

## Family Land Heritage Kicks Off '81 Program

AUSTIN—"This year we're hoping to surpass the 1,500 mark in the total number of Texas families registered in our Family Land Heritage Program," Agriculture Commissioner Reagan V. Brown said recently.

"And we certainly hope individuals interested in history or agriculture in Texas will help us by bringing as many qualified applicants into the program as possible."

Since 1974, the program has honored 1,392 Texas families.

The Texas Department of Agriculture (TDA) is entering its eighth year in sponsoring the program which honors, "those families that have persevered for a century or more in the cultivation and production of food and fiber," said Brown. "Undoubtedly, these families, with their unflinching determination have been the backbone of Texas agriculture."

The registration period will extend from May 15 to August 15.

Those who qualify are

honored in state ceremonies and receive a certificate and a copy of the Family Land Heritage Registry. The publication has a brief history of each farm or ranch and includes old photographs of the family and homes as well.

Persons who meet the basic qualifications and wish to

enter can obtain an application from the county judge, county historical commission chairman, the nearest TDA district office, or by writing to Commissioner Reagan V. Brown, Texas Department of Agriculture, P. O. Box 12847, Austin, Texas 78711.

## Mrs Jean Green Named July Artist Of Month

JEAN GREEN

Jean Green of Olton was chosen Artist of the Month for July at the Muleshoe Public Library.

Mrs. Green began painting when she was 12 years of age, beginning her studies in art while still in high school. She has since studied throughout the country with numerous prominent instructors.

She has developed a technique and style distinctively her own. She has received awards and recognitions with paintings exhibited in discriminating galleries and collections in Texas and New Mexico.

The subjects she enjoys painting most are the rustic, weathers buildings and windmills from the forgotten and vanishing scenes of the Southwest.

She has been in demand for workshops and demonstrations throughout the Southwest since beginning

her teaching career in 1964. She was the featured artist in the September 1980 issue of "Grain Producers News". One of her paintings was selected for the cover of the January 1981 issue of "Plains Agriculture". She is listed in the "Blue Book of the Texas Panhandle" 1980 issue.

She and her husband, Willie Gene Green, farm in the Olton area, where Green was named 1980 outstanding citizen. They have two children, Nick Green and Tammy Shirley and two grandchildren.

Mrs. Green is chairman of the annual Sandhills Celebration in Olton. The subject matter of the celebration is Sandhills. All area artists are urged to enter paintings which must be original work. A People Choice Award will be awarded.

### Breast self-exam is vital

HOUSTON, TX. — One out of every 11 women in the United States develops breast cancer in her lifetime. Breast cancer strikes women most frequently in middle age and is the leading cause of death in women age 40 to

44. Over 90 percent of all breast cancers are discovered by women during breast self-examination. Most breast lumps are not cancerous, but only a physician can make the diagnosis.

Dr. Guy R. Newell, director of cancer prevention programs at The University of Texas M. D. Anderson Hospital and Tumor Institute, says, "Breast self-examination should be performed routinely each month as part of any good health maintenance program. The earlier a lump is detected, the better the prognosis."

For a free booklet on how to do breast self-examination, call the Texas Cancer Information Service toll-free at 1-800-392-2040.

## Oil Refineries Summarized

Sixty seven refineries in Texas processed 122,481,979 barrels of crude oil and hydrocarbon blends during February

1981, according to their reports to the Railroad Commission.

This volume compares with 138,830,198 barrels in the previous February, the Commission's Oil and Gas Division reported in its monthly recapitulation of Texas refinery operations. Inputs of crude oil and blends totaled 133,375,817 barrels in January 1981.

Texas refineries ran 97,799,434 barrels of crude oil in February compared to 112,811,654 barrels in February 1980 and 104,484,624 barrels in January 1981.

Products manufactured in February 1981 totaled 122,892,659 barrels, down from 139,099,310 barrels in the same month the previous year, and down from the 135,253,955 barrels in January 1981.

February 1981 manufacture of motor gasoline totaled 47,313,765 barrels, compared to 53,945,104 barrels in the year earlier month and 51,087,451 barrels in January 1981.

Texas refineries manufactured 12,169,766 barrels of home heating oil in February 1981 -- an increase of 3,138,351 barrels from the year earlier volume. January 1981 output was 12,008,161 barrels.

MRS. JOHN CHARLES BICKEL (nee Connie Sue Daniel)

# Candlelight Ceremony Unites Miss Daniel, Bickel

Miss. Connie Sue Daniel and John Charles Bickel exchanged wedding vows in a double ring, candlelight ceremony Saturday, July 18 at 5 p.m., in St. Luke's United Methodist Church at Lubbock, with Dr. Sam Nader, pastor of the First United Methodist Church officiating.

Miss. Daniel is the daughter of Mr. and Mrs. Paul Daniel of Lubbock and the granddaughter of Mrs. Decie Hardman of Littlefield.

Bickel is the son of Mr. and Mrs. Bill Bickel of Houston, and the grandson of Mr. and Mrs. B.H. Bickel of Muleshoe.

Given in marriage by her father, the bride chose a formal length gown of white satin fashioned with cap sleeves, and bodice of lace and tiny seed pearls. The skirt fell into a train, trimmed in lace. Her medallion veil of net and lace spread out over the train of her dress. She carried a sweetheart bouquet of carnations and rose buds in lace and ribbon.

To carry out the tradition, the bride chose for something old, a lace handkerchief, a family keepsake carried by her mother in her wedding; for something borrowed, her

veil; for something blue her garter; something new her dress; and for luck a penny in her shoe.

Serving the bride as maid of honor was her sister, Carol Ann Daniel of Lubbock. Bridesmaids were Elizabeth Nader of Dallas. They wore identical dresses of baby blue lace and carried a colonial bouquet of light blue daisies and baby's breath.

Amber Williams was the flower girl, and her dress was white lace over blue. She carried a white basket of light blue daisies and baby's breath.

Jeremy Meason, nephew of the groom, served as ring bearer.

Serving as best man was Tony Poteet of Amarillo. Groomsman was Danny May of Muleshoe.

Ushering and lighting the candles were Michael Daniel, brother of the bride and Don Hardman, uncle of the bride, both of Lubbock. They all wore light blue tuxedos.

Musical selections were

played by Mrs. Linda Holcomb, she accompanied Paul Daniel, father of the bride, in singing "Suddenly", "Sun Rise, Sun Set," and "The Wedding Prayer." The song, "Suddenly" was written by the bride's father.

A reception was held in the fellowship hall of the church. Serving at the bride's table were Mrs. Kacy Williams and Mrs. Jean O'Donnell. At the groom's table Miss Teresa Hasey and Miss Addie George served.

Mrs. Denny Stice played selection on the piano while the guests were being served. Mrs. Gwen Bickel, sister in law of the groom, registered the guests.

The bride graduated from Coronado High School is Lubbock, attended South Plains College and is presently employed at Hesters Office Center.

Bickel graduated from Muleshoe High School and Texas Tech with a masters in Crop Science, and will

attend A&M for his doctorate.

After a wedding trip to Corpus Christi, the couple will make their home in College Station.

## HERE'S A UNIQUE OPPORTUNITY IN MULESHOE, TEXAS

Start your own business... as the owner/operator of a Montgomery Ward Catalog Sales Agency, and have a trusted 107 year reputation the first day.

We're looking for Sales Agents—ambitious husband/wife teams with an urge to break out on their own. And, we may have just what you're looking for.

Our unique Sales Agency Store program offers an exciting opportunity to operate a business of your own with a small investment, and also gives you the opportunity to take advantage of the investment we've already made, as well as over a century of Catalog business experience. Once you become a Sales Agent, you can use Wards name, catalogs and credit. Sell our branded merchandise with over 100,000 items, and have access to the same systems, concepts and materials we use to operate our company owned stores. Best of all, your investment will probably be considerably less than would be required for a regular retail business with similar sales volume.

If you are willing to accept responsibility in return for a future in your own business, we'd like to talk about your personal qualifications, and give you more details about our plan. Write or phone today.

## Awards Program Held For Summer Readers

An awards program was held Wednesday morning at the library. A Walt Disney film was shown to some 75 children.

After the film awards were presented by the librarian, Anne Camp, to all of the boys and girls who read 10 books or more and turned a list of books read to the library.

The three highest in each age group received, in addition to their certificates and ribbons a "Big Foot" T-shirt.

All readers who read over 100 books were given a mini loving cup. Book bags and book records were given to the first, second and third highest readers.

Dayna Hamilton won the "Big Foot" poster in the Monster picture contest, which was judged by Peggy Burnett. Children drew pictures of a monster they were hung in the library and judged Wednesday.

This program concluded the 1981 Summer Reading Club program at the library.

"I appreciate everyone who helped make this one of the best programs the

library has had," Ann Camp said. "The news media for the good publicity, the Friends of the Library, who furnished all the materials, ribbons, refreshments and prizes, the parents who brought the children to the library and supervised their reading, and all the boys and girls who participated," she continued.

Boys and girls who were unable to go to the library Wednesday, may pick up their awards at the library anytime.

Top readers in the second and third grade group were Graciela Alfaro, 318; Jason Harmon, 305; Angelica Elizarraraz, 255; Shea Wilbanks, 146; Jeff

McGuire, 119; Bertha Torres, 103; Russell Redwine, 101; they received loving cups.

Receiving honorable mention were Steven Noble, Rodney Reynolds, Brian Bush, Sheila Humiston, April May, Collin Robinson, Dayna Hamilton, David Parmer, Celia Villalobos, Jill Noble, Alex Aguirre, Rose Espinoza, Kent Oliver, Amy Foster, Connie Flores, Melissa Ann Lopez, Windi Bland, Jody Field, Shelly Gable, Erin Kelley, Ross Parish, Libby Aguirre, Dustin Elliott, Ricky Flores, Colin Tanksley, Sissy Morris, Arturo Estrada, Tommy Funkhouser, Ernest Maravec, Michael Richardson, Daniel Rodriguez and Berta Estrada.

Receiving a T-shirt and loving cup winners in the fourth and fifth grade

group were Julian Chaves, 128, receiving a T-shirt; Lisa Torres, 101; Susan Redwine, 101; and Virginia Espinoza, 54, receiving loving cups.

Honorable mention went to Lucy Marquez, Kimberly Harris, Malanie True-love, Andrew Espinoza, Becky Black, David Rejino, Carrol Copley, Christy Mata, Rocky Flores and Betsy Seales.

Ruben Alfaro received a T-shirt and loving cup for being first in the sixth grade and over. He read 285 books.

Receiving honorable mention were Kevin True-love, Todd Lowe, Melissa Burnett, Lisa Hamilton, Linda Flores, Dianne Smith, Jennifer Green, Roxanne Richards, Shannon Springfield and Christine Flores.

POSTER WINNER.....Dayna Hamilton, on right, won the poster "Big Foot" at the Muleshoe Public Library Wednesday. Shown with Dayna is Orpha Pecina, an employee at the library.

TOP READERS.....Ruben Alfaro, on left, and Gracie Alfaro read more books than other readers in the Summer Reading Program.

THEN: Back in Biblical times, messengers were often blamed for bringing bad news.

Dating back to ancient times is the legend of the messenger who was punished for bringing back bad news. Rulers such as Ivan the Terrible and Genghis Khan are among those who dealt out severe punishment to carriers of bad tidings.

Today, we learn about rising and falling food prices in the supermarket. When the news is bad we often blame the grocer. In fact, grocers have little control over shifting food prices. Usually, they are just the messengers.

As is often the case, there is a combination of causes for rising food prices.

Being overweight most of my life I used to dream of how I would look were I thin. Well, my dream came true when I decided on Pat Walker's.

I had tried different fad diets and was able to lose weight but never inches. In using the Pat Walker's exercise unit I lost 14 inches the first week.

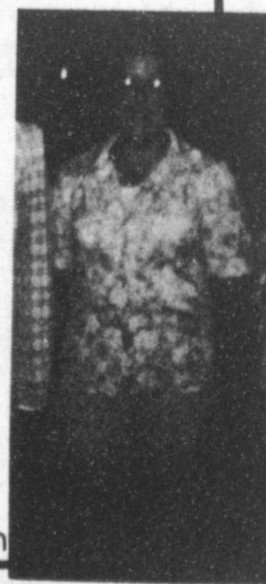

Altogether now I have lost over 79 inches and went from a size 18 dress to a size five.

I ate the foods I liked on the program and still lost weight. I learned how to combine my foods, never got bored with menus and I even ate good desserts!

The greatest thing is how I now feel about myself . . . I bought myself a swim suit and now lounge around the pool with confidence. Shopping is no longer an embarrassment since there is a variety of clothes from which to select my new size.

Pat Walker's program taught me good eating habits which now make it possible to keep the weight off. Pat Walker's really works!

# Officials Seek To Update Brucellosis Program

The Texas Animal Health Commission and the Texas Agricultural Experiment Station are seeking information from the state's livestock producers and cattle auction markets to assist in a cost-benefit study for the Texas brucellosis program.

Two thousand cattlemen and 161 livestock auction markets are being contacted by mail in this effort.

"We are seeking information which we can incorporate into the Texas brucellosis program to make it more practical for the cowman," Dr. John Holcombe, executive director, Texas Animal Health Commission, explained. Cooperating in this project is Dr. Neville P. Clarke, director, Texas Agricultural Experiment Station, College Station.

Of the 2,000 livestock producers, half of them will involve quarantined

herds for beef and dairy.

"One of the major areas of concern involves the management characteristics, herd health practices, and cattle movement data among both quarantined and non-quarantined livestock. Information which is received will be handled in a confidential manner; individual operations will not be identified," Dr. Holcombe explained.

Marketing firms are being asked to provide data on movement of beef breeding cattle and dairy cows and heifers. "This, too, will be held in confidence; individual firm information will not be identified," he said.

When the information has been received and analyzed, programs can be devised to assist the Texas Animal Health Commission in implementing the state's brucellosis program.

Questionnaires have

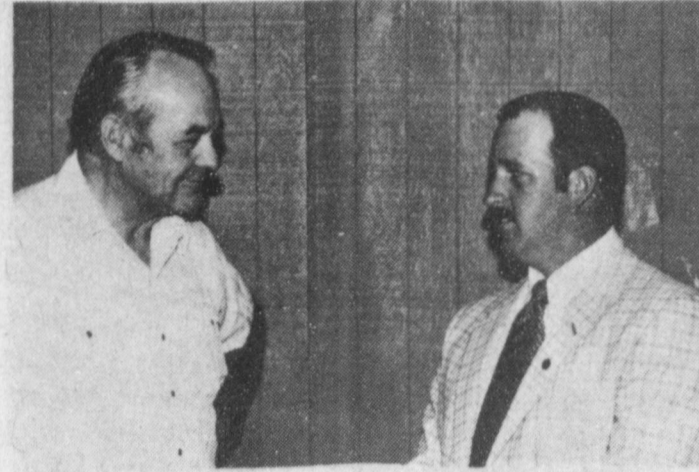

been mailed to those involved. "We want to thank those who will take the time to provide this information. We hope all producers and auction market operators will cooperate," Dr. Holcombe said.

## State Feeder Pig Show, Sale Announced

Swine producers from across the state will have an opportunity to exhibit and sell feeder pigs at the Texas State Championship Feeder Pig Show and Sale in Brenham October 30-31.

Site of the event will be the Washington County Fairgrounds, announced Bill Thane, county agent with the Texas Agricultural Extension Service, Texas A&M University System.

Any Texas producer may submit up to three entries, with an entry being five pigs (barrows, gilts, registered, crossbred, grade or any combination thereof)

totalling 200 to 350 pounds.

There will be three classes based on weight and a total of \$1950 in premiums will be awarded. A grand and reserve champion pen also will be selected during judging which begins at 8 a.m. October 31.

All entries will be sold beginning at 1:30 p.m. October 31.

Entries will be tagged and weighed the first day starting at 10 a.m.

According to Thane, the event will also feature a trade show beginning at 10 a.m. October 30 and a barbecue at 7 p.m. The

trade show will continue through 4 p.m. the next day.

Entries must be filed by October 15 with a \$12 fee per entry. Send entries to the Texas State Championship Feeder Pig Show and Sale, P.O. Box 964, Brenham, Texas 77833.

**EDITORIAL**

**OAU & Washington**

For many years, U.S. administrations have avoided offending or openly opposing the goals and views of the Organization of African States.

That was because Washington viewed sympathetically the aspirations of newly-formed black nations. The time has come, however, to question the leadership and direction of the present-day O.A.U., and President Reagan has dared to do just that.

The O.A.U. is itself to blame. It recently issued a blunt condemnation of U.S. policy, charging that the U.S. was now conspiring with South African racists to delay freedom from Namibia.

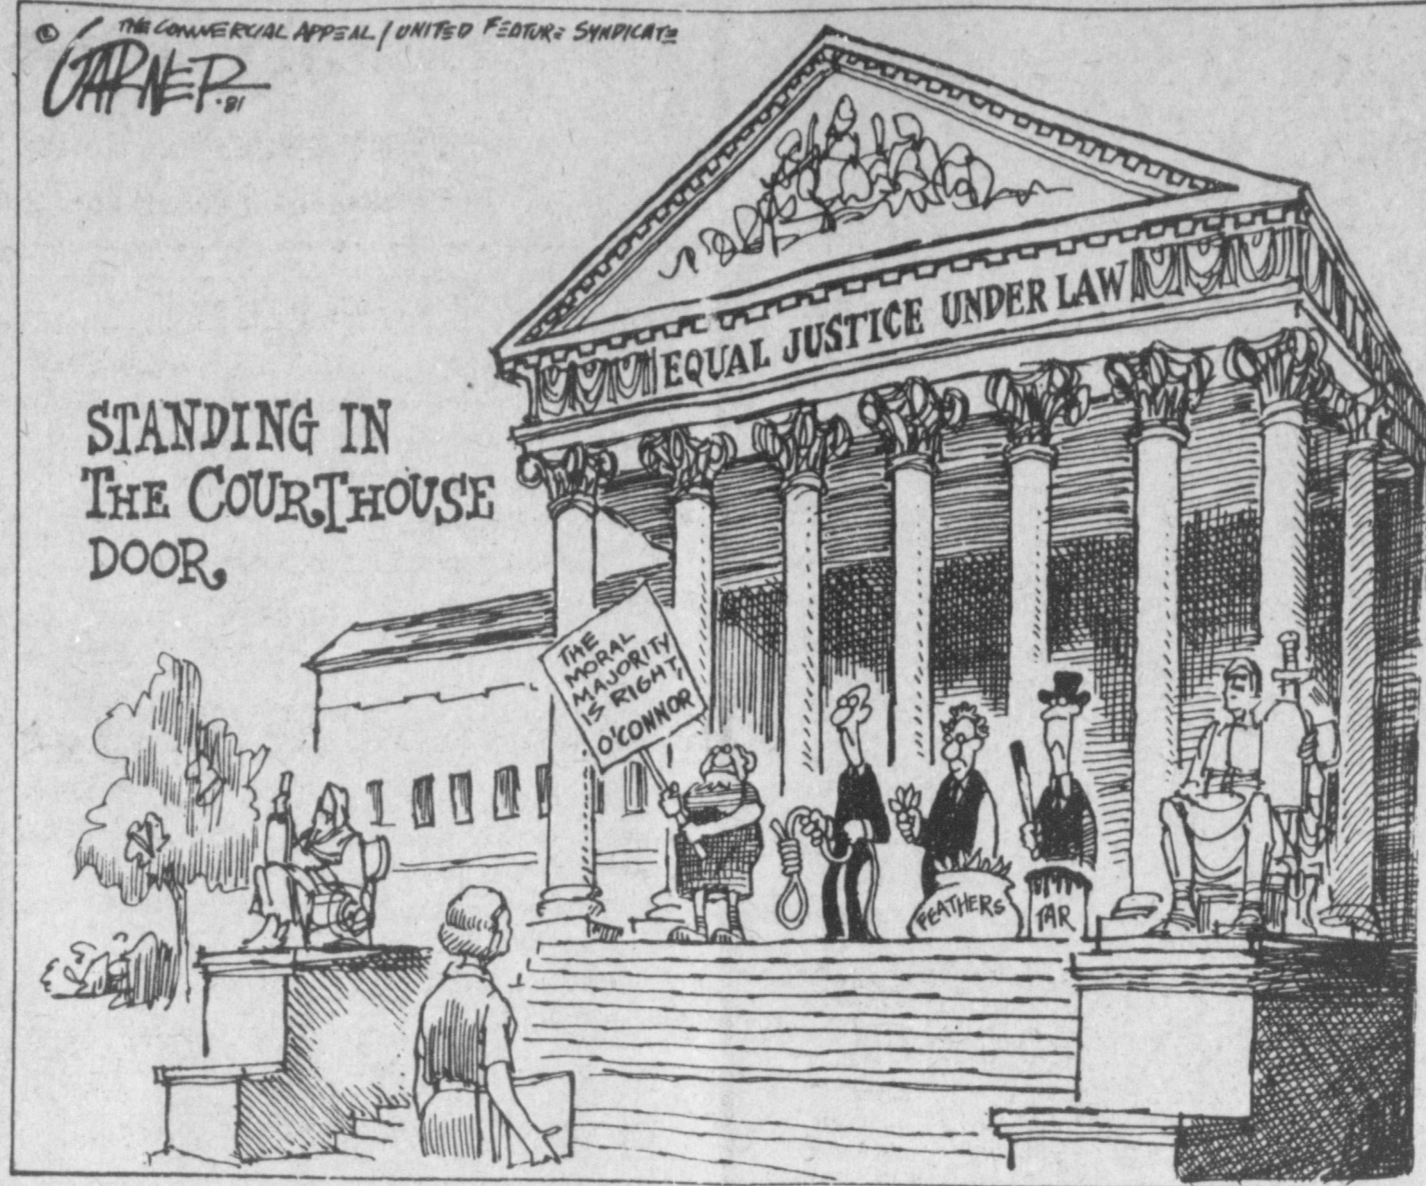

That is a transparent and serious distortion of the truth, and in fact is the current Communist propaganda line. What the Reagan Administration has been doing is talking to both sides, and there are two sides.

South Africa fears a turnover of power in Namibia (formerly Southwest Africa) because Cuban and other leftwing agents from Angola, to the north, have heavily infiltrated an organization called SWAPO, the leading revolutionary movement. There are an estimated 8,000 Cubans in Angola.

Washington in recent weeks and months has recognized this as a legitimate concern, rightly so, while continuing to favor independence for Namibia via a more neutral or safer transitional process.

It views the recent attack from the OAU as a signal of who controls that organization, and a State Department spokesman expresses dismay at the prospect that Libya's dictator, Moamer Qadhafi, is to be OAU's next chairman.

With such exporters of terrorism as Qadhafi in control of the OAU, more and more western democracies are sure to part company, regrettably, with that organization.

ment, and the Department of Public Safety.

Sufficient funds are provided to grant average salary increases of 17.06% in 1982 and 8.7% in 1983 for faculty and professional personnel in the universities, Texas A&M Services, health science centers and other medical education programs. Other personnel in higher education would receive approximately 14.3% in 1982 and 8.7% in 1983 over the current January, 1981 rates.

The bill authorizes an increase in the rate of reimbursement for use of an employee's personally owned vehicle from \$.20 per mile to \$.23 per mile. The per diem allowance is increased from \$40 currently to a maximum of \$60 under certain conditions with a receipt for lodging.

Additional funds are also included to increase the State's contribution to employee group insurance from \$40 per month in 1981, to \$48 per month in 1982, and

\$58 per month in 1983. The efforts of the Legislature were aimed directly at assisting state employees who have been hampered by rising costs and the inflationary spiral.

**NEWS VIEWS**

Donald F. Regan, Treasury Secretary:

"We're not forecasting any major recession but more of a slowdown in the economy to take some of the steam or heat out."

Janet Norwood, Labor Statistics Commissioner, on lower unemployment:

"Seasonal adjustments is an imperfect art. We should not draw definitive conclusions about the economy from these data..."

Ayatollah Ruhollah Khomeini, Iran's leader:

"We must not forget that we are at war with America."

**NEWS NOTES**

**HOSTAGES FILE SUIT**

LOS ANGELES -- Eight former U.S. hostages in Iran filed suit recently against Iran and the United States, seeking \$5 million each and resolution of what they called a major constitutional issue.

**CHINA'S POWER BROKER**

PEKING -- With a mandate to carry on liberal, reformist policies to modernize China, Vice Chairman Deng Xiaoping emerged the undisputed victor from a major Communist Party meeting marking the party's 60th anniversary.

**TOURISTS ROBBED**

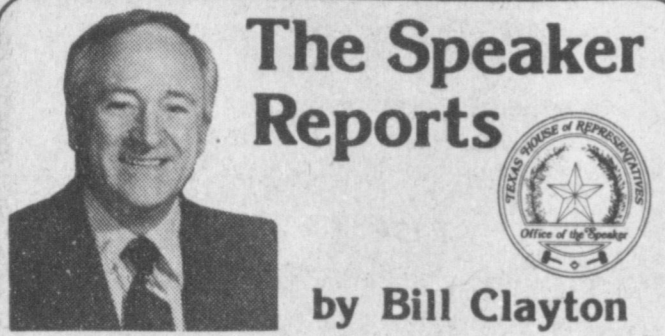

MIAMI -- Sixteen tourists on a bus bound for Disney World were robbed after a man who apparently had been hiding aboard pulled a knife and put it to the driver's throat, police said. No injuries were reported and the bus continued on to the central Florida theme park.

**NEW CHAIRMAN NAMED**

PEKING -- Powerful Vice Chairman Deng Xiaoping scored a stunning victory over his political foes recently engineering the resignation of rival Hua Guofeng as chairman of the Communist Party and having him replaced with a close political ally, Hu Yaobang.

**NEW HOPE**

BOSTON -- A study from Italy recently reinforced current thinking that radical mastectomy, the disfiguring and painful removal of a breast, is unnecessary to cure small, single cancers of the breast. The study published in the New England Journal of Medicine found that patients who underwent surgery to remove a quarter of the breast were no more likely to suffer recurrences than patients who underwent conventional radical mastectomies.

**The Speaker Reports**

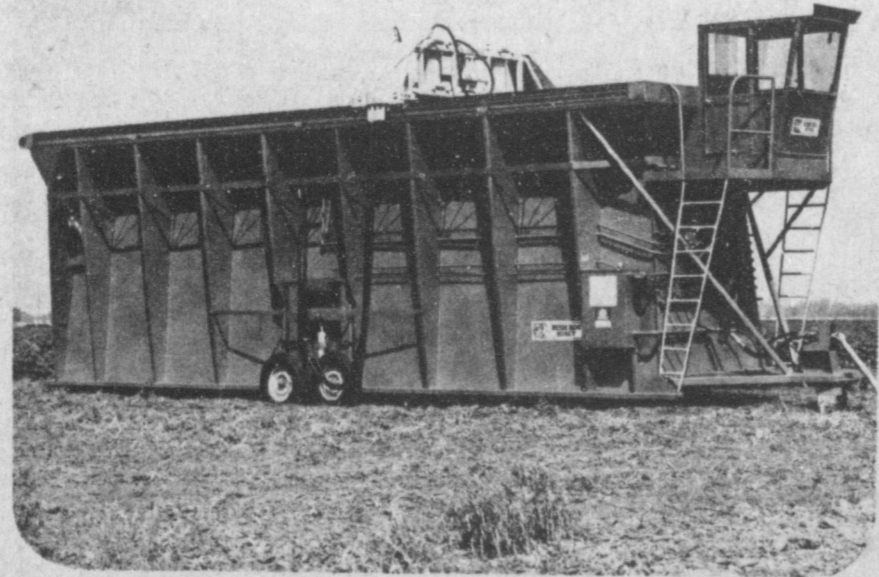

by Bill Clayton

AUSTIN -- The appropriations bill which passed the Legislature would, in general, authorize and provide funds for an increase for State employees of approximately 14.3% in 1982 and 8.7% in 1983 over the rates being paid in January, 1981. Employees who received no more than the \$50 per month minimum increase provided by emergency legislation in January would be assured of receiving an additional increase of 9.2% in September 1981. This 9.2% increase, when combined with the \$50 per month minimum granted in February, results in a total

increase over the rates in effect in January of up to 18.2% in 1982 for some of the lowest paid employees.

Greater increases would also result from reallocations to higher pay groups for certain classified positions where high levels of turnover are considered unacceptable. The upgrading of MHMR Aides would result in salary increases in 1982 in excess of 25%. Additional increases are also provided for law enforcement personnel employed by the Department of Corrections, the Alcoholic Beverage Commission, the Parks and Wildlife Depart-

agri-facts By Bill Wooley

There may be at least one glittering high point in this year's wheat harvest: the railroads are ready for it, and have been calling on grain shippers to drum up business, according to reports from Kansas City.

The box car shortage, which seemed to be an on-going, annual nightmare, has apparently subsided. Market watchers and railroad people alike say that there is no box car shortage and, for the time being, at least, no threat of one. Actually, the old, forty foot wood boxcars are nearly a thing of the past. Today, jumbo hopper cars have pretty well taken over the task of moving wheat from farms to storage.

DRUG QUIZ

QUESTION: Daily use of marijuana by high school seniors has declined from 11% in 1978 to 9% in 1980. Seniors now associate health risks with regular use, and peer disapproval also is on the rise. What percentage of seniors personally disapprove of regular marijuana use?

ANSWER: According to a recent survey, half of all seniors now believe a "great risk" of harm is associated with regular marijuana use - up from 35% in 1978. Disapproval of regular marijuana use has increased from 66% in 1977 to 75% in 1980.

Texas Feed Grains Stocks Up 12% Over 1980 Levels

AUSTIN—Texas feed grain stocks are up 12 percent from 1980 at 3.4 million metric tons, reports Agriculture Commissioner Reagan V. Brown.

"And with a record world grain production expected this year (1,636 million metric tons), we'll certainly have our marketing work cut out for us," Brown noted. The Foreign Agriculture Service has reported that crop conditions in Argentina, Australia and Canada are very promising.

The June 1 report from the Texas Crop and Livestock Reporting Service indicates that both farm and off-farm stocks, except wheat and corn, were down from last year. A 60 percent increase in corn stocks more than offset smaller stocks of the other feed grains, Brown noted. Sorghum stocks in all positions stood at 30.6 million hundredweight, down 19 percent. Oats in all positions totaled 2.1 million bushels, 37 percent below the previous year.

AMA keeps pension funds in tobacco stocks. 92,000 bushels, down 57 percent from 1980. Both farm stocks and off-farm stocks are below the previous year. Wheat stocks increased from 1980 by 8 percent. Wheat in all positions was estimated at 65.1 million bushels while corn totaled 76.5 million bushels.

#### Coast, inland getting braced for hurricanes

**COLLEGE STATION** — Hurricane season traditionally runs from early June through mid-October along the Gulf Coast, and citizens should be prepared for evacuation and widespread inland flooding, say experts at Texas A&M University.

Seven county extension marine agents of the Sea Grant Marine Advisory Service will soon begin conducting regular hurricane awareness workshops along the coast through Oct. 31. The sessions deal with past storms, safe and unsafe structures, individual attitudes toward evacuation and evacuation itself.

## SAFE AND SECURE

How confidently he sleeps. Mother and Daddy are in the next room. Teddy Bear is right beside him.

We, also, desire a feeling of confident security. We want to do good and live with honor in this life, free of the fear of falling into sin. God wants this for us, too. And He sees and knows how hard we try.

In the New Testament, Jude writes, "God is able to keep you from falling, and to present you faultless before the presence of His glory with exceeding joy."

Pledge yourself to Him and attend church this week.

**EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
