More or Less

Jack Brooks' left leg was received Wednesday about seven inches below the knee Wednesday morning. He is resting in the Colonial Hospital at McLean. Mail sent to him should be addressed to Jack Brooks, Kohler Hotel, Room 102, Rochester, Minn.

Jack Brooks, popular son of Mrs. Horace Brooks and White Deer, is undergoing treatment for a form of cancer on his left foot at the Clinic in Rochester, Minn. He was accompanied by his father, W. W. Shadid, who was in McLean last week, following diagnosis of his illness as cancer. He was to undergo an amputation Wednesday, and his leg was to be amputated seven inches below the knee. Jack began having trouble with his foot almost a year ago, apparently the soreness developed into a cancer. For a while it was believed the leg could be spared, but Tuesday his father revealed that amputation was necessary. He is the husband of the former Mrs. Shadid, who is now her mother in McLean.

Smulcer was injured last week while sawing limbs from a tree at the home of Mr. and Mrs. E. C. Cooke. He had sawed off the tree when the limb, knocking off his ladder to the ground, lay unopposed for about an hour before he was discovered by a neighbor, who got Smulcer taken to the hospital, but had no bones.

W. Carpenter, son of Mrs. Chas. Carpenter of McLean, has been placed on the roll at the University of Dentist School in Houston for the first quarter of the school according to an announcement from Frederick C. Elliott, president and dean of the school.

The senior student of the school, and has made an outstanding record in his athletic work.

Black, senior at McMurry College, is one of the 58 students to be in the honor roll for the semester. Only the upper percent of the student body, nominally, make the honor roll. Black is the daughter of Mrs. Robert E. Black and Mr. Black.

Annual treat for members of the senior class of McLean School will be given by the I. U. of the First Baptist Church tonight. The treat each is in the form of a banquet program, featuring Dr. A. J. district missionary, from Illinois, will begin at 7:30 p. m. Dr. Quinn will speak to group and will also show pictures.

McLean Lions Club members entertained at the regular luncheon with a motion picture entitled "High, Wide, and Beautiful." The film, prepared by the Southwestern Public Service Company, shows the many of progress throughout the middle area, and stresses the industry in this area. Cobb and James Goodwin of Pampa, Custer Lowery introduced as a new member.

Assembly of God Church is conducting a revival, which began Sunday 3 to continue for two weeks. Rev. Glenn H. Lester of Ft. Worth is conducting the services. Services begin at 7:30 p. m. and include special singing and music. Friday night will be a special healing service. Everyone is cordially invited to attend, as announced.

Second annual school of the First Baptist Church in McLean next Sunday, February 10. A number of outstanding members will be here for the occasion. Pastors Buell and Mrs. Buell will be held at the church. The public is invited to attend.

Scout Drive Is Underway; No Report Yet

Workers in the one-day campaign to raise funds for the maintenance of the Adobe Walls Council of the Boy Scouts were busy Wednesday making contacts, but no report on the amount donated was available late in the afternoon.

Bill Day is serving as chairman for the drive in McLean, and was master of ceremonies at a kick-off breakfast in the Lions Hall at 7 o'clock Wednesday morning. Most of the workers were present at the breakfast to receive their prospect cards and instructions in filling out the cards, etc.

Phil Pegues, Scout executive from Pampa, attended the breakfast and explained the organization of the council.

No money quota has been set, but instead a goal of contacting 10 per cent of the population in McLean has been set. The council will need \$42,000 to carry out its program throughout the 15-county area served during the coming year.

Team captains, and their workers, are as follows:

Neil Cooper, team captain; workers, Lester Campbell, Hadyn Bodenhamer, Logan Cummings, Guy Hibler, Howard Horne, Odell Mantooh, Paul Kennedy, Emory Crockett, Howard Williams, and Joe Taylor.

J. W. Meacham, team captain; workers, Sammy Haynes, Johnny Haynes, Wilson Boyd, J. C. Claborn, Jimmy Dawson, Earl Stubblefield, Ted Simmons, Lester Dysart, Spencer Sitter, and Hickman Brown.

Marvin Hindman, team captain; workers, J. H. Jenkins, Bob Black, June Woods, J. H. Biggers, H. L. Chase, L. F. Hauck, E. F. Glenn, W. H. Sargent, Dick Goad, and W. D. Clawson

DARLENE GRAY WTSC Beauty

Darlene Gray Named Beauty In WT Contest

Mrs. Darlene Gray, daughter of Mr. and Mrs. W. W. Shadid of McLean, was presented as West Texas State College's most beautiful girl at the annual Le Mirage Beauty Ball held in the college cafeteria last Friday night.

Mrs. Gray, the former Darlene Shadid, was named as McLean High School's most beautiful girl while attending high school.

Her escort for the presentation ceremony was Ross Davis of Amarillo, who was named as the college's most handsome man.

Runners-up for the honors were Norma Self, Pampa, and Don Craig, Clark, Nebr.

Mrs. Gray is a sophomore speech major. She transferred to WTSC from North Texas State College last June, and recently became the bride of Bud Gray of Amarillo.

Davis is the son of Mrs. W. F. Shockey of Amarillo. A 21-year-old senior, he is a math major.

The presentation of the two winners climaxed a month of speculation after student balloting selected the top six in each division from a field of 24 candidates chosen in earlier elections. Results of the final voting were held secret until presentation time at the dance.

Auction to Highlight Bargain Day

Dollar-Stretcher Day in McLean Saturday will feature something new and different for this area—a community auction sale at which anyone can have anything sold, providing that something to be sold is not livestock.

The location for the sale is advertised in the Dollar-Stretcher Day circulars as the King Motor company building, but the site has been changed to the Smith building at the corner of Main Street and U. S. Highway 66. The change was made since it was believed more people could be accommodated in the Smith building.

The auction sale, under the auspices of the McLean Lions Club, will afford a market for almost anything, new or old, big or little. The club will charge 10 per cent commission on each sale which is closed, all money derived to go to the club's activity fund.

First Aid Class By Red Cross To Start Here

The standard course of first aid instruction will be given here in McLean soon under the supervision of the McLean chapter of the American Red Cross.

A meeting will be held Monday night, February 18, at 7:30 o'clock at the Lions Hall to organize the class. J. D. Heard, highway patrolman who is an accredited first aid instructor, has announced. Calvin Harrell, the other patrolman stationed here, will meet with the group of citizens interested in taking the course, since Heard will be out of town.

"We want as many in the class as possible," Heard explained. "All finishing the course will be awarded cards showing they have received the instruction. Then, in the event of a disaster, these trained first aid people will prove invaluable. The course is not complicated, but is sufficient in its scope to provide those taking it with a good working knowledge of first aid. We cannot have too many to take the course, just as we could not have too many trained people if a disaster should strike."

The course will consist of 15 lessons of two hours each. All classes will be held in the Lions Hall at night.

61 Herefords In Plains Sale

Sixty-one registered Herefords will be sold in Perryton on Tuesday, February 12, at the sixth annual sale of the North Plains Hereford Breeders Association. There are 41 bulls and 20 females from some of the outstanding Hereford breeders in the North Plains area.

The sale will follow the annual show, to be held Monday afternoon, February 11. Prize ribbons will be given to winners in ten classes.

The mammoth Ochiltree county warehouse will again be the site for the sale. A well heated sales ring and plenty of seats have been provided.

Consignors include Jake Hess and W. O. Simmons of McLean.

March of Dimes Total Reaches Record \$1,603

The hoped-for goal of \$2,000 in the annual March of Dimes was not attained, but generous McLean and area citizens contributed a record-breaking total of \$1,603.79 to fight the dreaded polio disease.

Campaign for funds for the Gray County chapter of the National Foundation for Infantile Paralysis ended with the March of Dimes dance in the American Legion Hall last Thursday night.

Largest amount collected was in the form of voluntary contributions, Howard Horne, chairman of this year's drive, said. This total was \$638.53, and included the amounts mailed in through the cards sent out and that placed on the March of Dimes board in the office of the Southwestern Public Service company.

Next largest amount was realized through street donations, collected by the members of the Floyd-Corbin-Florey Post, American Legion, Saturday, January 19. The \$300.53 raised on that date aided greatly in making up the total amount, and much of it was given by tourists passing through McLean.

Other amounts raised were as follows:

Legion bingo games and auction, \$115.75; grade school donations, \$117.27; high school donations, \$37.40; 10-cent coffee from cafes and drug stores on January 19, \$57.13; Legion wishing well, \$28.58.

March of Dimes dance, sponsored by Legion, \$198.15; Liberty Home Demonstration bake sale, \$15.71; March of Dimes banks, \$91.44; Teen-age Club, \$3.25.

C. G. Nicholson To Seek Office Of Constable

C. G. Nicholson this week authorized The McLean News to announce his candidacy for the office of Constable of Precinct 5, subject to the action of the Democratic primaries.

Nicholson has been a resident of Texas for the past 47 years, and of Gray County for 34 years. In making his announcement, he made the following statement:

"I feel that most of you know me without further introduction, since I have spent the greater part of my life in the state and in this area. You know of my past life, my record, and I want you to know it is open for inspection."

"As many of you know, I served as constable of this precinct for a period of 12 years, resigning from that position to accept the office of deputy sheriff under G. H. Kyle. I believe that this experience is ample to provide me with the knowledge and ability to carry out fully all the duties of the office."

"During the coming months, I will attempt to see each and every voter in the precinct, to solicit your vote and influence. I do want you to know, however, that I will appreciate any consideration you may give my candidacy."

Increased Rates In Effect on February Bills

Telephone rates were hiked a flat 20 per cent "across the board" for users of the services within the city limits of McLean Tuesday, when the Southwestern States Telephone company accepted, under protest, the 20 per cent offer made by the McLean city council.

The company, last October, asked for rate increases which would have meant hikes as high as 40 per cent for some telephone users. Since that time, the council and the company have been negotiating, and the 20 per cent offer was accepted Tuesday.

"The company will ask for another increase at a later date, in order to put our rate of return on our investment at a satisfactory level," M. E. Barnes, division manager of Western Oklahoma holdings of the company, said. "We are accepting the offer made by the city of McLean officials under protest, and will seek another increase later."

The increase was the first general rate hike the company has had in McLean since 1933, Barnes explained, and higher cost of operation, especially labor costs, made the raise in rates necessary.

February billings from the company—the bills which local telephone users receive later this month (about February 12)—will carry the 20 per cent increase, Barnes said.

Present rates on the various types of city service, to which the 20 per cent increase will apply, are as follows (these rates do not include the 15 per cent federal tax which will be added after the 20 per cent hike is added):

Business phone, one party, wall set, present rate, \$3.75 per month; business phone, one party, hand set, \$4.15; business phone, two party, wall set, \$3.25; and hand set, \$3.65.

Residence phone, wall set, one party, \$2.25; for hand set, \$2.65; residence phone, two party wall set, \$1.75; for hand set, \$2.15.

In other words, the one party wall set for residences would figure \$2.25, plus 20 per cent, or \$2.70, plus 15 per cent federal tax, or a total cost of \$3.11.

In first asking for the rate increase, the company cited its low rate of return for its investment. In a condensed statement at that time, the company stated that it showed a net revenue, before federal taxes, of \$71.38 in 1950. Barnes said in McLean Tuesday that operating costs in 1951 had cut the net revenue even more. The original increase sought would have given the firm a 2.74 per cent return on property costs, and that granted by the city will cut that return to about one-half, Barnes said.

McLean Cafe Sold to Groves

Sale of the McLean Cafe to Douglas Groves by Mr. and Mrs. Al Fuqua was announced last week-end. Groves took over management of the firm Friday morning.

Fuqua has owned the cafe for the past five years, buying it in 1946 from Buddy Watkins. He and Mrs. Fuqua and their daughter had lived in McLean for seven months prior to purchasing the cafe.

Fuqua said that he plans to continue to make McLean his home. Due to his health, however, he will "take it easy" for a while, and will be engaged in turkey raising for the present.

"We invite you to come in and enjoy our fine foods," the new owner stated. "We will attempt to please you in every way possible, and hope that you will enjoy our cafe."

Blaisdell Dies In Pennsylvania

William Blaisdell, who served as division superintendent of the Morse lease for the Keweenaw Oil company a number of years ago, died at his home in Uniontown, Pa., Saturday. He was 80 years of age.

Blaisdell, known to his friends in this area as Uncle Billie, was employed on the Morse lease for several years, and was retired about eight years ago. He and Mrs. Blaisdell moved to Pennsylvania on his retirement, and were making their home with Willard, their oldest son.

Mrs. Blaisdell has been an invalid for several years.

Survivors include his wife, Anna; two sons, Willard of Uniontown and E. G. Olney, Ill.; one granddaughter, Mrs. Charles Ivey of Holly, Colo.; and two grandsons, Jimmy London Jr. of Illinois and Jack London of Canyon.

The U. S. Civil Service Commission announces open competitive examinations for probational (permanent) appointments to the positions of Deputy Collector, GS-7, \$4,205 a year, for employment in the Bureau of Internal Revenue, Treasury Department, State of Texas. Additional information and application forms may be obtained from the McLean post office.

Hess Entry Reserve Champion In Top o' Texas Hereford Show

Doctor Larry 8th, entered and exhibited by F. Jake Hess of McLean, was named reserve champion male Hereford in judging at the Top o' Texas Hereford Breeders Association show Monday. Francis Hill of Grove, Okla., was judge for the show.

Grand champion honors went to a bull entered by Alex Born and Sons of Follet and showed by Leroy Born. The winner was Texas Zata Heir 20th.

H. H. Reeves of Shamrock won first-place honors in the female division with his entry, Gwendoline E 3rd, and reserve champion was Princess Gwen 4th, showed by Crescent Ranch of Mount Dora, N. M.

Hess also showed the best pair of sale cattle.

Winning top place in the junior livestock show was Paul Macina Jr. of Paken with his 845-pound Hereford calf. Joe Van Zandt of Mobeetie took second-place position with his 808-pound Hereford calf.

In the swine division, E. Jay McIlvain of Kingsmill won first with his Chester White, and reserve champion honors went to Glen Harris, also of Kingsmill.

Other honors won by local exhibitors include second in the junior pig division, won by David Wilson, McLean FFA student; senior bull calves, F. Jake Hess, 2nd; junior bull calves, W. O. Simmons, 1st; senior heifer calves, F. Jake Hess, 2nd; junior heifer calves, Clyde J. Magee, 2nd and 3rd.

Other boys showing were Don Taylor, Burnis Stokes, Carol Pettit, and Clarence Pierce.

Carl Pettit was second high point man in the swine judging. Other team members were George Railsback and Archie Dwyer.

MRS. BILLY JOE WILSON

Barbara Ann Beck, Billy Joe Wilson United in Marriage

Marriage vows for Barbara Ann Beck, daughter of Mr. and Mrs. Earnest Beck of McLean, and Billy Joe Wilson, son of Mr. and Mrs. R. C. Wilson of Lefors, were read Sunday afternoon at 4 o'clock in the McLean Methodist Church. The date coincided with the 23rd wedding anniversary of the bride's parents.

Rev. LeRoy Massengale of Altus, Okla., read the double-ring ceremony against a background of palms, white gladioli, and candelabra.

The bride, given in marriage by her father, wore a street-length dress of white nylon lace with fitted jacket, three-quarter-length sleeves and shoulder veil, and an orchid corsage.

Virginia Beck, sister of the bride, was maid-of-honor. Her dress was of aqua faille, and she wore an orchid corsage. Candelights were Cynthia Ann Rice of Groom and Nona Ruth Beck of McLean, sister of the bride. Their dresses were of peach and teal taffeta, respectively, and each wore a white carnation corsage. The ring bearer, Helen Sue Beck, sister of the bride, wore a pink taffeta dress with blue carnation corsage.

The best man was the groom's brother, Robert Wilson. Ushers were Max Rhea of Amarillo and Sam Lowry of Clarendon, cousins of the bride, and Jack Bentley of McLean.

Dicky Sligar, organist, played "Claire de Lune" by Debussy, and Bill Day sang "I Love You Truly," by Cara Jacobs Bond, and "Through the Years," by V. Youman.

Following the ceremony, a reception was held in the fellowship hall of the church. Mr. and Mrs. Beck were assisted in the reception by Mrs. Amos Thacker, Mrs. Clifford Allison, Mrs. Arthur Dwyer, Mrs. Chas. Cousins, and Mrs. S. A. Cousins. The table, covered with a white dinner cloth, featured blue crystal punch bowl and blue crystal candelabra with white candles.

Mrs. Sam Lowry of Clarendon, cousin of the bride, was at the guest register; Mrs. Max Rhea of Amarillo, cousin of the bride, poured the punch; and Miss Carline Carruth of Lefors served the wedding cake.

Mrs. Wilson is a graduate of McLean High School and Amarillo Secretarial College. She is employed by Charlie Thut, county clerk, in Pampa.

Mr. Wilson is a graduate of Forestberg High School, and served five years in the Marine corps in Japan, Cuba, and Korea. He is now employed by Phillips Petroleum company.

For the honeymoon trip to Denton, the bride chose a chartruse suit with black accessories and she wore an orchid corsage. After the wedding trip, the couple will be at home at the Clay apartments in Pampa.

Out-of-town guests for the wedding were Rev. and Mrs. LeRoy Massengale of Altus; Mr. and Mrs. Max Rhea and children of Amarillo; Mr. and Mrs. C. M. Lowry and Mr. and Mrs. Sam Lowry of Clarendon; Mr. and Mrs. Billy D. Rice and Cynthia of Groom; Miss Beth Hall of Alanreed; Miss Jewell Cousins of Borger; Miss Alma Wilson of Pampa; Mr. and Mrs. R. C. Wil-

son and Bob, Carline Carruth, Hazel Hensen, Shirley Smith, Jan Munger, and Frances Ginn of Lefors.

Junior Music Club Meeting Is Held In Boyett Studio

The Junior Music Club met February 1 in Mrs. Willie Boyett's studio. Nineteen members and 31 guests were present.

Music students from the 7th grade were promoted to the senior club in January, leaving some vacancies in the officers of the grade school club. Othelia Eustace was elected president; Janice Magee, vice president; and Mrs. W. W. Shadid, reporter.

Peggy Sharp, Othelia Eustace, Kay Stubbs, and Patricia Shadid were presented in repertoire playing of six numbers each.

OUR NEW SOCIAL SECURITY

Employed farm workers and household employees who are under social security last year need social security account cards, according to John Sanderson, manager of the social security office. If the worker does not have an account number, or has lost his final card, Sanderson says, "he should get one from our office." Sanderson pointed out that farm

and household workers who became covered under social security now earn old-age and survivors insurance benefits along with other workers in business and industry. "Benefits are based on wages and the worker needs to get credit for every dollar he earns up to \$3600 in a calendar year. So that he may obtain proper credit for his wages, the worker should show his social security account number card to his employer the first day he goes to work," Sanderson concluded.

GOOD HEALTH

1. WHY IS CANCER TREATMENT LIKE GARDENING?

2. HOW LONG DOES PNEUMONIA HOSPITALIZE YOU?

3. WHAT DO COLDS COST?

Answer to Question No. 1:

1. The Sloan-Kettering Institute points out that, since cancer is like a terrible weed, the destruction of the disorderly growth of cancer cells follows gardening methods: pulling out the weeds (surgery); burning out the weeds (irradiation); altering the soil (changing body fluids by giving steroid hormones); killing the weed in the soil (giving treatment to kill cancer cells, yet leaving normal cells unharmed); exploding weeds with chemicals (use of chemicals which explode cancer cells). Every gardener knows weeds are easiest to destroy when they first appear. The same is true of cancer.

Answer to Question No. 2:

2. It used to be that pneumonia would keep you in the hospital for as long as five

weeks. Now, because of modern drugs and techniques, many cases of pneumonia can be discharged from the hospital in five days. Although hospital costs have risen, because modern hospitals, adapted to high standards of medical care, are expensive to operate, this reduction in the length of hospital stay has actually lessened the expense of illness.

Answer to Question No. 3:

3. Authorities say 40 per cent of all days lost from work are due to colds. Assuming a 57 a day loss in earnings or productive capacity, colds cost \$420,000,000 a year on this basis alone. In addition, they often lead to more expensive and more serious illnesses.

McMurtry-Carpenter

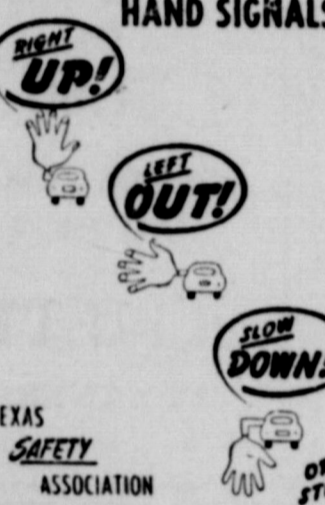

At the home of the bride's brother and sister-in-law, Mr. and Mrs. Charlie McMurtry, south of Amarillo, on Tuesday of this week occurred the wedding of Miss Grace McMurtry and Charlie Carpenter. The ceremony was performed at high noon by Rev. H. A. Goodwin, pastor of the local Baptist church, in the presence of a few intimate friends and relatives.

The young people left immediately after the ceremony for this city and will make their home for the present at the Hotel Hindman.

Miss McMurtry's parents live at Windhurst, Texas, but she has spent the past several years in this section of the state, where she has several brothers. Three years ago she taught in the schools at this place and during her stay won for herself a host of admiring friends. Recently she has been teaching at Claude and resigned this work to become the bride of Mr. Carpenter.

New Station Agent

The traveling auditor of the Rock Island lines was in this city Saturday and Sunday for the purpose of checking out the former agent and installing the new agent, D. A. Davis, who immediately took charge of the affairs of the station.

Mr. Davis comes here from Memphis, Texas, where he has been employed with the Denver road, and is recommended as a capable and thorough railroad man.

Mr. Salmon has severed his connections entirely with the Rock Island and will remain in this city, engaging in other business.

With Mrs. Arthur Erwin

The Ladies Aid of the Presbyterian church held a very interesting meeting at Mrs. Arthur Erwin's home on Wednesday of this week. At the meeting the ladies decided to serve dinner in the downtown district on Washington's Birthday, the 22 instant. A further announcement will be published.

After the close of the business meeting, the visiting ladies surprised Mrs. Erwin with a delicious lunch which they had prepared previously and brought with them.

Mothers Entertain

The entertainment given by the Mothers' Club at the school auditorium Friday evening of last week was well attended and very much enjoyed by all present. Several very delightful vocal renditions added to the pleasure of the occasion. There were also several instrumental solos on both the piano and violin; a number of splendid readings, and a most interesting monologue by Billy Biggers.

The proceeds amounted to

Donley County—SOIL NEWS

At their last meeting the supervisors voted to purchase a manure spreader and loader to be rented to farmers and ranchers in the district.

The spreader has been delivered and ready for use. The rental rate is \$4.00 per day.

A loader has been ordered for the district-owned tractor. The tractor and loader attached will be rented at \$4.00 per day for each spreader used.

There are many thousands tons of manure lying idle and wasting away on the farms in Donley County. All of this manure should be applied to the land.

An average ton of manure contains 10 pounds nitrogen, 5 pounds phosphoric acid, and 10 pounds potash. One ton of manure is, therefore, equivalent to about 100 pounds of a 10-5-10 fertilizer valued at about \$3.40.

At an estimated cost of 50 cents per ton for spreading there is a net profit of \$2.90 for each ton of manure applied. From 20 to 40 tons can be spread in a day with one spreader. Where else can you make that much for one day's work?

Manure also contains organic matter in which most all our cultivated soils are deficient. The addition of organic matter aids in preventing erosion. It increases the rate at which water will enter the soil and increases the amount of water the soil will hold. Organic matter also aids the bacterial action in soil, making minerals in the soil more available.

Cold-Weather Driving Hints

IN THE COMING WINTER the average motorist will drive about 2,600 miles, or 37 1/2% of his mileage for the entire year, as shown in this chart based on gasoline consumption trends. The figures prove that modern cold-weather driving nearly equals other seasons. They also show the increasing importance to the average driver of precautions to assure trouble-free winter driving.

The following nine winter-proofing steps are advised by Gulf Oil automotive engineers: (1) battery—keep fully charged; (2) cooling system—clean and add anti-freeze; (3) crankcase—use winter grade oil and change monthly; (4) chassis—lubricate monthly; (5) ignition system—tune up; (6) transmission and gear axles—change fluid at season's start; (7) tires—provide snow treads and chains where needed; (8) keep car under cover in heated garage, if possible; (9) observe particular precautions against carbon monoxide.

FLOELLA CUBINE

Miss Floella Cubine Worthy Advisor Of Rainbow Girls

Floella Cubine, daughter of Mr. and Mrs. Ercy Cubine, was installed as worthy advisor of the McLean Assembly, Order of Rainbow for Girls, in a formal ceremony January 28 at 7:30 o'clock at the Masonic Hall.

Colored letters mounted on a base of gold, representing the seven color stations, decorated the pedestals. The rainbow in the east reflected its shining rays on a background of blue with the letters "F-R-I-E-N-D-S-H-I-P" in gold.

Mrs. Evelyn Stubblefield, retiring mother advisor, invited the installing officers to enter the assembly room. They were Waneta Hupp, grand service, grand assembly of Texas, installing officer; Donna Gail Stubblefield, marshal; Evelyn June West, chaplain; Barbara Barrett, recorder; and Mrs. Johnnie Rodgers, musician.

Little Linda Smith entered the assembly room carrying a basket of wrist corsages of red carnations tied with gold ribbon. As the recorder called the names of the officers, corsages were presented to them by the incoming worthy advisor.

After Floella was installed as worthy advisor, "My Task" was played as she was escorted to her station in the east. On entering the archway, she was presented with a lovely bouquet of red carnations carried by Linda, a gift from her mother and father.

Other officers installed were worthy associate advisor, Billie Sue Pettit; charity, Dortha Chase; hope, June Stubblefield; faith, Bethie Mantooh; recorder, Virginia Beck; treasurer, Jane Franklin; chaplain, Sue Glass; drill leader, Shirley Allison; love, Lottie Pettit; religion, Becky Barker; nature, Harlene Moore; immortality, Betty Jo Patterson; fidelity, Pat Shelton; patriotism, Sammie Jane Wood; service, Nedra Graham; confidential observer, Billie Mae McClellan; musician, Barbara Ruth Carter; choir director, Pat Patterson; choir, Helen Bruner and Jeanne Havens; mother advisor, Mrs. Joy Harlan.

After Mrs. Harlan was installed she was escorted to the east, introduced, and saluted with grand honors. As a token of appreciation, she was presented with a corsage from the assembly.

Members of the advisory board installed were Mesdames Sue Cubine, chairman; Evelyn Stubblefield, Iona Franklin, Hazel Smith, Vera Thomas, Clara Hupp, Daphne Morris, Betty Harrell, Ollie Ruth Hedrick, and Tressie Mantooh; and Clifford Allison, E. D. Morris, Ercy Cubine, C. M. Franklin, J. F. Hupp, Felton Webb, H. W. Harlan Jr., Odell Mantooh, Bill Pettit, Boyd Smith, Earl Stubblefield, Bob Thomas, and W. B. Clayton.

Floella chose "Friendship" as the theme for her term; "My Task" as her song; the flower, red carnation (red for the love of friendship); and colors, blue (for the fidelity of friendship) and gold (for the shining example of friendship); motto, "Our friendship is more precious than gold." Floella expressed her deepest thanks to the installing officers and to all who had a part in her installation. Gifts were presented to the installing officers and to Mrs. Evelyn Stubblefield by the new worthy advisor. Floella gave a talk on her theme and dedicated a poem on friendship to the officers, past and present, as Mrs. Rodgers played softly "My Task."

Mr. and Mrs. Ercy Cubine, Floella's parents, and Mrs. Ella Cubine, her grandmother, were presented in the east and welcomed. Floella presented her mother and grandmother with a corsage and her father with a boutonniere, as "Always" was sung by Dortha Chase, Bethie Mantooh, and Donna and June Stubblefield. Donna Gail Stubblefield was presented the official past worthy advisor's pin by Billie Sue Pettit. Mrs. Stubblefield expressed her appreciation and love for the past

Pre-Nuptial Shower Given in Honor of Patricia Ferguson

Miss Patricia Ferguson was the honoree at a pre-nuptial shower January 26 at the home of Mrs. S. A. Cousins.

Other hostesses were Mesdames Wilson Boyd, W. W. Shadid, Ercy Cubine, Jewel Meacham, Earl Stubblefield, and Wheeler Carter.

Decorations of blue and white, the chosen colors of the honoree, were used. Refreshments of coffee, cookies, and mints were served from a table laid with an iris blue cloth and centered with a floral arrangement.

Mrs. Bud Gray presided at the silver coffee service, and was assisted by Miss Floella Cubine. Miss Donna Stubblefield registered the guests.

Those present or sending gifts were Mesdames C. W. Parmenter, C. P. Callahan, Guy Beasley, Odell Mantooh, Leon Fobes, G. W. Humphreys, R. L. Marshall, Cort Meyers, Bill Ferguson, Don Alexander, J. H. Flesher, J. L. Hess, Forrest Hupp, W. M. Rhodes.

Winter Vacationists Choose Station Wagons, Convertibles

There's a lively popularity this winter of convertibles in Florida and station wagons in the snow belt, indicating a vigorous response among winter sports fans and warm weather vacationers to current models with these body types. That's the word from Pontiac dealers who report active sales of the two models, shown above which have just been introduced for 1952. It shows a marked tendency among the young and young minded to favor the less orthodox type of body in which designers have been especially free to exercise their ingenuity in lines, styling and equipment. Apparently the appeal being put into the new cars has struck a responsive cord.

Small Fry's Winter Wounds

The sheen of smooth ice on pavement or path is an almost irresistible temptation to any youngster to take a running start and slide over the glistening surface. If the result is a tumble, with a skinned elbow or knee, don't be too concerned about it. Children have been surviving tumbles for countless generations.

It's a good idea, though, to check the medicine cabinet and make sure you have on hand the first-aid items you will need to treat small fry's wounds. Skating, coasting and just plain running about over ice and snow are likely to take a toll of minor cuts, scrapes and scratches that won't require a doctor's attention, but that will require first-aid treatment as a safeguard against infection.

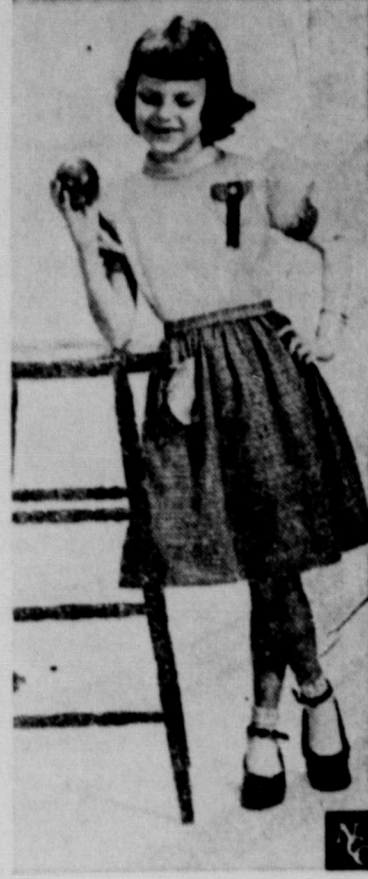

Usually no more will be called for than cleansing the hurt with soap and water or a mild antiseptic; then a sterile dressing to keep it clean. The new, ready-to-use plastic strip dressings (with the gauze pad already affixed to the adhesive) are fine for children's small hurts — and your own — particularly on hard-to-bandage places like elbows, knees and

knuckles. They are elastic, so they stay where they belong, stretching with the movement of the joints.

Children don't ordinarily care about the appearance of a bandage. Sometimes it seems that the more conspicuous it is and the dirtier it gets, the prouder they are of it. But for your own use you'll be interested in the fact that the plastic strips are flesh-colored and blend with skin tints so well that they scarcely show. Dirt sheds easily from their smooth surface. If you have one of these dressings on a cut finger, you can wash the dressing when you wash your hands, and it won't get soggy or loose.

You'll be teaching your children a lesson they'll appreciate in later life if you bring them up to understand the importance of protecting small wounds from infection. As soon as they are old enough, they should be encouraged to cleanse and bandage their own minor hurts. The plastic strips are a help here, for young fingers can apply them without touching the gauze pad that comes in contact with the wound.

APPLE POLISHER!

Polishing the traditional apple for teacher, this pert little miss gets ready for the first day of school. She is wise to her fashions, too, for she wears the latest thing in back-to-school styles. Her dress is a washable knit cotton by Mary Jane, combining a tweed-like woven skirt and a solid turtle-neck top.

Are You Guilty Of Doing Things Like These?

- Spend Three Hours Bargain Hunting To Save 25c?
- Waste a Day's Travel in Time and Expense in Order to Catch Some "Out-of-Town" Bargain Which May or May Not Be a "Bargain" at All?
- Drive 20 Miles to Buy Eggs for a Few Cents Less—or at the SAME PRICE—Than You Can Get Them At a Local Store?

Most of us are guilty on one or more counts and we thereby exhibit an excellent example of false economy. In most cases we spend twice as much in actual cash, time, and shoe leather as the few pennies we are supposedly "saving."

If you want to hunt values, the place to do it is in the COLUMNS OF THE McLEAN NEWS. Follow the advertisements regularly. The merchants of McLean can supply you with every want and, through their advertising, you can take advantage of REAL SAVINGS!

A study of the ads in this issue of the paper alone will reveal to you that you can save the cost of The McLean News for one year over and over again. In many cases, you can save the cost of a year's subscription by taking advantage of only one item in one advertisement.

ANTHRAX—A KILLER

RECENTLY WE HAVE READ much about anthrax, a disease which is proving deadly to cattle in scattered portions of the Panhandle area. Fortunately, no reports of the disease spreading to the McLean area have been received.

The disease, incidentally, can be just as deadly to humans as to other animals. In the case of a man in a county in the Panhandle, the disease has not proved deadly to the man, but it was deadly to one of his herd of cattle, a hog, and a dog. The man contracted the disease also, but is still living.

Animals may become infected by grazing on anthrax-infected ranges, drinking contaminated water, or eating hay or forage grown in infected areas. Such animals may infect animals in the same herd, or anthrax may be carried from sick to healthy animals by biting flies and insects. Debris carried by floods, feeds, hides, and scavengers, such as buzzards, may carry anthrax to new areas. Outbreaks are more common when animals are on pasture and insects are abundant, but anthrax may also occur in stabled animals.

In cattle, sheep and goats, anthrax may be confused with blackleg, malignant edema, hemorrhagic septicemia, poisoning, and other causes of sudden death. Usually, one sick animal is seen in a herd or a single death occurs, although no previous signs of disease have been noted. Several days later there may be a number of sick animals in the herd or several animals may die.

Anthrax is characterized in cattle by sudden onset, depression, loss of appetite, rapid breathing, staggering, bloody discharges, high fever, and death, usually in less than 24 hours. Soft swellings often appear. In horses and mules, the first symptom observed may be a hot, painful swelling of any part of the body. Within 24 hours the animal may be dead or the swelling may become so extensive that walking is difficult.

The first thing the cattle owner should do is to notify a veterinarian; and in some states there is a law requiring such notification of a veterinarian or a state livestock sanitary official, when the disease appears, or is suspected.

When an outbreak of anthrax occurs, all apparently healthy animals should be vaccinated immediately. If practical, pastures should be changed. Dead animals, bedding, blood-stained soil and other contaminated material should be completely burned or buried deeply in quicklime. Caution should be observed by persons handling sick animals, carcasses, and infected material, since the disease is readily transmitted to humans.

It's a deadly thing, this anthrax, but it can be kept from spreading—should it hit our area—by preventive vaccines, which are available locally. If anthrax comes your way, or if signs of it appear, take action immediately—it can be most costly.

Hath any wronged thee, be bravely revenged. Slight it, and

LES TALK

By LESTER

Pictured here are two of our distinguished big-wigs about town. You know them; at least most of you know them.

The top picture is that of Mayor E. J. Lander, better known as Ed, or just plain "Mayor." Ed has been connected with the city government much, much longer than any councilman now holding office. O. G. Stokely, who retired from the council a few years ago, and Ed went on the council at about the same time. Ed was elected mayor a couple of years ago and is serving his first term in that thankless job. He is a great one for having ideas. He has lots of ideas, and many of them turn out to be very good ideas. And when he gets something going, he doesn't let anyone concerned rest until the project is completed. I am about to forget to mention that he is local agent for the Rock Island railway, even spends a little of his time on that job. Seems like, though, he is spending most of his time having ideas, getting them carried out, or running the city's government. If you don't know Ed, you should make his acquaintance, for he is a good citizen. As a matter of fact, a man whom I respect very much, told me that Ed has done more for McLean in the past than any other person. That is a compliment.

The second of the two big-wigs' pictures is that of my good neighbor, J. Lester Dysart. For the benefit of those who have known Lester for these many years and never knew what the "J" stands for, I will not let you in on his little secret, but refer you to him. He may, and he may not, tell you. Lester is a big-wig in that he is president of the McLean Lions Club, the only service club for men in town. He is the Ford dealer, too, you

know, but for the past year, he has probably spent more time in Lions work than in his business. The club is forever doing some worthy something, and is forever financially embarrassed. And doing something worthy without money makes the job a very hard one on the president. But Lester, who is my good friend as well as my next door neighbor, keeps trying, and the Lions Club keeps doing something. Lester has another very important job, for which he gets no pay, and lots of cussings. That is the home service chairmanship for the local chapter of the American Red Cross. No one here ever thanks him for this payless job, but it takes considerable time, experience in knowing people, and the ability to say "no" to some of the beggars who travel through our area. In both Lions work and the Red Cross work, Lester is doing good jobs while still managing to make a living for his family. He is another man you should know.

Incidentally, I used the term big-wigs advisedly—it was not meant as a slur on Ed and Lester, but rather a compliment. For they are both important to our community.

Peb Everett, who once retired from the barber profession and who might now be termed a half-time employee of one Buddy Sutton, has a good duck story to tell. No, not a fish story, but a duck story.

Seems that Peb has a couple or three pet ducks on his place out northeast of town. Well, he also has a small water container on that place which he made from a former auto gasoline tank.

Remember about the coldest night we have had this winter, the night which came several weeks ago? Peb went out and filled that small tank (the top had been cut off to make it open on top) with water for the ducks. All three of them immediately took to the water and swam around. Which was all right with Peb.

Later that day, he went back and there was ice on the tank, and one duck was still calmly resting on the ice. The next morning Peb went back to the tank and the duck—only one of the three—was still perched on the ice. Inspection revealed that the duck's feet and part of its feathers had frozen in the ice. So Peb went in, got some hot water in a pail with a small hole in the bottom, and let the warm water thaw the ice slowly around the duck's feet and feathers. Then Peb helped the duck free himself, and the duck ambled away. The duck suffered no apparent serious injury, and did not lose its feet. It now has a slight limp, if you can imagine a duck limping.

The story is that of Peb, not ours. We do not have our fingers crossed in telling it, but our

McLEAN, TEXAS, THURSDAY, FEBRUARY 7, 1952

WOODBRIDGE, CONN. — Modern research has given the answer to one of the thorniest problems of research and similar work. It is a portable photo-copier that can copy everything, anywhere. Contoura, which copies fast, exactly, cheaply and quietly, is used above on a section of a newspaper page by the librarian of a prominent eastern research library. The little 5-pound device, developed by Frederic G. Ludwig, even solves the problem caused by curved pages in a tightly bound book. It gives permanent copies, operates in a lighted room and may be carried about in a briefcase. It is manufactured by Ludwig Associates here.

Saturday is Dollar-Stretcher Day in McLean. There are many bargains to be had.

And Saturday, the Lions Club will sponsor a big community auction. Bring in anything you want auctioned, big or little, new or used, so long as you don't bring in livestock. It will be sold for you for a 10 per cent commission of the selling price. All money which the Lions Club makes on the deal will go into the club's activity fund—the Lions still owe about \$200 on the softball lights which most of us enjoy, and they would also like to do other worthy things. So the money they make will not be wasted money, and you might get something for an item you have about the place which is doing you no good.

Mrs. A. Stanfield returned Sunday from Fort Worth, where she visited with her daughter, Mrs. H. C. Ripley, and friends. She also attended the fat stock show.

Andrew Jackson's home was known as The Hermitage.
