

PLAIN TALK

By BILL PERKINS

We have never kept a personal diary but in our business all you have to do to tell how fast time flies is to look in the newspaper files.

In fact, a quick glance at the files tells us that it was just one year ago this week that the Marie Foundations began operations; the Tigerettes won the bi-district championship over White Deer; Jesse Leonard was named pastor of the First Baptist Church here and the McLean Methodist church observed the official dedication of the new building.

The years seem to be slipping by faster all the time.

Next week is Public Schools Week in Texas and an all-out effort is being put forth to encourage everyone to visit the local schools. Supt. Melton is issuing a personal invitation in today's paper to residents of the McLean school district. You will be equally welcome at the Aland and Kellerville schools.

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 104 years ago. In 1854 the first law passed establishing the public school.

It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 3 through 7. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school—if but for a day.

Big Crowd Attends Showing of Cotton John's Film Monday

McLean Methodist men, their ladies and friends were entertained at the church Monday night with the presentation of Cotton John's film, "The Seven Lean Years That Waxed Fat."

The program, which was scheduled to have been presented in Fellowship Hall of the church, was moved upstairs to accommodate the large crowd which was present.

Prior to the program, a quartet consisting of Sammy Haynes, S. A. Cousins, Homer Wilson and Jack Ripley presented a song, accompanied by Ruth Ellen Riley.

The Rev. H. A. Longino gave a brief devotional and then Cliff Day, president of the men's organization, made some brief announcements and then the film was presented.

Following the program, Cotton John made several tape recordings with local men for broadcast on KGNC, Amarillo.

Refreshments of coffee, cookies and soft drinks were served. Jim Hathaway brought local Boy Scouts to view the film and this also served as part of their regular meeting night.

Games of ping pong were played later in the evening.

P-TA Meeting Set For Wednesday

The P-TA will be held at 3:45 Wednesday afternoon, March 5, at the grade school cafeteria.

The program will be "Youth Tells Its Story," a panel discussion. Mrs. Ruth Magee and Mrs. Vera Beck will be in charge.

New officers will be elected at this meeting. The refreshment committee will be Mesdames Meacham, Watson, Hinton, Corcoran and Tibbets. Everyone is urged to attend this meeting.

McLean Schools To Hold Open House Next Week

PUBLIC SCHOOL WEEK

Dear School Patrons:

The week of March 3-7 is Public School Week in the State of Texas. It is the week in which all of us here in McLean should take a few minutes of our time and visit our schools.

We would like to invite you to visit our schools at any time during the school day from 8:45 a. m. to 3:45 p. m. and see for yourself how our classes are being taught and just what takes place in our schools today.

On Friday night, March 7, there will be open house at both the Elementary and High School. Open house will be from 6 to 8 p. m. with a band concert in the high school auditorium to begin at 8 p. m. Plan now to attend open house and meet your teachers and to see your school facilities. YOU ARE ALWAYS WELCOME IN THE McLEAN SCHOOLS.

The McLean schools are your schools, so plan now on taking a part in Public School Week by visiting your schools.

Yours truly,
Freeman Melton, Jr.,
Supt. of Schools

Plans for the observance of Public Schools Week in McLean have been announced by Superintendent Freeman Melton, Jr. The observance will be held Monday through Friday of next week and patrons are invited to visit the schools at any time.

Supt. Melton and Principals Harold Bunch and Dale Parvin said that parents are always welcome to visit McLean's schools but that a special invitation to do so is extended them during the next week.

Open house will be held at both the elementary school and the high school Friday evening from 6:00 to 8:00 o'clock. Teachers will be in each classroom to show all visitors through the schools and to explain the work that the students are doing and their various studies.

At 8:00 o'clock, following the open house, a concert featuring the McLean bands will be held in the high school auditorium.

Mr. and Mrs. J. P. Dickinson were in Shamrock Sunday afternoon.

LIONS CLUB TO MEET AT SCHOOL

Members of the McLean Lions Club will be guests of the local schools and the next regular luncheon meeting will be held in the school cafeteria at noon March 4. Secretary Elmo Whaley has announced.

Superintendent Freeman Melton, Jr., issued the invitation at a recent meeting of the club, and has urged all Lions to visit the schools following the luncheon, since the meeting date falls during Public Schools Week.

All Lions are reminded that the next meeting will be held in the school cafeteria at noon March 4, instead of the usual place.

McLean Methodist To Participate in Evangelistic Efforts

The McLean Methodist Church will be participating in the evangelistic efforts to Tell Texas About Christ this Sunday, with the Great Day of Witnessing.

The membership and evangelism commission will send out visitation teams as Jesus did of old, "two by two," to tell others about Christ.

They will be witnessing through the day during both the morning and evening worship services. James Clett is chairman of this group.

Vehicle Inspection Is Behind Schedule

With less than two months left in which to have motor vehicles inspected, Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, urged motorists to obtain their 1958 inspection stickers immediately. In doing so, he said that 64% of the registered vehicles in Texas have not been inspected for the current year.

"At the present rate of inspection it looks as though the usual 10% who wait until the deadline for inspections will be waiting in line on April 15. With crowded inspection stations on this deadline date, immediate service cannot be rendered and car owners will suffer an unnecessary loss of time and inconvenience."

Nearly half of the vehicles already inspected have required some adjustments or repairs which require more time for both the owner and the inspection station and can be handled better when not rushed.

The state police inspector said much time can be saved if car owners obtain their 1958 inspection stickers early.

Cemetery Group To Meet Tuesday

The Hillcrest Cemetery Association will have a meeting Tuesday night, March 4, at 7:30 o'clock in the City Hall.

New officers will be elected. Peb Everett urges everyone to attend this meeting.

VILLAGE GOSSIP

Teen Town will be held Friday night at 8:00 o'clock.

Call 47 for classified ads.

TIGERETTES AND WHITE DEER DOES PLAY HERE TUESDAY

The bi-district championship game between the McLean Tigerettes and the White Deer Does is scheduled to be played at the Municipal Building in McLean next Tuesday night, March 4, beginning at 8:00 o'clock.

FOLKS and FACTS

BY BILLIE PERKINS

Kid and Myrt McCoy returned home last Thursday after a wonderful two months in the Hawaiian Islands. They visited their son, Dr. Kid McCoy, and family in Kauai, Hawaii. Kauai is about a thirty minute flight from Honolulu. They visited three other islands besides Kauai. The McCoy's made the trip on the SS Matsonia, a luxury ship.

We heard Billie Brown gave a very interesting program on Hawaii at the Pioneer Study Club Thursday afternoon. Billie has several friends in Hawaii and she displayed several handmade articles from the islands. Boyd Meador attended a Lions meeting in Lefors Monday night. District Governor Bill Smith spoke to the club. Betty Dickinson of North Texas State College in Denton visited her parents, Mr. and Mrs. J. P. Dickinson, and brother, John, during the weekend. Betty is really enjoying college at North Texas. Mr. and Mrs. J. Garland (Cotton John) Smith and daughters, Duchess and Victoria, and Bill Rhew and Burl McClellan of Amarillo had dinner with us Monday night. The Smiths brought the film, "The Seven Lean Years That Waxed Fat," to be shown at the Methodist church. Bill and Burl were en route home from Shamrock where they recorded several things for KGNC-TV. It was like a school reunion for Bill since all five attended East Texas State College in Commerce. Mr. and Mrs. Harold Bunch and children visited relatives in Hobart, Okla., over the weekend. Mrs. Clifford Allison visited Mrs. Mike Murff and daughters, Allison and Tanya, in Amarillo Wednesday. Haven't we been having beautiful weather? It looked like another pretty day early Wednesday but by mid-morning the sand was blowing. It was getting dark and finally started to rain. Some were saying we would have a black duster. Dan True said four years ago today (Wednesday) a black duster hit the Panhandle. We have never seen a black duster but it must be terrible. It is hard to imagine it getting dark as night in the middle of the day.

Coach Jack Riley's Tigerettes competed against the White Deer girls last year to determine the bi-district winner of Districts 1-A and 2-A. The Tigerettes were successful last year in turning back the Does 53 to 44 and went on to regional play against Ropesville.

Admission to Tuesday night's game will be 75 cents for adults and 50 cents for students.

CLAUDE AND ALLISON TO PLAY HERE MONDAY

The Municipal Building in McLean will be the scene of another bi-district championship game Monday night, March 3, to determine the winner of Districts 11-B and 12-B.

This game will be played the night before McLean's own championship bout and will feature sixtets from Claude and Allison.

Admission to this game also is 75 cents for adults and 50 cents for students.

In non-conference games played here last Friday night, the McLean boys "B" team lost to Quail 40 to 29.

On the same night in "A" team games, the Tigerettes won 64 to 47 and the Tigers won 68 to 63 over Quail.

In a practice game played here Tuesday night the Tigerettes won over Lakeview girls 59 to 52.

Top o' Texas Stock Show Scheduled To Begin Monday

The Top o' Texas Stock Show will get under way next Monday morning at Recreation Park in Pampa with the judging of fat barrows at 9:00 a. m. Fat steers will be placed in the afternoon with Dr. M. R. Calliham of West Texas State College doing the judging. A total of 195 barrows and 50 steers have been entered by 158 FFA and 4-H Club boys in the six county area.

Calves and pigs will be sold at auction in the sales arena beginning at 9:30 a. m. Wednesday, with Col. Walter Britten crying the sale.

McLean boys who have entered stock in the show include David Woods, FFA, two Angus calves, and Jackie Hess, a Hereford calf. Boys entering swine include Paul McCurley, Jerry Biggers, Jerry Stubbfield, Gerald Tate, Orphus Tate, Jim Rice, Larry Back, Jim Goldston, Bob Weaver and Harry Tate.

H. H. Reeves of Shamrock will judge the Hereford breeding cattle Tuesday afternoon. These cattle will be sold at auction on Wednesday afternoon.

The annual FFA livestock judging contest will be held in the judging arena Tuesday morning. Over 59 teams have entered this contest. Awards and contest results will be given out at a banquet in the high school cafeteria at 5:00 p. m.

Other stock show events will include the exhibitors barbecue Monday evening in the show barn, and the Hereford breeders banquet at the Methodist church Tuesday evening.

All pigs and calves must be weighed in by noon Sunday. Sighting will be done at 1:30 p. m.

Band Banquet Set for Friday

The annual band banquet will be held this Friday night in the school cafeteria.

A musical theme will be carried out in the decorations. Again this year the banquet will honor the band king and queen.

COUNTY JR. LIVESTOCK SHOW SET FOR PAMPA SATURDAY

REVEILLE

... with the boys

Cadet Corporal Bill Rodgers, son of Mr. and Mrs. Frank Rodgers of McLean, is an honor student at Allen Military Academy in Bryan. Bill ranked sixth in a class of 58.

Kenneth Hughes spent the weekend with his parents, Mr. and Mrs. John Hughes. He is in the Air Force stationed at Roswell, N. M.

Junior High Band To Participate in Public Schools Week

The McLean fifth and sixth grade combined band will give a program along with the high school band March 7 in the high school auditorium in connection with Public Schools Week.

The program will start at 8:00 p. m. and will be free. The program will get underway with selections by the grade school band. The high school band will present a varied program of contest, popular and march selections (maybe a rock n' roll number).

Spring contests are in the offing for both organizations; the first one being solo and ensembles for the high school March 22. On March 28 the grade school band will journey to Perryton for their first contest entry.

April 10 the high school band will attend the festival at Borger. Again in April the grade school band will participate in solo and ensemble contest in Perryton. The final contest will take place on April 25 with the high school group at Canyon. All contests are interscholastic league sponsored, with the exception of the one in Borger.

Mrs. Ora V. Saunders Elected to American Angus Association

Mrs. Ora V. Saunders of McLean has been elected to membership in the American Angus Association at St. Joseph, Mo., announces Frank Richards, secretary.

Mrs. Saunders was one of the 20 purebred Aberdeen-Angus breeders in Texas elected to membership during the past month.

Shamrock School Dedication Set

Supt. Kenneth Laycock of the Shamrock schools has announced that a dedication program for the new high school building will be held at 2 o'clock on March 2. Open house will be held from 1 until 4:30 p. m. and all high school faculty members will be in their rooms to greet the visitors.

George L. Graham, executive assistant to the president of Hardin-Simmons University, Abilene, will deliver the dedication address.

From the State Capitol HIGHLIGHTS AND SIDELIGHTS

By VERN SANFORD

"How's Business?"

Whenever two men stop to talk, this question is almost sure to pop up. With state and nationwide interest focused on the slackening of the economy, there's much searching for signs. It means trying to decipher the economic analysts' jargon about "downward plateaus" and "rolling adjustments." It also means watching whether the neighbors are buying new clothes or patching the old ones.

On the state level, the spotlight is on the Texas Employment Commission. Its weekly tabulations on the number of people making unemployment claims was for years regarded as the most routine of routine reports.

Today TEC's reports are looked to, almost breathlessly, for the first sign of betterment. The most recent brought no encouragement. It showed that 75,746 persons covered by unemployment benefit were out of work. It was an increase of 3,585 over the previous tabulation and 32,816 more than at the same time a year ago.

February reports are of particular interest. Even in good years, mid-winter weather pushes employment down by keeping such job-making activities as farming, construction and retail trade at least partially "soaked in." February's final week usually is the beginning of the recovery period.

This year, as at no time in the past decade, TEC's end-of-winter reports are being looked to as a weather vane.

New Business Begun Along with the gloomy, TEC has good news—62 new businesses opened in Texas last month. They ranged from a cafe in Austin to a garment factory in Denton. Dallas got the lion's share—15 new firms.

Immediate effect: 910 new jobs for Texans. IAB Called "Model T" Texas had better streamline (Continued on back page)

Pioneer Study Club Meets Thursday With Mrs. Elmo Whaley

The Pioneer Study Club met Thursday, Feb. 20, in the home of Mrs. Elmo Whaley.

Lovely refreshments of lemon chiffon pie and coffee were served by the hostess.

President Ruth Whaley conducted the business session. Billie Brown, dressed in aloha shirt and lei, led the group on a colorful tour of the Hawaiian Islands. She told of the many different and interesting customs of the people and displayed several hand-made articles from the islands.

Aloha was bid to Sinclair Armstrong, Alice Short Smith, Erma Hester, Clara Hupp, Pearl Bogan, Mary Tom Riley, Lavine Hathaway, Wanda Lamb, Cecile Parvin, Ruth Ellen Riley, Mary Emma Woods, Ruth Magee, Margaret Coleman, Loree Brown, Evelyn Stubblefield, Vera Back, Geraldine Fultz, Betty Bunch, Ruth Whaley, Billie Brown and Mrs. Craver.

Sweetheart Banquet Held by Kellerville Young Baptist Class

George Washington's Birthday was the theme for the second annual Sweetheart banquet held Feb. 22 by the Kellerville Baptist intermediate class at the Rambler Restaurant in Shamrock.

The centerpiece was a hollow log topped by a white glittered hatchet, with a red, white and blue bow with long streamers. Individual favors were tiny logs topped by red hatchets with tiny red white and blue bows. Bobby McPherson, class president was master of ceremonies.

Miss Clara Mae Evans and Bobby McPherson were crowned as queen and king of the sweetheart banquet. They were selected by secret ballot and the selection was kept secret until their coronation. Mystery dialogues containing the secret of the king and queen were presented by Mrs. Donald Stafford, training union sponsor, and Gene Pike, Sunday school teacher.

The king and queen were presented a gift from the class. The class surprised Mrs. Stafford and Mr. Pike with a gift expressing their appreciation. Hershah Lawson presented the "Life of Washington" and Bobby McPherson was speaker of the evening. Thanks was given by Charles Evans.

Attending were Carolyn Tinkler, Eddie Brown, Verlene Tinkler, David Woods, Clara Mae Evans, Don Kite, Hershah Lawson, Ruth Pagan, Bobby McPherson, Ray Hupp, Gary Gray, Charles Evans, Ronald Smith, Jacqueline Davis, Ava Nell Burdine, Alvie Burdine, Charlotte Hess, Glenda Seitz, Carol Lawson, Paula Sue Brown, Jerry McPherson, Linda Burnett, and Mrs. Stafford and Mr. Pike as sponsors.

Baptist Girls Auxiliary Meets

The Baptist G. A.'s met last Tuesday at 4 o'clock. The meeting was called to order by Joyce Smith. The roll was called, the minutes read, and the president called on Barbara Simpson to offer a prayer for the missionaries of the week. This was followed by the G. A. song, "We've a Story to Tell." Then the girls said their star ideals and pledge. The program was on the "For-

ward Steps."

New G. A. counselors are Mrs. Tib McCuiston and Mrs. Truitt Stewart. Judy Candler was welcomed as a new member.

Come and Go Coffee Honors Recent Bride

Lefors—Mrs. Dan Johnson, recent bride, was honored with a come and go coffee in the home of Mrs. C. C. Mullins in the Coltexo Gaoiline camp, Saturday morning, Feb. 22, between the hours of 10:00 and 11:30.

Hostesses with Mrs. Mullins were Mesdames W. C. Breining, F. P. Brown, Bernard Johnson, W. R. Combs, Walter Pflug, E. D. Ross and W. T. Cole.

In the receiving line was the honoree; Mrs. Dan Johnson, Sr., mother of the groom; Mrs. J. R. Lawson, sister of the groom, of Kellerville; and Mrs. Breining.

A corsage fashioned of white carnations on white net with white satin ribbon was presented to the honoree, with a similar corsage presented to the mother of the groom.

The serving table was covered in a white linen cutwork cloth centered with an arrangement of yellow gladioli, jonquils, and orchid iris in a crystal vase.

Mrs. Breining presided at the silver coffee service, with sweet rolls being served from a silver plate by Mrs. Pflug. Table appointments were crystal and sterling silver, with the white napkins engraved with the inscription "Jo and Dan."

The gifts were displayed on another table also laid with a white linen cloth.

Guests were Mesdames Jim Thurmond, Gordon Stafford and Ray Jordan of Pampa; and Mesdames J. R. Lawson, L. W. Upham, Bill Teel, Charles Earheart, C. E. Vincent, Arlie Carpenter, E. J. Pafford, Wesley Daniel, A. W. Shoffit, Ray Boyd, Dean Higgins, Earl Atkinson, and Sara Mullins.

Approximately 50 persons sent gifts.

John COOPER'S FOOD MARKET
THE BIGGEST LITTLE STORE IN THE PANHANDLE
McLEAN, TEXAS PHONE 35

By VERN SANFORD

Fish hatcheries of Texas now are ready to provide as many fish as will be needed to stock the new lakes that have become filled with fall and winter rains.

There is a mistaken idea on the part of many people about these hatcheries. Because our hatcheries have done a great deal of stocking of some of our major lakes and streams in the past, there is a tendency on the part of many persons to think that this work is a continuing project. This is not so. Today our fish-

hatchery system works differently. There is a definite need for fish hatcheries in Texas. But except in unusual cases they do very little stocking of big lakes.

They have discovered that poor catches are, in many cases, the result of over-population of a lake. Restocking just adds to the seriousness of the situation.

On the other hand, Texas with its myriads of small lakes, created on farms and ranches and across dry creek beds, boasts numerous places for heavy hatchery production. Each time one of these small lakes is built, and fish are stocked, it provides fishing for a few more people.

These are private lakes, of course, but they furnish very fine fishing for those who are lucky enough to get permits to fish in them. In turn that takes the pressure off of public waters to a great degree.

Texas may be shy on public lands for hunting, but it certainly isn't shy on public waters

for fishing. Except for far West Texas and the Panhandle there are fine lakes within a short drive for everyone. And Texans really are using them, too. Ditto for the Gulf Coast.

Launching Ramps Needed

One of Texas' greatest needs today, insofar as outdoorsmen are concerned, is for more and better launching ramps so as to provide greater access to these fine lakes and the Gulf Coast waters. With so many more boats and a rapidly increasing number of fishermen, it is becoming more and more difficult to find places to launch boats, without having to spend hours awaiting your turn.

Building new launching ramps, and improving the old ones, is a job that might well be undertaken by local groups, or the city, or the county. It also is possible that the State Highway Department might be able to build a few access spots where highways cross some of our streams.

Certainly all of us agree that it is important that state gasoline tax funds be used to build roads for the use of those who pay the tax. It must be remembered, however, that a trailer and a boat drain much gasoline from the car. Then once the boat is in the water it becomes a motor fuel consumer, too.

While there is a tax exemption on non-highway use of motor fuel, it is seldom if ever claimed by the small boat owner. For that reason our road builders might look ahead just a little and assist in providing access.

A Sonic Fishing Idea

It is interesting to note how some of the primitive methods that we use to catch fish eventually are improved upon—then placed on the counter to sell. For instance, we have, for a long time, been rigging up jigs on foot-long leaders to follow after deep running plugs.

They were good for both white and black bass.

Now comes Heddon with an improvement on the idea. It is the firetail sonic. It makes a noise the fish can hear, and has a tail section that glows. This is supposed to irritate the bass and if he hits a little short, he still gets hooked.

This firetail won't be a particular menace to the fish population—especially in Texas, because we have so many fish. By the time it gets to working good the fish will get smart and then someone else will come up with something new to lure the fish and fishermen.

Sand Bass Are Active

Sand bass now are running in all their glory. We've seen some tremendous catches made within the last couple of weeks. They are especially active where fresh water creeks are flowing into lakes, and in the tailraces just below some of the big dams.

They are hitting on everything. Some like minnows. Others take spoons or plugs.

There has been some fine sand bass fishing in the Rio Grande. Sandies from Falcon Lake have gone up the river as far north as Laredo, according to reports.

Biologists also are stocking Lake Houston this spring, with some sand bass brood stock. One good stocking in Lake Houston and in a couple of years it should provide fabulous fishing.

Incidentally, black bass and crappie fishing is going begging in this fine lake, according to reports. It can stand much heavier fishing pressure than it is getting. This is one of the most beautiful lakes in Texas.

How About Your Vacation?

Right now a lot of people are beginning to think about their summer vacations. The kids will be out of school almost before we know it. How about vacationing in Texas? There are so many interesting places to visit and so many beautiful sights to see that it will be easy to pick out a place.

You can take a wonderful Texas vacation at little cost, and it can be one for every member of the family.

An excellent map of Texas is provided by the State Highway Department. Your local highway engineer can give you one, or you can write the Austin office. Also, all the major oil companies have excellent maps. Most of them also provide a special service from the home office, giving you interesting information on the various localities. Filling stations can, of course, furnish maps. Some have descriptive folders, especially of lake areas. Another good contact is your chamber of commerce, where you can obtain folders about many Texas areas.

Quail Hunters Please Note

If you want some good quail hunting this fall right now is the time to get ready for it. If you have acreage that will provide cover and food for the birds contact your game warden, or write the Game & Fish Commission in Austin. You can make arrangements with them to get these birds for restocking at a

very reasonable price. Some hunters also have found it advantageous to buy a few quail and place them on land to assure good fall hunting. Might

try it. Beethoven wrote some of his greatest music after becoming deaf.

The McLean News Thursday, Feb. 27, 1958 McLean, Texas Pg. 3

NOTICE TO PROPERTY OWNERS DESIRING CURB AND GUTTER AND FULL WIDTH PAVING

1. No curb or gutter or paving will be laid where paving does not connect with paving.
2. The cost per running foot for property owners for curb, gutter and paving (36 ft.) will be \$2.75 per foot, each side.
3. The City has reduced this cost 1-3 which the City will pay, giving you the cheapest paving that we know of in any town. Original cost is \$4.13 per running foot on each side.
4. The City will not attempt to work this program up. It will be left to the property owners. Each block should appoint a chairman to secure the consent of each property owner for this work and to collect the property owner's share for the work done. When this has been done and the money available, the City will commence work.
5. This cost will include the services of a competent engineer so that paving will be laid correctly on grade and drainage.
6. Paving will be prime coat and two applications which gives you first class pavement.
7. If you so desire, this can be paid for as follows: One-fourth down, balance in one, two or three years. Interest rate 6 per cent which is the rate the City will have to pay for borrowed money to do this work for you. City will execute a paving lien against your property for unpaid balance.
8. This work can only be done during warm and dry weather. We would like to start preliminary work immediately and know the number of blocks of paving which will be laid, so it is up to the property owner to decide now whether or not they want this paving.
9. The above price is contingent upon being able to pave at least 4 blocks and price will only be good for this summer's work.
10. In considering the cost of the paving please realize that it is returning to you in property value much more than the paving cost.

FREEDOM IS A MIGHTY SWORD

We Americans can rightly be proud of the fact that we are a peace-loving people. That our aim as a nation is to strive to improve human welfare, with freedom and justice for all. *Such a people is always slow to anger, tolerant and patient. But when patience is exhausted, a peace-loving people can turn its peace-time skills into weapons of fierce and righteous wrath. There is only one way such a nation could be enslaved. That would be through propaganda that misleads; through lack of knowledge, and of truth. America's greatest strength is... freedom of the printed word... to give the people truth, truth that builds freedom of thought, of word, and of vision. *This great Freedom tempers the steel out of which a nation and a people can forge mighty swords.

-3-
money has been pretty tight with us. And Bill has been saying we just couldn't afford a new car now. Well, he gave me the surprise of my life today. He drove home a big new **FORD!** It's a Custom 300 Sedan and the prettiest car you ever saw. It drives like a dream, Mom! And just listen to this—Bill bought it for less than the similar model would have cost us last year. Be sure to tell Dad about this... and maybe you'll get one of these grand new Fords, too.
Love,
Mary

P.S. TELL DAD TO GO IN AND SEE HIS LOCAL FORD DEALER WHO WILL MAKE THE BARGAIN EVEN SWEETER WITH A WHOPPIN' BIG ALLOWANCE ON HIS OLD CAR!
BILL

ARE YOU FIT TO DRIVE?

You may have a good driving safety record and feel you are in excellent health. Even so, there are circumstances under which you are not fit to drive.

That finding comes from the American Medical Association, and is elaborated in a new pamphlet. Here are some of the things that make a driver dangerous.

Emotional upsets. If you can't keep your mind on the wheel and off your worries, you shouldn't be behind the wheel.

Driver's attitude. Some drivers feel the other fellow is always wrong; some are aggressive and intolerant. They need to grow up—to become mature.

Sleepiness. Dozing is not restricted to night driving. On long trips the driver should rest every two hours and drink coffee or cola to stay alert.

Medicines. Some medicines, including sedatives, tranquilizers, cold tablets, etc., may dull reflexes or impair coordination. Stimulants may make a person nervous. Consult your doctor about the side effect of drugs.

Other hazards listed in the AMA pamphlet include faulty vision, certain nerve and heart disorders, diabetes, old age—and, of course, drinking. All of these conditions can result in special hazards—all require preventive measures. It's a case where knowing ourselves and acting accordingly could produce a heartening drop in highway carnage.

POWER OF THE PRESS

A leading association of retailers recently held a convention. And one of the highlights developed, according to an Editor & Publisher account, is that "Newspapers remain tops among retailers as the prime implement for moving goods.

That speaks well for the power, prestige and durability of the press, in this era when all manner of media are scrapping for a share in the advertising dollar. The printed word, in regular-issued periodicals, has not lost its magic.

AGAINST THE PUBLIC INTEREST

The federal excise taxes were originally applied to certain luxuries—to commodities which people could do without, such as liquor and cigarettes. The consumer had direct control over how much, if any, of these taxes he would pay.

That is no longer the case. For in addition to the luxuries in question, excise taxes have been applied, usually in the name of war emergency, to services which are absolutely essential to all business and to the vast majority of families.

The telephone is one example. The tax—on both local and toll messages—is now 10%. It is not a tax on the telephone companies. They simply act as tax collectors. It is a direct tax on each and every one of the millions of phone subscribers. It is an inflationary tax, adding to the cost of living.

A resolution adopted by the National Association of Railroad and Utility Commissioners last fall said: "The existing federal excise taxes on communication services are discriminatory and contrary to the best interest of

the public." At about the same time the Los Angeles Times reported: "One of the most practical ways of affording the average citizen some tax relief, according to Rep. H. Allen Smith . . . is repeal of the 10% telephone tax. The telephone, he contends, not only is a necessity but the only utility so taxed."

We hear there is small chance of general tax reduction now. But that does not mean we cannot repeal taxes which are discriminatory, of a class nature, and which go against the principle that taxation should apply equitably to all. The phone tax is that kind of tax.

**40 Years Ago—
IT HAPPENED HERE**

Taken from the Files of The McLean News, 1918

Leave for Camp Travis
 George Saye, Temple Rogers, Bill Haynes, O. A. Parcells and Clary Bird of McLean, together with a number of others from various parts of the county, went to Alameed yesterday afternoon and took the train last night for Camp Travis, where they go into training with National Guard units.

One of the largest crowds ever seen in Alameed was at the train to see the boys leave, and there was a big crowd of folks at the station in McLean to see them when the train came through.

Reagan Accepts Call
 Rev. John F. Reagan, who preached at the Baptist church the last two Sundays, formally accepted a call to the pastorate of this church at the Sunday evening services.

Rev. Reagan's call was for full time. This marks a long step in the progress of the church, as they have heretofore used only half-time pastors.

The new pastor and wife will be a valuable addition to our citizenship, and The News joins in welcoming them to the city. They will probably move here in a few days.

Loses Fine Bull and Hogs
 R. L. Harlan of north of town had the misfortune to lose a fine \$1000 Hereford bull last Saturday in a rather peculiar manner. The animal was sick for a day or two and Mr. Harlan was unable to determine what was wrong.

He skinned the bull and left the carcass in the lot for the hogs to eat, which is a custom commonly practiced among stockmen. There were 19 head of fat porkers in the lot, and by Sunday every one of them was sick. They began to die on Monday, and by Tuesday night they were all dead.

The loss is rather heavy, for the hogs were worth \$600 on the local market, and the bull was a blooded animal of considerable value.

It has been suggested by some

that this was the result of poisoning by some German spy, but Mr. Harlan does not think so, as the poisoning of one animal seems to be too small a scale for such operation.

Personals
 Misses Katie Robinson, Ethel Morgan, Alma and Leona Watkins went to Shamrock Saturday. Luther Coffey and wife, Mrs. J. C. Coffey, Mrs. Arthur Erwin and Miss Lois Bullock motored to Shamrock Sunday.

Mrs. J. W. Kibler returned Wednesday from Fort Worth, where she has been visiting her son, Byron, who is in training at Camp Bowie.

J. O. Quattlebaum, wife, and son, John, and Miss Lyda went to Clarendon Wednesday, returning the same day.

John Williams and wife of Amarillo were here last week to see her brother, W. L. Haynes.

T. M. Potts and wife of Lakeview are visiting Mrs. Potts' brother, L. E. Beck, and family.

J. W. Kibler and Misses Orma Kibler and Katie Robinson went to Wellington Sunday.

Misses Jessie Alexander spent Saturday night and Sunday at the Y O U ranch.

Will Turner of Jericho was here Saturday and Sunday visiting his parents.

Tax-Man Sam Sez:

It would seem unnecessary for Uncle Sam to remind taxpayers that he would like to have a check along with the taxpayer's income tax return on which tax is due. Nevertheless, Uncle Sam goes into the letter writing business asking thousands of taxpayers to please send in a check for the tax they owe on their income tax return because the taxpayer didn't send his check along with his tax return. All of us have to go some time and those tax dollars have to go with the income tax returns.

One-twentieth of the world's population lives south of the equator.

Reduce Delinquency

**VI
LEARNING CRIME?**

(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

Gatesville, as you know, is the state school for delinquent boys. Only the worst offenders should be committed there, but unfortunately many counties do not have facilities for handling boys who cannot be rehabilitated on probation. Many others do not have probation officers, paid or voluntary.

The result is that in some instances small boys 10 to 13 are sent to Gatesville simply because the county doesn't know what else to do with them. They may have committed only minor offenses and have no home.

Too Young

Such boys are really dependent and neglected rather than delinquent. They should never have been sent to Gatesville and it is not good that they are there.

These 40 to 50 younger boys sleep in a separate cottage. But otherwise—at meals, in school, and at play—they mix with older boys who have longer and more serious criminal careers and are good instructors in the ways of crime.

Too Little Remedy

The last regular session of the Legislature did not provide a separate school for younger boys but did remedy the situation in PART. Dormitory and eating space were provided away from the main campus.

In many activities, however, the younger boys WILL CONTINUE TO MIX WITH THE MORE HARDENED OLDER BOYS, and only when the schools are entirely separate can the facilities be considered adequate.

Reduce Delinquency

**VII
HOW TO GET WHAT WE NEED**

(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

Texans like to brag—and we have much reason to be proud. But we can't brag about our facilities for handling juvenile delinquents. They're inadequate.

The state institutions are heavily overcrowded. There are no state parole officers for children released from them. Many counties have neither institutions nor parole officers.

While the Legislature provided for some additional facilities, the buildings will merely permit less crowding and replace unsafe structures. No more children will be accommodated. No probation officers were authorized.

You Can Get Them
 There is, however, something that can be done, and it is up to us, the people, to do it.

Public officials respond to what the voters want. On the county level it is the Commissioners Court, and for the state the Legislature has the responsibility.

If there is strong enough public opinion favoring adequate facilities and probation officials, our representatives in county and state office will provide them.

Develop Public Opinion
 Public opinion is something you can be a force in developing. Talk to your friends, your clubs, your church. Write your legislators, county commissioners, newspapers.

And if your county is too small to afford paid probation people, get volunteer ones, ministers, other people with character . . . yourself!

Next week: The Biggest Factor.

**I GIVE YOU
TEXAS
By
BOYCE HOUSE**

Had lunch recently with the man who made Sam Bass famous. Bass has always been famous in Texas but not until Wayne Gard wrote the outlaw's life back in the 1930s did the "Robin Hood of Texas" become nationally known. Since then, Bass has been the subject of a dozen motion pictures.

Gard's next book—(it will be out in the spring)—is the biography of a horse, Steeldust, the old-time racer that has become almost a legend.

"Cap" Curry of Fort Worth who lived in Breckenridge during the oil boom and afterward, recalls a wagon going through the streets with a sign reading: "Water or oil, \$1 a barrel; take your choice."

There was a rock-and-roll song which, when it came out, I thought had reached the absolute limit in simplicity of words. It went like this:

"Jim Dandy to the rescue" (Thump-de-thump by the drum)
 "Jim Dandy to the rescue" (Thum-de-thump).

But one has come along since then that makes Jim Dandy's words complicated. The words of this later song are just two and they are as follows, to-wit "He's mine."

This is said over and over with now and then, "Yes" thrown in for good measure.

I am planning to write a song of only one word—a one-syllable word—and then sit back and watch the royalties from the juke box records roll in—you might say rock-and-roll in.

A young newspaperman was going to go from Fort Worth to San Angelo but decided to see something of the country by going by way of Amarillo. At Wichita Falls, he went by the newspaper office on the chance that he might earn a little travel money by a few days work and found that the owner had been

PASTOR'S STUDY

BY Jesse Leonard, Pastor First Baptist Church

SACRIFICE

As I write a religious editorial I am well aware of the fact that it will be "easy to be as someone might say "all wet." A person can always be forgiven for lack of wisdom but never for lack of courage when it comes to adventure and progress.

It has been said frequently that "I would not live in a community where there are no churches," which I consider a very weighty statement; although there is a great inconsistency in such people. They are not aware of the fact that our Constitution is based upon the Bible. Many gallons of blood were shed from the veins of our American soldiers, your sons, husbands, and fathers, that we might have freedom of worship. Was it all in vain? It is to those who do not worship, to those who had rather stand on the street corner as members of the "Spit and Whittle" club than attend church with the rest of their family. Yes, I am aware of the many excuses: "All the preachers talk about is money"

—a habit the majority of our merchants have; "I don't like the preacher"—from their attendance record they didn't like the last dozen or so; "Too many hypocrites in the church"—not realizing most churches have room for one more. Many excuses but few reasons.

As I look at our churches, which are far above the average for a community of this size. I see there has been much sacrifice on the part of your loved ones who have gone on before. They have done this in faith that you would attend and worship God. Has their sacrifice been all in vain? I think it would be safe to say that there has been a sacrifice of more than \$200,000 for the church property of McLean.

The biggest sacrifice of all was when God gave His Son that you and I might have life. Is it asking too much that you sacrifice a little selfish pleasures, do away with your indifference and get wise to the word of God which says, "If you are not for me you are against me." Attend the church of your choice Sunday.

Senator Yarborough's WASHINGTON REPORT:

In an effort to bolster the farm economy of Texas and the nation, I have filed a bill to increase cotton acreage allotments and authorize loans to help cotton farmers plant their land.

Purpose of the bill is "to provide an emergency relief program for the 1958 production of cotton." The program is needed because thousands of cotton farmers are in bad shape financially and several million bales of high quality cotton are needed to meet the current shortage.

The bill I have filed provides that the acreage allotment for the 1958 crop of cotton for each farm be increased by one acre or 10% of the total of such allotment for 1958, whichever is greater. It also provides that those farmers who need money to operate their farms may secure Administration in the amount they would be able to qualify for under soil bank payments if they had banked their land.

My bill gives the farmer an option: He may bank his land or get more acreage. He cannot do both. The loan provision applies to both those who have signed up for the soil bank, and those who did not.

With a short supply of good quality cotton, the cotton farmer of Texas, particularly the small

farm owner or tenant, farmer, does not need to be paid under the soil bank not to farm. What he really needs is a program that will help him get credit to plant his land and live until he makes a crop. He also needs a high enough acreage allotment where he can raise enough to give his family a decent living.

CARD OF THANKS

We wish to express our thanks and appreciation to all our friends and the church for all the wonderful flowers, foods and the way all have been so faithful to help us in our loved one's sickness and death. Our prayers for all.

The Kunkel Family and Relatives

About 90% of all heart disease is caused by hardening of the arteries, high blood pressure and rheumatic fever. Research, supported by the Texas Heart Fund, is seeking the causes, cures and preventions of these conditions. Help Your Heart Fund Help Your Heart.

Broadway Avenue in New York City is the longest street in the world.

its industrial accident system before Washington steps in, warns H. C. Pittman.

"It's a Model T operation in a jet age," says Pittman, who is chairman of the Industrial Accident Board. Result is that Texas employees pay more and Texas employees get less than in most any other state.

"I'm ashamed of it," said the board's chairman. He blamed the creaky operation on out-of-date laws (system was set up in 1913) and public indifference.

LAB is the state agency that processes, supervises and keeps record of payment of claims arising from industrial accidents. Its work has increased substantially in recent years.

Pittman spoke at the annual safety clinic of the Texas Highway-Heavy Branch, Associated General Contractors. Clinic is climax of year-long effort to reduce accidents in construction.

Gov. Price Daniel presented awards to companies with the best safety records for the past year.

Mass Sign-Up Begins

Most state departments now have registration forms for those who come in asking for something for someone else.

Forms were put out as the new "representation before state agencies" law, passed in the first special session last fall, went into effect. Law was designed to keep a check on those paid to seek help or favor from state officials.

There are numerous exceptions—telephone calls, visits for a public hearing, visits for information only and contacts at some place other than the state office.

But businessmen are being advised, "when in doubt, register." Penalties are up to six months in jail, \$500 fine.

Naturopaths' Ills Mount
Texas Supreme Court pushed naturopathy outside the realm of legal practice and slammed shut

The McLean News

But Baby, It's Cold Outside!

Florida's "most wonderful in 50 years" doesn't face Miami model Mary Ann Webb, even though she's turning blue instead of tan. However, her inspired skin bathing suit, mink coat and motor scooter apparently are something new to lifeguard Denny Partain, who hasn't had much to do on the nearly-deserted beaches of the "Winter vacation paradise."

High court upheld a lower court injunction which barred a naturopath in Midland from doing business. Naturopaths had contested the prohibition on grounds it deprived them of constitutional rights by allowing medical doctors, dentists, chiropractors, etc., to practice but not naturopaths.

Court's ruling pointed out that law permits these other groups to practice only after meeting certain qualifications and obtaining licenses. Naturopaths' licensing law was declared invalid some time ago, and no new one has been passed.

Effect of the ruling is to require a naturopath to qualify as a full-fledged medical doctor.

Coeds at Aggeland?
One of the touchier issues confronting the Commission on Higher Education is whether to recommend that Texas A&M admit women students.

It is known to be under considerable pressure from both directions.

Created by the Legislature in 1955, the commission has responsibility to study and make recommendations for development and improvement of the programs in all Texas state-supported colleges and universities. To date, most time has been spent in study, but recommendation phase is coming up.

Dr. Ralph T. Green, executive director, is to report to the 15-member commission on the A&M issue at a meeting April 14. The commission will then decide what course to suggest to the college officials.

However, the commission cannot force the college to accept its decision. Chances are the question will be argued in the courts and the Legislature for some time to come.

A suit already has been filed in Brazos County in behalf of would-be women Aggies.

Climb in Crime
Newly-organized Law Enforcement Commission is beginning its work with a depressing array of statistics outlining its task.

John H. Crooker, Sr., Houston lawyer, is chairman of the nine-member panel. Group is to study ways to combat crime and report 10 months hence to the 56th Legislature.

Defining the problem are these facts that were dumped in the commissions lap:

1. Major crimes in Texas are increasing faster than the national average—9.2% here as com-

pared to 7.2% nationally.
2. Of some 154,000 major crimes committed in Texas last year, an estimated 50% were by juveniles. Governor Daniel has asked the commission to give top priority to study of juvenile crime.

3. State correctional schools for youths are not equipped to handle the swelling tide of offenders, according to the Texas Youth Council. Gatesville school, with capacity of 650, has population of 898.

Weekend guests in the home of Mr. and Mrs. J. D. Richards, Jr., were Mr. and Mrs. Lester Cooper and children of Dumas, Mr. and Mrs. Leonard Burgess and children of Dial, Mrs. E. B. Richards, Mrs. J. W. Clark and Mr. and Mrs. J. D. Richards, Sr., of Dumas.

The Sunday School teacher told the children to draw a picture illustrating a Biblical text. One little girl returned with a drawing of an airplane with a man, woman baby, and a pilot.

"What's this?" the teacher asked.

"The Flight Into Egypt," replied the tot. "That's Mary, Joseph, the Infant Jesus, and Pontius the Pilot." Druagist: "Did the mud-pack I suggested improve your wife's appearance?"

Customer: "It did for a few days, but then it wore off."

Regular washing and lubrication at our Chevron station will improve the appearance and performance of your car.
