**** 85 Seniors To Graduate Tuesday ****

"Don't be dismayed at goodbyes. A farewell is necessary before you can meet again. And meeting again, after moments of lifetimes, is certain for those who are friends. -Bach"

With the above class motto, seniors will receive diplomas during baccalaureate and commencement exercises Tuesday, May 23.

Ceremonies get underway at 8 p.m. in the Muleshoe Junior High School gym. At the organ will be Mrs. W.T. Watson, with Mrs. Gary Goodin at the piano with 'Pomp and Circumstance.'

Giving the invocation will be Rev. H.D. Hunter, pastor of the Community Church with Brent Gunter, president of teh with Brent Gunter, president of the senior class leading the pledge of allegiance to the

Following audience participation of the "Star Spangled Banner," Wayland Ethridge, principal of Muleshoe High School will give announcements, followed by the introduction of the speaker by Neal B. Dillman, superintendent.

Presenting the baccalaureate address will be Royce D. Clay, minister of the Muleshoe Church of Christ.

Jane Green will give the salutatory address and Brad Baker the valedictory address. Ethridge will make the presentation of scholarships and awards and present the class of

Ernest Ramm and Don Harmon of the Muleshoe independent School District Board of Trustees will award diplomas followed by the senior class of 1978 with the class song, "We're On Our Own," led by Mrs. Gary Goodin.

Pronouncing the benediction will be Elder Bernard Gowen, pastor of the Primitive Baptist Church.

Escorts will be Keith Hawkins and Benteea Roming; and Ushers are Mark Harmon, Timmy James, Dave Poynor, Dickey Sudduth, Beverly Biggerstaff, Gina Burden, Glenda Rasco and Denice Reeder. Honor graduates for 1978 are

Brad Richard Baker, Stephanie Jan Brantley, Frances Ruth Brown, Cherylee Bryant, Curtis Lynn Carpenter, Royce Don Clay Jr., Karen Jane Green, Connie Lynn Harmon, Willie Martin James III, Jana Marie Jones, Rhonda Sue King, Robert Kirk Lewis, Dean Edward Northcutt, Curtis Dwayne Shafer, Mike Garza Silguero, Edwin Curtis Watson and Mark Alan Washington.

Class officers are Brent Gunter, president; Mark Washington, vice president; Dwayne Shafer, secretarytreasurer; Stephanie Brantley, reporter and Martin Nowlin, parliamentarian.

Mrs. Eric (Lucy Faye) Smith, Keith Taylor, George Washington and Mrs. Gary Goodin are sponsors.

And the graduating seniors for 1978 are Oscar Mario Agundis, Brad Richard Baker, Marcus Anrold Beversdorf, Stephanie Jan Brantley, Loveta Jo Milsap, Frances Ruth Brown, Cherylee Bryant, Lora Ann Burris, Shirley

Willene Burris, Curtis Lynn Carpenter, Joe Anthony Castorena, Royce Don Clay Jr., Edward Wayne Crego, Susan Patrina Crittenden, Tommy Lee Crow, Marvin George Davenport, Susan Elizabeth Douglass, Joy LaDene Dudley, Dani Jo Dunham, Terri Ann

General Rain In Muleshoe Area

Minor Hail Damage At Pleasant Valley

the sky started producing tow and one half inches of rain at his ering thunderheads as a threat home in the Coyote Lake area ening storm approached the with no hail damage. He said he

dust laden wind lead the storm into the area, which swiftly of rain was reported. darkened as the storm reached

driven rain which deposited up to one-half inch as it flooded city

Booming thunder and long streaks of lightning accompan ied the rain, as Civil Defense and the fire department, along with local officers, prepared for a weather watch.

Patrolman Wayne Holmes, who was watching the clouds at the west edge of Muleshoe from the Church of Christ parking lot, reported heavy hail for a few minutes, which ranged in size For Dales from pea to marble size. However, no damage was re ported in the immediate area from the swift hail, which did not last very long.

Ken Berg, who lives two miles south and four to five miles west of Muleshoe report ed the loss of 17 head of cattle which were struck by lightning. No other cattle losses were

received in the area, however.

Commissioners Purchase Car For Sheriff

Meeting in special session Thursday morning, members of the Bailey County Commissioners Court opened bids for a new patrol car for the Bailey County Sheriff's office.

Bids were received from Crow Chevrolet (1978 Impala), \$4,797; Muleshoe Motor Co., 1978 LTD, \$4,944; and two from Robert Green Inc., 1978 Pontiac Catalina, \$4,657.43 and 1978 Oldsmobile as it met all specifications asked.

Homer Rodriquez and Juanita Forbes of the South Plains Association of Government office in Lubbock met with commissioners to ask if the county was interested in joining the Manpower Consortium for the next year. Following an explanation by the visitors, Judge Glen Williams explained that there was no time to complete preliminary paperwork prior to the Friday, May 19, deadline. He did say the commissioners court would consider joining the consortium in the next year.

Commissioners also considered and signed an operating agreement with the city on operation of the police dispatching at the Bailey County Law Enforcement Center. According to the new agreement, a committee will assess the operation of the dispatching service each six months for efficiency.

At midafternoon Friday, Bud Street said he recorded one noted some heavy washing of Around 4:30 p.m., a heavy, crops in the Longview com munity where up to two inches

At Pleasant Valley, Don Bryant reported one half to .8 Light sprinkles turned to rain, with some minor hail large drops, then a hard, wind damage in northeast Bailey County and in the western edge of Lamb County. He said the corn was apparently not dam aged, but there was some damage to cotton.

FARMERS PLANTING FOR NEIGHBOR...Several farmers in the Needmore community have spent the last several days planting cotton for Mr. and Mrs. Lewis Dale who are in Amarillo with their daughter. Donita Dale has undergone surgery three times in the last four weeks. Pictured are four of the farmers, from left are David Killough, Carroll Kelton, Randy Marlow and Leland Jones. Some 15 farmers and several tractors have been involved in planting the crop.

This Week Designated Mailbox Improvement

spring is "cleanup" time around households, Muleshoe Postmaster Tom Lobaugh announced today that the week of May 22-27 will be ovserved as "Mailbox Improvement

Muleshoe and area residents are urged to repair, repaint and make other improvements to all mailboxes, particularly those located along rural, city delivery curbline and highway contract routes.

"Customers should be sure their boxes provide adequate protection to the mail and are easily reached by carriers. That helps speed collection and delivery of their mail," Postmaster Lobagh said. "Attractive mailboxes also add to the general apperance of our

community.' The annual observance began generations ago in small towns and rurla areas, explained the postmaster.

Rural carriers each day travel approximately 2.2 million miles to serve 14.3 million families along 33,600 regular and auxiliary routes zigzagging across America.

Approximately 900 families here in Muleshoe area are served by five rural mail When rural mail service be-

receptacles, including tin cans nailed to trees--were used as

Three Day Celebration For Friona

The 25 Friona Mexican-American seniors are planning a large celebration for the public and the seniors from area schools next week, according to Roy Anzaldua, who will be master of during the celebration.

Activities start off with a Mexican concert at 3 p.m. on Thursday, May 25 in the high school auditorium. Featured will be 'Machismo' a band from San Antonio. The general public will be welcome and tickets are 50 cents to hear the band who play country/ western and rock music.

Graduation ceremonies will be at 8:30 p.m. on Friday, May 26 in the grade school auditorium and on Saturday, May 27, a senior banquet will be hosted for all seniors and their parents at the Friona Community Center at 5 p.m. Cont. Page 3, Col. 3

Kansas residents, Ira F. Collins, was among the first customers to show an interst in improvint the apperance and security of the mailbox.

On April 29, 1903, Collins filed a patent application for his invention of a new and improved mailbox described as

"This invention rrelates to improvments in mailboxes, particularly adopted for use of rural mail routes; and an object of the invention is to provide a mailbox of simple construction and inexpensive and so arranged as to protect the deposited mail matter from rain or snow and which can be quickly opened and closed, resulting in a great saving of time in the collection and delivery of mail."

The metal, cylindrical receptacle had two basic parts; a mail-receiving unit, shaped like a scoop, which slid in and out of a protective outer casing. A flag, attached to the outer unit, could be raised to indicate when mail was to be collected. By grasping a handle, a person could release the inner unit, containing the mail, from the outer casing. The latter offered protection of the mail from the weather. The

Dryland farmers plant on hopes for moisture

Spencer Tanksley said the county situation has changed somewhat since a report slightly more than two weeks ago, when a dismal cotton crop prospect

was given. "Dryland farmers have decided to go ahead and plant their land and hope for more moist-

Golfer Duo **Take Honors** At Tourney

Ladies' Choice Golf Tournament was held in Muleshoe Griffiths and Mary Sweatman taking all honors with the low round for the day with a score of 71. "Both golfers take their games seriously and all their hard work paid off," commented Jeff Smith, golf pro at the

Muleshoe Country Club. CHAMPIONSHIP FLIGHT: Dick Johnson and Melba King, 72; Derrell Oliver and Analita Haley, 73; Mickey Wilson and Jan Wilson, 73; Curtis Walker and Shirley Walker, 74; Claude Riley and Evelyn Riley, 74; Bill St. Clair and Marlene St. Clair, 74; Irvin St. Clair and Dorothy St. Clair, 77 and Raymond Schroeder and Janet Schroeder.

FIRST FLIGHT: Herb Griffiths and Mary Sweatman, 71; Ray Precure and Jeanetta Precure, 72; Mac Brown and Jama Brown 77: Harold Cowan and Claudine Elliott, 78; Scott Brown and Claire McFarland, 79; J.E. McVicker and Pearl Gunstream, 79; Randy Watkins and Mary Watkins, 81; and Jerry Harrison and Diana Harrison,

SECOND FLIGHT: Demp Foster and Anita Foster, 78; Doyce Turner and Janell Turner, 78; Terry Gillen and Cookie Bamert, 81; Jess Winn and LaVern Winn, 81; Leon Wilson and Denise Wilson, 81; Jack Young and Martha Young, 83; Dave Marr and Linda Marr, 85; Tim Foster and Debbie Foster, 85; Marshall Pool and Vicky Watkins, 88; and J.B. Stevenson and Traci Walker, 89.

THIRD FLIGHT: Derrell Wilson and Karen Wilson, 79; Earl Richards and Melzine Elliott, 82; Tom Cooper and Nell Cooper, 82; Ed Kramer and Kathy Kramer, 83; Larry Calvert and Debbie Williams, 84; James Crane and Terrie Crane, 84; Clifford Black and Karen Black, 87 and Rusty Whitt and Christy Whitt, 90.

Next tournament at the club will be the "8-Inch Cup Tournament" to be held on Sunday, May 28.

"For the golfers who have difficulty making short putts, this could be your chance," said Smith. "Tournament play will begin at 1:30 p.m. Competition will be flighted by handicap with the results being determined by scratch scores. All nine greens will have an 8-inch hole. Entries are being accepted at 272-4250. Every other Sunday this summer, we will have some kind of tournament," he concluded.

Bailey County Extension Agent ure," he said. "They have enough moisture in the ground

to get a stand of cotton. "The decision was made because of the moisture available at this time and the new government program. Right now, we see a lot of planters in the field and in the last four or five days, planting has been in full swing. I expect cotton is approximately one half planted at this time."

He predicted cotton acreage at approximately the same as last year, but said corn acres were down, with an increase in acres planted in grain sorghum.

The county agent also said that acreage devoted to sunflowers last year also were expected to be reduced.

acres will not be planted, somewhat less than 20 percent, because of not enough moisture in spotted acres over the county. Moisture retention to allow planting has a lot to do with how the land was prepared for winter to hold winter moisture in spotted acres over the county. Moisture retention to allow planting has a lot to do with how the land was prepared for winter to hold winter moisture through

of moisture they could have utilized," he commented. Hot temperatures during the last five days is what farmers have needed for the past two weeks as the additional high temperature boosted all crops, including cotton, alfalfa, corn

snow. "Some farmers lost a lot

and vegetables, he continued. "It looks like we escaped severe damage with the recent 31 degree temperature and have very minor damage to crops in the county," he added. "We do have normal growth cut back, but the hot temperatures are warming up the soil temperature which had fallen back with the colder weather."

Tanksley still painted a dismal picture of wheat, especially in the dryland area. "The number of acres of dryland wheat lost due to low yields and no moisture will be larger than we anticipated," he said. "Some wheat will not be harvested, and irrigated wheat yields will be fairly low."

Farmers have been very busy during the past 10 days with cultivation, applying herbicide, fertilizer and planting cotton, along with irrigating their vegetable crops, according to the county agent's report.

"I suspect we will see an increase in vegetable production on a small basis, on a specuation basis. I think we will see many five to 20 acre plots of

vegetables planted." Onions and potatoes were reported to be doing real well and field planted peppers, tomatoes and cabbage are emerging, as

well as home garden plots. Speaking about livestock, the county agent said the county, state and nation is looking at the highest market in four or five years. There is strong demand

for all types of cattle. Range conditions however, remain below average with more moisture needed. On improved, irrigated pastures, excellent

Film Viewed On Littering During Meeting

Kiwanians who watched "A Litter Message to Tommy, Dick and Harriet" Friday morning, learned that it costs the taxpayers between \$4 and \$5 million in Texas this year to pick up litter from the highways and parks in

It was pointed out that this amount of money could be used to maintain a lot of miles of

Cotton ...

Cont. from P 1

conditions are reported. Tanksley said the outlook is the continued need for hot weather to allow crops to grow and mature. "We need very timely summer rain for average to better yields at harvestme.

"We do not have enough moisture on the dryland to make a crop, but there is enough moisture in the ground to get cotton up and growing, but the summer rains will be very timely and important.

"At this time, the big question is on dryland cotton which can come up and make a stand, but will not be able to hold without the additional moisture."

He predicted no major problems with the increased acreage in grain sorghum as new, greenbug resistant varieties will be roads and parks if it didn't have to be paid to pick up the litter thrown out by the traveling and picnicking public.

Stressed was to eliminate litter in the communities, on the highways and in the parks, with commentary by James King with the Texas Department of Transportation.

It was announced that the next meeting of the Kiwanis Club will be the final meeting for Sweetheart Benetta Roming. She will be attending Lubbock Christian High School summer school and graduate in August

before enrolling at West Texas State University, Canyon, for the fall term.

The Kiwanis voted to build six boxes for the Muleshoe Chamber of Commerce and Agriculture to be used for the Muleshoe Pitching Contest during the July 4th Celebration. Also, the Kiwanis Fireworks trailer will be set up with a complete assortment of fireworks just west of

Muleshoe on June 24-July 4. R.A. Bradley announced that he just thought he would keep the friendship coin since no one had come by the remodeling he has been doing on his home to help him. However, he finally presented the coin to the manager of TEC and 'friend to

everyone' - Lonnie Meriott. Attending the Friday morning meeting was Vicky Williams, daughter of Mary Williams, and recipient of the Kiwanis Scholarship to attend Wayland Baptist College at Levelland.

The monthly West Camp community family night was held Saturday night, May 13, at the West Camp community center. The host couples were Mr. and Mrs. Joe Simnacher, and Mr. and Mrs. Glen Harris. Sandwiches, chips and dips were served to the residents and table games were enjoyed. Joe Simnacher, Community Chairman, conducted a short business session in which a Treasurer statement was given, and the results of the judging of the Community Improvement Program was given. As of that time, the winners had not been announ-

ced. The approval was given for the Bailey County Farm

One Republican For All West Texas

364-7676

Dear Concerned Citizen:

1622 E. Park Ave.

I was born and raised in Muleshoe, Texas and I have many relatives in the area. I now live in the Midland/Odessa area, but still understand the needs, values, and concerns of the citizens of Bailey County.

On June 3rd of this year, we have a very important decision to make in the race for George Mahon's Congressional seat. After weighting the issues and backgrounds of the two Republican candidates, I feel strongly that George Bush is the best qualified candidate to serve ALL the large and diverse 19th Congressional

George was raised in West Texas. He is a businessman and understands the need to cut federal spending and the need for tax relief.

George is an energy producer and understands the need for incentives for our country's producers - both energy and agricultural.

George advocates a strong national defense.

We are proud of George's showing in the first primary. He received 47.5% of the vote against a man who had exposure from a previous race. George has the best chance to beat the Democrat nominee in November. HE IS A WINNER.

In order that you may become acquainted with George's views, he will be in Muleshoe on May 25th at the Corral Restaurant at 9:30 a.m. .

I urge you to vote for George Bush in the June 3rd runoff.

Please come by the Corral Drive Inn to meet George Bush and ask any questions

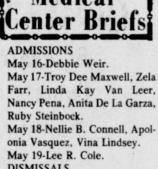

Meet With George Bush At Corral Restaurant

May is Hypertension Month, but in the Texas Department of Health every month is Hypertension Month.

Our hypertension program is one of the

Move it on. No time to waste.

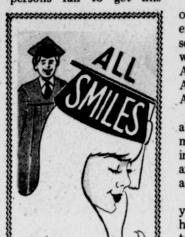

Continental Oil Co.

newer and more rapidly growing programs in the Department, and it is being carried out throughout all regions and n many local health departments.

Hypertension-or high blood pressure—is present in about one out of every six Texans. Nationally, more than 60,000 Americans die annually from hypertension, which also contributes to the

cerebrovascular accidents. There are several very effective drugs available

for the treatment of persons with hypertension. But people can't be treated unless the disease is detected. Although it only takes a moment or two to take a blood pressure test, many persons fail to get this

AND WHY NOT? GOOD SHOW!

> W.Q. Casey Ins.

more than one million fatal myocardial complications. infarctions and

We are talking about a public health program of great impact and a disease which can be simply evaluated, controlled in most patients and which can be accompanied by a drop in mortality, morbidity and health care

The Texas Department of Health has placed great emphasis on hypertension screening in Texas and is working closely with the American Heart Association, Texas Affiliate.

There are probably about one and one-fourth million hypertension cases in Texas. Less than a third are estimated to be under

adequate therapy. Starting some two years ago, we began a health education approach to create an awareness within the adult population of the nature and consequences of hypertension and the necessity for an annual blood pressure check. Screening was begun in two pilot projects—in Public Health Region 7 in East Texas and in Laredo. Since then, with additional funding through a federal hypertension control effort, the Department has laid the foundation for a truly statewide program. All Regions are now involved in screening. Some 35 Local Health Departments are actively participating, and others have screening plans for the near future. Our goal is to have the program implemented in all Local Health Departments. Further, we have a cooperative effort with the Texas Affiliate of the American Heart Association to increase its on-going hypertension screening in Bexar, Dallas and Harris Counties.

Additionally, laboratory support is being provided by the Department. Blood

Muleshoe Young Homemakers Dawn Lynette Weir Hold 'Night Out"

The Muleshoe Young Homemakers met Tuesday at Leal's Restaurant for their an nual Ladies Night Out. After the dinner, Mrs. Dorine Harbin, chapter advisor, installed new officers for the 1978-1979 year. For her theme, she compared the club to a loaf of bread and each officer to an ingredient in a loaf of bread. The point she brought out was that for a loaf of bread or club to be the mem

ber's, each ingredient or officer must do its part. Secret pals were revealed and each member received a gift from her secret pal. Retiring president, Mrs. Sandy Noble, received a gift for the excellent job she did as president during the past year, and Mrs. Dorine Harbin received a gift for being the club's Chapter Advisor.

Outstanding Young Homemaker Award for the past year. New officers installed for 1978-79 were Mrs. Brian Noble,

Epsilon Chi Holds Monthly Meeting

Epsilon Chi chapter of Epsilon Sigma Alpha Inter-national held its monthly business meeting in the home of Mrs. Keith Burns, 506 20th, on Tuesday, May 16. Mrs. Derrell president, presided over the meeting. Roll call was taken and the minutes were read. Officers and chairmans reports

were also given. A pledge pin ceremony was held for Mrs. Keith Burns with Mrs. Charles Moraw presenting the pin.

Secret sister gifts were exchanged revealing each others secret sister. New names were drawn for the upcoming year.

New officers were installed by Mrs. Jerry Harrison, past president of Epsilon Chi and immediate past president of Epsilon Delta. The new officers are Mrs. Charles Moraw, president; Ms. Janet Ellis, vice president; Mrs. Larry Gulley, recording secretary; and Mrs. Allen Smyer, as corresponding secretary; other officers installed are Mrs. Daryl Foster as treasurer and educational director is Mrs. Johnny St. Clair.

The chapter, represented by Mrs. Charles Moraw, presented Mrs. Jerry Harrison and Mrs. Derrell Matthews with gifts of appreciation. Mrs.

Matthews also presented all outgoing officers with gifts. The spring pledges including Mrs. Kelsey Branaman, Mrs. Phil Farr, and Mrs. Keith Burns served as hostesses. Those attending the meeting were Mrs. Terry Hillin, Mrs. Johnny St. Clair, Mrs. Rusty Whitt, Mrs. Barry Cowart, Mrs. Larry Gulley, Mrs. Robert Montgomery, Mrs. Charles Moraw, Mrs. Jerry

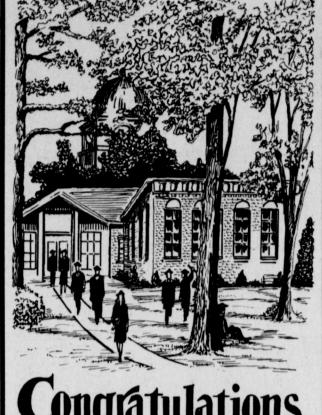

Harrison, Mrs. Daryl Foster, Mrs. Terry Parham, and Mrs. Alen Smyer. Also in attendance were Ms. Janet Ellis, Mrs. Derrell Matthews, Mrs. Phil Farr, Mrs. Kelsey Branaman and Mrs. Keith Burns.

Nitrogen and your corn yields.

You can follow every good corn growing practice in the book-top-yielding hybrids, herbicides, insecticides (even irrigation)-but without sufficient nitrogen you won't get optimum yields.

Corn uses nitrogen from early root growth until ears dent in late summer. The amount of nitrogen a good corn crop removes from the soil is

Nitrogen removed from soil by 150 bushel corn crop. In Grain (150 Bu.) – 135 lbs N In Stover (4½ Ton) – 100 lbs N Total – 235 lbs N

Most soils have enough nitrogen to produce about 70 bushels per acre. For yields over 70 bushels, you must rely on nitrogen fertilizer. Here is a good rule of thumb regarding the amount of nitrogen to apply. For Yield Goals - Figure on applying 2½ lbs N 70 to 120 Bu/A

for each

bu/A*

bushel over

70 bu/A* For Yield Goals - Figure on applying 3 lbs N for 121 to 200 Bu/A each bushel over 70

*Subtract from these totals any credits from "carry over" nitrogen, nitrogen in manure or nitrogen from legumes preceding the crop.

Nitrogen builds protein. University tests show that nitrogen can increase protein content of the grain as well as

For instance, increasing nitrogen rate from 50 lbs/A to 120 lbs/A increased protein from 6.9% to 8.7%, and protein pounds from 332/A to 594/A. For growers who feed corn. nitrogen helps in two profitable

ways: more corn and higher quality corn.

Fall application. Fall application is especially important on corn following corn. Nitrogen applied at that time stimulates soil organisms that break down crop residues. And it permits you to get part of your fertilization job out of

the way early. In many areas, a split application-part of the

nitrogen in the fall and part the following spring—is considered good practice.

Test corn soils now.

Don't shortchange your corn by applying too little nitrogen. Don't shortchange your pocketbook by applying too much.

We offer expert soil analysis service. We'll take soil samples, if you wish. We'll send in the samples for laboratory analysis; and bring you computer recommendations to match your yield goals.

See us.

We specialize in soil and crop management and are ready to give you professional advice and assistance.

Homeowners Telling Smith: 'Tax Too High'

Former Gov. Preston Smith, who has been out on a hand-shaking tour, says he has learned one thing for certain: People think their taxes are too high.

"Tax reform is one of the major issues with Texas voters. These citizens are the homeowners who are carrying more than their share of the state's tax burden

"We have to come up with some way to insure that all Texans pay a fair share. Tax reform will become even more important in the years to come when we can no longer depend on oil and gas revenue.

"We must begin to plan for it now while we still have time."

Smith says Texans also are unhappy with the high cost of energy. In some cases the homeowners' utility bills are higher than their mortgage

payments.
"Many Texans make their living producing as well as using energy. Two out of seven non-farm jobs in this state are directly related to petroleum

"Within a decade Texas could shift from being the country's leading exporter of energy to being an importer of energy.

"That's why it's so important that we make our plans now." Smith suggests launching a concentrated research and de-

Bentsen Asks Action On Bill

Senator Lloyd Bentsen on Monday sought quick approval for his counter-cyclical beef import bill by the House of Representatives.

The Bentsen bill was approved by the Senate late Friday.

"I urge you to expedite House approval of this anti-inflation bill which would benefit both consumers and ranchers across the nation," the Senator said in letters to Chairman Al Ullman (D-Ore.) of the House Ways and Means Committee and Rep. Barber Conable (R-N.Y.), ranking minority member of the committee.

"The American housewife has been faced with sharp cyclical swings in beef prices over recent years, particularly for hamburger meat. Our bill will help moderate this 'roller coaster' effect and in the future would help ease the sharp upswings in beef prices that we are now experiencing.'

"This is of particular importance to lower and middle income families," Bentsen said.

The counter-cyclical approach in the Bentsen bill would allow more beef imports into this country when domestic supplies dwindle and fewer imports when domestic supplies are abundant. The present law, the 1964 Meat Import Act, is procyclical. Its formula allows more imports as domestic supplies

The bill had been approved by the Senate Finance Committee, 13-1, on April 19. It has 28 cosponsors in the Senate.

"The fact that a substantial number of Senators of both parties, representing a full spectrum of philosophical approaches to international trade and consumer issues, supports the bill clearly demonstrates that the Senate's counter-cyclical beef import formula is a balanced proposal that

will protect the interests of consumers, importers and cattlemen." Bentsen said.

'The counter-cyclical control of imports will add stability to the domestic beef market. Greater stability in the beef

RECIPE

By Sarah Ann Sheridan

Icebox Dessert Icebox desserts are a refreshing climax to summertime meals. This also gets the nod for serving at club or informal gatherings.

- 2 pkgs. (72 cookies) chocolate wafers pt. heavy cream
- 3 T instant coffee dissolved in 1 T water (optional)

1 oz. dark semisweet chocolate, grated.

market will result in lower prices to consumers over the long run, a sure reasonable market for imports and a fair rate of return to ranchers," Senator Bentsen said.

Whip cream until quite stiff. Blend in instant coffee dissolved in water, if desired. Make icebox cake by layering wafers and whipped cream-either in stacks of 9 wafers or in 2 long loaf shapes. Set loaf wafers at a 45-degree angle on platter. Spread stacks or loaves with remaining whipped cream. Refrigerate over-

night or longer. Grate semisweet chocolate over top before serving. Serves 8 to 10, depending on thickness of sliced cake.

Home Health Agency Offers New Service

Vernice Garth, LVN, has announced a new service for clients using home health care services. She said, "Clients using home health care services often need skilled nursing service by an LVN or RN, but they are ineligible for home health visits because their skilled nursing needs do not meet the Medicare guidelines for "skilled care.

She continued, "Seeing this special need, the MBFA Foundation, which has delivered home health care in Texas since 1969, now announces a new

'service to these special clients. "Now those persons who re-********** True Value

of the Month

CAREY-McFALL Hang-A-Tool

under the Medicare guidelines, or those who require the skills of a licensed professional (vocational) or registered nurse, but cannot afford to pay the regular charges and have no insurance covering these services, are eligible through the Texas Homemaker Service, a division

of MBFA Foundation." According to the local LVN, an example of this type of service would be the client who needs a B-12 or other type of vitamin injection, as has been ordered by an attending physician and has no Medicare, Medicaid, Veterans or Private insurance of any king and cannot afford to pay the normal charge. Now this patient can have the visit of an LVN or RN in the home at a beneficial rate based on one's individual financial status.

This service will also benefit the patient who has been on the

home health service under Medicare, or some other type of insurance coverage, and has depleted this coverage, but is still in need of skilled nursing service. Now the client can pay a beneficial rate and remain on the service under this new system through MBFA's Texas Homemaker Service (West Tex-

as Home Health). Mrs. Garth said the service should not be confused with regular homemaker service. "This is skilled nursing care given by an LVN or RN, but just does not meet the Medicare guidelines," she said. "The client must be under the care of a physician who will order this service for the patient."

You may discuss the new service with your physician or call the Texas Homemakers for more information. The phone number to call is 747-2814 in Lubbock or in the Muleshoe

area, Vernice Garth at 272-4692 (evenings). She will be able to answer any questions you or your physician may have concerning this new service.

West Texas Home Health Agency indicates that this new service will provide another alternative to their clients toward better and more complete medical care available in the client's home. She adds, "MBFA Foundation motto is a "Vision With A Task." and this task is continually being accomplished and the vision is becom-

visitors will be allowed other ing a reality to those the than the immediate family. Foundation serves. Bush Will Visit On Thursday

George Bush, Republican candidate in the runoff election on June 4 for the 19th Congressional District seat, will visit in Muleshoe next Thursday.

He will be at the Corral Restaurant at 9:30 a.m. and all

interested persons will be welcome to attend.

AMERICAN LEGION AWARD... Earlier this year, Brad Baker, son of Mr. and Mrs. Jacque Baker, won a local, area and regional oratorical contest sponsored by the American Legion. Friday morning, a plaque was presented Muleshoe High School by Morris Moyers, Lubbock, 19th District Commander for the American Legion. Moyers was highly complimentary of Baker's accomplishment. The plaque will be permanently displayed in the speech department at MHS.

Singleton-Ellis Funeral Home 24 Hour Ambulance Service Muleshoe

The world has many people who find it easy to denounce almost everything.

Truth Cures Everything "Your wife used to be terribly nervous. Now she is cool and composed as a cucumber. What cured her?"

"The doctor did. He told her that her kind of nervousness was the natural result of advancing age."

As Commencement Time comes again, everybody is talking about the Seniors as never before: Compliments . . . speeches ... awards of achievement.

May we add just a few words of our own?

... and GOOD LUCK!", to a fine group of Grads!

radiographers on the South Plains has upped the class load to 30 this fall for the South Plains College radiologic

technology program. To meet that goal of 30 new students, the SPC radiologic technology program will conduct an aptitude examination on June 2 and July 7, announced Doyle Davis, program director.

The examination is among several requirements for entrance into the two-year program, he said.

The exam will be given at 8:30 a.m. both days in the SPC guidance and counseling office, located in the Adminstration Building. A fee of \$1 per person will be charged.

break. "No appointment is necessary and there's nothing to study for," he said.

four to 12 jobs are available each day in Lubbock alone for radiographers, a new term now being used for radiologic technologists. He said that beginning radiographers can earn an average of \$825 a month.

Other entrance requirements for the program include provision of high school and/or college transcripts, SAT or ACT scores, a spine X-Ray and interview with program personnel. Davis said that spine X-Rays may be obtained at cost from Plains Radiology Associates of Lubbock. 'Students should make an afternoon appointment for an X-Ray," he said. The firm may be contacted at 3825 22nd Place or 792-5511 in Lubbock.

Beginning this fall, the radio-

logic technology program will
