especially when sunburned, are recommended for lotion on them.

## VILLAGE GOSSIP

(More or Less)

Rev. A. A. Brian of Howard Payne Baptist College at Brownwood, will preach at the First Baptist Church in McLean next Sunday. The pastor, Rev. Buell Willis is conducting a revival at Brownwood.

Mr. and Mrs. John Mertel returned last Thursday from Chicago, Ill. where they visited his sister, Mrs. Harry Howell, and her sister, Mrs. Mary Kachak. Mrs. Mertel hadn't seen her sister for 38 years, and Mr. Mertel was visiting his sister for the first time in about 20 years.

Mrs. Johnny Rex McClellan ran into a streak of bad luck Friday, and then again Monday. Mrs. McClellan, who drives one of the school buses, got the bus stuck in the sand while attempting to cross White Fish Creek—on account of the dry weather. Then on Monday, she got stuck in the same creek—this time on account of wet weather.

She managed to get out both times, however, in time to get her husband of children to school for classes.

Jimmy Butrum, 8-year-old son of Mr. and Mrs. Harold Butrum, suffered a broken arm Wednesday of last week when he fell from his bicycle. Both bones were fractured, although neither was completely severed. He was reported as recovering as well as can be expected this week.

Carl Jones, manager of the Cicero Smith Lumber company, was back on the job—at least part of the time—last week. Jones underwent an appendectomy in Amarillo recently. He is recovering as well as can be expected, although he is still not able to be at work all day each day.

A revival meeting is now being held at the Kellerville Baptist Church, with Evangelist O. E. Short of Overton preaching, and Mr. Brent Chapman leading the singing. The meeting will close October 21.

Ed Gale Plummer and Back Edde Reeves were the two football team members honored at the regular meeting of the McLean Lions Club Tuesday noon. The two boys were chosen as those showing the "fighting" heart in the game last week with White Deer.

There'll be a good football game at Duncan Field tonight. The McLean Grade School team will meet a similar group from Canadian, the game to begin at about 7:30 o'clock. The local Grade School eleven has won both of its two games thus far this season, defeating each of its opponents by large scores. The Canadian youngsters are undefeated so far, too, so the game promises to be an exciting one.

Bill Day, talented vocalist of McLean, was one of a large number who underwent the ordeal of an audition in Amarillo early this week for the Horace Heidt show, to be broadcast from Amarillo Sunday night, over Station KLYN. Day sang "Without a Song" as his number in the audition tests. He was accompanied at the piano by Dicky Silgar. Whether he will appear on the program is not known. He stated that the judges said the winning 75 of contestants will not be notified except through the daily papers or via the radio.

The sales clinic for electrical appliance dealers, which was sponsored Tuesday and Wednesday nights by the McLean Junior Chamber of Commerce, attracted a large attendance both nights, and dealers stated they felt they had received considerable benefit. The program, utilization division manager of the Southwestern Public Service Company in Amarillo, conducted the first night of the clinic, and Miss Fern Brannen, home service advisor of the company, and Howard Horne, local manager, were in charge of the second evening's program. Refreshments were served each of the two evenings.

Rockman Brown, Jaycee president, stated that a general sales clinic for all types of retail businesses may be sponsored by the Jaycees.

## City Merchants Offer Bargains Again Saturday

McLean's fourth Dollar-Stretcher Day will be held Saturday, and the 34 participating merchants have scores of bargains in merchandise and service to offer to the buying public.

More than 2,000 four-page circulars have been mailed out to people throughout this entire area, and the same advertisements are included in this issue of The McLean News as a part of this week's edition.

In keeping with the weather, most of the clothing merchants are offering bargains on clothing suitable for the approaching cold weather. The bargains range from towels for 29 cents, to ladies gaiter-dress coats for \$29.95.

Shoppers will find a variety of bargains, such as: Ladies gowns for 99c at Harrell's; sheets for \$1.96 at Brooks; two dresses for \$3.50 at Margaret's Gift Shop; 15.8 cu. ft. home freezer for \$400 at Andrews Equipment company; five cotton panties for \$1 at the Children's Wear.

Free wash job with grease job and oil change at Bob's Magnolia Station; 50c furniture polish for 25c at Gulf Service Station; \$2 rakes for \$1 at Callahan's; waste paper cans for 59c at McLean Hardware; \$49.50 heater for \$35 at McLean Electric.

A \$29.95 Zenith radio for \$21 at T. and G. Electric; three pairs pants cleaned and pressed for price of two at Clie's; double amount of Gunn Bees stamps at Stewart's Texaco Station; free inspection of water hose and pump with each two gallons of anti-freeze bought at Dysart Motor; free grease job with each oil change at Patterson Magnolia.

Wallpaper at 25% discount at Cicero Smith Lumber; \$3.50 Hadacol for \$1.75 at Brown's Drug; 10% discount on paint at W. C. Shull's; ladies coat and skirt cleaned and pressed for \$1 at Bentley's; 25c model airplanes two for price of one at Greyhound Drug.

Ten handkerchiefs for \$1 at Mullanax Men's Store; children's rayon panties for 25c at Corinne's; pint brake fluid for 65c at Chevron Gas; adding machine for \$89.50 at McLean News; men's winter jackets for \$8.95 at Mertel's; car awnings for \$7 at White Auto; card tables for \$8.95 at McLean Furniture.

A 24x30 Venetian mirror for \$12.95 at Bill Day's; ladies 51 gauge hose for 89c at Stubblefield's; 4 No. 2 1/2 cans of sliced or halved peaches for \$1 at Cooper's.

## Work on Church, New Fire Station Is Well Underway

Progress on two major building improvements in McLean is showing up this week. The two structures are the large addition to the First Methodist Church, and the new fire station building for the City of McLean.

The church building will be constructed over a large basement, and walls of the addition are rapidly going up. The foundations were laid about two weeks ago.

The new fire station building, located immediately east of the present small fire station, will house all three fire trucks when completed. Walls of this building were completed Wednesday, and work was to start on the roof.

## Warden Warns Of Violations By Hunters

Several violations of prevailing hunting laws in the State of Texas brought a warning this week from Slim Davis of Shamrock, state game warden for this area.

Davis stressed the fact that the entire Roe Ranch is a game preserve, and it is unlawful to do any type of hunting on the property. There have been several violations on this preserve lately, he said.

Other points stressed by the game warden included the following: It is unlawful to hunt any type of game on private property without the owner's consent. It is unlawful to hunt at night with any artificial light and gun where deer are known to roam. Davis emphasized that deer are known to be all along McClellan Creek, and the 'coon hunters at night are violating a law when they carry both a light and a gun.

It is not unlawful, however, to hunt at night with a light if no guns are carried. However, in such cases, however, the permission of the land owner must be obtained, even though the game being hunted is coon.

## Labor Market Is Still Tight

The labor market in the Pampa area is tight, according to L. P. Fort, manager of the Texas Employment Commission, Pampa.

Farmers in Gray, Roberts, Hemphill and Wheeler counties need hundreds of hands for feed harvest and cotton picking. Request for such help has gone out to all other TREC offices in the state, Fort continued.

Construction laborers, machinists, typist and stenographers are also on the shortage list. The unskilled labor demand will ease when crops are harvested, but the need for many skills will still be hard to meet.

## Funeral Rites Held Here for H. E. Franks

A large crowd of friends gathered at the First Presbyterian Church in McLean Sunday afternoon to pay final tribute to Henry Edward Franks, well-known cattleman and rancher of this area.

Franks, 75 years of age, died Friday night at about 8 o'clock after a serious illness of only one day. He had been in ill health for several years, but had been feeling as well as usual until Thursday night. Friday afternoon he was taken to a hospital in Pampa, and death came a short time later.

Services were conducted by Rev. Karl Ernst, pastor of the First Presbyterian Church in Donnas and former pastor here, assisted by Rev. Wm. Albert Smith, local pastor. Dr. Douglas Nelson of Pampa, who was to have conducted the services, was unable to be present due to the death of his father in Pennsylvania.

Interment was in Hillcrest Cemetery under the direction of the Claborn Funeral Home.

Franks was born in San Marcos April 3, 1876. He was reared in that area, and moved to Memphis, in Hall County, with his family in 1901. He lived there until 1916, when he moved to this community.

He had been engaged in farming and ranching activities since moving to McLean, and was well known to cattlemen throughout the area. Numerous cattlemen from over the Panhandle were in McLean Sunday for the funeral services.

Survivors include his wife, Mrs. Vigna Franks of McLean; one son, Harry Franks of Shamrock; and one step-daughter, Mrs. Ruth Stockstill of Pampa.

Pallbearers at the services were A. Strandberg, C. J. Cash, D. McDowell, C. C. Stockstill, Floyd Davidson, Wood Baxter, J. R. Glass, and Ben Brown.

## White Deer Bucks Run Thru Tigers 53-7

The battle was played on a soggy field, and rain fell at three different times during the affray. Only about 300 paying customers sat through the damp weather to watch the two teams fight it out.

White Deer touched pay dirt first, but missed the extra point. The Tigers roared right back and made seven points, putting them out in front of a team for the first time this year. But then the Bucks began getting loose on long runs, and the game was all theirs.

Touchdown trips for the Bucks included one good for 65 yards, two for 67 yards each, one for 34, and one for 53. These long runs gave the visitors a long margin in yards gained rushing—480 to 202—but in first downs they led only 14 to 12.

## Shortage of Boll Pullers in Area Slows Down Harvesting of Cotton

### Tigers to Play Big Wildcats At Canadian

The McLean Tigers will attempt to subdue another highly-rated team Friday night when they journey to Canadian to meet the undefeated Wildcats. Game time will be 8 o'clock.

The Tigers, already losers in five of five grid battles this season, will be the underdogs again. The Canadian team is undefeated in four games, having downed such teams as Memphis and Perryton without much trouble.

McLean has lost to Hereford, Phillips, Shamrock, Memphis, and White Deer. The Tigers have managed to score only 13 points to a whopping 202 for their opponents.

As a score comparison, Memphis downed McLean 26-0, but lost the previous week to Canadian 26-7. The Cyclone team is the only common opponent McLean and Canadian have had.

The Wildcats feature the running ability of a 240-pound full-back named Tommy Schaefer. He has accounted for most of the gains and for a great majority of the scores the Wildcats have run up.

The Tiger team, made up for the most part of sophomores and juniors, has been improving with experience, but still lacks the polish and smoothness of the more-experienced teams they have been facing.

Backfield starters against the Wildcats will probably be Eddie Reeves, Dan Cooper, Don Crockett, and Wayne Smith. Reeves, who injured his arm in an earlier game, will be in nearly top shape, barring further injury to the arm in practice this week. He was hurt in the White Deer game, but was out only a few minutes before returning to play.

End starters will again be Gale Plummer and Don Trev or Wayne Moore. James Jolly and Donald Smith will start at the tackle positions, and Jack Hupp and Max Willingham at guard. B. W. Duncan, now recovered from a knee injury, will fill the center position.

How empty learning, how vain is art, but as it mends the life and guides the heart.—Young.

In 1801 there were about 200 newspapers in the United States; in 1833 about 1,200. Today there are almost 12,000.

### BIRTHDAYS

Oct. 14—W. M. Rhodes, James Ernest Adams.  
Oct. 15—John Mertel, J. M. Stevens, Jess Ledbetter Jr., Mrs. Joyce S. Jacob, Wanda Beth Stapp.  
Oct. 16—Mrs. Rose Hall, Jerry Caldwell, Juanita Chilton.  
Oct. 17—Mrs. A. L. Grigsby, Mrs. Don Randall, Ralph Caldwell.  
Oct. 18—Mrs. Paul Riemer.  
Oct. 19—Mrs. Muriel Moore, Keith Myatt, Joe Preston.  
Oct. 20—Mrs. Della Craig, Mrs. Lizzie Prock, Ronnie Elliott.

### 35 Veterans Attend Legion Free Breakfast

Thirty-five veterans turned out for the membership breakfast of the Floyd-Corbin-Florey Post 315, American Legion, held at the Legion Hall Monday morning.

In charge of preparations for the breakfast was Howard Horne, commander of the post. Horne, assisted by Mr. and Mrs. N. A. Greer, also cooked the breakfast. Each veteran present was served ham and eggs, toast, jelly, and coffee free of charge.

Horne reported that all of those attending the breakfast paid their membership dues of \$5 for the year 1952. Of these, five were new members of the post.

The drive for members to the local post will continue until the first of the year, in an effort to pass the quota of 120 members set by District Commander Rhea Smith of Amarillo. The drive will be concentrated between now and November 11, however.

At a meeting of the Legionnaires Monday night, the group voted to sponsor a community-wide religious and patriotic service on Sunday, November 11. Details of the program have not been worked out as yet.

In line with a decision reached at the last meeting, two names of people still holding the non-interest bearing bonds against the post were drawn. The plan is to draw two names each meeting night until all funds set aside for this purpose have been exhausted.

Labor Day is the only national holiday recognized by Congressional action.

On the average, it takes a streak of lightning only 1,465,000 of a second to reach the ground.

### Total of 162 Bales Handled By Local Gins

A shortage of boll pullers, plus more than an inch of rainfall, slowed down harvest of the 1951 cotton crop in the McLean area during the past week.

The two gins in McLean had ginned a total of 162 bales of cotton by Wednesday morning, and the cotton was beginning to come in fast. Gimmers S. R. Jones of the McLean Gin and L. H. Earhartman of the Paymaster Gin said.

Several more bales were on hand, awaiting ginning, Wednesday morning.

In McLean, 1.21 inches of rain fell last Friday afternoon and night, bringing the year's total to 20.04, according to a report from Pete Fulbright, local weather observer.

The rain was not needed on the cotton and feed in the area, but was wanted by the few wheat growers in this locality. South of town, in Collingsworth county, several thousand acres of cotton were ruined by a narrow strip of hail which fell along with the Friday rain. Little of this hail damage was reported in the McLean area, however.

The labor shortage seems to be holding up the cotton harvest more than anything else. Usually, a number of boll pullers find their way to this area from the north part of the county in the fall months. However, this year most of those boll pullers are working in fields in that part of the county, since a number of high plains farmers there planted cotton this year when they were forced to plow up their poor wheat crop early.

L. P. Fort, manager of the Texas Employment Commission office in Pampa, has told County Agent Foster Whaley that about 100 transient boll pullers have indicated their desire to work in this area. As yet, however, few of them have come to the local area to work.

Some grain is being brought in, although grain harvest has not started in a very big way in the McLean area. S. R. Jones, who is again buying grain, said that some grain is in, but only a few scattered loads.

The end of learning is to know God, and out of that knowledge to love Him, and to imitate Him, as we may the nearest, by possessing our souls of true virtue.—Milton.

## Cohen to Speak At Church Here

Dr. J. H. Cohen, Jewish-Christian missionary, who returned from Palestine in March, will speak at the Assembly of God Church in McLean tonight, October 11. Subject of his talk Thursday night at the 7:30 o'clock service.

## Wanta Win \$10—

McLean Jaycees have received a number of suggested slogans for future use as McLean's official slogan, and more entries are desired. A cash prize of \$10 will go to the originator of the slogan.

CLIP THIS COUPON AND MAIL TO McLEAN JAYCEES, McLEAN, TEXAS  
My Slogan entry is: \_\_\_\_\_  
My Name: \_\_\_\_\_  
My Address: \_\_\_\_\_  
(If you wish to enter more than one slogan, simply write them on a sheet of paper and send them to the McLean Jaycees.)

## Slogan Contest

winning slogan. In the event that two or more people send in the same slogan which is declared the winner, the prize money will be divided evenly. All entries must be in not later than Saturday, October 20.

For one quarter of football, the chances that the McLean Tigers might upset the game over White Deer were good.

But the Bucks started to work in earnest late in the opening period and wound up on the long end of a 53-7 score in the District 1-A grid game played on Duncan Field last Friday night.

# You'll Find Bargains Galore in McLean on Dollar-Stretcher Day on Saturday

### GROWING PAINS In Gray County

By FOSTER WHALEY  
County Extension Agent

Jim Mahan resigned as assistant county agent recently, to go to Texas A. and M. College for graduate work.

Bill G. Johnson of Harford will replace Mahan, effective Monday, October 15. Goldston is a 1931 graduate of Texas A. and M., 24 years of age, veteran, and is married. His wife, Ernestine is a graduate of Jefferson High School in Houston and a June, 1951, graduate of Mary Harbin Baylor College.

There is a possibility of getting Latin-American labor to help out with our cotton pulling, which is pretty much at a standstill due to a lack of labor. The employment office at Pampa informs me that four crews of some 100 Latin-Americans have contacted that office and plan to come to this section of the country.

All people needing cotton pullers are asked to drop a card to the employment office in Pampa and give them this information: 1. Name; 2. address; 3. phone number; 4. location; 5. number acres to harvest; 6. estimated yield.

The labor office in Pampa has been most helpful in securing cotton pullers by farmers of that territory. Drop them a card with the above information, or telephone.

One hundred fifty bales of cotton have been ginned by the two McLean gins to date.

There are two especially good bulletins available that every farmer and stockman should have around. The first one is entitled 1951 Feeding Practices, and can

be obtained by writing Natl. Cottonseed Products Ass'n, Inc., 618 Wilson Bldg., Dallas 1, and ask for Bulletin No. 28.

This bulletin has many helpful hints on feeding livestock and several balanced rations.

The other bulletin is entitled "Beef Cattle Investigations in Texas 1888-1950"—Bulletin No. 724. Write Texas Ag. Expt. Sta., College Station.

This bulletin is written in a question and answer form, and covers all the experiments run by the experiment station on beef cattle from 1888 to 1950.

Here is an example of its contents: How do corn and the grain sorghums compare as the grain portion of the fattening ration for baby heaves?

Spur Expt. Sta.

Steer calves fed ground ear corn with shuck, along with cottonseed meal, alfalfa hay, and sorghum hay, made an average daily gain of 2.02 pounds in a 165-day feeding trial. Steer calves fed the same type of ration but with the ground ear corn replaced by ground fescuita heads, made an average daily gain of 2.06 pounds. Calves fed a ration in which the ground ear corn was replaced by ground milo heads made an average daily gain of 1.99 pounds. There was a very slight advantage in selling price and grade for the calves fed corn, but the calves fed the grain sorghum made more economical gains. This test proved that choice quality beef can be produced when grain sorghums replace corn in fattening rations of cattle.

Mrs. J. A. Sparks was a business visitor in Shamrock Wednesday.

Bill Ledgerwood of Dumas visited Sunday with his parents, Mr. and Mrs. P. L. Ledgerwood.

### Menu Magic

#### TOASTED PEACHES

Luscious toasted peaches make an excellent addition to any menu—but they're especially good as accompaniment to a hamburger supper. To round out the menu, serve piping hot corn on the cob with a generous supply of creamy margarine.

#### Toasted Peaches

1 teaspoon grated orange rind  
2 tablespoons sugar  
2 tablespoons lemon juice  
6 peach halves  
2 tablespoons melted margarine  
1/2 cup crushed corn flakes or Graham crackers

Mix the grated rind, sugar, and lemon juice. Dip each peach half into the mixture. Next, dip the peach halves into melted margarine and roll in crushed cereal or cracker crumbs. Arrange cut side down in a shallow pan. Bake in a slow oven (300 to 325° F.) for about 30 minutes. Canned peaches may be used. They require about 15 minutes cooking time.

For other nutritious, taste-tempting recipes write today to National Cotton Council, P. O. Box 76, Memphis, Tenn., for your free copy of the new 24-page, two-color recipe booklet, "Menu Magic with Margarine."

#### NEWS FROM KELLERVILLE

Mr. and Mrs. Monroe Combs and children of Wolmar are visiting relatives in Kellerville and McLean.

Mrs. Harold Howard of Amarillo is visiting in the home of her brother, L. F. McDonald.

Mrs. Elmer Immel and children visited relatives at Higgins Sunday.

Mr. and Mrs. L. F. McDonald and son were visitors in Higgins Sunday.

Mr. and Mrs. E. C. West and June spent the week-end visiting Mr. and Mrs. Ernest West at Sundown, and Mr. and Mrs. Norman Harvey and son at Hobbs, N. M.

Mr. and Mrs. Joe D. Bruton and Dee Ann of Wichita Falls were week-end guests in the Joe Bruton home. Both families visited K. L. Bruton and family at White Deer Saturday.

Mrs. R. A. Tindall's parents of Cranfills Gap are visiting her.

Mr. and Mrs. Jack Back, R. F. Sanders, and Mrs. John L. Smith visited in Carter, Okla., Sunday.

Mrs. F. J. Hess was in Pampa Monday on business.

### Donley County— SOIL NEWS

T. C. D'Spain was unanimously re-elected supervisor of Subdivision No. 2 last week at an election held in Alahred. About 30 people turned out for the election and a soil conservation program presented by Flip Breedlove, county agent, and Carman Rhode, Soil Conservation Service.

The best part of the entire affair, according to George Preston, was the delicious home-made doughnuts and coffee served by Mrs. D'Spain at the close of the program.

Supervisor D'Spain has been a member of the board since the district began operation about 4 1/2 years ago. He will now begin serving a new five-year term.

A supervisor is elected in only one of the five subdivisions in the district each year, and in that manner each supervisor serves a five-year term.

A supervisor's job carries with it a lot more responsibility and is of much more importance than the average person thinks. It requires much time and thought to supervise the activities of the district program. These men serve unselfishly, giving of their time and setting aside their personal interests for the good of their community. They receive the handsome salary of \$4 per month from the State of Texas. Every farmer and every business man in Donley County should be grateful and should support the supervisors in the work they are doing.

#### Woodward Field Day Announced

The 15th annual Range Field Day will be held next Saturday, October 13, by the USDA Great Plains Field Station at Woodward, Okla.

This should be a very interesting and worth while trip for a large number of ranchers and stockmen in this area. Everyone is invited to attend, according to D. A. Savage, station superintendent.

Some of the subjects to be discussed will be: "Ten years of grazing and feeding results with long-cattle on native and seeded pastures"; "Financial Problems of the Cattle Industry"; and "Progress in Rain Making."

The all-day meeting and tour of re-grassing, grass breeding, brush control, and beef cattle grazing studies will start at 8 o'clock in the morning at the station headquarters one mile southwest of Woodward.

Anyone planning to make this trip who has room for additional passengers or who wants to ride with someone else, please contact Carman Rhode at the Soil Conservation office, or call 157, Clarendon.

#### CARD OF THANKS

We wish to take this means of expressing our most sincere gratitude for the many acts of kindness and words of sympathy extended to us during our recent bereavement. The floral offerings at the services will always be remembered. May God bless each of you in our prayer.

Mrs. Sidney C. Hunt.  
Mr. and Mrs. Herman Hunt and Family.

Janet Regal and Martha Jane Kennedy of Amarillo visited over the week-end with Janet's grandparents, Mr. and Mrs. J. A. Sparks.

### Uncle Sam Says

Devotion to country is what wins on the field of battle. Devotion to the American soldiers in the field is your job. And there is one big way to show 20-year greater purchase of U. S. Defense Bonds. In letter after letter from foreign fields, our soldiers urge their families and friends to back them up with the purchase of Defense Bonds. Prove to them you are behind them.

Mrs. Jack Barnett and son Bruce of Dumas spent last week with Mrs. Burnett's parents, Mr. and Mrs. P. L. Ledgerwood.

Mrs. Bertha Lee has returned from a trip to various Texas points, where she visited relatives and friends.

The Wesleyan Service Guild will sponsor a bake sale Saturday from 11 o'clock until 5 o'clock at the McLean Hardware.

Miss Jewell Cousins of Borger visited relatives here over the week-end.

### 40 Years Ago— IT HAPPENED HERE

Taken From the Files of The McLean News, October, 1911  
Cranks Offer Forest Fire Remedies

While the field officers of the U. S. Forestry Service are taking precautions against fire in the great national forests of the west, the forestry bureau is besieged constantly by "cranks" and real inventors, chiefly the former, who propose all sorts of ridiculous plans for coping with the flames. One of the most novel of these recently came from an easterner who proposed that an artillery organization be formed in the forest service and equipped with huge mortar batteries, which would shoot grenades filled with chemicals.

This man's plan was to have a battery of these mortars hauled to a suitable hill near a forest fire, from which the grenades would be discharged rapidly into the fire and, bursting, would smother the flames. Admitting that chemicals will extinguish a small blaze, the forestry people told this inventor to move on, as all the chemicals in the world would hardly extinguish a forest fire with a front of ten miles.

Another "crank" plan was to construct huge screens of asbestos, which could be placed around trees near a fire and thus prevent them igniting. Of course, this man did not attempt to explain how the problem of transporting these screens through rough mountainous country could be solved.

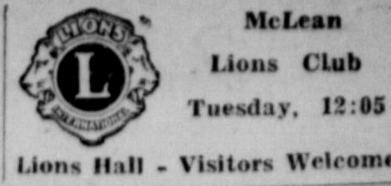

A third plan was to locate a number of huge sprinkling carts to each forest and drive them to a fire, turn on the water, and presto—your fire would be out, the inventor said. He was told to go to, unless he could provide a sprinkling cart big enough to tackle a fire such as raged last fall in Idaho, the flames of which mounted over 200 feet in the air and burned the ties off a railroad bridge, and at another point jumped clear across a valley half a mile wide, converting streams in its path into steam and cooking the fish therein.

The forest fire fighters do not reject all novel suggestions. In fact, they have adopted a chemical equipment for use in putting out small ground fires in the Arkansas national forest. Some of the ravers are equipped with rubber mugs containing sponges to be wet and put over the nose.

Mrs. Era Jones and daughter Ruth are making their home in Lakeview.

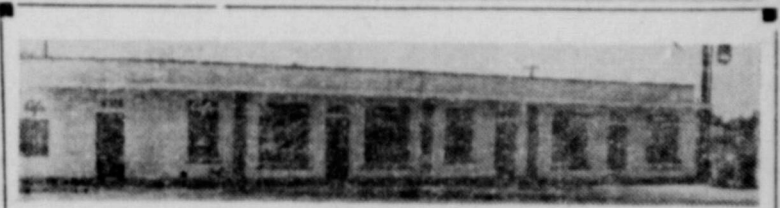

Mrs. A. R. Painter and children of Amarillo visited Mr. and Mrs. H. L. Chase over the weekend.

Mr. and Mrs. A. L. Conatser of Borger, Mr. and Mrs. C. J. Holman of Stinnett, and Mr. and Mrs. Waneta Holman and children and Clyde Holman of Clarendon visited Mr. and Mrs. Clyde Willis last week.

Drive into winter in a car that's been prepared to protect you AND ITSELF against the ravages of cold weather motoring. Let our experts winterize your car, today!

Friday visitors in the R. O. Cunningham home were Mrs. Lucille Carunar of Slaton, and Mrs. Orville Cunningham.

and daughter Karon, and Mr. Scholstat of Sammerwood.

Mr. and Mrs. G. F. Baker returned last Thursday from Pampa, where they visited several days in the homes of their children.

Mr. and Mrs. L. N. Cunningham and children were in Oklahoma City Sunday.

Mr. and Mrs. Tom Smallwood were in Sayre, Okla. Sunday.

Mr. and Mrs. Charles Williams and Mrs. Betty Dalton visited Mr. and Mrs. Finis Dalton Sunday.

Mr. and Mrs. Howard Chapman of Milton and Mr. and Mrs. James

Therman and son of Amarillo visited Mr. and Mrs. Cleve Hancock the first of the week.

Mr. and Mrs. Newbury of Keller visited Mr. and Mrs. Everett Dorsey Sunday.

Mr. and Mrs. Raymond Dalton of Skellytown were here for the football game Friday night.

Mr. and Mrs. Bill McBee and Billy, and Mr. and Mrs. Guy Hendrick and Thomas Guy of LeFors visited Mr. and Mrs. J. W. Mencham Sunday.

Mr. and Mrs. E. L. Smith and children were in Amarillo Sunday visiting Mrs. Smith's parents, Mr. and Mrs. Frank Moore.

What's the fastest-growing line of trucks in America?

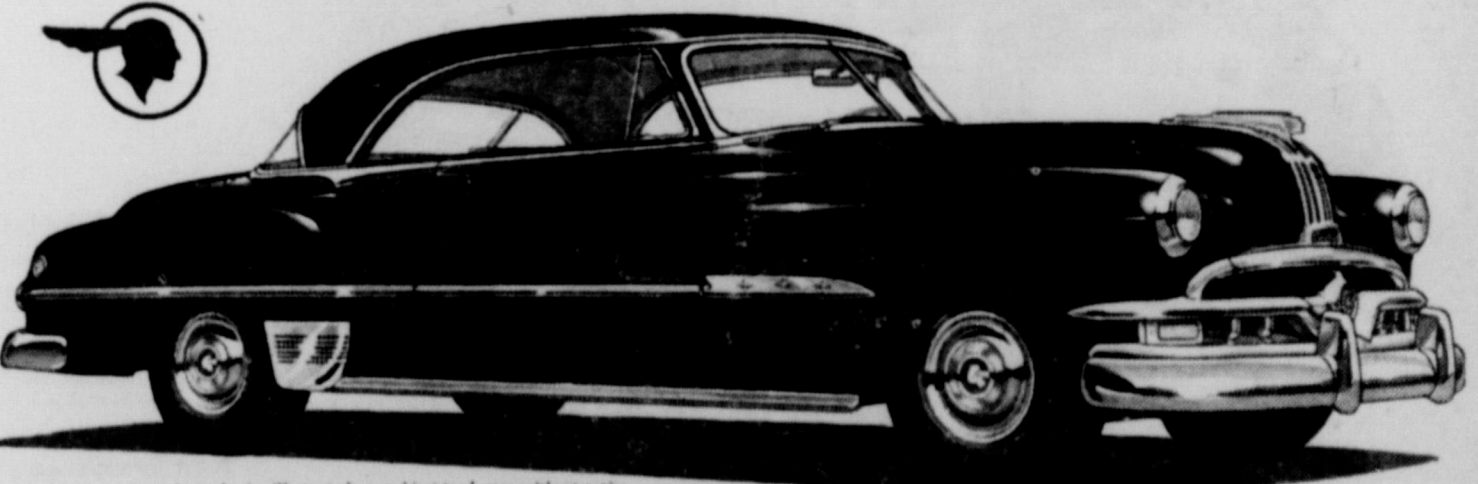

LOOK around you—in cities, on farms, at terminals and loading docks—wherever goods are moved on wheels. More and more, the pay load's packed on a GMC. You see those letters on medium and heavy Diesels, the most economical workers in their field. For GMC means first in Diesel power. You see gasoline-powered GMC's front-running the highways of America—pace-setting delivery of the necessities of peace and war. You see nimble bantamweights of the family—the highest-powered 1/2- to 2-tonners made—outpulling, outhauling every other truck in their class. Ever wonder why GMC is gaining a greater percentage of the industry than any other truck-maker? Ask the truck drivers themselves. See the confident way they talk of

the power plants, the broad-shouldered chassis—the way a GMC handles. Ask about the tons they've hauled, the miles they've logged—the nip-and-tuck schedules they've licked time and again. Ask these cost-wary haulers why they've made GMC the fastest-growing fleet in the land. They'll tell you it's because GMC is the finest motor truck made. If you'll come in, we'll show you why we think they're right.

You'll do better on a used truck with your GMC dealer

What a Wonderful Story  
the Price Tag Tells!

WE'D like you to come in and hear a wonderful story. First of all, it's the story of a great car—a car whose name is respected and admired everywhere in America. We are sure that the word "Pontiac" means something distinct and different from any other name in the motor car world. The word Pontiac means a good solid citizen—a thoroughly good car—a beautiful car—a

car with a reputation for delivering years and years and years of driving pleasure. But there's another important part of this story you should hear: It's the wonderful story of Pontiac's price! For this great car, desirable as it is, is one of the lowest priced automobiles in America—just one step above the very lowest. Come in, get our deal—a wonderful story all the way around!

### FIRE PREVENTION WEEK

MOST OF US are aware that this is Fire Prevention Week—October 7-13—and most of us are probably doing little about it.

Actually, there is little which each individual can do during Fire Prevention Week. The observance is held primarily as a means of impressing on everyone the importance of preventing fires.

In McLean, the main feature of the observance is the sponsoring of the poster contest for elementary school children. The fire department is also helping out by displaying some of the fire fighting equipment available for use here.

What we really should do, if we want to lessen the number of fires, is to observe Fire Prevention Week every week.

And we can do that by observing simple rules:

1. Never, never leave oily rags, etc., where they may become ignited through spontaneous combustion and cause a fire.
2. Never, never leave a collection of loose papers, loose cloths, etc., where there is any danger of that collection becoming ignited and causing a fire.
3. Never, never throw a lighted match from a car, or even on the ground. That match may find its way to something that will burn easily.
4. Never, never leave an outside fire burning where it may spread to some area and cause damage.
5. Never, never overload an electric circuit and take the chance of starting a fire in that manner.

These are but a few of the simple rules which should be observed every day in the year. There are many more. How many of these listed are you guilty of violating? If you are guilty of any of them, some day you could be the cause of a serious and costly fire.

Fire is essential in our way of life; it is so commonly used that little thought is given to its care. That is the reason we should observe Fire Prevention Week every week in the year.

### LES

## TALK

BY LESTER

Thanks, thanks to each of the 101 people who came into our office last Wednesday afternoon and had your pictures made. The engravings from those pictures will be forthcoming to us in a few weeks, and don't be surprised to see your picture in the paper. I can't see that we need any particular reason to print your picture, so yours may show up at any time.

The response was good, very good. As a matter of fact, Mr. Lucas, the photographer, could have taken care of no more. As it was, we didn't close down until 10:15 o'clock, and eight was supposed to be the end of it.

If the outcome is satisfactory to Mr. Lucas, who reaps his benefit, if any, through the sale of pictures to you, the idea will be repeated at a later date. Those of you who didn't come in this time can then take advantage of the offer.

Among those in the picture-taking waiting line Wednesday night was one Howard Horne, the light and power company manager. He didn't have anything else to do while waiting, so he jotted down on the typewriter some "news".

Among his "news" items was this: "Last evening the McLean News office was swamped with local citizens having their pictures taken. It is the plan of this newspaper to have a modern up-to-date rogue gallery for the local law enforcement officers." And this: "Was happy to see the picture taking at the News office last evening; old Lester will probably gripe about his light bill this month." And this: "Mayor, take notice, please, where did all the paper and other trash that was blowing around town yesterday come from?"

The sudden death of Henry Franks was a shock to me. Mr. Franks, who was a great uncle of my wife, was one of the first men I met after moving to McLean. His home was the first I was invited to for a social gathering.

I thought a lot of Mr. Franks. He was a quiet man, bothered no one, minded his own business. I will miss him, and his occasional visits to the office.

Such deaths are so hard to understand. He was in the office last Wednesday and had his picture taken along with the many others. I talked with him only a few days before his death.

It is hard to realize that death has taken Henry Franks. He was my friend.

Saturday is Dollar-Stretcher

Day in McLean. Once more merchants of McLean are offering many, many bargains in merchandise and service. You are invited to come to town and take advantage of some or all of these bargains. The McLean merchants will appreciate your business.

My plans at the present time are to be cut of town on this Dollar-Stretcher Day. We intend to be in Dallas to see the Texas-O. U. football game. We plan to leave here Friday afternoon, and rest at some town along the road. Saturday morning early we will go on to Dallas, attend the game, and then visit in the home of friends Saturday night.

The friends are Mr. and Mrs. O. T. Adams. The "T" stands for Trotter, and that's really his name. Trotter and I served together for about two years in the Navy, and we became good friends. Our wives also became good friends, and it's always a pleasure to visit with them. Trotter, incidentally, is a native of Panhandle, played football for the football team, in 1913, and entered the navy soon after. I met him after he entered the service.

Don't be too happy, though, folks. I will be back home Sunday.

In looking back over my days when I was a small youngster, I

### The McLean News

McLEAN, TEXAS, THURSDAY, OCTOBER 11, 1951

wonder how I managed to survive some of the things I, like all youngsters, was always getting into.

Now that we have a youngster coming along, those thoughts are again popping up.

The other day, for example, brought back memories of incidents in my life, and this occurrence will probably remind you of something past, too.

We are in the process of building a room on the back of our garage at the house. I left a ladder up to the roof, leaning against the wall. It was one morning suddenly, Martha heard a voice from out in the air, saying, "Look at me, Mama, look at me!"

Martha looked, and her heart almost stopped beating. There was Daughter Chris running around on top of the new room. Some how or other she had managed to climb up that 10-foot ladder and get onto the roof without falling. Martha carefully got up the ladder, doing everything possible to prevent exciting Chris. And she managed it beautifully, getting the baby, and getting her down the ladder again.

Chris, incidentally, is not quite two and one-half years old.

Mr. and Mrs. Bill Carpenter and son Billy Lynn from Perryton visited with his parents, Mr. and Mrs. D. C. Carpenter, over the week-end.

## Electric Cooking Is

...as MODERN women KNOW!

Modern as tomorrow's motor car... electric cooking is the ultimate in modern cookery. For is not electricity associated with everything that is modern... radio... radar... television. It's a modern age we live in and the modern woman cannot be completely satisfied with old-fashioned home-helps. That's why so many, many modern women in the territory, serviced by Southwestern Public Service Company have switched to the modern way of cooking... of course, it's electric. See the modern electric ranges on display at your electric appliance dealer's.

# More People Buy Chevrolet Than Any Other Car

**Longest of the Lot**  
Chevrolet looks longest, Chevrolet is longest... a swank and sweeping 197 1/2 inches over-all that tops any other car in the low-price field. Size up Chevrolet's greater length, and you'll find it hard to settle for less.

**Most Road-Hugging Weight**  
Gives you more road-hugging, road-smoothing weight... a hefty 3140 pounds! in the model illustrated that no comparable car in the field can match. Get the feel of this big car, and you won't settle for less. (Shipping weight.)

**Widest Tread in Its Field**  
Here's the steadiness of the widest tread in the field... 58 1/2 inches between centers of rear wheels. Once you've known the better roadability of Chevrolet's wider tread, you wouldn't settle for less.

**Finest Comfort Features**  
Luxury of Body by Fisher... cradled ease of unitized Knee Action... smooth control of Center-Point Steering!

**Biggest Brakes of Any Low-Priced Car**  
Big, powerful Jumbo-Drum brakes—largest in the low-price field! Use the car's own momentum to increase stopping power.

**Way Ahead with Valve-in-Head**  
The trend's to valve-in-head. Chevrolet's had it for nearly 20 years! Get sparkling performance and real over-all economy.

Join the Shift to No-Shift **POWER GLIDE** Automatic Transmission

Sensationally smooth! Excitingly easy! It's a new experience in driving, the modern way to drive. Costs little more—costs even less than many a car with standard gearshift!

MRS. JAMES D. AVERYT JR.

## Ann Grigsby, James D. Averyt Wed in Pampa

Miss Jo Ann Grigsby of Pampa and James D. Averyt Jr. of Antlers, Okla., were united in marriage at the First Methodist Church in Pampa Monday, October 1. The vows were read at 5 o'clock in the afternoon in a single ceremony by Dr. Orion W. Dean, pastor of the church. The couple's only attendant was Miss Billie Stevens, also of Pampa. The bride wore a blue tulle gown with navy blue accessories. Miss Averyt, daughter of Mrs. Edna Grigsby of Pampa, was raised in McLean, and graduated from McLean High School with the class of 1950. Following her graduation, she was employed at Brown Drug Store, and later at the McLean News, before moving to Pampa several months ago. The groom is a graduate of Central High School in Okla-

homa City, and attended Oklahoma A. and M. College at Stillwater.

## Junior Music Club Meeting Is Held In Boyett Studio

The Junior Music Club met Friday afternoon at Mrs. Boyett's music studio. Officers were elected for the year. They were Monta Jean Kennedy, president; Othella Eustace, vice president; Deanne Clayton, secretary; Lester Sitter, assistant secretary; and Mrs. J. P. Dickinson, reporter. Jeanene Shelton, Peggy Sharp, Betty Ruth Dilbeck, and Marilyn and Carolyn Patterson were welcomed into the club as new members. Lovely refreshments of fruit punch and cookies were served by Mrs. Boyett, the hostess. The Halloween motif was carried out. Dicky Sligar awarded a pin of honor to his pupil, Mauree Miller, for having made the honor roll for 10 months. Those making the honor roll for September were Deanne Clayton, Betty Ruth Dickinson, Othella Eustace, Clea Sue Heasley, Monta Jean Kennedy, Gayle Mullanax, Marilyn Patterson, Billy Eugene Rodgers, Christa Rodgers, Lester Sitter, Laura Mae Switzer, and Bobby Weaver. Pupils of Dicky Sligar making the honor roll were Janice Magee, Jackie Don Bailey, Dorothy Pagan, and Mauree Miller. Making the honor roll for Barbara Nell Williams' pupils were Darla Jane Hill, Betty Ruth Dilbeck, and Peggy Sharp.

The Wesleyan Service Guild will sponsor a bake sale Saturday from 11 o'clock until 5 o'clock at the McLean Hardware.

Mrs. George Terry visited her mother in Shamrock Monday.

## Methodist WSCS Meeting Is Held In Church Parlor

The Methodist W. S. C. S. met Tuesday in the church parlor for the second session of study on "Latin America" with Mrs. J. L. Andrews as leader. The program was as follows: roll call, current events of South America; scripture, Mrs. F. M. Smith; prayer, Mrs. Charles Carpenter; meditation, "Lift up Thine Eyes," leader; "He Wears Orchids," Mrs. Walter Foster; "Lamp Post," Mrs. Cliff Day; skit, "Traveling Men in S. A.," Mrs. Dusty Rhodes and Mrs. W. E. Bogan. Present were Mesdames J. E. Kirby, Charles Carpenter, John Sparks, S. J. Dyer, F. M. Smith, Walter Foster, Cliff Day, A. Starnfield, J. L. Hess, C. S. Rice, J. L. Andrews, Dusty Rhodes, and W. E. Bogan. The business session was conducted by the president, and the closing prayer was given by Mrs. Kirby.

C. P. Callahan was a business visitor in Pampa Friday.

## Wesleyan Guild Meeting Is Held In Cubine Home

Mrs. Alice Hill, district secretary of the Wesleyan Service Guild, was guest speaker at the regular meeting of the McLean Guild Tuesday evening in the home of Mrs. Sue Cubine. Mrs. Lavern Carter gave the devotional. A youth life membership was presented to Mrs. Lois Page by the president, Mrs. Ruth Magee. Lovely refreshments were served to four guests and 13 members. Guests attending were Mesdames Hill, Leona Sitter, Bessie Hess, and Lady Bryant. Members were Mesdames Fern Boyd, Sinclair Armstrong, Maybelle Nash, Mabel Bizell, Dixie Meacham, Lavern Carter, Ruth Magee, Isabel Cousins, Johnnie Rodgers, Georgia Beasley, Lois Page, Helen Black, and the hostess. The next meeting will be held in the home of Mrs. Bessie Hess when the Guild will join the W. S. C. S. in a World Day of Prayer program October 25. Mr. and Mrs. Wayne Stafford and family of Kellerville visited Mr. and Mrs. A. E. Stafford over the week-end.

# Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving . . . and here's why you get it only in Ford Cars:

All the power you need when you need it!

Some automatics have this

The automatic drive some cars offer you is a torque converter which multiplies torque without the use of gears. Its advantage is a smooth flow of power. Its disadvantage is a smaller range of torque multiplication which requires more power from the engine and an uneconomical axle ratio which increases cost.

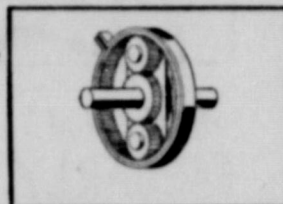

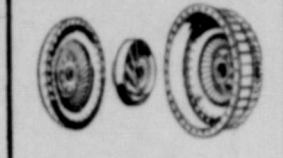

Some automatics have this

Other cars offer an automatic drive that uses a torque converter as illustrated in simplified form (right) instead of a torque converter. The "advantage" here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

It gives you instant "GO"! It practically drives itself!

But Fordomatic has both

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives. Unlike cars with only a torque converter (which start and cruise all in one drive gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.

See our selection of USED CARS

## Fordomatic FORD

Fordomatic Drive optional on V-8 models of extra cost. Equipment, accessories and trim subject to change without notice.

**Donna Stubblefield Installed Rainbow Worthy Advisor**

Miss Donna Gail Stubblefield, daughter of Mr. and Mrs. R. Earl Stubblefield, was installed as worthy advisor of the McLean Rainbow Assembly in a public ceremony September 29 at the Masonic Hall.

The newly-installed worthy advisor chose red and white as her colors, "Love" as her theme, and "Thou Shalt Love One Another" as her motto. Red and white streamers extending to the floor from a huge white bow at the ceiling formed the decorative background in the east. At the head of the archway of love was a large basket of red and white carnations and the letters L-O-V-E. Carnations in the colors of the rainbow adorned each color station.

Mrs. Stubblefield, mother of Donna and mother advisor of the assembly, welcomed the guests and introduced the installing officers, including Waneta Hupp, Grand Service, Grand Assembly of Texas, installing officer; Evelyn June West, installing marshal; Bethie Mantooth, installing chaplain; Mrs. Johnnie Rodgers, installing musician; Mrs. Sue Cubine, installing recorder.

Other officers installed were: worthy associate advisor, Barbara Beck; charity, Floella Cubine; hope, Billie Sue Pettit; faith, Dortha Chase; chaplain, Virginia Beck; drill leader, June Stubblefield; love, Shirley Allison; religion, Sammie Jane Wood; nature, Becky Barker; immortality, Barbara Ruth Carter; fidelity, Betsy Jo Patterson; patriotism, Jane Franklin; service, Pat Shilton; confidential observer, LaRue Pettit; outer observer, Sarah McClellan; musician, Sue Glaze; choir director, Nedra Graham.

Following the new worthy advisor's talk on her theme, she was invited by her sister June to enter the garden of love, where she received the beautiful flowers from the girls representing the color stations. Returning to her station, the worthy advisor gave a talk of thanks to the installing officer and officers. She then asked Floella Cubine to approach the east and distribute gifts to them as a token of her appreciation.

The new worthy advisor introduced her mother and father. As her parents stood in the archway of love, she presented them with a boutonniere and a corsage and dedicated the song, "If I Could Tell You," to them. It was sung by Dortha Chase, Floella Cubine, and June Stubblefield. Donna then introduced her grandparents, Mr. and Mrs. C. T. Cline of Amarillo.

After the presentation of awards to the girls, the benediction was

**pronounced by Rev. C. W. Parmenter. A reception closed the evening's program.**

**Birthday Party Given in Honor Of J. W. Burrows**

A birthday dinner was held for J. W. Burrows on his 83rd birthday Wednesday at his home.

Those attending were Mr. and Mrs. J. W. Burrows, Earl Gossage, Mr. and Mrs. Johnnie Mertel and daughters, Toni and Teresa, Mrs. Dolph Burrows, Mrs. E. V. Medley, Mrs. Jack Smith, and C. W. Wilson.

The Wesleyan Service Guild will sponsor a bake sale Saturday from 11 o'clock until 5 o'clock at the McLean Hardware.

Mr. and Mrs. John Cooper of Lefors and Mr. and Mrs. James Corbin and family of Shamrock visited in the Eugene Woodrume home Friday night.

Music resembles poetry; in each are numerous graces which no methods teach, and which a master hand alone can reach.—Pope.

All music is what awakes from you when you are reminded by the instruments.—Walt Whitman.

In December, 1620, the first known news-sheets in the English language appeared, not in England, but in Holland.

Before 1800 there were 21 newspapers attempted west of the mountains, and eight of these were in Kentucky.

Abraham Lincoln was the first U. S. president to wear a beard.

The Patent Office was the only public building left standing when the British burned Washington in 1814.

**Cohen—**

(Continued from page 1)  
 will be "A Modern Miracle, the Jew Returns."

Dr. Cohen, lecturer, traveler and author, came back to this country in March. He has spoken at more than 5,000 churches in the United States between five trips to Palestine during the last 20 years.

"There is a modern miracle transpiring in the Holy Land," Dr. Cohen said, "and it is called Israel."

"The people are living a really Biblical life," he continued. "That may sound high-falutin' or like something from a public relations man, but it's true. As you wander through the country, the truth dawns even upon the skeptic."

The lecturer is the author of two books, "The Jew and Christianity" and "The Jew and His Passion for Palestine." He was in Palestine the day it was made a nation.

Mr. and Mrs. Ernest Beck and children, and Mr. and Mrs. Fred Patterson were in Pampa Monday night for the circus.

Mr. and Mrs. Joe Willis and Mr. and Mrs. Kenneth Simpson visited over the week-end with Mr. and Mrs. Johnny Osborn at Logan, N. M.

Mr. and Mrs. Carol Lofin and son of Springfield, Colo., spent Sunday with Mr. and Mrs. Eugene Woodrume and family.

**Reveille—**

(Continued from page 1)  
 Jolly, 17773 USMC, "P" Company, 3rd Battalion, 2nd Infantry Training Regiment, T. and R. Oceanside, Calif.

Cpl. Doyle Jones, U. S. Marine Corps, arrived home this week for a 30-day leave. He is visiting in the home of his parents, Mr. and Mrs. S. H. Jones. Cpl. Jones has been serving in the Korean battlefields and arrived in the U. S. from Korea only last week.

Pfc. Drew Word, son of Mr. and Mrs. A. B. Word, who has been stationed at Chanute Air Force Base, Illinois, returned home Saturday with a discharge from the services. He and Mrs. Word, the former Meril Bentley, will make their home in McLean, where Mr. Word will engage in farming and she is employed in the Orchid Beauty Shop.

**CARD OF THANKS**

It is with deepest gratitude that we express our appreciation for the many acts of kindness and words of sympathy extended to us at the death of our loved one. The floral offerings, the food brought in, and all other acts of friendliness will never be forgotten. May God bless each of you in our prayer.

Mrs. H. E. Franks and Harry, Mr. and Mrs. Bill Stockstill.

Visitors in the R. O. Cunningham home last week were Mr. and Mrs. Noah Cunningham of Whiteface, Orville Cunningham and family of Samnwood, Mr. and Mrs. Eddie Cunningham and Patsy and Otto of Amarillo, Mr. and Mrs. Erby Hunter and son Erby Dale of Hess, Okla., Mrs. Beatrice Carner of Slaton, Mrs. D. O. Reid of Altus, Okla., and Mr. and Mrs. Melvin Porter and family from Lela.

Rev. and Mrs. G. W. Roachell and son from Springfield, Colo., spent Friday night with Mr. and Mrs. Eugene Woodrume.

One thing can be said for people who live in the past. They can do it cheaper.

The reason your money doesn't come back to you is that it travels too fast to make a U-turn.

A PUMPER TRUCK isn't of much value to a fire department doesn't pump—and it sufficient quantity. Here a fireman while inspectors of the Fire Prevention and Engineering Bureau, Texas check a pumper's performance. Checking municipal fire-fenses is just one of the many jobs performed by the Bureau's public service of the fire insurance companies.

Students who have given up summer jobs to return to school should put their social security account number cards in a safe place until they are again needed. That is the advice of John R. Sanderson, manager of the Amarillo social security office.

The card and number used this year, for perhaps the first time, will be the same one used for the balance of the individual's working life.

Next summer, or during the Christmas holidays, the student asking for a job will again be requested to show his social security number. Many employers will not hire a person unless he has his social security card with him.

A lost or misplaced account card may mean delay in going to work and could mean the loss of a job opportunity. The Amarillo office can replace lost cards, but it takes time. The account number card should be safeguarded and shown to each new employer on the day the employee starts

**Two to Show Steers at Fair**

County Agent H. M. Bre stated this week that the County would have two 4-H steers entered in the State of Texas.

The two steers will be by Wayne Brown and Ch. Hommel. The steer shown by Wayne was bred by C. T. Murtry and weighs 1250 lbs. The steer shown by Chas. Hommel, bred by Frank Hommel, weighs 1150 pounds. Both are Herefords and should plenty of competition at fair in the livestock department.

Breedlove and the boys will leave for Dallas Sunday afternoon, as the have to be on the fair ground on Monday morning. The will be in Dallas until 8:00 of next week. The sale will be held at 9:30 on that morning the livestock arena. The of the club steers will be Wednesday, October 18, 8 o'clock in the livestock arena.

A little learning is a dangerous thing! Drink deep, or taste the Pierian spring; there draughts intoxicate the brain, drinking largely sobers us.—Pope.

**This 1/2-ton INTERNATIONAL pickup will never let you down!**

Model L-110, 115-in. wheelbase, 6 1/2-ft. International pickup body 4,200 lbs. GVW. Pickups in L-120 and L-30 Series offer 127 and 134-in. wheelbases, 8 and 9-ft. bodies, GVW's to 8,600 lbs. Specifications subject to change without notice.

When you choose an International pickup—you're picking a truck that will never let you down.

Like every one of International's 115 basic models, this 1/2-ton pickup gives extra long life, operating economy, and greater riding comfort.

Features that pay off on performance include the new Silver Diamond valve-in-head engine. Built for a steady diet of heavy work, it has a beautiful balance of pep and power... is designed to cut engine operating and maintenance costs.

A steel flex frame combines greater strength for heavier loads with the right flexibility for the roughest roads.

And in the COMO-VISION CAR, you get "the roomiest on the road". Deep-cushioned seats give firm support. "Sweep-sight" windshield gives a full view of the road. Longer, stronger "cradle-action" springs cushion you over the bumps.

Come in and get the full story about International pickups. Or if you need multi-stop delivery trucks specialized to fit your business—ask us about Internationals with Metro or panel bodies. Whatever your hauling problem, we can give you an International Truck to do it better, at lower cost.
