

# PLAIN TALK

By BILL PERKINS

Most everyone here will tell you that McLean is a town that is proud of its doctors.

With the completion of McLean's new branch hospital unit, and the arrival of the two new doctors to take over its operation drawing near, one of the main topics of conversation all over town these days is about men of the medical profession.

Dr. Joe Suderman will complete his first year of practice here the end of this month. Dr. Suderman purchased the clinic equipment and practice of Dr. J. H. Kritzer, who moved to Dayton, Ohio last June 27.

Dr. Suderman came here from Tulsa, Okla., and he told us that if it had not been for the generosity of Dr. Kritzer it would have been impossible for him to have located here. As well as taking care of his patients here Dr. Suderman has been active in civic affairs and is a member of the Lions Club.

Dr. Suderman said that Dr. Kritzer went to great personal expense to secure a doctor here before he left here last year. He told us many things that even Dr. Kritzer's closest friends did not know about.

It was through Dr. Kritzer's efforts that he was able to locate here. Dr. Kritzer paid for his plane trip down here to look at the clinic and town, paid his office rent and house rent for the first month and even paid the nurse's salary for the first month. Dr. Suderman said.

In addition to this, Dr. Kritzer let him have his fine practice and all the equipment with no money down, in order that McLean might have a doctor.

Since we were not here until after Dr. Kritzer had moved away, we did not fully realize what an asset to McLean the doctor was. However, this week many of his friends have been filling us in with information about him in addition to Dr. Suderman.

Dr. Kritzer practiced here for over nine years. He went to Dayton to take up a three-year residency in radiology. At the completion of the residency he will do X-ray work.

Dr. Kritzer served as an active leader in the community all the time that he was here. He was a member of the Lions Club and served as president of the local club one year. He also served on the board of stewards of the McLean Methodist Church.

People in McLean are proud of Dr. Kritzer and Dr. Suderman and are extending a cordial welcome to Drs. D. E. and Norma Shultz.

Yes, McLean is a town that is proud of its doctors.

At Home—

## Lions Discuss Business Tuesday At Noon Luncheon

The McLean Lions Club met for its first regular meeting in June at noon Tuesday in the basement of the McLean Methodist Church.

Guests of the club Tuesday were Lion Ralph Thomas of Pampa and Rev. Jack Riley, new Methodist minister in McLean. Rev. Riley was a guest of Lion Boyd Meador.

No program was given at the luncheon and the time usually allotted for a program was used for announcements and discussion of club business.

Incoming Lion Secretary Freeman Melton, Jr., served as secretary in the absence of J. C. Claborn who recently moved to Friona. Lion C. P. Hamilton served as tallwister in the absence of Lion John Haynes who was ill.

Lion Sweetheart Donna Magee was present but no Lion cub was named for the meeting.

Lion President Hickman Brown announced that the next regular meeting would be June 19 and a ladies night meeting would be held. New officers will be installed at this meeting.

Lion District Governor Don Stark of Amarillo will be here that night to install the incoming officers.

Following adjournment of the club, a brief directors meeting was held.

## Children to Register Saturday for Baptist Vacation Bible School

Registration for Vacation Bible School at the First Baptist Church in McLean will be held Saturday afternoon at two o'clock. All children from nursery age through 16 years are invited to attend the school.

Classes will be held daily from 8:30 to 11:30 a. m. beginning next Monday, and will be concluded June 17.

## Clarendon Woman Gets Service Award From Sec. Benson

Miss Nettie Sims, county office clerk in the Clarendon office of Farmers Home Administration, this week received a superior service award from Secretary of Agriculture Ezra Taft Benson at ceremonies held in Washington, D. C., according to State Director Walter T. McKay.

Born at Clarendon, Miss Sims attended high school there, then studied at Southwestern University at Georgetown, Southern Methodist University at Dallas, and Clarendon College. Miss Sims, who received her award for an exemplary record of service to FHA and borrower farm families, has been continuously employed in the county office at Clarendon since 1939.

The Farmers Home Administration through its 1,500 county offices throughout the country makes or insures loans to farm families to whom other lenders cannot supply adequate credit to buy or improve farms or to pay costs of good farm operations.

## Texas Lions Clubs Camp for Crippled Opens This Week

First camping session for the Texas Lions Camp for Crippled Children at Kerrville started Sunday of this week with the arrival of 120 youngsters for the first of six two-week sessions. Some 720 children are expected to attend the camp this year.

With the completion of a new dormitory, the camp's sixth, the original building plan has been completed at the camp. This will be the first year the camp has been able to operate at full capacity since its founding in 1953.

Mr. and Mrs. Earl Eustace and daughter, Othella, of McLean and Mrs. Floyd Walton, Jr., and children, Tim and Karen Sue, of Hereford attended the Anderson family reunion in Buffalo Gap over the week-end.

## REV. RILEY IS METHODISTS' NEW PASTOR

Rev. Jack Riley is the new pastor of the McLean Methodist Church. Rev. Riley was named to fill the local pulpit when appointments were made at the annual Northwest Texas conference which was held recently in Big Spring.

No stranger to the Panhandle, Rev. Riley grew up in Wheeler County near Briscoe. He is the son of Mrs. G. T. Riley and the late Tom Riley.

Rev. Riley received a BA degree from McMurry College in 1949, and a BD degree from the Perkins School of Theology at Southern Methodist University in 1953.

Rev. Riley is married to the former Miss Ruth Ellen Kelley. They were married in April, 1955. Mrs. Riley is from Memphis, Tenn. She has her BS degree from the University of Tennessee and a Master's degree in religious education from Perkins School of Theology, SMU.

Rev. Riley comes to McLean from Trinity Methodist Church in Snyder. Other pastorate he has served are Hamlin Mission, Harold-Elliott Circuit, Wesley Chapel in addition to the Trinity church.

Rev. Marvin Fisher, former pastor of the McLean church, was appointed to serve the First Methodist Church in O'Donnell, where he and Mrs. Fisher moved last week.

### HIGHLIGHTS AND SIDELIGHTS

By Vern Sanford, Texas Press Association

Nearly 100,000 young Texans have taken off their mortar boards and rolled up their sleeves in the past two weeks.

Analysts predict that figures, when complete, will show a record number of diplomas and degrees awarded this year.

Texas Education Agency pegs public high school graduates at between 64,000 and 65,000. Degrees being conferred by state-supported colleges and universities are estimated by the Texas Legislative Council at 20,000. Private and church-supported schools swell the graduate rolls several thousand more.

Awaiting these young people, said commencement speakers, is unprecedented opportunity. Examples of the '56 high school graduate's future as outlined by an Austin speaker: (1) a longer life span—44 years ahead for boys, 49 for girls; (2) higher earnings averaging a quarter million dollars apiece; (3) less work, dwindling to a 30-hour week; and (4) ever-increasing ease and leisure as technology advances.

Concrete evidence of the speakers' promises is the job placement story. University of Texas Student Employment Bureau reports five to ten job offers per graduate at better than ever salaries. Personnel in some deans' offices speak wearily of the impossibility of coping with the year-end flood of would-be employers.

High school officials say many graduates began work between their last exam and commencement night.

Reaction to Highway Bill

A bonanza or a blunder—Texans are in disagreement as to which term applies to the new federal highway bill.

Senate passage of the bill left only a few details to be ironed out in House-Senate conference before sending the measure to the President. Final enactment will set into motion a 13-year, \$51,000,000,000 interstate highway construction program.

Texas Highway Department officials are frankly jubilant. They are poised to begin letting contracts August 1, using the new supply of federal funds. "We'll be scraping the bottom of the barrel in the July letting," said State Highway Engineer DeWitt C. Greer.

Greer said the new law would mean a minimum increase of \$57,000,000 a year in federal road building aid to Texas—or double

## 'Memorial Shelf' In Public Library Continues to Grow

The Memorial Shelf of McLean's Public Library continues to grow and many fine, new books are being added all the time. Lady Bryant, librarian, said Wednesday.

Many friends and relatives have donated books in memory of deceased persons and some books have been dedicated to those who were stricken with polio.

The Memorial Shelf was started October 16, 1946, when "The Westminster Historical Atlas to the Bible" was given in memory of Mrs. D. L. Abbott. Since that time several other books have been donated and are becoming an important part of the local library.

When a book is given to the library, Lady Bryant, upon the request of the donor, will write a letter to the family of the person being honored notifying them of the name of the book and the person or group who had the book placed in the library. "The person donating the book may notify the family if he or she desires," Lady Bryant said, "but I am happy to do it if they want me to. It is entirely up to the one donating the book."

With the completion of McLean's new Lovett Memorial Library scheduled only a few months away, the Memorial Shelf of books will be an attractive and useful part of it. And as books are contributed in years to come it will continue to grow even better.

## Bond Issue May Be Called

### Petitions Circulated To Build New Bridges

A county-wide bond issue election is expected in Gray County to finance the construction of two new bridges in this area to replace those washed out during recent heavy rains, and for other needed improvements in the county. Need for the new bridges was emphasized Friday in Pampa when a delegation of citizens from McLean and the surrounding area met with the commissioners court.

Washed-out bridges were the Denworth bridge located 12 miles north of McLean, and the Canton bridge, about 12 miles east of Letors. Since the damage to the Denworth bridge, all traffic has been forced to ford the North Fork of the Red River.

With the high water Sunday, May 27, Sammy Haynes reported that people living north of the river were completely isolated and getting to a highway in any direction was impossible by automobile.

The delegation from McLean was composed of Odell Mantoosh, J. W. Meacham, Charles Cousins, Hickman Brown, R. L. McDonald, Larry Fuller, Mr. and Mrs. Felton Webb, Sammy Haynes, Mr. and Mrs. C. R. Griffith, Mrs. Joe Bidwell, Mrs. Clyde Dwight, Jr., Clyde Brown, Mrs. Mary Webb, O. L. Tibbets and Elmo Whaley.

Every precinct in the county would benefit from the improved road and bridge program. Judge Bruce Parker said.

Petitions were circulated Tuesday for a county-wide road and bridge bond issue for \$650,000. According to law, the petitions must contain the names of 50 qualified taxpaying voters of the county. The commissioners court meets again next Monday and if the petitions are presented at that time they may be acted upon then.

County Auditor R. C. Wilson advised the commissioners court that the bond issue could be handled without any increase in taxes if the first bond maturity date was made after 1957.

It was further explained that the activities of the commissioners in building bridges and paving roads would have to be curtailed to a certain extent as these projects covered by the bond issue are projects on which the commissioners would ordinarily spend a part of their funds each year.

The following projects would be covered by the bond issue: Denworth bridge, \$240,000; Hoover bridge, \$35,000; 2 1/4 miles of road just northwest of Pampa, \$36,000; Canton bridge, \$71,000; Denworth road, \$30,000; Turkey Creek bridge, \$45,500; Hoover road, \$100,000; Bohr bridge, \$62,000.

**... you would probably give him ALL of your popcorn business ... you might even try to influence other neighbors to take up popcorn ... and to buy it at home**

Actually, you DO share in the profits of EVERY business in your home community, because a BIG PART of the gross margin on every local business transaction goes toward the support of things that benefit YOU and everyone else who lives here.

Such as schools, churches, roads and streets, fire and police protection, jobs for more people so that we can keep among us MORE good teachers and preachers and doctors and other skilled folks. And so we can have more stores that are better stocked for our convenience and for our EMERGENCY needs.

Because we don't get these benefits in cash, we sometimes forget that ALL home business is really OUR BUSINESS. And some of us even forget ... and trade somewhere else ... when OUR OWN PAYCHECK depends on keeping this community prosperous.

Editorial

GRASSROOTS OPINION

Fallon, Nev., Standard: "The truth is that the right to work is as fundamental as religious freedom and the right of free speech, free assembly, and free press. Where the right to work does not exist, there is no real freedom."

Terre Haute, Ind., Tribune Star: "The great foundation on which free representative government rests is free private enterprise. Government in business eats away at that foundation."

Carlsbad, N. M., Current-Argus: "Governor Averill Harriman of New York . . . suggests 'getting completely off the New York state highways all who have proved to be unfit as drivers.' As yardstick for fitness, . . . the governor stated that two offenses should call at least for suspension. He reminded that when he formerly was 'working on the railroad' . . . an employee was suspended when involved in just one accident."

Tell City, Ind., News: "It seems that warm months offer many new means for the fast bucks to operate. The field of operation may include everything from fake roof and gutter cleaners to phony telephone quizzes . . . Actually there is no need for this to happen. There is a cure. Let the fellows who are in business in local concerns do your work."

THEY'RE YOUR DIMES

"A good thing to remember," says the Abilene, Kans., Daily Reflector, "in these days of all kinds of 'federal aids' is that the federal government hasn't got a dime that it doesn't take away from the people, so it can't give anything to a school system, building program, county welfare, flood control, crop surpluses, or anything else, without first having taken it away from the people."

In this gigantic federal process of taking and giving, a large chunk of the local taxpayer's dollar goes to support the bureaucracy which provides "give away" services that in most cases could be better handled locally in the first place. Moreover, the money that is taken from the people and returned in part under the guise of "federal aid" is to a large extent extracted from the taxpayers indirectly. The next time you hear the political cry for a higher tax on a business or an industry, you should remember that the latter are like government, too, in one respect. They have no money except what they take from consumers in payment for products or services. Their profits are either regulated by law or by competition. When additional taxes are levied against them they are forced to become collection agencies for the government. The taxes are passed along to their customers.

The old saying that you can't get something for nothing is still true, even though many of us act like we don't believe it.

NEWSPAPERS AND ECONOMIC WELL BEING

If anyone still wonders just how valuable the newspaper is an advertising medium for retailers—in this era when other media are competing vigorously for business—he would do well to study a survey made by the Bureau of Business Research of Michigan State University.

The survey deals with the effect on retail sales of last December's newspaper strike in Detroit. It shows that a gain in over-all sales in the Detroit metropolitan area during the strike period was due to buying in the suburbs. Sales in the downtown area actually declined by \$35 million.

Editor & Publisher says editorially: "The Michigan State analysis . . . is one of the greatest testimonials for newspaper advertising that has ever been written. . . . adds to the growing volume of data showing that wherever a community is deprived of its newspapers all business suffers."

" . . . when general business conditions are good customers do not just naturally gravitate to a store. They have to be attracted by advertising, particularly newspaper advertising. People react to a sales message in newspapers. They do not react if the sales message and/or the newspaper is missing. Newspapers are essential to the economic well being of the business community."

That goes for the smaller papers as well as the larger ones—and for the villages as well as the metropolitan centers of population.

Good Samaritan Supper

Good Samaritan Supper

Members of the local chapter of Royal Arch Masons and their families enjoyed a Good Samaritan supper and initiated a class of ten at the Masonic Hall Saturday night of last week. High Priest W. R. Patterson conferred the degree and the following were introduced into the mysteries and taught the beauties of character as represented by the Good Samaritan:

Mr. and Mrs. A. B. Fortner, Mr. and Mrs. Henry Thut of Le-fors, Mr. and Mrs. J. M. Noel, Mrs. D. B. Veatch, Mr. and Mrs. A. G. Richardson and J. H. Big-gers.

After the initiation ceremonies a splendid feast prepared by the members of the order was enjoyed.

Gets Leg Broken

On Tuesday morning of this week while going home from her neighbor, Mrs. Ayers, Mrs. John McClellan had the misfortune to fall and break the bone in her left leg just above the ankle. It seems that the path along which she was walking is very uneven and rocky and in some manner she fell with the above result.

Dr. Montgomery was summoned immediately to set the limb and no further trouble is anticipated except the long wait for healing.

Birthdays Party

Monday afternoon Mrs. T. M. Wolfe entertained a large crowd of little tots and their mothers in honor of the fourth birthday of her little daughter Janette. Popcorn balls were served during the afternoon and when all had were tired out, ice cream and cake were served. About fifty were present.

Janette will long remember her first birthday party by the many lovely gifts received.

'The Naked Dawn' To Open Friday At Derby Drive-In

"The Naked Dawn," Universal-International's romantic technicolor melodrama starring Arthur Kennedy and Betta St. John, will play Friday and Saturday at the Derby Drive-In Theatre.

The film is the story of a handsome and romantic bandit, played masterfully by Arthur Kennedy, who descends upon and nearly ruins the lives of a poor young Mexican farmer and his beautiful, desirable wife, played by Eugene Iglesias and Betta St. John.

In addition to some highly powerful scenes between Kennedy and Miss St. John, during which the bandit is determined to take the pretty and willing senora

away with him, there is considerable suspense, especially in the sequence during which Iglesias twice tries and is twice foiled in his attempt to murder the bandit, Kennedy.

The film as a whole is a wonderful study of what terrible things greed can do to even the simplest of people.

Performances by the entire cast are superb. Kennedy again demonstrates his capability for turning in flawless performances, especially in different roles.

Betta St. John, in her straight dramatic role, has made an amazingly good transition from Broadway musical comedy to screen drama, and puts a great deal of sex appeal into her simple Mexican farm dresses.

Eugene Iglesias, possibly the screen's top young Puerto Rican actor, is convincing to perfection as the young farmer whose head is turned by the stolen money, and Spanish Entertainer Charlita makes a brief but appealing appearance as a cantina dancer.

Direction by Edgar Ulmer is tops. James O. Radford was associate producer.

FREQUENT OIL CHANGES PROTECT ENGINE . . .

When was that last oil change? Last month? Last week? Actually should be every 1,000 miles. Constant grind of driving "breaks down" oil's efficiency, causing engine wear. Let us drain the crank case and refill it with good clean oil . . . and change the oil filter, too. So play safe. Drive in today and say "check the oil."

youth, beauty,  
 Chevrolet,  
 action!

The new Bel Air Convertible—one of 20 sassy-styled new Chevrolets.

Want to take the wheel of one of America's few great road cars?  
 Want to send pleasant little tingles up and down your spine? Want to drive the new car that politely murmurs "Move over, big boy" to the high-priced jobs? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motoramic styling. The other is record-breaking V8 action.

Hollywood has a heap of words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the adjectives will take

care of themselves. Once you've sampled Chevy's hair-trigger reflexes and nailed-down stability, you'll see why it's one of the few great road cars built today!

Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And this new Chevrolet clings to curves like part of the pavement.

Stop in sometime soon and highway-test this record-breaking new Chevrolet.

**Highlights and Sidelights FROM your State CAPITOL**

(Continued from page 1) ten years hence, Dr. Wilson recommends expanding to the east of the present campus in the area adjacent to Memorial Stadium. "TV Trial" Appealed. Fairness of the first televised murder trial in Texas history is being challenged in the Court of Criminal Appeals. Defense attorneys charge that Dist. Atty. Tom Moore of Waco was more interested in "putting on a show" in the Waco trial of Harry L. Washburn, than in giving the man a fair trial. Law Violation Admitted. Violation of Texas election laws was admitted by C. T. Johnson in a deposition just taken in Austin. Johnson admitted spending \$1,200 in travel expenses during his 1954 campaign for Lt. Governor, but reported only \$125 to the Secretary of State. Previously he had testified under oath that he had spent "no more and no less" than \$125. Trust Creditors Face Tangle. US Trust and Guaranty Co. depositors still may have a long, weary wait for their money. At one time State Liquidator J. D. Wheeler said he hoped to be able to start making partial payments after July 1. With that in mind, a Fort Worth woman now seeks court action to designate her a preferred creditor because she is a depositor. Dist. Judge Charles O. Betts pointed out proper procedure is first to seek priority with the receiver. If he refuses, creditors may appeal through the courts. This takes months, sometimes years. Short Snorts. Walter L. Bell has resigned as director of the State Board of Control, effective October 15. He has held the job since 1953. He has no immediate plans except to return to his Fort Worth home and rest. . . . Rev. James Hamilton Clark, chaplain of the Texas House of Representatives for the past 10 years, has passed away. He had been a Methodist minister in various South and Central Texas towns and served seven terms as county judge in Johnson County. . . . Texas Health Commissioner Henry Hollie reported that "practically all" nursing and custodial homes in Texas have been licensed and are meeting requirements of the licensing law which became effective June 1, 1953. Texas has 466 homes under state license.

**James Cagney Stars In Outdoor Drama Coming to Derby**

James Cagney heads a stellar cast in "Tribute to a Bad Man," an MGM picture in CinemaScope and color, opening Sunday at the Derby Drive-In Theatre. The outdoor drama, laid in the horse ranch country of Wyoming in 1873, marks the culmination of a series of outstanding Cagney pictures including "Mr. Roberts," "Love Me or Leave Me," and his appearance with Bob Hope in "The Seven Little Foys." The new film gives him another outstanding role as a man with a passionate devotion to his horses, whose sense of justice is sometimes stretched to the breaking point but is the iron fist which tames the lawless frontier of a growing nation dependent on horses for survival. The eye-filling picture was filmed on locations 10,000 feet high in the Colorado Rockies, with some 500 horses and their foals playing a prominent part in the action. Irene Papas, an exciting new acting personality hailing from Greece, makes her American debut opposite Cagney as the latest addition to MGM's crop of new stars. A brunette beauty, she plays the role of a woman who finds Cagney's devotion to his horses a formidable rival to her own love. Stephen McNally, one of Hollywood's most in demand "heavies," plays a ranch foreman who tries to two-time Cagney. Vic Morrow, who scored as the knife-wielding hoodlum in "Blackboard Jungle," plays a boy who tries to avenge his father's death and

prominent supporting roles are filled by James Griffith, Onslow Stevens, James Bell, Jeanette Nolan, Chubby Johnson, Royal Dano and Lee Van Cleef.

 R. M. Cole, Pastor

There are two things to aim at in life; first, to get what you want; and, after that, to enjoy it. Only the wisest of mankind achieves the second.—Logan Pearson Smith.

Thirty-three states had prohibition before the 18th amendment was passed. George Washington's estate was valued at over \$5,000,000 when he died.

**COASTAL FIND TO BE TRACED**

A mysterious blue-green bottle containing a longitude and latitude message in Spanish was found in the Gulf off Padre Island by J. R. Kemp, assistant director of Coastal Fisheries for the Game and Fish Commission. Kemp, who was collecting marine specimens for the commission's laboratories at Rockport, said the location given in the message indicated the bottle was launched near a small group of islands off the west coast of Africa on November 9, 1954. The exhibit has been referred to national authorities to determine whether the message is, as suspected, a part of a study about ocean currents. Ruth Harkness brought the first giant panda to America in 1937.

**EAT WITH CARE | DIET WITH CARE**

Medical researchers are constantly studying nutrition, and they have added greatly to our knowledge of the subject. They have proved, for example, that overeating is perhaps man's commonest dietary fault. But they have learned, also, that too stringent a diet can cause serious harm if one is not careful to get a sufficient intake of vitamins and minerals. Thus, while one should eat with care, one should also diet with care. For guidance on your diet, consult your physician. And bring his prescriptions to us.
