

Senate Floor Fight Expected In Try To Get More Aid Cuts

By WARREN ROGERS JR. WASHINGTON (U)—Fresh from an initial victory, President Truman and his foreign aid program Neutenants worked today to build a rampart of Senate votes against any further cutting of its billions. Administration backers beat off a move to clip 400 million dollars from the \$4,900,000,000 total by a 7-6 vote late yesterday in the Senate

Armed Services Committee. Thus the bill—already trimmed a billion from the President's original request for \$7,900,000,000—returns to the Senate in the same form it went to the committee last Monday. There was plenty talk of a floor fight over further reductions, to possibly as low as an even six billions.

for the Republican presidential nomination, said the Senate GOP Policy Committee discussed foreign aid yesterday. Taft, who is chairman, said there was strong support in the group for additional trimming, although opinions differed as to how much. Democratic senators got a chance to talk it over behind closed doors tonight. Majority Leader McFarland (Ariz) said the party caucus dinner will be a routine get-together but foreign aid would be a topic. McFarland declined to say whether the foreign aid bill would be called up for Senate action.

Yugoslavia Does Not Have Free Religion, CARE Official Says

MUNICH, Germany (U)—A director for CARE (Cooperative for American Remittances to Europe) says there is no religious freedom in Yugoslavia.

There is still plenty of church-going in the Communist land, said Magr. Joseph Koncius of New York, a Roman Catholic priest, but "we to teachers and officials who are seen in a church." "Children are forbidden to read the catechism. More than 200 priests are in prison. In the religious, social and political fields I do not see any difference between Yugoslavia and the Cominform countries," he declared after a five-day tour for CARE of Premier Marshal Tito's country.

President Truman, in a serious-voiced discussion of foreign aid and military funds last night, said: "We are winning the cold war, and I fear very much that if the Congress continues to follow the attitude that it has on these immensely important appropriation bills, we may lose it, and then these defense appropriations will look like a drop in the bucket."

Truman, who spoke at the annual dinner of the Civil Air Patrol, was followed by Air Force Secretary Finletter and House Speaker Rayburn.

Finletter told CAP members and their congressmen guests the defense program "simply will not bear cutting." Rayburn said he was no alarmist but added: "I am not in a mood to be timid with my money or anybody else's when it means the defense of this country."

But at the Capitol, Sen. Long (D-La.), who sponsored the 400-million-dollar slash proposal, said he will renew his efforts on the Senate floor. If an expected move to telescope the bill to six billions should fail, he said, he will offer his amendment again. Sen. Taft of Ohio, a candidate

Liner United States Ready For Trial

The luxury liner, The United States, biggest and fastest ever built in America, is ready at her Newport News, Va., dock for the builders' trial run. The total cost of the liner is now estimated at 75 million dollars. She is to be delivered to the U. S. Lines, a private firm on June 21 and make its maiden voyage to England, July 3, with 2,000 passengers. (AP Wirephoto).

Ellender Sees 'Intimidation' Of Court In Stand By Tobin

By MARVIN L. ARROWSMITH WASHINGTON (U)—Sen. Ellender (D-La.) today accused the CIO steelworkers and Secretary of Labor Tobin of doing "the sort of thing that leads to anarchy." But Sen. Humphrey (D-Minn) said Ellender was completely wrong. Ellender denounced the steelworkers for adopting a resolution calling for a new steel strike if the industry does not grant promptly a satisfactory wage increase. The CIO union took the action yesterday at its convention in Philadelphia.

Before the resolution was approved, Tobin told the convention he stands "heart and soul and spirit" behind the steelworkers in their fight for more pay. Vice President Barkley also addressed the convention, saying, "It is un-American for any group or any interests to defy or to deny or disregard the verdict of a governmental agency set up to settle these matters."

companies." He added the only controversy is over how much. Sen. Capehart (R-Ind) said the steelworkers are entitled to some wage increase "but not one which would break the stabilization line, as would the one recommended."

"He's absolutely wrong," said Ellender. "The Wage Stabilization Board usurped the power that was supposed to be exercised under the Taft-Hartley Act." Without going into details, Ellender said he had a hunch that an effort was under way to intimidate the Supreme Court, which now is considering the legality of President Truman's seizure of the steel industry to avert a strike.

But Ellender said he had implicit confidence that the court will not be swayed. He added: "The union in adopting such a resolution, and Tobin in helping to incite the workers to such a move, were doing the sort of thing that leads to anarchy. The mills are in government possession and any strike would be against the government, and that is what I understand as a move toward anarchy."

He did not include Barkley in this criticism because he said Barkley did not go as far as Tobin. Humphrey said, however, that Ellender was jumping to unjustified conclusions on the basis of only circumstantial evidence.

Companies Protest Fixed Gas Rates

WASHINGTON, May 15 (U)—The Office of Price Stabilization today conducts a hearing on protests of two companies against the price it fixed on natural gas produced in the Woodlawn Field, Harrison County, Tex.

The steelworkers, Humphrey said, "are entitled to a wage increase in simple equity, and no one denies it—not even the steel

plan to make it an all-public panel "certainly is worth trying because it is obvious the tri-partite board which handled the steel case only contributed to the mess we are in."

reporters in Denver he would vote for reduction, apparently changed his mind and cast the deciding vote which broke a 4-4 deadlock in the committee.

Wake Up To More Comfort Without Nagging Backache

Joining Hunt, Russell and Kefauver were Sen. Johnston (D-Tex.), Sen. Saltonstall (R-Mass), Sen. Morse (R-Ore) and Sen. Flanders (R-Vt). Saltonstall and Morse are Eisenhower boosters. Losing with Long and Acting Chairman Byrd (D-Va.), who had polled the 13-member group because some were out of town, were Sen. Stennis (D-Miss), Sen. Bridges (R-NH), Sen. Knowland (R-Calif) and Sen. Cain (R-Wash).

Nagging backache, loss of pep and energy, headache and dizziness may be due to shortness of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause the important function to slow down, many folks suffer nagging backache—feel miserable. Silver Bladder Irritation due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million kidney and bladder fish out waste. Get Doan's Pills today!

In the confusion of preparing copy announcing the re-opening of our No. 1 store, we somehow failed to include the name of the late Robert E. Lee.

We deeply regret this omission, for "Bob" was for many years the successful as well as faithful manager of our Settles store. It is upon the service of such men as Bob Lee that our success has been founded.

District President Installs P-TA Council And Unit Officers Wednesday

Mrs. J. J. Black of Midland, district president, installed all officers of the local P-TA units in a ceremony at the Park Hill School Wednesday afternoon.

Installed as P-TA council officers were Mrs. W. N. Norred, president; Mrs. Bill Seals, vice president; Mrs. Grady McCrary, treasurer; Mrs. Elvis McCrary, secretary.

As president of the high school unit and other officers of the unit include Mrs. L. B. Andrew, first vice president; Mrs. L. D. Jenkins, second vice president; Mrs. Roy Tidwell, third vice president; Mrs. J. T. Johnson, secretary; Mrs. Keith Patton, treasurer.

Mrs. J. J. Black Installs New P-TA Officers In Forsan

FORSAN, (Sp1)—Mrs. J. J. Black of Midland, district president, installed the newly-elected officers of the P-TA Tuesday afternoon at the school.

T. Holladay, yearbook; Lyoelle Sullivan, health; Mrs. Henry Park, spiritual education.

As Mrs. B. J. Wise played a musical background, Mrs. Black told the group the objects of the association. Each new officer was presented with a corsage by Mrs. Black.

As a tribute to Mrs. Black, who returned recently from New York, the seventh grade girls, dressed in Gay Nineties costumes, sang "Sidelwalks of New York."

Recital, Musical Program Presented At Garden City

GARDEN CITY, (Sp1)—The auditorium was filled to capacity Monday evening when Mrs. Rube Rieker presented her music pupils in their annual spring recital.

Patti and Shirley Coomer, Barbara and Lynda Ballinger, Sandra Wilkerson, Gary McDaniell, Glenn Joe Riley, Lorin McDowell III, Doreen Little, La Della Gelert, Shirley Rowe, Deanna Marie Watkins.

Many of the numbers were four piano numbers with one being played by eight girls at four pianos. Accordion pupils also had their part on the program.

The recital was held at 8 p.m. Friday in the home of Mrs. J. E. Brown, 1801 Scurry.

Federation Election Set For Today

MINNEAPOLIS, May 14 (AP)—Polling in candy-filled convention rooms moved into high gear today as the ladies of General Federation of Women's Clubs prepared to elect officers.

Luncheon Set To Organize Safety Unit

Organization of the third chapter of the T&P Ladies Safety Council will be the object of a luncheon being given by the railroad Friday at noon in the Settles ballroom.

Delegates Named To Doe Convention

Mrs. C. W. Nevins and Mrs. Bill Ragsdale were named as delegates to attend the national Doe convention in Casper, Wyo., June 4-7 when the local drove of the BPO Does met Wednesday evening at the Elks Club.

Lion's Auxiliary Plans Picnic For Later In Summer

Members voted to disband for the summer but to have a family picnic later in the year when the Lion's Auxiliary met Wednesday at the Wagon Wheel for luncheon.

Rebekah Lodge 284 To Initiate New Member Tuesday

Initiation services will be held at the next meeting for Charlie Boland. It was announced Tuesday evening at the meeting of Big Spring Rebekah Lodge 284.

A Bible Thought For Today—

Without men of vision humanity would sink to the lowest materialistic level. We should think of ourselves as God's children, not brothers of the beast. "Where there is no vision the people perish." — Prov. 29:18.

Congress Suspects Some Radio And Comic Output Warping Our Youth

Congress has decided to investigate television, radio and the so-called comic books to see if the nation's youth is being led down the primrose path of dalliance and destruction. Congress has been hearing that these organs of entertainment go in too strong for murder, mayhem, loose morals and other practices deleterious to youth. While it's at it, Congress will have a look at the mid-level, or pocket-sized, books. There are rumors that some of these have a faint odor of decadence and degeneracy.

Speaking of comic strips, newspaper style, our evening edition has joined a growing parade of daily newspapers in presenting Pogo, the rascally little "possum and his sidekicks and opponents from the animal kingdom. Pogo has been a slow starter, but today he is the sensation of the newspaper comic world. Life magazine last week presented the story of Pogo and his creator, Walt Kelly.

Nationwide Presidential Primary Interesting But It Has Obstacles

Twenty-five of 40 state governors who responded to a questionnaire asking their position on a voluntary nationwide presidential primary this year have turned thumbs down on the project, mostly on the ground that insufficient time remains to put the project through by July 2, which was the date set for completion of the project.

Some governors, including John S. Battle of Virginia, did not want the federal government interfering in state election matters, such as the Douglas bill would entail. Other governors, 15 in all, thought the Douglas bill was a good thing. It is now in the Senate Rules Committee, which directed the poll of governors.

Merry-Go-Round—Drew Pearson

Defense Secretary Lovett Mad Over Gen. Dodd Capture By Reds

WASHINGTON.—The future Army career of Brig. Gen. Francis Dodd is not bright. He may be shipped to Okinawa. What made the Pentagon furious was that carelessness by him resulted in his capture just at a time when Washington had carefully worked up an international plot to break the truce deadlock.

President Truman had announced to the Communists and the world that not a single further prisoner concession would be given. By pre-arrangement, the top leaders of France and England made the same ultimatum. These statements had been carefully timed to hit the front pages of every paper in the world, including newspapers behind the Iron Curtain.

This Day In Texas

By CURTIS BISHOP

Death came on this day in 1929 to Joe D. Sayers, former governor of Texas, whose eighty-eight year life had been a long story of public service.

Born in Mississippi in 1841, Sayers came with his family to Texas in 1851. He received his education at the famous old Bastrop Military Academy. During the Civil War he served with distinction despite a wound which kept him on crutches for a long period of time.

Uncle Ray's Corner

000 at stake, and both sides had employed high-priced lawyers. On his side, Gandhi was expected to do very little, but he brought an end to the case. He talked with the man who was being sued and the man who was suing. They decided to save themselves thousands of dollars by letting the case be settled out of court.

At that time (as today) South Africa contained many Hindus and Moslems from India. These had been brought in chiefly to serve as laborers. Gandhi felt that they were being treated meanly by the whites, especially by the Boer settlers. This led him to stay in South Africa, and to lead a struggle to make life better for his countrymen.

World Today—James Marlow

High Brass In Korea Displays Great Talent For Making A Mess

WASHINGTON 16.—The high Army brass in Korea has displayed an astonishing talent for making a mess, starting with the capture of Brig. Gen. Francis T. Dodd and it all that followed.

First the general, commander of the prisoner of war camps on Koje Island, let himself get maneuvered into a position where his Communist prisoners could take him. Then his successor had to dicker for his release. This was Brig. Gen. Charles F. Colson. The Eighth Army commander, Gen. James A. Van Fleet, bounced Dodd while he was still captive and replaced him with Colson.

Notebook—Hal Boyle

Politics Is The Big Crop Over Midwest This Year

KANSAS CITY, May 15 16.—Leaves from a Midwest travel diary: Politics has replaced corn and wheat as the major crop for 1952 in the great American Middle West.

There is an air of general prosperity in the Midwest. Most every one seems to be eating pretty high on the hog these days. People who used to complain about the weather now spend more time criticizing the income tax.

THE UNSEEN AUDIENCE

Two terms in the governorship did not end Sayers' usefulness to the state. Afterward he became a member of the University of Texas Board of Regents, Chairman of the Industrial Accident Board, head of the Board of Pardons, and member of the State Board of Legal Advisers. With all this he continued his active law practice.

Settled Suit Out Of Court Room

Mohandas Gandhi was born in a Hindu family, and the members were strict in following the faith. His father died before he went to Great Britain to study law, but his mother would allow him to leave India only after he promised never to eat meat or drink wine while abroad. He was true to his promise.

Around The Rim—The Herald Staff

USO Is A Job For All Of Us; It's Underway—Let's Finish It

Webb Air Force Base is the name and it's located right here in Big Spring. With yesterday's formal announcement of the new base name, it becomes even more apparent (as if it were not; any previous time) that the airmen are here to stay and likely for quite some time.

ed with USO, will meet. Through these people other service and civic organizations will play their roles. Once the executive committee is formed, the job is far from done. No ten people can carry out a USO program. It has to be accomplished by all citizens, whether he or she may be connected with any other organization or not.

Gallup Poll

Taft Is Choice Of Older GOPs As Ike Ranks Tops With Youth

By GEORGE GALLUP, Director, American Institute of Public Opinion

PRINCETON, N. J.—Sen. Robert A. Taft of Ohio is the top choice for the GOP nomination among older Republican voters, while Gen. Dwight D. Eisenhower is the choice of the youngest members of the GOP.

Eisenhower's lead over Taft is much smaller, as follows:

REPUBLICANS ONLY (Age 30-49 years)	
Eisenhower	44%
Taft	31
MacArthur	9
Warren	7
Stassen	4
Others	4
Don't know	1
100%	

Uncle Ray's Corner

It is interesting to note that Taft is twice as strong proportionately with the older group as he is with the young Republicans in this survey. He polled 22 per cent with those under 30 years of age and 43 per cent with those 50 and over.

With Republicans over age 50, Eisenhower trails Taft as follows:

REPUBLICANS ONLY (Age 50 & over)	
Taft	43%
Eisenhower	35
MacArthur	10
Warren	9
Stassen	3
Others	2
Don't know	1
100%

Tom Green FB To Raise Fund For Rainmaking

SAN ANGELO, (SC) —Without a single dissenting vote or objection the Tom Green County Farm Bureau has agreed to shoulder full responsibility for raising the county's \$10,000 quota for participation in the precipitation increasing program proposed for this area.

The bureau's action followed an explanation of the program by Clyde Hoyt of Austin, representative of Dr. Irving P. Krick's Water Resources Development Corporation of Denver, with which an area north of San Angelo, and including Howard County, has a contract for cloud seeding.

Tom Green County Farm Bureau members recommended an assessment of two cents an acre for cultivated land and ranches in addition to whatever voluntary subscriptions are received from businessmen in San Angelo and other towns.

The county's \$10,000 quota is based on the cent-an-acre price set by the WRDC for the service. The figure allows for a minimum participation of 50 per cent of the land in the county. All collected surpluses will be returned to contributors in proportion to their payment.

County Agent Marion Badger said letters are going out to all farmers and ranchers explaining the project, stipulating the individual assessments and asking for the money.

The county operation will be part of the overall operation being carried on by the Colorado Water Association, a non-profit corporation formed here in March to contract with the Denver firm.

A meeting to explain the cloud-seeding program has been set for 8:30 p.m., May 22, at a place that will be designated by later notices.

Russell Opposite Kefauver On Tides, Backs State Rights

SAN FRANCISCO, May 15 (AP) — Sen. Richard B. Russell of Georgia has taken a stand opposite to that of Sen. Estes Kefauver, a rival for the Democratic presidential nomination, on the question of state vs. federal ownership of the oil rich tidelands.

"The states have always owned the tidelands and they still do," Russell told the Commonwealth Club yesterday. He voted against the administration's bill under which, Russell said, "oil from California, Texas and Louisiana tidelands could support the schools of the nation."

Kefauver, of Tennessee, backed the administration on the question.

Colonial Reception Room

Remodeling work at the Colonial Beauty Shop includes decorating and re-furnishing of the reception room, shown above. Extensive improvements have been made inside and outside the shop, at 1211 Scurry.

Remodeling Finished At Colonial Shop

An extensive remodeling job, designed to improve customer comfort and convenience, has been completed by the Colonial Beauty Shop, 1211 Scurry Street, owned and operated by Mrs. Bernard Coughlin.

An improved air conditioning system has been installed, as well as fluorescent lighting throughout. There is new Vinyl-tile flooring to harmonize with walls finished in a soft green. The attractive reception room is furnished with modern rattan pieces, and the gift department in the reception room is fitted with attractive new show cases.

The Colonial has all new mirrors and Eugene dryers, and the shampoo booths are separated from the main room by partitions topped with built-in plant boxes. The styling booths are separated with folding louvered partitions. For the convenience of the customer, there's a newly equipped and completely private facial booth.

An addition to the shop is a lounge room and snack kitchen for employees. There also is a special store room and laundry with automatic machines so that the

shop's own stocks of linens may be freshly laundered each day.

Exterior of the shop has been re-done with gray asbestos siding, with neat blue window shutters for color contrast.

Del Rio Telephone Unit Grants Raise

DEL RIO, May 15 (AP) — Negotiations between the Del Rio and Winter Garden Telephone Co. and the telephone workers local were ended yesterday after the firm agreed to an eight per cent wage increase.

Mrs. Bernice Bowers, vice-president of the Communications Workers of America (CIO) local, said a new contract, retroactive to May 1, was being signed. The contract will run 12 months.

Besides the wage increase, Mrs. Bowers said the company also agreed to buy workmen's tools, and grant illness and military leaves. Some 150 workers are affected.

Negotiations had been going on since March 4.

Bloodmobile Unit Was Not Scheduled

FORT WORTH, May 15 (AP) — A Red Cross official said yesterday an appearance of mobile blood-collecting units in the Panhandle had not been cancelled because it never had been scheduled.

L. M. Hayes, administrator for the North Texas defense blood center, said the areas had asked for a mobile unit for donors some months ago.

"But we informed them that due to the technical difficulties of blood transportation and expense of operation, it would be impossible to schedule mobile units at that time," Hayes said.

Nobel Winner Claims Change In Rain Pattern

TUCSON, Ariz. (AP) — Dr. Irving Langmuir, Nobel Prize-winning scientist, said he had created a nation-wide pattern of weekly rainfall by seeding clouds with silver iodide.

By creating rainfall in the Southwest, Dr. Langmuir said in a copyrighted story published in the Tucson Daily Citizen yesterday, he had changed the rainfall pattern over the entire country.

The experiments, he asserted, put the success of cloud-seeding beyond "valid doubt."

Dr. Langmuir, associate director of the General Electric Research Laboratory, is evaluating the results of a 21-month project which he said was sponsored by the Army, Navy and Air Force. His full report is to be completed next September.

"Most of the persons who doubted the worth of seeding clouds with silver iodide," he said, "asked the same question: 'How do you know it wouldn't have rained anyway?'"

"To dispose of that argument once and for all we set out to establish a pattern of rainfall that could be measured across the United States."

A check was started of Weather Bureau records for as long as they have existed. Dr. Langmuir said in all the recorded history of weather no similar pattern could be found.

Dr. Langmuir said he and a group of scientists found that when they had seeded the New Mexico air on Monday, Tuesday and Wednesday, it had rained in the East on Friday, Saturday and Sunday—the lapse being the time it took for the seeded air to move across the country.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plates and sore spots. PASTEREEN, an improved powder, applied on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gassy, pasty taste or feeling. It's alkaline (non-acid). Does not sour, change "bite" odor (neutral breath). Get PASTEREEN today at any drug store.

Meetings, Refreshment Hours Slated By Chamber Next Week

All Big Spring women are invited to call at the office of the Big Spring Chamber of Commerce in the Seales Hotel by afternoon next week, Monday through Friday, as guests of Miss Edith Gay and Mrs. Constance Reuge, staff members.

"We hope as many women as can find it possible will call," Miss Gay said yesterday. "Not just the women who are members, or the wives of members, but all women and especially those who are new residents of Big Spring."

Refreshments will be served between the hours of 3:30 and 5:30. This informal visiting hour is a part of the local chamber's observance of Chamber of Commerce Week.

The Civic Activities Division of which R. W. Whipkey is general chairman will meet Monday afternoon. This division is composed of the following committees of which the men named are chairmen: Educational, Dr. P. W. Malone; Housing, Dr. M. H. Bennett; Health, Dr. Floyd Mays; Paving, Ted O. Groehl; Highways and Streets, George White; Beautification, Dr. A. R. Hamilton; Master Planning, J. Y. Robb; and Clean-up, S. A. McComb.

Roy Reeder is general chairman

Davis Attains Nomination In Georgia Test

ATLANTA (AP) — Rep. James C. Davis rode Georgia's County Unit System to nomination to Congress in yesterday's Democratic primary, although complete but unofficial returns had him trailing in popular votes.

Georgia nominated 10 Congressmen, five without opposition, in an off-year primary that had no presidential or gubernatorial issues. Balloting was light. The Democratic nomination in Georgia is the same as election.

Incumbents were nominated, and Phil Landrum was well ahead of five opponents for the ninth district seat of Rep. John S. Wood, who did not seek re-election.

Landrum, an attorney and former school teacher, appeared assured of at least half of the district's 40 unit votes, with the others split among his opponents.

Davis won nomination in the fifth district over a young Atlanta attorney, Baxter Jones, in a contest marked by appeals to racial prejudice. Backers of Davis advertised that Jones was a teacher at Atlanta University, a Negro college.

Jones replied that he taught a law class at the university once a week for about four years, but that he resigned a year ago.

Under the Unit System, the popular vote winner gets all that county's unit votes.

Other incumbents, who had lopsided margins over opponents, are Reps. E. E. Cox, 2nd district; Sidney A. Camp, 4th, and W. M. Wheeler, 8th. Renominated without opposition were Reps. Preston H. Price, 1st; E. L. Forrester, 3rd; Carl Vinson, 6th; Henderson Latham, 7th, and Paul Brown, 10th.

U. S. Ship Is Trying For Speed Record

ABOARD THE SS UNITED STATES (AP)—The SS United States, America's bid for supremacy in the luxury liner class, sliced through the Atlantic today in quest of a speed record.

Britain's Queen Mary, which averaged 31 knots-plus on a 1938 transatlantic run, holds the blue ribbon emblematic of speed supremacy at sea.

The United States built up to 30 knots without effort yesterday on the first day of her builders' run, and Vice Adm. E. L. Cochrane said the Queen Mary's speed will be bettered today.

Cochrane, U.S. maritime administrator, said the ship's actual speed will be kept secret for security reasons.

Councilman Resigns When Commission Keeps Police Chief

ODESSA, May 15 (AP)—City Councilman G. P. Jackson resigned yesterday after the council voted, 3-2, to retain Odessa Police Chief J. J. Heaton.

A recommendation to fire Heaton was submitted by Casey Fannin city manager. Fannin leaves his office today having announced his resignation several weeks ago.

Dallas Streetcar Fares May Rise

DALLAS, May 15 (AP)—Dallas bus and streetcar riders may have increased fares soon.

of the Commercial Division, which will meet Tuesday afternoon. Committees and their chairmen included in this division are: Merchants Committee, C. M. Deal; Trade Extension, C. M. Deal; Conventions, Robert Stripling; Agriculture, Pat Patterson; Livestock, staff members; Exhibits and Sales, Curtis Driver; Tourist Development, J. L. LeBlanc; Rural Relations and Good Will, Lee Porter, and Inter-City Relations, Joe Hayden.

time for the Industrial Division of which R. L. Beale is general chairman. Committees and chairmen in this division include: Established Industries, R. W. Currie; New Industries, Dave Duncan; Manufacturing, Dave Davenport; Building, Elmo Wasson; Aeronautics, Jack Cook; Labor Relations, Jack Smith; Petroleum, J. W. Pursler; and Industrial Sites, W. C. Foster.

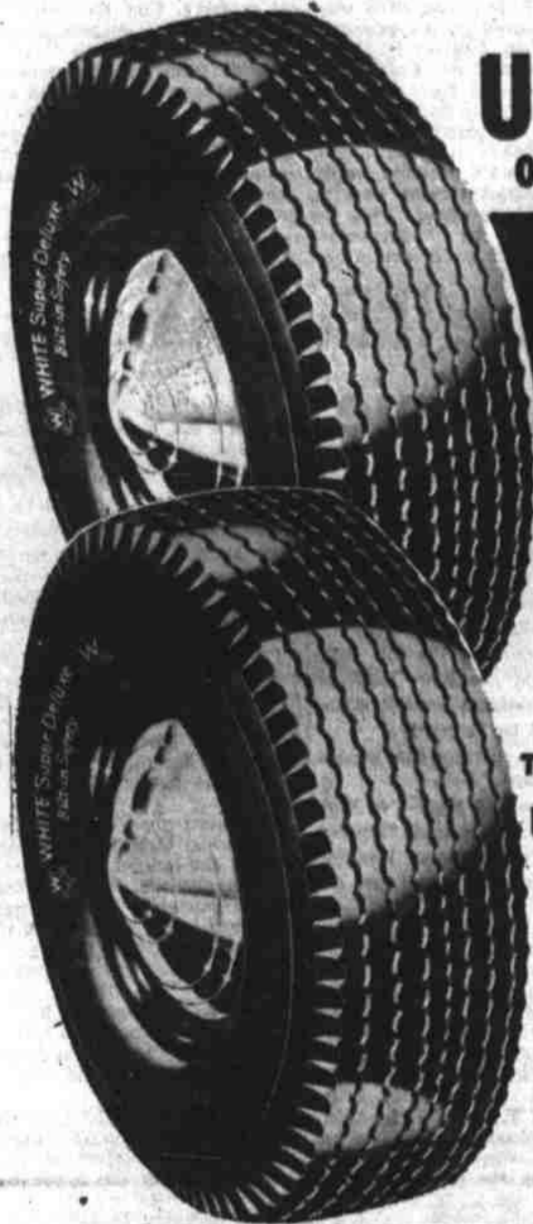

tion will call his group to order Thursday afternoon. The committees included in this division are: Membership, A. Swartz; Public Affairs, John Coffee; Budget, R. T. Piner; General Traffic and Transportation, Orme; Military Affairs, Roy Bruce; Statistics and Research, Lord Wootton; National Affairs, Marvin Miller and Resolutions, Grover Cunningham Jr.

whether they are members of a committee or not. If a member has something he wants to present to some particular committee or division he is urged to attend the proper afternoon session and do so. "This organization's activities," Greene said, "are operated wholly by the members, through the respective committees. Therefore, these meetings are meetings of all the members and we want all of them to be present at all the meetings if they will."

"The invitation to enjoy refreshments in the office also includes the men, Greene stipulated.

Retiring

J. L. Lancaster, who has been a high official of the Texas and Pacific Railway Co. for 37 years, is retiring as chairman of the T&P Board of Directors on Friday. Mr. Lancaster came to the T&P in March, 1915, as assistant to the first vice president, whom he succeeded a year later. He was elected president the following year and served in that capacity until he was succeeded by W. G. Volinier on May 16, 1945. Mr. Lancaster will continue to reside in Dallas.

Officers Hunt Burglars After Few Gun Fights

GAINESVILLE, May 15 (AP)—Texas and Oklahoma officers joined in a man hunt along the Red River today for three men who engaged in several gun fights after they were caught burglarizing an Oklahoma tavern. The men were discovered in the T. and O. tavern seven miles north of Gainesville in Oklahoma about 1:30 a.m. Owner of the tavern, Jess Brewer, exchanged shots with the trio, but no one was believed to have been hit. The men fled across the Santa Fe bridge over the Red River into Texas where they ran into Texas officers on the Bonner's Ranch, north of Gainesville. The men set fire to a corral on the ranch, and escaped after exchanging shots with Texas officers. One report to the sheriff's office here said the men fled back into Oklahoma. Bloodhounds were being brought from the Oklahoma State Prison at McAlester to help track down the men. Officers from Wise and Denton Counties in Texas joined Cooke County officers in the search.

DEVERS CONSIDERED

Demo Keynoter Due To Be Picked Today

CHICAGO (AP)—Democratic leaders went into a huddle today to name the keynoter for their party's national convention. They also planned to choose a team to start working on building a 1952 platform. The Democratic Arrangements Committee gathered for a closed session at the Stock Yard Inn, next door to the International Amphitheatre, where the convention will open July 31. The meeting, starting at 10:30 a.m., had this program before it: Recommending a temporary chairman who will deliver the keynote speech at the convention. Appointing a preliminary drafting committee to begin preparation of a platform. Considering a permanent chairman for the sessions that will produce nominees for President and vice president. Studying the convention blueprints now taking shape. Some members talked of Gov. Paul Dever of Massachusetts as the best bet for the keynoter assignment and Rep. Sam Rayburn of Texas, House speaker, as the favorite for permanent chairman, a post he held at the 1948 convention. It was indicated a half dozen names may enter the keynoter dis-

cussions. Among those mentioned in meeting even talk were Sen. Joseph C. O'Mahoney of Wyoming, Sen. Hubert Humphrey of Minnesota and Ernest W. McFarland of Arizona, Senate majority leader. One member, Mrs. Marguerite Thompson of Colorado, said she would like to see the post go to Sen. O'Mahoney. Another member, Calvin Rawlings of Utah, said he also would prefer a Westerner. Committee sources estimated that the preliminary drafting group may have 20 members. This group will sift and study ideas for the platform. The advance aim seemed to be to balance the appointments so that all major geographical sections and points of view on such controversial subjects as civil rights will be represented. The arrangements committee may invite Gov. Adlai E. Stevenson of Illinois to make an address of welcome. Stevenson has said he could not accept the presidential nomination. But there has been talk of a possible Stevenson draft, and this apparently has put him out of consideration for the keynoter job. The arrangements group technically will recommend a keynoter to the full national committee July 19 and the convention July 31. The choice usually is accepted.

J. H. Smoot, 95, Dies In Hospital At Sweetwater

J. H. Smoot, 95, who had spent 60 years in Borden County, died Wednesday in a Sweetwater hospital after a brief illness. A former Texas Ranger, Mr. Smoot was born in Arkansas on Aug. 27, 1858. He was married to Phoebe J. Nichols and they moved to Comanche County, Texas and later to Baylor County before going to Borden County in 1890. The funeral will be at 3 p.m. Friday at the First Baptist Church in Gall. Survivors include three sons, D. W. Smoot, Presidio, Luna Smoot and Eugene Smoot of Gall; three daughters, Mrs. Elizabeth Gibson, Wichita Falls, Mrs. J. L. Hemby, Sweetwater; and Mrs. Ora D. Summers, Fairburn. He also leaves 15 grandchildren and a large number of great-grandchildren.

Retired Railroad Drowns In Trinity

FORT WORTH, May 15 (AP)—Elmer Franklin O'Neal, 61, retired Texas & Pacific Railroad shop employe, drowned while fishing on Clear Fork of the Trinity River yesterday.

An inquest verdict of accidental death from drowning was returned by a justice of the peace.

Singing Convention Will Meet Sunday

Semi-annual meeting of the Howard County Singing Convention has been set for Sunday afternoon at the Mt. Joy Baptist Church at Knott, Mrs. Ted Pachall, secretary, has announced. Starting time is set for 1:30 p.m. and the public is invited to attend. Officers of the convention are: Newt King, president; Erroli Nance, vice president; Mrs. Pachall, secretary; and Emory Parrish, chaplain.

NO RAIN IS IN SIGHT

Hot, Dry Winds Continue To Plague Wide Areas Of Texas

By The Associated Press High temperatures and searing, crop-ruling, dry winds were to continue in Texas Thursday. Drought-ridden communities planned action to relieve a shortening water situation. Rains that pelted the state recently missed many sections and were—for the most part—insufficient to relieve drought conditions. A gust of the hot wind that blew up to 44 miles per hour resulted in death for a laborer at Dallas. He was blown from a skyscraper under construction. Fellow workmen said Arnold McCall, 55, became

over-balanced and fell when a strong gust hit him. At Brownsville, Dist. Judge Arthur Klein was to resume Thursday a hearing on a petition asking

Anthrax Found Near Portales

PORTALES, N. M., May 15 (AP)—At least 1,000 cattle were under quarantine today after an outbreak of anthrax in this eastern New Mexico ranching area. The outbreak was on the U-Bar Ranch owned by E. K. Warren and Son of Battle Creek, Mich., the Portales Daily News reported yesterday. Dr. F. L. Schneider, veterinary surgeon for the state sanitary board, believes grazing cattle got the disease from anthrax spores long dormant in the ground. Unofficial reports placed the number of dead cattle at 8 to 20. Human beings are susceptible to the disease. A worker at a Clovis, N. M., rendering plant who cut up an animal died of anthrax before the disease was diagnosed is under observation. A close watch is being kept on herds on adjoining ranches in Lea, Chavez and Roosevelt County. Dr. Schneider said there was no cause for alarm. Veterinarians are inoculating herds on neighboring ranches.

appointment of a water master for the Lower Rio Grande Valley. Also asked in the petition is an injunction prohibiting pumping of water for any but domestic and municipal use. A ruling was expected today. Brownsville City Manager E. W. Watts again asked Mexico to release water from its Marte Gomez Reservoir to relieve a shortage in his city. Watts said the Brownsville supply would last only through the week end. Work on a new well progressed today and it may be put into use Saturday or Sunday. The U. S. Department of Agriculture said surface soil dried out rapidly during the past week. San Angelo city officials were discussing purchase of about four million gallons of water from Spring Creek to augment the short San Angelo supply. Even if the water purchase was made, they said, only minor restrictions, "if any," could be lifted. The city has had water under restrictions for weeks. The purchase, estimated at a cost of \$185,000, would be made from 50 irrigationists between San Angelo and Mertrion. The water purchase would raise San Angelo residents' water bills by about 80 cents each per month, city officials estimated. The U. S. Weather Bureau said no rain was expected in Texas Thursday. Forecasts called for clear to partly cloudy skies through Friday.

Orman Gregory New Wackers' Manager

A dozen and a half managers and assistant managers of Wacker Stores have come here to assist in the opening of the newest and most modern of the growing Wacker group.

They are assisting Orman Gregory, manager of the new store. Gregory came here from a supervisory position serving the West Texas-New Mexico area the past year. Prior to that he was store manager at Seminole.

Gregory came to Texas from Hildon, Okla., where he practically grew up in the Wacker system. He is married and has a daughter and a son. Their home is at 1708 E. 11th.

The store he manages here was opened in 1929 in a 25-foot front space. In 1935, however, Wackers doubled the space to become one of the larger operations of its type in this area.

L. B. (Bill) Edwards, who had been with the Wacker stores in Oklahoma, was assigned here as manager in 1932 and continued in that capacity until 1940 when operations became so broad that he was obliged to devote his time on a district basis as executive in charge of locations, fixtures and personnel.

With a background in the earlier stores in Oklahoma, Strauss Baker also came to this area not long after Edwards, settling in Hobbs, N.M. in 1936. Like Edwards, he found district operations so heavy

that he became an executive in charge of merchandising and supervision. Both he and Edwards have had leading roles in reactivation of the store here.

Assisting in the operation is Mrs. Lee Flowers, office manager.

Among the managers who have been here and who are due to be on hand for the opening are Joe Vandever, Monahans; J. P. Bewley, Kermitt; K. D. Adams, Brownfield; Ernest Morrow, Levelland; Bill Bedwell, Colorado City; Sheldon Land, Post; Wallace Morris, Andrews; Earl Foster, Seminole; A. A. Wharton, E. 8th Street in Odessa; Ray Duncan, Kilgore; Bill Wood, Crane; Charles Dawson, Gladewater; J. R. McMurry and John Woltz, assistant managers of the Grand Street store in Odessa; Henry Williams, Monahans assistant manager, and Howard Madera, assistant manager at Durant, Okla.

The Wacker organization was established in 1917 in Hugo, Okla., by the late G. F. Wacker, who visited here on several occasions. By 1923, when the organization had grown to five stores, headquarters were moved to Pauls Valley, Okla.

Big Spring and Hobbs were among the first of the western stores, which, incidentally, constitute the bulk of the 30-store group operating in Texas, Oklahoma, New Mexico and Louisiana. Two years ago the system, operated originally as partnership, was incorporated.

Big Spring Daily Herald

Sec. II Big Spring, Texas, Thursday, May 15, 1952 Food

Formal Reopening Of Renovated Wacker Store Is Set On Friday

Larger and most modern, and new from stem to stern, the Wacker Store will be re-opened formally here Friday.

The big event follows several months of enforced inactivity in the wake of a disastrous fire that seriously damaged the store at 210 Main and its contents last Nov. A storewide sale was held afterwards to clear out all remaining merchandise and to make way for a complete program of remodeling.

Light and spaciousness pace the new store, which looks far larger than the previous operation although the floor space is virtually the same. Center posts, which obstructed the view have been eliminated through spanning the upper story with 50-foot steel beams.

Overhead displays have been eliminated so that the customer may see easily through the entire store.

The Slimline cathode type illumination with four lines containing 208 tubes delivers a minimum of 50 candle power at the counter.

The ceiling and walls above the side fixtures are of white acoustical tile.

All fixtures are the widely known Storecraft blonde wood type with recessed base. The floors are hardwood.

Actually, the store does have more merchandising space, for the food counter which formerly utilized the south side of the building has been eliminated.

Some heavier lines are being added such as piece and yard goods, Quadrige prints, gingham and Garza sheets.

In addition of the popular Wacker candy counter, which is back in a favored position, there will be kernel fresh nuts cooked constantly for the customer; the hot pop corn; and frozen custard.

Every item of stock in the store is new. Deliveries have been little short of phenomenal and Wacker's will replete with one of the largest and most complete stocks in its history.

Comfort of customers is provided through four 12,000 CFM washed air conditioners. Suspension type heaters will provide warmth in winter.

Self service is provided in the department for sewing supplies, stationery, towels, piece goods, sheets, etc. It also applies to the 24-foot section devoted exclusively to the Russcraft greeting card line.

The manager's office is on the main floor, for customer convenience, and so is that of the cashier. The women's lounge is on the balcony level as is an office space for the district manager of personnel and locations. The entire basement is devoted to stockroom purposes.

ANOTHER BILL?

DENISON, May 15 (AP)—E. D. (Dick) Jones of Denison was dismissed from the Katy Hospital here Monday. Enroute home he was involved in another traffic accident that sent him right back to the hospital.

However, he received excellent emergency treatment at the scene of the second accident. The other car belonged to his doctor, Dr. Thomas Moorman.

CHAMBERLAIN'S IDEA FOR BIG CITIES Urges Flying Boats As Way To Solve Airport Problems

BRIDGEPORT, Conn., May 15 (AP)—One of the great pioneers of aviation bemoans the decline of the flying boat and proposes water landings as a solution to the big city airport problem.

Clarence Chamberlain, who piloted the single-engine monoplane Miss Columbia across the Atlantic in June, 1927—just a month after Lindbergh's famous flight—for a world non-stop long-distance record, said in an interview:

"For years I have been preaching big flying boats as the solution to big close-in airports, but never had the money to see it through.

"The airport (for flying boats) costs nothing to build and nothing to maintain, although the cost of docking is higher. All important cities are located on sizable bodies of water, and there is no comparison in the safety.

"My claims that a big flying boat can be built both lighter and faster than a big land plane, due to the saving in weight of the landing gear, have recently been proven by the English Saunders Roe Princess flying boat, which carries 200 equipped troops at 380 miles an hour with a 3,500 mile range.

"The good land plane just happened to come out ahead of a good flying boat. It's unfortunate that the land plane got such a big head start."

Chamberlain, now 58, calls himself "just a retired farmer in the automobile business—where I can get out and walk if I don't like it."

Chamberlain's historic ocean flight from Roosevelt Field, N.Y., with Charles Levine, the plane's owner, as his passenger ended for lack of fuel at Eisleben, Germany, 108 miles short of Berlin, his planned goal. The airline distance of 3,911 miles—actual distance in avoiding weather was close to 4,500 miles—

was accomplished in 42 hours and 45 minutes.

Chamberlain says there is a direct connection between many air crashes and the fact that planes "are getting bigger and bigger and more complicated—and more difficult for one man to handle in an emergency.

"Greater size means you have to depend on more people, each to do his part exactly right."

Chamberlain says he has flown perhaps three million miles—more than 20,000 hours, including 7,500 hours in twin-engine transports—"from cow pastures and hay fields."

He recalls he carried 2,135 passengers in one day at Detroit, skimming across high electrical wires to get into his landing field.

"Today's airplanes couldn't even get in there in an emergency," he says. "I was in complete control of every single thing about that airplane. I didn't have to depend on a single soul to help me fly it or depend on anyone to do his part. There was no chance of a conflict of judgment of what to do in an emergency.

"I think the prime cause of airplane accidents is a combination of failure of some mechanical, radio or electrical part and the fact that the pilot has to make split-second decisions and then has to depend on other people to carry them out.

"I have the greatest admiration and respect for today's airline pilot and his ability. However, I don't believe it is humanly possible to co-ordinate and execute quickly the decisions that have to be made in an emergency, where you are maneuvering in a congested or restricted area. It is one thing to make up your mind what to do in the next half mile, and quite another to make up your mind some 10 miles ahead.

"That is the greatest safety feature of a big flying boat that requires more than one man to control. Eliminating the operation of the landing gear you take a load off the pilot's mind, leaving him free to concentrate on the landing operation."

The Literary Pilgrimage will enable students to study the English literary masters of the 19th and 20th centuries, and offer six hours credit, both graduate and undergraduate, in English. Special lectures by professors in university centers abroad are planned, Crenshaw explained.

Five capitals of European nations will be included in the tour: Edinburgh, Brussels, Hague, London and Paris.

Literary Pilgrimage Application Deadline Set Monday By TCU

FORT WORTH—Deadline for applications to take TCU's "Literary Pilgrimage to Europe" will be Monday, Dr. Troy C. Crenshaw, chairman of the TCU English department and conductor of the tour, has announced.

The Literary Pilgrimage will visit the British Isles, France, Belgium and Holland. There will also be a TCU Summer Session in Mexico at the Monterrey Institute of Technology under the direction of Dr. John H. Hammond, associate professor of Spanish at TCU, and a European Study Tour on "Church Co-operation in Europe" conducted by Dr. A. T. DeGroot, Dean of TCU's Graduate School.

OLD FASHIONED STRAWBERRY SHORTCAKE ... made with rich biscuit spread with softened butter

Fresh Strawberries Add Much To Meals

Strawberries as a first course, strawberries on the salad plate, strawberries with the main course, strawberries for dessert, shortcake, tarts or pie—they're a treat, any way they're served.

This is the season when fresh strawberries find their way to the family table and homemakers welcome new ways of serving the delicious fruit. Strawberry shortcake has always been a favorite, with strawberry pie equally popular, but there is no limit to the dress in which the ripe red fruit makes its debut.

The only hitch is that strawberries may still be a little hard on the pocketbook. But the family can have the glamorous dessert anyway, combined with diced pineapple in a lime-flavored gelatin mold. Ready and refrigerated long before the guests arrive, this party dessert is inexpensive and not at all hard to make.

Spring Fancy
1 package lemon or lime-flavored gelatin

1 tablespoon chopped fresh mint leaves
1 cup hot water
1 cup canned pineapple syrup
1/2 cup whole fresh strawberries hulled
1 slice canned pineapple
1/2 cup diced canned pineapple slices
1/2 cup sliced fresh strawberries
Combine gelatin and mint in bowl. Add hot water and stir until gelatin is dissolved. Then add pineapple syrup, cover, and let stand 15 minutes. Strain. Chill until slightly thickened.

Arrange whole strawberries and pineapple slice on bottom of 1 1/2 quart mold. Turn half of slightly thickened gelatin into the mold. Chill until firm. Unmold. Garnish with sprigs of mint and additional whole strawberries. Serve with whipped cream, if desired. The recipe makes 8 servings.

Perfect Pie
The secret of a delicious pie is found in the tender, flaky crust and the flavorful filling. A light touch and the right shortening re-

sult in a tender, flaky crust. The method of mixing and handling the pie dough greatly affects its tenderness. Too much mixing of the fat and flour tends to result in meaty pastry, and overmixing after water is added makes the pastry tough.

But here is a crust that does not have to be baked! Corn toasties are combined with sugar, cinnamon and melted butter and pressed firmly into the bottom and sides of a pie pan. When this is chilled and firm, the jelled strawberry mixture is turned into the pie shell. Bedecked with whipped cream and whole strawberries, the pie makes still another red-letter dessert.

Strawberry Pie
1 package strawberry-flavored gelatin
1 cup hot water
1 cup strawberry juice and cold water
1 cup drained sweetened crushed strawberries
Corn flakes pie shell
Dissolve gelatin in hot water. Add fruit juice and water. Chill until slightly thickened. Place in bowl of ice and water and whip with rotary egg beater until fluffy and thick like whipped cream. Fold in fruit. Turn into pie shell. Chill until firm. Garnish with whipped cream, whole strawberries and mint leaves.

For pie shell, combine 1 1/2 cups finely crushed corn flakes, 2 to 4 tablespoons sugar, and 1/2-teaspoon cinnamon. Add 1-3 cup melted butter and mix well. Press firmly on bottom and sides of 9-inch pie pan. Chill.

Strawberry time means shortcake time, and who is there who doesn't love both the sponge cake and the biscuit dough varieties. But rich biscuit dough shortcakes, so delicate that they barely hold together, give the cook a real sense of achievement. Garnished with plenty of whipped cream, they are the most mouth-watering dessert of them all!

Strawberry Shortcakes
2 cups sliced cake flour
2 teaspoons baking powder
2 tablespoons sugar
1/2 teaspoon salt
5 tablespoons shortening
1 egg, well beaten
3 tablespoons milk
2 quarts strawberries, sliced and sweetened
Sweetened whipped cream
There are so many wonderful des-

serts that the strawberry season offers, that it's fun to try a different one each time. Waffles served with ice cream may be an excellent easy-to-make dessert. But here is one that will win the family completely over: two fluffy light pancakes, separated with cottage cheese and topped with chilled sweetened strawberries.

The berry-topped pancakes are easy to make—just add milk to the pancake mix, beat, pour on griddle and bake. Spread the finished product with cottage cheese and top with strawberries.

Strawberry Pancakes
2 cups pancake mix
2 1/2 cups milk
Filling and Topping
1 1/2 cups cottage cheese
1 quart fresh strawberries
Add milk to unsifted pancake mix all at once and stir lightly. Pour a scant 1/4 cup batter for each pancake on hot, lightly greased griddle. Bake to a golden brown, turning only once. Put two pancakes together with cottage cheese. Top with sweetened fresh or frozen strawberries.

A strawberry ice box cake that's good to the last crumb contains layers of cookie or cake crumbs, strawberries and whipped cream. It has everything—flavor, color and lots of appeal.

Refrigerator Cake
1 16-ounce package strawberries, or an equal quantity of fresh strawberries
12 graham crackers, finely rolled (1 cup crumbs)
1/4 cup butter or margarine
2 whole eggs or 3 yolks, beaten
1/2 cup confectioners' sugar
1 cup cream, whipped
3 tablespoons sugar
1 teaspoon vanilla
Cream butter or margarine, add sugar gradually, cream together. Add beaten eggs, beat until smooth. Line loaf pan or dish with waxed paper, if the cake is to be removed before serving. Place layer of crumbs in bottom of dish; spread with egg mixture; add another layer of crumbs, then the strawberries, then more crumbs; cover with sweetened whipped cream and sprinkle top with remaining crumbs. Place in refrigerator for at least 6 to 8 hours, or overnight. Slice and serve with or without garnish. The recipe is for 6 to 8 servings.

Before the season is over, the cook will want one last fling with the fresh berries. Coupled with orange slices and watercress, they make a refreshing salad, or they may be used in a dessert of meringue and mallow. As something new, the dessert filling, may be used for meringues or to frost cupcakes. Here is the recipe.

Meringues
3 egg whites
1/4 teaspoon cream of tartar
1/4 teaspoon salt
1/2 cup sugar
Beat egg whites until foamy. Add cream of tartar and salt; beat until stiff but not dry. Add sugar gradually, beating until very stiff. Cover baking sheet with heavy brown paper. Pipe meringue into six rounds about 3 inches in diameter, or use pastry tube. Make a 2-inch depression in the center. Bake in a very slow (275F.) oven for 1 hour. Fill with the strawberry mallow.

Strawberry Mallow
1 envelope unflavored gelatin
1 1/2 cup cold water
1/2 cup sugar
2 1/2 cup light corn syrup
1 teaspoon vanilla
1/2 cup heavy cream (whipped)
1/2 cup drained sliced strawberries
1 tablespoon lemon juice
Soften gelatin in cold water; place over boiling water and stir until dissolved. Add sugar and stir again until dissolved. Remove from heat. Place corn syrup and vanilla in large bowl of electric mixer. Add gelatin and sugar mixture and beat at highest speed until mixture becomes thick and soft marshmallow consistency, about 15 minutes. Measure 2 cups of the mallow mixture; fold in whipped cream, sliced strawberries, and lemon juice. Fill the six meringue shells and garnish with sliced strawberries. Chill 6 to 12 hours in the refrigerator. Any remaining mallow may be stored in the refrigerator.

Couple Finds Love Is Universal Language

She didn't know but five words in English and his German was almost as bad. But the language of love is universal.

The result was marriage and language lessons for Sgt. and Mrs. George Conley, 207 E. 9th.

Mrs. Conley, who is a native of Vienna, Austria, married the dark, handsome sergeant while he was stationed near her home with the Air Force.

"We started dating in 1948 but because of the red tape and the many forms to fill out it wasn't until last year that we married," the blonde war bride related. Even then it required two ceremonies. One by civil authorities and one by an Army chaplain.

When the couple landed in the United States last December, the sergeant's father presented his new daughter-in-law with what he thought was a very appropriate gift, a can of Vienna sausage and a loaf of Vienna bread.

"But I was so disappointed over the Vienna hot dogs," she laughed. "They tasted like nothing we had at home and even the bread wasn't what I had known."

After the war, Mrs. Conley was a model for a dress shop in Vienna. And because modeling often leads to other jobs, she also had small parts in four Austrian movies.

In one of the movies her husband fondly remembers her pouring champagne for the officials at a party. In another, she wore a purple dress and the very thought of it makes her squeal with laughter.

"Vienna is a divided city now,"

she says rather sadly. "The Russians occupy the area surrounding the city and to get away from town one must pass through a Russian Zone."

Her parents and sister live in the English Zone and though no hardships are inflicted on them, the price of everything is exorbitant.

The Conleys were transferred here from Lubbock and he is with the weather detachment at the Air Base.

One of the most difficult things for his wife, upon moving to Big Spring, was finding a job. She made all the usual rounds and when she found that that wasn't sufficient, she started calling on store after store.

She is employed by a local cafe now.

Speaking with a slight accent that has a Yankee twang (her husband is from Wakefield, Mass.) Mrs. Conley believes that the most typical dish of her country is Wiener Schnitzel.

"I like it too," smiled her husband. "In fact, it was about a year I ate for six months, before I learned to order anything else."

It was hard for the bride of less than a year to give the exact proportions to be used in preparing the dish because everything depends on how much meat is used. But here's the way you do it.

WIENER SCHNITZEL
Ingredients:
Veal steak
Salt

WITH A SLIGHT CASE OF NOSTALGIA ... Mrs. George Conley, Austrian war bride, reads a newspaper from Vienna, Austria, just to catch up on the latest happenings in her old hometown.

Flour
Eggs
Bread crumbs
Method:
Beat the meat until the pieces are very long and thin. Put flour, eggs and bread crumbs in separate bowls. Dip meat in flour, eggs and bread crumbs in that order. Fry until golden brown in deep fat. "Bread crumbs are what make it really good," commented Mrs. Conley. "So cracker crumbs just won't do."

Ideal Replacement For Potatoes Is Macaroni

With the potato shortage threatening to last much longer than first expected and with prices at a high level, homemakers will find macaroni products an ideal replacement for potatoes on their family menus.

Macaroni contains a greater proportion of body-building protein than potatoes. Macaroni is also one of the easiest foods to digest and is much less fattening than many people believe. Ounce for ounce cooked macaroni contains fewer calories than bread.

Macaroni or spaghetti served with butter (or margarine) and salt is an excellent accompaniment to meat and vegetable dishes.

Small elbow macaroni or short-cut spaghetti served with meat gravy is tasty and economical.

You can tell when a roast chicken is done if the drumstick-thigh joint breaks or moves easily. This is a better way to test for doneness than to pierce the meat with a fork so the juices run out.

Always popular are the many casserole dishes and the main dish salads containing macaroni products.

Try this!
MACARONI CREOLE
The Ingredients You Need
1 7-oz. or 1/2 14-oz. pkg. elbow macaroni
6 slices bacon, diced
1/2 cup chopped onion
1/2 cup chopped green pepper
1 cup diced celery
2 1/2 cups tomatoes
1 tsp. salt
1/2 tsp. pepper
1 cup grated American cheese.

Prepare This Easy Way
Brown diced bacon slowly in large skillet. Add onion, green pepper, and celery. Simmer until tender. Add tomatoes, uncooked macaroni, salt and pepper. Cover. Cook over low heat about 20 minutes, or until macaroni is tender. Top each serving with grated cheese. Serves 4.

4. Serve with—
Tossed Green Salad
Poppyseed Horns
Brownie a la Mode
Coffee

For pie shell, combine 1 1/2 cups finely crushed corn flakes, 2 to 4 tablespoons sugar, and 1/2-teaspoon cinnamon. Add 1-3 cup melted butter and mix well. Press firmly on bottom and sides of 9-inch pie pan. Chill.

There are so many wonderful des-

Standing left to right: Reps. Omar Burleson, of Anson; Olin Tague, of College Station; Homer Thornberry, of Austin; and J. Frank Wilson, of Dallas. (AP Wirephoto).

Italy Aims For Increasing Of Citrus Imports

By JACK BRUSINI
ROME (U)—Italy is studying now to increase its 50 billion dollars yearly exports of citrus products. Better advertising and packing will help, Prof. Corrado del Vecchio, general manager of Italy's National Labor Bank, told top ex-

porters and producers of lemons, oranges, and tangerines, at a recent national conference. Out of a total 200 billion lire (1 1/2 billion dollars) exports in 1951, Italy sent abroad almost 30 billion lire (200 million dollars) worth of citrus products. Despite the destruction of war-time years, Italy succeeded last year in topping 1950 citrus exports. Last year 300,000 tons of Italian lemons, oranges and tangerines left the sunny shores of the Mediterranean to be sold as far away as Scandinavia, Germany and Russia. For the first time since the war, Russia bought 17,000 tons of Ital-

Sixth Try Set For Treasure In France

By HARVEY HUDSON
PARIS (U)—A phantom treasure that rumor says has been lying at the bottom of the Seine River since the days of the French Revolution will be the object of a sixth recovery attempt this summer. How the treasure got there—indeed there is treasure—is part of the legend of the Telemaque, a little sailing ship that lifted anchor at Rouen on New Year's Day, 1700, on a voyage to England. The ship's manifest said it had a cargo of timber, nails and tar. The rumors insist that it was carrying 2 1/2 million British pounds in gold, plus jewelry and other valuables being spirited out of the country by King Louis XVI already uneasy on his throne. Details of the final voyage of the Telemaque are clouded by time. Some say the Telemaque was sunk when it struck a sandbank while trying to avoid a check of the cargo. Another version holds that the ship was tied up at the fishing village of Quillebeuf and that she was set adrift at night. One story is that government agents cut the moorings, another that a sudden storm broke them. It is agreed, however, that the Telemaque did run aground and that the crew barely had time to swim to shore before the big sank to the bottom of the Seine. The government, taking cognizance of the rumors current about the treasure aboard, immediately sent 300 soldiers to the scene. They tried for three months to salvage the vessel without success. Rumors of the treasure kept bobbing up. Another fruitless effort to recover the cargo was made in 1818. In 1837, a French engineer spent his own fortune vainly trying to prove the existence of the King's fortune. In 1942 an Englishman named Taylor made another effort without success. After that, the Telemaque lay undisturbed for almost a century. Then a Paris syndicate tried again and in 1939, after six months of searching had located the vessel, divers started prowling through the rotting debris. One diver reached into a barrel and brought out seven

The same men who directed the 1939 attempt are leading this year's try. Work is scheduled to start in June. A huge diving bell will be used. The chief engineer says that at least 50 million francs (\$140,000) have gone into the preparations. The findings will have to be split with the government, which still claims ownership. At the start, the government will get only 10 per cent, while the prospectors get 90 per cent. As the value of any trove rises, the government's share will climb to 80 per cent. The head of the project—who refuses to be identified by name—estimates they might recover as much as 25 billion francs (70 million dollars).

New Drug Banishes Pain Of Operations

NEW YORK (AP)—A new local anesthetic is credited with banishing pain for at least 10 days after surgery — long enough so that

"some patients have never even known they had an operation." This is what the New York State Medical Society was told yesterday by Dr. Alfred H. Iason and Dr. Herbert E. Shaftel, who demonstrated the new drug, which has the trade name efocaine.

Honorary Knights From U.S. Listed In British Book

LONDON (AP)—Some 70 Americans made the grade today as knights—on paper at least—in DeBrett's peerage. That is Britain's

blue-blood handbook.

In the past DeBrett's has not listed honorary knights. But Editor C. F. Hankinson thawed out this year at the suggestion of Douglas Fairbanks Jr., a film star knighted for wartime service with British forces.

Among the Americans listed in the 1952 edition of the famed reference work are Gen. Dwight D.

Eisenhower, Gen. Douglas MacArthur and Gen. George C. Marshall.

However, they won't be Sir Dwight or Sir Douglas. The knight doesn't use the title unless he's dubbed—tapped on the shoulder as he kneels—by the King, and that's not done for the honorary knights.

Whoops, Wrong City, My Friend

NATCHEZ, Miss. (AP)—Heber Lader, Mississippi's secretary of state, was asked to speak at the League of Women Voters meeting

which ended in Natchez yesterday.

He arose and began: "It thrills my soul whenever I come to the historic city of Vicksburg . . ."

There he stopped short. Then he explained he planned to speak in Vicksburg next week and had taken out the wrong speech. He produced the Natchez address and continued.

'Purification' Drive Slated By Red China

By STANLEY RICH
HONG KONG (U)—Peiping has let the tiger out of the bag. This will be the first year of the big purge within the Chinese Communist party since the Red regime was established 2½ years ago.

The death knell for untold numbers of China's unwieldy Red party—last reported at 5,800,000 members—was sounded in a recent edition of Peiping's authoritative Hsueh-hsi (Study) magazine.

The magazine interprets Communist policy for the people who have to carry out that policy. Its pages are regarded as gospel in Red China.

Hsueh-hsi reported the campaign "to purify the party" is coming this year and "all our cadres, every party member, will receive a test of a mass character in this struggle."

The magazine said the "infiltration of bourgeois influence" would be the main target.

"Every party member," said Hsueh-hsi, "must realize the grave threat of bourgeois corrosion to the Communist party. They must know that the evil roots of individualism, if not removed with determination, will develop and nourish the greatest harm. We should cleanse the party of those people who are opposed to the proletarian mentality and are beyond redemption."

The magazine hinted the purge would be aimed particularly at political opportunists who jumped on the Red bandwagon when the Communists wrested power from the beaten Chinese Nationalist regime between February, 1949, and July, 1950.

In that period it was reported the party membership climbed from three million to five million. Hsueh-hsi called specifically for an investigation of party members "who did not join the revolution and the party on pure motives."

The magazine conceded the party may have a tough time purging itself, explaining: "Such an inner party struggle against the bourgeois mentality will be a long struggle, for we shall for a fairly long space of time continue to exist in an economic society compounded of private capitalism."

Pop Finally Wins Out In The Gift Parade

MIDDLETOWN, N.Y. (U)—A local clothing store, Kassel Brothers, says the mother gets the credit when a baby is born, the infant gets presents and father gets nothing but the bills.

So the store sends each new father in the area a gift necktie with "It's a boy" or "It's a girl" inscribed on the front. About 100 ties have been distributed so far.

For twins the tie reads, "Wow, it's twins."
