

VILLAGE GOSSIP

(More or Less)

Fun night will be held after the McLean-Clarendon football game Friday night, in the American Legion Hall.

Mrs. Amie Jaye of Houston, formerly of McLean, died October 7. Mrs. Jaye was the sister of Mrs. Louisa Ladd of McLean. Mrs. Ladd, who has been in Houston for three weeks, returned home Friday.

The McLean 8th grade football team will meet the Letors 8th graders on Duncan Field tonight in a game which may determine the district championship for the youngsters. McLean led Canadian 0-0 last week in the only game the local boys failed to win outright, but they led more first downs than the Canadian boys. Letors is still undefeated.

The girls' basketball team of McLean High School got in some excellent practice Monday night when the Briscoe sextet visited here for a scrimmage session. The local girls, runners-up in the state play-offs last year, looked good, since they have lost only two starters from the team of last season. The practice lasted about two hours, and no official score of the game was recorded.

Sit down some time and try to drink 13 10-ounce glasses of root beer.

But that did happen last Saturday at Brown's Drug Store when Hickman Brown advertised as a Dollar-Stretcher "all the root beer you can drink at one sitting for 5c."

As far as the employees in the store could determine, Jesse Wayne Roberts, junior in McLean High School, was the root beer champion. He consumed a total of 13 glasses of the beverage in one sitting.

Brown estimated that altogether, the store sold more than 20 gallons of root beer on the special Saturday offer.

Mr. and Mrs. George Baker's children have been having a streak of luck lately. Zona Mae Baker won a \$30 prize on a sewing machine, and another daughter, Mrs. Lenora Godfrey, has been awarded a \$50 prize on a new stove.

J. A. Brawley, who has been seriously ill for several weeks, was returned to his home in McLean from the Shamrock hospital last Friday. He is reported to be recuperating as well as can be expected.

D. C. Carpenter is showing some improvement this week. Carpenter suffered a light stroke Saturday, October 6, and has been confined to his home since that time. He will have to remain in bed for some time yet, although he is slowly recovering.

Claude Mounce, University of Texas student from McLean, has been appointed a day editor on the staff of The Daily Texan, student newspaper. He is also president of the Generators Press Club, organization of students interested in small-town newspapering. He is a member of Sigma Delta Chi, professional journalistic fraternity, and the Tejas Club, an independent men's organization whose membership is based on character and scholarship. He is the son of Mr. and Mrs. Hal Mounce.

Mr. and Mrs. Kenneth Goodman, Dennis and Deborah, of Americo, and Mr. and Mrs. C. O. Goodman, Marjorie and Keith, spent last week visiting the C. O. Goodman's daughter, Mrs. Bill Howard and family of Dallas, and other relatives in Fort Worth.

Tigers, Broncs To Meet Here Friday Night

The McLean Tigers will entertain the Clarendon Broncs on Duncan Field Friday night, in the third home game of the local eleven. Kick-off time is 8 o'clock.

The Tigers, by virtue of not yet having a victory in six starts, will go into the game as the underdog team.

As a means of comparing the two teams, both have been defeated by the Memphis Cyclone. The Memphis lads took the Tigers 26-0 in the first victory for the Cyclone, and last week-end, the Broncs lost to Memphis by a 20-8 score. The Broncs led the Memphis team 8-0 at the half.

The game will be a District I-A clash, but its outcome will likely have no effect on the district championship. McLean has already dropped two conference games—to White Deer and Canadian. Clarendon won over Wheeler, but lost to Panhandle, and the Broncs are not expected to be strong enough to go much farther.

McLean is still hard hit with injuries. First it was big Joe Crockett, regular tackle, who suffered a broken leg in the Phillips game and will be out for all this season. Then Eddie Reeves, back, suffered an arm injury in the Shamrock game, and will not see any action for the remainder of the season. Reeves' arm injury resulted in a blood clot, and later the clot turned to calcium. It may be necessary for an operation to be performed on the arm to remove the hardened particle, but it is believed it will go away in time. Reeves did go in during the Canadian game last week to kick off twice, but it is doubtful that he will be used at all in the Clarendon game.

THOMAS F. SHROPSHIRE, new minister

T. F. Shropshire New Minister Church Christ

Thomas F. Shropshire, formerly with the Duke, Okla., Church of Christ, has been named as minister of the McLean Church of Christ, and conducted his first services as minister Sunday.

Minister Shropshire succeeds Thomas A. Robertson, who left in August to accept a position in California.

The new minister and family, Mrs. Shropshire and daughter Ila Kay, 3 years of age, moved to McLean last week. He had conducted services here several weeks ago as a candidate for the pulpit.

Shropshire was born in Coke County, and was reared there. He graduated from Robert Lee High School, and attended Abilene Christian College in Abilene. He has served churches in Monument and Gallup, N. M., and Andrews, Post, Caldwell, Mart, and Goree, in Texas, and Duke, Okla.

USO Drive Starts Here Next Week

A "twilight" solicitation of funds for the continuance of the United Service Organizations will highlight the campaign in McLean, Howard Lorne, chairman of the local drive, said.

All residents who wish to contribute to the U. S. O. are requested to leave their porch lights burning Tuesday night, October 23, from 7:30 to 8:30 o'clock, and workers will call at the homes for the donations.

Members of the McLean Home Demonstration Club have agreed to take up the donations on Tuesday night, Lorne stated. The club members will meet at the Lions Hall at 7 o'clock that night, and will be assigned to various sections of the town.

"We believe this will be the fairest way to conduct our U. S. O. campaign," the local chairman said. "If a person wants to give something, then all he or she has to do is leave the porch light burning Tuesday night. Workers will call at the door for your contributions."

On Saturday, October 27, members of the Lions Club will be on the street corners downtown in McLean soliciting any additional funds from those persons missed during the twilight drive.

Gray County now has about 600 boys in the armed forces, and the U. S. O. is badly in need of funds if it is to be continued. The county chairman, Roy L. Bourland, has set a goal of about \$3,000, and is hoping that McLean will donate \$500 of this amount.

Methodists Begin Revival On October 28

A revival meeting will begin Sunday, October 28, at the McLean Methodist Church, and will continue through Sunday, November 4, Rev. C. W. Parmenter, local pastor, has announced.

Rev. J. C. Campbell of Fredericksburg will conduct the services, to be held each evening at 7:30 o'clock.

"On Saturday evening there will be a district youth rally at the church," and we invite all young people to attend," Rev. Parmenter said.

A general district rally will be held Sunday afternoon, November 4, at 3 o'clock in the Pampa High School stadium. Good speakers have been engaged for each of the rallies, it was explained, and the church leaders hope to have the stadium filled to capacity at the general rally.

The local revival is a portion of the Texas United Evangelistic Advance. The southern part of the state conducted its meetings last week, with pastors from this part of the state serving there. Now the exchange is being reversed, and this northern section will hold its revival.

FRANK D. TRAVIS to conduct meeting

Presbyterians Plan Revival For Next Week

A one-week's revival meeting will begin Monday evening at the First Presbyterian Church in McLean, Rev. Wm. Albert Smith, local pastor, has announced.

Conducting the meeting will be Minister Frank D. Travis of the Central Presbyterian Church of Abilene. Rev. Travis, former pastor of the First Presbyterian Church in Childress, is known to a number of McLean residents, since he conducted a meeting in McLean about eight years ago.

Week-day services, beginning next Monday, will be held in the evenings at 7:30 o'clock. Sunday morning services will begin at 11 o'clock, and Sunday evening at 7 o'clock, Rev. Smith said.

"We invite you to hear Rev. Travis, for he is an outstanding minister of West Texas. We sincerely believe that his messages will mean much to you," the local pastor said.

The sermon topics which the visiting minister will discuss are as follows:

Monday, October 22: "Christian Friendship"; Tuesday: "Two Impressions Jesus Makes"; Wednesday: "Jesus Views Temptation"; Thursday: "The Extravagance of Christian Discipleship"; Friday: "The Cross"; Sunday morning: "For Me to Live"; Sunday evening: "The Church."

Rain—

Rainfall Wednesday morning brought a total of .69 inches of moisture in McLean, Pete Fulbright, local weather observer, reported.

The rain began early Wednesday morning, and continued throughout most of the morning, sometimes falling in hard showers.

The year's total was elevated to 20.73 inches.

Recess Again To Be Declared All Next Week

School was dismissed in McLean Tuesday afternoon for a period of ten days to allow students to aid in gathering the fall cotton crop, but Wednesday morning's rain will cause delay of the harvest.

The classes were dismissed by the board of the McLean Independent School District following numerous requests from farmers in the area who have been unable to find sufficient boll pullers to gather the crop.

School was scheduled to be resumed Monday, October 29, allowing a period of about ten days for the students to aid in the necessary work. However, the rainfall of Wednesday will again delay harvesting. No classes are being held today.

It is likely, Superintendent Logan Cummings said, that classes will be dismissed all next week, depending of course, on the weather. Students will be notified of any changes in the (Continued on back page)

Funeral Rites Held Here for E.N. Dougherty

Funeral rites were held Saturday afternoon at 2:30 o'clock at the Church of Christ in McLean for E. N. Dougherty, long-time resident of this area.

Services were conducted by Thomas F. Shropshire, minister of the local church. Interment was in Hillcrest Cemetery under the direction of the Claborn Funeral Home.

Dougherty, who had made his home here for about 50 years, was found dead in his home in McLean Friday. He had not been seen since Wednesday. Theo Hensley, neighbor of Dougherty, investigated, and found Dougherty's home locked. Deputy Sheriff Jimmy Shelton and Constable Luke Henley entered the house and found the pioneer resident dead in a shower.

Justice of the Peace C. S. Rice returned a coroner's verdict of death due to natural causes.

Dougherty was born December 13, 1886, and was 64 years of age at the time of his death. He was a veteran of World War I, and had made his home in the area since about 1900.

Survivors include two sisters, Mrs. Pegri Davis of Ardmore, Okla., and Mrs. Elsie Turner of Amarillo; and two brothers, W. A. of Clovis, N. M., and J. W. of McLean.

Pallbearers were Pete Fulbright, Chas. Cousins, Homer Wilson, Paul Mortel, Boyd Meador, Earnest Beck, J. E. Kirby, and Johnnie Back.

By BEN R. EZZELL, Publisher, Canadian Record. Canadian's Wildcats passed and powered their way to a game but 58 to 6 victory over out-classed McLean Tiger eleven Friday night at Wildcat stadium.

The game, which opened the District I-A title chase for the Wildcats, marked their fifth straight victory of the season and was the season's sixth defeat for the Tigers.

Although they kept plugging until the final gun, Coach Don Leach's inexperienced Tigers were never in the running as the Wildcats unleashed a powerful running and passing attack to pile up a

three touchdown lead in the opening quarter; adding two more in the second, one in the third, and three in the final period.

McLean's only touchdown came early in the second period, when the Tigers capitalized on Jolly's recovery of a Wildcat fumble on the Canadian 25, rolled up one quick first down, and got a big break when the 'Cats were penalized (for unnecessary roughness) to the 1 yard line. Jack Bentley, Tiger halfback who showed lots of fire and drive in the 1 for the powered over from the 1 for the powered over. A fumble cancelled touchdown. A fumble cancelled the extra-point try.

The Wildcats scored in the first ten seconds of the half game, after McLean's Wayne Smith had fumbled the opening kick-off in the Tiger 10, the Wildcats recovered on the 9 yard line. Tom Schaeff swept wide around end on Schaeff's first play from scrimmage to the first play from scrimmage to score, and Dean Hoover booted the placement for the extra point. Flewelling's diving recovery of a Tiger fumble on the Tiger 43 set the stage for the second Wild-

cat counter three plays later. Dean Hoover dropped back, fired an 18-yard pass to End Ben Mathers, and Mathers raced the remaining 25 yards into the end zone untouched. Dean Hoover again booted the conversion, putting the Cats out in front 14-0 with the game barely two minutes old.

The Wildcat reserves racked up the third touchdown a few plays later, after Smith, taking the kick-off on the Tiger 10, fumbled as he was hit hard on the 20 with Buddy Gross diving on the ball at that point. Frank Young smashed over tackle from the 2 for the TD. Hoover's kick was wide, and the quarter ended with the score 20 to 0.

Bentley's touchdown for McLean came shortly after the second period opened.

The Wildcats came back fast, with Schaeff, Hoover, and Adcock alternating on a fast 63-yard scoring drive. Tom Schaeff racking up the last 16 yards on a sweep around left end. The Wild-

cats fumbled the conversion attempt.

Raymond Ramirez racked up the fifth Canadian touchdown late in the second period, setting up the play with a 60-yard punt return which carried to the Tiger 20, then smashing through right tackle from the 9 for the score. The conversion attempt again failed.

The Wildcats struck again shortly after the half, Hoover taking the Tiger kick-off in the end zone and running it out to the 35. After a pair of drives at the line, Tom Schaeff took off behind a wave of blockers, went wide at left end, and raced 63 yards to score. Schaeff then swept around right end for the extra point.

The Tigers had their big inning during the rest of the third, however, controlling the ball for most of the period. . . . but were unable to capitalize on two big breaks which offered scoring opportunities.

Led by hard-driving Jack Bentley, the Tigers rolled up four first downs in a 65-yard drive which carried to the Wildcat 10 yard line before the Canadian line stiffened and held.

The Tigers, however, had another big chance when Gale Plummer dived in, two plays later, to recover a Wildcat fumble on the Canadian 4 yard line. The threat was short-lived, Cooper, driving at left end, was hit hard by Waters, dropped the ball, and the Wildcats recovered on the 4 yard line.

At that point, Jimmy Julian, second-string Wildcat end, staged the most sensational play of the game when he snatched a 28-yard pass from Jimmie Waterfield out of the hands of two Tiger defenders. Julian apparently cut off from the pass by the two McLean players, whirled to reach over and in front of the two Tigers to snatch the pass literally out of their arms.

Dean Hoover then struck at right end to race the remaining 47 yards to score. Hoover's placement was "low, and the Wildcats led 45 to 6.

The Wildcats scored twice in the final period, Schaeff winding up a 38-yard drive with a powerful smash from the 3 for one touchdown; and Adcock smashed through tackle from the 4 yard line for the final tally.

Canadian Coach Dee Henry kept a stream of reserves moving in and out of the game throughout the evening.

A crowd of about 800 fans saw the game.

Gray County Shows at Texas State Fair

Having returned from the great Dallas fair, leaving the Gray County exhibit in the hands of J. L. Crabtree and Scott Johnson, W. H. Langley and the News man have an excellent report to make of the conditions there.

There are approximately as many counties represented in the agricultural department as there were last year, but they are not near so good, and many of them were very late in arriving.

Our own exhibit reached Dallas Friday morning, but it was not delivered to the fair grounds until late Saturday afternoon.

noon. It took all night Saturday night and the greater part of Sunday to get it up and make the necessary displays.

After being set up and the booth cleaned out, we were impressed with the conviction that there was no exhibit on the fair grounds that could beat it for quality or variety. Several counties had more tasty displays, but it was found that the decorations used last year were merely worked over, which fact will make against them in the contest for premiums.

The only formidable rival McLean will have in the matter of a county exhibit is Donley County, they having set up a magnificent display, more especially of kaffir

and maize. They also have a better and larger watermelon than we.

We feel confident, however, that the McLean country will be heard from in the finals with a score of ribbons to her share and that she will take at least second place in the county exhibit contest.

At a meeting of the county exhibitors Monday morning in the agricultural hall a resolution was adopted requesting the judges in this department not to consider in any way the products or displays made from the 1910 crop. This will eliminate the greater part of displays of several east and central Texas counties that took large premiums last year, as they were depending largely on the products of former years to make their exhibits attractive.

On account of the fact that it was not possible to secure a

CONVERT YOUR OLD LAMP Into a beautiful, modern 3 light lamp

Now . . . the glow of mellow light in your home at night. More light downward to see by, more light upward for indirect room lighting. Little loss of light from dust collecting . . . bulb and reflector are one . . . like the sealed beam headlight on your car. A quick swipe of your dust cloth and efficiency restored. AND, less blackening than with ordinary home-type bulbs. Below is illustrated how to convert your lamp so that you can use this new bulb.

Use of this new bulb (either single or three-way light) takes harsh glare out of your present portable lamps. It gives you soft diffusing . . . the "Hollywood touch" . . . you've always wanted for restful comfort of your eyes.

- NO TOOLS NEEDED
- ALL MATERIALS INCLUDED
- PUTS NEW LIFE IN YOUR LIGHT
- THREE-WAY LIGHTING ON YOUR OLD LAMPS
- LESS BULB BLACKENING
- BETTER LIGHT . . . BETTER SIGHT
- LIKE THE SEALED BEAM HEADLIGHTS ON YOUR AUTO

With the three-way bulb you have a choice of lighting level simply by flicking the switch. Plenty of good light for proper reading . . . general conversation . . . or, a "light on while you're out of the house".

In most cases the harps (shade support) on most portable lamps are not wide enough to permit the use of this amazing new bulb . . . so you must obtain from your electric dealer the simple materials illustrated.

For those type of lamps that have no harp support for shades, there is a broad harp that has a suction base. It simply screws on the outside of the bulb socket which, of course, must be the type that is threaded. Your electric dealer can help you.

Simple Conversion Materials are for Sale at your Electric Dealers

NO TOOLS OF ANY KIND ARE NEEDED. . . this is a simple step-by-step process that anyone can do in a matter of minutes. No electrical connections to make . . . everything CLAMPS in place.

IN DEFENSE

PERHAPS ONE OF THE most under-rated local organizations is the Floyd-Corbin-Florey post of the American Legion. By under-rated, we mean the organization has been condemned time and time again, "cussed" and discussed without the proper reason and facts, and run down on many occasions by people who give little consideration to the activities, beliefs, and privileges of others.

The opening phrase of the preamble to the constitution of the American Legion of the United States is "For God and country we associate ourselves together . . ." Most posts, and the McLean post is one of them, do everything possible to live up to this preamble.

Recently, the post offered the use of its building to another local organization as a meeting place. Some of the members of the other group welcomed the suggestion, but some of them made most uncomplimentary remarks.

Perhaps the remarks were justified, although we sincerely believe they were not. We did not learn, incidentally, the exact source of the remarks, and, even if we had, we would not make the source known publicly.

The point we are making is that the local American Legion Post is trying to be of beneficial help to this entire area. It is made up of men who have undergone common dangers and hardships during time of war, and who have banded themselves together in an attempt to retain the freedoms and privileges we enjoy.

This Legion post, as other Legion posts, as well as other organizations, has made mistakes in the past. This post will make mistakes in the future, just as any other organization which attempts to do anything will make. But those mistakes will be honest mistakes, made only through the human error in judgment.

Those uncomplimentary remarks made by the member, or members, of that other organization mentioned were most unkind, and, in our opinion, most unjustified. The people that person, or persons, were talking about were the same people who risked their lives, their futures, their health, in a fight which they believed right for their children and their children's children.

Practically every man who served during World War II was treated as a hero upon his return home. Now some people are considering these same men, whom they once called heroes, as low as the dirt on the ground.

We forget our obligations, our pledges, easily and conveniently, do we not?

TALK

BY LESTER

If every citizen of the United States—the good, the bad, the indifferent—could hear the scory Martin Dies, former congressman who was purged by the late President Roosevelt, it is my belief that a lot of the power which is being gained daily by the Communists would be cut off immediately.

It was my pleasure to hear Martin Dies in Pampa last Thursday night, and some of the things he said could cause such men as Thomas Jefferson, George Washington to dance a jig of fear in their graves had they the power to hear him.

Dies, as you know, was the chairman of the original congressional investigating committee, the one familiarly known as the Dies un-American committee. In 1945, Dies crossed up President Roosevelt and the other officers of the administration once too often, and Roosevelt put thumbs down on the congressman. As a result, Dies is no longer a member of congress.

But the years since the war have proved that everything Dies said and did was right. He exposed the Communist elements in the C. I. O., and only a year ago, more than 20 Communist-dominated unions were kicked out of the C. I. O. although Dies had asked John L. Lewis to do the same thing to the same unions in 1938.

In his address before the Pampa chapter of commerce group last Thursday night, Dies told of these things. He told of the 2,000 Communists he found working for the government in Washington in 1940, but that they were not removed, and are still there. He told of how Roosevelt, only hours before he died, admitted that Stalin had double-crossed him and sold the U. S. down the river. He told of how Mrs. Roosevelt petted and stood by some of the higher Communist workers while her husband was president. He told of how Joseph LaSche, head of the American Youth Congress—a strictly Red organization—had evaded draft by the army during the war due to intervention on the part of the White House.

Martin Dies says, without equivocation or reservation, that the present administration is corrupt. He told of the varying ways in which our foreign policy has been muddled, and what it has led us to.

What to do?
Dies states flatly that he favors fighting the Chinese Communists in Korea and China with Chinese who are not Communists. He favors fighting these Red Chinks with Japanese—all 73 million of them—whom we have fed and pampered for the past five years, but who were our deadly enemies during the war.

Dies emphasizes that the prosperity we think we are having is merely a synthetic prosperity. He declares that we are borrowing money from the poor people, and from our children and our children's children in order that we may enjoy prosperity now. He points out that we cannot pay the 300 billion dollar debt of the U. S. in our lifetime, and it will be our children and their children who will suffer for our mistakes.

Dies declares that we are not

Wisdom is in knowing what to do next, skill is in knowing how to do it, and virtue is in doing it.

Many men are pessimists when it comes to buying . . . but they like to buy from an optimist.

The bone of contention that people talk about often is attached to their own jaws.

The value of a goal lies in its being pushed over.

Sometimes it's a race to see which will boil first . . . the coffee or the husband.

Funny thing about temper. You can't get rid of it by losing it.

It's time to get that winter lubricant in your car, so drive in our station today, and let us winterize your auto. It will pay you in the future.

preparing ourselves for war in the proper way. He derides the Defense Act as a foolish one, the way it is now written. We need to be fighting the Communists right here in our own country now, but not those ignorant Red Chinese abroad, he says.

As for the preparedness program, Dies puts it this way: When the captain of a ship gets ready to go through a storm, he clears the entire deck of all unnecessary gear—he doesn't clutter it up with stuff the way the government is attempting to do. He prepares for the storm by getting out everything which is unnecessary. And that is what our government needs to do, Dies says.

Yes, I wish every citizen of the U. S. could hear his story. Our way of life would soon come back to us, instead of continuing on its drifting course of today.

I had never heard Martin Dies before. But I could hear his story over and over without tiring of it.

Of course, one reason I liked the address so well was that I agreed with what he said. During the talk, I tried to find something that I didn't agree with, and yet I was unable to do so.

To enjoy a speech, one must like what the speaker says. I enjoyed Martin Dies' speech immensely.

Don't forget, the slogan contest sponsored by the Jaycees will soon be ending. The deadline for turning in entries to the

contest will be Saturday, October 20. Either mail your entries to the Jaycees, McLean, Texas, or turn them over to Hickman Brown, president of the organization. Quite a large number of entries have already been turned in, but yours could be the one to cop the \$10 prize.

The sales clinic for appliance dealers, sponsored by the Jaycees last week was so interesting that it is believed it would be valuable to any type of business. So the plans now are to have a general sales clinic, with the same material presented to those attending. All local businessmen and their staffs will be invited to the one-night program. Any person may attend if they wish, for the material to be presented is good for anyone to hear. Watch for the date of the sales clinic.

GROWING PAINS In Gray County

By FOSTER WHALEY
County Extension Agent

A total of 365 bales of cotton have been ginned to date at the two local gins. Labor is still the big problem but will be helped greatly by the local schools turning out for ten days.

About 30 cotton pullers were available at the employment office in Pampa last week-end. Farmers should register with the Pampa employment office and be willing to furnish transportation from Pampa to McLean for cotton pullers.

Some Latin-American crews might reach the Pampa office by next Wednesday.

Does the addition of molasses to a ration of cottonseed meal and hulls increase gain? This question is answered in an experiment run at Texas A. and M. College.

College Station—A series of experiments showed that the addition of molasses to a ration of cottonseed meal and hulls made the ration more palatable, more feed was eaten, and gains were increased. The addition of one-fifth gallon of molasses to a ration of cottonseed meal and hulls fed to two and three year old steers for 90-100 days, resulted in an increased daily gain of about 5 pound (T. A. E. S. Bulletin 10, 76 and 86).

A fungus growth on High Plains wheat is threatening hundreds of acres. A specialist is trying to be obtained from the Extension Service headquarters at Texas A. and M. to tell farmers what to expect of this new threat to the 1952 wheat crop.

Mrs. Tom Bogard and children and Mr. and Mrs. Glen Guston of Bula visited Mr. and Mrs. W. M. Rhodes Sunday to celebrate Mr. Rhodes birthday.

Visiting in the home of Mr. and Mrs. J. W. Burrows over the week-end were Mr. and Mrs. Berna Walker and sons, Bill and Freddie, of Clovis, N. M., B. O. Burrows of DeKalb, Ill., W. O. Burrows of Roswell, N. M., Mrs. E. V. Medley of Seattle, Wash., and Mr. and Mrs. R. A. Burrows of McLean.

Mrs. J. L. Allison, mother of Clifford Allison, returned to her home in Clarendon Saturday after visiting here.

Mary Lee Stevens of Amarillo visited in the home of her parents, Mr. and Mrs. Jim Stevens, Sunday.

Sue Glass Named FFA Sweetheart

Miss Sue Glass was elected McLean F. F. A. sweetheart at the close of the sweetheart contest Saturday night.

She will be presented with an official F. F. A. sweetheart jacket, with her name and the chapter name on it, by the F. F. A. members. She will also represent the

McLean chapter in the district contest in February at Canadian.

Runners-up in the local contest were Betty Jo Patterson, Gene Havens, and Faye Glean. The contest was climaxed by a hayride to Sandspur Lake for the boys and their dates.

"We wish to thank the following people for making the hayride a success: Farris Hess, Milton Carpenter, and Harris King for their trailers; Boyd Reeves, Mr.

Duncan, and Jesse Roberts for their tractors; and the parents who gave us permission to use the lake," the F. F. A. members said.

routine as soon as possible. The labor shortage for gathering the crop has been acute for the past two or three weeks. Crops are slightly later than usual to the south, and boll pullers have not moved on north as is generally the case. The federal child labor law, which prohibits children from pulling bolls while school classes are in session, also has caused a shortage of workers.

"Hundreds of pullers are needed in Gray and Wheeler counties," L. P. Fort, manager of the Texas Employment Commission office in Pampa, said. "Some hope is held that crews will get to the area in about a week. However, they continue to be stopped by farmers south of here. Daily telegrams project the area's need to the Lubbock central station, which in turn sends a published report to every point in Texas."

Fort stated that he made telephone calls to both Lubbock and Abilene Wednesday. In Lubbock, only about 25 per cent of the cotton has been gathered, and they are in need of 4,500 pullers. Hundreds more are needed throughout the Panhandle and South Plains. The employment commission in Abilene said there were no hands available there, and that it would be time wasted for farmers to come there looking for workers.

Auto Dealers Meeting Set

A meeting will be held in Amarillo Wednesday, October 24, to discuss procedure used in obtaining registration and certificate of title on motor vehicles, and attendant problems.

The meeting, announced by D. C. Greer, state highway engineer, will be held in the court house of Potter County, and will begin at 8 o'clock in the evening. Personnel of local motor vehicle dealers, finance companies, banks, etc., are invited to attend the meeting, Greer said.

The number of vehicles registered annually in Texas has now reached 3,137,526, and is expected to increase, it was explained, and it is the desire of the Texas Highway Department to coordinate the work of these business firms, the county tax collector, and the motor vehicle division in order to render the best possible service to the public. Any persons interested are invited to attend, Greer stated.

Mr. and Mrs. Kermit Forsdick and children of Lubbock visited Mrs. A. R. Clawson over the week-end. Mrs. Forsdick and children remained and are spending the week with Mrs. Clawson.

Mrs. A. R. Clawson and Mrs. Douglas Clawson, who have both been in Highland General Hospital in Pampa, have returned home.

Mrs. Della Craig, Mrs. R. O. Cunningham, and Conald Cunningham visited in the Orville Cunningham home in Samnorwood Sunday afternoon.

Some Services Are Exempted From Price Control Set-Up

Twenty-two different types of services, which have little effect on the cost of living or which cannot practically be controlled, have been removed from price control, the Lubbock district Office of Price Stabilization announced this week.

Among services exempted are those of real estate brokers, agents and appraisers, labor relations and public relations counselors and advertising agencies, according to the district price executive, Ted Gehring.

Gehring estimated several hundred such firms are in operation in the Lubbock district which includes Gray County, along with 68 other Far West Texas counties.

The new regulation, however, points out specifically that watch and clock repair services remain under price control.

Barbers and beauticians, which already had been exempted by Congressional action, are included in the new regulation listing the exemptions. Among other exemptions are claims adjusters, dues and assessments of clubs and associations organized and operated exclusively for social, recreational, and other non-profit purposes; justices of the peace, service of mortgage brokers or mortgagees in connection with negotiation, placement and securing of mortgages; newspaper carrier hand delivery services, notaries public, commissions paid to distributors of petroleum products on consignment, process servers, services supplied directly by federal, state, territorial, or municipal governments or their agents; tucker services, and tree surgery services.

The exemption concerning municipal services does not apply to sales or services supplied in a private capacity by sub-contractors, lessees, licensees or concessionaires. District price executives also reminded sellers of toys, games, Christmas decorations, lace and yarns they must file supplementary pricing charts if they otherwise are operating under Ceiling Price Regulation 7, or if these are new categories to their business. This supplementary chart must be filed with the Lubbock District Office of Price Stabilization, 1202 Texas Avenue, Lubbock, Texas.

(Editor's Note: Mr. and Mrs. Herman Hunt have received the following letter from the adjutant general of the Department of the Army concerning the death of their son, W/O Sidney C. Hunt.)

Dear Mr. and Mrs. Hunt: I am referring to my letter dated 31 August, 1951, which confirmed the death of your son, Warrant Officer Junior Grade Sidney C. Hunt.

The military authorities have conducted an investigation to determine the circumstances surrounding the death of your son and the report has now been received in the Department of the Army. This report discloses that Mr. Hunt died almost instantly at approximately 9:05 p. m. on 28 August, 1951, at Sasebo, Kyushu, Japan, as the result of a vehicle accident.

The evidence reveals that on the night of 28 August your son, in the performance of his duties as an assistant fire marshal, was answering a call to a fire at the Sasebo Replacement Depot. The fatal accident occurred when the vehicle he was driving to the fire went out of control, ran off the side of the road and plunged approximately 20 feet into a small pool at the foot of a concrete spillway. Mr. Hunt was thrown clear of the truck. Within a

few minutes an enlisted man coming from Sasebo in an army ambulance stopped and rushed your son to the 8041st Station hospital but he was pronounced dead upon arrival by the medical officers. An autopsy was performed which showed that his death was due to a fractured skull. After a careful review of the circumstances, it is held by the Department of the Army that your son's death occurred in the line of duty and not due to misconduct.

The tragic and untimely death of your son is deeply regretted and my heartfelt sympathy is with you in your sorrow. May the knowledge that he served his country honorably and faithfully be a source of sustaining comfort to you.

Sincerely yours,
 Wm. E. Bergin
