Oba Kunkel of McLean suffered a broken hip bone when he fell near the McLean Electric company building Thursday morning of last week. Kunkel fell when he stepped on an ice-covered portion of the sidewalk, his hip apparently striking the edge of a concrete step at that point. He was treated here, and then taken to Highland General Hospital in Pampa. The break was a serious fracture, and he is expected to be hospitalized for several weeks. Kunkel is an employee of Puckett's Food Store.

R. N. McCabe was awarded \$10 in merchandise certificates at the regular Appreciation Day activities last Saturday in McLean.

The Liberty Home Demonstration Club will hold a bake sale Saturday morning, February 12, at Master Cleaners, starting at 10 o'clock.

The "World Day of Prayer" council invites all churches of McLean to worship at 11 o'clock February 25 at the First Presbyterian Church.

The Dixie Dice Little Show will present a valetine program Monday, February 14, on KGNC-TV, channel 4, at 8 o'clock. By popular request Jerry Stubblefield of McLean will be a guest performer.

Members of the senior class of McLean High School will sponsor a bake sale at the McLean Hardware building, beginning at 9 o'clock Saturday morning.

Gray County commissioners Tuesday approved purchase of land for right-of-way for U. S. Highway 66 for a total of \$14,500 from the Fraser estate. The price includes payment for fencing and utility line moving and farm land and for damages.

The proposed highway route, when widened into a four-lane divided highway, will go within 20 feet of the old Fraser house, built about 6 or 8 miles east of Groom before the county was organized. The damages assessed were mainly for the work which will affect the large, three-story house.

The state highway department proposes to widen the highway on west to the Gray County line as its next project in making the highway a four-lane road across the Panhandle. Work is now in progress on widening about six miles of the road; when this is completed, the four-lane road will extend from the Oklahoma line west to Jericho.

Mr. and Mrs. Bob Turner of Pampa visited with her mother, Mrs. O. K. Lee, Monday.

Mrs. Jim Simpson spent the week-end in Pampa with Mr. and Mrs. Lloyd Simpson.

Mrs. Joe Street and son of North Carolina are visiting with their mother and grandmother, Mrs. O. K. Lee.

Mr. and Mrs. W. W. Shadid of Abilene visited with friends here Tuesday.

Lions to Sponsor Beauty Contest Again This Year

The McLean Lions Club will again sponsor a queen's contest to choose a representative from McLean for the annual Lions International District 2-T1 contest, to be held at Lubbock in April at the Lions district convention. Time for the local contest has not yet been set.

Under new regulations set up by the district Lions officials, only high school girls will be eligible to enter. The girl must attend a high school in the community which she represents, and her parents must live within that school district. In past years, girls in past 21 years of age, unmarried, were eligible. There is no age limit this year.

The contest will be a highlight of the district convention this year, McLean Lions President J. W. Meacham explained. The girls entering the contest will be afforded more recreation than in the past, and Lions officials believe that all contestants will enjoy the event much more.

SCOUT FUNDS DRIVE TO BE NEXT TUESDAY

The annual one-day campaign to raise funds to aid in the support of the Adobe Walls Council, Boy Scouts of America, will be held next Tuesday, February 15, J. C. Claborn, general chairman of the drive, said this week.

A kick-off breakfast will be held Tuesday morning at 6:30 o'clock at the McLean Methodist Church. All team captains and their workers will attend the breakfast, and then start their solicitations. Claborn stated that it is believed that the drive can be completed in one day.

Team captains and their workers are as follows: Hickman Brown, captain, Jimmie Don Morris, Buddy Sutton, Freeman Melton, Elmo Whaley, and Clyde Andrews; Emory Crockett, captain, Richard Baek, Bill Reeves, Gene Greer, David Dwight, and Ruel Smith; George Saunders, captain, Amos Page, Harold Butrum, M. G. Mullanax, Hap Rogers, and Boyd Meador; Larry Fuller, captain, E. J. Conner Jr., J. D. Coleman, Bill Day, Marvin Hindman, and Vernon Gibson; and Odell Mantooh, captain, S. A. Cousins, W. W. Boyd, Clifford Allison, Earl Stubblefield, and E. J. Windom Jr.

The money contributed during the drive is used to further Scouting in numerous ways, the chairman stated. It is used for training volunteer leaders, organization of new units, maintenance of council offices, salaries for Scout executives (the men in council who work full-time on Scouting), and improving and maintaining camps, such as Camp Ki-O-Wah, near Canadian.

The Adobe Walls Council has approximately \$40,000 invested in Camp Ki-O-Wah, Claborn said. Each of the workers attends the breakfast, and there he is given a list of prospects to call upon during the day. After he has made his calls, he reports to his team captain and the general chairman at a report coffee late in the day. The team captain who has all of his workers present first at the kick-off breakfast will be given a "year's supply of eggs," Claborn said.

No goal in money is set in the drive. Workers, however, can be, and contributions are made as many prospects as possible; whatever amount the donor wishes to give.

Wasn't Much Rain, But .15 of an Inch Was Most Welcome

It wasn't much moisture, but every little bit helps.

That moisture came Thursday of last week, in the form of a couple of light showers, and some freezing fog. The total recorded on the official rain gauge of Pete Fulbright, local weather observer, was .15 of an inch. The year's total now stands at .49 of an inch.

Thursday beamed out cold and foggy, and remained that way all day. During the day, two light showers fell, yielding most of the .15 of an inch which fell.

Part of Friday was cold and foggy, but the weather improved Saturday, and continued to improve during the first half of this week.

MARCH DIMES DRIVE BRINGS TOTAL OF \$883

A net total of \$883.06 was collected during January in the annual March of Dimes drive for funds for the National Foundation for Infantile Paralysis, Larry Fuller, local chairman, reported this week.

The figure was about \$367 lower than the amount contributed locally a year ago, Fuller said. A breakdown of receipts shows the following: donations from schools, \$73.81; residential and business coffees (this also includes that for 10-cent coffee on Saturday, January 22), \$447.89; coin collectors, \$68.78; returns from cards mailed out, \$64.50; Amarillo telethon program, \$25.50; all other activities (this figure is less all expenses during the campaign), \$20.58.

Fuller explained that contributions through the coin collectors and the cards mailed out were considerably lower this year than last, accounting in some measure for the drop in total receipts. "As chairman of the drive, I would like to express my sincere thanks to all who aided in the drive, including those who contributed as well as those who worked in the various phases. I am particularly grateful to the members of the McLean Lions Club, who contributed a great deal of time in the various projects during the campaign," Fuller said.

SCHOOL BUS, CAR COLLIDE; THREE HURT

Mrs. J. H. Flesher of McLean was injured, and two school children slightly hurt, when a school bus and a car driven by Mrs. Flesher collided in the northwest part of McLean Tuesday morning at about 8:30 o'clock.

The school children suffered only very slight injuries, and were released after treatment here. Clyde Allen Windom suffered a bruised nose, and Joyce Beasley had a lip cut.

Mrs. Flesher, knocked unconscious momentarily by the impact, was taken to Worley Hospital for further examination. She was still hospitalized Tuesday noon, and the extent of her injuries was not learned here, although she was not believed to be seriously hurt.

The accident happened when the bus, driven by Harold Bunch, local high school teacher, collided with the car at an intersection. The bus, loaded with about 16 children and headed east to take the children to school, struck the Flesher car on the left side near the rear door. Mrs. Flesher was traveling north.

Mrs. Flesher was thrown from the car on the side opposite to the steering wheel, and the car was turned around by the impact. Mrs. Flesher was knocked unconscious for a brief moment, but was able to get up after a short time. She was taken to Pampa later for further examination.

The car was badly damaged by the crash. The front end of the bus was damaged considerably. No estimate of the damage to either vehicle was reported.

ATTEND FUNERAL

Out-of-town relatives attending the Frank Wiggins funeral services here last Wednesday were Mr. and Mrs. Ed Wiggins of Abilene, Mr. and Mrs. E. M. Wiggins of Kermit, Mr. and Mrs. J. P. Dunham and children of Wichita Falls, Mrs. Wesley Wiggins and Miss Maggie Wiggins of Bowie, R. R. Dunham of Amarillo, Mr. and Mrs. Robert Wiggins of Fort Worth, Mr. and Mrs. Eli Clement and children and Mrs. R. D. Dunham of Lamesa, and Mrs. Elmer Clement and daughter of Wellington.

LIONS NAMED SPONSOR OF SCOUT TROOP

The McLean Lions Club has taken over sponsorship of the local Boy Scout troop, it has been announced by Dr. J. H. Kritzer, recently-appointed Scout commissioner for the McLean area. The troop has been sponsored for the past few years by the American Legion.

Serving as Scoutmaster is David Dwight. He had been Scoutmaster for a number of months while the troop was sponsored by the Legion. Application for a charter to operate the troop here is being made.

Dr. Kritzer, who serves as a liaison man between McLean and the Adobe Walls Council whose office is in Pampa, was named to the place as commissioner a few weeks ago. Since that time, he has been active in working out plans to make the local troop one which will better serve its purpose in training boys.

A new troop committee chairman, Larry Fuller, has also been selected. Other committeemen are to be named this week. The troop committee is actually the governing group for the local troop.

Vernon Gibson, member of the Lions Club, will serve as the club's representative in directing the activities of local Scout work. Still another recent appointment was that of Lester Campbell as a member of the executive board of directors of the Adobe Walls Council. The board consists of 46 men representing the 15 counties in which the council has jurisdiction over Scouting work.

ROCK ISLAND MAY REDUCE TRAIN SERVICE

A proposed plan—which, if placed into effect, would reduce McLean's four trains per day to two—has been advanced by the Rock Island railroad, according to a story in Sunday's issue of the Amarillo Daily News.

E. J. Lander, local Rock Island agent, said this week that he has had no official notification of any definite plan, although he did understand that some changes were being contemplated by the company's management.

According to the Amarillo paper, the railroad officials are discussing their proposed application to state regulatory bodies with residents of cities and towns along the 875-mile line from Tucumcari, N. M., to Memphis, Tenn. At these meetings, company officials say that eliminating the two trains from the present four-train daily schedule will result in better service. The two remaining trains would be "streamlined," they say, and would replace the present "conventional" equipment.

In addition, the railroad proposes to end passenger transportation service between Amarillo and Tucumcari. Now the Rock Island feeds passenger traffic into Tucumcari from two directions. Its main line moves from Chicago southeastward to a junction with the Southern Pacific at Tucumcari. The other line brings traffic to the Tucumcari terminus from Memphis through Amarillo.

Schedules are supposed to provide faster service to the west coast if the proposed ideas are put into effect; however, the time between Amarillo and Memphis would not be improved to any extent.

ANNETTE SMITH, daughter of Mr. and Mrs. J. N. Smith, was crowned basketball queen Tuesday night when the McLean and Groom teams met for a non-conference game. At the half-time during the boys game, the Tigers lined up in two lines, and Annette was escorted to her throne by Jimmy Farren and Ricky Mantooh. She reigned over the remainder of the game. Incidentally, both the boys and the girls of McLean High School won their games over similar teams from Groom.

Bond Chain Letter—

BLOWS IN, BOWS OUT

The Panhandle of Texas—and McLean was no exception—was hit by an old chain-letter deal (with a bit of a new twist) last week-end; and the craze quieted down as quickly as it had started.

The bond-selling deal hit the town with fury Thursday morning of last week, and had enveloped quite a number of local citizens by late Friday. Then publication of a story in the Amarillo Daily News Saturday morning to the effect that the deal included possible illegal tactics stopped the bond-selling mighty fast.

The deal goes something like this:

A participant buys two bonds, giving one to his sponsor (the person who brought the chain letter and list of names to him) and the other to the person whose name heads the list of 11 names on the letter. He then scratches the top name and adds his to the bottom.

Next he must convince two friends to join the scheme and thus collect a bond from each of them and assurance that they will perpetuate the chain. Theoretically, if a bond buyer's name reaches the top of the list, he receives 2,048 bonds (cash value of \$38,400).

The scheme in McLean was for \$18.75 bonds (\$25 at maturity), although other parts of the state have reported the bond value was double (\$50 on maturity).

Reports Thursday and Friday in McLean were that numerous citizens in such localities as Childress, Clarendon, Memphis, and Amarillo, had already begun to receive bonds back spurred the plan here. One citizen in Clarendon reportedly had already

'WHITE DEER' HOST AT MEET THIS WEEK-END

Four boys teams and four girls teams will vie for District 1-A championship honors this week-end, when the annual district tournament is held at White Deer.

One boys game and one girls game will be held each of the three nights of the tourney—Thursday, Friday, and Saturday nights.

The schedule received this week by school authorities pits the McLean boys team against the Panhandle boys in the second game of the tournament tonight. Prior to the boys game, the Panhandle girls will meet the Memphis girls, beginning at 7 o'clock.

Friday night, the McLean girls meet the Canadian girls in the first game at 7 o'clock; and the Gruber boys play the Clarendon boys in the second game.

In the play-offs Tuesday night, the Panhandle boys downed the White Deer boys to earn a place in the tournament; and the Canadian girls whipped the Gruber girls to become eligible for the meet.

The two top teams of the northern half of the district in both the boys and girls divisions, and the two top teams of the southern half of the district will be eligible to enter the meet.

The McLean teams, both boys and girls, finished on top of the heap on the southern district, the boys with a six victory, no loss record, and the girls with a five victory, one loss record. Clarendon's boys will be the other male team from this half of the district, and Memphis will be the girls representative.

In the northern half of the district, the Gruber boys finished on top; tying for second place (Continued on back page)

SCENICRUISER Service Starts. Greyhound's new double-deck Scenicruiser goes into operation here today on a through-bus schedule from St. Louis to Los Angeles. The route takes the Scenicruiser through such key cities as Oklahoma City, Amarillo, and Albuquerque, N. M. The Scenicruiser costs nearly \$50,000 and boasts panoramic view and a complete washroom.

New Scenicruiser Bus Goes in Service

Greyhound's luxurious new double-deck Scenicruiser begins servicing McLean today, J. S. Judd, general traffic manager for Southwestern Greyhound Lines, announced this week. The Scenicruiser—carrying a price tag of nearly \$50,000—will operate through schedules to Los Angeles and St. Louis. Departure times are 2:28 p. m. and 5:31 a. m. west and 4:01 p. m. east. Five hundred of these new highway travelers are going into

service all over the country on Greyhound's extensive network of transportation lines. The Scenicruiser features such innovations as raised observation deck, panoramic picture windows, improved air-conditioning, Greyhound's famous air-suspension ride, individual smoking vents, individual overhead lighting, and completely-equipped washroom. The bus is 40 feet long and seats 43—33 on the upper deck and 10 on the lower.

Twin diesel engines, either of which can propel the bus and run accessories alone, are mounted as single unit for quick removal for repairs. Air-suspension floats the Scenicruiser on pillars of compressed air. Power steering and power brakes insure positive control by driver. The Scenicruiser was developed after 15 years of design and experimentation by the Greyhound Corporation.

INCOME TAX FACTS No. 1
New Federal Tax Law May Save You Money

(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the Texas Society of Certified Public Accountants.)

The "Ides of March" will no longer hold any terror for the average taxpayer, but the new tax deadline of April 15 can be just as alarming if you don't start early to prepare your federal income tax return. To help you get started this newspaper is publishing a series of articles prepared with the help of the national and state organizations of certified public accountants. Use these articles, together with the instructions that come with your federal income tax forms, to guide you in making out your return. Most taxpayers report their income for the calendar year on a cash basis, and the new rules are explained here as they apply to these typical taxpayers. Anyone who uses a different fiscal year or reports on an accrual basis should check the official instructions to see how he is affected.

Completely Revised Tax Rules

Last August the Internal Revenue Code was completely overhauled by Congress and thousands of changes were made affecting taxpayers. It is estimated that every year a million taxpayers overpay their income taxes by a total of more than \$100,000,000. More millions of taxpayers pay less tax than is due, making them liable for assessments, interest and possible penalties.

With the many changes of the new law there is even greater danger of mistakes this year unless you read the instructions and prepare your tax return with great care. This is a good reason for starting long before April 15. Here's another:

You May Get a Refund

If you find that more tax has been withheld from your wages than you actually owe, you will be entitled to a refund of the difference. The sooner you file your return, the sooner you are likely to get your refund.

What are the chances of a refund? Well, your tax will probably be less because of the reduction of approximately 10% in tax rates since last year, but you have been getting the advantage of this re-

duction all through the year in the form of reduced withholdings from your pay. Many newly authorized deductions, however, may cut down your tax bill below the amount that has been withheld, thus entitling you to a refund.

New Savings This Year
Here are some of the changes, to be discussed in later articles, which may cut your tax this year:

1. More single persons are entitled to "head-of-household" status.
2. Medical expenses are deductible to a greater extent.
3. Certain health and accident benefits are not counted as income.
4. The \$600 exemption applies to various dependents not previously eligible.
5. A special deduction of as much as \$600 for child care is now available in some cases to working wives widowed and divorced persons.
6. Tax may be reduced by new credits for dividends and retirement income.
7. Salesmen and other employees who travel may benefit from new rules on expense deductions.
8. New provisions may benefit anyone who bought or sold a home in 1954.
9. Farmers get new deductions for soil and water conservation expense.
10. Businesses are helped by liberalized depreciation rules and other changes.

Additional Information
Be sure to read the official instructions. You can also get help from the Internal Revenue Service, which urges you to consult only qualified advisors.

A most enjoyable evening was spent at the D. B. Veatch home on Friday of last week when the good hostess entertained a number of young people with a party for Miss Frances Morgan. The feature of the evening's enjoyment was progressive 42 in which the entire crowd took part with a zeal that made the competition unusually keen for first honors, which finally fell to Mrs. Neville Hearn. An impromptu musical program by different members of the party added to the pleasure of the occasion, but the crowning feature was the delicious luncheon of fruit and nut salad, cake, and chocolate.

The dawning of a new day finally brought the merriment to a close, and in parting the guests expressed themselves as having the time of their lives.

The Veatch home is ever a hospitable one and on occasions like this joy is unconfined and pleasure sits enthroned.

During the hours from 3 to 5 o'clock Friday afternoon of last week the home of Mrs. T. J.

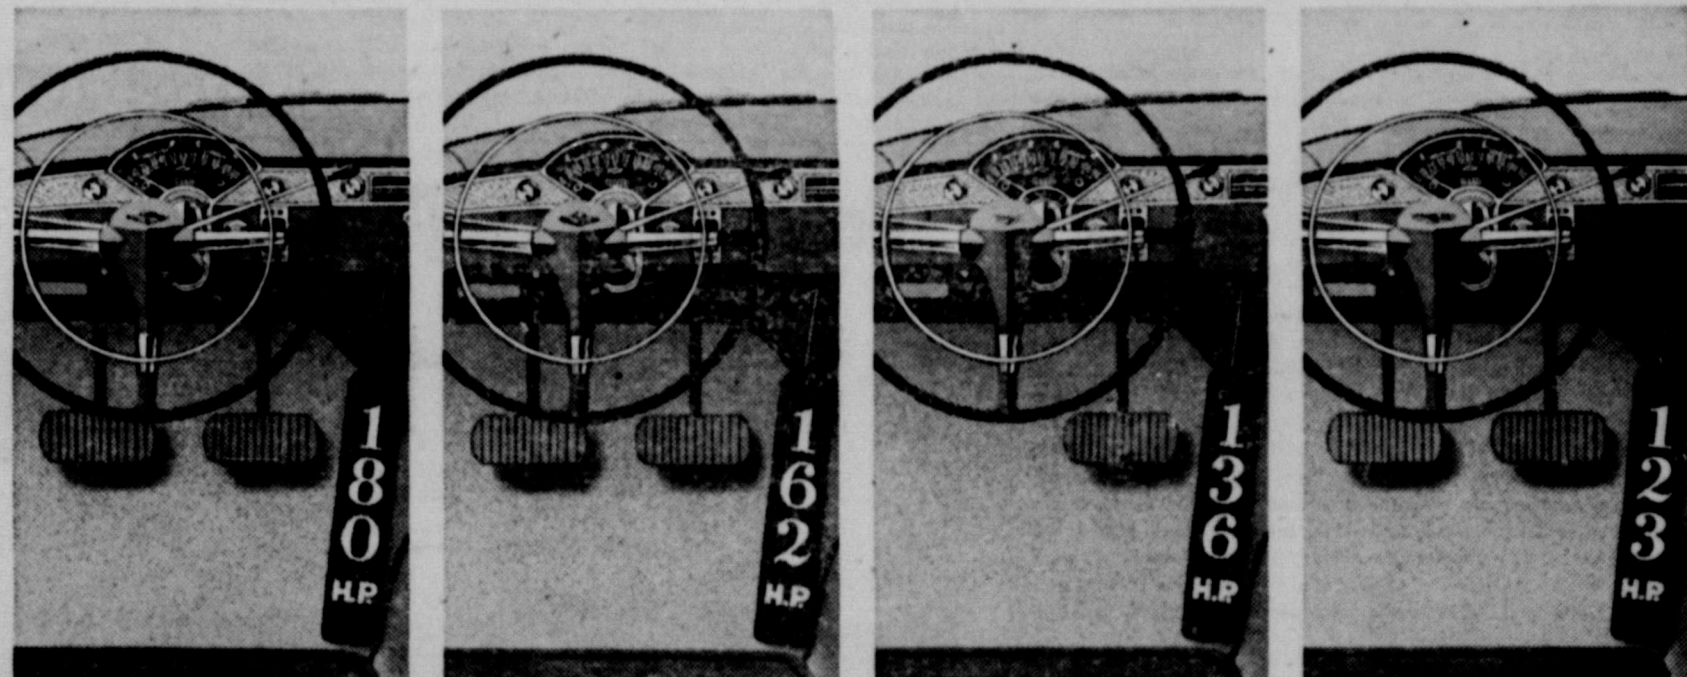

Coffey was the scene of a lovely reception when Mrs. Coffey entertained complimentary to her mother, Mrs. J. C. Coffey, and her sister, Mrs. J. A. Yarborough, both of Erick, who were her house guests. The hostess had prepared a special program of instrumental and vocal music, interspersed with recitations, the crowning number being a beautiful old ballad, "My Mother Old and Gray Needs Me Now."

During the afternoon delicious punch and coffee were served. Mrs. Coffey was assisted in entertaining by her sister, Miss Etta Storks.

About 20 guests were present.

On Tuesday afternoon of last week Mrs. W. H. Holt entertained the "Do As You Like It" Club in her usual charming manner. As is the custom each lady brought her fancy work and also a store of rich jokes and stories, taking their turn to entertain the crowd. Some splendid musical numbers were rendered by the musicians present. Refreshments consisting of salad, sandwiches, tapioca pudding, chocolate and cake were served to the

Created for drivers who put a premium on blazing acceleration, the "Super Turbo-Fire V8" has all the advanced engineering features of Chevrolet's V8 design . . . plus dual exhaust system and a four-barrel carburetor. Optional at extra cost.

A silk-lined cyclone of power, the "Turbo-Fire V8" boasts the shortest stroke in the low-price field. More compact than other V8's, it has the highest compression ratio (8 to 1) in its class . . . and the exclusive Chevrolet 12-volt electrical system.

The "Blue-Flame 136" takes advantage of the cushioning effect of Powerglide* to set the standard of six-cylinder valve-in-head efficiency, gives the ease of automatic shifting at lowest price. It, too, has 12 volts . . . and quiet hydraulic valve lifters.

The ultimate development of Chevrolet's 26 years' experience with the valve-in-head six, the "Blue-Flame 123" is the world's yardstick for automotive value. And its thrifty 7.5 to 1 compression offers performance that is gratifyingly smooth and lively.

THE FOURTH ESTATE

ONE OF THE OLDEST, strongest and best institutions in American life is the weekly newspaper. Almost anyone will agree that a town without a paper doesn't amount to much. The weekly is a running record of history—of life and death, of tragedy and achievement, of change and progress. It is a fighter of battles in causes it holds to be right—in politics, economics, civic problems of many kinds. It is close to the people who read it and whose activities make it. More than any other factor, probably, it binds the community together, providing purpose, coherence, and direction.

Yet, like so many other good and essential things, most of us take the country paper for granted. Year in and year out, without fail, it comes to us each week. It's not likely that many think of what life would be like without it.

Now and then, however, the weekly gets some of the credit it deserves. That has happened on several occasions in recent months. An interesting example is found in a bill introduced by Senator Daniel of Texas, on behalf of himself and Senator Johnson, the new majority leader, providing for the establishment of a National Library of Weekly Newspapers. A companion bill was introduced in the House by Representative Gentry of Tyler.

In a speech on the Senate Floor, Senator Daniel said: "This bill would help to preserve that great portion of the true history of our nation which is recorded in pioneer weekly newspapers and in currently published weekly papers of the United States. . . . During the early years of our nation's history we had only weekly newspapers. Even today, the educational, social, political, and religious history of a great portion of our population can be found only in the files of these weekly publications. . . . There are thousands of weekly newspaper files which have been preserved. Others have been destroyed, and in the future there is likely to be continued loss of this valuable historical material unless something is done to encourage its preservation."

Another tribute came from a big-daily newspaperman—Lloyd Taft, son of the late Senator Robert Taft, and assistant publisher of the Cincinnati Times. He told a press association gathering that "Big city papers talk more and more about editorial influence and exercise less and less of it, while weeklies continue to gain an advantage."

An extraordinary example of this influence occurred last November in South Carolina, a state in which nomination on the Democratic ticket has always been tantamount to election. Due to certain political developments, a feeling grew that this time the voters were getting a bad deal. A campaign was started urging that voters write-in the name of J. Strom Thurmond instead of marking the ballot for the regular Democratic nominee for the U. S. Senate. This campaign was supported by 73 of the state's 86 non-dailies, along with all but two of the 16 dailies. Even though former Governor Thurmond is a popular figure in the South, success seemed impossible—no U. S. Senator had ever been elected by write-ins; the established political organizations were naturally 100 per cent against the movement, and South Carolina balloting methods make the write-in process mechanically difficult. But the press shot the works on Thurmond's behalf. The results: There was an avalanche of write-ins and he won by a majority which, under the circumstances, was all but unbelievable—143,444 to 83,525. The papers were so decisive a factor in bringing this about that Editor & Publisher wrote: "When J. Strom Thurmond took his place in the United States Senate . . . he could have raised his good right hand, if he were so inclined, and sworn truthfully that he represented the Fourth Estate."

The judge was giving the defendant in a divorce action a rather stern lecture over his actions in abandoning his wife. Concluding his remarks the judge said, "So I've decided to grant your wife \$40 per month."

"That's fine, judge," the worried defendant said, brightening. "You know, I think I'll try to slip her a couple of bucks every now and then myself."

He who laughs last probably had intended telling the story himself.

LES TALK

By LESTER

For some reason, the exact nature of which I am unaware, we have received more compliments on this little paper during the past six months than received during the other years I have been in McLean.

And to us most of the compliments have seemed to be sincere.

Of course, we still take the gentle ribbing occasionally, but most of that comes from true friends and we expect it. The compliments frequently come from people we had never expected to think much, if anything, of the paper.

Naturally, we appreciate those kind words just as any person who operates any kind of business or service would. Even though business conditions may not be the best in history, such kind words tend to spur us on in an attempt to give our readers just as interesting a paper as possible. We would like to run more pictures than we do, for example, but the high cost of engravings limits us in this field. We would like to run more features than we do, but the cost factor on bought features and the time factor on local features prohibits additional features.

What we would really like to have is more advertising. If we did, we would have more money to spend on the improvement of the paper, and our merchants would soon discover that advertis-

ing is not an expense but an investment calculated to bring in business when business is needed.

Perhaps one reason some merchants do not run ads, or more than they run, is because the public does not make these merchants aware that the ads are pulling in prospective customers. If every person who read an ad in this paper, or any other paper, would mention to the merchant running the ad that the person had seen it and was answering it, then the town concerned would prosper by leaps and bounds.

Last week I visited in Shamrock for a few hours one afternoon. Business there is just about like it is here. Merchants there, like merchants here, are sitting back and waiting, without working, on business conditions to return to the busy days of 1947, 1948, and 1949. It was in those years that most business men found they had to do nothing to do but wait for customers to come in and let the customers practically take away from the merchant what was sold. In other words, there was no need to do much merchandising, little need for sales talk, etc. Times have changed back to a more normal pace—and this normality doesn't apply to McLean alone, but to practically every community in this nation.

Another thing which has always bothered me is the thought that something is not worth the asking price because the fellow selling it is making too much off of it.

When I consider making a purchase, I am not bothered in

the least by what the seller is going to make off the purchase. I am interested in whether I will get my money's worth; if I think I will, then the price is not too high and the seller's profit is not too long. It doesn't matter to me what he makes off the deal—that's his concern. It does matter to me whether the purchase will be worth the cost to me.

As most of you probably know by now, the chain bond-selling racket has taken this part of the country, including our community of McLean.

Personally, I am not particularly interested in whether the affair is illegal or not. But you can rest assured that if you make one bond out of the deal, or 2,048 bonds, that one person or 2,048 persons are going to lose that much. Before the craze is all over, several hundred thousand people will lose money in this newest type of chain letter, get-rich-quick scheme.

For those of you who may not be acquainted with the racket, it goes like this:

You are presented with the chain letter—not through the mails—but in person. To qualify, you must send the person whose name is at the top of the list of 11 names, one \$18.75 bond (\$25 bond at maturity); and you must also give the seller one bond of the same value. Then you make two copies of the letter, and sell them to some other unsuspecting soul, listing your name at the bottom of the list and taking the top name off. Thus you were out two bonds—one to the person at the top of the list and one to the person who brought the letter to you. You get your two bonds back when you sell your two letters. Eventually, when your name reaches the top

of the lists, you should receive 2,048 bonds, each with a cash value of \$18.75, provided, of course, the chain is not broken before that time. You will receive then (if all goes as it should) a total of \$38,400 in bonds.

Sounds wonderful, doesn't it? However, to make the plan continue in operation indefinitely, so that no one would lose, it would eventually be necessary for you to keep on buying and

until all that you had received from it had been put back in it. Otherwise, you would soon run out of people. Those last several hundred thousand people who can find no buyers for their letters will be the ones to suffer. Get-rich-quick schemes always have their goats.

Only Car at its Price*... So Smart! So Big! So Powerful!

*You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars!

Whatever you want most in a car—beauty, size or performance—you get it in extra measure in a Pontiac. In fact, when you choose Pontiac the decision comes very easily—because Pontiac alone, at its price, gives you everything!

For example, take Pontiac's distinctive smartness. Certainly there is no question on this point. Pontiac is the one car that stands apart from all the others.

If it's size and big-car sure-footedness you want—Pontiac's your car! Pontiac's long wheelbase—124 inches in the Star

Chief, shown here, and 122 inches in the 860 and 870 series—is the plus wheelbase that provides the roominess, the comfort, the satisfying road-hugging security that only a big car can supply.

As for performance—once you get behind the wheel you have all the proof you need that Pontiac is way ahead in this department, too. Pontiac's spectacular performance starts with the most modern engine of all—the powerful new Strato-Streak V-8—specifically designed for Pontiac's all-new chassis to give you balanced

performance. That means smooth, eager getaway in traffic; power to spare on the open road; and even more of Pontiac's traditional economy, dependability and long life.

All this adds up to a wonderful car and—with Pontiac's remarkably low price tag—a very wonderful buy. Come in soon and talk dollars and cents. If you're in the market for any new car, you'll discover you can easily afford all the pride and pleasure of a big, powerful, luxury-loaded Pontiac.

Bethie Mantooth,
Lt. Gilbert Stribling
United in Marriage

Marriage vows for Bethie Vonn Mantooth, daughter of Mr. and Mrs. O. F. Mantooth, and Lt. Gilbert Taylor Stribling, son of Mr. and Mrs. J. O. Stribling of Shamrock, were read Friday, February 4, at 6:30 o'clock in the McLean Methodist Church.

Rev. C. W. Parmenter of Big Spring, former local pastor, read the double-ring ceremony against a background of jade palms, baskets of pink snapdragons and blue poms, and candelabra bearing blue tapers.

The bride, given in marriage by her father, wore a champagne beige duster of moray faille lined with blue taffeta, over a champagne beige princess style jeweled bodice, baby blue satin dress of moray faille with a pill box hat, and beige sandals. She carried a white Bible topped with blue carnations, blue lace, and blue streamers.

Mrs. Bill Reeves, sister of the bride, was matron-of-honor. She wore a street-length pink faille dress with pink accessories, and carried a pink colonial bouquet with silver lace.

The best man was the groom's brother, James Paul Stribling of Longview. Ricky Mantooth, brother of the bride, and Bryan Close of Shamrock served as ushers and candlelighters.

Mrs. Frank Rodgers, organist, and Mrs. Bill Day, pianist, played the traditional wedding music. A quartet composed of Bill Day, Bill Reeves, George Saunders, and Joe Coleman sang "Toll Me Why," and "The Lord's Prayer," the prayer being sung after the exchange of vows.

For her daughter's wedding, Mrs. Mantooth chose navy blue with pink accessories, and a pink corsage. The groom's mother wore navy blue with white accessories, and a white corsage.

Following the ceremony, a reception was held in the home of the bride's parents. The refreshment table was laid with a handmade lace cloth, with a centerpiece of blue mums, pink snapdragons, and pink candles.

Floella Cubine and June Stubblefield served the wedding cake and punch. Guests were registered by Dortha Chase. The three girls are students at West Texas State College in Canyon. Background music was furnished by Barbara Carter and Donna Ruth Magee.

Mrs. Stribling is a graduate of McLean High School and was a sophomore student at West Texas State College.

Lt. Stribling is a graduate of Shamrock High School, and a B. B. A. graduate of Texas A. and M. College. He is now stationed at Ellington Air Force Base in Houston.

The bride's going-away attire was a powder blue nylon and cotton dress with white accessories.

The couple is at home in Houston.

High, Mighty and Fancy

POKING ITS lean, sensitive needle nose these days around the corner of the future—and major arteries of American cities—is what the bubble gum set considers the ideal vehicle for travel in outer space. Though necessarily land-based, it's authentic down to the last "research" instrument scientists say will be ultimately employed when interspace flight finally becomes a reality.

ROCKET WAS built by Gordon Baking Company, Detroit. Children who inspect model are amazed at realism of it all. Use of sound, gadgets provides "trip" to moon.

IN REALITY, rocket is television fantasy's version of vehicle Rocky Jones, Space Ranger, above right, other members adventure series use in outer space.

BRONCS TAKE CAGE TOURNEY AT ALANREED

The two Clarendon teams, boys and girls, made a clean sweep of the Alanreed grade school basketball tournament held Thursday, Friday, and Saturday of last week.

The Clarendon boys downed the Alanreed boys 23-20 in the finals Saturday night to win the crown; and the Clarendon girls ousted Lela 46-38 for the girls division title.

In winning the title, the boys whipped Groom, the Amarillo Maverick Club, and finally Alanreed. The Clarendon girls took successive wins from Groom, Kellerville, and Lela to finish on top.

In the boys division, Lefors whipped the McLean lads 34-14 to win consolation honors. In the girls bracket, consolation honors went to Groom, with a 33-20 victory in the finals over McLean. The Lefors boys lost first to the Maverick Club, and then won over Groom and McLean. The Groom girls lost out to the Clarendon champs, and then defeated Lefors and McLean.

Trophies were awarded to first, second, and consolation winners in each of the two divisions. Sportsmanship trophies were also awarded, with McLean copping the boys trophy, and Kellerville the girls trophy. These latter awards (the trophies were the finest given at the meet) were based on the sportsmanship, attitude, spirit, and desire, and conduct of the teams; and on the conduct of the teams' followers and fans.

Cagers—

(Continued from page 1)

were White Deer and Panhandle with three victories and three losses each, and the two teams were to meet in Panhandle Tuesday night to decide who would be eligible to enter. The Panhandle girls, winning six and losing none, will be one northern representative; Canadian and Gruber girls were to meet at White Deer Tuesday night to determine which of these will be eligible. The tournament will be a single elimination affair. One loss will mean elimination from the tournament, and consequently loss of the district championship. Two games will be held each of the three nights, with the girls game beginning at 7 o'clock and the boys game following immediately thereafter. The finals will be Saturday night. Admission will be 75 cents for adults and 35 cents for students.

The two McLean teams concluded their district games last Friday night at Memphis. The boys won handily 68-46. The girls, although they had downed the Memphis lassies here 69-37, dropped their game at Memphis by a 58-53 score.

By decision of the executives of the district, the eight teams were divided into the north and south zones when the district schedule was prepared. Each team played the other three teams in its zone twice during the season; the two top teams in each zone were thereby to be eligible for the district tourney. Winners of the tournament, in both the boys and girls division, will represent District 1-A in the bi-district games.

Piping Hot Meat Pinwheels For Luncheon . . . Supper . . . Parties

Once you've sampled these Meat Pinwheels you'll think of a dozen occasions for which they're appropriate. They look so special that first thoughts turn to social refreshments . . . luncheons for guests or supper after evening bridge, for instance. But you'll certainly want to put them down for family luncheons and suppers, too.

And are they tasty! They offer the savoriness of meat, balanced by the fruitiness of apple sauce, and a delicate moistness that's a contrast to the crispness of biscuit, rich and short. Meat Pinwheels are most simple to make. You use canned apple sauce—the right consistency—the proper tartness of flavor—and no effort. You may use left-over baked ham or canned luncheon meat—another easy step. From start to finish, Pinwheels can be oven-ready in scant minutes.

For parties prepare them ahead of time, to be slipped into the oven a half hour before you serve them. For family meals, if you don't work ahead, put them in immediately to bake.

Piping Hot Meat Pinwheels

2 cups sifted all-purpose flour	Few grains nutmeg
3 teaspoons baking powder	1/4 cup sliced onions
1/2 teaspoon salt	1/4 cup butter or margarine
6 tablespoons shortening	2 cups diced luncheon meat or ham
3/4-1 cup milk	1/4 teaspoon oregano
2 cups canned apple sauce	

Sift together flour, baking powder and salt. Cut in shortening with 2 knives or pastry blender. Add enough milk to make soft dough. Knead lightly on floured board. Roll out in oblong 1/4" thick. Spread with apple sauce; sprinkle with a little nutmeg. Saute onion in butter or margarine until golden brown. Spread over apple sauce. Sprinkle cubed meat over apple sauce; sprinkle with oregano. Roll-up jelly-roll fashion. Cut in 1" slices; place cut side down, close together on greased baking sheet. Bake in moderately hot oven, 375°F., 30-35 minutes. Yields 6 servings.

was quoted as saying, "We are taking two poor trains and developing them into one good train in each direction."

If the train service is cut down to two daily through McLean, naturally this would mean that mail service to this community via trains would be cut in half. Whether many citizens will be willing to agree to this inconvenience in mail service is yet to be determined.

The company is already meeting with citizens in towns along the route in an effort to "feel them out." Limestone said that the meetings are to get the "general reaction" of the public, "to talk over their needs and find out their problems. . . . We just sit down and tell them our troubles."

Working railroaders look to the changes with the prospect of job-lossing. One veteran railroader estimated that more than 100 men would likely lose employment if the service is cut in two.

None of the applications for a change has been submitted to the state commissions concerned. It will be several weeks, Limestone said, before the applications are submitted.
