

PLAIN TALK

By BILL PERKINS

Bob Massey is remodeling his Main Street building so that Mrs. Moore's McLean Cafe will soon have a new kitchen. Construction was underway this week in the front of the building where the dining room is located. The cafe now will cover the greater portion of the two buildings.

There is no doubt about it. This was McLean's week to win honors. The McLean band and the McLean float entered in the St. Patrick's Day parade at Shamrock both won first place on Monday. Then Tuesday George Saunders took top honors at the Malpi Angus Breeders Show and Sale at Clayton. Out of three entries George won three first places. You can't do much better than that.

The George Colebank building located on the corner next to Master Cleaners on Main Street will soon house another new business for McLean. Mr. and Mrs. Cleo Edwards are installing an automatic laundry.

The following story was reported to us this week by our Democratic rancher friends, Sammy and Johnny Haynes:

"Two doctors, recently back from a convention, were discussing recent developments in the medical field.

"One told about an English doctor who had taken a goat's stomach and put it in a man and the man was walking the streets of London today.

"The second doctor told of an equally successful story of an operation where a part of a calf was transferred to a Frenchman and he was walking the streets of Paris today.

A layman, overhearing the discussion, interrupted, saying that that was nothing compared to the voters of this country. "We took a General out of the Army, put him in the White House, and 5,000,000 men are walking the streets today."

Below is the copy of a letter that was submitted to us this week for publication. We published the same letter about two years ago but it is probably just as timely today as it was then:

Date—Now
Place—Anywhere

Dear God:
You see, it's like this. We could attend church more faithfully if your day came at some other time of the week, but you have chosen a day that comes when we are tired from a week's work, and too, it is just after Saturday night. It is usually 10:00 o'clock when we have breakfast and the kids can hardly make it to Sunday School, and then it's time to think about Sunday dinner.

Then too, the day you have chosen the best day for having friends drop in and entertaining relatives. It is just almost impossible to attend church and do so many of the things that seem so handy for Sunday. Remember, God, we can watch TV and we see and hear a good sermon. It comes between dragnet and another detective story we like. We can see and hear this service and still do the things we like to do on Sunday.

Another thing, God, it costs so much to keep up our new car, pay Sam's dues to the lodge, and keep him abreast of the other boys in clothes, until we just don't have much money left for the church. And as I said, you have picked the only day Sam has off to be with the family—and to rest, and we have to think of his health. He likes to take his time reading the paper, and we have our biggest dinner on that day, and you can't blame us for liking to fish and play golf. So, God, if you'll just change your day—we'll be glad to reconsider, but 'til then, you'll just have to run your kingdom without us.

McLEAN WINS TWO TOP PRIZES IN ST. PATRICK'S DAY PARADE

McLean brought home two of the awards from the competition in the annual St. Patrick's Day parade held in Shamrock Monday.

Band Director Bruce Cook's McLean Tiger Band was named first place winner in the Class A band competition with Clarendon taking second place.

The McLean float, sponsored jointly by the Lions Club and the City of McLean, was selected as the best community float entry. The float was designed by Bruce Cook, Cliff Day and Jack Dyer, and the City of McLean shared the cost of construction with the club. Lion Ted Simmons drove the float at Shamrock Monday.

DIST. GOVERNOR BILL SMITH VISITS McLEAN LIONS CLUB

Several guests were present for the very enjoyable meeting Tuesday of the McLean Lions Club.

Guests included District Gov. Bill Smith and his friend, Mr. Hendricks, from Ralls, Larry Fuller of Boise City, Okla., Ralph Thomas of Pampa, the Rev. John Hill, father of Lion Jerry Hill, of Lewisville, Texas, and Orville Cunningham of Samnorwood.

Lion Boss Amos Page extended the club's appreciation to the float committee composed of Bruce Cook, Cliff Day and Jack Dyer. The Lions float took first place Monday in the St. Patrick's Day parade at Shamrock.

Lion Cook's Tiger Band also won first place honors in its division at the parade.

Several announcements were given prior to the main address which was delivered by Dist. Gov. Smith.

Lion Ralph Thomas of Pampa expressed his thanks to the local club for their support on the junior livestock show held two weeks ago and also invited club members to attend the Pampa Lions Minstrel scheduled Thursday and Friday.

Lion David Fultz extended an invitation to everyone to attend services at the Church of Christ beginning Sunday.

Lion Jim Hathaway announced that a meeting would be held at Samnorwood next Monday night when local members, along with Lions from Shamrock, will get together to discuss the organization of a Lions club there. Lion Hathaway urged all local Lions who could attend to meet at Brown's Drug Monday evening at 6:45.

Lion W. C. Simpson announced that the Lions Beauty Contest would be held next Tuesday night, March 25, at 8:00 o'clock in the high school auditorium.

Lion Boyd Meador introduced Gov. Smith, who gave a very interesting talk. Smith's district 27-1 includes 90 clubs, and he emphasized that Lionism was next to the church in his life. He said that he was proud to be one of some 600,000 members of 85 countries and political subdivisions throughout the world.

The subject for his talk was "The Four Steps in Lionism," in which he pointed out the good that the international organization is doing throughout the world.

He stressed the importance of the Lions sponsored crippled children's camp at Kerrville which is only one of the many worthwhile things for which Lions are responsible.

He said that there are approximately 22,000 crippled children in Texas and the Kerrville camp is able to handle only about 720 of them during the three summer months. The other nine months of the year the camp is devoted to the rehabilitation of blind persons.

Following Gov. Smith's address a plaque was presented to Visitor Larry Fuller for his faithful service to the McLean club. Lion Fuller recently moved to Boise City, Okla. In accepting the plaque, Fuller expressed his sincere appreciation for the honor but added that he felt he had gained more from being a member of the club than he had ever

EX-STUDENTS TO MEET HERE MONDAY

McLean ex-students have rescheduled their meeting for Monday, March 24, at 6:30 p. m. in the Lovett Memorial Library.

Purpose of the meeting is to organize a homecoming for all former students of the McLean schools.

All ex-students of McLean schools are urged to set aside a few minutes Monday evening, March 24, at 6:30 and meet at the library in order to make plans for homecoming.

NAZARENE REVIVAL SCHEDULED

Lonnie Voorhies, evangelist from Eastland, will conduct a revival in McLean at the Church of the Nazarene April 2 through April 6, the Rev. W. E. Bond, pastor, has announced.

Services will begin at 7:15 each evening.

Rev. Bond said that a cordial invitation is extended to everyone to attend the services.

McLean High School To Present Play At Lefors Friday

The McLean High School one-act play will be presented Friday night, March 21, in Inter-scholastic League competition at Lefors High School. Plays from Lefors, McLean, Canadian and Clarendon will participate in the contest.

The plays are open to the public and the presence of interested friends and relatives would be appreciated. The McLean play is "Shadow of a Dream," and cast members are Darla Hill, Jackie Bailey, Charlene Hall, Jacqueline Davis and Hershel Lawson. Janiece Magee is student assistant, and the play is directed by Miss Billie Brown.

The local Angus breeder brought home the top trophy of the show and blue ribbons.

George entered three heifers in the Clayton show Tuesday and all three were first place winners.

City Reimbursed for Hospital Fixtures

Mayor Ed Lander has announced that the city of McLean received a check this week in the amount of \$6,655.00 from Gray County in a letter from County Judge Bruce Parker.

The mayor explained that the check was in repayment of money spent by the city to furnish the McLean Clinic when it was completed in 1956.

Highway Patrol Issues Report For February

Six persons were killed and 48 persons were injured in February in Texas Highway Patrol District 55, according to a report released this week by Captain J. W. Blackwell.

The 38 patrolmen serving the 31 county district investigated 154 accidents and made 661 traffic arrests. Speeding accounted for 390 arrests. The men issued 2551 hazardous warnings during the month.

In the 31-county Panhandle area in 1957, 113 persons were killed and 1046 were injured, the Patrol reports.

CHURCH OF CHRIST GOSPEL MEETING TO BEGIN SUNDAY

A week-long gospel meeting will get underway at the Church of Christ in McLean next Sunday morning, David Fultz, minister of the local church, has announced.

Services will be held at 10:00 a. m. and 7:30 p. m. daily, and Sunday services are as follows:

Bible Study—10:00 a. m.
Preaching—10:30 a. m.
Preaching—7:00 p. m.

At the regular Friday evening services the message will be especially for all young people. Following the services, recreation and refreshments will be enjoyed by the young people.

Mr. Laird has been an evangelist in Oklahoma for 20 years and is a talented speaker, Mr. Fultz said.

George Saunders, McLean rancher, will be the song director for the meeting.

An old-fashioned basket dinner will be held Sunday, March 30, at the American Legion Hall.

Minister Fultz added that there would be no weekday collection and that he would like to extend a personal invitation to everyone to attend.

McLean Men Buy Minnesota Pigs In Missouri

Sammy and Johnny Haynes and Jack Dyer, local vocational agriculture teacher, made a trip last weekend to Missouri to purchase several pigs.

The trip was made by pick-up truck to a place near Kansas City where the group purchased some Minnesota No. 1 pigs, which reportedly are an excellent breed. They brought back one pig for Emory Crockett.

Sammy and Johnny said the only bad weather they encountered on the trip was on the way back when they reached Miami a heavy fog stayed with them the rest of the way to McLean.

McLean Engineers Utility Detachment Meets on Mondays

The 337th Engineer Utility Detachment had a regular meeting on Monday night, March 10. The first hour class taught was Dis-mounted Drill and Ceremony which was the use of the M1 30 caliber carbine.

Six men will go on their six-months active duty June 22. They are Oran Durham, Eddie Brown, Kenneth Gossett, Darrell Thomas, Darel Lee and Bob Orrick.

The Engineers now have a strength of 30 enlisted men, one officer and one warrant officer. The Engineers wish to invite everyone to come to the American Legion Hall any Monday night and sit in on one of the classes with them.

SOCIETY

Centennial Club Meets Friday With Mrs. Abbott

The Centennial Embroidery Club met Friday afternoon in the home of Mrs. Homer Abbott. Guests were greeted as they arrived by Mrs. Abbott and Mrs. Kid McCoy, wearing Moa-Moa dresses. A Hawaiian paper lei was placed around the neck of each lady. After all the guests arrived, Hawaiian avocado dips were served.

Mrs. McCoy, who was in charge of the program, gave a lecture on her recent trip to Hawaii. Pictures of the islands and flowers were shown. She described Hawaiian furniture and how the people live.

A short business session was held.

Refreshments of Hawaiian salad, salad wafers, individual angel food cake, nuts and coffee were served in the den from a beautifully decorated table. The centerpiece was beautiful blue hand-blown glass balls from Hawaii surrounded by Hawaiian fruits and nuts.

Thirteen members and two guests, Mrs. McCoy and Mrs. E. L. Price, were present.

Baptist Girls Auxiliary Meets

The Junior Girls Auxiliary met in the basement at the First

Baptist Church Tuesday Afternoon

The secretary called the meeting to order. The minutes were read and approved and the roll was called.

Members present were Barbara Smith, Barbara Simpson, Molita Back, Ginger Ivie and Paula Stewart.

Refreshments were served.

Presbyterian Ladies Meet at Church Tuesday Afternoon

The Presbyterian Ladies met Tuesday afternoon in the church parlor.

The meeting was opened with prayer by Mrs. John W. Hill. Mrs. E. J. Windom, Sr. was leader of the following program on "The Word, the World, and the Way." Matthew 28 was read in unison. The hymn, "Wonderful Words of Life," was sung. Mrs. Kid McCoy, who visited in Hawaii recently, gave a talk on the customs, religion, and other items of interest of the island. Mrs. C. O. Goodman read the missionary names and led in prayer.

The closing prayer was by Rev. John W. Hill of Lewisville.

Those present were Mesdames Fidelity Stubbs, Perry Everett, J. M. Payne, Raymond Glass, C. E. Cooke, Petie Everett, Claude Powell, E. J. Windom, Sr., C. O. Goodman, Kid McCoy, Enloe Crisp, F. E. Baptist Circles Meet Tuesday

The Hancock circle of the Baptist W.M.U. met Tuesday afternoon in the home of Mrs. Joe Suderman. Mrs. Creed Lamb gave the devotional.

Those attending the meeting were Mesdames Louise McDonald, Lonnie Day, Leo Gibson, Creed Lamb, Bunia Kunkel, Jim Stevens and the hostess.

The Rowden circle met in the home of Mrs. George Colebank for mission study. "Look, Look, the Cities," was taught by Mrs. Frank Howard.

Attending the meeting were Mesdames O. L. Tibbets, W. N. Pharis, Joe Taylor, E. L. Minix, Luther Petty, Howard and Colebank.

The hostess served refreshments of cake, jell-o topped with whipped cream, coffee and lemonade.

The Josephine Skaggs circle met in the home of Mrs. Howard Williams.

Mrs. Joann Miller brought a very interesting lesson from the book, "Look, Look, the Cities." The meeting was dismissed with prayer by Mrs. Homer Abbott.

Refreshments of cake, coffee and cocoa were served to Mesdames Katie Price, Audie Stewart, Lona Jones, Jewel Smith, Miller, Abbott and Williams.

All circles will meet at the church next week for visitation.

The circumference of the globe is 25,020 miles.

WSCS Charity Circle Meets Here Monday

The Charity Circle of the WSCS met Monday afternoon in the Methodist church for a program on the "Mission of Healing" led by Mrs. Chas. Carpenter.

The call to worship and devotional were given by Mrs. J. L. Hess, using scripture from the 4th chapter of Matthew. A playlet representing Brewster Hospital in Florida was given by Mesdames Page, Bogan, Kirby and Day. Mrs. Peabody talked on "Milestones in the Mission of Healing in Southern Rhodesia." Mrs. W. M. Rhodes presided during the business session. Eleven members were present.

The next meeting will be a joint meeting of the two circles at 9:30 a. m. March 25.

deaths by accidents, has taken steps which he hopes will save the lives of many Texans.

First move was to name a Traffic Safety Director. He chose a native Texan, Brad Smith of Weslaco, for this all important job. Smith is a former newspaper man, past president of the Texas Press Association, and also has been active in radio and television reporting.

Governor Daniel soon discovered that although highway deaths in the state had reached a terrific total of 2,600 a year, there was another growing trend. Boating and firearms accidents and drownings from swimming and skiing now are claiming some 500 lives a year in this state. Three out of five are water fatalities; two out of five are due to firearms.

A steady increase in the number of such accidents has been due to more and more hunters in the fields; and more water in which to swim, boat, ski and fish. With the popularity of these outdoor sports on the rise, Governor Daniel feels the urgent need of an educational program on safety measures.

He has called on the newspapers, radio and television stations to help in publicizing the need for caution, and to point out the dangers to watch for. He has asked that instructions be relayed throughout the state via such organizations as the Boy

Scouts, Girl Scouts, 4-H Clubs and the FFA, the Red Cross, the Army, Air Force, National Guard, Coast Guard, and Coast Guard Auxiliary. Also all health organizations in Texas, the Department of Public Safety, and the Game and Fish Commission.

Leadership in the program has been assured by the Sportsmen's Clubs of Texas, which group proposed that the governor call a statewide conference on boating and firearms safety, to be held in May or June. Additional help in furthering the safety program will come from the Boating Trades Association of Texas, the National Rifle Association, the Outboard Boating Association and the A&M Extension Division. All are especially anxious to get youth groups interested so as to build intense local support in every community.

A planning committee for the proposed spring conference met with the governor on March 16 and drafted a statewide educational campaign on boating and firearms safety.

Actually, outdoor life is no more dangerous than indoor life. In fact, facts prove that there are more accidents in the homes than on the highways. It's true that not all accidents can be prevented. But many can. No one can learn too much about safety precautions, whether it be safety on the highway, in the shop, on the water, in the field, or in the home. But it is well to be reminded of precautionary measures from time to time. And that's what we propose to do.

First, let's look at "traffic" laws that are designed to make navigation safer. Actually they are much like our highway rules. Let's suppose that two boats are approaching head-on. The keep-to-the-right rule applies. Exception: if you're too far to the left and it is impractical to change your course.

Let's presume that two boats are approaching an "intersection." In other words, they are approaching at right angles to each other. Again it is the boat on the right that has the right-of-way.

In motoring over the highways, big trucks usually give in to the smaller automobiles, if for no other reason than plain courtesy. Same is true of boating. Sailboats have prior rights over powerboats; and all boats must exercise caution around canoes. The rule is simple—the larger boats are expected to respect the rights of the smaller ones.

Motorists signal by horn and by hand. Boaters do too. Only the horn is used more than the hand in boating.

However, boaters have one privilege not ordinarily granted to motorists. They can pass on either side without getting arrested. One blast of the horn indicates intent to pass on the right, or starboard side. Two

"SHOWING OFF" his new-found ability to stand and walk without the aid of crutches, young Mark LaPant proudly delivers the first sheet of colorful 1958 Easter Seals to Carl J. Aldenhoven, Fort Worth civic and business leader, and chairman of the 1958 Easter Seal appeal in Texas. Born with cerebral palsy, Mark has spent four-and-a-half years in two of Texas' 31 Easter Seal treatment centers, where Easter Seals are aiding him and 5,603 other crippled children to overcome or minimize the effects of their handicaps.

blasts mean you want to pass on the left, or the port side.

A signal is acknowledged by an identical blast. And it is the obligation of the boat that is approached from the rear to allow plenty of leeway.

It is well to remember, too, that five or more blasts from a boat is a danger signal.

It's not only unsafe, but discourteous, to anchor a boat in a navigation channel. Furthermore, it's against the law if you block a navigation channel.

There is one circumstance when all rules can be broken. That's when it is necessary to do so to avoid a collision.

Every boat should be equipped with life preservers. If your boat has a 10-person capacity, then you must keep 10 life preservers, or buoyant cushions or vests in your boat at all times.

And here's a warning that's too often ignored. Don't carry more passengers than the boat's rated capacity. Overloading a boat is dangerous.

A rule, and courtesy, which many boaters overlook is that of slowing down when approaching another vessel, especially a smaller boat. Remember that it is your responsibility if you swamp another's boat.

Lights, bow and stern, are required on all boats navigating at night. Red and blue on the bow; white on the stern. Spotlights should be used sparingly.

Slow moving fishing boats should carry lanterns. A blinking "Life-Saver" lantern, such as the one made by Empire, is ideal. It blinks a red warning to slow down traffic. Its strong beam warns of obstacles, thus making it worthy of a place on any size boat.

All boats are not required to carry fire extinguishers. But it is a wise boatman who sees to it that there is an extinguisher handy. He also takes along an old army blanket, for there's nothing better than a water-soaked blanket to smother a stubborn fire.

If your boat is a small one, 18-feet or less, a NO-SMOKING rule is in order. Especially is this true if yours is an outboard carrying several extra tanks of gasoline. One carelessly thrown match on such a boat could cause loss of life and property.

The above are but a few points for the boating enthusiast to consider. Later we'll discuss precautionary measures which one should take while hunting, or skiing, or enjoying the many other pleasures of outdoor life.

Meanwhile, anchors away—and an enjoyable and safe excursion for you this weekend.

X
INSTEAD OF "THINGS"
(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

JUDGE HUGHES
A girl recently answered a newspaper inquiry on what young people want from their parents with the statement that her father gave her material things—

money for shows, clothes, travel, even a car; but what she really wanted most was his attention.
"He doesn't listen to me," she wrote. "He doesn't even know the name of my best friend. When I try to talk to him he just gives me a \$5 bill and says he has to meet a business friend. Surely his children should be more important to him than his business friends."

Big Change in the Times

It used to be easy for parents and children to do things together—many tasks around the house or farm called for joint effort, and the times made joint recreation easy. But today, with home chores limited and so many outside distractions, it is easy to drift apart.

A young boy brought before me had become delinquent largely because his father, busy making money, thought to retain his son's love by giving him THINGS.

Best Gifts Don't Cost Money

He failed to give him time and understanding. The boy sought significance elsewhere, fell in with the wrong crowd, and stole tires and gadgets for the car his father had given him.

The need to feel important in the lives of their parents is basic in a child's development.

VIRTUES THAT MADE AMERICA

The nation is observing the 100th anniversary of the birth of Theodore Roosevelt.

Something he wrote has not lost significance with the passage of the years: "Americanism means the virtues of courage, honor, justice, truth, sincerity and hardihood—the virtues that made America. The things that will destroy America are prosperity-at-any-price, peace-at-any-price, safety-first instead of duty-first, the love of soft living and the get-rich-quick theory of life."

ABOUT A DISHPAN

The following editorial is from the Cleveland, Ohio, Plain Dealer:

"Get a load of this, folks. The government has got out a pamphlet on 'Tools for Food Preparation and Dishwashing.' And it contains some information we'll bet you never thought of such as 'Dishpans should be large enough to hold the dishes but not too large for the sink.'

"Well, what do you know? For years we had a dishpan that wouldn't hold the dinner plates and when we got a new one it was too big to fit the sink. Now, thanks to this advice from Washington, we'll go right out and buy an in-between-size dishpan and see how that works. We never would have solved the problem ourselves. And when it comes time to pay our income tax next year we'll be especially grateful to the bureaucrat who thought this up."

GRASSROOTS OPINION

Grayson, Ky., Journal-Enquirer: "In applying for divorce, a Brisbane, Australia, man told the court his wife made him sleep in the barn where she served meals by throwing them at him, and that she often paraded nude in the yard.—Press Report. Some women are harder to live with than others."

Norwalk, Conn., Hour: "The guiding spirit of the recovery, as the President sees it, is not a crash program by the government. Rather, the government is leading off with enough to encourage private enterprise. Business is there for those who believe in it and prepare for it. The recovery will be sounder and more lasting that way."

Waltham, Mass., News-Tribune: "The talk is of tax cuts as a pump-priming device at the national level to cope with the recession. This is deficit financing of the most extreme nature, in which all possibility of a pay-as-you policy is chucked out the window. How can the government expect its citizens to be thrifty when it gives no heed to tomorrow's bills?"

New Philadelphia, Ohio, Daily Times: "The communist world does a great deal of blatant advertising of its alleged charms for the masses of humanity. . . ."

"In a recent CBS interview, Mayor Willy Brandt of West Berlin . . . said that every day 300 to 500 East Germans cross into West Berlin as refugees. Since 1950 the stream has amounted to more than one million. If communist lands are such a magnificent haven for hu-

manity, why don't people stay? You'll never see the answer to that in the Kremlin's ads."

Bedford, Ind., Daily Times-Mail: "Education is the most selfish thing in the world. The only person who can give it to you is you. Teachers can lead, suggest, cajole, even browbeat, but they can't make you learn. That you do alone."

Bank Has New Cashier

C. L. Cooke of Kiowa, Kans., came in Tuesday to take up his duties as cashier of the American National Bank. E. R. Eakins, whom Mr. Cooke is to succeed, will be here for a few weeks to assist the new cashier in getting acquainted with the details of the position, after which he will go to a sanitarium to undergo an operation for appendicitis, which disease has been troubling him for several months past.

As soon as Mr. Eakins has recovered sufficiently from the operation he expects to enlist in the army.

The News regrets that we are to lose Mr. Eakins from our city, for he has made many friends during his stay here. But we welcome the new man and hope that he will be able to in every way fill the place Mr. Eakins held, both in a business and social way.

Organizing Airplane Company

Arthur Poncelet returned early this week from Washington, New York and other eastern points, where he went in the interest of his airplane patent, which is pending.

He and D. N. Massay, who has an interest in the invention, are organizing a company to develop the machine. A number of our people have subscribed to the capital stock as they have confidence in Mr. Poncelet's idea.

The company is to be known as the Safety First Airplane Manufacturing Company, and the office and factory are to be located at Wichita, Kans.

Arrangements have been made for making the first test machine, and as soon as the organization of the company can be perfected, and other arrangements made, work will be started.

A corps of experts will be employed and no pains will be spared to insure the success of the invention.

Richardson Visits

A. G. Richardson of Channing, familiarly known to his friends as "Pinkie," former publisher of The News and cashier of the American National Bank, came in Tuesday night and spent Wednesday in the city. He tells us that Roy has enlisted in the army.

going at first to the aviation corps, but was later transferred to the engineers. Mr. Richardson tells us that he has made application to the government for some kind of a job with the forces in France, and that he is making arrangements to go. Mr. Richardson is over the draft age, but says his wife has been making him a living so long that he feels confident she can get along without him while he is gone, and he has a grudge against the kaiser anyway.

"Some" Baseball Player

Camp Travis—Edgar L. Newton, formerly of McLean, is playing third base for the Detachment Quartermaster Corps baseball team and is proving to be "some" baseball player. This team is out with a challenge to any team at Camp Travis, and they believe they can win, as they are undefeated, having won their last game from 315 Trench Mortar Battery with a score of seven to nothing.

Visit at Clarendon

Rev. B. J. Osborn and R. S. Jackson went to Clarendon Wednesday to attend a meeting of preachers and laymen of the Northwest Texas M. E. Conference for the purpose of discussing plans for evangelistic work in the army camps and cantonments. They report an enthusiastic meeting, in which it was decided to erect a tabernacle at Camp Bowie and appoint a strong man to take the pastorate of it.

I GIVE YOU TEXAS
 By BOYCE HOUSE

William G. McAdoo was a United States Senator from California. Before that, he was a member of President Woodrow Wilson's cabinet and during the first world war he had charge of operating all the railroads in the nation. He also led in the early balloting for presidential nominee at a Democratic national convention.

But to a news reporter, he was just a news story—the subject of an interview.

He had just arrived in Fort Worth when I phoned from the hotel lobby and he invited me up.

After greeting me cordially, he said, "The pilot and I have been in a small plane for hours; the air was rough and I've had nothing to eat except a cold sandwich. I'm very tired. Couldn't you see me after a while?"

And he stretched his long frame on a couch.

I felt sorry for him and a little ashamed of myself, but I said, "Mr. McAdoo, there's an edition coming out and it won't wait, so neither can I."

And so instead of tossing me out, he smiled and said, "Then fire away," and he answered my questions.

A governor and the mayor of a capital city were enemies. One night the mayor heard that his foe, drinking heavily, had gone to a dive, so the police were ordered to raid the establishment and the governor was among those arrested.

News of the scandal spread over the state and the governor, who had been re-nominated, gave up the nomination.

Several years went by and the former governor announced his

complete reformation. He renounced liquor and denounced it from the platform.

From his own bitter experience, he spoke:

"Liquor, I hate it for what it has done to me and those that I love. See the drunken man reel into his home and his wife and little children cowering before him like birds before the hunter's gun. He shed tears and so did his audience. He became the most eloquent advocate of prohibition in the nation.

What a novel this would make!

Tax Man Sam Sez:

About one-third of the taxpayers stay so tied up with other affairs that they never get around to filing their income tax return until after April 14 or 15. These folks cost themselves money in most cases. You need to carefully read the tax instructions. You may need to read the 35c booklet, "Your Federal Income Tax-1958," and, in a few cases you will need to see a good tax practitioner on some problems. This takes time. You also need to take time checking your records. You can save money if you figure your tax by the several methods which you are entitled to use. You always take the method that will cost you the least. It is my horseback opinion that if you haven't filed your tax return, it is time for you to saddle up and start riding.

TELEPHONE TALK

by Clyde Dickerson, Manager

EXPANDING SERVICE

Mrs. Cobb and the operators at the office in McLean are a little crowded these days while installation of the new board is going on, but things will be getting back to normal April 5 when installation will be completed. The C. F. Braun construction company will be here in a few days and we are busy this week making adequate telephone service available for them. I talked to Don Reukimo Monday by long distance and he expects to be in McLean next Monday.

I am very glad to report that Red Ballard is doing fine after his operation and will be back on the job soon.

NEED PRIVACY?

Have you ever wished you could have a little more privacy on some of your telephone calls? Well, there's an easy way to solve your problem. Put an extension phone in your bedroom or kitchen.

You'll have privacy on your calls and you'll find extension phones are convenient, too. No more running from one end of the house to the other to answer the phone, only to find the caller has hung up. You'll be surprised at the number of steps conveniently located phones can save you in a day.

And an added touch for the housewife with good tastes... a phone in color. We now have phones in nine bright colors plus black to blend with any colors in your home.

Extension phones are low cost, too. Here in McLean, an extension costs you only \$1.05 a month, plus a small, one-time installation charge. Just call the business office and pick your extension telephone in color today.

ONE-THIRD OFF!

No, we're not having a sale "for a limited time only." It's an everyday offer to save you one-third of the cost when you call Long Distance station-to-station.

Long Distance charges for station-to-station calls are about one-third lower than for person-to-person service.

Here's a sample: A person-to-person call from McLean to Pampa costs 55c. It's only 35c when you call station-to-station. You save 20 cents. It's like getting one call FREE for every two you pay for. So, why not plan now to make all your Long Distance calls station-to-station?

Call by number. It's twice as fast.

Supercharged Issues

Two supercharged issues—taxation and recession—like two strands of a high-voltage electric fence, seem to be twined through every area of Texas government.

Recession, though considered mild and temporary, is here and now. New taxation, in the light of official estimates, will be practically unavoidable next year.

Even though the recession is labeled "minor" and new state taxes the inevitable result of explosive growth, having both issues come up at the same time makes each seem worse. New tax talk, never popular, is even less so with people feeling the chill wind of a cut in income.

Barring an unexpectedly swift upturn in the economy, the twin issues will break through the middle of next summer's political campaigns. It'll be particularly rough campaigning for those who have to get on one side or the other.

Some legislative candidates are already being asked, "If there has to be a new tax, what kind will you vote for?" Some say they haven't decided what they'd vote for, but will say what they'd vote against. Others say they're making no decision until after the State Tax Study Commission completes its reports.

Lower, But Growing
Latest report by the Tax Study Commission shows some of the possible directions in which Texas may have to move to get additional tax money.

It notes that: Besides Texas only two other states are without either a general sales tax, personal income tax or corporate income tax.

Persons in 1956 paid lower state and local taxes than the average for other states—\$129.50 per capita for Texas compared with \$157.50 per capita national average.

Rate of tax increase for Texas has been much faster than U. S. average. Texas rate of increase from 1953-56 was 23.4%; national average, 19.4%.

Commission's next report will deal with future spending needs says Sen. William S. Fly, chair

Unemployment Up Again

Texas Employment Commission reports claims for unemployment compensation at a new high.

There had been a slight drop for the previous week. But latest weekly tabulations showed TEC paid out \$1,435,448, compared to \$696,464 for the same week a year ago. Number of persons filing claims was 82,576, almost double the 42,705 who filed a year ago.

Even so, most recent nationwide figures show Texas to be a highly favored area. Labor Department's Bureau of Employment Security says that Texas has the lowest rate of unemployment of insured workers of any state in the union—3.6% here compared to 7.9% nationally.

On Plus Side
Other business barometers tend to bolster the view that Texas' economy is weathering the squally weather well.

First 1958 reports from the Bureau of Business Research on overall business activity showed the January index up 8% from December, 1% from January, 1957.

Texas Banking Commission's spring call for condition of Texas banks brought reports of hefty increases in money on deposit. Some cities showed drops in bank deposits, but in general they were up, with some cities setting records or near records.

BBR's report notes that "although evidence of recession is plain, the strength of the state's economy is shown by its stubborn resistance to further decline."

A small increase in building activity in early 1958 may be the forerunner of a general revival of the home building industry this year, says BBR.

On the state's No. 1 economic headache—sagging oil production—a BBR spokesman says competition of cheap foreign oil could "flatten out" Texas' growth curve.

Suggested antidote bring in other industries with strong growth potential to "fill in the gap."

Gov. Price Daniel has asked Washington to reduce oil imports. He has presented evidence

gathered by the state oil imports study commission on how Texas economy is hurt by cutbacks in oil production. Governors of other oil-producing states have joined him in asking that imports be limited to the 1954 level.

PAVING NOTICE

Forms are ready at the City Office for those desiring to have their property improved by having curbs and gutter and paving laid in front of or along their property and who wish to take advantage of the time payment method.

It will be necessary for both husband and wife to sign these papers. Method of payment: One-fourth down, balance 1, 2, and 3 equal yearly payments, 6% interest.

For those wishing to pay all cash, receipt forms are available.

Please read the other paying notice, in this paper, for instructions as to how this project will be handled. It is necessary that know soon how much of this work will be done so that we can employ an engineer.

CITY OF McLEAN

NOTICE TO PROPERTY OWNERS

DESIRING CURB AND GUTTER AND FULL WIDTH PAVING

- No curb or gutter or paving will be laid where paving does not connect with paving.
- The cost per running foot for property owners for curb, gutter and paving (36 ft.) will be \$2.75 per foot, each side.
- The City has reduced this cost 1-3 which the City will pay, giving you the cheapest paving that we know of in any town. Original cost is \$4.13 per running foot on each side.
- The City will not attempt to work this program up. It will be left to the property owners. Each block should appoint a chairman to secure the consent of each property owner for this work and to collect the property owner's share for the work done. When this has been done and the money available, the City will commence work.
- This cost will include the services of a competent engineer so that paving will be laid correctly on grade and drainage.
- Paving will be prime coat and two applications which gives you first class pavement.
- If you so desire, this can be paid for as follows: One-fourth down, balance in one, two or three years. Interest rate 6 per cent which is the rate the City will have to pay for borrowed money to do this work for you. City will execute a paving lien against your property for unpaid balance.
- This work can only be done during warm and dry weather. We would like to start preliminary work immediately and know the number of blocks of paving which will be laid, so it is up to the property owner to decide now whether or not they want this paving.
- The above price is contingent upon being able to pave at least 4 blocks and price will only be good for this summer's work.
- In considering the cost of the paving, please realize that it is returning to you in property value much more than the paving cost.
