McLEAN—WHERE EVERYBODY IS SOMEBODY

LOCAL AND HOME NEWS

The McLean News

Vol. 48.

McLean, Gray County, Texas, Thursday, August 9, 1951.

No. 32.

GOSSIP VILLAGE

Rev. Herby Shahan of Memphis will preach at both services at the First Baptist Church next Sunday in the absence of the pastor, who is conducting a revival at...

George C. McCarty, formerly of McLean, was among the 55 who received degrees from New Mexico A. and M. College, Las Cruces, August 6. Major General...

Examinations for driver's license will not be given on Thursday, August 16, as scheduled, but on Thursday, August 30, instead, it was announced this week.

A card from Miro Pagan, who, with his family, is vacationing in California. "Greetings from California. Having a nice time. Getting new experiences. Weather here is nice and cool, especially at night. We are taking in the sights and really enjoying it here. The card was mailed from San Diego on August 3.

Mrs. C. A. Myatt visited Sunday night from a return with her son, Keith and C. A. Myatt Jr., who are in San Antonio. She attended the all-star football game in San Antonio, and also attended a family reunion in Lubbock, where there were 107 relatives present. Mrs. C. A. Myatt Jr. and son Audra of San Antonio will leave September 1 for a 6-months visit with her parents in Rome, Italy.

The Head Methodist Church is holding its annual revival this week, with Rev. C. E. Armstrong of Pampa doing the preaching. Services are at 10 o'clock in the morning and 8 in the evening.

Benny Cooper, son of Mr. and Mrs. John W. Cooper, came near suffering an injury in a softball game Monday night. Benny, who is already slightly under the weather from an illness, misjudged a high fly ball, and the ball hit him just above the eye. His glasses were knocked off and broken, and only through luck did the shattered glass fail to lodge in his eyes.

W. M. Smith of McLean, who is directing an operation in Fort Worth recently, called last Friday and is now on the road to Groves, barring further setbacks. He had improved nicely following the operation, but became worse last week. However, he called Friday, and was returned to McLean Wednesday.

We got word of another real estate deal in our little city this week. Mr. and Mrs. C. P. Callahan sold their home to Mr. and Mrs. Frank Simpson, and then the Callahans bought the home formerly owned by the late Mrs. J. W. Story.

We also notice that Mr. and Mrs. Jim Beck have moved a house just west of the new home of Mrs. Sinclair Armstrong, and the house is being redecorated inside and out. The Becks sold their home a few weeks ago to Mr. and Mrs. Hish Phillips.

T. N. Holloway, who has been confined to his bed for more than a week following a heart attack, suffered a severe setback Wednesday night at his home. It was necessary to obtain the use of the respirator of the local fire department for him when breathing became hard. No report was available early this morning on the condition, although he was still in serious condition.

Sweaters for the girls' basketball team of McLean High School for 1951 arrived this week, and are being distributed. Coach Don Lisch has announced. The sweaters are gold in color, with black service stripes and a black patch on the left sleeve bearing the wording, "State Runner-Up 1951." Those receiving sweaters are Co-Captains Dorothy Gudgeon and Ella Ann Herndon, and Patsie Jones, Bonnie Bailey, Sue Lively, Joyce Bruner, LaJune Chilton, May Graham, Bethie Mantooth, Betty Jo Patterson, Dortha Chase, and Teresia McCurley.

Amadillo are always born in groups of four and of the same sex.

It really goes against our grain to read of all the wheat that is being shipped to Europe.

Stores Offer Variety Of Bargain Buys

"Welcome to McLean" was the by-word of McLean merchants this week, as they prepared their stores for the second big Dollar-Stretcher Day—the day of bargain buys in merchandise and service to be held Saturday.

'Dad' Rogers Dies; Funeral Rites Held Here

"Dad" Rogers, friendly old gentleman of McLean, died at the Gray-McLean Hospital late Wednesday of last week.

He had been in ill health for a number of months and had been able to be downtown only very occasionally in these months. Funeral services were held at the McLean Methodist Church Saturday afternoon at 4 o'clock, with Rev. C. W. Parmenter officiating. Interment was in Hillcrest Cemetery under the direction of the Claborn Funeral Home.

Eldred Walworth Rogers was born March 5, 1872, and was 79 years of age at the time of his death. He had lived in McLean since 1942, moving here from Magic City.

He was a retired stockman, and was a member of the Church of Christ.

Survivors include his wife, Mrs. Ida Estelle Rogers of McLean; one daughter, Mrs. H. L. DeShazo of Kermit; three sons, G. G. Rogers of Big Spring, J. B. Rogers of Sunray, and R. G. Rogers of Corpus Christi; two sisters, Miss Dora Rogers and Mrs. Emma McKean of Fort Worth; seven grandchildren, and several nieces and nephews.

BIRTHDAYS

August 12—Vernon King, Janet Kay Warren.
August 13—J. B. Hembree.
August 14—Evelyn McConaghie, Bob McMahan, Thomas Bailey.
August 15—Dick Wheeler, Nicky Dan Skipper, Laurence Bourland.
August 16—Mrs. J. B. Hembree, Barbara Barrett, Patsie Jones, Mrs. Jack Kirkfield, Chas. A. Gattlin.
August 17—Homer Abbott, Joe Dwyer, Audrey Young, Mrs. Luther Petty, Roger M. Francis, J. C. Willis.
August 18—Earnest Beck, Ella Ann Herndon, Barney Fulbright.

TODAY'S THE DAY—Mr. and Mrs. C. E. Matthews of McLean, pictured above, will observe their 50th wedding anniversary at their home here today. An open house observance will be held from 2 to 5 o'clock this afternoon, and all their friends and neighbors are invited to join them. Mr. and Mrs. Matthews are the third couple to observe their golden wedding anniversary this summer, the other two couples being Mr. and Mrs. D. A. Davis, and Mr. and Mrs. George F. Baker.

Funeral Rites Are Held Here For Wib Florey

Final rites for Pfc. Daniel Wib Florey, son of Mr. and Mrs. R. G. Florey of McLean, who was Gray County's first to die on the Korean battlefield, were held Tuesday afternoon at the First Baptist Church in McLean.

Rites were conducted by Captain Clayton Day, chaplain, U. S. Army of Fort Sill, Okla. Captain Day formerly served as pastor of the First Baptist Church here, and only recently returned from duty in Korea. Rev. Buell T. Wells, local pastor, assisted with the services. Dickie Slight, organist, furnished music for the services, featuring the hymns which had been given to the church by the Floreys as a memorial to their son. The Claborn Funeral Home was in charge of arrangements.

Military graveside rites were conducted under the direction of the Floyd-Corbin-Florey Post 215, American Legion, of McLean, following the death of Pfc. Florey in Korea. The name of the post was changed to include his name in memory of the sacrifice he made for his country.

Funeral services, members of the Legion post, were J. W. Meschian, Bill Day, Lester Dysart, Ewin Curry, Luke Henley, and Felton Welko. Earl Cooper served as bugler for the graveside rites. Serving squad members were George Ferry, Amos Fage, Howard Horne, Hickman Brown, Granville Boyd, Larry Sutton, S. A. Cousins, and Lester Campbell. Color bearers were Floyd Guthrie and Pete Henley, and color guards were from the U. S. Marine recruiting office in Amarillo.

Honorary pallbearers, all classmates of Pfc. Florey in McLean High School, were Cliff Callahan, Johnny Haynes, Bob Kramer, Lee Roy McCracken, Bob McManis, Bob Black, Jimmy Don Morris, and Johnny Joe Hutchinson.

The remains arrived in McLean Monday. Escorting the body from Oakland, Calif., where the body arrived July 23, was Cpl. Frederick D. Power of the U. S. Marine Corps. He and Pfc. Florey were friends before Florey was sent to Korea for overseas duty.

Pfc. Florey was the first Gray County man to be killed in the Korean war. His death came in action on the battlefield September 3, 1950, and he was 20 years of age at the time.

He was born February 1, 1930, at Fort Morgan, Colo., and moved here with his parents in 1945 from Greeley, Colo. He attended high school here, enlisting in the Marine Corps as a private in 1948 before completing his high school work. He completed this work in the Marine Corps, and returned here in May, 1949, to graduate with other members of his class.

Prior to going overseas, he was stationed at Alameda, Calif., where he and Cpl. Power were close friends. He arrived in Korea August 2, 1950, with the first group of U. S. Marines to join the U. N. forces there.

Survivors include his parents, Mr. and Mrs. Florey of McLean; two sisters, Gertrude of McLean and Mrs. J. A. Wainston of Bandera; and grandparents, Mr. and Mrs. Wib Florey of McLean and Mr. and Mrs. D. S. Florey of Downey, Calif.

Oil and Gas Leasing Transactions Take Over 7,000 Acres in Area

Eldon K. Shipp New Principal Of High School

Eldon K. Shipp, who has been with the Berger public schools for the past three years, has been employed as the new principal of McLean High School. Superintendent Logan Cummings announced this week.

Mr. and Mrs. Shipp and their two children, Judy, aged 7, and Kenny, 6 years of age, plan to move here in the very near future, as soon as they can find suitable living quarters. They intend to move some of their furniture here this week-end.

Shipp will succeed Paul Kennedy as high school principal. Kennedy resigned following the close of the past school term, and plans to devote his time to interests other than the teaching profession. He will remain in McLean, however.

The new principal is a native of Wichita Falls, and has been serving as a counselor in the Berger school system during the past three years. He holds a bachelor's degree from West Texas State College in Canyon, and will receive his master's degree there this summer.

McLean Men To Serve Area In Polio Cases

A plan has been adopted by the Gray County chapter of the National Foundation for Infantile Paralysis whereby persons afflicted with polio can be sent directly and immediately to Amarillo when the disease is found by local physicians.

J. Lester Dysart and Clifford Allison of McLean have been named as the contact men in this area. They are to be notified as soon as a physician has diagnosed an illness as possible polio and will arrange for immediate ambulance transportation to St. Anthony's Hospital in Amarillo if advised by the physician.

St. Anthony's Hospital is now equipped with proper treatment facilities for polio cases, and has a regular polio ward.

Dysart explained the action to take is this: Notify your physician of the illness first; if diagnosed as polio, or possible polio; next notify either Dysart or Allison, and immediate ambulance transportation will be made available if desired. Speed is the important thing in getting a person with polio to the proper treatment center, it was explained.

Floyd Bull will serve as the contact man in the Lefers area, and Paul Bruce in the Alnared area. Pampa representatives are Rev. Edgar Henshaw, E. O. Wedgeworth, and Ray Evans.

Alanreed Man Is Found Dead

John A. Watkins, owner of the Standish Cabins at Alanreed, was found dead in his living quarters at the cabins Monday morning. He had been dead for several hours when found.

The body is at the Claborn Funeral Home in McLean. Watkins had no known living relatives, other than a nephew-by-marriage who now lives in Canada. Services were still pending Wednesday.

Watkins bought the tourist courts from M. W. Standish several months ago, moving to Alanreed from St. Louis. He was born July 24, 1884, in Charlotte, Town, Canada, and was formerly a traveling salesman.

Our solar system is made up primarily by the sun and eight planets.

Watson Suffers Broken Leg in Grid Tilt at San Antonio

L. M. Watson, who went through his entire high school football career without receiving a serious injury, suffered a broken leg in the second quarter of the all-star grid game at the annual coaches clinic in San Antonio last Friday night.

The broken bone, however, was the fibula, and Watson is expected to be able to return to football play within a few weeks. He was given treatment in San Antonio, and returned to McLean Saturday.

The injury came in the second quarter on a pile up. Watson, who had been in San Antonio for the past two weeks, was missed in the line-up, since he had been slated to see much action in both running and passing plays.

OPS Specialist To Be in City Each Tuesday

"Voluntary compliance with the ceiling price regulations is the goal sought by the Office of Price Stabilization, and my purpose is to help merchants of this area to meet the requirements of those regulations," said Fidel R. Eggel, price specialist, who will be here next Tuesday morning, August 14.

"Any merchant who needs assistance in filling out OPS forms or information as to how he may conform with the regulations is invited to visit the price clinic during my stay here," he said.

The OPS representative, while in McLean, will make his office at the City Hall between 9 and 12 in the morning.

The price clinics held here weekly are under the joint sponsorship of the Office of Price Stabilization, the McLean Junior Chamber of Commerce, and other civic and business organizations.

On August 21, Roy E. Kessie, specialist in consumer durable goods will be in McLean; and on August 28, Leonard C. Tyson, food branch, will be here. Visiting here this Tuesday was James M. McCreau, specialist in fuels and chemicals.

Tourist Dies in Local Court

Frank Harvey Hickok, resident of Monmouth, Ill., died early last Friday morning of a heart attack at a McLean tourist court.

Hickok, traveling with his son, Frank H. Jr., of Lewistown, Ill., was en route to his home from a vacation in the western states when stricken. Hickok, 61 years of age, was a pottery worker in Monmouth.

The body was sent by the Claborn Funeral Home to Monmouth, where burial was to be made.

'Amarillo Group' Massing Block South of Town

A block of 10,000 or more acres is in the process of being leased in the McLean area, and most of the block lies to the south of McLean. As far as is known here, the leasing is being done in Gray County only.

The leasing is being done in the name of T. J. Waggoner Jr., who is drilling in the Alnared area at the present time. There is some connection with the Amarillo Oil company in Amarillo, which is owned by the Harty-Harrington-Marsh interests, it was learned here.

The lessors are paying the local royalty holders a bonus of \$1 per acre, and the usual \$1 rental fee.

By Monday, more than 7,000 acres were already known to be leased by the men representing the Amarillo firms here, and more work was being done.

None of the lease contracts, as far as could be learned, are drilling contracts, however.

Local oil men expressed the belief that the drillers will be searching for gas, instead of oil, since it is believed that the gas pool stretches from the northwest of McLean to the southwest.

A number of months ago, an even larger block of land was leased several miles farther south, in Collingworth and Donley counties.

Land leased last week by the representatives here in McLean included that of Wib Fowler, C. M. Corcoran, R. L. Appling, Leroy Williams, Homer Abbott, Everett Watson, Bryan McPherson, Bill Boyd, Luther Petty, Ernest Jones, Lewis Day, Clyde Brown, W. M. Spangler, D. N. Massy Estate, Vernon Johnston, J. W. Hornsby, John Moore, J. A. Mendor, and other whose names were not available.

Television Closer to McLean?

Rumors that a cable capable of transmitting television signals is to be laid from Oklahoma City to Amarillo—a route which will bring the cable near McLean—was verified last week-end by A. O. Thomas, Amarillo district manager for the Southwestern Bell Telephone company.

In McLean, considerable talk has been heard concerning the coaxial cable, slated to cost up in the millions of dollars, since some workers for the company have been obtaining right-of-way for its construction in this area. In addition, the owner of at least one building in town has been approached concerning the renting of his building to be used for a materials warehouse for the gigantic project.

The line will provide circuits for 1,800 simultaneous long-distance calls and will be readily

adaptable to the transmission of television signals, Thomas said.

Most of the right-of-way has been obtained, and laying of the cable is to start in October, and is expected to be completed by next June.

Thomas explained, however, that present plans do not call for equipping the cable to carry a television circuit. He said that the necessary equipment would be installed if it is requested by a television network. Addition of the equipment would take about a year after the request is received, he said.

The project is being sponsored by the Southwestern Bell Telephone company and the long lines division of the American Telephone and Telegraph company.

sion to the Amarillo area, and applications for construction of television outlets here are pending. At present, however, a freeze on new applications for television stations is in effect, although it has been hinted that the ban may be lifted by February, 1952.

The new cable, about three inches thick, will roughly parallel U. S. Highway 66 between Amarillo and Oklahoma City. Within city limits it will be protected by conduits, and across country the line will be laid in a trench three feet deep.

The cable will contain six tubes, arranged in three pairs, and will be protected by heavy lead sheathing, a plastic coating, and metallic armor. Repeater stations to strengthen the faint impulses of the working line will be built at 8-mile intervals along the 267-mile route, with the main repeater station at Elk City, Okla.

GOOD HEALTH

Answer to Question No. 1:
1. It was our healthiest year in history. We have the lowest death rate ever and a continued high birth rate. Infant mortality rates were down. From 1940 to 1950 the general death rate decreased by 10 per cent and the infant death rate decreased by 38 per cent, a reward of our progress in medicine, nutrition and all phases of health.

Answer to Question No. 2:
2. Prevention of cerebral palsy is possible in many cases but depends in greatest measure on good pre-natal and obstetrical care, good medical care in the early months of the child's life and prevention of accidents, infections and other sources of brain damage. With the organization of the United Cerebral Palsy Association and establish-

Answer to Question No. 3:
3. While death certificates often have listed suffocation by bedclothes as a cause of death (one-half the infant deaths between 1945 and 1949 were so listed) recent investigation has shown that most such deaths actually were caused by acute infection in throat or lungs. Mothers should continue to guard against suffocation but also should be particularly alert for signs of colds in young babies and should call the family doctor early when there are such signs.

1951 POLIO POINTERS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS.

These are precautions recommended by the National Foundation for infantile Paralysis when polio is around. Also, wash hands before eating and be on the alert for such symptoms as feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. If the disease does strike—call your doctor promptly, follow his advice. Your local National Foundation chapter will provide needed assistance.

Mr., Mrs. Payne Given Surprise Anniversary Party

Mr. and Mrs. J. M. Payne of McLean were honored at a surprise wedding anniversary party at their home Wednesday night of last week.

The occasion was the 33rd anniversary of their wedding. The evening was spent in visiting

among the friends who surprised the Paynes.

Attending were Mr. and Mrs. Boyd Meador, Mr. and Mrs. D. A. Davis, Mr. and Mrs. Kid McCoy, Mr. and Mrs. Fite Fulbright, Mrs. Moore of Amarillo, and Mr. and Mrs. Payne.

Mrs. P. L. Ledgerwood visited in Amarillo Sunday with Mr. and Mrs. Jack Burnett and her new grandson, Gary Bruce.

Proposed Constitutional Amendments

HOUSE JOINT RESOLUTION NO. 22

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63, and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county; providing the Legislature shall not be authorized to make an appropriation to pay any retirement or disability benefits authorized herein; and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under section 51f of Article III; providing for the calling of an election and the publication and issuance of the proclamation thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas, be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary and shall first be authorized by vote of the qualified voters of such county; provided further that the Legislature shall not be authorized to make an appropriation to pay any retirement or disability benefits authorized herein. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of article III."

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended, so that the same shall hereafter read as follows:

"Section 51a. The Legislature shall have the power, by general laws to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of such application for such assistance including the one (1) year continuously immediately preceding the filing of such application; provided that the maximum payment per month from State funds shall not be more than Thirty

HOUSE JOINT RESOLUTION NO. 6

Proposing an Amendment to the Constitution of the State of Texas amending Article III, Section 51a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to residents of the State of Texas who are needy aged persons over the age of sixty-five (65) years, needy blind persons over the age of sixteen (16) years; needy children under the age of sixteen (16) years; removing the Thirty-five Million Dollars (\$35,000,000) limitation upon expenditures for such purposes; and providing for a limitation of Forty-two Million Dollars (\$42,000,000) upon such expenditures; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; prohibiting payment of assistance after disposition of property under certain conditions; providing for the acceptance of financial aid from the Government of the United States of America for such assistance; providing that the payment of such from State funds shall never exceed the payments from Federal funds; providing for the necessary election, and providing for the form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended, so that the same shall hereafter read as follows:

"Section 51a. The Legislature shall have the power, by general laws to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of such application for such assistance including the one (1) year continuously immediately preceding the filing of such application; provided that the maximum payment per month from State funds shall not be more than Thirty

HOUSE JOINT RESOLUTION NO. 6

Dollars (\$30) per month.

"Any applicant for or recipient of assistance, including the spouse in each instance, who shall dispose of any property after June 1, 1952, and any person who initially applies for assistance after June 1, 1957, who has disposed of any property within five (5) years prior to the date of application, shall be ineligible to receive assistance; provided, that if such property was disposed of by bona fide sale and conveyance and for value commensurate with the actual market value thereof, such disposition shall not affect eligibility for assistance if it be shown that all proceeds from such sale have been used by such person and spouse for normal living expenses, or for the purchase of other real property of like value. If any recipient of assistance or spouse shall sell any real property, neither such recipient nor spouse shall thereafter receive assistance until all net proceeds of said sale have been expended for normal living expenses; and in case of disposition of such property by gifts or for an amount less than its actual market value, such person and spouse shall not thereafter receive assistance until the expiration of the period of time during which the net proceeds of said sale would have paid their normal living expenses had the actual market value been realized therefrom.

"(2) Needy blind persons who are over the age of sixteen (16) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application.

"(3) Needy children who are under the age of sixteen (16) years; provided that any child, if otherwise eligible, may not be excluded who has resided in the State for one (1) year immediately preceding the filing of such assistance, or, if said child is under the age of one (1) year, whose parent or other relative with whom the child is living has resided in the State for one (1) year immediately preceding the birth of such child.

"The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer herein set forth; provided, however, that the amount of such assistance out of State funds to such person assisted shall never exceed the amount so expended out of Federal funds; and provided further that the total amount of money to be expended out of State funds for such assistance to the needy aged, needy

HOUSE JOINT RESOLUTION NO. 6

blind, and needy children shall never exceed the sum of Forty-Two Million Dollars (\$42,000,000) per year.

"Should the Legislature enact enabling laws and provide an additional appropriation hereto in anticipation of the adoption of this Amendment, such Acts shall not be invalid by reason of their anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at the Election to be held throughout the State of Texas on the Second Tuesday in November, 1951, at which election there shall be printed on such ballot the following clause:

"FOR the amendment to the Constitution giving the Legislature power to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age; removing the Thirty-five Million Dollars (\$35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditure from Federal funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-Two Million Dollars (\$42,000,000) per year on State fund expenditures for such purpose each year."

"AGAINST the amendment to the Constitution giving the Legislature power to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age; removing the Thirty-five Million Dollars (\$35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditure from Federal Funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-Two Million Dollars (\$42,000,000) per year on State fund expenditures for such purpose each year."

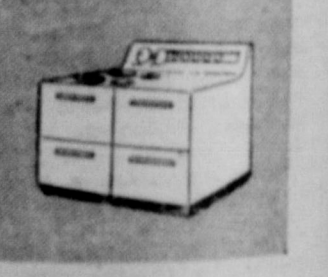

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and Laws of the State of Texas.

Electric Cooking Is

...as MODERN women KNOW!

You're free for civic or church work . . . working in the yard or shopping for the family . . . with an automatic electric range. Your mind is free, too . . . free from worry . . . your electric range is safe. And, the simplicity of it all is truly amazing. You merely place the evening meal in the oven, set the controls and away you go. Reddy Kilowatt and the electric range do the rest. When you come home your meal is ready to serve . . . as modern women know.

with a plus value - It's COOL, too!

40 Years Ago— IT HAPPENED HERE

From the Files of The McLean News, August, 1911

Will Try for City Water

At a special meeting of the city council Wednesday afternoon, the city dads took up for discussion the matter of providing water to be used in case of fire and also for drinking and stock water in the business portion of town. It is also the general sense of the council that arrangements should be made to get rid of the well and windmill that occupy the middle of Main Street, as they are unightly and in the way.

At the suggestion of T. M. White, the council invited F. M. Walker into its councils and asked him what arrangements could be made for the use of his well and equipment which occupies the lot just back of the H. H. Small building. Mr. Faulkner said that he would be glad to do anything that would add to the protection and assist in the advancement of town. He proposed to let the city have the use of the well and sufficient space for towers, etc., for a period of three years free of charge provided they would furnish him with water. This proposition is very liberal and in case adequate arrangements can be made it will likely be accepted.

The next proposition that came up was the matter of equipping the well. It is proposed that if sufficient funds can be had they will purchase a four horse power gasoline engine for pumping the water and erect a 150-barrel tank

for storage purposes.

Water can then be piped from this tank to the Main street and fire plugs put at the intersection of Main and First. In this manner the use of five hundred feet of hose would furnish ample protection for all the business buildings in the city. It is also proposed that laterals be laid from this main pipe to the different business houses and a charge of \$1 a month made for the use of the water. In this way a sufficient fund could be raised to keep the engine going.

If the reservoir is placed 40 feet high it will give a sufficient pressure to put the water all over any building in the business part of town.

The matter of securing the funds will probably be put up to the people in the very near future. It is estimated that in the neighborhood of five hundred will be needed for the purpose.

Handsome New Block

The carpenter and brick work is about completed on the new block of business buildings on Main Street, as is also the nine foot cement walk all around.

The Rice and Cousins building, which is two stories high, will be occupied by C. C. Cook on the first floor and the Odd Fellows and Woodmen lodges on the second floor. The lodges moved in the first of the week and Mr. Cook transferred his stock yesterday.

The S. O. Cook building is completed and is one of the neatest and best appointed store rooms of its size in the Panhandle. The front is practically all glass and there is also a large skylight in the center, giving an abundance of light. Underneath the main floor is a large cellar which is walled up with brick and will be used for storage purposes. On the main floor the handsome new shelving reaches to the ceiling and Mr. Cook has it well filled with a big stock of hardware.

The bank building, which occupies the corner, is held up waiting the arrival of more material. This will be the handsomest building of the three as to finish. The front part of the banking room will be floored with

tiling up to the marble fixtures and behind this a plain plank floor has been laid. In the rear are two large office rooms. Both front and side are well lighted with large plate glass windows.

The entire row of buildings are neat and substantial in appearance and Contractor Huff is to be congratulated on the manner in which the work has been conducted. As a brick and cement foreman he is a decided success. T. A. Cooke and John Haynes bossed the woodwork and Frank Kachelhoffer is doing the painting. All of these gentlemen are workmen of ability and the three buildings are monuments to their skill.

Mr. and Mrs. Grover Lamb of Lela visited Sunday in the home of Mr. and Mrs. Howard Williams.

Mr. and Mrs. E. L. Price attended a family reunion in Amarillo Sunday. Others present were Mrs. Bob Burr, Mrs. R. L. Price, Mrs. B. L. McCarty of Los Angeles, and Mr. and Mrs. Date Plummer of Lovington, N. M.

Mr. and Mrs. Troy Hinton of Electra are visiting in the homes of Mr. and Mrs. Claude Hinton and Mr. and Mrs. W. L. Hinton this week.

Mr. and Mrs. R. B. Jones, Mr. and Mrs. Jim Stevens, Mr. and Mrs. Melvin McCabe, and Mr. and Mrs. R. N. McCabe attended a family reunion in Bowie Sunday.

Mr. and Mrs. C. J. Cash visited in Pampa Sunday with Mr. and Mrs. Johnnie Cabine and new son, Sammie Howard.

Mrs. Louise Rogers and daughter of Charlotte visited last week with Mrs. Rogers' mother, Mrs. N. J. Miller.

Mr. and Mrs. Vernon Sublett of Tulsa, Okla. are visiting in the home of John Sublett this week.

Otis McClellan and family of Pampa visited in the home of Mr. and Mrs. Jack McClellan Sunday.

Mrs. E. W. Rogers has gone to Big Spring with her son, G. G. Rogers, for an extended visit.

Mrs. J. L. Hess and Mrs. W. E. Ballard made a business trip to Amarillo Monday.

1/2 Million 4-H'ers Helping Reduce Farm Accidents

A recent survey of 2,000 farm accidents shows that 248 involve machinery. In other types, more farm people are injured by falls—476—than in any other kind of accident.

FARM FOLKS, as a general rule, give little thought to safety until a member of their family or a neighbor's is hurt or killed, or fire destroys their home or barn. Then they start doing something about safety.

This year it is particularly important that every farm family should do something about practicing safety, because even though there is a shortage of labor on farms, and new equipment is hard to get, food production must be boosted. That means the present manpower and machinery on farms must be guarded against accidents.

An average of 47 farm people are accidentally killed every day.

Helping to reduce rural casualties are a half million boys and girls taking part in the National 4-H Farm and Home Safety Program. More than \$10,000 in awards for the best records of accident prevention and education are being provided by General Motors for the seventh consecutive year.

The program is directed by the Cooperative Extension Service.

"Tire pressure is a good example of the high price of carelessness," Roos says. "When tire pressures were four pounds lower than they should be, the station wagon averaged one mile less per gallon of gas. At average gasoline prices this bit of carelessness alone would cost the motorist more than a penny a mile."

Other common mechanical faults affecting fuel mileage are dirty air filters, dragging brakes, and improper wheel alignment.

"As for driving habits," Roos declares, "the two worst gas wasters—outside of habitual speeding—are jackrabbit starts and quick stops. Violent pressures on the accelerator squirt gasoline into the cylinders faster than it can be used efficiently, while sudden stops waste momentum already built up by expended fuel, in addition to wearing out brake linings."

Roos' figures on gasoline wastage in Texas were based on current gasoline prices in the state, number of miles "got" per gallon of gas by the average motorist and the latest available state-wide mileage figures released by the National Safety Council.

Gaylord Clett, who was recently discharged from the Army Air Force, visited in the home of Mr. and Mrs. Victor Clett this week. He was en route to Hemet, Calif.

Visitors in the home of Mr. and Mrs. F. L. Jones Wednesday of last week were Mrs. J. R. Ayers and daughter Emma of Clarendon and Mrs. Adderline Debauss of Amarillo.

Mr. and Mrs. Joe Brown returned to McLean last week for their first visit in ten years. They lived here during the war and now reside in Chicago.

Mr. and Mrs. Clifford Allison and family visited in Vernon Sunday with Mr. and Mrs. Ernest McIlroy.

Mr. and Mrs. Tom Smallwood and family visited in Brice Sunday with Mr. and Mrs. D. T. Smallwood.

Mrs. Joe Lindsay and children of Amarillo visited Sunday with Mr. and Mrs. Felix Jones. Myrtle Higdon of Elk City visited with Mr. and Mrs. Jones last week.

Mr. and Mrs. Bazel Pettit of Pampa visited Sunday with Mr. and Mrs. Wheeler Carter.

Gas Usage THE WAY YOU DRIVE

Impatience, negligence and incompetence—the three cardinal sins of the gasoline wastrel—are costing Texas motorists more than \$222,500,000 annually, or about \$87 for each vehicle owner, according to a recently published study of one of America's topflight automotive engineers.

After a series of controlled mileage tests lasting more than a year, Delmar G. Roos, former president of the society of Automotive Engineers, has concluded that the average motorist gets less than half the motoring miles he should out of a gallon of gasoline.

The primary cause of gasoline wastage, says Mr. Roos, who is also vice president of Willys-Overland Motors, are speed, mechanical negligence, and sloppy driving habits.

BOYD MEADOR
General Insurance

FORD LEADS the truck industry!

BOX SCORE	
Sales Gains 1950 vs. 1949	
FORD TRUCKS	56%
TRUCK "A"	20%
TRUCK "B"	15%
TRUCK "C"	7%
TRUCK "D"	21%
(Industry)	19%

Whether you haul with a Ford 145-h.p. BIG JOB (as shown above) or a 95-h.p. Pickup, you save money every mile with the Ford POWER PILOT. Over 180 models. Two new cabs, 5-STAR and 5-STAR EXTRA (at slight added cost).

Sales gains 6 times greater than all other trucks combined!

HERE'S STILL MORE PROOF, FORD'S THE NO. 1 VALUE

- ECONOMY RUN—**
Over 5,000 drivers rolled up over 50 million miles to give you on-the-job cost records of Ford Economy. All Ford Truck models, all truck-using vocations, all road-load conditions were represented in this 6-month Run. The big, nationwide Economy Run provides further proof of how little Ford Trucks cost to run.
- NEW "CERTIFIED" LONGER LIFE—**
Again life insurance experts have proved that Ford Trucks last longer. A new certified truck life study just released shows that Ford Trucks last up to 15.4% longer than the 4 other truck sales leaders!

F.D.A.F.

Yes, Ford's out front in sales gains for 1950! Latest truck registration figures (1950 compared to 1949) show Ford has over double the greatest sales gain of any competitor, almost triple the sales gains of the truck industry and over 6 times greater sales gains than all other makes combined!

Small wonder that Ford Trucks are growing in popularity with such big features as the POWER PILOT, most power from the least gas. And Ford builds over 180 different truck models, with the industry's only choice of V-8 or Six!

FORD TRUCKING COSTS LESS because... FORD TRUCKS LAST LONGER

Using latest registration data on 7,216,000 trucks, life insurance experts prove Ford Trucks last longest.

NOT BY THE GOVERNMENT

RUMORS, WHICH have existed for some time and which were known to be true to many in McLean, have been verified to the fact that a television cable will be run from Oklahoma City to Amarillo. The rumors were verified in a story last week in the Amarillo papers.

The cable is being laid by private enterprise—not by the government—indicating that private enterprise can accomplish costly and beneficial deeds in this present-day world. For some strange reason, many of the politicians in Washington apparently have come to the conclusion that only the government can afford such things—and we use the word "afford" advisedly in this instance.

We should remember that each time the government enters into any type of enterprise which even slightly resembles business, we are going more and more toward socialistic government—a form wherein the government owns practically everything and the people are its employees.

England, unfortunately, has allowed itself to be entangled in just such a mess. Most of the basic enterprises of that once grand old nation are now owned and controlled by the government—the coal industry, the power industry, and even the medical-care industry to a great extent.

No matter how you look at it, government owned and operated business is wasteful and inefficient, in comparison to that owned by private enterprise. The government doesn't have to compete with other business. It isn't regulated. It's an air-tight monopoly in which the politicians make all the decisions and in which patronage and political favoritism have dominated roles.

When a man takes over a government bureau, he realizes that his job will no longer remain in effect if he doesn't do something to make the taxpayers feel that he is necessary. The bureaucrats, for example, are always talking about the possibility of power shortages in this country, and they use that as an argument in favor of more socialized power development at a cost of billions to the taxpayers. As a matter of fact, there has never been a power shortage in areas where the heavily-taxed publicly-regulated private utilities have been free to go ahead and build up their plant and other facilities to meet prospective demand. We have come nearest to shortages in regions such as the Pacific Northwest where socialization and the threat of more socialization have blocked private power development on a major scale.

These big corporations are not owned, and are not controlled by a mere handful of people. Anyone can become a stockholder, through the facilities of the stock exchange, and as a matter of fact, there are 15 million stockholders in the U. S. today—each one of them a capitalist in his or her own right.

Yes, we are glad the television cable is being laid, and we are doubly glad that private enterprise is accomplishing this major task. With more similar actions on the part of private enterprise, our great nation will continue to forge ahead.

Mr. and Mrs. J. B. Hembree were visited last week by their niece, Mrs. Rena Penn Britton and children, Nelson and Lamaine, of Stillwater, Okla.
 Barbara and Mary Ann Carter are visiting with friends in Pampa this week.
 Mr. and Mrs. Bill McBee of Lefors visited Sunday with Mr. and Mrs. J. W. Meacham.

TALK

By LESTER

Had a nice little note from Quentin Williams the other day, along with his check for a renewal subscription to The News. I had been wondering why I hadn't seen him around here a little more often, and I wasn't aware that he is no longer with the Soil Conservation office in Pampa.

But Quentin isn't these days. Instead he is manager of the truck department of the Culberson Chevrolet company in Pampa.

"I miss getting to visit with you fellows around McLean, although I still get down there once in a great while," Quentin wrote. "Schneider and the other SCS boys keep me pretty well posted on the grass planting and other soil conservation work. Have enjoyed your occasional articles about the grass plantings at Peb Everett's, Cllett's, and other places. I still think there is a place for a lot of sound development in returning some of that marginal farm land to pasture grasses, with an accompanying increase in livestock production. I think you and the other business people in McLean will help both yourselves and the community to keep plugging this as much as possible."

I am not in with Peb any more but still have a half interest in about 500 acres that we've planted back to grass. We own 160 acres and rent the rest.

Several times in the past, I have been out with Quentin to the grass pasture of someone near McLean. He is a whiz when it comes to identifying grasses—can look at the most tiny little blade and tell you what it is. Seldom makes a mistake in his identification.

Seems kinda odd that he should be out of the SCS office and in a truck office.

Got a new deal now for any

The bride of a few weeks noticed that her husband was depressed. "Dearest," she said, "I know there is something troubling you, and I want you to tell me what it is; your worries are not your worries now. They're OUR worries!"
 "Oh, very well," he said. "We've just had a letter from a girl in New York, and she's suing us for breach of promise."

In a reportedly true story a politician was asked in the recent elections what he thought about Formosa. "I'll take it by 3,000 votes," was his confident and unhesitating reply.

It doesn't take long for the man with push to pass the man with a pull.

Chevron gas will give that car of yours a "great deal more push and pull on the highways these days, and sometimes you need that push and pull in a hurry. So drive in today and fill up."

Chevron Gas Station

future polio cases in McLean.

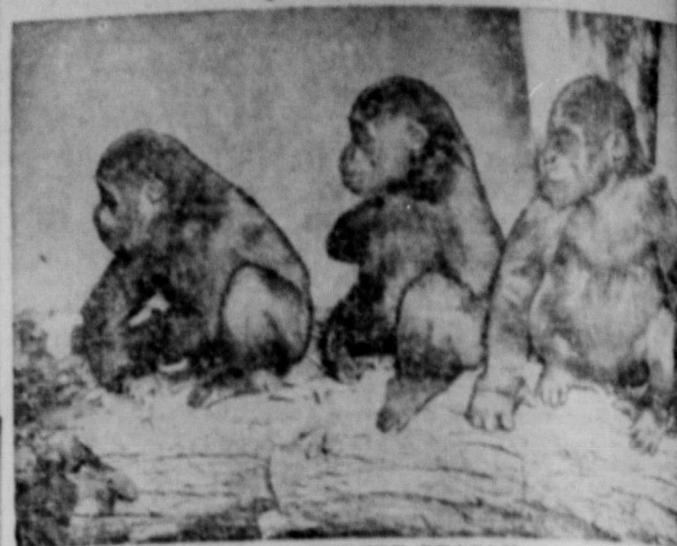

Used to be the patient had to be taken to Plainview to the West Texas Polio Clinic. Used to be, if you needed some aid from the Gray County polio chapter, you had to go through Pampa to get that aid.

Now, if you or some member of your family becomes ill and there is the slightest chance the illness might be polio, first call your doctor. If he thinks it might be polio, then call J. Lester Dysart or Clifford Allison; and if the doctor says so, the stricken person will be taken to St. Anthony's Hospital in Amarillo by ambulance immediately. St. Anthony's now has a polio ward, and is equipped to care for polio patients.

Dysart said at a meeting of the county chapter in Pampa last week, it was emphasized that speed is important in getting the patient to a polio clinic. So don't delay calling the doctor, and don't delay calling Dysart or Allison if the doctor advises you to do so.

Saturday is the date of the second Dollar-Stretcher Day in McLean. Of course, you are invited to be in town. There are many, many items of service and merchandise on sale at greatly reduced prices. You can save much money by coming to McLean Saturday, and you will certainly be welcome here.

Speak No Evil

GORILLAS ARE THE CUTEST PEOPLE... These three gorillas reside in the San Diego zoo, where they are playing an important role in scientific research. Brought to the country from Africa when they were only seven months old, they are being studied to determine a normal growth pattern for gorillas. It is believed such a pattern can be applied to children. Left to right, they are Boubou and Albert. When brought to the zoo, all three were suffering from vitamin deficiency and weighed less than 8 lbs. each. With Lederle Laboratories, their keepers put them on an orange-flavored vitamin preparation, the same type given to children. Two at two and a half years of age, the gorillas are healthy and weigh about 50 pounds each. Gorillas, like man, are very susceptible to respiratory infections. When Bata, Boubou and Albert die symptoms of a cold, they are given aureomycin. Little is known of the growth of gorillas, since none has ever been born in captivity and there are so few of them available for close, scientific observation.

Local High School Class of '26 Has Reunion Here

The McLean High School class of 1926 met in McLean last Saturday for a reunion on their 25th anniversary of graduation from the school.

The group met in the City Park Saturday afternoon, and then at the home of Mrs. Sinclair Armstrong in the evening.

Attending were Tom Clark and Vina Stratton Meier of Amarillo; Ruth Clark Ware of Miami; Eunice Huff Dennis of Oklahoma City; Leslie Huff of Austin; and Emory Crockett, Sinclair Rice, Armstrong Lena Davidson Bones, and Margaret Glass of McLean.

CARD OF THANKS

We wish to express our thanks to our friends and neighbors for each kindness shown and flowers sent us during the illness and death of our loving Dad. Especially do we wish to thank the doctors, nurses, and the blood donors. May God's richest blessings be with each of you.

Mrs. E. W. Rogers.
Mr. and Mrs. H. L. DeShazo and Children.
Mr. and Mrs. G. G. Rogers and Children.
Mr. and Mrs. J. B. Rogers.
Mr. and Mrs. R. G. Rogers and Children.

Tooth Replanted

Washington Star Photo
Jan Dockins, of Hollywood, Md., points to a permanent front tooth that was saved by a unique dental procedure. The 8-year-old fell on the sidewalk, and an incisor tooth was pushed up into the jaw, almost out of sight. The dentist to whom he was rushed, decided to attempt saving the tooth by reimplantation, a difficult procedure. He removed the unsharpened tooth, and while it soaked in arsenomycin, the socket was cleaned. The dentist held the tooth in place for 20 minutes while a temporary blood clot formed. Jan's parents then held the tooth in place for 19 hours. At last report, the tooth was firmly in place and growing Jan well. An important factor in the success of such a procedure, is that arsenomycin, an antibiotic drug, is effective against many bacteria found in such a wound and at the same time, is not harmful to tissue cells.

Going-Away Party Given in Honor Dan, Ann Cooper

A going-away party, honoring Dan and Ann Cooper, was given by Donna Stubbelfield last Thursday night.

A scavenger hunt, relays, and other outdoor games were played. Dan and Ann then went on a treasure hunt which consisted of different places in the yard and around the block, and led back to the yard where they found their gifts. They received a piece of Samsonite luggage and an individual gift each. Dan's gift was a tie clasp with matching cuff links, and Ann's gift was a necklace with matching earrings.

Those attending the party and contributing to the gifts were Joe Cooper, Donna and June Stubbelfield, Don Tindall, Dale Glass, David Grigsby, Jerry Guyton, B. W. Duncan, Dicky Silgar, Buddy Atwell, Sue Glass, Shirley Allison, Eddie Reeves, Don Crockett, Wayne Smith, Jack Hupp, George Railback, Kenneth Wilson, Gale Plummer, Jess Roberts.

Carl Pettit, Jimmy Smallwood, Donald Smith, Junior Brooks, Pat Shelton, Billie Pettit, Bethie Mantooth, Ora Gail McPherson, Dortha Chase, Floella Cubine, Pat Patterson, Bonita Bailey, Virginia Beck, Texetta McCurley, LaJune Childen, Margaret Biggers, Betty Jo Patterson, Wayne Moore, Carroll Hall, Bill Shadid, Joe Crockett, Mary Ann Beck, Barbara Barrett, L. M. Watson, Letha Bybee, Mr. and Mrs. John Cooper, Ruth Cooper, Mrs. Earnest Beck, and the honorees, Dan and Ann Cooper.

Refreshments of punch and cake were served.

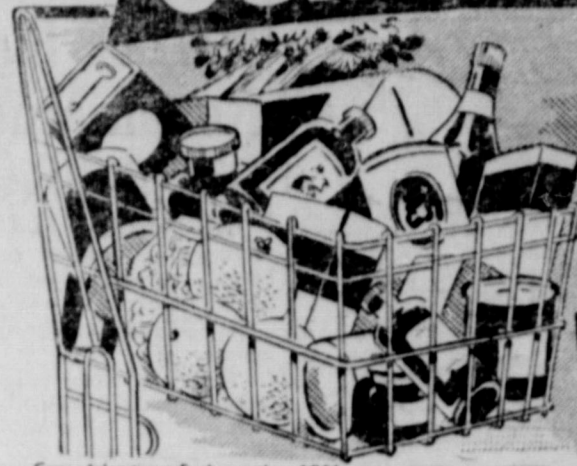

Mr. and Mrs. C. V. Bragg and children of Fort Worth and Mrs. Vada Kiser of Amarillo visited in the home of Mr. and Mrs. R. L. Appling over the week-end. The Braggs, Mrs. Kiser, and the Applings visited in Amarillo Sunday with Mr. and Mrs. Ernie O'Dell.

Mrs. J. A. Kinkead of Tucumcari, N. M., visited in the home of Mr. and Mrs. Clyde Andrews last week.

We're Moving--

And We Regret It

... but we feel that we are making an advancement in our work and line of business. Most of you already know that we have bought a grocery business in Tucumcari, N. M., and will leave this week to take over the store. During our many years in the food business in McLean, we have gained many friends, and will miss all of you in our new venture. It is our sincere hope that you will always keep us in your mind as friends, too.

Neil Cooper, who has been making his home in Canyon, and who has had a great deal of experience in the grocery business, will take over as new manager of the store here, and we invite you to continue your patronage with him. The staff at the store will remain the same under his management, and the store policies will remain the same.

Thanks again and again for your past patronage. We invite you to visit with us at any time you may be in Tucumcari, for McLean will always be "home" to us.

Mr. and Mrs. John W. Cooper and Family.

You S-t-r-e-t-c-h

... those dollars when you save Gunn Bros. Thrift Stamps. So get the Dollar-Stretching habit every day by always buying your food and household needs at Cooper's complete store.

Palo Duro Park Attracts 4,000

More than 4,000 persons attended Palo Duro State Park, the world's most colorful canyon, last week, according to John McCarty, manager, who was in McLean Tuesday. This was the second largest week of the year, the July 4 week drawing 7,039.

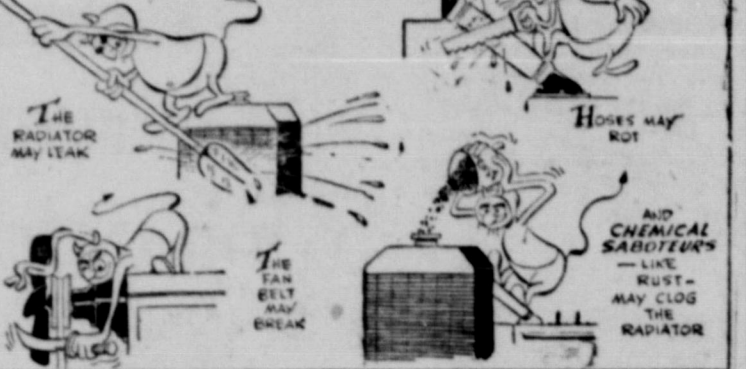

It is expected that more than 150,000 persons will attend the park this year. The attendance last year was 110,000 and the year before 85,000. Prior to that time the attendance was around 50,000 a year.

McLean is invited by Palo Duro Park officials to sponsor a special program and motorcade to the park some Sunday afternoon this fall. It is hoped to sell more local people on the beauty and color of the canyon prior to the next tourist season in order that they may help tell the world of the Plains' own tourist attraction.

FIRST AID FOR FEVERISH CARS

GREATER CAR CARE IS A MUST TODAY. ONE OF THE CHIEF TROUBLE SPOTS UNDER THE HOOD IS THE ENGINE COOLING SYSTEM.

THE RESULT IS AN OVERHEATED ENGINE WHICH CAN CAUSE SEVERE CYLINDER BURNING, VALVES AND OTHER EXPENSIVE DAMAGE. TO AVOID THIS, HAVE YOUR ENGINE EXAMINED BY A "COOLING SYSTEM SPECIALIST"—TRAINED TO DIAGNOSE TROUBLE SYMPTOMS AND CURE THEM.

REVEILLE

with the boys

Charles Roby, son of T. B. Roby of McLean, has enlisted in the air corps and is now stationed at San Antonio.

Pfc. Charles Sullivan of Camp Hood visited last week-end in the home of his mother, Mrs. Ada Sullivan.

Ronald Littrell, son of Mrs. C. R. Gray, left Tuesday for San Diego, Calif., after a leave from the navy. He has been in the service seven months and has been attending radar and sonar

school on Treasure Island, San Francisco. In San Diego, he will board the USS Dixie, a destroyer tender, for four months and then will transfer in Japan to the USS Henry W. Tucker, a destroyer.

Visiting in the Bob Massey home Sunday were their son, Pvt. Bobby J. Massey of Fort Bliss, and Miss Ella Mae Castleberry of Alarend. Pvt. Massey's new address is: Pvt. Bobby J. Massey, US 54039-447, 961 Ord., Fort Bliss, Texas.

Dr. and Mrs. John W. Cobb and children of Corpus Christi visited last week with Dr. Cobb's mother, Mrs. S. A. Cobb, and other relatives here last week.

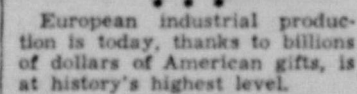

Alvar Nunez, better known as Cabeza de Vaca, was the first white man definitely known to have set foot on Texas soil.

Statistics show that 1,800 thunderstorms bellow over the earth's surface every instant.

"SMALL BUSINESS" By C. WILSON HARDER

Tragedy is not always sudden death. Often tragedy is a withered spirit. Such tragedy was written in Washington when aging Gen. Marshall advised Congress that the World Plan for Futility that bears his distinguished name, should be given approximately twice as many billions as already squandered.

The tragedy is that long before he spoke, William Foster, head administrator of the Marshall Plan stated the plan has not accomplished the purpose for which billions were taken from American taxpayers.

European industrial production is today, thanks to billions of dollars of American gifts, at history's highest level. Yet, the plain citizen of Europe is little, if any, better off. If people succumb to communism because of lack of material means, then Joe Stalin has won the battle. All he has to do is wait until Americans are bankrupt, thus unable to make any more gifts to Europe, and move in without spending a ruble.

Foster highlighted the problem saying it is impossible for the average man in Europe to be much better off unless European monopoly system ends.

European businessmen, he stated, do not produce to provide more jobs, lower prices. They combine to set prices, hold down production, and in all ways conspire to keep out competition.

In Europe this system is legal. In America it is not legal even though practiced. Marshall Plan gifts have aided enormously the big European trusts. Many of the

millions have gone directly to the big steel monopolies of France and other nations.

Obviously, when American bureaucrats consistently fail to enforce this nation's anti-trust laws, they are notoriously unable to sell European nations the evil of monopoly.

So the end will be the same. Regardless whether American taxpayers are assessed 25 billion, 50 billion, or 500 billion to increase and carry on the Marshall Plan, the evil remains.

Blackmail is an ugly word. Yet it is the only term that fits many Marshall Plan gifts.

For example, ECA Bulletin No. 2 announces Tito's Yugoslavia has just been given another \$5,707,000 worth of iron, steel, aluminum, tinplate and other scarce materials, for a total allocation to date of more than 27 million dollars.

No one disputes that Tito's Yugoslavia is as communistic as any country can ever be. The only difference is that Tito and Joe are presently not on speaking terms. As long as Tito can fleece the American taxpayers by not speaking to him, Joe probably feels silence is golden.

Over a hundred years ago, when the nation had a tiny navy, the answer to another gang of pirates, located on the Barbary Coast was "Millions for defense, but not one cent for tribute."

And there's the tragedy of America in 1951.

Today, monopolies and many in government would rather bankrupt the entire nation, destroy the entire American system, pile on tax after tax, commit American lives, than go back to the basic fundamentals which made the nation great.

McLean Blasts Kelton Nine By 29-5 Score

The McLean baseball team couldn't be stopped last Sunday afternoon, and wound up with a 29-5 victory over Kelton in a game played on the Kelton diamond.

The local team scored in all innings except the 4th and the 7th, running in 2 in the 1st, 5 in the 2nd, 4 in the 3rd, 5 in the 5th, 4 in the 6th, and 9 in the 8th. Kelton made 2 in the 1st, 2 in the 3rd, and 1 in the 6th.

Johnny Haynes led the McLean batters with five hits in seven times at bat, Bob Kramer got four for seven, and Emmel racked up four for six trips to the plate. Stricker tossed for the local team, allowing seven hits, while McLean got 20 hits off Kelton's Keeton and Richardson.

The local team will play Miami at Miami next Sunday. McLean now rests in second place in the Panhandle league with eight victories and three losses, while Briscoe still holds the top notch. The team will play in new uniforms—which just arrived—in next Sunday's game.

Other league games include Briscoe at Wheeler, Kelton at Allison, and Mobeetie at Shamrock.

Surprise Party Given in Honor Of Shirley Allison

A surprise birthday party honoring Shirley Allison was given Tuesday evening at the Allison home.

Moving pictures were taken by Mrs. Earl Stubblefield before the group went to the picture show, after which refreshments were served to the honoree, and Pat Shelton, Virginia Beck, Oma Gall McPherson, Evelyn Lee, Carolyn Bohannon, Jack Hupp, Kenneth Wilson, Don Crockett, Billy Day, Joe Crockett, Jerry Guyton, Jimmy Allison, Mr. and Mrs. Clifford Allison, Mr. and Mrs. Emory Crockett, and the hostesses, Sue Glass and June Stubblefield.

In discussing the position, Figg said, "Appointments are usually made to substitute positions and promotions are to regular positions according to seniority of appointment." Substitutes are re-qualified to be available for duty on short notice and generally, they will be working every day.

The earliest dated event in history is 4341 B. C., the year in which the Egyptian calendar was established.

THE AMERICAN WAY

"The Fool Hath Said In His Heart, There Is No God" Psalms 53:1

The Amarillo social security office is doing a rush business in issuing account number cards, according to J. R. Sanderson, manager. During the month of July the office issued 790 new numbers to individuals in the 26 counties in the Amarillo service area. Last year during the same month 478 new numbers were issued. Along with the new account numbers the office also

issued about 550 duplicate cards to replace original cards which had been lost or worn out. Sanderson explained that the heavy increase in demand for account number cards is largely due to recent amendments to the Social Security Act. Under the changes, several kinds of work not covered before under the Federal old age and survivors insurance program were brought under the law on January 1, 1951. About 10 million more workers have been added to the system including several thousand persons in the Panhandle area.

"A great many of these new covered workers, particularly home and farm employees, have never had any connection with the social security program before," Sanderson said, "and need to get account cards for the first time. Some of these new and home workers may have had cards in the past but have lost them. Such workers should secure duplicate cards."

We're Magazine Salesmen, Too!

... And we're not trying to work our way thru college—just trying to make a few honest dollars to keep our creditors happy.

No foolin', we are authorized agents for Time, Life, and Fortune magazines, and take new or renewal subscriptions for almost any magazine you can think of—that is, magazines of general circulation. Gift cards will be sent to any person to whom you wish to send some magazine for a year or so.

So Next Time You Think of Subscribing for a Magazine, Think of
