

PLAIN TALK

By BILL PERKINS

Friday from 2:00 to 5:00 p. m. is the time that has been set for the opening of McLean's new \$51,000 Lovett Memorial Library. All the books from the old library in back of the City Hall have been moved into the beautiful new quarters and the place will be ready for inspection from everyone tomorrow afternoon. Next week Librarian Lady Bryant will have the new library operating on regular schedule.

The American National Bank and Cooper's and Puckett's Food stores have announced that they will be closed Monday, Sept. 2, in observance of Labor Day, but it will be business as usual with some other businesses that we contacted.

We believe that those college professors in Canyon have come up with a solution to eliminating part of the junk mail problem.

Their idea is to send everything back to the sender that has a return postage guarantee on it. Just tell them that you can't use what they have to sell and are not interested at all. When they have to pay postage both ways and still get no results it is a pretty safe bet that much of the mail will be eliminated and this plan will also increase the post office revenue.

You can get a preview of Coach Jack Riley's 1957 Tigers in action tonight at Groom at 7:30 and here Saturday night at the same time when they scrimmage with the Groom squad.

Mrs. Wayne McLroy Receives Painful Burns Sunday

Mrs. Wayne McLroy received second and third degree burns Sunday afternoon at 4:30 while trying to extinguish a skillet of grease which had caught fire on her range.

Mrs. McLroy was visiting a neighbor next door when she was summoned home by her daughter, Elaine, who had discovered the skillet of grease on fire. Mrs. McLroy picked up the skillet and started toward the back door but the wind from the open door blew the flames toward her body. Seeing she was aflame, she turned to the kitchen sink where she dropped the skillet and ran toward the front door screaming she was burning.

Elaine caught her before she reached the door, threw her down on the divan and smothered the flames with a pillow.

The fire burned itself out in the sink and did little damage to the kitchen. The congo wall near the stove was damaged and the cabinet and walls were smoked.

Mrs. McLroy suffered second degree burns on her left side, neck and right hand, and possibly third degree burns on her left hand and arm. She was burned from the hot grease as well as the fire. The burns were terribly painful and she was suffering from shock.

Miss Doris Heinrichs of Emerson, N. J., visited Miss Marie Watson over the week-end. Doris was en route to Abilene to enroll in Abilene Christian College. Marie will leave Sunday for ACC. Both girls were students there last year.

Two Scrimmage Games Scheduled By Tigers

Twenty-six boys reported for football practice Monday morning for the 1957 McLean Tiger squad, Coach Jack Riley has announced.

Two scrimmage games with Groom have already been scheduled this week with the Tigers going to Groom tonight at 7:30 for their first encounter. The second game is scheduled to be held here Saturday night at 7:30.

Jim Wood is assistant coach for the Tigers and began his first year here this week.

Bill Adams, another newcomer to the McLean system, is junior high school coach and has announced that his junior high team will begin practice next Monday. He urged that all 7th and 8th grade boys be ready for workouts Monday.

David Woods and Jimmy Vineyard are co-captains of the Tiger team this year.

Those boys reporting for workouts Monday were:

SENIORS: David Woods, Jimmy Vineyard, Eddie Brown, Jack Bailey and Darrell Thomas;

JUNIORS: Jim Rice, Kent Wiggins, Benny Woods, Lester Sitter, Orphus Tate, Ray Hupp, Paul McCurley, Billy Crockett, Jimmy Allison and Jerry Biggers;

SOPHOMORES: David Crockett, Don Cash, O. K. Lee, Butch Carter, Darrell Gibson, Jerry Kunkel, Jerry Smith, Jerry Stubbs, Gary McLane;

FRESHMEN: Joe Don Evans and Douglas Crockett.

Preston Morgan is expected to report later this week for training, Coach Riley said.

COACH JACK RILEY started Monday shaping up the 26 boys who will compose the 1957 McLean Tiger football squad. Coach Riley was assistant football coach last year and also coached the bi-district champion McLean Tigerettes' basketball squad. This is his first year as head coach.

Fines O. Smith, 53, Former Resident, Dies in Gainesville

Funeral services for Fines O. Smith, 53, were held Saturday afternoon at 4:00 o'clock in the Assembly of God Church in Gainesville.

Mr. Smith, a former resident of McLean, died Thursday night. He moved to Gainesville from McLean 29 years ago.

He was a brother of Raymond, Edgar and Emory Smith and Mrs. E. Atchley of McLean.

He is survived by his wife, three sons and a daughter, Hershel, J. E. and Kenny Smith and Marvin Atchley from McLean also attended the funeral Saturday.

Darla J. Hill Named Drum Majorette for High School Band

Darla Jane Hill will be the drum majorette for the McLean Tiger band during the coming school term, Band Director Bruce Cook announced Wednesday.

The drum majorette and twirlers were selected Tuesday night. Tiger band twirlers selected are Othella Eustace, Elaine McLroy and Kay Stubbs.

A new design for the twirlers and majorette's costume will be featured this year.

IT'S SHOTGUN TIME 1957 DOVE SEASON STARTS AT HIGH NOON, SEPTEMBER 1

Austin, Aug. 26—It's time to drag the shotgun from the corner in the closet and wipe off the lint. The 1957 shooting season will begin Sunday noon, Sept. 1, for mourning dove in the north zone, according to the director of law enforcement of the Game and Fish Commission.

Thirty days later the season will open in the south zone.

The seasons extend: north zone, Sept. 1 to Oct. 17, inclusive; south zone, Oct. 1 to Nov. 17, inclusive.

The white wing season has been authorized for the Rio Grande Valley area for Sept. 13, 15, 17.

The dove bag limit is 10 per day, with 10 in possession.

Shooting is allowed from noon until sunset.

Under federal and state regulations all shotguns must be plugged to three-shell capacity. Shooting from vehicles or across the highways is prohibited.

The director issued warning to shooters to make arrangements with land owners for their hunts.

Three East Texas counties, Jasper, Tyler and Newton, will have no open season. In a local bill, these counties were excluded from the general laws and a special season was set up. This special season is in conflict with the federal laws.

Reports from all over the state indicate the largest dove crop in years. It is estimated that some 600,000 whifewings will be available for the Valley hunt.

Mourning doves are plentiful now in every area. Unless there is a drastic change in weather conditions before Sept. 1, they are expected to remain in the local areas. Cooler weather or rains could change this condition. Water hole shooting also can be

Tax-Man Sam Sez:

It pays to keep a record of all the permanent additions and improvements you make on your home. A lot of people pay more tax on the sale of their home than they actually owe because they failed to keep a record of the extra room they added, the new garage, the shrubs, the lawn, etc.

In figuring the profit on the sale of your home you can't include repairs, grass, moving expenses, fertilizing your garden, and expense like that. You can include the cost of the St. Augustine grass, the fertilizer, and labor, and any other cost you may have had in getting the lawn started. As much as some folks move around nowadays, a good record book on how much you paid for your house, what the closing costs were and what other permanent additions to the house cost you might come in handy some day.

Dear Friend:

In the closing days of the session, one important fact is being overlooked. It is that Congress has succeeded in the economy drive—succeeded to the tune of at least \$5,500,000,000.

The President opened the year by presenting Congress with the largest peacetime budget in history—\$71,800,000,000. The country was staggered. Eyes turned towards Congress to see what would happen.

Part of the budget couldn't be touched. It consisted of good faith obligations of the United States—interest on the public debt; veterans pensions; fixed charges. But the rest was examined carefully and thoroughly. Now, with all but three of the appropriation bills acted upon, it is apparent that the savings will amount to at least \$5,500,000,000—9% of the total outside of the fixed charges.

At the time this is written, we are still considering the appropriation for mutual security. The President originally asked for \$4,400,000,000. The people protested and President Eisenhower agreed to withdraw \$500,000,000 of the request. Congress doubled the savings and the authorization figure now stands at about \$3,386,000,000. Further saving is in order and will be made.

The House has voted a mutual security appropriation of \$2,524,760,000. That is \$1,875,240,000 below the original budget request. The Senate must still consider the appropriation, but it is clear

that the final result will be at least \$5,500,000,000 in savings and probably much more.

It's almost as if I had a garden in my house, all winter long. But, it's lots more fun... no weeds, no cultivating... just happy and healthful eating. Anytime I care to, I can have fresh peas, corn, beans, and dozens of other good-tasting, fresh vegetables. Electric living is certainly fun and it's lots more fun when an electric home freezer serves as your home "garden patch." You'll see when you start using your new home freezer.

A NEWSPAPER WAS A RARITY
IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

FAR TOO MANY PRISONERS IN TEXAS

Texas' population has increased by 29 per cent in the past nine years. In the same period, the number of inmates in the Texas Department of Corrections has increased by 97 per cent.

Our state today is housing, feeding, clothing and attempting to rehabilitate 9,860 men and women prisoners.

These figures should make our citizenry deeply thoughtful. They connote tremendous waste in material and human resources.

Mushrooming growth in our prison population reflects, to some extent, improved police work and prosecution.

But the hard fact, shown by rising crime rates in virtually every community in Texas, is that Texas is losing the battle to control crime.

Whatever steps are being taken to deter criminal activities, they are not preventing an increasingly high percentage of our citizens, mostly those of younger age, from winding up in the penitentiary.

This should shock Texans in both an economic and moral sense.

The immediate practical problem, as noted recently by Margaret Mayer of this newspaper's Austin Bureau, is to provide housing for convicted felons. Our penitentiary units are dangerously overcrowded, holding twice as many prisoners as they were built to accommodate.

New building appropriations of \$3,300,000 were provided by the last Legislature. But, as Department of Corrections Director O. B. Ellis pointed out, relief from this new construction will be only temporary if the present rate of growth in prison population continues.

Texans should be seeking in earnest for ways to keep the penitentiary load as light as possible. The new state system of parolee and probationer supervision may help, but the problem has facets.

Texans are reaping the harvest of failure to cope with the problem of youths, of failure to invest heavily enough in the deterrent and rehabilitative aspects of law enforcement. Texans' worsening crime problem will not be improved by the mere erection of new penitentiary buildings.—Dallas Times-Herald.

Pearce Baby Dies On last Saturday afternoon the death angel again visited the home of Mr. and Mrs. J. O. Pearce and took from them their baby son, James Emmett, three months and 18 days old.

Sunday at 11 o'clock the little body was laid to rest in the local cemetery, Rev. Hamilton conducting the services in the presence of a large body of sympathizing friends. The little mound was covered with a profusion of lovely flowers, as was also the newly made grave of his little sister, Polly, who passed away a few weeks ago.

M. B. Black Dies of Injury A very sad death was that of M. B. Black, which resulted last Friday morning from an injury which he received the day before when a horse fell on him. Mr. Black, with his family, was living on the J. M. Noel place northeast of Alanreed, and on Thursday was helping Mr. Noel round up some calves. One of the calves bolted and in trying to bring him back, Mr. Black's horse stumbled over some old ruts and fell, striking his rider with his hips in the stomach. It was not known just how serious his internal injury was until he suddenly passed away.

Mr. Black leaves a wife and six small children to mourn his sudden death. His father and mother, and a sister and two brothers of Mrs. Black's came from Waxahachie and accompanied the body back there for burial.

Persons Dr. and Mrs. W. R. Orr were over from Wellington Sunday and were accompanied home by Mrs. Crabtree and Chester.

A big crowd of young folks enjoyed a picnic at the Rowe Ranch yesterday.

In listing the names of the boys who were in the service last week, we had Carl Carpenter, when it should have been Ivan Carpenter, who is a brother of Carl.

S. R. Jones and family visited relatives in Clinton Saturday and Sunday. They went overland and report the roads splendid. Mrs. Hodges, who had been visiting her son, Kiah, accompanied them home.

Joe Harris of Elmer, Okla., is visiting his parents here this week. Mrs. M. P. Spann and son, E. A. Spann, visited their sister and aunt, Mrs. J. R. Stockton, last week.

Mr. and Mrs. W. E. Bogan and children and Mr. and Mrs. J. B. Hood and children of Granite, Okla., visited at the Bogan and Paschall homes the first of the week.

Mr. and Mrs. R. E. Cole and Bryant Henry of Sedan, N. M., are visiting their parents, Mr. and Mrs. T. W. Henry, this week.

Luther and Frank McCombs enjoyed a short visit from their

father the latter part of the week. Homer Wilson is enjoying a visit from his friend, Percy Dow from Mineral Wells, this week.

Mr. and Mrs. R. M. Francis and little daughter are visiting their parents, Mr. and Mrs. C. E. Francis and Mr. and Mrs. J. K. Stockton. Miss Edith Stockton will accompany them home.

A. T. Russell has again become the owner of the meat market. Misses Mannie and Kate Wilson will leave today for their respective schools at Canadian and Hereford.

Mr. and Mrs. Warren D. Foster and baby arrived Wednesday from Buffalo, Okla., for a few days visit at the home of the former's parents, Mr. and Mrs. J. C. Goodrum.

Mr. and Mrs. E. E. Barker have returned from a visit to Chicago. They report a most enjoyable time.

Vehicle Inspection Time Here Again

Inspection time has rolled around again for more than four million automobile and truck owners in Texas.

The inspection period has been lengthened this year under a provision of a state law setting Sept. 1, 1957, until April 15, 1958, as the time in which all vehicles must be checked for mechanical defects.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, in announcing the opening of the inspection period, recommended that every owner have his cars and trucks inspected at the beginning of the period. This, he said, will enable vehicle owners to obtain inspection stickers before the holidays and before the last minute

"log jam" at inspection stations. Garrison said that more than 4,200 licensed inspection stations in the state would have stickers on hand by the starting date and would be equipped to check vehicles without delay.

Senator Yarborough's

WASHINGTON REPORT:

Dear Fellow Texans:

From every dollar that you pay in taxes, about 75 cents is taken out for the cost of past wars, and defense preparations for the future. These expenditures use up three times more tax money than all the other federal costs combined. I feel you have a right to know why it's costing you so much to maintain such huge sums for spending abroad.

In the entire history of our nation, the federal government has spent only 17 billion dollars on water conservation projects, and we have spent 60 billion dollars on foreign aid since World War II.

We find it necessary to maintain gigantic military forces to prevent the Communists from overrunning the free world. We pour billions of dollars in aid and assistance into foreign nations in an effort to keep them on the side of the free world.

We won World Wars I and II. We have not yet won the peace. The short-sightedness of the Dulles-run foreign policy is costing us billions of dollars in defense spendings. Much of that money is needed here in the United States to help our own people, who suffer under high taxes, low old-age pensions, tight

credit, hard money and high interest rate policies.

Last week, several of us Senators introduced a measure in the Senate to create a Foreign Service Academy to train Americans in the field of foreign relations and diplomacy.

You know, young Americans have been trained at West Point and Annapolis, to fight and win wars, and we have fought and won wars. But, friends, it is more important that we train our young people to fight for and win the peace. We have the finest military schools in the world, and there is no reason why we should not have the finest diplomatic school in the world to prepare our first line of defense—the men of our foreign service.

The foreign relations of our country have been so badly managed during the past few years that we are forced to spend more and more of the taxpayers money to maintain peace. It has been this bungling foreign policy that caused me to demand this week that John Foster Dulles resign as secretary of state.

You should not be forced to pay great sums when a little common sense on the part of the State Department could prevent the costly blunders that have led us to the "brink of war," and

GRAY COUNTY SOIL CONSERVATION NEWS

By Jim Smathers

these same blunders now demand such exuberant prices to "buy" the peace.

I want you to join me in this effort to establish a school to train young Americans in the art of winning the peace. But for the immediate future, we need a new secretary of state—badly and quickly.

Your letters mean a great deal to me. Without them, I would not be able to serve you in the manner which you want. So write me your views on this and other problems. I hope to be home soon, when Congress adjourns, and I will visit over Texas and learn more of your problems first hand. Let us join together to win the peace.

A number of farmers have planted cover crops and others are getting ready. Farmers intending to seed grass next spring are planting grain sorghums so as to have a dead litter cover to seed grass in. Grain sorghums are planted late enough and thick enough so that they are frost killed and do not mature. The purpose of a good cover crop is to provide protection against wind and water erosion and for soil conditioning and im-

provement. A cover crop should be used often enough to provide these functions. A cover crop may also supplement other practices used. A limited amount of grazing may be obtained during the fall, winter and spring months.

Farmers with land in the acreage reserve of the soil bank have land that is now bare and likely to blow next spring. This land needs a cover for next spring so as to keep down the dust storms.

A number of crops may be used as a cover crop. Farmers on the tight soils may want to use grain sorghums or small grains for cover. Farmers on the lighter soils can use vetch, rye, Austrian winter peas, grain sorghums or small grains. Farmers with irrigation wells can seed

vetch in cotton and sorghum rows. After harvest of these crops the vetch will be left standing to protect and condition the soil. The Gray County SCD has an inter-row seeder for seeding cover crops in the present standing crops.

Turkeys and Pears Head September Plentiful Foods

Turkeys will be the big food value in meat departments for a third consecutive month, the Agricultural Marketing Service reports, in announcing its September plentiful foods list. Supplies are ample and prices are expected to remain low.

Bartlett pears are a co-feature on the list, as a larger than average crop is expected. Canned pears will also be plentiful.

Other September plentiful list-meats will include broilers and fryers and fresh and frozen fish. These plentiful are the result of high broiler and fryer production and the good catches following the height of the fishing season.

Milk, with a back to school emphasis on good nutrition, is a September plentiful. Vegetable fats and oils, dry peas and Italian prune plums round out the listings.

by Gov. Price Daniel were Jay A. Phillips of Houston and Pete Rodes of Emory. An attorney, Bullock is former president of the state bar of Texas. Phillips is a certified public accountant, former president of the Texas Society of CPA's and present chairman of the State Board of Public Accountancy. Rodes is president of the First National Bank in Emory.

Board members selected William King to be acting securities commissioner, a full-time, \$10,000-a-year job. He is a former attorney general and had charge of securities in the secretary of state's office.

Approving or disapproving proposed issues of both general and insurance securities will constitute the prime duties of the new agency. Formerly, these functions were divided between the Insurance Department and Secretary of State's office. It also will supervise the licensing of securities dealers and salesmen.

Governor Daniel called the new law an "outstanding measure for protecting the public against fraud and swindling."

Frank M. Wilson of Waco will be chairman of the new Texas Youth Council.

Other members named by Daniel are Louis Enna of Round Rock and Robert Kneebone of Houston.

New agency replaces the old Youth Development Council. It will have charge of the three state correctional schools for young people and the Corsicana State Home, the Waco State Home and the Blind, Deaf and Orphan School at Waco.

Wilson is a Waco attorney and instructor at Baylor University School of Law. Enna, a member of the old Youth Council, was one of the founders of the Baptist Children's Home in Round Rock.

A banker, Kneebone has been active in youth work in Houston. School Study Panel

Six legislators and two private citizens are early appointees to a new committee to study the growth problems of Texas schools.

Named by Lt. Gov. Ben Ramsey were Sens. George Parkhouse of Dallas, A. M. Aikin, Jr., of Paris and Floyd Bradshaw of Weatherford plus Former Atty. Gen. John Ben Shepperd of Odessa, and Laredo school superintendent J. W. Nixon.

House Speaker Waggoner Carr named Reps. Scott McDonald of Fort Worth, L. DeWitt Hale of Corpus Christi and Malcolm McGregor of El Paso.

Full committee will number 24. Ramsey and Carr were directed by the law to pick three legislators and three laymen. Governor Daniel and the State Board of Education are to pick six more each.

One proposal made during the session was to have the state build school buildings and lease to districts. Numerous Texas officials have opposed federal aid for school building.

House Committees A long list of groups has been set up by Speaker Carr to study basic state problems and report to the 56th Legislature. They include:

Exempt from the license requirement are retailers who sell less than a case of eggs a week to persons other than consumers and producers who do not claim a certain grade for their eggs.

Texas Leads in Roads Texas is out in front in the interstate highway building program with 293 miles of roads "in the mill."

These are projects which are either under construction, contracted or advertised for bids. Cost will be \$86,000,000 with \$76,000,000 coming from federal funds. California is ahead of Texas in cost of projects, but second in mileage. It has 95.5 miles underway at a cost of \$96,000,000.

Short Shorts Texas prison population increased 7.5% last year for a total of 9,268 persons behind bars. National average increase was 2.2%. National average is 102 prisoners per 100,000 population; Texas ratio is 106 per 100,000.

Texas Railroad Commission retained the lowest-in-history 13-day producing pattern for the Texas oil industry in September. Several weeks ago President Eisenhower asked oil companies to cut their imports by 10%.

but Texas commissioners said the request had not as yet brought any increase in demand for Texas oil. "Intangible assets" evaluated for tax purposes in Texas hit an all-time high of \$130,790,050 this year, reported Comptroller Robert S. Calvert.

These include such things as the equipment of railroads, pipelines, bus and truck lines. J. E. Connally of Abilene will head the October "Dollars for Democrats" drive, state party headquarters in Austin announced. Goal will be to get at least one dollar from each Democrat in the state.

Texas Railroad is considering the request of some 30 bus lines operating in Texas for a 5% increase in fares. Two bus lines also have asked for a hike in commuter fares. A decision is not expected.

for several weeks. . . . Most hens apparently took a mid-summer vacation. USDA reported Texas egg production down 9% in July to 182 million eggs.

"A LITTLE NEGLECT MAY BREED GREAT MISCHIEF"

(Author's name below)

Nature protects our body by enclosing most of it in our skin. As long as the skin is unbroken, infectious germs are kept out.

Therefore, it is not wise to neglect any scratches, cuts, or skin abrasions which open the door to great mischief. Apply first aid as soon as possible.

Right now is a good time to check your supply of first aid needs and to get one of the new powerful antiseptics that are so safe and dependable. Of course, unless your accident is a trivial one, you will immediately check with your physician.

A colored messenger unceremoniously invaded the private office of J. P. Morgan.

"Do you know to whom you are talking?" the financier demanded.

"No, boss."

"I'm Morgan of J. P. Morgan & Co., sir."

"Does yo' know who you is undressin'?" asked the trespasser.

"I neither know nor care," snapped the money king.

"Well, Ise de coon of Kuhn, Loeb & Co."
