Soviets Aim At Vital Rail Junction West Of Kiev

By HENRY C. CASSIDY
LONDON, Nov. 15 (P)—The Russians have smashed their way into five miles of the Gornel-Rechitsa railway in the Pinsk Marsh sector above Kiev and have driven to within seven miles of Rechitsa itself, a Reuters dispatch from Moscow said today.

MOSCOW, Nov. 15 (P)—The Red army, expanding its salient west of Kiev, was surging close today to the vital rail junction of Korosten, capture of which would give the Russians control of a 50-mile stretch of the Leningrad-Odessa railway system between Korosten and Zhitomir.

broken through between Zaporozhe and the area north and northwest of Krivoli Rog. (The Paris radio in a broadcast recorded by Reuters also said that the Russians had attempted new crossings of the Dnieper on both sides of Cherkassy, about 70 miles northwest of Kremenchug.)

Cossacks Near Railway Link To Poland

LONDON, Nov. 15 (P)—The German high command announced today that Russian Cossacks and tanks, in a sweeping drive west of Gomel, had driven to Rechitsa, about 30 miles to the southwest on the railroad linking Gomel with Poland, but had been beaten back in attempts to capture the town itself.

Rechitsa's seizure would sever one of the two remaining rail lines over which the Nazi defenders of the old fortress of Gomel might fall back to escape the encircling Soviet movement.

The advance along the northern edges of the vast Pripet marshes also threatened to split off the northern German armies from the forces of the central front.

Another Berlin broadcast acknowledged the German evacuation of Zhitomir, rail junction on the Nazis' last north-south railroad artery east of the old Polish border, whose fall threatened to cut the central Nazi forces off from the southern German armies.

Picked Russian units also are pressing a powerful offensive in the Nevel and Gomel sectors to the north, where the Germans have been compelled to "modify their lines at some points," the broadcast said.

Mrs. Newton Granted Stay In Hunt Case

OLTON, Nov. 15 (P)—On motion of the state, Judge C. D. Russell of 64th district court today granted a continuance in the case of Mrs. W. R. Newton of Cameron, charged with assault with intent to murder in connection with the May 21, 1942 shooting of the late Dr. Roy Hunt of Littlefield.

On his own motion, Judge Russell ordered a change of venue for the case and specified it would be called in Hale county on the first Monday in January.

Russians Cut Rail Link—Capture of Zhitomir, announced by Moscow, cut major German rail connection between Odessa and Leningrad.

Committee Assails OPA Regulations And "Illegal" Practices

By WILLIAM F. ARBOGAST
WASHINGTON, Nov. 15 (P)—The Office of Price Administration was roundly assailed today by a congressional committee which accused it of having promulgated "illegal, absurd, useless and conflicting" regulations and of having "construed its power to authorize it to sentence citizens of the United States to starvation."

Lufkin Youths Form Club To Down Crime

LUFKIN, Tex., Nov. 15 (P)—Petty crime and misdemeanors are taking a terrific beating from the teen-age youngsters in this busy lumber and newsprint capital.

Brits Improve Positions In Dodecanese

Fighting At Leros Inflicts Casualties On German Forces
CAIRO, Nov. 13 (AP)—British troops improved their positions in central and northern sectors of the Dodecanese Island of Leros yesterday, inflicting substantial casualties on the Germans and capturing a number of prisoners, a Middle East communique announced today.

New Rubber Plant—These towers are a part of the new 60,000-ton synthetic rubber plant which will be opened at Houston formally Nov. 17.

Explosions and fires were started at Gurra Bay, Alinda Bay and Cape Pantali, and a Heinkel-111 was destroyed.

The battle for Leros was still inconclusive, however, and official reports yesterday said the Germans had established numerical superiority and had straddled the island at its narrowest point, virtually dividing the British and Italian defending forces in the north and south, although the Allies still held Leros, the chief town.

\$5,000 Needed To Put War Drive Over Top This Week

A big job remains to be done this week by Howard countians. And that is the task of raising \$5,000 more to make the county's War Fund goal of \$17,900.

DOWNTOWN STROLLER

Only 33 more shopping days till Christmas. What a jolt, and it isn't even Thanksgiving yet. We hate to get our holidays mixed up. But speaking of Thanksgiving, ye olde tradition won out over FDR, we see and turkey day will be November 23. Ha!

Was tearing around the corner the other day and almost ran into KYLE GRAY, heading the opposite direction and in a hurry too. That's what you call "bumping into people," we decided.

We suppose since the OPA frowns on going deer hunting that now on out anybody that shoots a deer was in the vicinity strictly on business and shot in self defense when attacked by the deer.

Visited a moment with Lieut. MARY FRANCES GOLDMANN, WAC recruiting officer, who has just returned from Lubbok. She had more news, too, for she is to be transferred to Lubbock. Lieut. CORA LEE MORROW is to take her place here.

Had a cup of coffee with HARVY WILLIAMSON, formerly of Big Spring and now of Amarillo, who spent the weekend here. He had news of his daughter and husband, CAPT. and Mrs. FRITZ WEHNER, who are now living in Boston. A Christmas trip here by the WEHNERs was planned, HARVY said, but had to be postponed for awhile.

Woman's Club Meets At AAFBS Tuesday

The semi-monthly bridge luncheon sponsored by the Woman's club of the Big Spring Bombardier School will be held in the officer's club at the post Tuesday afternoon.

Hostesses for the afternoon include Mrs. Pierre W. Curle, chairman, Mrs. Rich Bradbeer, Mrs. Leonard D. Jones and Mrs. Olin Mann.

Luncheon will be served at 1:30 o'clock, and all officers' wives are cordially invited to attend.

Timely Arrest

DALLAS, Nov. 15 (AP)—Police stopped a truck driver for driving on the wrong side of the street.

While they were writing out a ticket, their squad car radio broadcast a description of the driver. He had stolen the truck.

Young People In Charge Of Program At Local Church

Youth Night, which was observed in Presbyterian churches all over the nation Sunday evening, was held at the First Presbyterian church, emphasizing the theme "Facing Today With the Living Christ."

Forrest Harrison presided over the program and Jim Owens of Coahoma, president of the Young People's league in the El Paso Presbytery, spoke. In his talk he discussed an enlarged program for young people of the assembly which includes the youth of 16 states.

Lola May Neill gave the plans and objects for the young people of the local church in an organizing effort for "Facing Today with the Living Christ," and the junior choir, directed by Mrs. J. P. Kenney and Mrs. A. B. Brown, sang several numbers.

Preceding the 8 o'clock service, the young people were entertained with a social hour in the church basement.

Travel Only When Necessary Is Plea For Holidays

Don't travel, unless it's an absolute necessity, between December 17 and January 10.

That's an official request that has come from Joseph B. Eastman, director of the Office of Defense Transportation, who said that maximum curtailment of civilian travel is imperative to prevent interference with the orderly movement of trains and intercity buses of the huge volume of military and essential civilian passenger traffic.

Employers are being asked to grant no vacations or leaves during the holiday period; government agencies are asked to cut down on travel, and government agencies are requested to refuse all requests for speakers' conventions between December 17 and January 10.

Military and essential civilian demands on transportation have not abated, Eastman pointed out; rather, the burden has become heavier, and it is necessary, he said, that there be no interference with vital war traffic.

Colorado Youth May Recover From Illness

COLORADO CITY, Nov. 15—Bobby May, 13-year-old son of Mr. and Mrs. Bob May of Colorado City, is now given a "fighting chance" to recover, word reaching friends and the family physician here related during the weekend.

At first thought to have been the victim of infantile paralysis, Bobby is now said, after tests, to be suffering from agranulocytosis, a blood stream infection. Doctors at the Methodist hospital, where the boy was rushed Tuesday for treatment, are administering penicillin and blood transfusions.

YWA HAS PARTY AT BAPTIST CHURCH

The Young Woman's Auxiliary of the East Fourth Baptist church entertained with a game party in the church annex Saturday evening and service men of the Big Spring Bombardier school were guests.

Refreshments were served and those attending were Cpl. and Mrs. Dale Puckett, Dauphine Reese, Mozelle Chapman, Cpl. Earnest Burchett, Pvt. Burchett, Sgt. Ralph Rayermann, Clarabel Wood, Wilma Evans, Pvt. Lee Swartz, Geraldine Bly, Adelphine Covington, Pvt. Harvey Bratton, Cpl. Harold Decker, Anita Cate.

Last Rites For Accident Victim

AUSTIN, Nov. 15 (AP)—Funeral rites will be held tomorrow for Lieut. Albert P. Jones of Camp Swift, fatally injured last week in an automobile accident. Burial will be in Brady, home of Lieut. Jones' parents, Dr. and Mrs. William C. Jones. Lieut. Jones is survived also by his widow and two brothers.

Ladies, they used to say: "That's TABOO!" Now read these facts

Not long ago women didn't discuss periodic pain. Now they openly praise CARDUI's 2-way help. Taken as a tonic, it usually peps up appetite, aids digestion by increasing flow of gastric juices, thus helps build resistance for those trying days. Taken as directed 3 days before the time, it may help relieve purely functional periodic pain. Priced for 82 years! Next time try CARDUI. (adv.)

Mother Tackles The Job

"Till we meet again" . . .

By ANNA W. M. WOLF
Author and Lecturer On Child Care. (Written exclusively for AP Features.)

Even though the war goes on children in America can grow up sound in both mind and body if their parents know what things are important.

War, of course, makes life harder for everyone. Families are often scattered or living with relatives. Fathers join the fighting forces or are absent for long hours on their jobs. Perhaps the family must move to a neighborhood where, in place of the folks they have always known, there are new neighbors or even no neighbors at all.

War, of course, makes life harder for everyone. Families are often scattered or living with relatives. Fathers join the fighting forces or are absent for long hours on their jobs. Perhaps the family must move to a neighborhood where, in place of the folks they have always known, there are new neighbors or even no neighbors at all.

It's hard and it's lonely; it's likely to be discouraging. But it can be done.

The main thing children need is the right kind of parents and let's face it, especially the right kind of mother. Home begins, not with a roof, four walls and furniture, nor even with a steady income, much as we all wish for these things. It begins in that period after the honeymoon, when

Former Governor Faces Bribe Trial

OKLAHOMA CITY, Nov. 15 (AP)—Oklahoma's last governor, bulky Leon C. Phillips, and his clemency aide, Robert R. Fitzgerald, came into state district court today for joint trial and a show-down on bribery and conspiracy charges which allege that each got five \$100 bills out of an \$8,000 parole payoff last year.

More than four score witnesses were summoned, including the state's Fred Lowe, florid-faced political appointee of Phillips, who declared at preliminary hearing that he gave the defendants two-thirds of a \$1,500 cut he obtained from an \$8,000 cash payment by Mrs. J. W. Eislingmer in the vain hope of freeing her husband from a life term for murder.

Defense evidence was withheld at the preliminary and the blunt-spoken Phillips, who left office last January, has not countered in court the charges which he and Fitzgerald denied and labeled "a political smear."

Mr. and Mrs. Mark Wentz have returned from Lubbock where they visited their son, Frank Wentz, student at Texas Tech. Frank is a senior student majoring in music, and was appointed director of the R. O. T. C. band for the year.

What 75 Years Experience Taught Us

ABOUT ROOFING

Having applied thousands upon thousands of roofs, and having sold the material for thousands more, we have learned that there can be no compromise on quality. Under normal conditions a good roof will last 10 to 20 years or more. The small saving in cost between the best roof and a poor one may mean the loss of 1/4 to 1/2 of the life of the roof in addition to the damage and inconvenience it causes in the meantime.

Application is just as important as the quality roofing. For assured roof satisfaction don't let anyone but an experienced roofer apply the roof to your property.

Our 75 years experience taught us to sell nothing but the highest quality roofing on the market.

Westex Serves Wide Area With Shell Products

At 801 East Third street, sitting a little back from the corner toward second street, is a relatively small but extremely neat looking square 'swept' plaster building. This building houses the headquarters of West-Tex Oil company and is the distribution center for Shell products throughout all of Southwest Texas and northeast New Mexico, specializing in lubrication of oil field equipment. The company established headquarters here in 1935.

Like most other businesses at present Westex is faced with an acute shortage of manpower but still manages to maintain three service branches and operates 23 trucks in serving this area. All service is done by company operated trucks out of Big Spring. The company has production in three fields in the Permian basin area which also is handled through the Big Spring office. Three field in the Permian basin blems in operation of units of obtaining necessary supplies and merchandise. The popular "Shell-zone" permanent anti-freeze is now being entirely consumed by the armed forces with none left for civilian consumption.

Other than that the company handles complete lines of motor and industrial oils; greases and all motor fuels; gasoline and other oil products.

In Woodriver, Illinois the Shell refinery was the first to receive the army and navy "E" award. Within recent months Shell has completed a radically new type of marine turbine oil which combines powerful rust preventive properties with superior oxidation stability. This new oil has been developed after several years of scientific research by the Shell Oil company which is at present the exclusive supplier to the navy with contracts totalling several million gallons.

It is also used by many merchant marine ships and tankers along the coastline and in convoy service.

A note of interest picked up in the interview is that the celebrated leader and hero of the sensational "Shangri-La" Tokyo bombing, Maj. Gen. James H. Doolittle, was vice-president in charge of aviation sales for Shell before returning to the army, and has been a visitor in Big Spring on several occasions in the interest of aviation sales in this area.

Tire-Saving Is Major Goal Of Phillips Co.

When the rubber tire shortage was born of the loss of the south Pacific areas to the Jap, the rubber tire industry and tire shops all over the country, found their business changed within a few months.

From selling tires to any with the money to buy, the rationing of rubber tires, tire inspections, and careful conservation became the order of the day for the Phillips Tire company, 211 East Third street, as well as other shops.

Out of this situation came the growth of the recap business and vulcanizing. The Phillips tire company was the first in the city to offer recap service and today is working 24 hours a day to provide this substitute tire for motorists.

Ted Phillips, owner and manager, had a hopeful word, however, for motorists, who distrust recaps. Within the past few weeks the OPA has released better grade rubber which will give twice the mileage of the old reclaim rubber recap. Formerly, Phillips said, 8,000 miles was considered good for a recap tire, while the new ones will give around 16,000 miles of service now.

In addition, the shop has synthetic tires which Phillips believes will be good for nearly as much mileage as prewar tires, if driven under the 35 mile speed limit.

The Phillips tire company employs here and at its business in Stanton, ten employees, all experienced and some factory trained men. It offers one day service on recap tires since the shop can handle around 35 recaps a day and repair 35 tires a day.

For those with ration permits, the shop has U. S. tires for tractor, truck and passenger cars. Three qualified inspectors are also on duty every day to inspect tires under OPA regulations.

Battery recharging, repairing, and vulcanizing are other features of the business which in its

Nabors Shop Caters To The Personality Of Customers

The hustle and bustle of added war activities which now crowds every woman's daily routine has induced her to depend a great deal more on the beauty shop to keep her looking her best and smartest self, whether it be at the Red Cross, at an afternoon party or in the office.

The thing which has won Nabors' Beauty Shop the name of dependability and efficient service is the fact that they take into consideration the personality of customers, in styling their hair. The operators are skilled and experienced in knowing the proper coiffure for the customer.

The shop, owned and operated by Mrs. O. L. Nabors, continues to give excellent service despite present location for the past six years has pleased numerous customers.

war-time handicaps, and operators are willing to discuss customers' problems.

Backed by experience in their trade, the operators work on regular schedules of appointments. The staff includes Iva Zelle Cardin, who has had three years experience; Ora Cook, 15 years; and Betty Lou Burns, 3 years.

Mrs. Nabors has operated her salon in Big Spring for the past 13 years, and now has one of the most modernly equipped shops in this section of the country. "The shop is fortunate in having an ample supply of bobble pins and we do not have to use substitutes in waving hair," according to Mrs. Nabors.

The cool permanent, which was introduced sometime ago, is featured at Nabors which also gives facials, manicures and special

Irish In Spotlight Under Pressure To Remain At Top

By TED MEIER
NEW YORK, Nov. 15 (AP)—The pressure stays on Notre Dame this week as the college football season heads into the stretch and traditional late November clashes begin to do the grid picture. After eight successive weekends of wrecking such undefeated teams as Michigan, Navy, Army and Georgia Tech the unbeaten and untied Irish, ranked No. 1 nationally, can't afford a letdown at South Bend Saturday against the fearsome Iowa Pre-Flight Seahawks.

Southwest Losers To Be Invited To Play In Sun Bowl

ALBUQUERQUE, N. M., Nov. 15 (AP)—Coach Willis Barnes, whose University of New Mexico Lobos has accepted an invitation as host team in the Sun Bowl at El Paso, Tex., Nov. 20, said today his personal choice of an opponent would be the loser of the University of Texas-Texas A. and M. game, scheduled for Thanksgiving.

He said the winner of the Texas tilt would undoubtedly receive a Cotton Bowl bid and that the loser might be available for the Sun Bowl.

As second and third choices, Barnes named the College of the Pacific and the University of Oklahoma.

El Paso Brothers Take Tennis Honors

TUCSON, Ariz., Nov. 15 (AP)—A pair of El Paso, Tex., brothers and their fellow townsmen almost turned the annual southwestern tennis tournament into their own private clam bake. George Ball, seeded No. 1, coped with the men's singles championship with a 6-3, 6-4 victory over his brother, Russel. The Texas brothers then paired up to win the men's doubles crown with a 6-1, 6-2 victory over Brant Smith and Bob Caldwell, both of Tucson.

victory over Illinois with the deciding field goal being kicked 12 minutes after nearly everyone thought the game ended in a tie.

The gun was fired on the final play, an incomplete Ohio State pass. Players of both teams were in their dressing rooms and the fans were on their way out when the officials ruled Illinois was off-side on the play and two seconds remained.

The teams were recalled and the Buckeyes decided to try a field goal instead of a pass. John Stungis, sub back, made good from placement on the Illinois 16 to win Ohio's State's first Big Ten game of the year.

Sportswriters had to dig out the rule book to check on a seldom seen play—a forward pass thrown from the end zone that falls incomplete behind the goal line.

Saturday's results left these teams outstanding in their areas: East: Navy, 61-0 victor over Columbia; Dartmouth, 20-0 winner of Cornell, Army and Penn.

South: Duke, 49-0 winner over Virginia; and North Carolina.

Southeast: Georgia Tech, which walloped Tulane, 33-0.

Southwest: Unbeaten, but tied Tulsa and Texas Aggies; and unbeaten, untied Randolph field.

Midwest: Notre Dame, Iowa Seahawks, Purdue, all unbeaten and untied; and Michigan, beaten only by Notre Dame.

Big Six: Oklahoma, Rocky Mountain: Unbeaten, untied Colorado College.

Pacific Coast: Unbeaten, untied Washington and USC who are to meet in the Rose Bowl; and March Field.

Traditional games on tap this weekend include: Dartmouth-Princeton; LSU-Tulane; Pitt-Penn State; Temple-Villanova; Purdue-Indiana Ohio State-Michigan Illinois - Northwestern; Wisconsin-Minnesota; and Duke-North Carolina.

Other tilts pair Randolph Field-North Texas Aggie; Colgate-Columbia; Army-Brown; Drake-Tulsa; Clemson-Georgia Tech; St. Marys-UCLA Missouri-Kansas; and Rice-TCU.

AAFBS Notes—Two Leave For Miami School

S/Sgt. Dale Francis and Sgt. Robert Moore, both of the 365th B Hq & AB squadron, have been transferred to Miami Beach, Fla., to attend the AAF administrative officers candidate school.

S/Sgt. Francis was assigned to Special Service, appeared on many programs at the field and in town, wrote the script and song lyrics for the musical comedy to be presented by soldiers and WACs soon. He had been at the field for one year, also had been a public relations man and is a former newspaperman and radio commentator from Dayton and Troy, O.

Sgt. Moore worked in the budget and fiscal office. His home is in Columbus Junction, Iowa.

Three officers have been transferred to the Lockbourne army air base at Columbus, O. They are First Lieutenants John A. Coselli, Marshal H. Cruse and Frank D. Jackson.

Second Lt. Virginia E. Schnaare has arrived for duty with the station hospital as a nurse. A number of enlisted men have also been assigned for duty with the station hospital as wardmasters, clerks, laboratory technicians.

Ell C. Gaylor, fire chief at the Big Spring bombardier school and Claude A. Self Sr., fire fighter, are at the Majors Army Air Field in Greenville attending the two weeks airplane crash fire fighting course there.

Lieutenant Dies From Monoxide Gas

RIO GRANDE CITY, Nov. 15 (AP)—Lt. Col. Ernest John, commanding officer of Fort Ringgold, Tex., attributed to carbon monoxide poisoning the death of Second Lt. Edward M. Coleman, 36, son of Robert E. Coleman, Tampa, Fla.

Lieutenant Coleman was found dead Friday in his car which was parked on the Ringgold reservation. The motor of the car was running when the body was found.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, Nov. 15 (AP)—Pigskin post-mortem: . . . It probably was the grand climax of an unusual season Saturday when Texas U. actually sent in the water boy—four-foot, 11-inch Billy Andrews—to kick a couple of extra points against TCU. . . . Up to last week there hadn't been as many oddities on the field as you might expect in a season when colleges officially dropped football, then came back with "informal" teams, when some players turned up on two or three different teams through navy transfers, when student managers were pressed into service, when colleges like Columbia had stars of All-America caliber right handy, but ineligible.

Gridiron Gremlins

Some of Saturday's strange happenings:

North Carolina and Army scored all-important points when their opponents' forward pass attempts from behind the goal line were grounded in the end zone for safeties. . . . One of these a season would be enough. . . . Penn State had to recruit officials from the stands for its game with Temple when the men assigned were late in arriving. . . . And Ohio State's players had to be called back from the dressing room to kick the field goal that gave them a 29-26 decision over Illinois.

Higher Authority

When some one asked Greasy Neale, rough and ready coach of the Phil-Pitt Eagles, why he never ran on the field to dispute decisions like the other pro coaches, Neale replied: I'd like to, but I've been ordered to remain on the sidelines. . . . The surprised questioner asked where such orders came from. . . . Greasy looked sad and replied: my wife.

No Sale

The other day Ford Friok, national league president, tried to put over a fast one on Brooklyn's Branch Rickey by suggesting that they bet a hat on the football game on their old colleges, Depauw and Ohio Wesleyan. . . . showing that his mind isn't always on baseball, Rickey shot back: "No you don't. I read the papers, too." . . . Depauw, if you haven't noticed, has the nation's highest grid scorer in Bob Steuber and a flock of other navy trainees who have helped Bob pile up the touchdowns.

Free Beer And Food Promised To Worker

DALLAS, Nov. 15 (AP)—George Waller, advertising yesterday morning for a pressman for his printshop, promised cold beer all day, free lunches and smokes, and a guarantee that the boss did all the heavy lifting and didn't complain.

He said last night he had received only two calls, one from a man who said his wife had been trying to get him to go to work for four or five years but that he planned to have pretty girls serve the four free lunches during rest periods.

Texas League To Fight Issue

DALLAS, Nov. 15 (AP)—The Texas League, complaining of "Taxation without representation," is going to bat with headman William G. Bramham of the minor leagues over the question of voting privileges. Judge Bramham issued a ruling, after submitting the question to the leagues in operation this year, that suspended leagues would have no say in legislation at the national convention in New York Dec. 1.

The Texas league did not play the past season but paid its dues and at the final session of the directors, holding their annual meeting here this week-end, passed a resolution asking reconsideration of the ruling.

They called the ruling, based on section 3, article 8 of the baseball code, "unfair and incorrect," arguing that this did not apply to a league already an association member but to new leagues.

M'Cormick Seeks Food Action Delay

WASHINGTON, Nov. 13 (AP)—In the role of defense counsel for the administration's food subsidiary program, House Democratic Leader McCormack of Massachusetts appealed today for a stay of judgment until after next year's elections.

He maintained that the issue, heading for a showdown in the house next week, was of such magnitude that it should be decided by the people next November through their choice of members of congress and for the presidency.

The test will come Thursday or Friday on a bill to extend the life of the Commodity Credit Corporation. The house banking committee wrote into the measure a stringent ban against use of subsidies to hold down prices after the end of this year.

McCormack declared that a democratic victory next fall could be interpreted as an endorsement of the subsidy program while "if a republican is elected—well a new president should get what he wants from congress."

Meanwhile, advocates of subsidies are pinning their hopes on a compromise and a temporary continuance of the program, but concede privately that their chances are slim.

Ten Texans Awarded High Masonic Degree

DALLAS, Nov. 15 (AP)—Ten Texans who have won the 33rd Masonic degree, highest of the order, will receive it at ceremonies here Dec. 4.

James C. Jones, deputy in Texas for the Supreme Council Scottish Rite of Masonry will carry out the ritualistic work at that time.

The honor, unsought and awarded because of service to the fraternity, was awarded 13 Texans at the supreme council session in Washington Oct. 19. Three, Luther E. Wilson and Henry S. Miller of Dallas and A. H. Swanson of Austin, received the degree in the national capital.

The other 10 include H. Ward Collier, Fort Worth; Alva Bryan, Waco; William H. Telfair, Port Arthur; William A. Woods and J. Dixie Smith, Houston; E. T. Green and Frank A. Spang, San Antonio; Frank C. Millard, Marfa; Charles R. Loomis, El Paso and John L. De Grazier, Dallas.

LONDON, Nov. 15 (AP)—Pamela Barton, 26, twice winner of the British and American women's golf championships, was killed Saturday as the plane in which she was a passenger crashed in a take-off.

Baseball Is Essential Says Senator Lucas

WASHINGTON, Nov. 15 (AP)—Professional baseball is "absolutely essential" to civilian and military morale, Senator Lucas (D-Ill.) said today in pointing out that the sport is making valuable contributions to the war effort while using an "infinitesimal" part of the nation's manpower.

"My sincere hope is that nothing will be done in any agency of the government which will in any way disturb the continuation of this great American institution," Lucas said in an address prepared for Senate delivery.

Baseball contributions to war funds total \$2,128,698, he declared, and admission taxes paid the government through the national and American leagues for the 1942 and 1943 seasons amounted to \$2,289,702.

Sales of war bonds and stamps in drives sponsored by baseball interests netted \$1,027,923,225, the senator said, and the baseball equipment fund raised \$250,814 to furnish sports equipment for men in the armed forces.

Nine Members Of 1942 Steer Team Are In Service

Out of the starting eleven of the 1942 Steer football team nine are now in service. The other two are only 17 years old.

Three of these boys in service are now in the army air corps as cadets. They are Peppy Blount, Billy Means and Earnest Bostick. The other six who are in the U.S. Army are John Urey, Glen Brown, Doyle Stewart, Billy McDonald, Darrell Webb, Jr., and Bobby Boykin.

The two remaining boys are Robert Coffee and Dewey Stevenson, both of whom are only 17.

"Birdcat" Used By Master For Hunting

CANTON, Pa., (AP)—When Dana Smith goes hunting for rabbits he takes along his "cat."

Smith claims the feline is as good as a dog in retrieving rabbits. It might be the "bird" in him, the owner explains.

Workers Desire Their Own Trade

The Big Spring area has a "shortage of people working but not a shortage of workers," according to O. R. Rodden, manager of the Big Spring district office for the US Employment Service.

Rodden said growing absenteeism was one of the reasons for a shortage of people in work with the percentage ranging between five and 10 on a monthly basis. Some of the chief reasons for absenteeism, said the USES manager, were: "Wanted to take the day off"; "Thought I would look for another job that would pay more"; "Look for a day job instead of my night one"; "have relatives visiting me whom I haven't seen in several months."

When it is considered that there are 3,750 essential workers in the Big Spring area, absenteeism cuts quite a figure, he observed.

A second reason for shortage of people at work given by Rodden is an unwillingness of a worker in one skill to take a job in a related occupation. "For instance," he said, "a pastry cook would not accept work as a bread baker. In most instances employers would be happy to employ workers in related occupations."

He said fully 150 workers are needed in various occupations by essential employers in the Big Spring area now. Among classifications with urgent demands for workers are: Accountants, auto mechanics, bakers (bread), linemen, hospital attendants, jack hammer operators, funeral attendants, welders, PBX operators, driller's helpers, roughnecks, aircraft learners, truck drivers and laborers.

Forsan Football Queen Is Named

FORSAN, Nov. 13—Wanda Nell Griffith, daughter of Mr. and Mrs. J. W. Griffith, was crowned football queen of Forsan high school Friday afternoon.

The coronation took place on the playing field immediately following the six-man football game between Forsan and Courtney. Harley Grant, captain of the Forsan team, crowned the queen, who was flanked by players and pep squad escorts.

A recent Pennsylvania state police survey indicated that two-thirds of the drivers involved in night highway accidents were afflicted with "night blindness."

Matador Candidate Downs Six Bulls

MEXICO CITY, Nov. 15 (AP)—The "iron man" feat of killing six bulls was performed today by Juan Estrada in the season's final bullfight and his farewell as a novice matador.

The first bull's horns grazed Estrada's right leg, but he returned to the ring after his trousers were patched. Estrada cut an ear and the tail off the sixth animal.

Estrada is one of four candidates to become fullfledged matadors when the regular season opens Dec. 5.

In a second conversation, she got another clue. The men mentioned trees.

AP THE BYLINE OF DEPENDABILITY

How much does it cost to bomb Berlin ?

SUPPOSE, in the dusk of an English evening, 1,000 huge bombers soar over the Channel and head for Berlin.

By the time those planes return to England, their motors will have consumed 2,400,000 gallons of gasoline!

The cost of the gasoline ALONE . . . will be more than \$380,000.

To pay for the gasoline used on ONE such raid, 96,000 Americans would have to invest at least 10 percent of their next pay check in War Bonds!

You get a big kick out of reading about those 1,000-plane raids. You know that such raids, if repeated often enough, will soften up the Axis. But . . .

What are YOU doing to help pay the cost of those raids? (In addition to the gasoline they use, it costs Uncle Sam TWO HUNDRED MILLION DOLLARS to build 1,000 4-motored bombers . . . plus the cost of training the 10,000 men who make up their crews!)

Modern war is expensive business . . . its cost runs into fantastic figures. 30,000,000 American wage earners are now putting an average of 10 percent of each pay check into War Bonds every pay day . . . but still it isn't enough!

Our air raids on the Axis are increasing in frequency and intensity. When land operations really get going, the cost will be staggering.

More and more Americans must join the Pay-Roll Savings Plan . . . more than those already in the Pay-Roll Savings Plan must begin to jack up their War Bond purchases . . . must start to invest more than 10 percent!

Remember . . . War Bonds are the finest investment in the world today. You get back \$4 for every \$3 you invest. And . . . the more War Bonds you buy now, the quicker the Axis will be licked . . . and the less the war will cost in the long run.

Think it over. And every time you're tempted to put a nickel in something you don't absolutely need—put it in War Bonds instead!

KEEP ON BACKING THE ATTACK!

Texas Must Act To Save Natural Gas Resources

Contract for the 1,188-mile natural gas pipeline from Corpus Christi to West Virginia has been let and work is expected to get under way in the next two weeks. It's a 45-million-dollar project, of which over 23 millions is for priority materials.

promoters has been, in so many words: "Try and stop us." If the project can't be stopped by tying up right of way, as was done in Georgia in the case of an oil pipeline, and latterly in Louisiana in the case of natural gas, there are more ways than one of skinning a cat.

Washington Daybook—

Economic Stabilizer Not Popular In Southwest

By JACK STINNETT WASHINGTON — Your Capital in Wartime. Hope Ridings Miller, society editor and commentator for the Washington Post, has got herself a cause and it's a honey.

Hope is carrying the torch for those women secretaries of the Senators who are barred from the Senate floor. This is an ancient custom, not a sex. The rule says nothing about sex. It merely states that clerks to committees and clerks to Senators, in discharge of their duties, may walk the Senate floor.

By custom, however—a custom dating back to the days when women's suffrage was considered an insufferable subject—women are barred from the Senate floor. Although the custom has been broken down to allow the petticoat Senators to take their seats, it has never been relaxed for female secretaries.

The male secretaries patter in and out without a challenge. The ladies cool their heels at the cloakroom entrances, while Senate staff messengers try to find their bosses and persuade them to leave the floor.

brisk Mr. Bowles. "You mean," said his questioner, "currently like a rabbit or currently like a geologist?"

A lot of southwestern congressional delegations are sore as a holl on the subject of Fred M. Vinson, Economic Stabilizer.

Some day soon, an analysis of Mr. Vinson's rulings will be forthcoming. One thing can be said right now: He is one man who is NOT running for vice president—or any other political office.

A hand for Gentry Wales, in the War Department's Bureau of Ordnance. Under the program which urges all employees to suggest ways and means of cutting corners, Wales made a suggestion that abolished his own job. To the credit of his bosses, Wales wasn't fired, merely transferred, and he was given the \$100 award for his valuable suggestion.

Capital Comment— Solon Doesn't Put Much Faith In Petitions

By GEORGE STIMPSON Herald Washington Correspondent WASHINGTON (Sp) —Horace Carlisle, poet laureate of Capitol Hill, says that WAVES and WACS in Washington generally travel in threes.

Cong. Carter Manasco of Alabama, who succeeded the late Speaker Will Bankhead in the House, thinks that names on petitions generally don't mean much. Many people, he says, will sign almost anything they are asked to, without reading it.

While at the convention, the Howard county group planned to press for bureau action in support of plans for a West Texas government cotton classing service. Producers have complained that the necessity of sending samples to Dallas often results in a delay of two weeks or more in receiving pay for their cotton.

Hollywood Sights And Sounds—

A Great War Song Will Have To Write Itself

By ROBBIN COONS HOLLYWOOD — There has been a lot of talk about the absence of "great" war songs in the current conflict to date, and here's the slant of a fellow who has written a main contender, "Praise the Lord and Pass the Ammunition."

Pvt. Frank Loesser, once a top Hollywood lyric writer and sometime composer, was in town from the Santa Ana air base to talk to the O. W. I. about a new bond drive song to replace his "Road to Victory"—or new lyrics for the same tune. Since he enlisted (limited service, due to eyesight) Loesser has become a semi-official song-writer to the armed forces, turning out tunes on assignment—not, as before, from movie moguls at a fat fee, but from Air Force officers at a private's pay, the profits, if any, going to charity.

As for "great" war songs, Loesser's point of view is that no one can tell, now, what will be considered "great" in years to come. "There's no point," he says, "in saying let's write another 'Over There.'" George M. Cohan didn't set out to write the great song of the last war, I'm sure. He just wrote the song that was on his mind at the time.

Loesser divides war music, informally, into three kinds: songs for soldiers to sing, songs they like to listen to, songs for civilians. Of the first, he believes they should sound as if they came from the ranks—Mademoiselle from Armentieres was great from the soldier's angle. He doesn't like songs about him, he likes songs by him, songs he might have written. I think 'In My Arms' is a hit because most soldiers, lonely for feminine companionship, share its sentiments.

In "Thank Your Lucky Stars," Bette Davis sings "They're Either Too Young or Too Old," a number Loesser (he wrote the score with Arthur Schwartz as his last film-

usual until after the war) thinks soldiers will like to hear—because it reassures them that their girls back home are missing them. "And songs of a year ago, when the boys who now are overseas were home, can bring a pleasant nostalgic feeling," he points out. "They serve as a reminder of the boy's date in the corner drug store when he had a tweed suit on. They're a link with the past, with home. Irving Berlin's 'White Christmas' is sure to be a tremendous hit again this fall."

REAL THANKSGIVING DAY WESTFIELD, Wis. (U. P.) — This village will go back to the Thanksgivings of the Pilgrim forefathers this year. A civic Thanksgiving in which residents of this area will gather to thank God for victories in the war and other blessings was approved at a citizen's meeting.

Personal and corporate income taxes contributed 13.3 per cent of all state revenues in fiscal 1943, compared with 10.5 per cent the previous year.

The Timid Soul

Chapter 19 The most horrible part of that meeting between Ted and Langhorne was that both of them recovered from the impact of the shock almost immediately, and started pretending there was nothing wrong. Sally wanted to strike out at them, to scream. Stop trying to protect me. Tell me what the matter. What is it? Why are you both so upset?

But both men ran for the protecting cover of convention. Langhorne, with the smoothness of an acrobat who recovers agilely when his foot inadvertently slips from the trapeze, managed to say quite calmly, "I knew Ted back in New York, Miss Thayer. It's quite a surprise to see him in uniform."

Sally identified the look that slid into Ted's eyes as gratitude for his deliverance. And along with the horror of that unexplainable moment she was conscious of a sudden flash of contempt for Ted. He's letting Langhorne save his face. Then confidence born of her love for Ted came back in a guilty flood. All she wanted to do now was to get out of Langhorne's office as fast as possible. She wanted to hear Ted's voice—reassuring her, giving her some perfectly reasonable explanation for Langhorne's amazement. She wanted to feel Ted's arm strongly around her as they both laughed at some silly episode back in the past. By the time they said goodbye to Langhorne, the color had come back to Ted's face, but Sally, whose heart had memorized his every look, saw his lips were still tightly drawn against the shock of that unexpected meeting.

too much one night at a party. That's all, I'd forgotten the whole silly business. Guess I must have been out of step that night. Now I think of it, I did have a sweet hangerover the next day." Relief flooded Sally like a gigantic wave. "I'm such a dope. It's just that it was so unlike Mr. Langhorne to be startled by anything. And he certainly acted peculiar when I sprung you on him."

Ted put a finger under her chin. "All right now?" His kiss blotted out her answer. "Well, we'd better call it a day. I think I'll be down Friday night, but I'll call you at the office to make sure ahead of time."

Sally was on top of the world when she walked into the office the next morning. She had the mail opened and sorted neatly when Langhorne came in. Sally greeted him so cheerfully that he stopped for a second at her desk. "You seem to be very happy this morning, Miss Thayer."

Texas is looking toward the sky as well as toward the sea. Magnolia Airways, of Magnolia Beach, has asked the Civil Aeronautics Board for authority to transport persons and property and mail "by conventional type aircraft" over scheduled air routes totaling 974 miles as follows: Corpus Christi (Rockport, Refugio, Victoria, Port Lavaca, Palacios, Bay City, Freeport, Angleton, Alvin) Houston; Houston (Sealy, Columbus, Schulenberg, Luling, Seguin) San Antonio; San Antonio (Seguin, Gonzales, Yoakum, Cuero, Victoria, Refugio) Corpus Christi; and San Antonio (Seguin, Gonzales, Yoakum, Cuero, Victoria, Port Lavaca, Palacios, Bay City, Freeport, Angleton, Alvin) Houston. You will observe that applications for scheduled air routes now include many "intermediate points," the towns in parentheses, which would never have been thought of in connection with air transportation a few years ago.

One of these time somebody is going to run for president on the slogan of "two helicopters on every private landing field."

SENATE AUTHORIZES

WASHINGTON, Nov. 13 (AP) — The senate has authorized payment of \$872.35 to the estate of Luther Clyde Nanny of Corpus Christi, Texas, for loss of a house-trailer destroyed by fire June 12, 1942, after the crash of an army training plane. The bill (HR937) returned to the house for concurrence in a minor amendment.

STORY

(Continued from Page 6)

Miss Thayer, I unwittingly showed surprise when I met your young man, for which I am very sorry. But he has your confidence. Any explanations should come from him."

"But he doesn't explain," Sally's voice was pleading. "There must have been something pretty important to make you look at Ted the way you did. And perhaps he feels it's too silly to tell me. But if it is something I should know, for the sake of Ted's happiness and mine, I wish you would tell me. You can help if you do." She was gripping her hands so tightly together the knuckles showed white.

Langhorne stood for a second turning his hat around in his hand. "Will you tell me something? Has Ted asked you to marry him?"

The flush burned painfully in Sally's face. She shook her head. "Then I'll tell you," Langhorne said.

Jackson County Discovers Oil

HOUSTON, Nov. 15 (AP)—A new oil field in Jackson county was indicated by the discovery of oil yesterday in a wildcat well being drilled by the Seaport Oil corporation.

The prospective oiler is two and a half miles north of the west Ranch Oil field and a mile and a half northwest of the town of Vanderbilt.

After coring oil sand from 4,954 feet to 4,965 feet, the operators made a 10-minute drill stem test and recovered 2,000 feet of gravity oil through a quarter-inch choke.

Seeks Revenge For Nazi Atrocities

Pedro Anthony Saurez, 36 years old, told the Selective Service officials that he had a special reason for volunteering for army service to fight the Nazis.

Saurez, who was a radio announcer in Mexico City, became a Mexican National to come to this country as a laborer under the U. S.-Mexico agreement. He kept his labor contract for about three months and then volunteered for army service.

His special reason for joining, so he told Selective Service personnel dates back to the days when the Spanish Civil War was aided and abetted by the Nazis. His grandfather's house in a small village was pillaged by the Nazis, atrocities committed on his grandfather, his sister, and others in the house were killed.

He has been accepted for army service and will soon be able to carry out his own plans of retaliation against the enemy, the official said.

Italian Heads To Resign

By WES GALLAGHER
ITALIAN HEADQUARTERS IN ITALY, Nov. 15 (AP) — Premier Marshal Pietro Badoglio's pledge to resign as head of the Italian government when Rome falls was quickly followed today by strong indications that King Vittorio Emanuele's abdication is only a matter of time.

Dr. Leopoldo Piccardi, who quit as minister of labor and commerce on the heels of Badoglio's statement yesterday, reflected the general attitude that the end is near for the monarch when he told friends he could not afford to be associated with Premier's proposed "technical cabinet" and, by inference, with the king.

By his statement that he would quit when the Allies reach Rome, Badoglio reversed previous declarations he would stay in office until the Germans are driven from the country.

Badoglio's decision was a direct result of his refusal to take part in any government which unseats the aged king.

"When I was 17," the Marshall said at a press conference, "I swore loyalty to the king and will keep faith as long as I live."

In a statement, issued last night, he confirmed reports that Count Carlo Sforza, pro-Fascist foreign minister; Benedetto Croce, noted Italian philosopher, and other political leaders had declined to join a government under a king they considered tainted by Fascism.

Badoglio now has abandoned efforts to form a representative government. He announced Saturday he would set up what was designated as a technical cabinet — mere government framework in which minor functionaries would carry on the necessary work until the capital is freed.

Jap Strategy Seen In Losses

By JOHN M. HIGHTOWER
WASHINGTON, Nov. 15 (AP) — Japan's vanishing victories in the South Pacific, it now turns out, may be intended by the Japanese propagandists to lead into an easy explanation of defeat by Allied forces closing in on Rabaul.

Capital analysts who advanced this possibility noted that it would not be the first time the enemy has wiped a resounding setback off the books by claiming that a key position had accomplished its purpose and no longer was needed anyway. This used that line after both Guadalcanal and Kiska.

This is the anniversary of the worst straight-out naval defeat ever suffered by the Japanese. The engagement, a series of night actions around Guadalcanal Island last Nov. 13-15, secured the American hold on the island and within three months the Japanese were out of there entirely.

They have been slowly but surely losing territory ever since, and probably find the process increasingly difficult to explain.

Rabaul for the Japanese is not only a well-developed base but has considerable symbolic importance as a key position in the outer ring of their defenses. Now that the warlords must see clearly that they are losing it, their problem becomes, how to make the future bad news look good?

The invention of victories by a phantom fleet in equally imaginary battles, some American observers now believe, is designed to prepare the Japanese people for a relapse of the old Guadalcanal-Kiska explanation.

Bricker Will Be GOP Candidate

COLUMBUS, O., Nov. 15 (AP) — Gov. John W. Bricker announced formally today he was a candidate for the republican presidential nomination.

His statement also renounced any bid for a fourth term as governor.

"In view of the great needs, confidence of the fact that the republican party will be called upon to lead our nation at the next election, I shall be a candidate for president of the United States in the Ohio primaries and before the republican national convention," he asserted.

German Orders Found In Norway

STOCKHOLM, Nov. 15 (AP) — The Swedish-Norwegian press bureau reported today that Norwegian patriots in the Trondheim district on the western coast of Norway had found German orders reminding Nazi officers of their duty to destroy all military records in the case of capitulation.

The documents advised troops how to act if their units were suddenly dissolved and they were forced to lay down their weapons, the news bureau said.

At the same time, a dispatch from Copenhagen said it had been announced officially that the Germans had proclaimed a "state of highest alarm" in Jutland, the northernmost portion of the Danish Peninsula. No reasons were given.

The dispatch said martial law might follow, presumably as a result of spreading sabotage.

Other cases before corporation court were one for drunkenness, fined \$15; one for vagrancy, and two juveniles charged with malicious mischief. The latter two cases were dismissed.

Italians Upset About Sofia Raid

LONDON, Nov. 15 (AP) — The Germans in an obvious effort to impress Bulgarians, threatened dire reprisals upon Britain today for what was called a "naked and undisguised terror raid" on Sofia yesterday in which many persons were reported killed.

The Berlin radio declared "neither British nor Americans can claim they are retaliating against Bulgaria, because the Bulgarians have never done anything which could in any way justify such action against the Bulgarian population. Germany will retaliate for raids on civilians on her southern allies by air attacks on the British Isles."

Bulgaria has declared war on Britain and the United States but not on Soviet Russia. Her participation in the war has been limited to affording bases for Germany and to using her troops against Yugoslavia and Greece.

Lebanon Clash Is Imminent

By JOHN F. CHESTER
CAIRO, Nov. 15 (AP) — The situation in Lebanon is "potentially grave" and a real clash between the natives and the French might come at any time—no one knows when," Curtis Ryan, controller of the British ministry of information in the middle east, said today on his return from Beirut.

He said casualties in the political controversy already had totaled 140, including 10 or 12 dead, and future armed struggles might occur in either Lebanon or Syria.

Richard G. Casey, British minister of state in the middle east who returned from Beirut last night, explained Britain's position in the Franco-Lebanese dispute today to Gen. Georges Catroux, empowered by the French committee of National Liberation to seek a settlement.

Casey, who conferred in Beirut yesterday with Sir Edward Spears, British minister to Lebanon and Syria, urged Catroux to reach Beirut quickly. Catroux in 1941 promised Lebanon full independence.

More County Men Accepted By Army

Returns have been received at the Selective Service board on other Howard county men inducted in the November call and sent to Lubbock for examination.

Accepted by the navy and now on seven day furlough are Dorset Allen Young, Earl Talbot Reagan, Cecil Leroy Winterbauer, Arthur Darrell Webb, Jr., a volunteer, Natividad Gonzales, and Robert R. Benavides, transfer from Brownsville.

Wheeler Predicts Radio Retaliation For Slandered

WASHINGTON, Nov. 15 (AP) — Predicting that the senate interstate commerce committee will write a general charter for broadcasting, Chairman Wheeler (D-Mont) said today he would seek inclusion of a requirement that persons "slandered" by radio commentators be afforded an opportunity to answer on subsequent programs.

Wheeler said he had no doubt the committee would incorporate into the proposed measure many of the regulations already put in effect by the Federal Communications commission, and add some new wrinkles of its own.

"I feel that we should write into the law a provision which would stipulate that if any commentator slanders a person, then that person should have the right to answer his charges on the same hour and the same program," Wheeler said in an interview.

German Orders Found In Norway

STOCKHOLM, Nov. 15 (AP) — Materials are moving into Freeport and Galveston to repair the estimated \$200,000 damage wrought by a tornado Nov. 6, announced Hugh J. Corcoran, district manager of the war production board.

In Freeport, 21 buildings were destroyed and 119 damaged, reported John L. Lindsay, analyst for the Houston WPB. Materials needed will cost about \$67,000, the WPB estimated.

Galveston damage was described as negligible.

"Sky Freighter" To Make Initial Flight

NEW YORK, Nov. 15 (AP) — Transcontinental and Western Air, Inc., announced today its "sky freighter" will take off at La Guardia field for the west coast at 12:45 a. m. Tuesday on the first all-cargo trip over the shortest, fastest, coast-to-coast air route.

TWA officials said the cargo flight would reach California in 17 hours and 18 minutes flying time, and will be made nightly, with stops at Pittsburgh, Chicago, Kansas City, Wichita, Amarillo, Albuquerque, Los Angeles, and San Francisco.

Legalistic Language Of OPA Cited By Group

WASHINGTON, Nov. 15 (AP) — A congressional committee today cited as what it termed "a typical example of the legalistic language employed by the office of price administration" the following language from amendment No. 5 to maximum price regulation 319:

"All commodities listed in appendix A are those known to the trade as such excepting therefrom such thereof, if any, while subject to another regulation."

Work Underway To Restore Damage Of Freeport Tornado

HOUSTON, Tex., Nov. 15 (AP) — Materials are moving into Freeport and Galveston to repair the estimated \$200,000 damage wrought by a tornado Nov. 6, announced Hugh J. Corcoran, district manager of the war production board.

In Freeport, 21 buildings were destroyed and 119 damaged, reported John L. Lindsay, analyst for the Houston WPB. Materials needed will cost about \$67,000, the WPB estimated.

Galveston damage was described as negligible.

Petaim May Have Suffered Stroke

BERN, Switzerland, Nov. 15 (AP) — The newspaper La Suisse, in an editorial note to a Vichy dispatch on the failure of Marshal Henri Philippe Petaim to appear on a balcony before crowds yesterday, said today it had reliable information, "naturally unconfirmable," that the aged marshal had suffered a stroke.

Another unverified rumor from the French frontier said Petaim had made an attack on Petaim.

The French nation was told Saturday night to stand by for a speech by Petaim but he failed to make the broadcast, and no explanation was given.
