

Sen. McCarthy Claimed To Owe On Income Tax

WASHINGTON (AP)—The Washington Evening Star said today Internal Revenue agents, after an 18 months investigation, have concluded that Sen. McCarthy (R-Wis) owes additional income taxes and interest of about \$25,000.

McCarthy, asked if he wished to comment on the newspaper's story, told a reporter: "It's strictly untrue. There is strictly nothing to it."

The Internal Revenue Service declined comment.

The newspaper said it had learned the revenue service will soon present the evidence it has gathered to McCarthy and give him a chance to explain data that the tax investigators do not understand.

"The tax agents do not contend that Sen. McCarthy acted with fraudulent intent," the story said. "Instead, they assert the Wisconsin legislator erroneously classified as nontaxable some of the money he received and on which he should have paid taxes."

The case was described as covering the tax years 1946 through 1952.

Saying there was no claim of intent to defraud, the newspaper added:

"A taxpayer in these circumstances can clear himself by simply paying back taxes plus 6 per cent interest."

"If the taxpayer pays up, the revenue service does not make the case public. Thus Sen. McCarthy's federal tax returns again could escape public scrutiny—unless some congressional committee were to subpoena them."

"The tax agents' confidence in their claim against Sen. McCarthy stems partly from the fact that Internal Revenue Commissioner T. Coleman Andrews is taking a stern attitude toward Sen. McCarthy's lack of detailed records to support his tax returns."

"At least part of the disputed money represents contributions to Sen. McCarthy. Friends, acquaintances and members of the public have sent him sums ranging from thousands of dollars down to pennies."

"Sometimes the donors specified the money was to be used to fight Communism. Sometimes the donors did not say how Sen. McCarthy was to use the money."

"Internal Revenue agents are understood to be insisting that showdown conferences with Sen. McCarthy begin by Sept. 1 regardless of what other duties Sen. McCarthy might have."

Ike's Economic Report Shows Cheerful Note

President Views Bright Prospects

WASHINGTON (AP)—President Eisenhower declared today that the over-all performance of the American economy since his administration took over "has been better than during any earlier time."

"The paramount fact . . . is that the recent decline in economic activity has come to a halt," the President said at another point in a report on the state of the nation's economic health at mid-year.

And he listed signs which he said point out bright prospects for the future.

Eisenhower's survey in this congressional election year amounted to a reply to Democratic critics who have contended that the Republican administration is breeding unemployment and leading the nation into a depression.

There appears no doubt that both sides will draw heavily on the report for ammunition in the upcoming vote battles.

Eisenhower noted the criticism in general terms and went on to say that "the recent economic decline, on an over-all basis, has been very small."

He also declared:

1. Price increases during the first six months of this year were "tiny" and—developments such as bargain sales are taken into account—"we can surely say, without the slightest fear of contradiction, that the value of the people's money has remained entirely intact."
2. "The increase in wages—which is one of the principal expressions of the progressiveness of the American economy—has continued."
3. Unemployment is greater now than during the Korean War, but "in recent months has not been larger than during comparable months in 1949 and 1950." The President added that the rate of unemployment "has shown some tendency to diminish of late" and said "this is one of the numerous signs" of economic improvement.
4. One reason for the criticism of the recent record is that "this rather minor decline has been better advertised than many major declines in our past."

The Eisenhower report said economic activity in the first half of this year, even though behind that of the year before, "has been

President Held As Moving Into Election Fight

By JACK BELL

WASHINGTON (AP)—President Eisenhower appears to be inching into a leading role in the battle for control of Congress despite his avowed plans to remain aloof from local political skirmishes.

Administration leaders said today Eisenhower hopes to go on television and radio with a 30-minute talk on the administration's legislative record within 24 hours after Congress ends its regular work, probably next week.

Eisenhower told his news conference, yesterday he was planning what he called a little bit of a talk to review Congress' record since he took office in January 1953. He added he didn't want to cheat on himself by saying any more at this time.

But administration officials asked anonymity said preparations for the appearance have been under way for a long time.

Although the President's talk will be billed as a report to the nation, Democrats indicated they may demand equal time to counter what some of them said they regard as a Republican kickoff for the congressional campaign.

Despite Eisenhower's repeated statements that he would avoid getting involved in local political fights, his schedule already includes appearances in Illinois, New Jersey and Kentucky. Pressure is reported beginning to build up heavily from other areas. The President has also taken time to pose for pictures with more than 100 GOP House members.

GOP National Committee officials have turned to Vice President Nixon to carry the heavy burden of a political stump tour. Nixon starts his active campaigning with a speech at the Ohio State Republican Convention Sept. 15 and is expected to make several excursions to different parts of the country before the November voting.

Many Republicans say, however, that there is no voice equal to Eisenhower's in defending the record of the GOP-controlled Congress. Eisenhower has insisted that the Republicans must stand or fall on the record made on the administration's program.

Front Of A Long Line

Claudia Skinner, waitress in a cafe, was the first Howard County to receive an X-ray as the annual mass survey got under way here today. Following her were 360 other persons who were X-rayed at the rate of two per minute during the morning. The survey will continue through next Thursday and all residents 15 years of age or older are urged to report for the anti-tuberculosis examinations. X-ray technician pictured is Arnold Delgado.

Atom Plant Strike Threat Fades Away

OAK RIDGE, Tenn. (AP)—Officials reported "business as usual" today at strike-threatened atomic plants here and at Paducah, Ky.

CIO production workers, who had threatened to strike today at the key atomic plants to enforce their demands for pay raises, backed down in the face of a federal court injunction issued last night. The plants produce all of a vital in-

Special Committee Continues Inquiry In Martin County

STANTON (SC) — The special committee named by the grand jury to assist in a probe of Martin County's financial difficulties, continued its interim inquiry here Thursday.

This week the committee, headed by Jess M. Miles Jr., has been talking with County Commissioners Ervin Welch and Joe Froman and former commissioners Stanley Lewis and Oliver Vaughn. Froman, according to Miles, left the committee Wednesday and declined to sign transcripts.

Miles said that the committee was prepared to make an oral interim report when the grand jury, now in recess, goes back into session. He indicated, however, that the committee felt it still had more work to do.

Corpus Merchants Hit By Vandalism

CORPUS CHRISTI (AP)—All available policemen were on the alert here early today in an attempt to check a mounting spree of vandalism that has cost merchants thousands of dollars in broken windows.

As yet, no one has been arrested, and merchants have raised a \$300 reward fund.

Big Spring's Derby Champ Gets Big Welcome In Akron

By BOB WHIPKEY

AKRON — Charles Edward (Lefty) Morris got a champion's welcome today as he registered in for the All American Soap Box Derby.

A hand played the Eyes of Texas as he mounted a special platform in downtown Akron and then strode into the Mayflower Hotel under an arch of banners held by girl band leaders. Sirens were screaming, flashbulbs were popping, and people were asking for his autograph.

With 152 other local derby champs, he went through the registering process, gave up his cowboy outfit for a sailor hat, champion's T-shirt and blue jeans. Then he hustled off by bus to a nearby YMCA camp where the champions spend a couple of days enjoying royal entertainment.

Lefty drew No. 19 as his official car designation. This afternoon a drawing was to be held to determine the heat and lane he will run in Sunday afternoon's All American event.

The All American is the biggest civic undertaking of the year for this city of 375,000. Downtown Akron was as busy today as an old time West Texas Chamber of Commerce convention city as the boys, their families, and newspapermen escorted arrivals from all over the United States. There are contestants here, too, from Canada and West Germany.

Six other Texas towns are represented at the derby—San Antonio, El Paso, Fort Worth, Laredo, Waco and Lubbock. If Charles doesn't come through for the \$5,000 college scholarship grand prize, you might want to pull for the Fort Worth champ.

He's William F. (Bill) Koberg, son of Dr. and Mrs. O. W. Koberg and a grandson of Mrs. Charles Koberg of Big Spring.

Friday, Lefty and the other boys spend most of the day at the derby track where he'll get to make a final check of his racer, see that it conforms to all the specifications—and to make a test run of the official course.

The all-out reception was the first climax of a trip which took Lefty and his family by train from Big Spring to Akron through Dallas, St. Louis and Chicago. He and his sister, Virginia Ruth, 10, got a thrill out of the fine trains and rides in visitation cars.

But the thrills are just starting for Lefty.

New York Breaks Coolness Record

NEW YORK (AP)—This was the coldest Aug. 12 in the history of the New York City weather bureau—by one-tenth of a degree.

At 5:05 a.m., the mercury slipped to 56.3 degrees, just clipping the 56.4 in 1889.

TO WOO GIRL Lubbock Pilot Flies Under Two Bridges

LE HAVRE, France (AP)—A Texas pilot, safe from the clutches of British law, admitted today he flew a light plane through and under two Thames River bridges in London in an effort to win a bride.

But Gene Thompson, 30, of Lubbock, Tex., didn't say whether Helen Brown, a hometown girl he met on a European tour, had agreed to marry him. Her reaction he said, was that he was a little crazy to have pulled the stunt.

Thompson, a former World War II and Korea flier, gave Londoners a thrill yesterday by zooming between the towers of famed Tower Bridge, then swooping beneath London Bridge.

He was met by reporters here when he arrived aboard the liner Atlantic en route to the United States from Southampton. He first refused to see newsmen, believing they were police.

Thompson declared he made the flight as a "last fling" on the European tour in order to impress Miss Brown.

He told newsmen he was now unemployed, broke and interested in getting a job in the United States.

He and Miss Brown met as members of a party of Texas Tech students on the European tour.

Details of his daredevil flight were told previously by the London Daily Express.

The Express said Thompson, a 6-foot-3 veteran of the Korean War, left a "confession" of his feat with a friend. The friend gave the story to the paper after Thompson's flight.

Debate Limit Agreed Upon For AEC Bill

By RUSSELL BRINES

WASHINGTON (AP)—A surprise Senate agreement to curb debate on atomic energy legislation today boosted chances for speedy congressional adjournment but left prospects for the disputed billion in doubt.

The agreement, reached late last night, brings the compromise measure to the Senate floor tomorrow under a talk limit of three hours.

When the bill went through the Senate last month it prompted 169 hours of argument, including four days of round-the-clock speech-making, and majority leader Knowland of California said this week Congress' go-home date depends on whether there is "another filibuster" on the measure.

He postponed the adjournment target date from this Saturday to sometime next week—or later.

There was no objection and no questioning from the floor when Knowland offered the unanimous consent arrangement last night, saying Democratic leader Lyndon B. Johnson of Texas had helped him frame it.

This means the bill, a major feature of the Eisenhower legislative program already approved by the House, will go to the President for signing if the Senate concurs. If it doesn't, the measure may go back to Senate-House conference for another try at compromise.

The legislation provides for a

Fifty Nominated For ASC Offices

Members of Howard County Agriculture Stabilization and Conservation election board nominated 50 persons for ASC community offices at a Thursday meeting.

Durward Lewter, board chairman, said 10 men were nominated for each of the county's five communities. Each community will choose five men. To be elected include a chairman, vice chairman, member and first and second alternate members.

Ballots will be mailed immediately to farmers in the respective communities and votes may be submitted by mail until 5 p.m. Aug. 23. Votes may be brought to the county's ASC office until 5 p.m. Aug. 25.

About 200 persons are in each community, Lewter estimated.

New community officers will take office Sept. 1.

THE WEATHER

High today 88, low 72. High tomorrow 86, low 70. High Wednesday 85, low 69. High Thursday 84, low 68. High Friday 83, low 67. High Saturday 82, low 66. High Sunday 81, low 65.

Chance of rain 10-20% today, 20-30% tomorrow, 30-40% Wednesday, 40-50% Thursday, 50-60% Friday, 60-70% Saturday, 70-80% Sunday.

Anti-Red Union Bill Delay Loses

By JOHN CHADWICK

WASHINGTON (AP)—The Senate today defeated a move to sidetrack one of the administration's anti-Communist bills—a measure with the avowed aim of riding labor unions of Red influences.

It rejected 67-31 a proposal by Sen. Magnuson (D-Wash) that instead a 12-member commission be set up to study the whole problem and report its findings by Jan. 2.

It was offered as a substitute for a bill by Sen. Butler (R-Md) to deny collective bargaining rights to labor unions found by the Subversive Activities Control Board to be "Communist infiltrated."

Butler called Magnuson's proposal a "parliamentary device" to defeat the bill which he said was endorsed by Atty. Gen. Brownell.

Magnuson argued he was proposing the only "practical" approach since the House Judiciary Committee already has shelved a similar Brownell-backed measure.

Consequently, he predicted, a Senate version of the same legislation would "get nowhere at all" in the House.

Butler told the Senate last night that "the Attorney General approves this bill" and Senate Republican leader Knowland of California told newsmen the administration is supporting it.

The House Judiciary Committee shelved the measure Brownell requested, along with another measure he proposed to let employers

About 400 In C-City Hear Yarborough Blast Shivers

COLORADO CITY — About 400 listeners in Colorado City's Civic House heard Ralph Yarborough, candidate for governor, slug away at Gov. Allan Shivers in a campaign speech, Wednesday afternoon.

Yarborough also blasted the nation's farm policy, saying, "I read the headlines this morning on the big Republican press—the big Republican press of Texas is the one I'm talking about—and it says the President's won a great farm victory. Won a farm victory of what kind? He's won one destroying the farm economy of this country—and they haven't—don't seem to have learned that they cannot destroy the farm prosperity and keep a high level of prosperity in the industrial world."

He added that "they" had promised 100 per cent of parity and were now trying to cut it to 75 per cent or lower and credited the "gallant Democratic minority" with making a fight resulting in a compromise at 82 and a half per cent.

He pledged an attempt to repeal the law permitting crossing, and denied favoring a sales tax, stating that he had been making speeches against a sales tax for 30 years.

He heard at his opponent's "450,000 windfall" and said, "He's been in office for more than five years. Why, that's a year longer than you put up with Herbert Hoover."

Yarborough pronounced the Insurance Commission his number one target in January, but promised a general housecleaning in all state boards and bureaus. He said, however, that he did not plan to fire the rank and file of State employees.

He alleged that his opponents were going all out in spending money, and "peering out" slander to defeat him, but said, "They're not scaring me with what they're doing—no man that's lived close to the soil and the cotton and the wheat farms is going to be scared by a bunch of Republican money—it's

Pro-Reds Supporting Foe, Shivers Claims

By BRUCE HENDERSON

Associated Press Staff

Gov. Allan Shivers says Ralph Yarborough is supported by people who fought the bill outlawing Communists in Texas. Yarborough charged Shivers with refusing federal money to help build Texas dams and called him a "demagogue and cheap politician" for it.

The opponents in the Aug. 28 run-off election for the Democratic gubernatorial nomination hammered anew at each other Wednesday night.

In a state radio speech from Port Arthur Wednesday night, Shivers referred to a strike started there last year by the Distributive, Processing and Office Workers of America—a union later declared Communist dominated by the State Industrial Commission. Two other unions also were branded as being under Red influence.

Shivers said he's sure Yarborough is not a Communist. But he said he considers communism an issue in Texas and Yarborough "thinks it's silly to look under the bed."

A crowd estimated from 4,000 to 7,000 turned out for a big rally at which Shivers' speech was broadcast. He told them:

"In the many court actions that have been necessary to stop the activities of these three unions, they have been represented by six separate groups of Texas attorneys. . . each and every one of these groups are now openly supporting my opponent for governor. I am not making any inference that these lawyers are Communists, or that my opponent is a Communist. I am sure that they are not but I think the people of Texas deserve to know what crowd they are running with."

"I think the people of Texas deserve to know that this crowd fought against the enactment by the Texas Legislature of a bill to outlaw the Communist Party in Texas. I asked the Legislature to pass that bill at the special session last February, and it did so. There were seven dissenting votes in the House of Representatives. All seven members who voted against the Communist control bill are supporting my opponent in this election."

Yarborough, addressing a crowd estimated at 1,500 persons on the

Candidate Finds Omen In Crowds

Breaking his torrid campaign pace here Wednesday for lunch, Ralph Yarborough expressed confidence that he would win the Texas Democratic nomination for governor.

The tip-off, he thought, was in the large crowds that were gathering to hear his campaign talks.

"We had several hundred this morning at Brownfield," he pointed out, "and at Lamesa there were several hundred more who stood out in the heat to hear us and visit."

Two years ago the crowds were small, he said, but now the turn out is mushrooming in areas which formerly were carried by Allan Shivers. This was similar to an experience in the Texas Panhandle and Yarborough felt that this was an omen that victory was in the offing.

"If we can just get the voters to turn out, we will win this campaign," he said.

Among those accompanying him here were Sen. Wayne Waggoner of Bowie and Bob Huff of Lubbock.

Yarborough went from Big Spring to Colorado City where he was to make an address and then catch a plane to Fort Worth to ride in the annual Post Road tour. Before the day was out he was due to hop to Midland for a television appearance and then to Comstock for a big rally.

higher than at any time before this administration assumed responsibility. Then the President declared: "And since 1953 was a still better year than 1954 is turning out to be, it follows that over-all performance of the American economy thus far during this administration has been better than during any earlier time."

Preliminaries For Scouts' District Swim Contests Set

Eliminations for the Lone Star district will be held Saturday in preparation for the council Boy Scout annual swimming meet a week hence. In addition to the district contests, there will be a free swim period and all Scouts and Explorers in the district will be admitted free of charge.

Charges Filed

Charges of obtaining lodging by false pretenses have been filed in County Court against C. V. (Clinton Virgil) Jones, 311 E. Commercial, who was arrested at the Crawford Hotel on July 11. A hotel bill is unpaid, according to the county attorney.

CAMPAIGN

courthouse lawn at Odessa, charged Shivers blocked building drives on the Canadian and Nueces rivers. But he said Shivers didn't try to block the building of Falcon Dam, on the Rio Grande near Sharyland, Shivers' farm home in the Rio Grande Valley.

July Water, Sewer Bills Total \$58,260

A total of 144,658,000 gallons of water was metered to customers in Big Spring during the month of July. This includes water actually used during the latter part of June and the first part of July.

\$1 Fine Levied

Fine of \$1 was assessed in Justice Court Wednesday against a man who pleaded guilty to misdemeanor charges of defrauding with worthless check. Court costs also were charged against the defendant.

Police Check Four Traffic Accidents

Four minor traffic accidents were reported to police officials Wednesday afternoon and evening. Capt. Donald H. Nielson's car was in a collision with another vehicle at the "Y" intersection in front of the Veterans Hospital, police said. Driver of the other car, which did not stop, was later identified by officers as Melvin Bailey, who resides in Northwest Big Spring.

Lewter Advises Poisoning Now

Cotton insect hatches are continuing in practically all parts of the county, Duward Lewter, county agent, said Thursday morning. Both bollworms and a few leafworms are present. The leafworms are not extremely prevalent and will not do much damage until the second generation hatches, Lewter said. Bollworms, however, are getting a big build up and there will be a lot of "fared squares" (ruined cotton) by the end of the week.

Suit On Contract Is Placed On File

Suit for specific performance and alleged breach of contract has been filed in 118th District Court by Wendell Senter and others against A. L. Wasson and Lloyd Wasson. The plaintiffs allege that \$7,921.61 is due and payable on a contract involving the sale of the interest of the late L. N. Senter in the Big Spring Tractor Company to the defendants. Defendants have refused to pay the balance on the \$18,000 transaction, the petition claims.

Charges Filed

Charges of obtaining lodging by false pretenses have been filed in County Court against C. V. (Clinton Virgil) Jones, 311 E. Commercial, who was arrested at the Crawford Hotel on July 11. A hotel bill is unpaid, according to the county attorney.

sweeping new atomic program allowing private operation of civilian nuclear plants, a limited sharing of information with America's allies and other changes in the basic 1946 atomic energy law. The chance of Senate agreement to the compromise grew thinner today when Democratic Leader Johnson indicated his support for the prospective move to send the measure back to conference for further action on controversial patent provisions. The Texas previously had declined to state his stand, though critics of the bill had been counting on him.

Local Student To Get Diploma At W. Texas

Billy A. Damron, Big Spring, is among the 248 candidates for degrees who expect to participate in summer commencement exercises at West Texas State College on Aug. 20. Dr. Henry H. Hill, president of George Peabody College For Teachers, Nashville, Tenn., will be the commencement speaker, according to Dr. James P. Cornetta, president of WTSC. Graduation activities begin Aug. 18 at 8 p.m. when Dr. and Mrs. Cornetta honor students at a reception at their home. Graduation ceremonies will be held Aug. 20 at 8 p.m. Damron is a candidate for the bachelor of business administration degree.

Mishap Results In Suit For Damages

Damages totaling \$25,312 are alleged in a suit filed in 118th District Court by Lydia Clark against Col-Tex Refining Company. The plaintiff alleges negligence on the part of Hamilton Stroud, agent for the defendant, contributed to injuries she received in a traffic collision at Second and Gregg on June 28. A car driven by Mary Toops was involved in a collision with a truck operated by Stroud, the petition says. Mrs. Clark was a passenger in the car. She asks judgment for \$25,000 for injuries to her back and \$312 for medical expenses.

From where I sit ... by Joe Marsh

"Nothing to Sneeze At" This year our town decided to do something about its hay-fever sufferers. Ray Thomas is our health officer, so he was made regional "Inspector." "Can't see why anybody should be bothered by a few weeds," he sneered. "I say it's all in their minds." But Ray went on out to do his job. Then, yesterday, I met Ray—looking kind of sheepish. His eyes were red and he was looking out a car window. "I'm a sneezer," he confessed. "I sneezed, he sneezed, sneezed everybody who isn't allergic, what did I do?" asked Ray.

A Kiss For The New Governor

Mrs. Orval Faubus gives her grinning husband a kiss as unofficial returns show the weekly newspaper publisher shattering Arkansas tradition by defeating Gov. Francis Cherry's bid for a second term in Arkansas' Democratic primary. They are pictured at Faubus' Little Rock headquarters. (AP Wirephoto).

WINS NOMINATION

Idaho's Glen Taylor To Campaign Hard

By DWIGHT L. JONES
POCATELLO, Idaho (AP) — After a day or two for rest and repairs to his sound truck, it will be back to beating the bushes with an occasional song and a steady attack on administration foreign policy for Glen H. Taylor, former singing cowboy senator from Idaho.

There is no substitute for hard work," said the man who put his job on the block when he bolted the Democratic party to run for Vice President on the Progressive party ticket of Henry Wallace in 1948.

Taylor Tuesday made the first big hurdle in his attempt at a political comeback when he won the Democratic nomination for senator in the state's primary election. His victory margin over political science instructor Claude Burtenshaw was slim, but it was enough to put him opposite the veteran Republi-

can Sen. Henry Dworshak in what promises to be one of the top senatorial campaigns this fall.

Dive-Bombing Owl Kills 100 Turkeys

SYKESVILLE, Md. (AP) — More than 100 young turkeys on a nearby farm were killed yesterday by a dive-bombing hawk owl.

Leonard S. Brushwood, who operates the turkey farm, said the owl got into a pen where he had about 250 turkeys. Shortly after sunrise, Brushwood said he saw the owl using its big wing-spread to corral the turkeys, all 8 weeks old and weighing about 4 pounds each, into a corner.

Brushwood said he shot the owl and found it had bitten off the heads of more than 100 birds.

Deceptive Boa Now To Become Purse

CHARLESTON, W. Va. (AP) — They're making a purse out of "Blondie," one of the most deceptive boa constrictors ever to slither across a cage.

Blondie broke into the news last month when she underwent surgery, after gulping a poisoned guinea pig, and "died" in an oxygen tent.

Twenty hours later, however, she suddenly came to life at the home of her owner, George Hilton of nearby Nitro.

Hilton's joy was short-lived. Tuesday Blondie gave a couple of quivers and died again. After waiting a decent interval to make certain, Hilton had Blondie skinned yesterday—all eight feet of her.

He said he was never so hard up for money in a campaign before. But he hit virtually every city and hamlet in the state with his sound truck, holding political rallies wherever it appeared he could find a few listeners.

Taylor left no doubt that he is still a liberal with the same views he had when he served his first term from 1944 to 1950.

"I'm a liberal—a disciple of Roosevelt," he said in an interview. "I believe in keeping money moving and don't like the tight money philosophy of the Republicans."

On foreign policy, he said he plans simply to point to his record.

"I told them then our foreign policy would be disastrous," he said.

He added he now has got to have a complete reversal of foreign policy, "start over again and live according to the Golden Rule. Point Four foreign aid was fine but we never did anything with it—all we gave was military aid."

"By helping corrupt dictators such as Chiang Kai-shek we alienated the people of the world. It proved a buying of ill will."

On other major issues he campaigned for 100 per cent parity for the farmer—with the specification that the formula for figuring farm parity be revised.

And he lined up squarely on the public side of the explosive public vs. private power issue by saying he favors a federal high dam at Hells Canyon on the Snake River.

Taylor returned to the Idaho political wars after several years in California. He said when he announced his candidacy last winter that he had been working as a carpenter in Redding, Calif., and had callouses on his hands to prove it.

This was not the first such experience for the versatile 50-year-old Idahoan, who has done everything from herd sheep barefooted as a boy to conduct a theatrical troupe. Prior to his election to the Senate in 1944 he put in a couple of years as a war-time sheet metal worker in California.

'Mischievous Kids' Blamed In Mishap
BALTIMORE (AP) — "Mischievous kids" have been blamed by assistant manager Hal Stewart for the derailment of the miniature train at Gwynn Oak Amusement Park in which 13 persons were injured.

Stewart said 35 to 40 persons were aboard when the train derailed and two cars overturned yesterday. Nine of the injured were children.

Stewart said the man operating the train had told him "he had stopped the train two or three times earlier in the day to take rocks off the tracks."

City Investment In Government Securities Increased \$174,646

An investment of \$174,646.50 in government securities was made during July by the City of Big Spring.

This money was invested from the water and sewer system construction fund, a monthly report made by City Secretary C. R. McCleeny shows. Other city investments in government securities include \$62,785.30 from the storm sewer bond fund and \$993.94 from the special insurance refund account.

It has been suggested by Auditor Grover Cunningham Jr. during a recent review of the books that such investments be made, in addition to the short-term securities which the city already owned.

Cash balance in the general fund at the end of July was \$7,658.69, more than double the \$3,692.56 balance at the beginning of the month. Total receipts during July were \$68,318.55, and expenditures were \$64,352.42.

Of the receipts in the general fund, \$53,068.78 had been transferred from other funds. Other large sources of income were delinquent taxes, \$2,188.52; fines, \$2,140.50; gas franchise, \$2,622.87; and bus franchise, \$3,760.90.

Cash balance in the water and sewer system revenue fund decreased from \$45,249.11 on July 1 to \$29,290.80 on Aug. 1. Receipts in this fund totaled \$63,153.51 while expenditures were \$79,111.82. Some \$25,000 of these expenditures represented a transfer to the general fund.

Both the airport and the cemetery made money during July, the report shows. The airport fund rose from \$3,556.19 to \$3,616.82. Some \$968.79 was received for back accounts, building rental and gasoline sales, while operating expenditures were only \$608.16.

The cemetery fund started the month at \$315.53, and at the end of July the total was \$460.53. Receipts—from sale of lots, opening graves, and care—totalled \$945. Expenditures were only \$800.

The swimming pool and park system fund showed a substantial increase, going from \$10,520.11 to the close out figure of \$12,291.90. Receipts from golf and swimming fees were \$5,273.73, and upkeep expenditures hit \$3,502.94.

Parking meter revenue during July was \$3,489.49, moving the balance of \$13,489.85 on July 1 to \$16,121.16 on Aug. 1. Expenditures

from the parking meter fund were only \$645.16.

Interest and sinking fund was swelled by a transfer of \$928.63 from the general fund. It went from \$39,274.59 to \$40,203.15. The Fourth Street escrow fund had deposit of \$146.23 added during July, moving the cash balance from \$2,113.58 to \$2,259.81 at the month's end. The street improvement bond fund remained with balance of \$11,293.15.

The garage fund slipped from a balance \$15,264.70 to \$10,651.39. Motor vehicle expenditures were \$4,594 while receipts were only \$320.69.

The \$174,646.50 investment in government securities from the water and sewer system construction fund brought the balance in that fund down considerably. Treatment

plant expenditures added another \$23,507.32 drop.

The July 31 balance in this fund was only \$158,189.16 as compared with the \$334,342.92 on June 30. Counting the government securities, however, total available on July 31 was \$310,835.60.

The storm sewer bond fund had cash balance of \$1,123.55 on July 1 and there was no change during the month. The \$62,785.30 in government securities owned means that \$63,908.85 was available in the fund on Aug. 1.

The cash balance in the special account insurance refund on July 1 was \$170.13, and here too there was no change. The \$993.94 invested in government securities gave this fund \$1,163.17 available at the end of the month.

Soviet Press Carries On Drive To Reduce Cursing

By RICHARD R. KASISCHKE
MOSCOW (AP) — The big Soviet press campaign to clean up Russia's morals has taken a new tack. Cut out the cursing, the men are told.

Komsomol Pravda, the organ of the Soviet Communist Youth League, is spearheading the effort to shush profane and vulgar language.

A drive against drunkenness and hoodliganism already has been going on several months with good results, the papers claim.

Now Komsomol Pravda has cast a disapproving glance toward the Ural industrial center of Sverdlovsk. The youth paper spread over two columns a letter from a Sverdlovsk citizen complaining of vulgarities heard about town.

"Clean these evil words out of our rich, expressive language," the paper admonished.

The letter writer had this to report about some workers in a big plant:

"One recently began to speak to a new girl worker there but the language he used was so bad the girl fled."

There is also even a Komsomol member who continually uses vulgar and abusive language, in seri-

ous as well as jesting conversation.

"And still another worker, only 17, who feels he shows he's grown up when he uses evil language..."

The Soviet government lent a hand in the campaign against excessive boasting by shutting down many of the drink-and-run vodka stands on the streets of Moscow and other cities.

One of the latest shots in the morals war was a newspaper article blaming American jazz for youthful waywardness.

Electronic Trigger For Sirens Is Built

LOS ANGELES (AP) — An electronic trigger to set off air raid sirens by radio was announced today by Howard Earl, civil defense director of Los Angeles County.

He said the system is the first of its kind in the nation. It incorporates an inaudible sub-sonic impulse that can be flashed over a standard radio broadcasting system.

In the Northeast and Far West sections of the United States more than 96 per cent of babies are born in hospitals.

IT HAPPENED

News Gets Around

CHICAGO (AP)—Milton Wisnack, 41, discontinued a burglar alarm service for his North Side drug store on July 1 because, he said, it was "too expensive and unsatisfactory." Burglars yesterday broke into the drug store, which also is a postal substation, and stole \$1,050 in cash, \$1,000 in stamps, 500 money order blanks, a quantity of saving stamps, a portable floor safe and \$500 worth of cigarettes.

Tipsters Anonymous

SAVANNAH, Ga. (AP)—City detectives raced out of police headquarters last night on a telephone tip that "a burglar is trapped inside a building at 323 East Oglethorpe Avenue." They were speeding away in a car before the awful truth dawned—the address given was that of police headquarters.

Candidate Too Eager

BEULAH, Wyo. (AP)—State Rep. E. Keith Thomson got carried away with himself in campaigning yesterday for the Republican nomination for Congress.

He wandered from one hay field to another handing out campaign literature.

Finally a rancher tipped him off. He had crossed the state line and

Three Children Drown In River

CAMDEN, N.J. (AP)—An 11-year old Camden boy and his two sisters drowned while on a fishing trip yesterday at Cooper River in Camden County Park.

The victims were Riley Drummond and his sisters, Terry, 7, and Mary, 8. A witness told police Mary stepped to a rock about a foot from shore to get her shoes and fell into the water. Terry and Riley, he said, jumped into the stream in an effort to save the girl but sank from sight.

Their mother, Mrs. Joseph Drummond, was driving nearby and was attracted to the scene by the crowd along the river bank. The Drummonds are Negroes. They have three other children.

Too Long To Wait

SAN FRANCISCO (AP)—The government has asked that an indictment against William M. Shuford, accused of embezzling 14,434 in postal funds, be dismissed.

Shuford was postmaster at French Gulch when he disappeared.

The government must finally have figured they couldn't find him. They've been looking for 31 years.

Costly Hiccoughs

DUNCAN, Okla. (AP)—L. D. Pryor, a furniture and appliance dealer, knows now he shouldn't have attended that livestock auc-

tion with the hiccoughs. Pryor said he responded loudly and unthinkingly with a "hic" each time the bid was raised, and went home the bewildered owner of six short-hand ponies.

Notation Is Clear

WICHITA FALLS (AP)—Corporation Court Judge Steve Latham decided the notation on his docket explained sufficiently why a woman charged with drunkenness failed to appear in court.

The clerk had written: "Case passed over. Women passed out."

The hit that's changing the sales standings puts you way ahead 3 ways

THIS year Buick has done what no other car has done in more than a generation.

This year Buick has moved into the lofty circle of America's three top sales leaders—a circle once dominated only by the so-called "low-price three." For today, Buick is outselling all other cars in the nation except two of these "low-price three." And each new month's sales figures strengthen Buick's new sales leadership.

You can't do better — if you want the best buy for your new-car money — than to look into the soaring success that is Buick today. You'll find this glamorous new-day beauty puts you way ahead in three important ways — that's for sure. So drop in on us—tomorrow at the latest —and see for yourself that Buick is the buy of the year, hands down.

Come see for yourself why—

1. More new car for your money

Buick prices start close to the lowest—just a few dollars above those of the traditional "low-price three." But these few more dollars for a Buick get you a lot more automobile—more room, more

comfort, more V8 power, more ride steadiness, more solid durability—plus the advanced "tomorrow" styling that has taken the country by storm.

2. More money for your present car

With our great and growing sales volume, we can offer you a bigger trade-in allowance on your present car when you buy a new Buick. After all,

the more new cars we sell, the better deal we can make with you. So you get the benefit of our great success in the form of a higher trade-in allowance.

3. More dollars when you trade

Because Buick's broad panoramic windshield has started a whole new styling trend, you can be sure that today's Buick

will keep its modern look for years to come. So you are assured of a higher resale figure when you trade it in later on.

Shower Honors Pat Lloyd In Clyde Angel Home

Pink, in varying shades, was used in the refreshments, table decorations and gift wrappings at the pre-nuptial shower given Wednesday afternoon for Pat Lloyd in the home of Mrs. Clyde Angel. Mrs. Joe Pond and Mrs. J. E. Hogan were co-hostesses. Miss Lloyd is the bride-elect of Ray Adams.

A milk glass punch bowl and other appointments were used on a pale pink cloth. An arrangement of pink gladioli and asters in a milk glass bowl centered the table. Pink ribbon was run through openings in the bowl, to end in a bow at one side. Tapers were in milk glass holders which were decorated the same way.

Miss Lloyd was wearing a trowsuit frock of disciplined cotton in a soft American Beauty shade made princess style and sleeveless, with a square cut neckline. The guests included: Mrs. R. B. Reeder, Mrs. H. C. Stipp, Mrs. E. B. McCormick, Mrs. P. W. Malone, Mrs. H. M. Jarratt, Mrs. R. R. McEwen Jr., Mrs. John Dillrell, Mrs. K. H. McGibbon, Mrs. G. H. Hayward, Mrs. J. H. Greene, Mrs. Eva Pysatt, Mrs. Lewis Price, Mrs. R. V. Middleton, Mrs. Cliff Wiley, Mrs. M. E. Cooley, Mrs. Meris Stewart, Mrs. J. M. Wood, all, Mrs. Shelby Read, Mrs. Bob Pinner, Mrs. Charles Watson, Mrs. Arch Carson, Mrs. Horace Gar-

H. L. Moates Have Abilene Visitors

Mr. and Mrs. W. L. Carnohan and children of Abilene visited Mr. and Mrs. H. L. Moates during the week. Dale and Melissa Simpson of Big Spring visited their grandmother, Mrs. Ruby Simpson the latter part of the week. Mr. and Mrs. N. M. Smith Sr. visited Mrs. Smith's mother, Mrs. E. A. Smoot in Snyder, Saturday. Mr. and Mrs. D. C. Zant and Carol Gene visited Mr. and Mrs. Bob Harrison and daughter in Lubbock recently. Mr. and Mrs. Donald Simpson and children, Henry Clark and Frances of Albuquerque, N. M. visited his parents, Mr. and Mrs. Edward Simpson last week. Bill, Syden and children have returned from a fishing trip to Corpus Christi and report a good catch.

Good Routine

Mari Aldon, now in London making "A Race for Life," tells Lydia Lane about her three-exercise routine for keeping a perfect figure.

HOLLYWOOD BEAUTY

Three-Exercise Routine For Attractive Figure

By LYDIA LANE

LONDON, England—Mari Aldon is in town to make "A Race for Life" for Film Classics. The first day she had free she came to have tea with me. As the waiter brought up a cart of finger sandwiches and jam tarts Mari looked at this tempting display and said: "I don't see how the English women keep their figures, eating all this every day."

"It's the climate that makes a difference," I remarked. "At least that's the most satisfactory explanation I've heard."

"With every meal they serve potatoes and puddings," Mari remarked. "No one seems to care very much for salads or green vegetables."

Mari was wearing a revealing suit. "How do you keep your figure?" I asked.

"I have one dress which fits me very tight and the moment it seems uncomfortable I give up bread, butter and sweets. I think when you do something about weight as soon as you feel it, reducing is easy."

"I don't think the English women have to bother with weight as much as we do, perhaps because

they walk so much," I suggested. "I like to take long walks," Mari confided. "But when I am on a picture I have to get my exercise another way."

I wanted to know more about this.

"I have three exercises to keep my tummy flat, my waist streamlined, and my spine limber. I'm quite faithful about doing them even when I am tired. In fact I find if I breathe deeply while doing this routine I feel better than when I began."

"Tell me more," I said.

"They are quite simple but very much to the point," she said. "First I lie on the floor, roll on my spine and bring my knees up over my head until they are resting in back of my ears. This is almost a half somersault and helps to keep a good posture."

"Next I lie flat and with my heels on the floor and my hands at my side I come up to a 45 degree angle (sitting straight up would be 90 degrees). Because this gives a terrific pull to the stomach and abdomen, it should be done cautiously at first."

"In the third exercise I stand erect with my hands above my head. I then bend as far as I can to one side, then back to the first position, stretching upward as far as I can. I then do this to the other side, to the back and forward."

Officers' Club Is Scene Of Tea Given By Three Hostesses

About 75 guests attended a tea given Wednesday afternoon at the Officers' Club by Mrs. Glenn Mahaffey, Mrs. Raymond Dyer and Mrs. Max McClure.

Pink gladioli and white asters formed the floral centerpiece for the tea table, which was covered with a white linen cloth. Flanking the centerpiece were white candles in silver candelabra.

Alternating at the silver services were Mrs. Henry J. Fisher, Mrs. E. J. Clark, Mrs. George R. Adams, Mrs. Ray W. Rogers, Mrs. Jack P. Goode, and Mrs. Herbert Whitney.

At the herb table were Mrs. Joseph C. Alexander and Mrs. Raymond Wallace. Gladioli and asters were also used on this table. Small vases of flowers were used throughout the room.

Golf Association Works On Project

Five members of the Ladies Golf Association of the Country Club will do the catering for the Family Night Supper to be held this evening at the club at 7:30. This will be for their project of buying patio furniture. Members are urged to attend.

Hostesses will be Mrs. Bill French, Mrs. Kent Morgan, Mrs. John Berkeley, Mrs. Fred Kasch and Mrs. Rayford Liles.

The teen-agers dance will be held on Friday evening at 8.

Another project party, sponsored by the Golf Association is the Tacky Party and Box Supper to be held at 7:30 Saturday evening at the club.

Mr. and Mrs. A. J. Cain and Baby Fay have returned from Albuquerque, N. M., where they visited their daughter, Mrs. Barney Carr, and Mr. Carr. The Carrs are the parents of a son, Benjamin, born July 8.

Perfect Partners

New flared skirt fullness is the special feature of this big-pocket blouse jumper. Tie-collar blouse has short, long or three-quarter sleeves.

No. 2009 is cut in sizes 10, 12, 14, 16, 18, 20. Size 18: Jumper 2 1/2 yds. 25-in. Blouse, 2 1/2 yds. 25-in.

Send 35 cents in coin (no stamps, please) for Pattern, with Name, Address, style Number and Size. Address: PATTERN BUREAU, Big Spring Herald, Box 41, Old Chelsea Station, New York 11, N. Y. (Please allow two weeks for delivery)

For first class mail include an extra five cents per pattern.

THE SPRING-SUMMER FASHION BOOK is now available. From cover to cover, it's going with you to make vacation favorites. Scores of smart original designs for all occasions, all sizes, all styles and all members of the family. In COLOR. Price just 25 cents.

Italian Provincial Will Have To Wait

By CAROL MITCHELL
The best way to buy furniture is never to look in anybody else's new home, pick out one store to get it in, never look in another store after that and after you get your furniture, never buy one of those slick home magazines.

If you ever look around after you've once bought, you're sunk and so is your husband's bank account.

The interior decorators will tell you to decide on the one type of furniture you like and stick with it. That is all very well—if you wear blinders.

Say you start out looking for a few pieces—just to furnish an apartment, mind you. The salesperson asks you if you like contemporary. Oh yes, you like it very much. But at this point you like everything, not owning one stick of anything. A couple of cane-bottomed chairs and a pallet would look good to you.

So you wind up with contemporary—mainly because that's all the store sells and the only other thing available is Early American and that makes you feel like a fugitive from "Pilgrim's Progress" or at least like you should be conducting tours at Williamsburg, Va.

The comes the downfall. You look in a home magazine and there it is—all that beautiful French provincial. You must have it. Question—What to do with the oh, so smart contemporary?

You shove all but the couch into the bedroom saying you don't care what period the bedroom is done in just so you get that living room in that divine provincial.

You get it after weeks of having nothing but a couch in the living room, and bruisng your whole body every time you turn around in the jumbled bedroom. And of

course, "operation provincial" could never have been accomplished without subtle psychology applied in heavy doses to the husband, convincing him that the best investment he could possibly make would be in French provincial furniture.

But have you noticed? The ads in those out-of-town papers have really been saying a lot about this Italian provincial stuff. It really is dreamy, but where can you shove all that French stuff if you only have one bedroom and it is VERY contemporary?

Luther People Attend Reunion

LUTHER—Mr. and Mrs. J. W. Kilpatrick, Mr. and Mrs. Winston Kilpatrick, Mrs. U. Hall and daughter of Big Spring, Mr. and Mrs. Carroll Choate of Stanton attended the Lott family reunion in Lubbock recently. Mrs. J. W. Kilpatrick is one of the eleven living Lott children and all eleven were present at the reunion.

Mr. and Mrs. W. A. Rawlings attended the Knox Co. reunion in Lubbock recently.

Mr. and Mrs. Ross Hyden and children of Big Spring have been guests of his parents, Mr. and Mrs. C. H. Hyden.

Mr. and Mrs. W. L. Wilson Jr. and daughter spent the weekend in Ruidoso.

THIS IS GOOD EATING

SALMON STUFFED GREEN PEPPERS

Ingredients: 4 large green peppers, 1-3 cup mayonnaise, 2 tablespoons lemon juice, 1/4 teaspoon tabasco sauce, 2 tablespoons prepared mustard, 1 egg (beaten), 1 1/2 cups soft bread crumbs, 1/2 teaspoon salt, 1/4 cup finely diced celery, one 1-pound can salmon, 2 tablespoons butter or margarine (melted).

Method: Wash peppers. Cut out stem; cut slice from top to make straight edge; dice slices. Remove seeds from peppers. Cover peppers with boiling water; cook 5 minutes; drain. Mix mayonnaise, lemon juice, tabasco, mustard and egg; mix in 1 cup of the bread crumbs and salt. Add to celery, salmon

and diced green pepper. Fill peppers; stand upright in baking pan or casserole. Place in oven; add 1/4 cup hot water to pan. Bake in hot (400 degrees) oven 30 minutes. Mix remaining 1/4 cup bread crumbs and melted butter; sprinkle on top of peppers last 15 minutes of baking time. Makes 4 servings. Serve with the following menu.

Salmon Stuffed Green Peppers
Baked Potatoes
Buttered Carrots
Bread and Butter
Fruit Salad

REPORT TO PARENTS

Birth Problem Faced On Isolated Islands

By DR. MARTHA M. ELIOT
Chief, Children's Bureau

There are places in this country where people are so isolated that having a baby, for instance, may be a hazardous thing. Berkeley in South Carolina faced that problem and through its county health department it has recently been doing a remarkable job in getting health services to outlying sections.

Berkeley County is not only large in area but much of it is a swamp, which goes by the descriptive title of "Hell Hole Swamp." Extending

to the coast it also includes off-coast islands remote from the mainland. To meet the needs of many in this county the Reformed Episcopal Church donated and equipped Mobile Clinic for the use of the Public Health Nurse in her territory.

At specified times the Mobile Clinic is driven up with pride and finesse. This is generally near a store at the cross roads or a church. The people are there waiting.

There are so few doctors in the county that the nurse conducts a general conference doing what she can and referring others to the county seat for medical care. Since she is a graduate nurse-midwife she tests the expectant mother's blood pressure, hemoglobin, urine, collects blood for a test for syphilis, examines the abdomen externally, gives advice and refers each new patient to the doctor for at least one examination.

If the patient is found by the doctor to be progressing normally and doesn't develop any untoward signs, she may be delivered by a local midwife. The nurse-midwife tests the blood pressure and hemoglobin of the patient, again after the baby is born, talks with them, and as far as possible refers them to a physician for further examination. (This can seldom be carried out as the distances are great and transportation is difficult.)

The nurse looks the babies over and instructs the mothers about breast feeding. Fortunately breast feeding is the accepted method of feeding. She immunizes the children against such diseases as smallpox, diphtheria, and typhoid.

The nurse-midwife conducts a generalized public health nursing program with emphasis on maternal and child health. She does her work under the supervision of the local County Health Officer, and a supervising nurse.

In order to get through to their patients the nurse-midwives must often leave their mobile units and take off across the boggy fields in high water-proof boots.

And when mothers or babies or crippled children live on distant islands the public health nurse leaves her car and takes to a boat. As one nurse put it: "Necessary? Absolutely! Satisfying? Undoubtedly! Fun? Maybe! Adventurous? Certainly!"

It is certainly evidence of how the public health nurses of at least one community, among many I am sure, exert themselves to provide help where, and when, it is needed.

Past Matrons Club

Four guests and 24 members were entertained at the dinner held by the Past Matrons Club at the Smith Tea Room Tuesday evening. Mrs. George Pittman, Mrs. Sam McCombr and Mrs. Fred Eaker were hostesses. The next meeting will be held in the tea room, with Mrs. R. J. Michael, Mrs. Tom Helton and Mrs. John Davis as hostesses.

Dot Crittenden has been transferred from here to the telephone office in Seminole, where she will work for about a week.

Bride-Elect Of Local Doctor Feted

ROTAN—Honoring her daughter, Jayne Adele of Big Spring, Mrs. Mark W. Strickland entertained with a coffee recently. Assisting in entertaining were two daughters, Becky, and Mrs. Wallace Strayhorn of Kormit.

Miss Strickland will be wed to Dr. Charles Race Jr. of Big Spring on Sept. 10 at the First Methodist Church of Rotan. Dr. Race is the son of Mr. and Mrs. Charles G. Race of Fort Worth.

The honoree wore a brown silk dress and a corsage of yellow columbines. Baskets of aster mums were in the reception room. Other flowers were on tables and the piano. The refreshment table, laid with an aqua etwork linen, carried a summer theme in floral note and bride-elect's chosen color, was featured in aster mums arranged with wedding bells and greenery in a long willow planter.

Willow baskets held various fruits and confections. Coffee and fruit juice were served from silver and crystal services. Frosted pink candles in crystal holders completed the arrangement.

In the houseparty were Mrs. Morris Watson, Mrs. Dono Day, Mrs. Bill Day, Mrs. Bob Strayhorn, Mrs. R. D. Sartor, Beverly Smith, Reva Watson, all of Rotan; Mrs. Brooks Middleton, Haskell; June Ann Day, Big Spring and Pat Bouchette of Clyde.

New Sewing Gadgets Give Curves To Suits

By DOROTHY ROE
AP Women's Editor
The home seamstress is going in for optical illusions.

Although the secret of a good suit lies in perfect fit and careful stitching, today's women have the advantage of new techniques made possible by the new auto-

matic swing-needle sewing machines which do decorative stitching by the simple turn of a dial. This stitching can be used to accentuate a curve, slim a hipline or narrow a waistline.

The first step in making your new fall suit is to select the right pattern. If you are of average proportions, you will want one that accents slim lines and suggests a small waist, whether you have one or not.

The basic good lines of the pattern may be accentuated by decorative stitching. Local sewing center experts suggest a line of arrowhead stitching curving around the breast pockets, indented at the waist, and following the curve of the hipline, to give a custom-made look to the suit. This contrasting stitch treatment creates an optical illusion which makes the wearer look slimmer and taller, and which can be done by even an amateur seamstress.

Some women have hesitated to try to make a tailored suit, even if they are experienced at simpler sewing. But with the help of modern pattern directions and the new automatic sewing machines, they will find that a suit is almost as easy as a cotton dress. It requires a little more care and attention to detail, but any woman can make her own suit, at a fraction of the price of the ready-made article. In addition, if she is careful about fit and finishing details, her home-made suit probably will fit better and look smarter than anything she could buy in a store at anywhere near a budget price.

The woman who sews her own can afford finer fabrics, better accessories, and individual fit.

Made To Order

This smart fall suit is easy to make at home, with modern automatic sewing machines.

Sherman Boy Visits His Aunt And Uncle

LUTHER—David Morris of Sherman is visiting his aunt and uncle, Mr. and Mrs. Van Owens. Mr. and Mrs. Tom Spencer of Comanche visited their son, Mr. and Mrs. Neil Spencer this past week.

David Morrison of Sherman visited Sandra Crow recently.

Mrs. Mabel Lee Zimmerman and Sonny of Amarillo are visiting Mr. and Mrs. John C. Blackburn.

Mr. Claude Collins Jr. was a recent guest of Mr. and Mrs. John C. Blackburn.

Mr. and Mrs. Tom Castle of Big Spring were recent guests of Mr. and Mrs. O. E. Hamlin.

Mr. and Mrs. Bill Hogan and children went to Tyler last week for their daughter, Betty, who has been spending the summer with relatives.

Forsan Homes Have Out-Of-Town Guests

FORSAN—Guests of Mr. and Mrs. P. P. Howard were Mr. and Mrs. George Abea, Betty Lou and Glenda of Andrews; Mary Howard of Fort Thomas, Ky. and his wife and daughter, who reside in Big Spring.

Visiting in the home of Mr. and Mrs. R. D. Garrett are his sister, Mrs. Ralph Freeman, Leroy and Joyce of Carlsbad, N. M.

Newcomers Bridge

Mrs. C. E. Fields had high bridge score and Mrs. Melvin Hay second high at a meeting of Newcomers Bridge Club Wednesday at Smith's Tea Room. Mrs. Lawrence Moellenberg was awarded the traveling prize. Hostesses were Mrs. D. A. Brazel and Mrs. Moellenberg. The group will meet again Aug. 25 at 1:30 p.m. at Smith's Tea Room.

Towel Aprons

By CAROL CURTIS
Frankly kitchen-work aprons, frankly the kind you wipe your hands on as you answer the doorbell. Made of Turkish hand towels, inexpensive, each of the three has a strawberry-spigolique made of bright ginghams. Knit on pattern. Send 25 cents for PATTERN No. 569, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y.

The NEEDLEWORK GUIDE, 38 pages, 150 designs for knitting, crochet, embroidery, hairpin lace, dozens of beautiful color transfers. Order as you do needlework patterns. Only 25 cents.

Hydens Entertain Two Grandchildren

LUTHER—Glenn Hyden of Big Spring and Junior McKinley of Alton are visiting their grandparents, Mr. and Mrs. C. H. Hyden. Junior McKinley plans to spend the remainder of the summer with his grandparents.

Mrs. John Couch and daughters visited Mr. and Mrs. J. T. McGee in Big Spring recently.

Mr. and Mrs. Keith Bailey and children, Mr. and Mrs. Woody Rogers and children of Big Spring, Mr. and Mrs. Cromwell Rhoden of Big Spring visited Mr. and Mrs. A. G. Smith recently.

Mr. and Mrs. Bob Satterwhite, Billy Bob and Lane Jean expect to leave Saturday for Red River, N. M. for a vacation.

LOOKING 'EM OVER

With Tommy Hart

John Conley, Snyder's new head football coach, is supposed to be unhappy with the Tigers' 1954 schedule. He doesn't relish the idea of playing three El Paso schools in a row. In the future, he'll try to line up practice games with schools like Colorado City and Stamford. Both are AA schools but field excellent eleven year in and year out. Big Spring could do worse than hook Colorado City in the future.

Work has already started on new football stands at Stanton's stadium. Coach Melvin Robertson is coming up with what promises to be Stanton's greatest team this fall and capacity crowds are in the offing for all of Stanton's home games.

The new steel stands will seat over 800 persons and are being installed on the west side of Buffalo Stadium. The seats' foundations will rest in concrete.

Robertson issues his first call to practice Aug. 23. New equipment for the Bisons has already arrived. Everything points to a tremendous season for the Bisons.

Roswell obtained its hard-hitting new catcher, Charley Balciulla, from Amarillo but the receiver actually came from West Palm Beach of the defunct Florida International League.

Bert Garcia, the former Big Spring hurler who still holds the Longhorn League record for the lowest ERA (1.78 in 1950), is now hurling for the second-place Yucatan team in the Mexican League.

Gerald (Red) Fahr recently shaded Mike Fornieles in a mound duel as Minneapolis beat Charleston in an American Association baseball game. Fornieles gave up only five hits, however.

Fahr is a former Vernon hurler while Fornieles, of course, used to be with Big Spring.

Fornieles' club is mixed deep in the AA cellar, with no chance of escaping it.

The big reason Charley Drensen is apt to return to the big leagues in 1955, if he's given the chance: Oakland, his present employer, will probably draw no more than 225,000 paid admissions this year and Drensen took employment there after agreeing to take a percentage of the team's profits, if there were any.

Odesa recently canceled a district TAAF boxing tournament because too few fighters showed an interest.

Odesa will stage its annual Golden Gloves tournament Jan. 20-21-22.

Spec Gammon, the Odesa scribe, says Jimmy Dan Pace, Oiler infielder, is looking for a high school coaching job in this area. He can handle any sport but prefers football and basketball.

Sees A Scrap

Now that Maureen Connolly is out of competition due to a broken leg, Doris Hart (above) of Miami sees a wide open fight for women's singles honors in the National Tennis Tournament at Forest Hills, starting Aug. 28. She concedes herself a chance, along with Louise Brough, Shirley Fry, Margaret DuPont and Beverly Baker Fleitz.

Webb AB Dusters Trample Coahoma In Finals, 7-3

Webb Air Base's Dusters climaxed a great season by vanquishing Coahoma, 7-3, in the deciding game of the series to decide a 1954 YMCA Softball League champion.

The Airmen got away to a flying start, plating three runs in the 'hello' frame with the aid of as many Coahomas bobbles, and were never headed thereafter.

Mel Haveman again went to the mound for the Dusters and scattered seven Maroon hits.

Jim Ward, on the mound for Coahoma, surrendered only five hits but two of those were home runs off the bats of Manager Bob Bryant and Bruce Robbins.

The first three batters to face Ward in the initial inning reached base on infield bobbles and all scored. Paschal got in on a sacrifice fly and Robbins drove in Bernardo and Bryant with a solid single.

Bryant and Robbins clouted their four-masters in the third, the latter's coming with a mate aboard.

Bernardo got across again in the fifth on another error, after he had reached base on a single.

Coahoma picked up a run in the third on base hits by Grady Barr and Mike Smolko and added two in the fourth on a hit by George Ray, a fielder's choice that saw Billy Paul Thomas get on and a safety by Ward.

Each hurler struck out five men and neither walked a batter.

Coahoma had won the first game of the series while Webb stormed back to win the last two.

Jim Knotts Set To Pitch For Tigers Here Sunday

Jim Knotts, fine all-around athlete for HCJC, is apt to be on the mound when the Big Spring Tigers take the field in the first part of a baseball doubleheader against the powerful Midland Colts on the Northside Diamond at 2 o'clock Sunday.

Knotts has been out of action most of the summer with a broken ankle he suffered in a baseball game in his native Doynline, La.

He's better now, however, and has expressed a willingness to take the mound for Ynes Yanes' team.

Charley Rose, another HCJC athlete who also suffered a broken ankle in a baseball game, here, will also be available for duty.

Rose returned to the baseball wars last Sunday and looked to advantage in that rain-shortened Tiger-Coahoma game. He gave up only three hits in seven innings.

Midland is fielding one of the best sandlot nines in the area this year.

Carter Is Named Coach At Snyder

SNYDER, (BC)—Roy Carter has been named Seventh Grade football coach at Snyder, succeeding Jimmy Williams, who resigned.

Carter is a former Hardin-Simmons University grader. He moves in here from Littlefield, where he served as line coach for one year.

The new coach attended Rotan High School, where he lettered four years and was named to the all-district team his senior year.

PLAYING CARD PREMIUM PLAN

Stop In—Ask Us About It!

The Colts and the Tigers are perennial rivals. Chances are Charles Fierro or Yanes will pitch for the Tigers in the second engagement. Manager Yanes issued a call for uniforms used by players previously this year but who are no longer playing with the club. He said he was short about eight suits and needed them for issuance to new players.

Zapp Hits 20th Home Run But Broncs Lose Pair

ARTESIA 48—Artesia salvaged the second game of a doubleheader in the last inning after two outs to sweep two games over Big Spring here Wednesday night.

The NewMexers had little trouble in triumphing, 3-2, over the Broncs in the first game, but not

until final seconds of the leaders' favor, 3-2.

Big Spring hurler Bob Martin sprinkled seven hits over the route in the second game, effectively bottling Artesia's hitting power. The Broncs scored one in the fourth and one in the sixth. In the seventh Frank Gallardo was walked and Bob Howard doubled him around to third. Then Floyd Economides filed out and Martin whiffed Pinch-hitter Bart DIMaggio. But Reuben Smartt was walked and Floyd Martin muffed Paul Dobkowski's hard-hit ball near second, permitting Gallardo and Howard to score.

One of the Broncs' two runs came on Jim Zapp's 20th circuit clout in the sixth win with none aboard. The other was on Zapp's single in the fourth, followed by Bert Baez's safety.

In the first contest Artesia smoothed life from the Broncs with a seven-run outbreak in the second inning, keyed by Dobkowski's two-on homer. Shortly thereafter, starter Bert Baez was relieved by Tom McKenna.

Bart DIMaggio went the distance for the NewMexers in the first game. Ken Foster, after taking over in the sixth, got credit for the second.

Plymouth Opposes Bliss In Finals

EDFORD 45—It will be the Plymouth Officers of Dallas versus Fort Bliss in the finals of the state semi-professional baseball tournament.

Plymouth whipped Brooks Army Medical Center of San Antonio, 13-3, last night in the deciding contest of a 3-game series.

The Officers meet Fort Bliss in a best-three-of-five series starting here Monday. The winner goes to the national tournament at Wichita, Kan.

Vic Seixas Loses In Newport Meet

NEWPORT, R.I. 45—The tennis fortunes of Vic Seixas continue to slip. With each tournament he becomes increasingly apparent he won't be in the Davis Cup singles picture this year.

The annual Newport event entered the round of 16 today, and Seixas was among those watching from the sidelines, the victim of a 3-6, 6-3, 6-4 upset at the hands of 19-year-old Jack Frost of Monterey, Calif., yesterday.

Gilliland Offers Fabric Bargains

Some exceptional bargains are being offered by Gilliland's Household Repair, located in western Big Spring at 111 Utah Road. Marvin Gilliland, operator of the furniture repair and renovation service, has announced two avenues whereby customers can effect substantial savings in upholstery work.

Upholstery Materials

Marvin Gilliland, operator of the Gilliland Household Repair, displays some of the upholstery materials on which he is offering special discounts this month. Chairs in the foreground have been reupholstered in the Gilliland shop. There are more than 500 samples of material to choose from.

Grafa's To Develop Residential Area

Office and warehouse facilities of West Texas Sand and Gravel will soon be moved to allow the development of another 100 to 150 lots in the South Monticello Addition. The move should take place within the next 90 days, said Otis Grafa Jr., co-owner of that company. Grafa also pointed out that he and his father, partners in the Monticello Development Corporation, expect to put the houses on the market by the first of next year.

The other three major highway projects are in Glasscock County and Howard County, for both Highways 80 and 87. These three jobs are being done by Cagle Brothers, and West Texas is furnishing materials. Grafa pointed out that moving of the company buildings in the Monticello Addition would have been completed some time ago if this season had not been so busy. Since Jan. 1 — seven months — some 65,000 yards of material have been sold for various projects in this area. West Texas Sand and Gravel furnished material for Zachry Company paving in the city and for air base work.

State Highway 1212 in Martin County.

The homes which are to be constructed in the Monticello Addition will range between \$9,000 and \$12,000. They will be sold immediately on completion of construction.

At present the office, concrete plant, shops and warehouse for West Texas Sand and Gravel Company are located at 1403 Birdwell Lane—in the area just south of the present Monticello Addition. These facilities are those which are to be moved.

The ready-mix concrete plant will be modernized, Grafa said, and will be housed in a building to be located on 11th Place. Most of the company facilities will be moved to the new plant about a mile east of Big Spring on the old Lovers' Lane Road. It is here that the Grafas are now crushing rock to be used in concrete sand, concrete gravel, highway mix and asphaltic mix.

Big NAA Ford Tractor Features Economy, Power

The powerful new 1934 NAA Ford tractor, which is now on display at Big Spring tractor Company, is proving of tremendous interest to local farmers. It is bigger, longer and heavier than last year's model and has more than ample power for the great majority of farming jobs. Economy is an outstanding feature of the new tractor. Lloyd Wasson, company manager, explains that the big bore, low friction engine saves fuel, oil and upkeep expense. The tractor has the valve-in-head engine, and it also has live power lift. It is Wasson's opinion that the Ford tractor is tops among those on the market today. He points out that it has considerably more horse power than the older models. The 1934 model has more cooling capacity and larger fuel capacity. It also has a free flowing oil filter. Transmission and rear-end gears have 2 1/2-ton capacity, as compared with the 1 1/2-ton capacity of older models. The new NAA Ford tractor can be viewed at Big Spring Tractor during all business hours. The company is located on the Lamesa Highway, and phone number is 4-6071. Lloyd Wasson heads up the company staff, and Arthur L. Wasson is not connected with the firm as it was erroneously reported. The Fordson Major Diesel tractor which starts on diesel is also in stock at the company. It can be viewed at the store, and demonstrations will be offered. The Dearborn line of farm equipment has been greatly improved. As an example, the company now has new flexible mower blades in stock. These blades will not break when they come into contact with solid obstructions. The complete line of implements includes everything for harvesting and dirt moving.

NEW LIQUID KILLS ROACHES AND ANTS
Scientists recommend that you control roaches and ants the modern way — with Johnson's N O - R O A C H E S . Brushed just where you want it, (not a messy spray) the colorless, odorless coating kills these pests. It's effective for months, sanitary, and so easy to use. 8 oz. pint, quart. Available at Safeway, Furry Food Stores, Piggy Wiggy, Red & White, Cunningham & Phillips, Collins Bros., & your local drug store.

A Bible Thought For Today

Some do not even get a mess of pottage for their birthright as God's children. "Sell me this day thy birthright." — Gen. 25:31.

Sound The Warnings: Stylists Are Playing Hob With Female Form

The recent Parisian decree changing the facade of women's attire has finally reappeared, if one may use such a term, in the marts of commerce and trade. A business analyst reports brasserie and corset manufacturers are taking a second look at the new ideas about the female figure, and are now saying "there can be gold in flattening out those curves."

ness world quite somewhat, since buyers are pictured as being uncertain which way to jump, and they simply must get on with their fall buying. Fall buying has been rather slow, and the Dior ukase injected a new element of uncertainty into the situation. The AP's business reporter says the new style will change the sidewalk scenery for the worse, but what mere male ever haled a major fashion change with anything but pessimism?

Newest New Look Improves The Outlook For The Armed Forces

If the magazine U. S. News & World Report, has its facts on straight—and it usually does—the administration's "plans for military cuts are now going out the window."

situation in the world. New gains for Communists in Indochina, plus evidence that this country can depend somewhat less upon its allies, are back of the resurvey of defense policies. In short, budget-balancers are being paid less attention now than military advisers who know what the score is.

Matter Of Fact—Joseph and Stewart Alsop

Hydrogen Bomb Has Turned Out More Destructive Than Planned

WASHINGTON — Some days ago, Sir Winston Churchill solemnly told the House of Commons that "tremendous changes have taken place in the whole strategic position in the world, which make the thoughts which were well-founded and well-knit-together a year ago utterly obsolete."

upon the force and direction of the prevailing wind. A lozenge fifty miles wide and rather more than double that in length, with its long axis in the direction of the prevailing wind, is about what would be produced in ordinary wind conditions. It is some consolation—although not a very great one—that the Marshall Islanders and the crew of the "Fortunate Dragon" survived their experience. But although they did not die, some became very ill indeed.

POTOMAC FEVER

WASHINGTON—Thousands salute Herbert Hoover in West Branch, Iowa, on his 80th birthday. Hoover's place in history is secure. He was the last President who could walk past the U. S. Treasury without wondering what they were using for money.

Clement Attlee and seven British labor party leaders fly to Red China for a visit. The British will consider the trip a success if Attlee gets back without having more than one plane shot from under him.

The Big Spring Herald

Published Monday morning and weekday afternoons except during the summer months. APPEARED 1907. PRINTED BY THE HERALD COMPANY, 1001 N. 10TH ST., SPOKANE, IDAHO. POST OFFICE BOX 1001, SPOKANE, IDAHO. POST OFFICE PERMIT NO. 1001. ESTABLISHED 1907.

Senators postpone their investigation of Joe McCarthy. It looks bad for McCarthy. If people begin talking about something besides Joe—it might go to be a habit. Knowland forces defeat Nixon forces in California Republican skirmishing. Vice President Nixon and Senator Knowland are agreed that if Ike doesn't run—it will be over one of their dead bodies.

The World Today - James Marlow

Bill To Give Commie Probe Witnesses Immunity May Bring New Disclosures

WASHINGTON (AP)—It is up to President Eisenhower now to sign into law, and he probably will, the bill just passed by Congress to guarantee hasty witnesses immunity from federal prosecution if they answer questions about subversion.

General, may ask a federal judge to grant immunity. If the witness still prefers the Fifth Amendment to immunity, he can be cited for contempt of court, tried, and, if found guilty, jailed.

trial. The Supreme Court has ruled on that. But could the state use his federal testimony as a lead on which to gather evidence on which to try him in a state court? There's no answer. And there won't be until the Supreme Court some day gives a decision on it.

Notebook - Hal Boyle

Star Says Modeling May Not Lead To Film Parts

NEW YORK (AP)—Many stage-struck girls dream of becoming a fashion model—and going on from there to fame and fortune in Hollywood. If you have that dream, girly, you might as well ditch it now, unless you like to play the long odds.

Leon Uris. After working her way into that \$1,500 a week and up bracket, Mona is in a good position to compare her careers as model and actress.

"Modeling is an art, but it is comparatively simple to learn," she said. "A girl who can learn to model at all can do so in a year."

GRIN AND BEAR IT

"A delightful situation, when they can just walk in and carry off anything that isn't paid for... Why, no home in America is safe..."

Around The Rim - The Herald Staff

Vodka-Selling Businessmen May Prove 'Guilty' By Association

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note. The "guilt by association" technique at times seems developed to the point where a man becomes a "Communist" if he so much as suggests that the Russians had a hand in winning the last great war.

Business Outlook - J. A. Livingston

Alice Builds 'Flaton' Machine; It Keeps Prices On Even Keel

"What are you doing, what are you doing?" demanded the Walrus. Alice continued working away with a screw driver. "I can't seem to get it adjusted," she said. "What is it?" demanded the Walrus. "What kind of a machine is it?"

said the White Queen pleasantly. "It goes back to the ancient economics," said Alice. "In those days, inflation resulted from an increase in the money supply without a corresponding increase in the supply of goods and services. So prices rose."

These Days - George Sokolsky

Ladies In Briefs Cause Uproar In Berkshires Of Massachusetts

Up here in the Berkshires, in Massachusetts, where many who live in the big cities come to be amateur farmers and musicians and to enjoy the peace and quiet of a sylvan sanctuary, two arguments have filled the summer with rage and outrage.

they wore their hair so that it looked like a horse's tail which is what my young daughter told me it was intended to be. I cannot be arbitrary about what is taste in clothes. I have lived in countries where men wear skirts and women trousers, and I have seen women who strapped themselves to look like boys and men who bejeweled themselves fashionably. Good taste has something to do with local custom and it is not local custom in New England to wear briefs. Ugliness is always unforgivable and the short that becomes a brief is ugly. When thousands are gathered in one place and so many are badly dressed and wear clothes that only accentuate the imperfections of the human figure, it makes one wonder what has happened to proper manners and good taste.

Trans-Tex Hearing Enters Third Day

HOUSTON (AP)—Hearings that may take two weeks to complete entered their third day here today on renewal of Trans-Texas Airways' temporary certificate from the Civil Aeronautics Board.

No Dog's Life

GRAND RAPIDS, Mich. (AP)—"Buster" the Dalmatian dog who tried out as mascot with the fire department sits forlornly in the humane society shelter, a victim of technological unemployment. It isn't Buster's fault, firemen said he qualified for the job. He even hopped up onto the seat of the aerial ladder truck when the fire bell rang.
