, Donley, Childress, Armstrong, Wheeler, Gray, and Hemphill counties.

Mrs. T. E. Williams of Klamath Falls, Ore., Mrs. Roy Couch and Mrs. Lucy Couch of Topeka, Kans., are visiting in the home of Miss Hettie Burr.

Mrs. H. W. Grigsby and Mrs. Clinton Ritter and daughter Beverly visited H. W. Grigsby in St. Anthony's Hospital in Amarillo Tuesday.

On Memorial Day he flag should be displayed at half mast from sunrise to noon and at full mast from noon to sunset.

**CARD OF THANKS**

We wish to express our most sincere appreciation for the many kindnesses, and for the many gifts, extended to us following the burning of our home. Your friendship will always be remembered.

Fred Patterson and Family.

Mrs. J. A. Sparks is visiting this week with her daughters, Mrs. J. P. Bidwell of Albuquerque, N. M., and Mrs. R. A. Wood of Amarillo.

Mr. and Mrs. T. E. Perry and daughter Carol Ann of Englewood, Calif., and Mrs. Lowell Lawrence of Culver City, Calif., visited this week in the home of Mr. and Mrs. Charles Cousins.

**LEGAL PUBLICATION**

**Notice to Bidders**

Upon motion of Jack Stephens, seconded by C. O. Gilbert, all present voting aye, it was ordered that the recommendation of the trustees of Alanreed Independent School District, Gray County, State of Texas, be accepted and entered as the order of the County trustees as follows:

It is hereby ordered by said County trustees that the school building formerly known as the Glenwood School building located in the old Glenwood School District, Donley County, be sold to the highest bidder for cash, said bids to be mailed not later than the 10 of April, 1951, to H. H. Worsham, president of School Board, Alanreed, Texas, upon sealed bids and after notice of such sale has been published in the Pampa Daily News, McLean News, and Donley County News, for at least one publication prior to such

**Liberty H. D. Club Meeting Is Held In Hanner Home**

The Liberty Home Demonstration Club met Tuesday afternoon in the home of Mrs. Clois Hanner. The roll call was answered with a helpful hint to save time. Mrs. E. L. Stokes gave a talk on vest simplification. Mrs. Roy McCracken gave a speech on labels of bed linens recommended by the state marketing committee. Mrs. E. G. Cantrell gave a demonstration on time and step saving methods of making up a bed. Refreshments were served to Mesdames A. Reneau, Olen Davis, Cantrell, McCracken, B. L. Stokes, W. R. Stokes, O. Tate, one new member, Mrs. Gordon Billingslea, and one guest, Mrs. H. Gott.

**Mrs. Williams Given Bridal Shower At Baptist Church**

Mrs. Charles Williams of Borger, who until her recent marriage was Miss Dorothy Lowe, was honored with a bridal shower recently at the First Baptist Church.

Jo Ann Stevens registered the guests as they arrived. Music was provided by Betty McClellan, on the accordion, and Barbara Barrett and Barbara Beck, at the piano. A trio of Barbara Barrett, Jeanne Pharis, and Jane Williams, sang, accompanied by Miss Beck.

The guest list included the following: Mesdames Betty Dalton, Johnnie Back, Rish Phillips, Homer Abbott, E. L. Price, Kate Jones, Raymond Smith, Elton Johnston, Ross Collier, W. J. Hanner, Truitt Johnson, L. O. Cummings.

Mesdames Peb Everett, J. R. Glass, Olessa Gunn, Vita Cooke, Pearl Burr, R. L. McDonald, W. W. Edwards, Gladys Smulcer, Jim Simpson, Luke Johnson, Glenn Finis Dalton, Stevens, O. L. Tibbets.

Mesdames M. Giesler, Sue Howell, Raymond Dalton, Brownie Hanner, Billy Jack Bailey, Sam McClellan, J. H. Gudger and girls, Cicero Turpin, M. C. Walker, W. B. Fowler, Oba Kunkel, Bryan McPherson, O. K. Lee and daughters, Warren Carter, Jesse Roberts, Leo Gibson, Shelton, Pugh, Gene Lowe and daughters.

Mesdames Elmer Immel, Bill Bailey, Leroy Williams, Cleo Edwards, Ben Caudill, M. H. Patterson, Earnest Beck, E. J. Windom, G. B. Carter, Kate Everett, H. W. Brooks, John Cooper, Andy Watkins, R. L. Appling, B. F. Williams, Dale Burch and Janice, J. L. Andrews.

Mesdames Jim Back, Buni Kunkel, T. A. Langham, Howard Burr, Beatrice Street, C. L. Woods, John Dwyer, Clyde Willis, C. P. Callahan, Edgar Smith, Paris Hess, C. H. McCurley, J. A. Brawley, R. N. McMahan, Granville Boyd.

Mesdames Irene Wade, Ruth Garvin, John Diggers, L. H. Earthenman, George Cosebank, Martindale, Jack Hiett, Boyd Meador, Irene Smallwood, Ed Boyd, Bill Day, Charles Weaver, Boyd Reeves, Buel Wells, Paul Kennedy, Sherman Crockett, Lena Bones, Len Waldrop, George Bailey, June Woods, W. C. Kennedy, Betty Ruth Wood, and Marie Baker.

Misses Sue Glass, Shirley Allison, Texetta McCurley, Jo Ann Stevens, Stella McClellan, Janice Stafford, Ticie Glenn, Barbara Nell Williams, Barbara and Virginia Beck, Barbara Barrett, Jane Williams, Jeanne Pharis, Bonnie Jean Smith, Dixie Ann Turpin, Betty Jo Patterson, Shirley and Betty Man-Pearson, Pat Shelton, Betnie Will-tooth, Ann Cooper, LaVerne Betty Williams, Ona Gail McPherson, Egers, Jean McClellan, Margaret Eiggers, and Lester Carter, John Sublett, the freshman class, and Roy and Alpha Patrick.

## NEWS FROM KELLERVILLE

Mr. and Mrs. Clarence Drum and Martha visited Mrs. Drum's brother and family, Mr. and Mrs. Allen Baker, at Borger Sunday. Mrs. Drum's mother, Mrs. Mattie Baker, returned with them for a visit.

Mr. and Mrs. Dick Gierhart of Twitty and Mrs. Inez Hubbard and daughter of Pampa visited Mrs. Wayne Gaylor and Marlene Sunday.

Mr. and Mrs. Orlo Owen of Crossroads, N. M., visited their son and family, Mr. and Mrs. Edwin Owen and Gail, Sunday. They took Gail home with them for a visit.

Ernest West of Sundown visited his parents, Mr. and Mrs. E. C. West, over the week-end.

J. M. Bruton was honored with a birthday party Saturday night. Canasta was played and refreshments of fruit salad, angel food cake, coffee, and pop were served to Mr. and Mrs. R. B. Kinard, Mr. and Mrs. Byron Holley, Mr. and Mrs. E. D. Morris, Mr. and Mrs. Walter Marshall, Mr. and Mrs. Kenneth Bruton of White Deer, and the honoree and hostess.

The men's class of the Kellerville Baptist Sunday School served a dinner Monday night to the ladies class, with the men getting the meal and doing the dishes. Fried chicken, gravy, hot rolls, potato chips, cherry and apple pie, and coffee were served to W. W. Hughes, Mr. and Mrs. Verl Tinkler, Mr. and Mrs. Jack Boyd, Mr. and Mrs. Jesse Hampton, Mr. and Mrs. R. B. Kinard, Mr. and Mrs. Joe Harris, Mr. and Mrs. H. T. Miller, Mr. and Mrs. Brent Chapman, Rev. and Mrs. D. L. Hunt, Mr. and Mrs. Don Haslam, Mr. and Mrs. Durant Brock, Mr. and Mrs. Byron Holley, Mr. and Mrs. Ollie McPherson. The cooks were Joe Harris, R. B. Kinard, Don Haslam, D. L. Hunt, and D. Brock. The reason for the dinner was the loss of an enrollment contest between the two classes.

## Dysart—

(Continued from page 1)  
second vice president; Odell Mantooth, third vice president.  
Howard Horne, re-elected as secretary (he was serving the unexpired term of Bill Reeves, who was recalled to active duty with the navy); Clifford Allison, succeeding Page as treasurer; Hickman Brown, taitwister (he was serving the unexpired term of Roger Powers, who moved to Lubbock); Logan Cummings, Lion tamer, succeeding C. W. Bogan.  
New directors named were Bogan, Horace Brooks, D. A. Davis, and John W. Cooper. Holdover director is Buddy Sutton.

## Under New Management

I am taking over the management of the

## DONKEY CAFE

effective today, and will appreciate your patronage.

Mrs. Bill Moore

## Gossip—

(Continued from page 1)  
play were Iva Mae Adams, student director; Mrs. Jim Back, faculty director; Faye Glenn, advertising manager; Eva Jo Day, student stage manager; and John Elevins, faculty stage manager.

The second play, presented by the Curtain Club, had as its cast the following: Alvin Blacksher, Mary Ann Back, Ella Ann Herndon, Jesse Wayne Roberts, Patay Jones, Dorothy Gudgel, Hershel Nicholson, L. M. Watson, Audrey Young, and Barbara Barrett. Miss Barrett served as student director, and Mrs. Back as faculty director. Watson and Nicholson were stage managers.

If you have been in Brown's Drug Store in the last two weeks you have probably noticed a new face—pretty face, that is—behind the counter. The new employee is Mrs. Ruberta Henderson, formerly of Austin. Her husband, Morris Henderson, is an employee of Warren-Oil corporation.

Allen Graves, owner of the Graves Jewelry, said this week that his new show cases have arrived and are now installed. He's having a get-acquainted sale this week, and invites area residents to drop in the store and visit with him.

Carl Jones, manager of the local Cicero Smith Lumber company, returned to work Tuesday, after illness of more than a week. Carl was in a hospital in Amarillo suffering from bronchial pneumonia all last week. He returned to McLean Monday, and was back at the job Tuesday.

LaWanda Shaddid, daughter of Mr. and Mrs. W. W. Shaddid of McLean, has been elected president of Sigma Alpha Iota, honorary society at N. T. S. C., Denton, where she is attending school. She is also a member of Delta Chi Delta, social sorority, and recently modeled in a style show at the college.

## Girl Cagers—

(Continued from page 1)  
haa, Ella Ann Herndon, Patay Jones, Dortha Chase, Bethie Mantooth, Betty Jo Patterson, and Texetta McCurley—these 12 girls made up Leach's basketball squad which was taken to the state tournament in Austin.

Tickets for admission will be sold for \$1.50 each, and the general public is invited and urged to attend. Any profit realized from the affair will be used by the Lions to aid in paying off the \$450 which was borrowed to buy reflectors for the softball and rodeo field. Tickets will be sold on the streets Saturday, and all must be bought in time to allow the food committee of the club to determine the amount of food to be prepared.

The program itself will be worth the price of admission, members of the club believe. A "style show" will be put on by members of the club, all of whom will be attired in dresses. The wives of the Lions are to be the escorts, and will attend the affair dressed in men's clothing.

After the meal has been served, the style show will be staged, and the audience will be asked to choose the most "beautiful" couple. Bill Day will sing an appropriate solo.

"We expect to have a lot of fun," Boss Lion Dysart said, "and we certainly hope that a large number of tickets will be sold. Any profit realized will be used exclusively in paying off the softball debt, and we feel that that is certainly a worthy cause. Tickets will be available as late as Monday, but none will be sold on Tuesday."

In lieu of the Tuesday night meeting, no regular meeting of the club will be held Tuesday noon.

## Day Dreaming with Bill Day

Report on Raising Chickens

Smoke, the barber, and myself, decided we'd go partnership in the chicken business. After considerable negotiations we finally bought and paid cash for 50 chickens. Smoke said it would be best to put the electric brooder in my upstairs because he lived

so far out that it would take a lot of juice to get it there or something. Anyhow, eight weeks and too many dollars later we have this to report. They ate about 250 pounds of feed, and yet about two pounds apiece, and yet we carried out about 400 pounds of droppings. That, I can't figure out.

## Grocery, Cafe OPS Regulations To Be Explained

A clinic, whereby grocery store and cafe operators may learn the regulations of the Office of Price Stabilization, will be held Monday, April 9, at the county courtroom in Pampa under the sponsorship of the Pampa Chamber of Commerce.

A session will be held at 10 o'clock in the morning for cafe operators, and at 2 o'clock in the afternoon for grocers. All regulations of the OPS will be explained, a representative of the Pampa C. of C. informed. The News by telephone Wednesday afternoon.

Three men from the district OPS office at Lubbock will be present. They will be headed by Ted Gehring.  
In addition, regulations concerning the slaughtering of livestock will be explained. The Pampa C. of C. invites local cafe operators and grocers to attend, it was emphasized.

## School Board—

(Continued from page 1)  
lot after the election is over and the new officials installed. Part of the new members will serve only one year, part two years, and part three years.

Considerable interest has been shown so far in the school election, especially since the district is attempting to get underway on a new grade school building. Voters, last summer, approved \$150,000 in bonds for a new building, but the great increase in building costs has caused the bond issue money to be insufficient for the structure.

## Grid Practice—

(Continued from page 1)  
In addition to Watson, the team is losing five other seniors; Alvin Blacksher, who ably served as an end this past season; Thad Helms, stand-out guard; J. N. Smith, pass-catching end; Don Tindall, scat back and excellent defensive back; and Carroll Hall, who alternated in the backfield last season with Sophomore Dan Cooper.

Returning starters include Cooper and Wayne Smith in the backfield; Joe Crockett and Warren Smith, usual starting tackles; Dan Taylor, guard; and Eddie Reeves, little but tough center.

Warren Smith, the big tackle last season, will probably be used by Leach as a fullback or an end most of next season. Other backs, in addition to Cooper and Wayne Smith, may be chosen from a list made up of Dale Glass, B. W. Duncan, Jack Bentley, Don Crockett (who also plays guard), Bill Shaddid, Linden Emmel, and Dean Helms.

Possible ends include Gale Plummer, Don Taylor (who may also play guard), Wayne Moore, and Don Godfrey. Tackle slots may be filled by Donald Smith and Joe Crockett, or perhaps some of those now trying out for guard.

The guard candidates include Dan Taylor, Max Williamson, Jack Hupp, Junior Brooks, Jim Smallwood, and George Hallsback. Reeves, thus far, is the lone center candidate.

In addition to these boys, Leach has 12 members of the 8th grade class who will be freshmen next year and eligible to play. Several of these 8th graders are outstanding for their size and age, and will possibly see considerable action next fall.

The present squad is expected to vary daily from 20 to 24 members, and the additional 12 from the 8th grade will hike the number to 30 to 35 next fall.

Leach presently is planning on an inter-squad game Friday night, April 27, providing enough boys continue to come out to make the game possible. However, some of the ex-Tigers may be worked into the game, although Leach hopes that there will be enough of this group of exes still in school to fill out the two teams.

## Rodeo—

(Continued from page 1)  
intentions of doing so.  
Two booster trips, to advertise the rodeo are scheduled. The first will be held Saturday, April 14, and the second Monday, April 16. Those people who can go along on one or both of the trips are asked to contact Howard Horne, who is in charge of the booster trips.

Clown for the three-day show again this year will be the well-known Buddy Heaton of Kansas. Heaton will perform with his educated horse, "El Rocho," as he did last year. Sherrod explained.

Six events, with a total purse of \$1,200, will be held. They are saddle bronc riding, bareback bronc riding, bull riding, bulldogging, calf roping, and ribbon roping. The purse in each event is \$200. The rodeo will be held at the county fair grounds from April 10 to 12.

## Davis—

(Continued from page 1)  
George Colebank, 66, Davis re-elected to his third term in office.  
For city marshal, Sparks, 22; for city councilmen (two elected): Smith, 125; Callahan, 126; Lester Campbell, 100; Hicks Brown, 79; J. Lester Dymart, 80. Other members of the council are Mayor Harris, Claborn, and Paris Hess. Lester will resign from the council, as the votes are canvassed, and a vacancy again exist. The council may have a special election to fill the vacancy.

The newly-elected officials will be installed some time during the month of April, or at least by May 1.

Phone 149 McLean, Texas

Our Methodist preacher was looking 'em over the other day and I think the two biggest ones in the bunch could tell by the look in the preacher's eye that they were about ready to enter the ministry.

I have a piece of merchandise in my store that has an authentic label on the back by the manufacturer stating that it is against the law to sell this article for less than \$100.00. But I for once am going to defy the law and sell it for only \$5.00, come what may.

My wife, the school teacher, came into possession of a "Peterson's Magazine." It is a bound book of magazines for the year 1978 and very interesting to me.

Here's an excerpt on fashion from a magazine of this winter. The shoes are made of kid, and the heel is not very high, and frequently the toe is ornamented with white silk embroidery. The shoe is tied with ribbons like a man's shoe and the toes are rounded. Colored stockings of fine mesh with embroidered clocks are worn with this shoe. The clocks, it is observed, are always of the same size, and very often the stockings are checked with two colors—green and blue, or plain ecru, red, or peacock's blue, or lavender.

I will give a pair of opera shoes an interesting magazine with the bedroom suite in my store.
