Men's Club Wins Tournament

The Phillips Men's Club, with a five-run spurge in the 7th inning, capped top honors in the annual McLean Lions Club invitational softball tournament by downing the Memphis Jaycees 6-1 in the championship finals Monday night.

With the score tied 1-1 at the beginning of the final inning, the Berger team made one run with one man away to take the lead. Then, after making the second out, the Men's Club team, combining two hits with unsteady Memphis fielding, ran in four more scores to take a lead which was not touched by the Jaycees in their final time at bat.

Bridal Shower Given in Honor Of Miss Fulbright

A come-and-go bridal shower was held in honor of Irma Ruth Fulbright, bride-elect of Cass Archer, Friday afternoon, July 17, at the home of Mrs. Alma Weaver.

Co-hostesses were Mesdames Sherman Crockett, Sam McClellan, Earl Eustace, Raymond Glass, R. T. Dickinson, Cleo Heasley, Harold Butrum, Bill Cash, and Weaver.

The serving table was laid with a white embroidered linen cloth, with a centerpiece of a horn of plenty covered with yellow roses. Inside the horn was a white satin ribbon with the word "love" running down the ribbon. At the end of the ribbon was a miniature bride and groom. White napkins with a bride and groom and the names "Irma and Cass" in silver were used.

Refreshments of punch, cookies, and mints were served by Cleo Sue Heasley and Flonell Crockett. Background piano music was played by Sue Glass. Dorothea Back registered the guests at a table where two silver hearts were spread with a spray of yellow roses.

Guests present were Mesdames C. O. Goodman, Charlie Morgan, Bud Back, Carl M. Jones, G. F. Baker, D. A. Davis, Boyd Meador, Miro Pagan, T. G. Richardson, J. D. Coleman, J. O. Clark, W. L. "Every Little makes a Mickle"

—OLD PROVERB
 HOW MUCH A MICKLE IS, DEFENDS LARGELY UPON WHAT THE RETURN ON SAVINGS IS. THAT IS WHY THE RECENT INCREASE IN INTEREST RATES IS SUCH GOOD NEWS FOR AMERICA'S SAVERS.

THE MONEY WE ARE ABLE TO PUT BY THIS WEEK MAY NOT SEEM MUCH, BUT IF WE SAVE REGULARLY, EVEN ONE PLUS ONE OR TWO PLUS TWO, BUILDING UP OVER THE YEARS WITH INTEREST ADDED, CAN AMOUNT TO A TIDY SUM FOR THE FUTURE FINANCIAL SECURITY OF THE FAMILY.

10 Years Ago— IT HAPPENED HERE

taken from the Files of the McLean News, 1913
 Celebration at Lefors
 Mr. and Mrs. S. O. Cook and the daughter and the Newsman's wife had the pleasure of attending the Fourth of July celebration at Lefors, the guests of the Siler Faulkner family and Sheriff Denson. A delightful picnic lunch was spread under the magnificent cottonwood trees west of the courthouse, and a large crowd enjoyed the day of festivities which included some interesting bronco riding, etc. The good people of Lefors have ever been lavish in entertaining and the occasion will be long remembered as a most pleasurable one.
 Family Reunion
 Mr. and Mrs. W. C. Phillips are this week enjoying a visit from their children, children-in-

law, and grandchildren from all parts of the country. In fact, the happy affair is a family reunion and the hearts of this estimable couple are made glad by reason of the fact that their entire family is gathered at their fireside and will remain here to celebrate with them the 40th anniversary of their marriage. Of the immediate children there are ten and it is the first time they have all been together at one time under the parental roof.
 Various entertainments and feasts have been enjoyed this week in honor of the visiting members of the family party and the celebration has been a most pleasant one.

Mr. and Mrs. Phillips have lived here with their younger children for the past nine years, coming here from Parker County, and are among our most worthy and esteemed citizens. Hosts of friends rejoice with them on this glad occasion, and the News joins heartily in the sincere wish that many returns of this happy event may brighten their declining years.

The following clipping, taken from a recent issue of the Weatherford paper, gives the names of those who make up the party:

On July 14 and 15 there will be a reunion of the family of Mr. and Mrs. W. C. Phillips of McLean, Gray County, Texas. There will be present ten children and 15 grandchildren. Those who expect to be present are Mr. and Mrs. Marcus Phillips of Riviera, Arthur Phillips and children of Poolville, Mr. and Mrs. W. T. Winston and children of Weatherford, Mr. and Mrs. John Sparks and children of Poolville, Rish Phillips, Mrs. Clayburn Cash and family, Mrs. Clarence Collier and family, Miss Willie Phillips, Thomas and Floyd Phillips, of McLean, W. C. Phillips and wife were old pioneer citizens of Parker County, having lived in the Poolville community for a number of years. Nine years ago they moved to Gray County in the Panhandle. They are still remembered by their many friends in old Parker County.

McLean Defeats Alanreed
 In a pretty fair exposition of the great national game played on the local diamond Saturday afternoon, the McLean team was victorious over the Alanreed nine by a score of 8 to 4. A large crowd of local boosters witnessed the game.

It is announced that the visiting team still has hopes of winning off McLean, and in order to show their determination to do so will play a return match tomorrow (Saturday) afternoon, at which time they will have a much stronger line up.
 Everybody should attend and at least show the visitors that we are willing to watch them try to defeat our home boys.
 Fine Potatoes
 The News acknowledges receipt of a peck of home-grown Irish potatoes, the product of J. T. Hicks, who lives ten miles northwest of McLean. Mr. Hicks says he planted one bushel of seed potatoes and harvested 15, and if they are all equal to the specimen we have it is a distinct proof of the value of this crop. Heretofore it has been considered unsafe to invest in a potato crop.

Mr. and Mrs. Neil Barber and Dortha Chase of Amarillo visited with Mr. and Mrs. H. L. Chase Friday.

Mrs. N. E. Simmons has returned home from a visit with Mr. and Mrs. N. E. Masterson at Purcell, Okla.

"The opportunity for a wage earner or self-employed person to check on earnings credited to his account under social security is in many instances unrealized or ignored," John P. Sanderson, manager of the social security field office at Amarillo, said this week.

"A common by-word some years ago was, 'Let's look at the record.' It was used when one issued a challenge to go back to the basic facts on an issue. This admonition to 'look at the record' applies particularly today to the millions of persons who have worked and are working in employment covered by social security," said Sanderson.

"Many questions should enter workers' minds, such as 'Is my work covered? Am I being reported correctly as to name and social security number by my employer? How much wages is reported and standing to my social security credit now?'"

Sanderson stated that the answers to these questions can be secured by the wage earner if he mails a post card form to the Social Security Administration. An authenticated statement of credited earnings will be returned promptly. This action can be taken every year and should be taken at least every three years. The cards may be obtained at any local security field office. To measure effectively your earning progress, LOOK AT YOUR RECORD. It will be important to you at retirement time. It will be important to your family in the event of your death at any time.

Mrs. Jess Ledbetter and daughter Sally were in Shamrock on business Friday.

Mr. and Mrs. C. P. Callahan attended the gift show in Amarillo over the week-end.

describes her home freezer

"Time & Money Saver"

Ladies, when you can save both time and money, you have the kind of economy that homemakers really love. Listen, then, to what Mrs. Miller says.
 "Our home freezer has proven to be very economical, and has saved about 10 hours a week in grocery shopping and food preparation."
 Think of saving money—and 10 hours a week—and you'll think it's time for a freezer in your home now.

TROUBLES WITHIN

ARE CRACKS—big cracks—at last appearing in the Iron Curtain? Have oppressed people reached a point of desperation where they will run any risk in an effort to rid themselves of their masters? Has the death of Stalin, and the passing on of his powers to warring factions within the Kremlin, resulted in weaknesses in the Soviet system far greater, more far reaching, than the anti-communist world even could have hoped for a few months ago?

Today, any answers to these vast questions must be hedged about with "ifs", "ands", and "buts". No one can be sure. But there is a degree of optimism in the western world that is greater than we have known in a very long time.

The amazing East German riots were unprecedented. In Time's view, "they were jolting proof of a fact that the free world's leaders seem all too reluctant or timid to act upon: The people who have suffered communism hate it passionately. . . East German rebellion against communism seemed to give the anti-communist world its greatest opportunity—and challenge—since the cold war began."

U. S. News & World Report began a lead article datelined Berlin with these words: "Signs multiply that the world is witnessing the beginning of the end of the new Russian empire in Europe. The myth of strength through communism is shattered by open revolt. The men in the Kremlin are desperately playing for time to patch things up, but it is becoming increasingly doubtful if they can do so, even with time. Revolt is in the air in the Soviet part of the world."

At a press conference President Eisenhower said that revolt against tyranny seemed to be spreading like wildfire. According to the AP account, he added that this shows "that people who have known freedom rate it as the highest of human values and consider life itself worth spending to regain it."

Moreover, the unrest has not been confined to East Germany. It is widespread in Czechoslovakia, too. And there are signs of an impending blowup of major proportions in Poland, which has been given the full communist treatment.

The difficulties faced by anti-communists behind the Iron Curtain are enormous. Purges have destroyed much of their leadership. A ruthless, huge and tough-disciplined police force, equipped like an army, is always ready to move instantly to curb dissension. Every conceivable step has been taken to safeguard communist authority. Yet, as history shows, unarmed peoples have overthrown dictatorships before, although at a terrible cost.

In a symbolic sense, one of the most striking news pictures of all time came out of the East Berlin riots and was widely printed in this country. It showed two rioters throwing stones at a Soviet tank. Obviously, the stones could not hurt the tank. Equally obviously, the rioters were in imminent peril of being blown to bits by the tank's guns. From a purely practical standpoint, the stone-throwing marked an ultimate in futility. Yet the spirit that it represented is the kind of spirit that has destroyed tyranny and created freedom every since recorded history began.

Finally, these great events must certainly be the reason for Russia's stepped-up "peace offensive." A nation with such tremendous troubles at home is naturally eager to reduce her troubles and commitments elsewhere to the greatest possible extent.

Mr. and Mrs. J. E. Langham and son of Childress visited during the week-end in the T. A. Langham home. Mrs. T. A. Langham returned home with them for a visit.

TALK

By LESTER

Just read this: Generally it is customary for a man seeking a girl for a bride to ask the girl's father for her hand. . . in Hollywood, 'tis necessary to ask her husband.

Johnnie Back, manager of the Post Office softball team, takes his sports, particularly softball, very seriously. He is a man with a strong competitive spirit through and through. The other day he told me he had never lost a ball game. "If course," he added, "we have been cheated out of a few."

For the benefit of local softball fans, the young man who tossed the one-hitter for the Memphis Jaycee team last Thursday night in the tournament is Ector Anthony, who lives south of Memphis. He was not imported by the team for the tournament, but is a regular member, and pitched Friday night also in the league at Childress, of which the Memphis team is a member. Anthony, by the way, struck out 18 men in the game with the K. C. team from Shamrock. And John Wilde, pitching for Shamrock, struck out 10. That's a lot of whiffs in one game.

George Brown tells me some pitcher for one of the smaller baseball leagues, struck out 27 men in a game last week.

Think this is kinda amusing. My father-in-law, Edwin Thompson of Memphis, was attending

the National Retail Hardware Association convention at Miami Beach, Fla., last week. He was staying at a swanky hotel there. He is accustomed to getting up in the mornings between 4 and 5 o'clock and going down to work. So the first morning at the hotel, he stayed in bed until the late hour of 6 in the morning, and then went down for coffee. The hotel coffee shop in this joint, however, didn't open until 7:30. So he had to walk four blocks to find a coffee place in downtown Miami Beach.

Charles Cousins, local school business manager, has handed me a bulletin which carries an article concerning the disapproval of federal aid for public school education by the Indiana state legislature.

Since I agree thoroughly with the disapproval of federal aid for public education, I am happy that the Indiana legislators have no fear in expressing their belief. "Continuously for the past 16 years," the group stated, "the

control by local citizens over their public schools has been under threat by forces which have presented bills before Congress calling for a nation-wide federal subsidy of the public schools.

"Those who advocate this departure from our traditional system of local and state support for general public education insist—and in every bill so far presented to the National Congress they have pledged—that the states and local school units shall be free to administer their own educational systems without interference from Washington. Their insistence makes clear they recognize that federal control is inherent in any system of federal aid.

"General education is not properly a function of the federal government."

Hurray for the Indiana legislature.

A couple of so-called jokes and I'll quit:

It seems that two drunks were wandering along the railroad track.

"These are the longest stairs I ever saw."

"Yeah," said the second one, "but it's the low handrails that get me."

A pretty young lady presented a check at the bank window for cashing. The teller examined it quickly and asked, "Can you identify yourself?"

Whereupon the young lady dipped into her purse and pulled out a small mirror. She glanced in it for a moment and then looked up and said, "Yes, it's me all right."

Total de Treats

When hot July days bring lagging appetites, and when even the thought of kitchen chores is exhausting, a picnic is the answer. Make it a picnic of Totable Treats, with quick and easy to prepare foods readily available in bread boxes, pantries and freezers. With enriched and variety breads, relishes and spreads and a jar of sliced tongue, picnickers can make their own sandwiches, and have wholesome and nourishing food with a minimum of effort.

Lettuce, to be crisp and fresh, should be washed thoroughly, drained and carried in a plastic bag; tomatoes to be used in salad

or sandwich also carry easily in a cardboard container. A frosted layer cake from the bakers is popular for out of hand eating, and beverages can be chosen to suit individual tastes.

If the spur of the moment summer outing is a favorite family habit, be ready for it with easily assembled picnic equipment, the gay cloth, the picnic basket, the new available plastic bread boxes and relishes containers, paper cups, plates and napkins.

July picnic dinners will be treated to match the tempo of the season, to find relief from the climbing summer temperatures.

So the People May Know

Political subdivisions have the right to lease public lands for general development, provided intention to lease is first published in a newspaper.

That statute provides that "the right to lease such lands shall be

exercised by the governing board, the commission or commissioners of such political subdivisions which are by law constituted with the management, control, and supervision of such subdivision, and when in the discretion of such governing body they shall determine that it is advisable to make a lease of any such lands belonging to any such district or subdivision, such body shall give notice of its intention to lease such lands, describing same, by publication of such notice in some newspaper published in the county, having a general circulation therein, once a week for a period of three (3) consecutive weeks, designating the time and place after such publication where such governing body will receive and consider bids for such mineral leases as such governing body may determine to make."

Surging Power with a Single Purpose SAFETY!

Turning into traffic, you call on the surging reserve of acceleration that set new official AAA performance records for the Red Ram V-8.

Passing a truck on the highway, a touch of your toe brings instant, eager response. Dodge power reserve is a great safety factor.

Powerful brakes, capable of developing more than 700-h.p. in stopping power, teamed with the Red Ram V-Eight engine to bring you new mastery of every driving situation.

When you choose a car for your family, you call on your good judgment to obtain every measure of safety. One safety factor you should certainly consider is the magnificent reserve of power that Dodge provides in the 140-h.p. Red Ram V-8 engine. This power is there when you need it: For passing, for turning into highway traffic, for crossing intersections. The cost of safety is very low: Dodge prices start below many models in the "lowest-priced" field.

Annual Rodeo To Be at Pampa August 5, 6, 7, 8

Cowboys and cowgirls from all over the Southwest are already registering for the 9th annual Top o' Texas rodeo, which is being held August 5, 6, 7, and 8 at Recreation Park, Pampa.

This year's rodeo is expected to be the biggest of all time and the program is spiced with many special attractions. The Top o' Texas rodeo is one of the largest amateur rodeos in the world, and is known throughout the country as one of the fastest-moving shows in the rodeo world with Goat Mayo of Petrolia furnishing the salty stock and acting as arena director.

Heading the special feature list this year will be the one and only Tex Ritter, who is credited with starting the trend of popularity for cowboy songs and western music some years ago, and today is known as America's most beloved western star and top ranking Capitol record and transcription recording star. Tex was on the original Lone Ranger radio series, both as writer and performer, and has made well over 50 western pictures.

Paving Work Alanreed West Proceeds Well

Work on the additional 5.2 miles of divided lane Highway 66 west of Alanreed is proceeding rapidly by the contractor, Bell and Braden of Amarillo.

Completion of the work will provide a divided lane highway from the Oklahoma line to a point about five and one-half miles west of Alanreed on Highway 66.

The new highway stretch is being topped with two layers of concrete asphalt, a mixture which has been found to be highly satisfactory for heavily-traveled roads. The base for the mixture is 15 inches deep. G. K. Reading, resident highway engineer of Pampa, has stated.

No date has yet been set for the opening of the new mileage, but it is expected to be ready for traffic before cold weather. Reading said that as yet the right-of-way for the remainder of the highway through Gray and Donley counties has not all been acquired. The highway dips into Donley County at several

points, and difficulty is being experienced in getting all land owners to settle.

The engineer also stated that the money has been allotted for widening the highway west of Alanreed, but that the allocation might be lost to some other action if some action is not taken in the near future on the right-of-way situation.

In all these important ways...

Chevrolet's farther ahead than ever!

... IN POWER AND PERFORMANCE
 Chevrolet's entirely new 115-h.p. "Blue-Flame" engine (teamed with Powerglide*) is the most powerful in the low-price field! In gearshift models, you get the advanced 108-h.p. "Thrill-King" engine. Both give brilliant new performance and greater economy.

... IN STYLE AND LUXURY
 The sleek, low-slung beauty of this fine new car provides one more reason for Chevrolet's truly amazing popularity. The new Fisher Body provides roomy luxurious interiors, modern appointments and colorful, fine-fabric upholstery that can be matched only in costlier cars.

... IN EASE OF DRIVING
 Entirely new Powerglide automatic transmission, with faster getaway and greater economy, eliminates the clutch pedal completely. And Chevrolet's new Power Steering* does 80% of the work... lets you squeeze in or out of tight spaces with wonderful new ease.

... IN ECONOMY AND VALUE
 Chevrolet now brings you the most important gain in gasoline economy in its history! And, you save substantial amounts on overall upkeep, too. Yet with all its wonderful new things, Chevrolet remains the lowest priced line in the low-price field!

... IN FIRST PLACE POPULARITY
 Again this year—at every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show Chevrolet over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Thrill-King" and "Thrill-King" only. Power steering available on all models.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
