

Connally Takes Himself Out Of Senate Contest

By The Associated Press
The Senator who looked most like a Senator—Tom Connally of Texas—will not be a candidate for re-election.

His announcement last night that he "does not desire to be a candidate again" boomed across Texas and the nation like a political A-bomb. It left a wide range of campaign possibilities facing the state, and these varied facts:

1. Ended with the demise of the 82nd Congress nearly half a lifetime of Congressional service—12 years as Representative, 24 years as a Senator — for the colorful 74-year-old Connally.

2. Gave Governor Allan Shivers of Texas another chance to announce for Connally's seat. Shivers had been widely mentioned earlier as a possible candidate. But he declined the race in January with the assertion that he liked Texas and wanted "to raise my children here."

3. Left, for the time at least, the field wide open for Attorney General Price Daniel, who is the only announced candidate for the Connally post. Daniel made last night what could have been a bid for Connally's support with the statement that "I hope to have his good will and cooperation" if elected.

4. Makes Senator Lyndon B. Johnson, serving his first term, senior senator from Texas. The designation will increase Johnson's patronage possibilities which increases his political stature and influence. He has already become widely known as chairman of the National Preparedness Commission.

5. Will, if the Democrats control the 83rd Congress, put Senator George (D-Ga.) in line for the chairmanship of the powerful Foreign Relations Committee which Connally ruled in iron fashion during the years of World War II, Marshall Plan, Korea, and North Atlantic Treaty Organization.

6. Left to conjecture the part such political figures as former Gov. Coke R. Stevenson, former Rep. Martin Dies, and former Rep. Maury Maverick might play in political maneuverings of the coming weeks.

Governor Shivers speaks in Dallas tonight before a Founders Day dinner of Sigma Delta Chi, honorary journalism fraternity. In the speech he is expected to tell just what he and those with him in a fight for an unstructured delegation to the National Democratic Convention in Chicago are trying to do. That he would not mention the Connally withdrawal hardly is probable.

Dies, former chairman of the Senate again.

"My relations with Senator Connally always have been pleasant and naturally I am sorry to see him retire from public life."

"In his long and useful career as a public servant he made important contributions to our government. One outstanding contribution was the creation and development of bi-partisan foreign policy."

Truman commented in a statement on the announcement from Connally, sharp-tongued Texas Democrat, last night that he "does not desire to be a candidate" for the Senate again.

U. S. Intelligence officers said they knew no reason why Pomeroy should not be tried by a Philippines court and, if convicted, executed.

Pomeroy has denied that he is important in the Huk organization.

Ohio Bell Strike Settled As WE Conferees Not Too Far Apart

CLEVELAND, April 14 (AP)—A week-old strike of 12,000 Ohio Bell employees was settled today. The situation was not immediately clear, however, as to whether 500 striking Western Electric employees in Ohio would establish picket lines and block a work resumption by the Ohio Bell workers.

The Western Electric walkout is part of a dispute involving WE workers in 43 states. WE is a Bell subsidiary and the striking repairmen and sales employees work in Bell buildings.

A spokesman for the CIO Communication workers—which represents both WE and Ohio Bell workers—said the Ohio Bell workers would respect any picket lines established by the WE strikers.

He said he had been informed, however, that "no picket lines will be set up today."

CWA unionists directly in charge of the WE strike in Ohio were not immediately available.

Michigan, first of the struck Bell systems to settle, agreed to weekly wage raises of about \$4 to \$7. Ohio Bell offered \$3 to \$6.

An Ohio Bell settlement would leave strikes by some 25,000 workers at Bell firms in North California, New Jersey, and 16,000 at the Western Electric Company in 43 states.

Western Electric, which makes telephones for the Bell system, is negotiating its strike in New York City. There, too, negotiators were optimistic, but by no means as confident as at Ohio Bell.

For the first time since Friday, full scale sessions were scheduled for today by federal mediators. Ernest Weaver, general director of the CWA's installation division, said after yesterday's meeting the conferees were "not as far apart."

But one union official added that there was "still a long way to go." Then he grinned and said: "They seem satisfied."

The Western Union Telegraph Company strike, now in its 12th day, was at a stalemate. Weaver said the 10,000 installation workers and 6,000 distributors and warehousemen striking against Western Electric wanted a 23-cent hourly wage pay to be added to present wages.

These were ghost areas, patrolled only by soldiers, police and civil guards. Not even the persons who live there were permitted to enter much of the area.

Experienced relief workers called the exodus one of the biggest disaster movements in memory.

The river, meanwhile, was at record high levels and steadily climbing toward the 30-foot crest expected Wednesday.

Mass Evacuations On; Flood Waters Rising In Midwest

Missouri Waters At A New Record

OMAHA, April 14. (AP)—The maddened Missouri River, pouring down its valley the greatest flood that man has recorded for the stream, and other rampaging rivers in the Midwest have chased an estimated 19,349 families from their homes.

The Red Cross, which made the estimate, translated it to represent about 74,000 persons. Included in the estimate are families in the eight or nine states that have so far felt the scourge of the raging waters.

One of the biggest, if not the biggest, mass movements of families is in the Omaha and Council Bluffs, Ia., area, with a combined population of 368,000 people.

In these two cities evacuation of residential districts normally holding some 30,000 persons is underway as the two cities wait for the crest expected Wednesday. This, flood experts said, is the largest group of persons affected along the Missouri River Valley.

Today the mad Missouri River threw everything it had at the Sioux City, Ia., area and gave new intensity to the dramatic fight against water being waged in the downstream Omaha-Council Bluffs area.

For Sioux City, with 84,000 persons, and neighboring South Sioux City, Neb., with 5,500, the crest's arrival was only a matter of days. Surrender had come days earlier and inundation had been a creeping, progressive thing.

Downstream, town after town was either prostrate or abandoned. But Omaha and Council Bluffs, whose combined metropolitan area takes in 806,000 persons, were fighting it out—prepared for the worst but determined to forestall it.

This was the picture in the twin cities: About two-thirds of Council Bluffs' 45,000 persons had fled or were pulling out of their homes. Across the river, in the East Omaha and Carter Lake, Ia., areas, homes of perhaps 5,000 more were similarly deserted.

The old high mark of 24.8 feet, established in 1881, was passed yesterday.

Early today the reading was 25.4, compared with flood stage of 19.

At 26.6, the river will be at the level which levees and flood walls along the two cities were designed.

Four Men Are Killed In Blast At Andrews

ANDREWS, Tex. April 14 (AP)—Four men were killed and another was critically injured today in an explosion at the Martinop Gasoline Plant, 16 miles west of here.

Three of the dead were: Carl Gilmore of Andrews, superintendent of the plant; Dick Davis, one of those believed dead, went to the plant to work for another employe. His pickup truck was at the plant when the blast occurred.

Arthur Gooch, working a half mile away, said he saw the tank explode and it appeared the plant went up in one sheet of flames.

Residents living a mile and half away said the blast shook their homes.

Andrews is in Andrews County on the Texas-New Mexico border. The plant was owned by the Martinop Gasoline Company of San Antonio.

Truce Talkers Set New Mark Of 15 Seconds

MUNSAN, Korea (AP)—Negotiators of a Korean truce set another new record for brevity today. They met only 15 seconds, including time for translation.

United Nations Command sub-delegates gave no indication when they would be ready to resume the recessed talks on the prisoner of war question—one of three major stumbling blocks before an armistice—as requested by the Reds Sunday in a 50-second session.

It was the fourth straight day the negotiators had lowered the previous day's length of time in session.

The record of the quarter-minute session went like this: Chinese Gen. Hsieh Fang—has your side anything to say?

U.N. Command—No. Hsieh—Since your side has nothing to say, I suggest we recess until the usual time tomorrow.

Harrison—We agree. The subdelegates have been deadlocked two weeks over the two other chief issues—Communist insistence that Russia help police a truce and a U.N. demand for a ban on military airfield construction during an armistice.

More than 4,000 words of a Korean armistice document have been written and agreed upon.

All this approved wording, covering 28 typewritten pages in 63 numbered paragraphs, has led to optimism in Washington and in the truce talks village of Panmunjom that agreement on an armistice is near.

In Washington, officials expressed hope that an armistice could be reached possibly by May 1. They based this on a belief that solution was near on the prisoner of war deadlock.

But nine vital paragraphs still are in dispute.

Three of the nine deal with exchange of prisoners. The Reds are demanding return of all their men in Allied hands. The Allies insist on voluntary repatriation.

Staff officers grappling with this issue have been in recess since April 4, seeking to develop "additional avenues" of agreement. Unofficial observers here say the officers may be overhauling prisoner lists on the basis of a secret formula which would reconcile the opposing stands.

If this jam can be broken, it might pave the way for clearing up two other disputed paragraphs—one on naming neutral observers.

NEW AREAS TO GET IT Govt. Lifts Its Ban On New TV Stations

WASHINGTON (AP)—Television in every American community was a long step nearer today as the government lifted its 3 1/2-year freeze on new stations.

By lifting the 3 1/2-year freeze on new stations—the FCC admits it underestimated public demand for the new medium—the government

officially made the coming scramble for choice station locations a free-for-all.

Another 78 days will elapse before grants are made. During that period, FCC announced, it will receive new applications for stations, and will also require re-submission of all of the 521 applications now pending—some of them caught in the freeze since October, 1948.

With the new space made available by the opening of UHF channels, FCC proceeded to adopt a final table of 2,033 local channel assignments compared with the maximum 400 outlets in 140 locations possible under the original 12 very high frequency (VHF) channels which turned out to be far too few to meet the demand.

Responding to a long-sustained demand by school groups, the commission reserved for exclusive educational use 242 local assignments in many communities, covering 80 VHF and 143 UHF channels, thus formalizing "educational TV" for the first time.

Big Spring is among the cities listed for a television channel. See story page 2.

Telephone service was back almost to normal in Texas today as operators made a slow return to work following a court order that dissolved picket lines.

Only in El Paso were pickets still marching. The return to work started after the 70th District Court at Midland granted a temporary restraining order Saturday against picketing by Western Electric's division of the Communication Workers of America (CIO).

Telephone workers who were CWA members had refused to cross Western Electric-CWA picket lines in some cities. In other cities, where there were no picket lines, telephone operators left work for "continuous meetings."

The Midland court order was asked by Southwestern Bell Telephone Company which also asked \$500,000 damages from CWA. Hearing on a permanent injunction was set for April 21.

At El Paso, pickets continued to march in front of the exchange of the Mountain State Telephone and Telegraph Co. last night.

A company official said "a few operators did not report for work," but a union official said the company was handling only two per cent of the normal long distance service.

Railroads Get New Hikes In Freight Rates

WASHINGTON, April 14 (AP)—The Interstate Commerce Commission today gave the railroads a further freight rate increase, estimated to hike charges by about \$678 million a year. The rise is nine per cent in the South and West and six per cent in the East.

The order boosts rates 15 per cent above what they were at this time last year.

The railroads applied last year for a 15 per cent increase. The ICC last August ruled that instead of a straight 15 per cent hike, the charges should be raised nine per cent in the East and six per cent in the South and West.

Today's order, issued after reconsideration, allows the full 15 per cent across the country.

This is the 12th general freight rate increase since the end of World War II.

The increases may be put into effect upon 15 days' notice to the public, except for grains and grain products, on which a 30-day rate-revision notice will be required.

The ICC said domestic water carriers may apply to their charges the same revisions authorized for the rails.

Death Penalty Is Sought For Ex-GI Filipino Huk Leader

MANILA, April 14 (AP)—National Defense Secretary Ramon Magaysay, said today he will ask the death penalty for William J. Pomeroy, 36, Rochester, N. Y., on charges of murder and conspiracy to overthrow the Philippines government.

No charges have been filed against Pomeroy, a former U. S. Air Force soldier accused of being a propagandist for Communist-Huk rebels.

Pomeroy was captured by Philippines Army troops Friday in the Sierra Madre.

U. S. Intelligence officers said they knew no reason why Pomeroy should not be tried by a Philippines court and, if convicted, executed.

Pomeroy has denied that he is important in the Huk organization.

CASH DECREASES, LOANS RISE Drouth, Taxes Seen Reason For Drop In Bank Deposits

Continuing drought and income taxes brought economic pressure at the end of the first quarter, bank statements showed here Monday.

The combined statements of the two Big Spring banks, issued in response to a call by the comptroller of emergency for condition as of close of business March 31, showed deposits off nearly a million dollars from last year. They were down two and a quarter of a million from the end of 1951.

Cash dropped by more than a million and a quarter, but loans and discounts were up by more than three-quarters of a million dollars.

The higher income tax rates drew off a lot of the cream in the first quarter. A year ago, when the rates were somewhat lower, the tail end of a bumper crop came along to neutralize this draw-down. This year, there was nothing to

Deferment Of Students Due For Check-Up

By W. JOYNES McFARLAND WASHINGTON, April 14 (U) — Local draft boards throughout the nation soon must begin re-opening the cases of all youths with educational deferments.

Officials at National Selective Service headquarters said today this probably will involve upwards of 230,000 young men, probably all 19-years-old or older.

Under the draft law local boards can grant deferments for only one year, except for certain high school students.

Allied Planes Smash Enemy Supply Point

By STAN CARTER

SEOUL, Korea (U) — U.S. jet fighter-bombers today smashed a huge Red supply point near the Western Coast of North Korea.

One pilot, Capt. Charles E. Brown, Birmingham, Ala., said "We destroyed a division's worth of supplies."

The Fifth Air Force reported 22 buildings destroyed and 11 damaged in the attack west of Haeju. The road and rail hub is four miles north of the 38th Parallel near the base of the Ongjin Peninsula.

Other fighter-bombers attacked the Communist rail system in North Korea from dawn Monday until early afternoon, when bad weather closed in.

Sabre pilots reported they destroyed seven Red MIG-15 jets, probably shot down one and damaged four in Easter Sunday battles over North Korea.

Planes from the U.S. carriers Boxer and Philippines Sea dumped more than 240 tons of bombs on Chongjin, East Korean port and manufacturing center only 125 miles from Siberia. Sunday, the cruiser St. Paul and the Destroyer Hanson poured gunfire on the city at the same time.

U.N. troops gave up an advance position on the Central Front four Red platoons in darkness Monday morning, then went it back after a six-hour fight. Other ground action was confined to probes and light patrol contacts.

Gen. James A. Van Fleet marked a year in command of the U.S. Eighth Army Monday. He predicted to newsmen the Reds won't mount a major attack again, but warned that they have the power to do so.

He also leaves five sisters, Mrs. T. P. Cravens, Mrs. Bill Count, Mrs. Billy McGee, Mrs. Tony Elche, Mrs. Eddie Love, all of Colorado City.

Colored Style Show Nets \$75 For School

Proceeds from the annual spring Colored Style Show, held Friday at the Lakeview School have netted around \$75.

This amount will be divided half and half to a school projector and to a fund for extending gas service to the Colored Park.

The show was held under joint sponsorship of the Federation of Colored Women's Clubs and the P.T.A. Officials expressed appreciation to the donors of flowers through their committee.

These included Estah's and Cottage of Flowers, Eva Preat and the Courthouse employes.

A similar meeting has been called for later in the week at Coleman to interested Coleman County farmers and ranchers in joining 24 counties in that area in a similar organization.

The program in this latter area will be financed from one-fourth to one-third by the Lower Colorado River Authority which is interested in increasing the rainfall over the Colorado River watershed.

Efforts to raise the remainder of Howard County's \$8,500 quota for participation in the rainmaking program are being renewed here this week.

Corporation Court Has Busy Session

The good weekend behavior of Big Spring's Latin-American and Negro citizens was reflected by the docket when Acting City Judge Mack Rodgers convened Corporation Court this morning.

There wasn't a single Latin-American and only three Negroes among the 40 defendants docketed. One of the Negroes was in the list of 16 charged with drunkenness, and the two others, common law husband and wife, were charged with fighting.

"He was gabblin' with my money an' lost it," she explained to the court. Then when he had his say, he admitted she was telling the truth.

"Were you fighting?" the judge asked. "No sir, I wasn't, but she hit me with a knife and I don't know whether she meant to do it or not."

The judge fined them just enough to clear their stay in jail at \$3 a day. The high fine of the morning was \$100 assessed against a woman who has been in court several times in the last few weeks on drunkenness charges.

"That sure was short and sweet," she commented as she followed Patrolman Kirby, the bailiff, back to the jail.

A defendant charged with running a stop sign Saturday night was fined \$5. A defendant who had lost his operator's license and had not applied for another was fined \$15.

He told the court that he hadn't really been driving but had just started to try out a car when he was ticketed. Another motorist who said he had never had an operator's license was fined \$25, and another who admitted being guilty of reckless driving and not having an operator's license was fined \$50.

Four motorists charged with DWI were transferred to County Court, and two airmen were delivered into the custody of the Air Police.

Just as Judge Rodgers was about to adjourn court, a young fellow rushed in with a traffic ticket and stood before the bench.

I see you are charged with speeding," the court remarked. "Yes sir, I'm guilty." The defendant reached into a hip pocket, pulled out a billfold and opened it up.

"How much money have you got in there?" the judge asked. "Fifteen dollars." "Then that will be the fine," and court was adjourned.

City Judge W. E. Greenlee is in Dallas where he is attending a Corporation Court safety conference this week. His trip was authorized by the City Commission at a recent meeting. The conference is being held in conjunction with other meetings of law enforcement and judicial officers. Among the speakers are some nationally known authorities on traffic problems.

WITH THE 25TH INFANTRY DIV. IN KOREA—John E. Robinson, Garden City, Texas, recently was promoted to corporal while serving on the mud-bogged Eastern Front in Korea with the 25th Infantry Division.

His unit, with its attached Turkish brigade, has been holding down a battle line northwest of the Puncbowl.

Cpl. Robinson, a veteran of nine months Korean service, is a cannoneer in Battery B of the 8th Field Artillery Battalion.

He formerly attended Garden City High School.

St. Thomas Altar Society will hold its meeting at 8 p.m. today in the church hall, Mrs. Jenkins announced.

The flood-ravaged Missouri river area extended all the way from lower South Dakota, along the Iowa-Nebraska reaches and into Kansas and Missouri.

But other states, and other rivers, also figured today in a grim Midwest flood picture.

The Mississippi was at a record high and climbing at St. Paul, Minn. Thousands were homeless and the St. Paul Municipal Airport was under water. The Minnesota River tributary, continued to rise menacingly in Minnesota.

Prairie du Chien, Wis., expected the worst Mississippi River flood in history by Tuesday night. La Crosse, upstream, anticipated the highest crest since 1880.

A state of emergency existed at Winona, Minn. A dike failure would put about one third of Winona under water.

The Weather Bureau warned cities along the downstream Iowa-Illinois reaches to expect all-time high crests the last week in April. In North Dakota and Western Minnesota the Red River of the North flirited with near record levels and hit or menaced towns included Fargo, Moorhead, Wahpeton and Grand Forks. Fargo and Moorhead, twin cities, had hundreds of evacuated persons.

In Montana, the Milk River lowered and the critical flood situation passed but water still stood in Havre, Chinook, Harlan, Malta, Dodson and Wagner.

The Red Cross last night estimated the eight or nine-state total of families either displaced or about to be displaced by floods at 193,498. A figure which a Red Cross official said was "really misleading" to represent about 74,000 persons.

As the Missouri's flood crest arrived in the Sioux City area, South Sioux City was just about deserted and only a portion of the town was above water. Water had closed all highways out of town and late evacuees had been ferried out by vehicles) and by a train.

ONE HOLE DESTROYED

You would have thought the whole west end of town was blazing when the call reached Central Fire Station yesterday afternoon, and then the engines rolled with sirens to the 1200 block W. 3rd, where an outdoor privy was on fire.

The official report on that fire is an interesting document. The "occupant of the building" question is answered with an "unknown" and the extent of the damage is listed as "one hole destroyed."

Whiskey, Beer Stolen From Liquor Store Over The Weekend

Burglars Sunday night took an estimated \$600 to \$700 worth of whiskey and beer from King's Liquor store located west of town and on U. S. 80, the sheriff's department reported.

Officers said the burglars apparently entered a rear room, drilled holes in an inside wall and forced their way to the loot.

Listed as "missing were eight cases of whiskey, five cartons of beer containing six cans each, and 25 other bottles of whiskey. A full quart case of lubricating oil and six quart cans of oil were missing from an adjacent service station, officers said.

N. J. Primary Confusing, But Eisenhower Favored

By PETER MACDONALD
NEWARK, N. J. (AP)—New Jersey, a state which takes politics seriously every day of every year, today headed into its most hectic and confused—primary election in decades.

Topmost attraction is a Taft-Eisenhower-Stassen battle in the state's first presidential preference ballot since 1940. Along with this is a mixed-up race for delegates to the Republican National Convention.

Some 750,000 to one million voters tomorrow will ballot in the presidential preference poll, select delegates to the major party national conventions, name U. S. Senate candidates and choose congressional nominees.

The Democratic side of the picture is relatively quiet. Sen. Kefauver is the only candidate in the presidential popularity poll.

There are only three contests for 36 delegate posts. One of these is a local affair. In the others, independent Kefauver supporters oppose the organization which is hiding its time before determining its favorite. The delegation will have 32 votes in the national convention.

In Republican ranks, the story is different. Gen. Eisenhower, Sen. Taft and Harold E. Stassen are entered in the presidential poll, which is not binding. Stassen is not considered a serious contender. Taft avowedly is not a candidate.

Taft tried to withdraw from the race after Gov. Alfred E. Driscoll came out for Eisenhower, but the Ohio senator made his decision too late to remove his name from the ballot.

Taft closed his headquarters, canceled a speaking tour and said as far as he was concerned he was

out of the New Jersey contest. He said Driscoll's endorsement of Eisenhower made a fair primary impossible.

The Eisenhower forces countered that Taft's action was a sham. They said no matter what vote he receives, he can claim a "moral victory." Taft followers said this wasn't so. Some predicted he will win.

Other supporters, however, disagree and look for a sizeable turnout. An Associated Press poll of the state's newspapers forecast Eisenhower will win the election but Taft will get a good vote.

Supporters of Eisenhower said the Taft campaign went underground after he announced his withdrawal and even stepped up its activity. They claimed Taft strategists were spending \$250,000 as compared to less than \$75,000 the Eisenhower camp was spending.

Not so, came back the Taft forces, adding that this was all talk to get out a big vote for Eisenhower.

While voters try to make up their minds whether Taft is in or out, politicians wonder about the outcome of the delegate contests.

The state will send 38 delegates to the national convention in Chicago July 7. The state GOP organization has put up a full slate, which is listed on the ballot as unpledged.

Driscoll, who heads the ticket, has said a majority of GOP leaders favor Eisenhower but will abide by a decisive win by any candidate in the popularity poll.

State Sen. Malcolm S. Forbes, a leader of the Eisenhower forces, has said, however, that at least 18 of the "uninstructed" organization state personally favor Taft. The organization delegates have agreed to abide by a "substantial"

OVER 300 DEAD

New Goyt. Appears In Bolivian Control

By ROMAN JIMENEZ
LA PAZ, Bolivia (AP)—Revolt-blooded Bolivia, burying more than 300 dead and tending some 1,500 wounded, appeared today under firm control of its new revolutionary government.

Awaited was Victor Paz Estenssoro, long-exiled leader who is due to return from Argentina Wednesday to head the new regime.

After installing a 13-man cabinet of the National Revolutionary party (MNR), the victorious rebels last night sent a delegation by plane to Buenos Aires to invite Paz Estenssoro, the party's chief, to return. He said he would accept the bid.

Paz Estenssoro won the greatest number of votes—almost half—in presidential elections 11 months ago but failed to win an overall majority. Before the Legislature could choose between three leading candidates, a military junta headed by Gen. Hugo Ballivian moved in by force.

It was this clique which Paz Estenssoro's supporters swept from power in a three-day battle starting last Wednesday.

The party leader fled the country in 1946 when rebels overthrew the MNR government and hanged President Gualberto Villarroel from a lamp post here in the capital.

Gen. Ballivian was believed to have taken asylum in a foreign embassy, reportedly Venezuela's. There was no immediate information on the whereabouts of Gen. Humberto Torres Ortiz, his army chief of staff who led the government forces and who signed the formal surrender to the rebels Friday afternoon.

The Army, some units of which had opposed the rebels, was practically inoperative today following arrest or disappearance of many of its leaders. Many reportedly have sought asylum in foreign embassies.

In Bolivia's high Andean capital yesterday small crowds gathered outside hospitals to inquire after the injured. Burial ceremonies for the dead continued. Bodies were

hauled in open trucks. But quiet lines also waited before theaters showing such American films as "King Solomon's Mines." Sunday traffic was normal. Communications were mostly restored.

The new Bolivian regime held its second council yesterday. The cabinet members left government houses for the first time in two days to rest. They had been on the job four days without a break.

Plans they had worked out still were unclear, but the pro-labor and nationalistic trend of the MNR movement is well known. It has wide support from workers in the tin mines, the country's mainstay industry.

EASTER OBSERVANCE

Largest Crowd At Sunrise Services

Hundreds of Big Spring area residents witnessed the beginning of a sunny Easter Day yesterday at sunrise worship services conducted at the Jet Drive-In Theater. Automobiles sufficient in number to cover nearly all available parking space, had crowded into the theater area by 6:20 a. m., starting time for the services.

Spokesmen for the Big Spring Pastors' Association, sponsor of the annual Easter Sunrise Service, said he estimated that the crowd was one of the largest ever to attend the annual event.

The sermon was delivered by Dr. P. D. O'Brien, pastor of the First Baptist Church, who took his text from Matthew, 28:6. "Come, see the place where the Lord lay," in his message Dr. O'Brien gave

Humphrey Rejects Plan To Ask Ike Civil Rights View

WASHINGTON, April 14 (AP)—Sen. Humphrey (D-Minn.) today rejected a proposal that a Senate Labor Subcommittee he heads invite Gen. Eisenhower to testify on civil rights legislation.

"We are not going to call presidential candidates," Humphrey said. "I have enough troubles without that."

But he said Eisenhower "or anyone else who asks to testify is always welcome."

The subcommittee is studying bills to create a Fair Employment Practices Commission (FEPAC), which would have authority to seek court orders to enforce its rulings in cases of job discrimination against Negroes or other minority group applications.

TEXAS BRANDS

Trails made by R. H. Chisholm could almost have equal preference with those laid out by the famous John Chisholm. In the very early days Chisholm drove cattle to Dodge City, Kansas, by the way of Red River station and to other northwestern points. This fact is vouched for by Lewis Smith Delony of Cashion, Texas, who is accredited with having made three trips with R. H. Chisholm to Kansas before or about the time that the trail began to have prominence.

R. H. Chisholm recorded his HC brand in Gonzales County in 1832.

BELIEVE HE'S RECEPTIVE

Barkley Urged To Get Into Dem Race

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—Friends of Vice President Barkley said today they believe he is in a receptive mood about the Democratic presidential nomination—but hesitant to bid for it now.

These friends told a reporter privately they have some doubt Barkley will get into the race on his own initiative, although he is being urged to do so and is studying the proposals.

Nor do they rule out the possibility he might decide to follow President Truman's lead and bow out of the picture. But these associates who have been talking to the vice president say such a move would surprise them very much.

Barkley reportedly has told them he would like to head the Democratic ticket but is giving a lot of thought to whether he, as vice president, should get into the open scramble for convention delegates.

He is said to have made it clear he would much prefer to make no active campaign for the nomination, even though realizing on the basis of years in politics that the plums almost never go to those who wait for them to drop from the trees.

For that reason, some Barkley supporters are urging the 74-year-old Kentuckian to get into the race now in competition with the three active candidates—Sen. Estes Kefauver of Tennessee, Sen. Richard B. Russell of Georgia and Robert S. Kerr of Oklahoma.

Barkley has remained publicly silent beyond promising to give serious consideration to requests that he run. A vigorous campaigner who sets a lively pace for younger men, the vice president has indicated his age won't be a factor in reaching a decision. He says

he is proud of his years and feels in fighting trim.

Sen. Gillette (D-Ia) said he hopes Barkley "will give his supporters a green light to go to work for him" even if he decides against making a personal campaign for the nomination.

Gillette, a leader of the Barkley-for-vice President movement, said: "There has been a great demand from all over the country" for the vice president to become a candidate.

Billy Bruner, Indian Legend, Dies In Okla.

TULSA, Okla., April 14 (AP)—An Indian legend died yesterday, in the person of William G. (Billy) Bruner.

Bruner, a spunky full-blooded Creek, got into many scrapes with the law in his youth. When he later switched sides his accurate Winchester was a big help in the efforts to establish order in the frontier territory.

Bruner did not know how old he was. Relatives said he was from 98 to 100, but a 1946 news article listed him as 110.

He died at Bruner Station, a suburb between Sand Springs and Tulsa, named after his father.

Billy was jailed by federal authorities while he was young for shooting U. S. Marshall Bill Moody. A posse had come to his home one night, intent on returning him to prison for liquor trading.

Believing the posse was a band of unfriendly Indians, he opened fire, and the Marshall was killed. While in federal prison in Columbus, Ohio, that state's governor became interested in the youth. The governor reviewed his case, convincing himself the shooting was accidental.

Later, William McKinley, went on to become President, and one of his first acts as the Chief Executive was to pardon Bruner.

His legendary career continued with zest to the last. Two years ago relatives attempted to appoint a guardian over him to protect him from "a designing woman."

Billy had 80 acres of an original 160-acre tract he received from the government. He was worth an estimated \$80,000.

Billy fought the action with all the spirit he had in his youth. A guardian was appointed, but he appealed to a higher court and regained his freedom.

In typical fashion, he decided later not to marry the woman.

More Trade Is Seen Between East And West

MOSCOW (AP)—Estimates of new East-West trade which may result from the Soviet-sponsored international Economic Conference here grew by leaps and bounds today.

The conference ended Saturday but many delegates lingered on in the Soviet capital, reportedly continuing private negotiations.

A source with the British delegation predicted Britain may get 50 million pounds (140 million dollars) worth of new business with Russia, China and other Communist nations.

Another informant said Red China's delegation alone has made deals to exchange some 80 million dollars worth of goods with Western nations.

The British and Chinese last week signed contracts for exchange of 56 million dollars worth of textiles and other goods.

The biggest pending deal of all was reported by an American businessman last night in a Moscow radio broadcast monitored in London.

The American, identified as Oliver Vickery of San Francisco, president of the Ferrobloc Corporation of America, said Soviet officials had offered to spend a billion dollars in the United States in the next three years.

Vickery said he would "take this matter up with the proper authorities in the USA, since I do not have the authority to accept this huge contract." He added that he was not a communist.

Western delegates attended the conference on their own initiative and with no official backing from their governments.

Pledge Cards Ask Cooperation In Annual City Clean-Up Drive

Almost 5,000 pledge forms seeking the co-operation of all citizens in the observance of Fire Prevention and Clean-Up Week starting April 21st, will be distributed through the city schools this week, according to Sam McComb, chairman of the Big Spring Chamber of Commerce Clean-Up Committee.

The pledge cards will be distributed to these forms home, McComb explains. The parents will then sign them pledging their support to the program, and the forms will be returned to the teachers by the children.

The pledge to be signed consists of a very few words. These are: "You may count on me to do my part in Big Spring's annual Clean-Up Campaign."

The Chamber of Commerce has joined with city officials and other organizations in sponsoring this effort to rid the city of trash and to destroy fly-breeding places before the fly season brings its hazard of disease, particularly polio, J. H. Greene, Chamber of Commerce manager, said.

Following the practice of previous years the city will furnish trucks and men to haul away trash and rubbish, but the responsibility of collecting the trash and getting it ready for the pick-up crews falls upon the individual citizens. To this end McComb points out that the success of the campaign will depend upon the individuals.

"We feel sure," he commented, "that the citizens of Big Spring want a clean and healthy city, and one free of fire hazards, and that most of them continuously work toward that objective. But by concentrating the efforts of all the citizens into an all-out campaign of one week's duration, we are confident that the results will be more than gratifying to everyone."

McComb said there is no need for the committee to itemize the health, safety and beautification

factors, because the members know the citizens are familiar with them and appreciate them. He said the committee is simply asking that all citizens participate, and he calls attention to the fact that there are doubtless some discarded items around every home which the citizens can do something about.

He says these "spring breezes" have transported some trash and dumped it near almost every home in the city, or that maybe there's a vacant lot nearby that needs a face-lifting.

The city trucks will begin making their rounds on Monday, April 21st, and trash and rubbish should be collected and stacked at the usual place on the street

27,000 Texans are telephone employees

ONE OUT OF EVERY-7 Texas telephone people has been in the business 21 YEARS OR MORE

There is a social organization in the telephone business called the "Pioneers." The only requirement for membership is 21 years or more in telephone work. In Texas, 4,100 telephone men and women, or one out of every seven, are "Pioneers." Some have almost 50 years of service. As a group, they represent 110,700 years of telephone work.

The average length of service for all Southwestern Bell people is 8 1/2 years, despite the fact that many new employees have been added in recent years. People usually stay with jobs they like. The long service of so many telephone people is good evidence of how well they like their work... and how pleasant you are to work for.

Where you find people interested and happy in their work, you find people who are good citizens and good neighbors. We're justly proud that the telephone business attracts capable men and women. We're proud that so many of them make a career of telephone work. It's people like this who keep Texas' telephone service equal to the world's best.

Vituperation Sometimes Can Be An Asset For The Opposition

Considering all the names our Presidents past and present have been called, it is an astonishing thing that so many men are all hot and bothered about getting themselves elected to the office.

The old days of use "extravagant terms in speaking of one's opponent on the hustings. Name-calling was an accepted and more or less honored custom before, during and long after Lincoln's time. People acted on the theory that their sincerity and partisanship wouldn't be accepted as genuine and valid unless they dredged up from the sewers the worst terms they could apply to anyone who disagreed with them.

Democratic leaders — President Truman and Senator Kefauver. Both of these men lost to Eisenhower by a substantial margin in earlier Southern trial tests.

Table showing poll results for Russell vs. Eisenhower, Russell vs. Taft, and Russell vs. Kefauver. Russell leads in all comparisons.

The percentage division after eliminating the undecided vote would be 54 per cent for Russell, 46 per cent for Eisenhower, or much closer than the traditional Democratic-Republican division in the Southern area.

Prairie Dogs Have Towns On Plains

Here and there on this continent you may find a town, of a sort, with small animals making up the population. The animals are known as prairie dogs. Being rodents, they are far outside the dog family, but they bark or yelp somewhat like dogs. That explains the "dog" part of their name.

live in an area of half a square mile. Their holes may be only five or six feet from one another, or they may be 30 or 40 feet apart.

Weather May Have Caused Car Problem

The elements have combined to give all automobiles in this area a beating this spring.

When a car is washed and cleaned, it should be cleaned inside and out. A local concern that uses a vacuum cleaner to refresh the interior of the vehicles it washes is the Grady Harland Magnolia Service Station, located at 1900 Lamesa Highway in Big Spring.

Service is more than a word with the Harland concern. The personnel employed there believes in giving customers the attention they deserve and catering to their every need, whether they drive in merely to have their vehicles fuel tanks re-fueled or are seeking some automobile accessory.

Harland's station maintains a fairly complete line of accessories, including tires, tubes, batteries, etc.

The Mobil-tires and tubes stocked by the establishment carry with them the proper guarantees for long life.

Harland's also does expert lubricating work and are equipped to offer the finest polishing jobs. The family vehicle gets that "new look" in such instances.

If you are preparing for an extended trip, make certain your automobile is prepared to start the journey by calling at the Harland station.

The concern is owned and operated, as the name implies, by Grady Harland, long time Howard County resident.

New Liquid Kills Roaches And Ants

Scientists recommend that you control roaches and ants the modern way—with Johnston's NO-ROACH. Brushed just where you want it, (not a messy spray) the colorless, odorless coating kills these pests. It's effective for months, sanitary, and so easy to use. 8 oz. 89c; pint \$1.69; quart \$2.98. Available at Cunningham & Phillips Drug, Big Spring Hardware, Collins Drug, Furr's and Safeway.

Natural Material Proving To Be Excellent Soil Conditioner

Brownish black wasteland, cused by cowhands in the trans-Pecos country for its barrenness and worthlessness apparently contains a key to soil productivity. Today it is being marketed as Soyland and has been produced phenomenal results in many instances in restoring productivity of land. Tucker & McKinley Grain Company has assumed the distributorship in more than a score of West Texas counties for this remarkable territory from Lamesa west to New Mexico, from Pecos south to the Rio Grande, and east to Brownwood and back to Lamesa via the Abilene area. Tucker & McKinley will provide a retail outlet here. In time, other concerns in Big Spring also will handle Soyland. No one knows for sure what the source of the material is. The prevailing opinion is that it may have been the bed of a prehistoric lake which left a vast deposit of minerals and organic matter.

pure mineral fertilizers which actually destroy bacteria action upon which the continuing enrichment of soil is dependent, Soyland stimulates the action of micro-organisms. Because plants can literally starve to death on a full stomach, Soyland's importance is emphasized. Due to its trace elements and its properties, the material seems to set free the elements of the soil needs for prolific and health vegetation. Soyland is mined and processed near Alpine and brought here to Tucker & McKinley for distribution throughout the area. More information may be had at the concern.

Better Have Your Car Checked Soon

Automobile owners may find themselves in waiting lines similar to those around the tax office when the registration deadline approached if they put off state required inspection of their vehicles. This observation came from the Jones Motor Co., located at 101 Gregg street. This firm is one of several official inspection stations in this area, and officials fear that demands for inspection service will be virtually insurmountable a few months hence, unless trends change. So far, car owners have been slow to bring their vehicles in for inspection, and even fewer trucks have been inspected here.

The deadline for the inspection on all vehicles is Sept. 7, but all of Howard County's vehicles cannot be accommodated by that date at the rate they have come in heretofore. The Jones Motor Co. is equipped and staffed to give prompt attention to all requests for motor vehicle inspections. Furthermore, vehicles in need of any type of repair work may receive top quality service in the Jones Motor Co. shop.

LOOKING 'EM OVER

With Tommy Hart

Remember Beau Jack, the Georgia Negro lad who sealed the heights as a fighter in New York? Well, Beau Jack is back shining shoes around Atlanta. Most of his fortune was grabbed by scheming hangers-on. He was plying his trade during the Masters Tournament at Augusta, Ga., recently.

Incidentally, every pro that finished in the Masters got a \$200 bonus, a surprise gift by the tournament committee pleased with a record turnout.

There'll be another Oat Bag Handicap run in conjunction with the Texas Futurity at San Angelo this year. The Oat Bag feature was inaugurated at the Big Spring Futurity last year with great success. The racing committee bills it as a race for "horses that the soap man missed, but shouldn't have."

Larry MacPhail, the loquacious promoter who sold out his New York Yankee baseball interests and later became part-owner of the Bowie racing plant in Maryland, has been invited to the Texas Futurity.

It is extremely doubtful now that Baloma, the fabulous two-year-old owned by E. H. Lane, will run at San Angelo.

Baloma, most talked-of horse at the Fair Grounds meeting in New York, is now at Keeneland and will probably remain in the East.

She had been entered in both divisions of the Futurity.

SENIOR YOUNGSTER
Young fellows in the Little League program here take their baseball seriously.

When D. R. Gartman, one of the managers, expressed the belief that several "farm teams" would have to be organized locally because there were far more boys available than positions at hand, one of the lads allowed as how that was all right with him.

"But," he asked, "just how far out in the country will we train? I'd have to ask my folks if it is very far."

Bobby Collier, who went from the SMU Mustangs to the Los Angeles Rams, is quitting the pro football game to become an assistant coach at Longview High School.

Bobby was considered top pro grid material but Coach Joe Stydahar was never able to fire up Collier.

Reggi Corrales, a class-man hurler with Big Spring's Bronces, started his baseball career as a catcher but turned to pitching because he couldn't hit.

Corrales boasts a wonderful throwing arm.

Hans Oht, one of the world's great cyclists, says modern youth uses automobiles too much and legs "rot" enough these days.

"If it wasn't for the automobile age," he says, "we'd have the 4-minute mile and the 9-second hundred right now."

S'West Diamond Race Muddled

The Southwest Conference baseball race can be clarified this week—and it certainly needs it.

Right now all six teams are on virtually the same footing. Each has lost two games and the only reason there are any leaders is because two teams have played more games than the others.

Texas and Baylor are deadlocked for first place with three wins and two losses each. These two teams get together at Austin Friday and Saturday in a most important series.

Southern Methodist and Texas Christian are tied for third place with 2-2 records and Texas A&M and Rice are tied for last place with 1-2 marks.

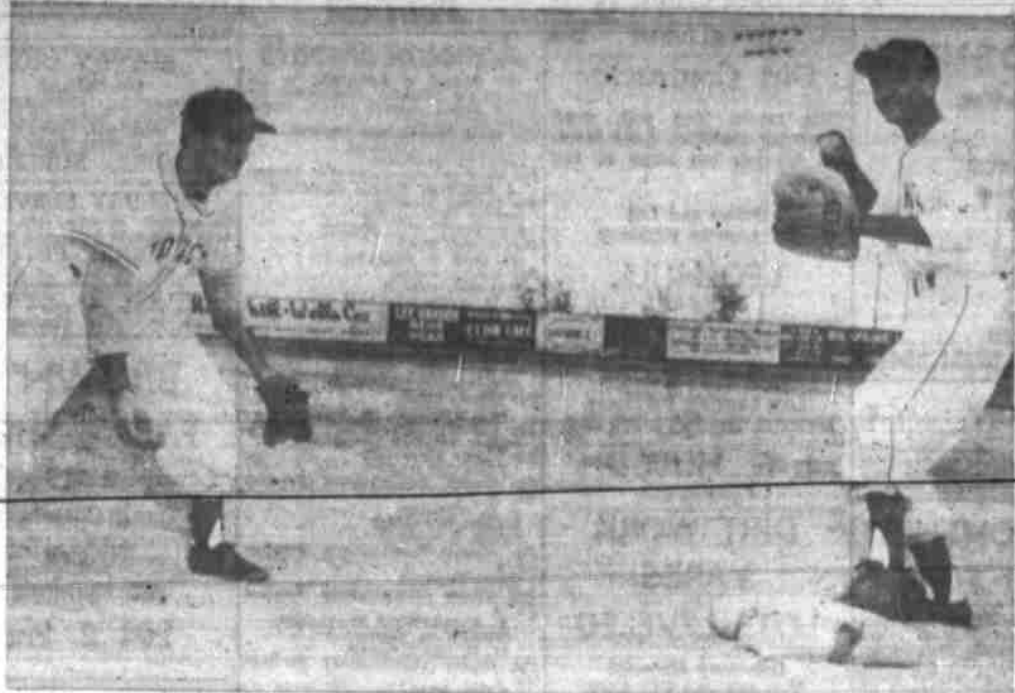

Texas A&M and Texas Christian clash at College Station Friday and Saturday while Rice and Southern Methodist are playing two games at Houston.

Texas A&M knocked Texas out of undisputed first place last week by upsetting the Longhorns, 13-8. At the same time Southern Methodist was keeping Texas Christian out of first place by licking the Horned Frogs, 9-5.

Baylor, meanwhile, was moving into a tie with Texas for the top by beating Rice, 8-4.

The conference is ahead in inter-sectional play, having won eight games over outside foes while losing five.

Last week Texas Christian split with Missouri in the only inter-sectional game on the schedule. The Frogs won the first game, 4-0, and lost the second, 7-6.

Double-Play Combination

These boys, wearing the livery of the Big Spring Broncs, may rank near the top among double play combinations when the Longhorn League season ends. They are Al Costa, shortstop, and Ossie Alvarez, second base. Costa is a class-man, Alvarez a rookie.

Major League Teams To Lead With Aces

Maglie To Go Against Phils

By JOE REICHLER
NEW YORK (AP)—Major league ball clubs will lead with their pitching acts tomorrow when the 1952 baseball season gets underway but the lineups will otherwise be dotted with new faces.

In New York, Sal Maglie (23-6), Giants' ace, will oppose Robin Roberts (21-15), Philadelphia's best. The Giants, however, will present a couple of new faces in second baseman Dave Williams and left fielder Bob Elliott.

The Phillies newcomers will be Connie Ryan, acquired during the winter to plug the second base gap, and catcher Smoky Burgess, who came along in the same deal.

Boston fans will see a flock of newcomers in the Braves' lineup when Boston faces the Brooklyn Dodgers. Second baseman Billy Reed, shortstop Jack Cusick and third baseman Ed Mathews will appear in starting roles. Sheldon Jones, the righthander obtained from the Giants, may be used in relief should starter Warren Spahn (22-14) need help.

The Dodgers will field the same team that lost the pennant in a playoff with the Giants last year. Preacher Roe (22-3) will lead off on the mound.

Jim Fridley, hard-hitting young outfielder, may be in the Cleveland lineup when the Indians face the Chicago White Sox with Early Wynn (20-13) on the mound. Lefty Billy Pierce (15-14) will pitch for the Sox, who will show their home town fans a new face in third baseman Hee Rodriguez.

Lou Boudreau, faced with the loss of Ted Williams, is grooming a couple of young hard-hitting outfielders in his place and may start such as Faye Thronberry and Gene Stephens when Boston faces the Senators in Washington. Mel Parnell (18-11) will hurl against the Nats, who will counter with Bob Porterfield (9-8). Washington will field a veteran lineup.

The Browns will top them all when it comes to presenting new faces. Manager Rogers Hornsby,

back at the managerial helm, will feature a brand new team except for pitcher Ned Garver (20-12) when his team opposes Dixie Trout (9-14) and the Tigers in Detroit. Catcher Clint Courtney, outfielders Jim Rivera, Bob Nieman and George Schmees and infielders Leo Thomas and Gordon Goldsberry are just some of the newcomers. The Tigers figure to play outfielder Cliff Benjes, catcher Matt Batts and Ben Taylor, obtained from the Browns.

Jack Jensen will be in centerfield for the Yankees in Philadelphia when Vic Raschi (21-10) tries to continue his line over the Athletics. He has beaten them 20 times in 22 decisions. Jimmy Dykes will start southpaw Bobby Shantz (15-10) backed by a veteran team.

Third baseman Andy Carey and pitchers Bill Miller and Harry Schaeffer are the best of a host of Yankee newcomers.

The St. Louis Cardinals may use rookie Steve Bilko at first against Pittsburgh when Gerry Staley (13-13) takes the mound against the Pirates' Murry Dickson (20-16). The Bucs will counter with some rookies of their own in infielders Dick Hall and Jimmy Merson and outfielder Bobby Del Greco.

Veteran righthanders Bob Rush (11-12) of the Cubs and Herm Wehmeier (7-10) of the Reds will be the opening pitchers in the Chicago-Cincinnati game, which may feature the debut of outfielder Wally Post of the Reds and catcher Toby Atwell of the Cubs.

Ticket Sales Conclave Set For 7:30 At Settles Hotel

Any idea Mr. Average Fan might have as to the promotion and distribution of bloc and opening day Longhorn League tickets can be introduced at this evening's conclave at the Settles Hotel.

The meeting is open. It's down for 7:30 p.m. Business men have called the session to lend a hand to Manager-Owner Pat Stacey in the drive to sell the duets.

Stacey said he felt the job facing him was not the sale itself but proper distribution of the tickets to the fans in lots of ten at a reduced rate. Regular price of the tickets is \$7.40. In the bloc, they're to be sold for \$7.

An all-out campaign to sell the tickets and make Big Spring baseball-conscious is set for Friday and Saturday of this week. The season gets underway here Monday night, when the San Angelo Colts pay a visit to Big Spring.

Opening night duets will sell for \$1 each, as per a league rule. Big Spring has been a member of the Longhorn League since it was organized in the winter of 1946. It has never led the league in attendance. At the same time, Stacey had always had a reasonable

Hill Gail Rates Favorite's Role In Derby Run

By ORLO ROBERTSON
NEW YORK (AP)—If the Kentucky Derby was run today the favorite probably would be Hill Gail with Blue Man a strong second choice.

But the \$100,000 run for the roses at Churchill Downs is nearly three weeks away, and there are at least two major Derby prepst still on the agenda. They'll go a long way towards determining the Derby lineup and betting odds.

Hill Gail, fleet-running son of Bull La, from the Calumet Farm, earned his lofty position by reason of victory in the Santa Anita Derby and a track-equaling 1:10.4 for six furlongs in the Phoenix Handicap at Keeneland last Thursday.

Blue Man, from the White Oak Stable of A. W. Abbot of Rye, N. Y., moved up considerably in pre-Derby calculations by winning the mile and one-sixteenth of the Experimental Handicap No. 2 at Jamaica in 1:44. The time was the fastest recorded in the event, since the stake was established in 1946.

The son of Blue Swords now has won three of his four starts this year, including the Flamingo Stakes at Hialeah Park. Blue Swords was runner-up to Count Fleet in the 1943 Derby and Abbott is confident the offspring will do better.

Blue Man heads for Derbytown sometime this week while other top contenders will meet in the mile and one-eighth of the \$50,000 Wood Memorial at Jamaica on Saturday. Then at Keeneland on April 19 the 3-year-olds will have another test in the Blue Grass Stakes, also a mile and one-eighth affair.

The Derby is run at a mile and one-quarter.

The Wood is expected to bring out Greentree's Tom Fool, top 2-year-old of 1951; E. B. Benjamin's Primate; Alfred Vanderbilt's Cousin, and Gain Hoy Stable's Armageddon. All skipped last Saturday's Experimental after finishing in that order in the six furlongs of the High Quest at Jamaica's week ago. Only two heads separated the first three.

Betty Jameson Corpus Winner

CORPUS CHRISTI, April 14 (AP)—Veteran Betty Jameson of San Antonio won the \$1,500 Corpus Christi Women's Professional Golf Tournament here yesterday with a three-over-par 74.

A strike back was Betsy Rawls of Austin. Marlene Bauer, now playing from Sarasota, Fla., was third with a 77.

Fourth place in the one-day meet went to Patty Berg, St. Andrews, Ill., star, who had a 78, with Marilyn Smith of Wichita, Kan., in fifth place with an 80.

Other scores included Bettye Mims Danoff, Dallas, and Betty MacKinnon, Dallas, 81; Alice Bauer, Sarasota, Fla., and Betty Bush, Hammond, Ind., 82; Shirley Spork, Detroit, 83; Betty Dodd, Fort Sam Houston, 85; and Peggy Kirk, Ponte Vedra, Fla., 88.

Babe Dickerson Zaharias, scheduled to play, did not put in an appearance.

Corpus Defeats Soldiers, 6-5

CORPUS CHRISTI, April 14 (AP)—The Corpus Christi Aces whipped the Corpus Christi Soldiers, 6-5, here last night in an exhibition baseball game.

Gerald Jensen, former Southern Methodist star, drove in three runs and clouted a home run to pace the Ace attack.

GUERRA IS STANDOUT

Cayuses Decision Abilene Blue Sox By 12-1 Count

ABILENE—Gil Guerra and Reggi Corrales combined to pitch the Big Spring Broncs to an impressive 12-1 victory over the Abilene Blue Sox, defending champions of the WT-NM League, here Sunday afternoon.

The Big Springers lost their shut-out in the ninth when a walk, a single and a misplay led to the Sox's run.

Guerra, who will probably open the season on the mound for the Broncs, set the home club down without trouble in the six frames he worked. The Abilene team threatened mildly in the seventh when Julian Pressley and Stacey Mashinsky hit consecutive home runs but Corrales settled down to get Weidon Day on a pop-up, caused Chuck Fenelon to force Pressley at third and strike out Joe Williams.

The Broncs combed the offerings of two Abilene hurlers for 16 assorted blows, including three safeties by Guerra himself. Witty Quintana was in the Sox's hair all afternoon getting four safeties while Pat Stacey drove out three blows, including a double. Al Valdes chipped in with a double.

The Big Springers confined most of their scoring to two innings, banked four in the second and six in the fifth.

Big Spring will next see action at home against Brooke Medical Center of San Antonio Thursday night.

Dallas, Shreveport Assume Lead In Texas League Race

By HAROLD V. RATLIFF
Associated Press Sports Editor
Dallas and Shreveport lead the Texas League as the clubs change stands for the second round of opening games.

The Eagles whipped Tulsa twice and Shreveport did the same to Beaumont over the week-end.

Meanwhile San Antonio was winning two out of three from Houston, Fort Worth and Oklahoma City were splitting and Tulsa and Beaumont of course, went winless.

Opening games Saturday night drew a disappointing total of 19,192 fans but bad weather was to blame. Dallas took the lead in the race for the President's Attendance Trophy with 8,235.

Today and tonight the clubs play as follows:
San Antonio at Houston (night), 7,000 expected.
Shreveport at Beaumont (day), 4,000 expected.
Dallas at Fort Worth (night), 5,000 expected.

Oklahoma City at Tulsa (night), 6,000 expected.
Yesterday found Dallas licking Tulsa, 4-2, as Dave Hoskins, the first Negro ever to play in the Texas League, had a shaky start.

Oklahoma City showed six runs against Tulsa in the eighth to beat Fort Worth, 9-7, and split the two games played at Oklahoma City. A two-run single by Joe Bell was the pay-off punch.

Fort Worth outdid Oklahoma City in the series 23 to 20. In the second round of opens this afternoon and tonight, the pitchers will be:
Shreveport at Beaumont—Hugh Sooter vs Cliff Melton.
Dallas at Fort Worth—Hal Eschison vs Elroy Face.
San Antonio at Houston—Bob Mahoney vs Al Pappal.
Oklahoma City at Tulsa—Eral Groth vs Kent Peterson.

Progress Made In Grid Plan

By ARTHUR EDSON
WASHINGTON, April 14 (AP)—The head of the influential American Council on Education said today he is "greatly encouraged" at the progress made in adopting a nationwide code which would radically change college sports.

Dr. Arthur S. Adams, council president, said that all conferences and accrediting associations which have taken action either have (a) adopted the code outright, or (b) taken steps in that direction.

"Nowhere have we been turned down," Adams said. "Even those who have been critical of some aspects of the plan have agreed with its basic principles. I have been greatly encouraged."

When the 11 college presidents named to study sports—and find a cure for whatever ailed them—came up with their proposals, the consensus seemed to be that they may have gone too far.

The presidents asked for, among other things:
The abolition of the outright athletic scholarship;
A strict control on recruiting;
An end to spring football practice and post-season bowl games, and
College administrators to take control of—and be responsible for—their athletic programs.

They also suggested that the enforcement should be given to the accrediting associations. Then a school which failed to measure up to the code could be threatened with the loss of its academic standing.

The executive committee of the council unanimously accepted the recommendations two months ago. How much progress has been made since?
Adams and Raymond F. Howes, a council staff associate, gave a reporter this breakdown on what's been done so far:
Eastern conferences have pretty well gone along with what the president wanted. Big Ten has balked, temporarily at least, on cutting out spring football practice and bowl games. Southern Conference is considering the whole question.

Eagles Pacing Meet Bowling

HOBBES, N. M. — Big Spring bowlers set the railroads to talking in the 1952 WT-NM Bowling Tournament here Sunday.

The Eagles Club of Big Spring posted a 2740 in three games, 200 players better than the runner-up, Tulsa, who had a combined score of 1,015 in one game, the only team to score as many as 1,000 in one effort.

J. C. Douglass of the Eagles wound up with a 578 effort in singles, good for second place. Tunney Goodson and Tony Reinhardt of the Eagles had a doubles score of 1081, good for fourth place, one spot back of J. W. Dickens and E. B. Dozier Jr., of Big Spring, who had a combined score of 1,096.

Top team in Class B Doubles tallied 1,098, only two pins better than the Big Spring club.

The Eagles Club made the trip along with the Cabot Carbon team of Big Spring.

A total of 36 teams are entered in the meet, some of which bowl next week end.

Stanton Workouts To Begin Tuesday

STANTON — Spring football drills begin at the local high school on Tuesday and Coaches Charles Read and Melvin Robertson are expecting 30 to 35 candidates to suit out.

The Bisons failed to win a game last season but prospects are looking up because most of the personnel of that team is again eligible.

Two Are Released

MIDLAND — Outright release of two rookies in the Midland baseball camp at Litcher, La., has been announced here.

They are Chuck Tanner and Alfonso Ramirez; both of whom are pitchers and both righthanders. The Indians are due to return to Midland on Friday.

Patkin Slated For Show Here

Max Patkin, acknowledged to be the best baseball clown of them all, is coming to Big Spring.

He'll appear in the local ball park the night of Friday, May 16. Odessa plays the Broncs at that time.

Max is employed by the Cleveland Indians as a scout but spends much of his time clowning in the minor leagues.

Patkin is recognized as successor to Al Schacht as the king of the baseball clowns.

Ivy League Must Take Stand On Spring Ball, Says James

By WILL GRIMSLEY
NEW YORK (AP)—Cornell University Coach George K. (Lefty) James figures the Ivy League will have to change its policy on spring football practice or crawl into a hole and play strictly within its own circuit.

"I have always been strongly in favor of meeting representative outside teams," the Big Red's head strategist said today, "but I don't see how we're going to do it on such an uneven basis."

"Without spring practice, we'll be at an even worse disadvantage than is normally the case. I am just hoping the directors recognize their mistake and restore spring practice before another year."

James said Cornell opens the 1952 season against Colgate, Navy and Syracuse, in that order. "All three have had spring practice," he said. "It gives them quite an edge."

The Cornell coach, outspoken in his opposition to the Ivy League's ban on spring rehearsals, said his main objection was based on the unfairness to the players themselves.

"As a result," he added, "we will have to work with the few who we know something about. The new men won't have a chance because we won't know anything about them. The season will be half gone before we know what these fellows can do."

James said there's no substitution for spring football and he had merely advised his athletes to be active in spring sports to maintain condition. Fourteen have gone out for lacrosse, six for baseball and several others for rugby.

Bill Whelan of Lynn, Mass., is regular second baseman on the baseball club.

Most of the other Ivy coaches have made similar recommendations.

Lloyd Jordan of Harvard advised his some 100 grid candidates to go out for some spring sport and "give it your all."

Most of Pennsylvania's top gridgers are engaged in baseball, track or lacrosse.

At Columbia, coach Lou Little has made no suggestion on the players' spring program, leaving it entirely to the boys.

No orders have gone out to Princeton's Tigers but a handful of the players already are engaged in spring activities.

Yale reports a small percentage of its football squad out for baseball and track, with no pressures from Coach Herman Hickman to get into one of the varsity activities. Dartmouth and Brown coaches have asked their proteges to "keep in shape."

Credit Women Have Easter Breakfast

Members of the Credit Women's Club were entertained Sunday morning at an Easter breakfast at the Crawford Hotel.

California Visitors

Mr. and Mrs. Ed Bell of Yuba City, Calif., were Easter visitors in the home of his brother, Mr. and Mrs. Cecil B. Bell. They also visited in Fort Worth with a sister, Mrs. C. W. Cunningham, of Manitou Springs, Colo., who formerly lived in Big Spring. Mr. and Mrs. Bell had been on a vacation trip to Mexico City.

The Wyatts have just returned from 2 1/2 years in Japan, where he was stationed with the Air Force at Izuake.

The table was laid with a white satin cloth bordered with fern and centered with an arrangement of carnations, gladioli and stock in pastel shades. Glaze floral arrangements throughout the house featured Easter lilies and hydrangeas.

Assisting the hosts in serving and entertaining were Mrs. Clyde A. Gel, Mrs. Jim Zack, Mrs. Kent Morgan, Mrs. W. D. Berry, Mrs. Harold Berry, Mrs. Ed Black and Mrs. H. M. Hall.

About 175 guests called. At the close of his leave, Capt. Wyatt will report to Waco for a short tour of duty and expects to be assigned later to the air base at Laredo.

Beverage
(Recipe for Starred Dish Follows)
Fresh Spinach with Mushroom Sauce
Ingredients: 1 pound fresh spinach, one 10 1/2-ounce can condensed cream of mushroom soup, 2 teaspoons finely grated onion (juice and pulp), freshly-ground pepper.
Method: Wash spinach well and drain; place in large heavy saucepan over moderately low heat cover, and cook until thoroughly wilted, turning with a fork a few times. Drain well; chop fine. Return to saucepan; add cream of mushroom soup, onion, and pepper to taste. (It will not be necessary to add salt.) Reheat slowly, stirring often. Makes 5 to 6 servings.

You'll bless these two famous cotton fabrics... they're so easy to sew... sanforized and color-fast. And you'll find many exciting new high-style prints and colors in these fine cottons... small prints suitable for children's dresses... large plaids and floral for skirts, sun dresses and that summer housecoat. Pastel and dark colors. And months from now you'll bless these fabrics anew... for after countless tubbings they will still be bright and new looking.

Rainbow Girls Are Honored

Vevegene Apple was hostess at her home, 419 Westover Rd., at an Easter tea Sunday afternoon honoring Mrs. W. T. Roberts, mother advisor, the Big Spring Rainbow assembly and the advisory board.
The Easter motif was carried out in refreshments and decorations. A ruffled pink organdy cloth covered the table, which was centered with a wheelbarrow of spring flowers drawn by an Easter rabbit.
In the receiving line with the hostess and Mrs. Roberts was Patricia Dillon, worthy advisor of the chapter. Music was presented by Joyce Howard, Peggy King, Peggy Lamb and Kitty Roberts.
Fern Crasire and Joyce Gound assisted at the tea table.
Seventy-four guests were registered.
Miss Apple is grand worthy associate advisor, second highest office in the state, and will assume the highest office in June.

Mrs. Smith To Review Cronin Book

Mrs. Tracy Smith will review "The Adventures in Two Worlds" by Dr. A. J. Cronin Thursday at 3 p.m. in fellowship hall of First Christian Church.
The Thursday Review Club, a project of the Junior Women's Forum, is sponsoring the review, the eighth in a series of nine.
Dr. Cronin's newest book is autobiographical and recounts his experiences early in life as a physician in Scotland, Wales and London, and later as a world-famous author.
Among his best-sellers have been "The Stars Look Down," "The Green Years," "The Citadel," and "The Keys of the Kingdom."
Nathan Allen Jr., instructor in the agricultural department at Texas Tech, spent the holidays here with his parents, Mr. and Mrs. Nathan Allen, 2112 Scurry.

Breaking Shelf Line-Up Ends Bookshelf Monotony

By ELIZABETH HILLYER
Bookshelves that march on and on, row by row, can be monotonous. Of course shelves are decorated by what you put on them, but if many wide shelves hold books

and nothing else the effect can be heavy and suffer from a sameness that is bettered by a change. Break up the shelf lineup, add shelves to shelves. Design little shelves like the black angled ones in the sketch and spot single ones and pairs between books. Thin plywood and less than manual training skill is needed to make them. Finish the small decorative shelves in satin black or a darker shade of the bookcase color or in a bright contrasting shade. Use them to hold small decorative objects and tiny plants. The new shelf spacers lighten the bulkiness of a wide expanse of big shelves, and built-in them, give them a special-built look. If there is a smart piece of furniture in the room that is finished in colored lacquer, make the shelves match it for striking effect.
