

GOSSIP (More or Less)

of the details of the decentralization program of U. S. Postal Department explained at a meeting of the Amarillo district last week. Eligible to attend from McLean were Postmaster Johnnie Back and Mrs. Fulbright. The meeting, held in Amarillo, presided over by W. B. Weathered, newly-appointed district head. Weathered, former Pampa postmaster, has in his district about 150 post offices. The regional office will be in Dallas, and the Amarillo district is a part of the region. Many of the problems formerly handled out of Washington, D. C., will likely now be handled out of the district or regional offices, the postmasters were told. Bill Mounce, son of Mr. and Mrs. Hal Mounce, has accepted nomination on the coaching staff of New Mexico A. and M. at El Cruces, N. M. Charlie Nicholson, nightwatchman for McLean for the past 15 years, has been named as marshal and fire marshal to succeed the late J. A. Sparks. Nicholson has already taken over his duties in both positions. Named as nightwatchman to succeed Nicholson was John Gaddis, who also has already assumed his duties. Five McLean men attended a meeting of the Greenbelt Municipal and Industrial Water Authority in Memphis Tuesday night to learn more details concerning the project. The project involves the construction of a dam across Salt Creek of Red River, located about 30 miles south of McLean. The dam would be constructed just below the point where White Creek enters Salt Fork. Attending the meeting were businessmen Guy Hibler and C. Callahan, and Elmo Whaley, Bill Callahan, and Lester Campbell. Among those present were R. Underwood, investment broker in Dallas, and Si Freeze, engineer from Dallas. The two men explained many details of the project, and promised full information to all towns interested within a short time. Graveside services for Andrew Harcum, who was found dead on Highway 66 between McLean and Groom Tuesday morning of last week, were held at Hillcrest Cemetery Saturday morning under the direction of the Claborn Funeral Home. Relatives did not claim the body when notified, and burial was made here. The man was apparently the victim of a hit-and-run driver. No person has as yet been arrested in connection with the case. Clint Reeves, 13-month-old son of Mr. and Mrs. Joe Reeves of Comas and grandson of Mr. and Mrs. Boyd Reeves of McLean, was stricken with polio last week and was taken to the polio center at Northwest Texas Hospital in Amarillo for treatment. The baby's older brother, Jimmy, who was staying with his grandparents, became ill Tuesday night of this week and was taken to the hospital. It was not learned here Wednesday whether or not his case was polio. Mr. and Mrs. M. G. Mullanax and son Gayle spent the week-end with her parents, Mr. and Mrs. A. W. Perry, in Graham. Rish Phillips is now a patient in St. Anthony's Hospital in Amarillo. Ruth Nix of Lakeview is spending a few days this week in the home of Mr. and Mrs. Pat Herndon. Mr. and Mrs. E. C. Bragg and daughters spent the week-end in Paducah with Mr. and Mrs. John L. Liedtke and other relatives. Mrs. W. B. Taylor and daughter Aileen of Fort Worth visited with her sister and aunt, Mrs. C. O. Goodman and family, over the week-end. Mrs. Goodman and children and the Taylors visited with J. F. Dunkel at Abilene Saturday night.

WHEAT QUOTAS GIVEN OKAY FOR NEXT YEAR

Wheat farmers throughout the nation once more approved the wheat quota program, to apply on the 1955 crop. The voting was held Friday of last week. In Gray County, the vote was 203 for and 61 against the marketing quotas, and the controls on the wheat acreage. Final results in the Gray County balloting were as follows: Grandview school, 33 for, 6 against; Boketon store, 29 for, 24 against; Gray County courtroom, 118 for, 31 against; McLean City Hall, 21 for, none against.

Throughout the nation, the percentage favoring the controls was 73.3, with a total of 267,104 farmers voting. Last year the percentage was about 89% favor of the controls. A two-thirds majority is necessary for approval of the controls. The wheat farmers okayed the toughest controls in history on next year's crop. All farmers growing more than 15 acres in 1955 will have to accept average allotments cutting plantings about 13 per cent—or forfeit price supports. What makes the program the most drastic ever is that all will have to stay within allotments that may be set on other crops—such as corn, cotton, peanuts—to be eligible for supports on any one crop.

Farmers with ten acres or more idled by allotments will get a "total farm" allotment on everything they grow except for hay and pasture. If the wheat farmers had voted against controls, government price guarantees on next year's crop could be cut to 50 per cent of the so-called "fair" parity price.

Charles McCurley, son of Mr. and Mrs. Haek McCurley, recently received his discharge from the navy after having spent the past four years in service. Bobby Howard, son of Mr. and Mrs. Frank Howard, left Monday for San Antonio, where he will receive his basic training in the Air Force. Mr. and Mrs. Legon Burris and Mr. and Mrs. John C. Haynes spent a few days last week vacationing in Pueblo, Colo., and Raton, N. M.

REV. AUBREY WHITE, visiting evangelist

METHODISTS PLAN REVIVAL AUGUST 1 TO 8

Rev. Aubrey White of Merkel will be the evangelist and guest speaker at a revival at the McLean Methodist Church beginning Sunday, August 1. The meeting will continue through August 8. Rev. M. E. Fisher, pastor, said. Services will be held twice daily, at 10 o'clock in the morning and at 8 in the evening. "Rev. White is a consecrated Christian and a good revivalist. Don't miss the opportunity of hearing this man of God, and the singing of great revival hymns," the pastor said. "Everyone has a cordial invitation." A Vacation Bible School will also be held during the week of August 1-8. Rev. Fisher stated, with classes meeting each morning from 9 to 10 o'clock. Grades will consist of children four years of age through the junior age. A class will be offered to intermediate boys and girls at the same time. Mrs. Jewell White, wife of the visiting evangelist, will assist Mrs. Ruth Magee in the course for intermediates. Serving as superintendent of the school will be Mrs. Fern Boyd. "A good attendance is expected," the pastor said. "Bring the boys and girls that they may learn more of the things of God."

HALF-INCH RAIN GIVES RELIEF TO DRY AREA

Good, wet water fell in the McLean area early Wednesday morning, and from the reports received, the area was fairly well covered. In McLean, the amount measured .51 of an inch on the official weather gauge of Pete Fulbright, local weather observer. Similar amounts were reported from other portions of the general area. The moisture was the first appreciable amount since June 8, although there have been a few showers since then. The year's total as of Wednesday morning was 10.74 inches. Crops in the local area, as well as the grassland, were beginning to need moisture. Grass was being affected the worst by the hot days. Cotton has been holding up fairly well, although moisture was needed in spots where the cotton is putting on small blooms. Feed was needing moisture more than cotton. The half-inch rain, according to the farmers and ranchers, will help to some extent, although more moisture is actually needed.

BAND STARTS REHEARSALS NEXT MONDAY

Rehearsals for the McLean High School band will begin Monday, August 2. Band Director Joe Coleman announced this week. Rehearsals will be held Monday, Wednesday, and Friday mornings at 9 o'clock. Classes will also be given in twirling and drum major preparation. Two groups will be organized; one for the beginning students and one for those who have already had some twirling instruction. Coleman explained. The classes will be held on the same day following band rehearsals. Twirling classes will be open to anyone who wishes to participate in them, regardless of age. Three classes will be held weekly for a period of four weeks. Enrollment will be held Monday morning. If any music students are interested in student conducting, a class can also be arranged for that, Coleman said. These rehearsals are very important and all band students should make an effort to be here each time, the director emphasized. A concert similar to the one given last year is being planned and everyone is needed for its preparation.

Parker, Maguire in Run-Off For Office of County Judge

BRUCE L. PARKER in run-off for county judge's post

J. B. MAGUIRE JR.

FISH, GREGORY WIN OFFICES; WATERS IS D. A.

A comparatively large number of voters in Gray County turned out for the first primary election last Saturday, named a new constable for the McLean area, re-elected the county treasurer, and placed two men in the run-off for county judge. J. D. Fish won out over Luke Henley, who was asking re-election in the race for constable of Precinct 5, by a margin of more than two to one. Miss Ola Gregory was re-named as the county treasurer, piling up a sizeable lead over her opponent, Mrs. Sherman White. Bruce L. Parker, former county judge, led a three-man ticket in the race for county judge. He will meet in the run-off August 28 the present judge, J. B. Maguire Jr., who finished second in the voting. L. P. Fort, the other candidate, was eliminated, although he received a sizeable vote. In a race of interest to many in this section, Jess Finley was top man in the three-man contest for commissioner of Precinct 4, Donley County. Finley topped George Preston and H. W. (Shorty) Burr, and will face Preston in the run-off. Bill W. Waters, in his race for district attorney, piled up a big lead over Harold Sanderson of Miami. Walter Rogers, running again for Congress, had little trouble in winning over his two opponents, Mike Kemp and George Crawford. All unopposed candidates were elected, of course. They were Grainger McIlhany, for state representative; Lewis Goodrich, district judge; B. R. Nuckols, county superintendent; Mrs. Helen Sprinkle, district clerk; Rufe Jordan, county sheriff; Jack Back, tax assessor-collector; Charlie Thut, county clerk; Don Cain, county attorney; J. C. Claborn, justice of the peace, precinct 5; and O. L. Tibbets, commissioner, precinct 4. In other precinct races, G. L. (Nat) Lunsford led the ticket for precinct 2 commissioner, but will face the incumbent, W. E. (Bill) Jarvis, in the run-off (eliminated was E. C. Schaffer). John Andrews, justice of the peace, precinct 2, place 2, won over A. G. Seitz and Burl Lester. D. R. Henry, J. P., precinct 2, place 1, defeated Mrs. Crystal Hankhouse. Arlie Carpenter, commissioner, precinct 1, dined H. C. Little in Carpenter's race for re-election. W. R. Combs beat W. V. Hix for Le-fors J. P. Charlie Clendennan was re-elected constable at Le-fors over Bill Stracener. In another adjoining county race of interest here, Clois Haner was second in a three-man race for commissioner, precinct 3, in Wheeler County. He will face Sam McMurtry in the run-off. Meeting Tonight—DALE CARNEGIE COURSE

A meeting to which the public is invited will be held tonight at 7 o'clock in the basement of the McLean Methodist Church to explain the details of the Dale Carnegie course to be offered here in McLean. The class, which will meet once weekly for 16 weeks, will be sponsored by the McLean Lions Club. George Caddel, West Texas area director for the Dale Carnegie courses, will be present to conduct tonight's meeting. Neil Mager of Amarillo, a certified instructor, will also be on hand to aid in the demonstration meeting. Enrollment in the local class will be limited to 40 people, including both men and women. Several people from Wheeler, Shamrock, Groom, and Clarendon are expected to be present tonight, and most of them have indicated they plan to enroll in the course. The course consists of instruction in effective public speaking, human relations, memory training, and leadership training. It has been held throughout the United States, with the central office of the Dale Carnegie Institute being located in New York. Carnegie, son of a poor Missouri farm family, began his career of adult education more than 30 years ago. He has continued throughout the years as both instructor and lecturer, although he has not done much lecture work in the past few years. He is best known as the author of the best-selling non-fiction book, "How to Win Friends and Influence People." In the course which is to be offered here, this book and two others, "How to Stop Worrying and Start Living" and "Public Speaking and Influencing Men in Business," are used as textbooks. Tonight's demonstration meeting will start promptly at 7 o'clock.

At Home—NEW BOSS

Mr. and Mrs. Lonnie Day are the parents of a girl born Friday, July 23, at Highland General Hospital in Pampa. She weighed 7 pounds, 8 1/2 ounces, and has been named Virginia Eileen. Grandparents are Mr. and Mrs. (Continued on back page)

At McLean High—NEW CLASSROOM CHAIRS

Two hundred new seating units will withstand damage from any cause. The new units will be used in six classrooms and the high school study hall. They were bought at a cost of approximately \$2,500. Work is progressing well on the redecoration of the high school auditorium by Chris Ejjerg; and on the redecoration of the lower floor classrooms and hallway by Jiggs Hinton and Bill McAllister. The upper floor rooms were re-done last summer. The work being done on the building, plus the installation of the new chair units, will place the high school facilities in better condition than in many years, Melton explained.

Shivers and Yarborough in Run-Off

A run-off campaign between Allan Shivers and Ralph Yarborough appeared certain this week, although the official canvass of votes had not been made. Shivers, seeking his third term in the governor's office, was leading by about 23,000 votes, but the other two candidates, Cyclone Davis and J. J. Holmes had enough votes between them to cause the run-off. Shivers had 666,226, Yarborough 642,374, Davis 16,147, and Holmes 19,983. Lieutenant Governor Ben Ramsey was assured of another term as he piled up 755,491 votes. C. T. Johnson received 187,512 and George T. Hinson got 180,277. For U. S. senator, Lyndon Johnson easily defeated Dudley Dougherty by a vote of 840,287 to 332,175. John Ben Shepperd, seeking re-election as attorney general, amassed 897,727 to 223,199 for Doug Crouch, his only opponent.

ALLAN SHIVERS, still bitter opponents

RALPH YARBOROUGH

Few Brewster led with 435,773 in the race for the supreme court. He will face his nearest opponent, Alfred M. Scott, in the run-off, since Scott got 302,563 votes. The other candidate, Robert B. Keenan, received 224,275. In the contest for the court of criminal appeals, Lloyd M. Davidson led with 310,275. He is in the run-off with Alan Haley, who received 241,394. W. C. Graves got 220,705, and Sam Davis 224,421. The two run-offs for the court

positions are not expected to attract much attention, but the Shivers-Yarborough match is likely to be a "no-holds-barred" affair. Both candidates went after another pretty seriously during the first primary campaigning, and no let-up is expected.

DOUBLE DUTY

This striking cotton outfit is a double duty swim-and-play suit. It is designed by Gantner in an unusual, flock-dotted denim with the look of shantung. Worn with the separate skirt, it's a play suit; without the skirt, it's a slim swim suit.

LaJune Chilton To Become Bride Of D. Blackshear

Wedding vows for Miss LaJune Chilton, daughter of Mr. and Mrs. W. J. Chilton of McLean, and Du-Wayne Blackshear, son of Mr. and Mrs. D. N. Blackshear of Mountair, N. M., will be read Saturday, August 7, at the McLean Methodist Church at 6 o'clock in the evening. Friends of the couple are invited.

Howard Family Reunion Is Held In Amarillo Park

The third annual reunion of the W. D. Howard family was held Sunday, July 25, at Ellwood Park in Amarillo.

Those attending were Mr. and Mrs. Philip Howard and Mr. and Mrs. David Gammage of Plainview; Mr. and Mrs. Fred Howard and daughter Diana of Canyon; Mr. and Mrs. Robert Howard and children, Don and Joy, and Jane Boucher of Letors; Mr. and Mrs. Raymond Howard and children, Hazel and Dale, and Marsha Winters of Borger; Mr. and Mrs. Earnest Foshee and children, Leewayne and Elaine, of Pampa; Mr. and Mrs. Leon Crockett and son Charles, Mr. and Mrs. Jack McClellan and children, John, Sarah, and Mary, and Mrs. Edgar Lee of McLean; Mr. and Mrs. Meril Ford and children, Lonny, Gary, Carol, and Kenneth, Mr. and Mrs. Warren Bohannon and daughter Janis, and Mr. and Mrs. Alton Howard and son Curtis of Amarillo.

L. A. DeLee of Wichita Falls and D. A. Fowler of Duncan, Okla., visited the Wib Fowlers Monday afternoon.

Mr. and Mrs. Neil Skinner and children of Shamrock spent the week-end with her parents, Mr. and Mrs. J. I. Martindale.

Mr. and Mrs. H. N. Roach of Shamrock visited with Mr. and Mrs. K. S. Rippy and Mrs. Nida Rippy Green the first of last week.

Mrs. J. H. Jenkins and daughter were in Pampa Monday on business.

Mr. and Mrs. Jackie Thipps of Electra spent last week with Mr. and Mrs. Dale Johnston.

SOCIETY

Vows Exchanged By Mary Holloway And Powell Hinson

The First Baptist Church in McLean was the scene for the recent marriage of Miss Mary Holloway and Powell M. Hinson. The bride's parents are Mr. and Mrs. Clyde Holloway of McLean and the groom is the son of Mrs. J. D. Hinson of Lubbock. The couple exchanged vows before an altar of tiered candelabra bearing orchid-colored tapers flanked by baskets of greenery which formed the decorative setting for the double-ring service conducted by Dr. C. Truett Smith, professor of the Baptist Bible chair at Texas Technological College, Lubbock.

As the guests assembled, Larry Tonroy of Lubbock played an organ prelude of nuptial music. He also accompanied Winstead Layman who sang "Could I Claim You for My Own," "O Perfect Love," and "The Wedding Prayer." The traditional wedding marches were used for the processional and recessional. Candles were lighted by Mrs. Bobby Williams of Phillips and Miss LaJune Chilton of McLean. Guests were registered by Mrs. Betty Holmuth of Levelland.

Escorted to the altar and given in marriage by her father, the bride was attired in a gown of white silk organza over faille, fashioned with a sleeveless bodice attached to an unlined yoke outlined with pearls. The formal length skirt was straight cut and full gathered. She wore long gloves which tapered to petal points over her hands, and carried a bouquet of white lilies and fern tied with a large bow of white satin ribbon. Her finger-tip veil of illusion fell from a close-fitting cap of seed pearls.

Mrs. Johnny Reynolds of Amarillo attended the bride as matron-of-honor. The bridesmaids were Miss Suzanne Hinson, sister of the groom, and Miss Beverly Garner of Rockdale. All wore identical gowns of orchid-colored organdy over faille, with matching headdresses of tiny orchid ruffles and pearls, and each carried a bouquet of pink rosebuds and stephanotis.

Best man was James Ma of Formosa, a Chinese student at Tech. Groomsmen and ushers were Pat Lewellyn of Plainview, Bob Hazlett and Harold Harris of Lubbock. For her daughter's wedding, Mrs. Holloway chose a dress of beige linen and lace with pink and brown accessories. She wore a shoulder corsage of pink carnations. The bridegroom's mother wore beige satin with white accessories and a corsage of orchid-colored carnations.

The bridal party was honored with a reception in Fellowship Hall of the church immediately following the ceremony. Guests were received by Mr. and Mrs. Holloway, Mrs. Hinson, the bride and groom, and the bride's attendants.

The bride's table was laid with a white hand-made lace cloth over orchid, with an arrangement of white and yellow daisies as a centerpiece. Mrs. Tommy Cannon of Lubbock poured punch and Mrs. Bill Earles of McLean served the wedding cake. Both are sisters of the bride. Guests were registered by Miss Mary Ann Back.

The bride is a graduate of McLean High School and is a senior student at Texas Technological College. She is a homemaking major and will receive her degree at the close of the current summer session. She plans to teach homemaking.

The groom is a graduate of Lubbock High School and of Texas Tech. He is currently employed by the Hinson Appliance Store in Lubbock, but plans to enter the Baptist Theological Seminary in New Orleans, La., in September.

The couple is at home at 2521 40th St., Lubbock, where they will live until summer school is over. Out-of-town guests attending the wedding included Mrs. Josie

Stewart and son Earl, and Mr. and Mrs. H. E. Barrett of Amarillo; Mrs. R. M. Hinson and Jerry of Sundown; Mr. and Mrs. Logan Cummings and Jane and Carol of Rails; Mr. and Mrs. Roy Worstall and Sharon of Zanesville, Ohio.

Mr. and Mrs. Bobby Williams and daughter of Phillips; L. D. Casey, Jr., Mr. and Mrs. Perry Roby, Joyce Lewellyn, LaVerne Williams, Janet Ogle, Mr. and Tommy Cannon and Mike, Mr. and Mrs. Bruce Stewart and Brad, Mr. and Mrs. L. H. Stevens and Bobby, and Mrs. Carolyn Megowax of Lubbock.

Jerry Don Dwyer Named Honoree At Birthday Party

A birthday party honoring

Jerry Don Dwyer was given in the home of his parents, Mr. and Mrs. Arthur Dwyer, Saturday, July 24.

Favors of hats, balloons, and whistles were given.

Those attending were James Loyd Todd, Hickman Brown, III, Jamie Brown, Debra and Linda Gibson, Terry Delene Newton, Walter Ray Todd, Ray and Nelson Dwyer, Johnnie Reeves, Jerri Lynn and Pat Grogan, James Amos Page, Mike and Sherry Hefner, and Arthur James Dwyer.

Mothers attending were Mesdames Tom Hefner, Bill Reeves, Hickman Brown, Doc Grogan, John E. Dwyer, Jimmie Newton, Midge McClellan, Edward Dwyer, W. O. Todd, John Dwyer, Amos Page, and Joe Gibson.

MY THANKS

I wish to thank you for the nice vote and support I received in the primary election last Saturday. I shall always be grateful for the confidence you have shown in my work as county treasurer.

During the coming term, I will continue to give you the same courteous and efficient service I have tried to give you in the past.

My thanks to you again.

Science and Your Health

TAKING YOUR MEDICINE

Chemists develop drug-forms for all purposes.

The doctor chooses the best form.

As intravenous injections... Flavored liquids... Sugar coated tablets

THE SAME DRUG CAN BE TAKEN IN MANY WAYS.

By Science Features

"Taking your medicine" is no longer the unpleasant task it used to be. For drugs nowadays come in various sizes, forms and flavors that make them as easy as possible for the patient to use. Only the doctor can decide which dosage form of a drug is best for a specific illness but he does take into consideration the patient's case, taste and convenience.

For example, many antibiotics are prepared as flavored liquids—penicillin comes in peach, terramycin in raspberry—to taste almost like candy and are readily accepted by children. Sugar-coated tablets and capsules are two other easy-to-take forms that the adult patient can painlessly swallow.

When a doctor wants a high blood level of a drug quickly—usually with hospitalized patients—he may inject it directly into a vein. For out-patients this concentration was almost impossible to obtain with any wide-range antibiotic. Recently the situation was remedied with the development of an intramuscular form of terramycin, which gives the proper quantity in a convenient manner. The new drug form proved very effective against meningitis, gonorrhea and child-birth infections.

Troches, which dissolve slowly, are good for high concentration of a drug in local mouth or throat infections. On the other hand, some tablets dissolve very quickly when placed in liquid—excellent for use in infant formulas. By taking advantage of these many dosage forms, doctors can prescribe drugs that are the most medically effective while at the same time are as pleasant as possible for the patient.

PAMPA RODEO TO BE STAGED AUGUST 3 TO 7

The dates for the Top of Texas rodeo, August 3-7, are the same, and the time is drawing near for another one of the world's championship amateur rodeos.

The kid pony show and amateur rodeo will be held Tuesday, August 3, with the parade at 11 o'clock, preliminaries at 2 that afternoon, and the top eight contestants in each event competing that evening at 8 o'clock. Sixteen young cowboys and cowgirls have already entered the show, according to Bob Andis, chairman.

Holly Gray, parade marshal, anticipates one of the largest rodeo parades in the 10-year history, and there are four beautiful trophy cups along with cash awards, certificates and ribbons, to be awarded to the winners of the following nine divisions: most typical ranch entry; best civic club or organization entry; best riding club entry; best band entry; most attractive commercial entry; most comical entry; most typical cowboy; most typical cowgirl; and best decorated bicycle entry.

Some of the early entries include the Hereford Riders Club, Hereford; Hale County Sheriff's Posse, Plainview; Will Rogers Range Riders, Amarillo; Liberal Trail Riders, Liberal, Kans.; and the Pampa Roping Club. This

big event will take place on Wednesday, August 4, at 4 o'clock, with the Amarillo Air Force band and the Khiva drum and bugle corps lending color and a snappy marching tempo.

Every year there is anxious anticipation as to what the special attractions will be, and this year is no exception. Bobby Williamson and his RCA Victor recording band will be at each rodeo performance and will play for the rodeo dances each evening. There will be loud war whooping from the "Sahawee" Indian dancers from Uvalde each night as they make their appearance, and Porter M. Sims of Gainesville will entertain young and old when his six black and white Liberty ponies enter the arena and perform. Sims also carries along his jockeys for these ponies, and they are none other than jockey dogs. Last, but not least, of the special attractions are the all-important rodeo clowns, Jake Mitchell from Dalhart and James Kimball

from Sand Springs, Okla., better known as the cowboy's friends, who will lend humor to the rodeo.

Mrs. Ethel Cantrell and Miss Viola Green of Amarillo spent the week-end with their parents, Mr. and Mrs. W. E. Green.

Mr. and Mrs. Clyde Powell of Craig, Colo., spent the week-end with Mr. and Mrs. Claude Hinton.

Mrs. Guy Hibler spent the

past two weeks visiting with her mother, Mrs. Ella Houston, in Paint Rock.

Mr. and Mrs. Arvin Smith and Freddie Smith of Fort Worth spent the week-end with their parents, Mr. and Mrs. Riley Smith.

Mr. and Mrs. Henry Gressett of Archer City, Mr. and Mrs. Ernest Abbott and Carl John and David Abbott of Borger visited with Mr. and Mrs. Jess Ledbetter last week.

Says— "I always look for ECONOMY and my ELECTRIC Home Freezer gives it to me!"

Mrs. E. C. Patton of Guymon, Oklahoma: "I use my left-overs for planned-overs! There are many reasons my home freezer is a saving. I always look for economy, because with four growing boys, it takes plenty of food and clothing."

"Behind my home freezer door I have a store at home that is open 24 hours a day, 7 days a week. No more trips to the grocery store when unexpected company drops in. I have complete meals in my freezer which include a variety of meats, vegetables and desserts."

ELECTRIC HOME FREEZERS ARE AVAILABLE IN UPRIGHT OR CHEST MODELS

All homemakers are looking for economy these days, and the home freezer is one of the best places to find it. Better meals at lower cost, with less work, is the assurance a home freezer will give you.

Freezers save as much as \$250 a year on food costs, and completely eliminate food waste and spoilage, which "eats up" 10% of the amount of money that you spend for food.

FARM SAFETY WEEK

THIS WEEK OF JULY 25-31 is an important one in the world of agriculture. By Presidential proclamation, it has been designated as the 11th National Farm Safety Week. The President also suggested the theme: "Farm to Live and Live to Farm."

The week is sponsored jointly by the Farm Bureau Safety Council and the U. S. Department of Agriculture, and has the cooperation of the Farm Bureau Federation, the National Grange, the Farm Equipment Institute and many other organizations. There can be no doubt that intensive attention to the farm safety problem is needed. More accidental deaths occur in farming than any other major industry. It is forecast that, unless the farm safety picture changes materially from that of the recent past, within the next year 14,000 farm residents will die as the result of accidents and 1,200,000 will be injured.

Farm people are exposed to all the hazards common to the public at large, such as highway accidents. In addition, in this age of highly mechanized and electrified agriculture, they are exposed to hazards which are peculiar to farm operations. In order to better cover this wide field, the week is divided into a series of special days. Sunday was Church Day, with ministers urged to discuss the commandment, "Thou shalt not kill," and it is being followed in order by Home Safety Day, Livestock Safety Day, Fall Prevention Day, Highway Safety Day, Machinery Safety Day, and, finally, Review Day.

The list of topics and principles that are being stressed is a long one. Fatigue and over-crowded schedules are accident producers. Haste makes for mishaps as well as waste. Orderliness and good housekeeping in all phases of farming are important safety factors in their own right. Good planning means better production and fewer accidents. On the highway, knowledge of the laws and proper driving practices, coupled with a live and let live spirit, is a vital need. Special precautions and training are needed when there are small children on the farm.

The Farm Equipment Institute has long worked and continues to work toward safer machinery—and also toward safer operation and better maintenance of that machinery. Particular attention has been given to the question of lights on equipment that travels the public roads—an unlighted, slow-moving machine at night obviously presents a great hazard. It has promulgated clear and comprehensive rules for safety tractor operation which, if followed, reduce the chance of accident to the vanishing point. The equipment engineers have made all manner of major improvements, such as shielding power take-off shafts, once a leading cause of accidents. The industry not only wants to produce the best equipment, but the safest. One serious problem over which the equipment people have no control is found in makeshift home-made attachments. These are often excessively dangerous.

In his proclamation, President Eisenhower requested "all persons and organizations interested in farm life and welfare to join in a campaign to free as many farm homes as possible from the tragedies and losses caused by needless accidents." That is a great goal, and high hopes are held for its attainment.

LES

TALK

By LESTER

A lady in business in McLean has requested me to mention something about the possibility of organizing a Business and Professional Women's Club in McLean. This particular lady is very interested in getting one

started, and she is wondering if any other women of the community who work downtown might be interested.

Personally, I would like very much to see such a club formed in our community. There is such a club in Shamrock, and I also happen to know that Memphis has one. The women who belong are well pleased with the organization, and are very proud of what they accomplish.

The McLean News

McLEAN, TEXAS, THURSDAY, JULY 29, 1954

The town would be much better off if it had a Business and Professional Women's Club.

If you are of the female sex, work in or operate a business, and are interested, let me know and I'll pass the word along to the person who asked that this be put in the paper.

There are those in this community who have a habit of running it down by harsh criticism every chance they get. I have in mind at this particular time one particular person, but there are others.

This man is of the opinion that never will an industrial concern be interested in locating in McLean. Why he has that idea I don't know, except, perhaps, that his mind is warped in that direction. When a person's mind becomes so warped that he can never look at the bright side of life, then it's high time he did something about it. A sincere attendance at church would probably help more than anything else for such individuals.

Industrial firms throughout the nation, large firms incidentally, are reported to be looking for small communities in which to locate. There are several reasons. One of these reasons is to de-centralize their plants, to avoid ruin in case a war should come to this continent. Large cities will naturally be the first target of enemy bombers. Another reason is to get away from the concentrated power of labor unions; and in most small communities, this power would not be so pronounced. Another reason is to provide employees with a small town in which the employees and their families will be more contented.

McLean has as good a chance as any other town to land an industry in the present trend. Actually, McLean has a better chance, due to the proximity of an ample fuel supply; the

location on a major railroad; the location on a major, super highway.

The only reason one of these industries hasn't located here is because no one has tried to get one. Good things come not to those who do nothing for themselves, but only to those who help themselves through diligent work, concentration, and the will to get ahead.

As long as the gripers continue to gripe, they will have some influence on some people.

Frankly, I'm sick and tired of hearing griping; of the person who wants someone else to do the work; of those who criticize the town without any reason whatsoever.

If these people do not like it here, why in the h--- don't they leave?

Tonight is the date of the free demonstration meeting of the Dale Carnegie course to be offered in McLean. The meeting will be in the basement of the McLean Methodist Church, beginning at 7 o'clock.

You will be under no obligation to take the course merely because you attend this meeting. You can see for yourself what you will have an opportunity to learn, to enrich your life.

The course is open to both men and women, from high school age and up. Be at the meeting and find out for yourself whether you desire to avail yourself of this opportunity.

We now have one less kitten at our house, having delivered it to some unsuspecting person in another town quite a large number of miles away. Daughter Chris was filled with sorrow about the loss of one cat, but her sorrow was of short life.

However, we soon expect to have more young kittens about the place. Our mother cat has been keeping company with two

of her boy friends, one a black animal belonging to the Smiths and the other a bluish male belonging to E. B. Durbin. As yet, we have no idea what the new batch of kittens will look like. But Chris actually doesn't care. She likes them.

Having noticed that the Scottish guide usually wears bareheaded in all sorts of weather, the London sportsman made him a gift of a fur cap, the kind that has the heavy ear flaps for extra warmth. On his next visit to the hunting lodge, in the Highlands, he asked the old Scot how he liked the cap.

"I have not worn it since the accident," was the gloomy reply.

"What accident?" his benefactor queried.

"Jock McLeod offered to buy me a drink," sighed the guide, "and I didn't hear him."

Worry is stewing without doing.

Worry no more when you clad your car with Atlas tires, for they'll withstand this hot weather and the hot pavement. Drive in today and let us figure with you on a new set of tires.

SOME INSECT POISONS FATAL

Walk into practically any home gardening store in the state and ask for an organic phosphate insecticide. Chances are the clerk will sell you a bottle or package without fuss or bother.

What's wrong with that? Just that organic phosphates happen to be among the most deadly of chemical compounds, for humans as well as insects.

Last year a Texas rancher accidentally killed 48 cows by spraying them with the potent insecticide. He wanted to kill their insect parasites, and didn't realize the chemical was highly toxic for all warm-blooded animals.

A six-year-old Orceon boy found a bottle of TEPP, one of the organic phosphate insecticides, in a field near his home. Workmen presumably had left it after spraying an orchard. The curious lad spilled a cupful on his pants, and was dead in less than 24 hours.

Conscious of the same thing happening in Texas, State Health Officer Henry A. Hoile would like to make it hard for part-time home gardeners to buy the compounds.

Used as chemists intended, organic phosphates are a great

help in fighting agricultural pests," says the health official. "Used indiscriminately without protective clothing, they are lethal."

Organic phosphates were developed in Germany after the last war. They are the chemist's answer to demands from agricultural men for a real bug killer to combat hordes of insects which do billions of dollars of damage to crops annually.

In the hands of professionals, trained in precautions to be taken in using them, chances of accidents are slight. But in recent years, bottles and packages have appeared on retail shelves for home gardening use. Since then, incidents of human poisoning have increased.

The three most important types are tetraethylpyrophosphate (TEPP), hexaethyltetraphosphate (HETP), and parathion. All are sold under various trade names.

Most manufacturers spell out in bold black or red letters the fact that the contents are highly hazardous to humans, and recommend wearing respirators, rubber gloves, coveralls, and a rubber cap or hat when using the sprays. But warning labels don't always help. More states in the United States have names which originated from Indian words than from any other language.

40 Years Ago— IT HAPPENED HERE

Taken from the Files of The McLean News, 1914

About 40 young folks responded to an invitation given by Mrs. W. B. Upham to join her family in a picnic Tuesday at the Noel place. Each young lady took a dish, and when all was spread at the dinner hour there was a feast as only such occasions can boast. During the afternoon ice cream and cake were served, and the time for home-starting came all too soon.

Press Meeting

On Friday and Saturday of last week the hospitable city of Amarillo entertained the Northwest Texas Press Association, which is made up of newspaper men from all over this section of the state. There was a fairly good attendance, and the interest manifested in the proceedings and the splendid program rendered by the different contributors made it one of the most successful meetings the association has enjoyed during the 25 years of its history.

Amarillo's citizens contributed to the amusement of the visitors with a sumptuous banquet at the Harvey House, a line party at a local theater, and an auto ride over the city and surrounding country. Mrs. Richardson of the News and Miss Ethel McCurdy were among the invited guests and were made honorary members.

The next meeting of the asso-

ciation will be held at Henrietta, where it was originally organized 25 years ago.

Forty-Two Party

Mr. and Mrs. A. J. Mayfield entertained a few of the young people at their home on last Monday evening with a progressive 42 party in honor of Mr. and Mrs. J. J. Truscott of Maud, Okla., and Miss Monty Walker of Electra.

After an enjoyable two hours playing, talking, and joking at each other's expense, refreshments of lemon ice and cake were served. The guests all had a very pleasant evening and on leaving expressed their appreciation of Mrs. Mayfield's unique idea of entertainment.

Mr. and Mrs. Truscott returned to their home Wednesday.

Fancy Work Party

On Thursday evening of this week, the home of Mrs. George Garner was the scene of a very enjoyable gathering of ladies at a fancy work party given by the hostess in honor of Mrs. G. E. Meisheimer of Ava, Ill., who is her guest. A most pleasurable afternoon was spent at fancy work and a splendid two-course luncheon was served.

Besides the honoree, there were present Mesdames Fast, Veatch, Dorsey, S. O. Cook, Patterson, Wall, Holt, Sugg, McCombs, W. M. Massay, D. N. Massay, Wolfe, and Richardson.

SENATE JOINT RESOLUTION NO. 7 proposing an Amendment to the Constitution of the State of Texas, amending Article III, Section 13a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of some to actual bona fide citizens of Texas who are needy aged persons over the age of sixty-five (65) years, and needy blind persons over the age of twenty-one (21) years, and needy children under the age of sixteen (16) years, providing for the acceptance of financial aid from the government of the United States for such assistance; providing that the payments of such assistance from State funds shall never exceed either the payments from Federal funds or a total of more than Forty-Two Million (\$42,000,000) Dollars per year; providing for enactment of laws to make lists of recipients of aid subject to inspection; providing for the necessary election, form of ballot, proclamation, and publication, and appropriation of money to defray the necessary expenses of proclamation, publication, and holding the election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 13a of Article III of the Constitution of the State of Texas, be amended and the same is hereby amended, so that the same shall hereafter read as follows:

"Section 13a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions hereinafter contained, and such other limitations and restrictions as may be provided by the Legislature, and deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are actual bona fide citizens of Texas and are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years preceding the application for such assistance; and continuously for one (1) year immediately preceding such application; provided that the maximum payment per month from State funds shall not be more than Twenty (\$20.00) Dollars per month.

"(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any State supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years preceding the application for such assistance; and continuously for one (1) year immediately preceding such application.

"(3) Needy children who are actual bona fide citizens of Texas and are under the age of sixteen (16) years; provided that no such assistance shall be paid to any child over one (1) year old who has not continuously resided in Texas for one (1) year immediately preceding such application.

The Legislature shall have the authority to accept from the Federal government

SENATE JOINT RESOLUTION NO. 4 proposing an amendment to the Constitution of the State of Texas to provide a four-year term for elective district, county and precinct officers, staggering the terms of such officers by having certain holders of such offices be elected for terms of varying length in the November, 1954, general election; and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"Section 9. There shall be a Clerk for the State and county officers, and who shall hold his office for four years, subject to removal by information or by indictment of a grand jury, and conviction of a felony; and in case of vacancy, the Governor shall have the power to appoint a Clerk who shall hold office until the office can be filled by election.

Section 2. That Section 13 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"Section 13. There shall be established in each county a court of record, to be called the County Court, which shall be a court of record and there shall be elected in each county by the qualified voters of each county a Justice of the Peace, who shall be well informed in the law of the State; shall be a conservator of the peace, and shall hold his office for four years, and until his successor shall be elected and qualified. He shall receive as compensation for his services such fees and perquisites as may be prescribed by law.

Section 3. That Section 14 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"Section 14. Each organized county in the State now or hereafter existing shall be divided from time to time, for the convenience of the people, into precincts, not less than four and not more than eight. Divisions shall be made by the Commissioners Court provided for by this Constitution. In each such precinct there shall be elected one Justice of the Peace and one Constable each of whom shall hold his office for four years and until his successor shall be elected and qualified; provided that in any precinct in which there may be a city of 5,000 or more inhabitants, there shall be elected two Justices of the Peace. Each county shall in this manner be divided into four commissioners precincts in each of which there shall be elected by the qualified voters thereof one County Commissioner, who shall hold his office for four years and until his successor shall be elected and qualified. The County Commissioners chosen, with the County Judge as presiding officer, shall compose the County Commissioners Court, which shall exercise such powers and jurisdiction over all county business as is conferred by this Constitution and the laws of the State, or as may be hereafter prescribed."

Section 4. That Section 29 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"Section 29. There shall be elected for four years, who shall be clerk of the County and Commissioners Courts and recorder of the county, whose duties, perquisites and fees of office shall be prescribed by the Legislature, and a vacancy in whose office shall be filled by the Com-

missioners Court, until the next general election; provided, that in counties having a population of less than 5,000 persons there may be an election of single Clerk, who shall perform the duties of District and County Clerks.

Section 5. That Section 21 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"Section 21. A County Attorney, for counties in which there is not a District Criminal District Attorney, shall be elected by the qualified voters of each county, who shall be commissioned by the Governor, and hold his office for the term of four years. In case of vacancy the Commissioners Court of the county shall have the power to appoint a County Attorney until the next general election. The County Attorney shall represent the State in all cases in the District and inferior courts in their respective counties; but if any county shall be included in a district in which there shall be a District Attorney, the respective duties of District Attorney and County Attorney shall in such cases be regulated by the Legislature. The Legislature may provide for the election of District Attorneys in such districts, as may be deemed necessary, and make provision for the removal of District Attorneys and County Attorneys. District Attorneys shall hold office for a term of four years, until their successors have qualified."

Section 6. That Section 23 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"Section 23. There shall be elected by the qualified voters of each county a Sheriff, who shall hold his office for the term of four years, whose duties and perquisites and fees of office, shall be prescribed by the Legislature, and vacancies in whose office shall be filled by the Commissioners Court until the next general election."

Section 7. That Section 14 of Article VIII of the Constitution of the State of Texas be amended so as to read as follows:

"Section 14. Except as provided in Section 18 of this Article, there shall be elected by the qualified voters of each county, an Assessor and Collector of Taxes, who shall hold his office for four years, and until his successor is elected and qualified, and such Assessor and Collector of Taxes shall perform all the duties with respect to assessing property for the purpose of taxation and of collecting taxes, as may be prescribed by the Legislature."

Section 8. That Section 16 of Article VIII of the Constitution of the State of Texas be amended so as to read as follows:

"Section 16. The Sheriff of each county, in addition to his other duties, shall be the Assessor and Collector of Taxes thereof; but, in counties having 10,000 or more inhabitants, to be determined by the last preceding census of the United States, an Assessor and Collector of Taxes shall be elected as provided in Section 14 of this Article, and shall hold office for four years and until his successor shall be elected and qualified."

Section 9. That Section 44 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"Section 44. The Legislature shall prescribe the duties and provide for the election by the qualified voters of each county in this State, of a County Treasurer and a County Surveyor, who shall have an office at the county seat, and hold their office for four years, and until their successors are qualified; and shall have such compensation as may be provided by law."

RELIEF GIVEN QUICKLY WHEN AREA FLOODED

It took just three and a half hours for the state disaster relief organization, operating thru its control center in the bomb-proof basement of the new Department of Public Safety building in Austin, to assemble a complete 60-bed hospital set-up and arrange for airlifting it to Piedras Negras, Mexico, the border town so tragically stricken during the late-June flood disaster on the Rio Grande.

Word of the need was received at the control center about 7 o'clock June 30. By 10:30 the last item had been located and slated for airlifting via U. S. Air Force planes.

It began with a telephone call from Eagle Pass to the desk of the health department representative at the control center. The caller reported a wave of heat stroke and diarrhea, caused by exertion of salvage work in the death-like calm and humidity which followed in the wake of a 22-inch rain.

Needed immediately were beds, mattresses, linens, solutions of salts and nutrients to replace salt and body fluids lost to perspiration, vomiting and diarrhea. Sulfathiazole, needed as a treatment drug, typhoid vaccine for a vaccination program, and tubes, needles and various accessories were also requested.

Dr. T. E. Todd, the State Department of Health representative on the control center staff, immediately contacted the State Health Department biologies division, where a shipment of individual typhoid shots was ready.

Being the only physician present, Dr. Todd estimated amounts of intravenous fluids needed and decided on types to be sent. He recommended that in addition to the sulfathiazole, injectable slow-absorbable penicillin, and a generous supply of the newer antibiotics be included. The penicillin was to be used for children and adult vomiting cases.

His recommendations were relayed across the table to Marvin R. Warren, Federal Civil Defense Administration representative, who got them from a civil defense warehouse in Lake Charles, La.

In the interest of economy, and because of the important weight differences, canvas cots were substituted for hospital beds and mattresses. C. E. Anderson, United States Public Health Service representative, procured them with a telephone call to the Federal Surplus Commodity Corporation.

The Red Cross state relations representative, Ralph Husted, arranged for airlifting the supplies to Eagle Pass since there is no field at Piedras Negras. At Eagle Pass the materials were unloaded, reloaded into helicopters, and flown to Piedras Negras.

The first women colonists came to Virginia in 1608.

THANKS TO EACH OF YOU

I wish to thank all of you who supported me in the primary last Saturday, as well as in the previous races I have run. I also wish to thank you for the support and cooperation you have given me during the years I have served as your constable.

Naturally, I hate to lose the office, but I want you to know that I will cooperate in the future with my successor. I am particularly grateful to J. D. Fish for the fine, clean campaign he has conducted during the past months. He conducted the cleanest campaign of any opponent I have ever had.

Thanks again to each of you.

STRICT COTTON CONTROLS DUE AGAIN IN 1955

Stiff federal marketing controls on cotton production will likely be necessary for the 1955 crop, despite the fact that the U. S. Department of Agriculture estimates that the demand will exceed the supply of this year's crop.

The reason is that the 10-year surplus of cotton is still sufficiently large to leave a big surplus on hand.

The department has estimated that domestic and export needs for next season (coming theoretically from the 1954 crop) total 13.7 million bales of cotton. This is 1.4 million bales more than this year's crop.

In a report, the Agricultural Marketing Service estimated domestic mills' needs in the 1954-55 season beginning August 1 will be for 9.2 million bales, up about 600,000 bales from the season just ended.

The report said that military forces "may increase their textile purchases" which suffered a sharp reduction this season, and inventory adjustment in the textile industry "appears to have run its course."

Exports during 1954-55 will "probably increase" to around 4.5 million bales compared with 3,750,000 shipped abroad this season, the report said.

The hike in exports was based on predictions that cotton stocks overseas will be the smallest since the end of World War II—at the "minimum level needed to provide working stocks." Foreign exporting countries, the report revealed, "will have only small stocks available for export."

Mrs. Hershel McCarty and sons and Mrs. Odessa Gunn visited with Mr. and Mrs. Bill Carpenter in Perryton Sunday.

Mrs. Luther Petty attended the intermediate girls camp at Pan-Fork Encampment Tuesday and Wednesday.

FOUR McLEAN YOUTH ENROLL IN MUSIC CAMP

Four McLean High School musicians are among the more than 200 who have already made reservations for the second annual West Texas Music Camp, slated August 1-13 at West Texas State College. More than 300 students from the Tri-State area are expected to participate.

Planning to attend the camp, which emphasizes training in band, choir, and twirling, are Betty Dickinson, Gayle Mullanax, Rolena Chase, and Patricia Wiggins, all of McLean.

Among faculty for the camp are M. J. Newman, WTSC music department head and camp director; Dr. Alvin Edgar, head of the music department at Iowa State College; Ted Otis, five-time national twirling champion; Jack Lee, band director at the University of Arizona; Hiram Henry, director of the Oklahoma A. and M. band; Joe and Grace Eerryman, nationally known percussion authorities; Dr. Houston Bright, WTSC A Cappella Choir director; Royal Brantley and Miss Matilda Gaume, assistant professors of music at WTSC.

Students will attend classes, band and choir rehearsals, practice sessions, drum majors and conducting classes, and twirling sessions throughout the day during the two-weeks period. Three bands and a choir will be formed, as well as ensembles and twirling groups. In the late afternoons and evenings special entertainment has been planned.

A series of out-door concerts on the campus will be held almost every night of the camp, and the public is invited. Among concerts already scheduled are the Amarillo Air Force band, August 2; a musical comedy trio from the University of Oklahoma, August 4; a talent show with camp students participating, August 5; a big band concert, featuring Twirler Ted Otis, August 6; George Gershwin's "Of These I Sing," produced by the Amarillo Starlight Theater, August 9.

Johnny Lee Welton, magician and a WTSC student from Pampa, and the Amarillo Blackburn-Shaw quartet will join to entertain on August 10. A grand finale concert by the choir, twirlers, and the camp's three bands will officially close the West Texas Music Camp on August 13. All concerts, except the final one at 7:30 o'clock, will start at 8.

OUR DEMOCRACY—by Mat

—BIG, TOUGH AND ABLE—

NO JOB IS TOO BIG OR TOO TOUGH FOR THE COMBINATION OF SKILLED LABOR, EXPERIENCED MANAGEMENT AND MODERN PLANTS ON WHICH AMERICA'S PRODUCTIVE POWER RESTS. BUT THE EFFECTIVE UTILIZATION OF THIS POWER, YEAR IN AND YEAR OUT, DEPENDS ON MANY THINGS: A SOUND DOLLAR, FOR EXAMPLE, TO PROVIDE A STABLE MEDIUM OF EXCHANGE—AND OUTPUT CLOSELY GEARED TO PUBLIC DESIRES.

AMERICAN INDUSTRY REQUIRES, TOO, A CONSTANT FLOW OF NEW CAPITAL FROM THE THRIFT AND SAVINGS OF THE PEOPLE IF AMERICA, PRODUCTIVELY, IS TO KEEP BIG, TOUGH, AND ABLE.

My Sincere Thanks

To all of you fine people in south Gray County, I say thank you for the support I received in the first primary last Saturday.

I have tried to make you a good official for the past year and a half, and if re-elected to my second term, I will continue to do my best. I feel that the economies I have placed in effect during my administration, plus other features of better government for a greater Gray County, are actions which the people of Gray County desire.

It will be my intention to contact as many of you as possible during the next month, but I wish to take this means of soliciting your support. I want each of you to know I will again appreciate your vote in the second primary.
