VILLAGE GOSSIP

(More or Less)

The Vacation Bible School of the Church of the Nazarene will close Friday evening, Mrs. Lillian Robinson, supervisor of the school, said this week. A public program given by the school students is planned for Sunday evening at 8 o'clock.

The Singing Normal at the McLean Church of Christ is still in session, and will close with the final program Friday evening. The public is invited to attend the final program, and observe the progress of the students during the past two weeks, Minister T. F. Shropshire said.

To date, 172 students are enrolled in the school, and sessions are being held three times daily. Miss S. Teddlie of Ennis is the director of the classes, and other instructors are Palmer Wheeler of Borger and George Saunders of McLean.

Grady Hazlewood of Amarillo, candidate for re-election to the Texas senate, was in McLean Saturday in the interest of his candidacy. Hazlewood plans to be on Saturday night when the annual political rally and picnic supper is sponsored by the McLean Lions Club.

Some people go to church all of the time, and nearly all go some of the time. Mrs. J. A. Sparks belongs to the first group, for she hasn't missed a single service at the McLean Methodist church during the past 13 months. As a matter of fact, she attended every preaching service conducted by McLean by the pastor, Rev. W. Parmenter, during his first year in McLean. Incidentally, she is the only member of Rev. Parmenter's congregation with such an attendance record, and not long ago he presented her with a new Bible as a reward.

The Soap Box Derby races are to be held near Pampa Sunday afternoon, July 13, at 2 o'clock. The races will be five miles north of Pampa on the old Miami highway.

Billy Eugene Rodgers, son of Mr. and Mrs. Frank Rodgers, is the only McLean entrant in the race.

With the first Democratic primary getting closer, candidates for the various offices are being seen more and more every day. Especially is this true of the candidates for the county and precinct offices. And more and more of the state candidates are finding their way to McLean—and many of them are sending literature telling of their virtues.

The first primary will be held in Texas Saturday, July 26, at which most Democratic nominees will be selected. The run-off primary, in races where necessary, will be held Saturday, August 23. Most talk in this area this week, however, has had nothing to do with Democrats, but instead, with the Republicans. For the hottest republican convention in many years has been in session all week in Chicago.

Jaycees Plan Annual Banquet And Installation

The second annual installation banquet of the McLean Junior Chamber of Commerce will be held Friday night, July 25, in the American Legion Hall. The affair is to start at 8 o'clock.

Wes Lizard, editor and publisher of the Amarillo Daily News, will be at the banquet to make the principal address. Sammy Haynes, president for the coming year, said last week.

The popular Amarillo newspaperman was scheduled to make the main address last year, but had to cancel his plans. However, he has promised to be here this year, and will speak on the national political situation. At the present time, he is in Chicago attending the National Republican Convention.

Tickets for the banquet will go on sale this week-end. Lester Campbell will be chairman of the ticket committee, and will be aided by Odell Mantooh, Wayne McLroy, and J. W. Meacham. Tickets will be obtainable only from one of the four committee members. Each ticket will be \$1.50.

Hickman Brown, who served as president of the organization during its first year here, will have charge of banquet arrangements. He will select other committeemen to assist him.

Officers to be installed include Haynes, as president; Wayne McLroy, first vice president; Bob Sherrod, second vice president; Jimmie Don Morris, treasurer; Dr. J. H. Kritzer, secretary; directors, Faris Hess, E. J. Windom Jr., C. D. Giddens, and Hickman Brown; associate directors, Jimmy Dawson, W. W. Boyd, J. D. Coleman, S. A. Cousins, and Odell Mantooh.

Shivers to Pampa

Governor Allan Shivers will be in Pampa at the Schneider Hotel Friday morning from 10 to 12 o'clock to meet citizens of the local area who would like to talk with him.

The visit to Pampa will be informal, and the governor will be either in the hotel or just outside those two hours. He will address the Kiwanis Club there at noon, although it is doubtful that many guests can be accommodated. However, a large delegation from McLean to visit the governor in the morning is being asked by County Chairman Aaron Sturgeon.

Paymaster Gin Being Torn Down

The Paymaster Gin in McLean, located on Highway 66, will in a very few days be a thing of the past.

Decision to tear down the gin and move it to Carey, in Childress County, was announced only shortly before the wrecking contractor began work on dismantling the machinery.

Actual work on dismantling the gin, in preparation to moving it, was begun by a crew of workers Monday morning. Tearing down the gin is expected to take about one week, and then it will be transported to Carey and erected in the same manner as it stood here for the past many years.

The gin is one of many Paymaster gins owned in the Panhandle area by the Western Cottonoil company, a division of the huge and far-flung empire of Anderson-Clayton company.

Fog-Spray Machine To Fight Insects Is Ordered by City

The city of McLean will, in the near future, be the proud owner of a new combination fog-spray machine.

The machine was ordered Tuesday, Mayor E. J. Lander said.

The city bought a spraying machine about two years ago, and it has been used for the past two summers. However, it has worn out, the mayor explained, and the council decided to buy the combination fogging and spraying machine to aid in the fight against flies.

The new machine will cost about \$1,800, Lander said. Cost of the spraying machine was about \$900, and it was believed that the added investment would be worth more than the difference. A similar machine, owned by Pampa, was rented for use here on July 4.

James Prock New Principal Grade School

James A. Prock, teacher in the McLean elementary school for the past year and a half, has been named as principal of the elementary school for next school year.

Appointment of Prock as the principal was made at a meeting of the board of the McLean Independent School District Tuesday night. He was given a unanimous vote by the board. He will succeed Hayden Bodenhamer in that position, Bodenhamer having resigned at the end of the past school term.

Prock, son of Mr. and Mrs. Adlai Prock of Almarred, came to McLean at the beginning of the second semester of the 1950-51 school year, and has been in the grade school since that time.

The new principal is a graduate of West Texas State College at Canyon, and is a veteran of World War II.

"We feel that Prock will make us an excellent elementary school principal," Superintendent Paul Kennedy said. "The board studied many applicants carefully, and then unanimously selected Prock."

Scouts Home From Camp

Scoutmaster Jimmie Don Morris and 10 members of Boy Scout Troop 25 returned home Saturday afternoon, July 5, after a week at Camp Ki-O-Wah near Canadian.

A very enjoyable week was spent in swimming, fishing, hiking, and various other entertainments.

Johnny Pakan was given his second class badge. Frankie Smith and Johnny Wardlow were awarded merit badges.

There are five boys now ready to make first class scouts. They are Joe Don Biggers, Frankie Smith, Johnny Wardlow, Johnny Pakan, and Virgil Richardson.

Derbies to Play Hedley Team Here Sunday

The McLean Derbies will resume their Caprock League schedule Sunday afternoon, when they meet the Hedley nine on the local diamond at 2:30 o'clock.

In the first half game with Hedley, McLean lost by a large margin, but the Derbies were playing without the services of a regular pitcher. Hedley, however, boasts one of the strongest teams in the Caprock circuit.

Other Caprock games for Sunday include St. Francis at Claude; Groom at Clarendon; and Washburn at Panhandle.

The Derbies did not play any league games during the past week, but did play three exhibition games, one at Pampa with the Pampa Sports Tuesday of last week, one with the Black Oilers here July 4, and another with the Black Oilers here Sunday.

The Derbies lost to the Sports 11 to 7, but only after a 10-run spree by the Sports in the 7th frame. A series of errors proved costly to the McLean team in the Pampa game in that 7th frame. A total of seven errors was recorded against the Derbies in that one inning, and the Sports coupled these errors with two hits to make the ten runs. Doug Groves pitched against the Sports.

In the July 4 game with the Black Oilers, the Derbies won by a 10-5 score. Aaron Striker tossed for the McLean team, getting seven strike-outs, McLean got 10 hits to the visitors 7. Johnny Haynes led the hitters with three hits and three runs in four times at bat.

In the July 6 game with the same team, McLean took a 11-8 victory. L. M. Watson pitched for McLean for seven innings, getting eight strike-outs. He was relieved by Magee. Floyd Guthrie led in hitting, with three for five—he socked out two homers and one single. Sammy Haynes had the best batting average, getting four for five.

Pointers ON POLIO

It is believed that the majority of adults have at one time been infected by the virus of poliomyelitis, usually without manifestations, says Dr. George W. Cox, state health officer. In view of the above it is expected that most of the recognized cases will be among children.

Only a small proportion of infected persons are clinically recognizable. When symptoms are manifested, they usually comprise an acute illness with fever, headache, and almost always a characteristic stiffness of the neck and spine. Some degree of paralysis may or may not occur during the first few days of illness.

During the poliomyelitis season the following measures are recommended:

1. Insist upon safe waste disposal so that human excreta is not exposed to disease transmitting vectors.
2. Insist on elimination of fly breeding sources and do not depend upon community-wide airplane spraying or fogging machine (Continued on back page)

McLean Lions Club Political Rally To Be Downtown Saturday Night

Lions Meet, Eat, Install, Listen, See, Have Fun

Lions and their wives, and a number of guests, gathered in the back yard of Mr. and Mrs. J. Lester Dysart Tuesday night, ate barbecued beef, installed new officers, and saw Past District Governor Boyd Meador receive the coveted 100 per cent award.

The affair was the annual Lions gathering to install officers, and the award to Meador, who is now an International Counsellor, was an added feature. The diamond-studded pin was presented by C. A. Cryer of Borger, past district governor under whom Meador served as deputy governor. Cryer pointed out, in his presentation, the great service which Meador has performed during the past year as governor of Lions District 27-1.

Dysart, retiring president of the local club, was named as the recipient of the "Lion of the year" pin for the second consecutive year. Winner of the annual award is chosen by secret ballot of club members in April, and is not announced until the installation picnic in the summer. The pin was presented to Dysart by Dr. J. H. Kritzer, program chairman. Milton (Buff) Morris of Canyon, new district governor, installed the local officers. He explained the importance of Lionism to a community, and then asked each new officer to come forward, explaining the duties of each.

For the musical portion of the program, one song was led by Logan Cummings, and then a trio of Bill Day, E. J. Windom Jr., and Donald Cunningham sang four numbers.

Cummings, who is moving to his farm near Wellington, was presented with a gift from the club. Bonita Bailey, Lions sweet heart during the past year, was also presented with a gift.

Out-of-town guests at the affair included Mr. and Mrs. Sam Wohlford of Stratford, Mr. and Mrs. Earl Stokes of Phillips, Mr. and Mrs. Winifred Cooper of Turkey, Cryer, and Morris.

The meal was prepared by Mr. and Mrs. Dysart and Howard Horne, and included barbecued beef, beans, pickles, onions, bread, tea, and ice cream.

New officers installed were J. C. Claborn, president; Odell Mantooh, first vice president; E. J. Lander, second vice president; Laroy Sutton, third vice president; J. W. Meacham, secretary; Clifford Allison, treasurer; Lester Campbell, Lion tamer; Howard Horne, tall twister; and Custer Lowary, Jimmy Dawson, and Leo Gibson, directors.

Ben Guill May Be Candidate Again For Congressman

The possibility that Ben Guill of Pampa, who served as U. S. congressman from May, 1950, to January 1, 1951, may be a Republican candidate for that office in the November election loomed this week.

In a broadcast by a Houston reporter from Chicago, where the Republican convention is in session, Guill was reported to have stated that he will again seek the office he once held if General Eisenhower is nominated as the Republican candidate for president.

Guill, who won the special election held in May, 1950, running as the lone Republican in a large field of Democrats, was defeated for a regular term by Walter Rogers, also of Pampa, in the general election in November. Rogers, who is now seeking the Democratic nomination in the primaries this summer, has no Democratic opposition.

Two Showers Bring .43-Inch; More Needed

Two showers during the past week brought slightly more than a half-inch of moisture to McLean, but still more is needed by the cotton and other row crops.

First of the showers came Wednesday night of last week, when 43 of an inch fell. The second came late Monday and early Tuesday, yielding .09 of an inch, according to a report from Pete Fulbright, local weather observer. Total for the year is now 10.12 inches.

Strange change in the weather came Monday afternoon, when a "norther" moved across the Panhandle. The temperature began falling in McLean at about 2 o'clock—the time when it gets near its hottest each day—and by 6 o'clock, the thermometer had dropped from above 90 degrees to about 60 degrees. Unofficial reports indicated the low during Monday night was about 55 degrees. On top of the temperature drop came the .09 of an inch in moisture, but by Tuesday morning, the thermometers were on the rise again.

Crops and grassland in the local area—as well as most of the Panhandle—are still badly in need of moisture. Some cotton and some feed has already been ruined by the heat, and especially by the winds which continued throughout June. Ranchers, prior to the two showers, were wondering about grazing land for cattle as the lack of moisture was keeping grass from coming out.

REV. AND MRS. A. L. GARGILL of Divide, Colo., will be special workers at a revival meeting at the Church of the Nazarene in McLean July 16 to July 27. Rev. E. F. Robinson, pastor, has announced. Jimmie and Marvin Bond of Pampa will have charge of the singing. An invitation to all who are interested in old-time holiness preaching has been extended by the local pastor.

Auction of Pies, And Speeches To Be Featured

The big bi-annual Lions Club political rally—including a candidate speaking and pie supper—will be held in McLean Saturday night beginning at 8 o'clock. The program will be conducted on the vacant lot downtown between the White Auto Store and Callahan's.

A public address system will be set up for the benefit of the pie auctioneers, and for the candidates. All the candidates present, or their representatives, will be allowed the opportunity of speaking to the large crowd expected.

Several candidates for state offices have promised to be on hand. Heading the list is John Lee Smith of Lubbock, former state representative and former candidate for lieutenant governor of Texas. Smith, a businessman and lawyer, is seeking the post of congressman-at-large from Texas.

Both candidates for the state senate have signified their intention of attending. They are Grady Hazlewood of Amarillo, who is seeking re-election, and Jim Crow, lawyer from Canadian. Representative Grainger McIlhany of Wheeler, who has no opponent for re-election, is also planning to attend.

But the candidates the citizens of south Gray County really want to hear are the local candidates—and all of them are expected to be on hand, regardless of whether they have opposition.

These local candidates include District Attorney Tom Braly, who has no opposition; District Clerk Dee Patterson; County Judge Bruce Parker and his two opponents, J. B. Maguire Jr. and John Harnly; County Superintendent Bert R. Nuckols; County Attorney Bill W. Waters; Sheriff Rufey Jordan; County Treasurer Ola Gregory; County Clerk Charlie Thut; Tax Assessor-Collector F. E. Leech; Commissioner, Precinct 4, Earnest Beck and his three opponents, O. L. Tibbets, Rush J. Turner, and Glenn Jolly; Constable, Precinct 5, Luke Henley and his opponent, C. G. Nicholson; and Justice of the Peace, Precinct 5, W. E. Green and his two opponents, W. E. Green and J. C. Claborn.

"We need a number of pies to auction prior to the candidate speaking," E. J. Lander, who is in charge of arrangements, said. "All wives of the Lions Club members are requested to bring pies to be sold, and we also invite any others who will to join in the fun. The money derived from the auction will go into the Lions Club's activity fund, to finance various civic work during the year. Everybody's invited to come out, enjoy the fellowship, and hear the candidates."

S. B. Kiser and Bob Fish will serve as auctioneers at the rally, Lander said, and District Attorney Braly is being asked to serve as master of ceremonies.

JOHN H. HARNLY For COUNTY JUDGE

Friends, Neighbors, Voters of Gray County, this is a second in a series of ads to acquaint you with my candidacy for Gray County Judge. Last ad was about my family and education; this one will deal with my varied experience.

I taught school a number of years in Miami and in Pampa. I believe that this experience handling children would be of great benefit in handling the work as juvenile judge of this county which same is one of the duties of County Judge.

I am somewhat acquainted with the problems of the oil industry, having spent a couple of years working in refineries as well as owning a little royalty. I am also well acquainted with construction problems, having put up a number of buildings and worked as a carpenter, plumber, electrician, and painter. I am also well acquainted with the operation of machinery with my twenty-two years of farming experience here in Gray County.

I served a number of years as a director on the Board of the Farmers Cooperative Association of Miami, and as president of the board. I helped organize and headed the Gray-Roberts County Rural Taxpayers League. I am president of the Gray County chapter of the Wheat Producers Association of Texas and have served two years on the National Committee on Research for the National Wheat Growers Association.

REMEMBER, VOTE FOR THE MAN WHO HAS THE EDUCATION, EXPERIENCE, ABILITY, AND WHO DESIRES TO GIVE YOU AN HONEST AND EQUITABLE ADMINISTRATION OF COUNTY AFFAIRS. JOHN H. HARNLY FOR COUNTY JUDGE. (Pol. Adv. Paid for by John H. Harnly)

MISS MILDRED HOLLOWAY

Mildred Holloway, Thomas Cannon To Exchange Vows

Mr. and Mrs. James Clyde Holloway announce the engagement and approaching marriage of their daughter, Lavona Mildred, to Thomas M. Cannon Jr.

The wedding is to be solemnized in the First Baptist Church in McLean Sunday afternoon, August 3.

Miss Holloway is a graduate of Lubbock Memorial Hospital School of Nursing. She is employed by Dr. R. G. Lewis of the hospital clinic in Lubbock.

Mr. Cannon is the son of Mrs. Ruth Cannon of San Diego, Calif., and Thomas Cannon of Indianapolis, Ind. He served with the army paratroops in World War II, attended Baylor University, and is now employed with the Lubbock police department.

After the wedding, the couple will be at home in Lubbock.

Wedding
A quiet home wedding was consummated last Saturday evening at 8 o'clock at the home of Mr. and Mrs. George W. Sitter, when they gave in marriage their daughter, Bessie, to Mr. Jacob L. Bryant, pastor of the local Presbyterian church, officiated. The

After an extended wedding journey, during which they will visit with relatives in Anna, the young couple will return to this city to make their home.

The groom was raised at Anna, Ill., and is an exemplary Christian young man, respected and honored among those who know him. Miss Sitter was also raised at Anna, but came with her parents to McLean a little more than two years ago. She is loved and admired by a wide circle of acquaintances in the community, to whose hearts she has become attached by her beautiful Christian character and her many splendid womanly traits. The News is pleased to unite with the entire community in extending hearty congratulations to those storking young people who have launched themselves on the matrimonial sea, and our wish is that they may find the journey a pleasant and profitable one.

Kicked by Horse

What came near being a fatal accident occurred at the Jack Hindman place in the northeast part of the county Wednesday, when their little baby boy was kicked by a horse. The little fellow was playing in the yard when the horse came up to the windmill for water. Just how it happened, no one knows, but Mrs. Hindman heard the child scream and ran out to find his forehead badly gashed, apparently from a severe kick. Her brother, Edgar Thompson, was at the corral, and he brought them into town immediately, where medical aid was summoned. At present the little fellow is doing nicely, considering the very dangerous wound, but will likely carry a bad scar the balance of the life.

M. W. A. Banquet

The local camp of W. M. A. entertained their members and families, including a few invited friends, at the Odd Fellows Hall last Monday night with a banquet. The social meeting took place after the completion of the initiatory ceremonies in which a class of 34 new members were instructed in the mysteries of the fraternity. For the purpose of assisting in the team work, a party of 11 came down from Erick, Okla.

The banquet, at which ice cream, cake, punch, peaches, and pears were served, was a decided success and a big crowd enjoyed it to the fullest extent. During the evening excellent

Summer Season Finds Increase Of Undulant Fever

This is the season when an increase of undulant fever may be expected, according to Dr. Geo. W. Cox, state health officer.

An undulant fever patient suffers from chilly sensations, or severe shaking chills, sweats, and high fever. The patient loses weight and becomes weak. If the illness is of mild type, the patient may find it hard to remain in bed, but if he tries to keep on with his work he finds he has not sufficient energy.

Symptoms often continue for a number of weeks before recovery occurs. Fortunately undulant fever has a low death rate. Body temperature may reach a higher mark each day than the day before for some time, and then gradually return to normal over a period of several days. Fever may be absent for some days and come back again in the same way as before, registering higher each day and then gradually going lower. The patient's temperature chart will resemble smooth waves or undulations. The appearance of the temperature curve in typical cases has given this disease the name undulant fever.

Undulant fever is one of the infectious diseases known to be transmitted from animals to human beings. In hogs and cows the germ produces a great economic loss because it causes contagious abortion. When this same germ invades the human body, the resulting disease is undulant fever. Prevention is dependent upon (1) eradication of the disease in farm animals, (2) careful pasteurization of dairy products, and (3) avoidance, insofar as possible, of direct contact with infected animals.

Among the visitors from out-of-town was Deputy Zimmerman of Amarillo, who had been here for several days working in the interest of the local camp. Some Plum

A plum that measures in the neighborhood of six inches in circumference and looks much like a medium-size pear was left in the News office Monday afternoon by J. L. Crabtree, who is authority for the statement that it grew in his orchard in west McLean on an ordinary green gage plum tree with ordinary care. Not only was this specimen of enormous size, but it had a flavor in keeping with its other excellent qualities and also it was only one of a large yield from a dozen or so trees, all of the plums being large and luscious.

If you want bigger payloads, you want a Dodge

"We solved our hauling problems with Dodge 'Job-Rated' trucks"

"Our business calls for trucks that can haul big loads day in and day out—and we like our trucks to last, too! That's why we prefer Dodge trucks that are 'Job-Rated' to fit our particular hauling job.

"We recently put in service two Dodge 'Job-Rated' 1½-ton models . . . and they sure haul big loads the way we want them to! For instance, the 170-inch wheelbase models allow for a 14-foot body, which is ideal for our business. And Dodge easy-handling advantages enable us to maneuver these trucks in the same space as some other trucks with 12-foot bodies."

- ▶ For bigger payloads, choose a Dodge "Job-Rated" truck—½- through 4-ton.
- ▶ "Job-Rated" engineering makes it possible for you to haul more with the right Dodge truck for your needs.
- ▶ You haul more economically, too, because of such Dodge advantages as lightweight aluminum-alloy pistons and others.
- ▶ For smoother power, extra load protection, gyro Fluid Drive is available on ½-, ¾-, 1-ton and Route-Van models.
- ▶ Come in for a demonstration—and an extra good deal!

Better weight distribution. Dodge short wheelbase allows more weight to be carried on the front axle. Because the engine is located farther forward and front axle is moved back, you can haul bigger loads without overloading.

The right load-carrying units. Frame, axles, and other units that carry the load are "Job-Rated" on Dodge. Each is engineered to provide strength and capacity needed to support your load. All are "Job-Rated" to work together!

The right load-moving units. You get an engine that's "Job-Rated" with plenty of power to pull bigger loads at low cost. In fact, all load-moving units—such as clutch, transmission, rear axle—are engineered to move bigger loads.

WHAT'S NEXT?

THE SHOOTING DOWN of an unarmed Swedish plane by Russian fighters may have far-reaching implications.

The story, as told by the Swedish government, is clear-cut. The plane, a Catalina, was searching for another Swedish aircraft which had disappeared (and it is now thought that the Russians disposed of that one, too). It was well away from Russian territory, and was over international waters. The attack was entirely unprovoked. The Russians, as was to be expected, said that the Catalina had fired first, but few outside of the Iron Curtain give this any credence.

Two very different theories have been advanced as to why the Russians should have done this. One is that Soviet pilots, who have been propagandized into a white heat of anger against the non-communist world, are trigger happy and can't resist a sitting duck like a defenseless plane belonging to a free nation. The other—which is more widely held—is that the attack was deliberate and planned, as part of the Kremlin's strategy of seeking to inspire fear and confusion in neighbors who are not part of the Soviet orbit.

If this was the idea, it certainly didn't work with the Swedes. The government and the people alike were enraged. The stiffest kind of a protest was handed to the Russian ambassador. Swedish air forces were ordered to shoot to kill if interfered with by Soviet craft. Denmark backed Sweden to the hilt, and her military forces were given similar orders. This, incidentally, was a demonstration of rare courage and fortitude on the part of these two peace-loving little countries which are within cannon shot of the Russian colossus.

At any rate, the whole Western world is watching Russia's current moves with intense interest. The recent shift of Soviet ambassadors has been the cause of a great deal of hard thinking in all the Western chancelleries. Panyushkin, Russia's foremost expert on American affairs, was switched from Washington to Red China. Zarubin, a diplomat of no particular distinction, was transferred from London to Washington. And to London went Gromyko, a top man in the Kremlin hierarchy. This last event is regarded as the most significant. For there is every probability that Gromyko's mission is to try to wean Britain away from her close ties with the United States. In this work, he will have, to some extent at least, the support of a segment of the Labor Party which holds to the view that Russia isn't really such a menace, and that the U. S. may be the real warmonger.

The biggest question of all is whether Russia is getting ready to promote some more Koreans, in the hope of spreading Western power even thinner, and drawing Western blood at almost no cost to herself. This could well be the major problem the Western world will have to face in the near future. For Korea has served communism well. It has caused us heavy casualties, and has created tremendous conflicts and dissensions in this country. The administration has no convincing plan for ending it; neither have any of the Republican leaders.

LES TALK

By LESTER

There's a man in our town who's been after me for quite a long time to mention what I am about to mention. I have hesitated in mentioning this for no particular reason—just hadn't got around to it.

The subject is our City Hall; that is, the building which we call our Hall.

Now I have no idea how much the city paid for the building years ago, probably quite a few thousands less than it would cost to replace it today. But the investment is there.

When a property owner lets a building go down and years without much, if any repair, the eventual cost of repairing that building to a proper state is high. I ought to know, since this business is housed in just such a building, and the cost of bringing it to its present state (which isn't by any means 100 per cent right yet) has been high.

The city has let its own building go down and down annually, until at the present time it is in a pretty bad shape. Not long ago, some painting was done on the woodwork on the outside, and I thought for sure that it was about to be put into first-class condition. But alas! little work was done.

The old awning needs either one of two things—a complete rebuilding job or a complete tearing-down job. The interior of the building is in bad shape—there's dirt galore inside it, and those people who work there can do little to keep it clean.

Incidentally, for the benefit of taxpayers who might object to spending money on the building, it should be pointed out that the county pays rent for its office space for the tax deputies, and the Masonic Lodge also pays rent. It's true that neither of these rent incomes are high, but they mount up to a sizeable amount over a period of years. So any expenditure made on the building would not necessarily be out of the taxpayers' pockets.

For the record, I might add that I do not think the city is in need of a beautiful new City Hall. Seems as though the city is getting along all right transacting its business in the present building, but in all fairness to the workers there, in all fairness to the future of the city, in all fairness to other business owners who want their city to look nice and clean and modern, something should be done.

While on the subject of the city, I would like to congratulate the council on the new rest rooms in the City Park. They are nearing completion now. The block-laying is a bit rugged, but that isn't too important in my mind. The important thing is that people who use the park—and believe me, lots of people use that park—will now have rest room facilities.

Some of the council members

were reluctant to build the rest rooms, believing that much damage would be done to the property. They may be right. However, I have seen many public rest rooms in my time that have withstood the wrath of careless users.

All of us, as citizens, can aid in keeping these new facilities in good shape, simply by informing our children that the rest rooms are not there to be torn up; and simply by calling down anyone we see misusing the rooms—whether the violators are children or adults, local citizens or tourists.

Congratulations also to C. E. Cooke for presenting his fireworks display. It happened Wednesday night of last week, and was held earlier than usual since Cooke was to be out of town on the night of the Fourth.

Unfortunately for us, we didn't get the word on the date of the fireworks display, and didn't get anything in the paper. For that we apologize to Mr. Cooke. I had asked him about it once, and then forgot to check with him later on the date. A pretty good-sized crowd got the word, however, and was on hand anyway.

And the fireworks were again very beautiful and pretty loud, too. Daughter Chris enjoyed all but a few of the fireworks. The big ones, she said, scared her.

Preacher Jenkins' sermon was full of fire and brimstone. Mandy punctuated his sermon frequently with "Amen," and "that's sure tellin' 'em." She enthusiastically echoed the preacher's denunciation of lying, gambling, and drinking.

When the preacher switched his disapproval to petty gossip, Mandy eased back into the pew and muttered: "Now he's done quit preachin' and gone to meddlin'."

Announcing New Ownership of the McLean Lockers

The locker plant, formerly operated as part of Cooper's Foods, has been sold by John Cooper to A. B. McPherson and Everett Watson. The new owners will officially begin operation of the lockers on August 1.

Due to some confusion on the matter of paying locker rent for the coming year, we wish to state that the rent may still be paid at Cooper's Foods. After August 1, the plant will be entirely separate and locker rent, meat processing, etc., will be handled by the new owners.

We'll let you know when we officially take over, and in the meantime, we hope you'll continue patronizing the locker plant.

SOCIETY

MRS. C. B. FITZGERALD
Miss Dorothy Jolly, C. B. Fitzgerald United in Marriage

Miss Dorothy Glennette Jolly, daughter of Mr. and Mrs. Glenn A. Jolly of McLean, and S. Sgt. Carroll B. Fitzgerald, son of Mr. and Mrs. A. O. Fitzgerald of Orange, were united in marriage July 1 at Clovis, N. M.

The couple's attendants were Mr. and Mrs. Cloyt Bird of Amarillo. The bride wore a light blue suit with white accessories. Mrs. Fitzgerald is a graduate of McLean High School, attended Amarillo College, and has been employed as bookkeeper for the American Quarter Horse Association since September.

Sgt. Fitzgerald is stationed at the Amarillo Air Force Base.

Mary Marie Deyo Becomes Bride Of John E. Kirby

In a double-ring ceremony Saturday, July 5, at 8 o'clock in the First Methodist Church in Mercedes, Miss Mary Marie Deyo, daughter of Mr. and Mrs. J. C. Deyo of Mercedes, became the bride of John E. Kirby, son of Mr. and Mrs. J. E. Kirby of McLean.

Rev. M. P. Burton, pastor, officiated at the candlelight wedding ceremony.

Altar decorations featured large floor basket arrangements of white gladioli and white asters against a background of flower-covered candelabra with white tapers. The chancel was entwined with greenery, and the greenery-entwined railing held candelabra at each side. Hurricane lamps at the rear of the church lighted the way of the wedding party.

Mrs. Virginia Shotwell, organist, accompanied Mrs. J. F. Baingo, soloist, who sang "Through the Years" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of white imported organza over taffeta, with long fitted sleeves and an illusion yoke trimmed with tiny pearls and eyellet embroidery. The full skirt ended in two full flounces with similar embroidery and fell in a chapel length train. Her head dress was a Juliet hat fashioned with illusion and pearls, holding a fingertip veil of illusion. Her flowers were white orchids and stephanotis.

Miss Betty Deyo attended her sister as maid-of-honor. A. J. Chesney Jr. of Refugio was best man. Ushers were Alan P. Roberts of Corpus Christi and Carl T. Hester of Encino. A reception followed in the home of the bride's parents. Mrs. C. F. Archer greeted the guests. Mr. and Mrs. Deyo, the bride and groom, Miss Betty Deyo, and Mr. and Mrs. J. E. Kirby were in the receiving line.

The mantel arrangements were roses, and the buffet was graced with a spreading bouquet of asters.

The bride's table, laid in white linen and set in crystal and silver, held the three-tiered bridal cake topped with wedding bells which held sweetheart roses.

Mrs. A. B. Turner of Pampa, sister of the groom, served the cake, and Miss Saraellen Herndon served the punch. Miss Nancy Archer and Miss Pat Turner of Pampa were at the guest book.

After a trip, Mr. and Mrs. Kirby will make their home in Freer. For traveling, the bride wore a gray nylon and cotton two-piece dress with white pique accessories. Her corsage was a white orchid.

The bride was graduated from the Texas College of Arts and Industries at Kingsville. The groom is a graduate of the University of Texas, and is a petro-

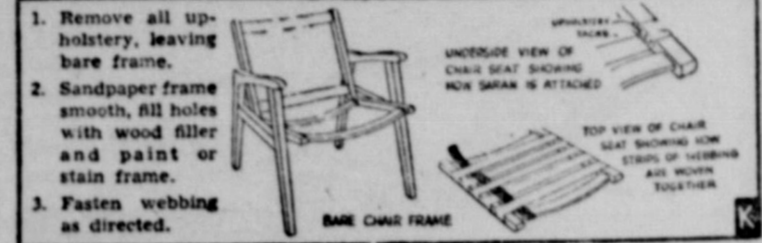

HOW TO SAVE A CHAIR

Don't throw away that worn-out chair! With very little effort and skill anyone can make it as-good-as-new in practically no time at all. Even though a chair looks shabby and ready for the junk heap, it probably has a sturdy frame—and that is the basis of any good chair. With furniture prices what they are today, the chair and a good deal of money can both be saved.

The secret lies in the new fabric webbing, Duraweb, which can be applied to indoor and outdoor chairs, restoring them to stunning newness. It comes in 27 colorful shades and can be used in solid or contrasting colors. It is simple to apply, costs very little, and is available at most good department, furniture and hardware stores.

The first step is to remove the upholstery or covering and re-finish the frame. Then, the fastening of the webbing follows; illustrated below is the simple method of tacking and interweaving. Metal fasteners, especially designed for use with Duraweb, are available for metal or tubular chairs.

Once refinished, the chair will last as long as the frame, for Duraweb won't stretch or sag, resists sun-fading, can't be harmed by moisture or spilled liquids, and wears practically forever. Complete, simple instructions, with "how to" diagrams, are available.

YOUR NEW SOCIAL SECURITY
Monthly checks, in the form of Federal Old Age and Survivors insurance payments, amounting to almost \$130,000, are mailed to 4,250 residents in the Amarillo Social Security field office area. This area includes the 26 Panhandle counties.

More than one-half of the persons receiving payments are retired wage earners and their wives. The remaining checks are to survivors of deceased wage earners.

The marked increase in the number of persons receiving these checks, and in the amount of the payments, is largely due to the passage of the 1950 amendments to the Social Security Act. J. R. Sanderson, manager of the Amarillo office, points out that legislation increased the amount of the individual checks and lowered the eligibility requirements for entitlement to payments. Retired workers who are 65 years of age and have worked as much as a year and one-half in employment covered by the Social Security Act should contact the Amarillo office if they are not already receiving Social Security checks, Sanderson said.
