### GOSSIP (More or Less)

A regular meeting of the McLean P. T. A. will be held Thursday, November 5.

A "Hillbilly Musicales" will be presented in the American Legion building at Shamrock Friday night beginning at 8 o'clock. Mrs. Bill King of Dozier has announced.

Admission will be 25 cents and all proceeds will be given to Mr. and Mrs. Cecil Rook. Rook is a blind musician, and has appeared on several of the Collingsworth County "Grand Ole Opry" shows.

We notice in the Fort Worth Star-Telegram a picture of Roy Kiser, former resident of McLean, who has been named as manager of the meat department in a new Furr Food Store in Fort Worth. The picture appeared in the Sunday edition of the Star-Telegram, along with a story of Kiser formerly worked in a grocery store here, and later operated his own here. He joined the Furr clan about three years ago in Amarillo, and was only recently transferred to Fort Worth. According to the story, Furr will eventually open three Fort Worth stores.

A chicken dinner, with all the trimmings, will be served November 11 from 11 o'clock until 2 at the McLean Methodist Church by the women of the W. S. C. S.

A family night dinner will be served Thursday night, October 23, at 7 o'clock at the First Presbyterian Church.

Rev. John L. Miller, Presbyterian missionary to Brazil who is home on furlough, will be the guest speaker. He will show slides and tell of the missionary work in Brazil. Rev. Miller is well acquainted with Rev. Floyd Grady, former pastor of the local church. The public is cordially invited to attend.

Five members of the McLean Tiger grid squad were special guests at the regular meeting of the Lions Club Tuesday noon. They were Wayne Moore, James Jolly, Rodney Gunn, Harl Moore, and Gerald Tate. Other guests at the luncheon included Ralph Thomas of Pampa and Ralph Andis of Amarillo.

Bethie Mantooth, daughter of Mr. and Mrs. Odell Mantooth, and Donna Gail Stubblefield, daughter of Mr. and Mrs. Earl Stubblefield, were signally honored in ceremonies at W. T. S. C. C. Campus, last week. The two girls, both of whom are freshmen, were named as attendants to the football queen when she was crowned last Thursday. The queen's attendants numbered five, and the McLean girls were among the five.

The senior class of McLean High School will sell pie and coffee Saturday, October 31, in the Southwestern Public Service company building. They will serve from 11 o'clock until after the drawing at 4 o'clock.

Basketball is already well underway at Alanoed High School, and Tuesday night the two Alanoed teams split games with similar teams from Kelton.

The boys from Alanoed won over the Kelton cagers by a score of 65-43, with the girls losing 62-47. It was the second game for each of the Alanoed teams. In their openers, the boys lost to Briscoe 47-43, and the girls won 43-40.

Both the boys and girls teams will go to Kelton tonight for return games.

During the past week, quite a number of local residents, and perhaps even a few tourists, have experienced stiff necks from looking up so much. The reason: two workers with the Water Tank Service company of Dallas have been cleaning out and painting the water tower. The tank was first drained and water was furnished to city residents by having a pump on the water mains. Pete Fulbright, utilities superintendent, said that less than a bucket of sand had settled to the bottom of the tank on the tower since it was last cleaned out—a settling tank reservoir is located behind the city (Continued on back page)

## Bucks and Tigers Play Here Friday

It'll be do or die for the McLean Tigers when they meet each of their four remaining opponents on the gridiron this season. Because one more loss will mean their virtual elimination from the District 1-A race, the Tigers will be rarin' to go when they play the White Deer Bucks on Duncan Field Friday night at 7:30 o'clock.

## JUDGE WHITE DIES; FUNERAL HELD IN PAMPA

Funeral services for Sherman White, ex-judge of Gray County and a former resident of McLean, were held Saturday afternoon at 4 o'clock at the Harvest and Mary Ellen Church of Christ in Pampa.

Judge White died in Highland General Hospital at 7:30 o'clock Thursday morning of last week. Conducting the services was J. P. Crenshaw of Plainview, former minister of the Pampa church. He was assisted by Dr. T. M. Johnston, pastor of the First Methodist Church. Burial was in Fairview Cemetery, Pampa.

Honorary pallbearers were members of the McLean Masonic Lodge, the Gray County Bar Association, and the Pampa Lions Club.

Active pallbearers were Jim White, Ray Evans, Harold Wright, Charles Cousins, Roy Bourland, Charlie Thut, and Ralph Thomas. White became ill Monday of last week, and entered the hospital the same day. He had suffered a heart attack prior to entering the hospital.

Judge White was born August 23, 1898, in Erath County. He graduated from the University of Texas Law School in 1923, and practiced for six months in Amarillo. Later that year, he moved to McLean to establish his law practice. He was married to Frankie Mae Upham in McLean May 24, 1925. While living here, he served on the school board in 1928 and 1929.

In 1930, he was elected as Gray County attorney, and moved to Pampa in December of that year. He served in that capacity until 1937, when he was chosen as county judge. He served as judge until 1948, when he retired from public office to re-enter private law practice.

During his terms as judge, he was instrumental in establishing the hospital in which he died. He also worked hard to have the present dam constructed at Lake McClellan, and his only son was drowned in the lake in 1942. He was interested in youth, and his work with wayward boys and young men was one of his special projects during the years.

He was a member of the county bar association, the Harvester and Mary Ellen Church of Christ, past president of the Pampa Lions Club, a 32nd degree Mason, and a veteran of World War I. Survivors include his wife, of Pampa; and four brothers, Forbes, T. A., and Frank White, all of Hockabay, and Harvey White of Gainesville.

Scoring: Canadian 12 (Pat Tipps 6, Dean Hoover 6), McLean 0.

The McLean Tigers, definitely off-form for the first time this season, were thoroughly outplayed in the first half, the Tigers netted only 36 yards on 16 ground plays. Canadian was able to rack up a net of 122 yards on 23 plays in the ground.

Dean Hoover and Pat Tipps lived up to their scoring reputations, making the only scores of the game. For McLean, the leading ground gainer was Smith. The Tiger line was unable to penetrate the experienced Wildcat forward wall. The holes through which the Tiger backs have been able to scamper for five straight victories weren't there in the Canadian line. On offense, the Wildcats were able to punch out short gains on nearly all plays, and eventually get loose for the two winning runs.

The field was muddy, very muddy in spots, and both sides

## J. P. NOW HAS NEW CLAIMS COURT FORMS

All necessary forms and court dockets for holding the new small claims court in McLean have been received by Justice of the Peace J. C. Claborn. The small claims courts were set up by a law enacted by the state legislature, and enables judgments to be obtained in Texas where the amount involved is small. Previously, the cost of filing and employing attorneys was so great that few people ever attempted to regain small losses, such as bad accounts, etc.

Under the new law, the small claims courts are set up in each J. P. precinct. A limit of \$50 on a claim is made, if the claim is for most cases; however, the limit is extended to \$100 in cases of wages or salaries, Claborn explained.

The court will not handle cases involving loan companies and collecting agencies, the local justice of the peace said. All actions must be brought in the county or precinct in which the defendant lives, Claborn said. In other words, if a local man wishes to recover a small debt from someone who has now moved to another precinct, the suit must be brought in the precinct in which the defendant now lives.

The filing fee is only \$2 per suit, Claborn said, explaining that fees in the past have made it unprofitable for small claims to be made. Claborn also explained that the new law instructs the justices of the peace to accelerate disposition of all cases.

## SMITH HURT AS PILE SLIPS, CRUSHES LEGS

Raymond Smith, Gray County employee who works with County Commissioner O. L. Tibbets, was seriously injured Wednesday morning at about 8:30 o'clock, when a bridge pile fell on him. Smith was taken to Pampa for treatment. He was found to have suffered two broken legs, one of which was crushed at the hip. He also suffered possible internal injuries, but doctors were unable to determine at first whether he was bleeding internally. Doctors also said it would be three or four days before the broken limbs could be set.

Smith and Elton Johnston had unloaded some piles for a bridge north of the Denworth community, and had taken them to the bridge. One pile was longer than the others, about 28 feet in length, and one end had to be placed on top of the truck cab in order to be transported. The pile, when unloading started, slipped, and fell on Smith, crushing him, according to reports received by The News.

## FACULTY TO BE LIONS GUESTS TUESDAY NIGHT

Members of the faculty of the McLean schools, and their wives or husbands, will be honor guests at a ladies night program of the McLean Lions Club next Tuesday night. The program will start at 7 o'clock, Odell Mantooth, president of the club, has announced.

The program, to be held in the elementary school cafeteria, will be conducted in the usual Lions Club form, including the singing of several songs, pledge to the flag, and invocation, as the opening portion.

The program following the meal will be furnished by Boyd Meador, who was working out details Wednesday. Meador stated that the program would likely include musical numbers and a speaker.

The meal will be prepared under the supervision of Mrs. Cleo Heasley. It will be a barbecue-style dinner, served cafe style. The meal will be cooked by Lester Dysart and Lester Campbell, and the beans and apricots by Amos Page. J. C. Claborn heads a Lions committee named as the "clean-up" group to clean up the cafeteria after adjournment of the meeting.

3.88 inches in moisture in McLean, with Thursday of last week providing the biggest splash of the month.

The big day, Thursday, found rain falling throughout the day, most of the time slowly. When the day ended, Pete Fulbright's official rain gauge showed 2.26 inches falling between 4:50 o'clock in the morning and 7:30 in the evening.

Then on top of that, another .37 of an inch fell Sunday, in what at first appeared might be a regular cloudburst. The Sunday moisture brought the year's total to 14.61 inches.

The Thursday rainfall apparently was general throughout the entire Panhandle. One place in Dickens County reported 14 inches in the one day. In Amarillo, some parts of the city received more than five inches, counting the moisture of both Wednesday and Thursday.

Sunday's moisture came shortly after noon. Black clouds appeared, and for a while, it seemed that only a very hard down-pour could result. The same day found several areas receiving tornado warnings, these areas as near as Childress. In Pampa, several residents reported seeing funnels approaching, but never reaching the ground.

Some hail also was reported in various places Sunday, with the largest amount falling in Wichita Falls. There 3.25 inches of moisture fell within a short period of time, hail covered most of the streets, and numerous highways leading to the city were blocked. Temperatures lowered somewhat over the week-end, too. The Amarillo Weather Bureau predicted freezing weather for Monday night, but the low was only 36 degrees. Some frost was reported in the McLean area, but it was not severe enough to kill any vegetation.

## Hallowe'en Carnival To Be Friday Night At Alanreed Gym

The P. T. A. of the Alanreed schools is sponsoring a Hallowe'en Carnival at the school gym Friday night, October 30, beginning at 7 o'clock.

"Everyone come and have fun. You can have fun at the booths, visit with your neighbors, and eat some good food at the food booth," P. T. A. members said.

There will be booths of all kinds, good food to eat, and the crowning of the carnival queen.

Purity is to have righteous thoughts.—Anonymous.

## 'CLIMAX TO BE NAMING QUEEN OF HARVEST

The big event of the fall season for the McLean public schools—the Hallowe'en Carnival—will be held in the Municipal Building Saturday night. The doors will open for the festivities at about 7 o'clock.

Climaxing the evening of merry-making will be the coronation of the Harvest Queen. The ceremonies will be held in the high school auditorium following the closing of the booths in the Municipal Building.

Queen contestants, and their escorts, will be Pat Shelton, daughter of Mr. and Mrs. Jimmy Shelton, representing the senior class, and her escort, Jack Hupp; Beverly Henry, daughter of Mr. and Mrs. Burl Henry, junior class representative, and her escort, Ricky Mantooth; Harlene Moore, daughter of Mr. and Mrs. W. T. Moore, sophomore class representative, and her escort, Morris Wells; and Jamie Martindale, daughter of Mr. and Mrs. J. I. Martindale, freshman representative, and her escort, Fred Smith.

Princesses from the elementary school, and their escorts, are as follows: 8th grade, Molly Miller and Larry Back; 7th grade, Anita Back and Robert Martin; 6th grade, Elizabeth Boston and Jerry Smith; 5th grade, Rita Ann Brown and Jobey Jones; 4th grade, Donna Sue Graham and Jimmy Ray Kingston; 3rd grade, Marilyn McIlroy and Paul Pierce; 2nd grade, Toni Mertel and James Farris; and 1st grade, the crown bearers, Suzanne Rogers and Dickie Crockett.

The carnival itself will feature 13 different booths, one for each class and the concession stand operated by the F. H. A. and the F. F. A.

Classes and the booths they will operate are as follows: seniors, bingo; juniors, dunking board; sophomores, basketball pitch; freshmen, doll rack; 8th grade, marriage booth; 7th, cake sale; 6th, lemon tree; 5th, grab bag stand; 4th, country store; 3rd, grab bag stand; 2nd, penny toss; and 1st, fishing pond.

## TWO INJURED IN CAR WRECK

Two Clarendon men were injured, and a woman unhurt, when the car in which they were riding overturned about six miles east of McLean on Highway 66 Tuesday afternoon at about 2:30 o'clock.

The driver of the car, Gordon Moore, suffered a fractured left wrist and possible internal injuries. T. E. Hodnett was reported to be suffering from shock, and also suffered a broken right wrist, back injuries, and possible internal injuries. The men were taken to the Shamrock hospital by a Claborn ambulance from McLean.

The other passenger in the car, Mrs. A. W. Covington, also of Clarendon, was not seriously hurt.

The car, owned by Pat Slavin of Clarendon, according to reports, was headed east. Reports indicated that the driver lost control when a rear tire blew out. The car overturned several times, landing on the west-bound lane of the divided highway.

H. V. (Pete) Rice left Sunday for his home in Fort Worth after a week's visit with his parents, Mr. and Mrs. C. S. Rice, and his sister, Mrs. Legon Burris. Mr. and Mrs. Burris took him to Clarendon to catch the train.

Mrs. A. Stanfield returned Friday from a two-months visit with Mr. and Mrs. H. C. Rippy in Fort Worth. Mrs. Stanfield and Mr. and Mrs. Rippy attended funeral services for Sherman White in Pampa Saturday.

### SCIENCE and your Health

#### THE TRUTH ABOUT EPILEPSY by Science Features

Perhaps more than any other disease today, epilepsy is misunderstood by the general public. Epilepsy is sometimes discriminated against by laws forbidding their employment or attending public schools, but more often by public opinion, which denies them jobs and a normal place in the community.

Yet scientists know that this disease is never dangerous to anyone but the sufferer, even when it ends in a violent seizure. It is not contagious, and is no more hereditary than diabetes. With the aid of drugs it can be successfully treated in a large number of cases.

Epilepsy apparently occurs as a result of some damage to the lower brain, which may be brought on by infections or injuries to the unborn child, or as the result of an accident or war wound. At the present time, about 50 per cent of all cases can be attributed to a definite physical cause.

The big news about epilepsy today is that with modern drugs doctors can to some degree control the seizures in 80 per cent of all cases. Of these, 50 per cent can be completely controlled. In certain types of epilepsy surgery has been helpful.

In several cities groups have been organized to promote a better understanding of epilepsy. These groups encourage frank and open discussion of the disease, remind that when the scientific facts are known, epileptics will be accorded their rightful place in the community.

Mr. and Mrs. H. D. Butrum and family visited with Mr. and Mrs. Hugh Wilson in Canadian Friday.

Mrs. Don Allen, Mrs. Jerry Pennington, and Mrs. Brooks Eger visited with Mrs. Johnnie Vineyard in Shamrock Sunday.

## 40 Years Ago— IT HAPPENED HERE

Taken from the Files of The McLean News, 1913

### Entertains at Dinner

Plates were laid for eight ladies, who surrounded the dining table at the home of Mrs. Chas. Rowe, from which, though of solid oak, groans could almost be heard, so great and varied were the nicely prepared dishes thereon at noon Monday.

Not long was the imposition continued, however, as course gave way to course and the tempting viands disappeared amid the pleasantries of the hour. Further exchanges of wholesome conversation continued over needle work that bespeaks Christmas preparations.

Those present were Mesdames Patterson, Gull, Sugg, LeFors, Cooke, Holt, Veatch, and Horton, and a jolly trio of children consisting of Lolita LeFors, Catherine Holt, and Maybelle Veatch, guests of Flossie.

Mrs. Rowe is a favorite with all, and a guest of her home is sure of royal entertainment and a most satisfying feast. Pending invitations were bated, and but for a committee on selection of a future date, we would know the length of our fast after this feast.

Greenery from D. B. Veatch's garden was used to good advantage in the centerpiece, but we gave the credit to Dame Veatch as "ary a man's" name was given.

### A Fortunate Orphan Home Box

It was a happy time, long to be remembered, when the Do Something Society met last Saturday to pack the box for the Ducker Orphan Home. Very carefully was every article valued and to the joy and surprise of all, the total amounted to \$61.60; besides this we were proud to send them \$5.85 in cash.

It was no little task for the children, as all of them were in school, to visit the homes and solicit donations for their box; launder some garments, clean, press, and mend others, in order

### GRACIOUS LADY

Loretta Young, who has the distinction of having remained one of Hollywood's most sparkling beauties through the eras of the "silents," the advent and supremacy of sound, the years of both black-and-white and color movies, now brings her gracious beauty and talent to the newest of entertainment media, television.

This glamorous star who during her long acting career starred in 83 motion pictures opposite nearly all the top male stars in movies, can now be seen in her own dramatic TV vehicle, "A Letter To Loretta," over NBC network every Sunday at 10 p.m. EDT.

that everything might be sent in as good condition as possible.

Just a week before, each child brought something good to eat and spent the day working. Each child brought ten cents to help buy material for a comfort, which they tackled nicely for the orphan children. Our merchants greatly encouraged the children by giving a pair of blankets, a suit of underwear, a toboggan, pair of hose, a dozen plates, four platters, and two bowls. The railroad also joined in this good work by sending the box free of transportation charges.

We wish to thank everyone who in any way assisted us. Pray for this dear little band of workers, that they may thus learn early in life to give a part of their strength, time and means in the Master's service. "Train up a child in the way he should go; and when he is old, he will not depart from it." Pray for me that in everything I may lead them aright.

### Honor Visiting Sisters

On Tuesday afternoon of last week from 3 until 5 o'clock, Mrs. W. C. Foster entertained a party of friends at the home of her mother, Mrs. J. L. Crabtree, with a delightful little party given in honor of her visiting sisters, Mrs. W. A. Stubbs of California and Mrs. W. L. Caldwell of Canadian. Progressive forty-two was the principal diversion of the afternoon and the pleasure attendant upon the pursuit of the game was augmented by a splendid musical program rendered by Mrs. S. E. Boyett.

At the proper time the guests were served with a delicious luncheon consisting of a salad course and chocolate and cake.

Among those who attended the delightful affair were Mesdames C. S. Rice, S. O. Cook, D. B. Veatch, Earl S. Hurst, Minnie Massey, Emma LeFors, S. E. Boyett, W. H. Holt, V. L. Hindman, W. R. Veale, and J. H. Crabtree.

Three small boys were bragging on their fathers. "My dad," said the first, writes out a few short lines, calls it a poem, sends it away, and gets \$10.00 for it.

"Shucks," said the second, "my dad makes some dots on a piece of paper, calls it a song, sends it away, and gets \$25.00 for it."

"Pikers," said the third scornfully, "my dad writes out a sermon on a piece of paper, gets up in the pulpit and reads it, and it takes four big men to bring in the money."

## THIS IS A TYPE OF SOCIALIZED MEDICINE

IT'S BEEN SOME TIME now, since we have mentioned socialized medicine, principally because the new administration is opposed to socialized medicine, and Harry Truman isn't heard as often as he once was extolling its "virtues."

But something has come up which reminds us what all of you would likely be up against should this country ever adopt socialized medicine.

In the armed forces, those of you who have served know, we have a form of socialized medicine. When you go to see a doctor while in the armed forces, you, of course, are not required to pay him as you do a civilian doctor. His salary is paid by taxes.

Those people who have been in the armed forces know the kind of treatment they are generally given in a sick bay or hospital.

Quite similar to the armed forces set-up is that of the various Veterans Hospitals which are scattered about the United States. The law creating these hospitals allows treatment for veterans, whether the veteran is ailing with a service-connected or non-service-connected trouble. We all feel that men who have served this country should, if they are financially unable to pay for private medical and dental help, be entitled to treatment—for many so-called non-service ailments can be traced back to service illness, and numerous others, although non-traceable, probably started during the time the veteran was in service.

If these veterans hospitals are to be available for treatment of veterans, then they should certainly be staffed with men of intelligence, with men of tolerance, with men who have the ability to serve in a genial attitude as we expect our doctors to serve.

The other day a resident of McLean, who happens to be a veteran of both World War I and World War II, was badly in need of hospitalization. Continued sickness had wrecked his ability to pay for specialized, civilian treatment. His doctor called a Veterans Hospital, more than 300 miles away, where a needed specialist is stationed, and permission was granted for the man to be brought to the hospital.

The ambulance carrying this man left here at 6:15 o'clock in the morning, and arrived at its destination at 12:30. The long trip consumed slightly more than six hours.

But due to the stupidity of two smart-alec staff members of this Veterans Hospital, it was four hours later before the veteran was finally admitted as a patient to the hospital. And during all of this time, his condition was so serious that it was necessary to administer oxygen to him.

This, fellow citizens, is one example of the treatment accorded to ill people when subjected to socialized medicine. The pay of the staff members of this Veterans Hospital went on, whether they had another patient or not. The loss of his life would mean nothing to their professional standing, or to the amount of future patients they might have.

Is this the type of thing the loud voices are wanting in the U. S.? Perhaps the loud voices do, but we believe the big majority of Americans still desire the good old American way of medical treatment.

Mr. and Mrs. H. D. Buttrus and family, accompanied by Mr. and Mrs. Bud Cumberledge, visited with Mr. and Mrs. Elvis Mathis in Hooker, Okla., Sunday.

Mrs. C. R. Glenn and daughter Faye of Austin, and Mrs. Bob Glenn of Nixon visited with friends and relatives here over the week-end.

## LES

# TALK

By LESTER

That was a long and uninteresting drive back from Canadian last Friday night. Always is when you lose a game you want to win so badly. But I guess everyone has to lose some time.

I've heard many reasons why we lost the game to Canadian. But generally speaking, the reason is the same—we just got beat. It's hard to say that the Tigers were "off" for the game. It's hard to say that the Wildcats were "up" for the game. But it's easy to realize that we were outplayed, from start to finish, and we lost. It's history, and can't be played over.

Losing the game didn't mean losing the district for the Tigers, although it could. There are many possibilities. Our best hope is that we can win our remaining four games, and that Panhandle wins their remaining games. That would leave McLean and Panhandle tied, and since McLean downed Panhandle, McLean would represent the district. Another possibility is that we win the rest of ours, defeating Memphis on the way; Memphis win all but the game with us; Canadian win the rest of its games. Then the three teams would be tied, and a coin would be flipped to determine the winner. However, should we win the rest of ours, Canadian lose to Panhandle, Memphis not lose any except to us, then we could tie with Memphis. Oh well, let's just hope it comes out the way best for us.

We can't lose any more games and still have a chance at the title—it's numerically possible, but not at all probable.

As is usually the case, the rains helped some farmers immensely, and others didn't want so much right now. Cotton harvest was halted by the rain, and the yield will be hurt to some extent. Some of the hard showers knocked a bit of cotton onto the ground, and that cotton will be lost.

On the other hand, the winter wheat and other cover crops were badly in need of moisture. There has been no sub-soil moisture all summer, even when the July and August rains fell, and the pasture land needed a drink.

I believe that the rains will mean more benefit than harm to farmers in general. As a matter of fact, I've heard very few complaining about the moisture.

Amos Page is planning a Halloween movie at the Avalon Saturday night. You can go to the carnival, and when it's all over, take in the show. The Derby Drive-In will operate its final show for the season Saturday night, too. If you haven't seen the new screen at the Avalon, I believe you'll like it. It's a whale of a lot bigger than the old one.

Sunday was a mighty good television reception day in McLean. Guess the clouds were just right. Our antenna is one of the regular height kind, about 40 feet, I think, and reception was near perfect all afternoon and night. If only the programs had been a little more interesting.

You know, I am a very good

sports fan, football, basketball, softball, etc. But I heard a man say the other day that he believes a boy, if large enough to play, should play football for the school he attends. He intimated that a boy who doesn't play football doesn't have the nerve to do so.

With that statement I can't agree. Maybe the man is right, but it appears to me that some boys may not want to play football because they don't like it. Maybe there are some who don't play because they have tried and can't play the game. Maybe there are quite a few who don't play because their parents won't allow them to.

To be perfectly frank about it, I believe that whether a boy plays football or basketball, or any other sport, is his own business.

ness, and perhaps the business of his parents. Not playing football, just as not fighting every time the occasion arises, doesn't make a boy "yellow" in my books.

Noticed Monday morning that the tennis nets at the City Park were sagging in the water on the courts. Appears to me it would be a good idea for the city to take the nets down for the winter now, or at least take them down temporarily until some of the local tennis players ask for them during possible tennis weather this winter.

Back on football once more and I'll quit. Notice where Springlake, one of the state's undefeated football teams, is still undefeated following a 1-0 victory

over Kress. Water gave Springlake the victory. The Kress field was covered with water following the rain last week, several Kress players were out with injuries, and so Kress forfeited. Never had occurred to me that mud and water could win a game so decisively.

## What does it mean to you when a Rock Island train goes by?

A train goes by—a Rock Island ROCKET FREIGHT. Did it ever occur to you that many people, including you, may have a very special interest in this train?

To a manufacturer it brings raw materials to be made into finished products. To retailers it brings foods, merchandise and wares of every description. To you as an individual it brings better living and the satisfaction of knowing that because of it things that are half a world away may be yours. To your community it means a progressive, tax-paying, self-supporting industry, all your own!

### But if it's a passenger train, then what?

Then may we remind you that Rock Island service is, in a very real sense, universal. For not only does this railroad directly serve 14 mid-continent states, but with its connections makes all the world accessible.

This is the thought we wish to leave with you: Whether your community is hamlet in size or metropolitan in scope, Rock Island's foremost desire is to provide

a transportation service that satisfies

**Tigers Slip to Fifth In Weekly Ratings Of Amarillo Paper**

The McLean Tigers slipped from second to fifth place in the weekly Class A football ratings of Ray Franks, Amarillo Daily News sports writer, following their 12-0 loss to Canadian last Friday night. The Tigers had held second place in the rankings for the past two weeks. Memphis was moved up to fourth place, and Canadian elevated to sixth. Panhandle, also in District 1-A, was raised one notch to ninth. The top ten Class A teams in the region, according to Franks, are as follows: 1. Springlake; 2. New Deal; 3. Dimmitt; 4. Memphis; 5. McLean; 6. Canadian; 7. Sudan; 8. Hale Center; 9. Panhandle; and 10. Idalou.

**Ladies Auxiliary Meeting Is Held In Cooke Home**

The Presbyterian Ladies Auxiliary met Tuesday in the home of Mrs. C. E. Cooke. Organ music was presented by Mrs. Grace Windom as the guests arrived. Mrs. Travis Stokes poured from a lace-covered table decorated with lovely fall flowers. Mrs. Cooke reviewed the book, "A Bargain With God." Mrs. J. R. Glass led the closing prayer. A number of guests were present.

**Donley County—SOIL NEWS**

Never has there been such a wonderful opportunity in the last several years for planting winter cover crops.

With the good moisture in the ground, farmers are urged to seed winter cover crops on all land that does not have enough cover on the surface to prevent blowing.

This applies especially to land in cotton and forage sorghums. The least amount of residues are left from these crops and are most likely to allow the soil to blow.

Rye, Austrian winter peas, and hairy vetch may be seeded at a very small net cost to the farmer. Approvals may be obtained at the PMA office for planting these crops and the assistance will pay a major part of the cost of the seed.

Moderate grazing of these crops is permitted; however, a stand and growth that would justify harvesting must be left on the land or turned under. Only vetch may be harvested for seed.

Below are some of the benefits of winter cover crops:

1. Protect land from both wind and water erosion.
2. Increase ability of soil to receive and hold moisture.
3. Add organic residues.
4. Aid in breaking plow pan.
5. Aid in preventing crusting.
6. Help to make better use of commercial fertilizer.
7. Add nitrogen to soil (if a legume).
8. Provide grazing.

**It's WHERE you buy a used car that counts!**

**When you can trust the dealer who sold you a used car, you can trust the car.**

We're businessmen! Our reputation depends on every transaction—a new car sale, a used car sale or a service job.

We want your new and used car business now and in the future! And we want your service business, too!

We handle used cars and trucks as a service to customers who trade them in for new cars. Sometimes we get overloaded with these trade-ins and our capital is tied up. Like everyone else, we have bills to pay. So we must always offer used cars at rock-bottom prices to keep our inventory moving.

Drop in soon and let's talk about a deal. We know you'll agree that the place for you to buy is at your Ford Dealer's.
