Typhoon In Philippines Misses Manila

Central Islands Are Damaged By Disturbance

MANILA, Oct. 31. (AP)—A typhoon which swept across the Central Philippines, leaving six dead and heavy damage in its wake, bypassed Manila to the south today and headed toward the China Sea.

At 7 p. m. (5 a. m., C.S.T.), the Philippine weather bureau placed the typhoon 30 miles south of Manila and said it was moving west-northwest. Typhoon signal No. 10, indicating imminent danger, remained hoisted in Manila, however.

The lashing gale heavily damaged two cities, sank one ship and beached three others.

Reports from Iloilo, Panay Island, said five persons were drowned when the motor launch Alfonso II sank near the Gigantes islands, off the eastern coast of the island, Thursday.

The first death caused by the typhoon was reported from Mindanao, where a woman passenger drowned in the sinking of the 270-ton Philippines freighter FS277. Two other passengers and the crew of 26 were rescued as the ship went down in Butuan bay.

Six islands in the central part of the archipelago already had felt the wrath of the storm.

Relief agencies were ready to head south at the first opportunity. Masbate, city of 24,000 population 230 miles southeast of Manila, sent a radio message for help, saying the city was badly damaged.

Tacloban, city of 10,000 on Leyte island 340 miles southeast of Manila, reported houses unroofed, communication lines down, and the business district flooded.

Clark Says Probe Nears Completion

WASHINGTON, Oct. 31. (AP)—Attorney General Clark said today the justice department's investigation of speculation on commodity exchanges will be concluded "in a few days."

He told reporters the inquiry has centered around operations on the Chicago, Kansas City and Minneapolis exchanges.

These are all primarily grain markets.

President Truman first announced the inquiry at a news conference recently in which he spoke out sharply against what he said was widespread gambling in grains and fibers. He declared such gambling contributed to high prices. (Presumably, fibers meant cotton).

Clark talked with the newsmen after leaving a lengthy cabinet session at the White House.

Consumer Credit Controls To End

WASHINGTON, Oct. 31. (AP)—Easier terms for many installment buyers are expected as controls over consumer credit follow price ceilings of the statute books at midnight tomorrow night.

The amount of down payments and the number of months to pay will be strictly up to the sellers for the first time in over six years.

A congressional resolution called for end of controls "after Nov. 1."

Federal reserve officials first said that the resolution thus set midnight tonight as the deadline. After consultation they said midnight tomorrow would be the final official position.

There is wide speculation that President Truman may ask Congress to revive credit controls when it meets Nov. 17 on his call to combat high prices and consider aid to Europe.

Transport With War Dead Reaches U. S.

NEW YORK, Oct. 31. (AP)—The transport Stevens Victory made her way slowly through fog and rain to the Army base in Brooklyn today with 127 American war dead from Fort Bell cemetery, St. David, Bermuda.

Military police stood at attention as the ship pulled into the pier where the transport Joseph V. Connolly is docked. The Connolly earlier this week brought 6,251 war dead from Europe and Newfoundland.

MAYOR URGES SAFE HALLOWEEN NITE

Mayor G. W. Dabney today urged youngsters to "have a good time but avoid any activities which would cause destruction" in Halloween observances.

"It's no fun for anyone when property is destroyed or injuries result," he said. "We are depending on parents and children to make this a safe Halloween."

Four Unions May Ignore Labor Board

Deadline Near On Necessary Reports

WASHINGTON, Oct. 31. (AP)—Four of the nation's most powerful labor unions give every sign of ignoring today's deadline for gaining legal status before the reorganized National Labor Relations Board.

The Taft-Hartley Act requires unions to submit financial reports as well as affidavits from officers disavowing communism. And this under NLRB rules is the last day for compliance.

While many others rushed to get under the wire in time to save pending cases from dismissal, these four unions appeared to be cinch hold-outs.

John L. Lewis' United Mine Workers, Philip Murray's United Steelworkers, the United Auto Workers and the United Electrical, Radio and Machine workers.

All but Lewis' AFL members are CIO affiliates.

Lewis claims some 600,000 members, including 250,000 in the controversial UMW district 50. This collection of miscellaneous unions has been involved in almost constant jurisdictional conflict with other AFL affiliates as well as some CIO groups. Hence it could be hard hit by not having access to the NLRB for certification as a qualified collective bargaining agent.

Nevertheless, by allowing today's deadline to slip by, Lewis intentionally will force the NLRB to carry out its threat to dismiss pending cases of non-complying unions. District 50 has many of these.

In order to ease the last-minute pressure, the board decided to grant a 30-day extension to those which had taken initial steps toward compliance.

No Immediate Hike Seen In Sugar Prices

NEW YORK, Oct. 31. (AP)—Sugar brokers here see no reason why the expiration of price controls at midnight tonight should cause much change in what a five-pound package will cost the housewife tomorrow.

They differ, however, as to price trends next year.

Some believe a world surplus of sugar is in store in 1948.

Others think demand also will advance. They believe the Marshall plan will cause large shipments to Europe.

Dr. D. A. Fitzgerald, secretary-general of the International Emergency Food Council, predicts next year's world surplus may be 1,000,000 tons.

Daniel L. Dyer, partner of B. W. Dyer & Co., New York sugar brokers, says his company is banking on advancing sugar prices next year because of the indicated relief needs of Europe and other sections that are short of food.

Sugar brokers say the industry has been fearing a drop in prices when control ends at midnight tonight, but that this was prevented by housewives who started hoarding, thereby keeping supply close to demand.

Four Youths Burn To Death

CROSBY, Oct. 31. (AP)—Four Crosby youth were burned to death and a fifth injured critically last night when their old-model sedan automobile overturned and caught fire on a highway on the outskirts of Crosby.

The dead are Roland Mazac, 16, and his brother, James, 18, sons of Mr. and Mrs. Frank Mazac; Jimmy Krenek, 20, son of C. R. Krenek, and Bennie Rucka, 19, son of Mr. and Mrs. Rudolph Rucka.

Young Rucka's brother, Rudy, 17, is reported to be in a critical condition.

The Mazac and Rucka brothers escaped from the blazing wreckage but young Krenek's body was not discovered until after the fire had burned a hole through the roof of the car.

The accident happened on a slight bend in the connecting road between highway 90 and Crosby, east Harris county community.

James Mazac was a star full-back on the Crosby high school football team last year and Bennie Rucka was the team's regular left end. Roland Mazac had been a member of the team two years ago.

James was a senior this year but because of his age was ineligible for competition under interscholastic league rules.

Creedon Resigns As Housing Expeditor

WASHINGTON, Oct. 31. (AP)—Frank R. Creedon resigned today as national housing expeditor.

In a letter of resignation, Creedon advised President Truman that he was leaving the government to take charge of a large construction program in connection with the development of atomic energy. No details were given.

The White House announced that Tighe E. Woods has been named acting housing expeditor. He has been a deputy under Creedon.

Train Collision Ties Up Traffic

COTULLA, Oct. 31. (AP)—A head-on collision between two Missouri Pacific freight trains early today tied up traffic on the line from San Antonio to Laredo for about three hours.

Traffic is again moving normally. The trains met 1 1/2 miles north of Cotulla at 3:03 a. m.

Crewmen, including engineers, firemen and brakemen of both freights jumped before the collision after engineers had succeeded in slowing both trains, it was reported.

Shick Will Deliver First Flight Pouch At Midland Saturday

As a neighborly gesture from Big Spring, Postmaster Nat Shick will personally carry a pouch of first flight covers to Midland and Odessa Saturday morning when American Airlines begins its regularly scheduled service to Midland-Odessa.

Shick will deliver the pouch in person to Noel Oates, postmaster at Midland and Bill Henderson, Odessa postmaster. Airmail to Midland, posted Saturday morning and before 9:30 a. m. will be included in the first flight pouch, said Shick.

\$110,000 PAYROLL ROBBERY — Ralph W. Marshall, left, in shirt sleeves' paymaster of the B. F. Sturtevant Co., Boston, Mass., is questioned by William J. Jennings, police investigator, shortly after a \$110,000 payroll robbery by six armed men. The paymaster and five assistants were ordered at pistol point to turn over the payroll in what police said was the biggest and boldest holdup in the history of Massachusetts. (AP Wirephoto).

Clipper Wreckage Found In Alaska

KETCHIKAN, Alaska, Oct. 31. (AP)—Wreckage of the Pan American World Airways clipper that crashed Sunday with 18 persons aboard was sighted today on an Annette Island mountainside.

Wesley Monsen, son of Pilot Alf M. Monsen of the crashed airliner, said he flew over the wreckage and "apparently all had been killed instantly."

He said there was no question about the wrecked plane's identification. The plane was partially buried.

The crash was against 3,000-foot high Tangas mountain, highest point on the island off the rugged and irregular southeastern Alaska coast. It is six miles east of the Annette Island airfield. The crash was on the north side of the mountain.

It was over the Annette field that Pilot Monsen, a veteran of northern flying, made his last report by radio Sunday. He said then that extreme turbulence turned him back from a scheduled landing on the field.

Two search parties were enroute to the scene.

A CAA inspection party flew a seaplane to a small lake at the foot of the mountain, and planned to proceed afoot. Another group left from the beach.

The position of the wreckage on the north side of the mountain indicated that Monsen, on his northbound flight, had passed the lower end of Annette and swung back southward.

Annette island is the site of one of the major southeastern Alaskan airfields.

It is in an area of rugged terrain, with hills rising sharply from the shorelines of a myriad number of islands and inlets along the heavily timbered coast.

The plane has been the object of one of the widest co-ordinated searches ever conducted for a missing aircraft in the northern territory. Weather has been generally unfavorable for the air search, but at every opportunity airplanes have been aloft in search of clues to the clipper that vanished on a Seattle-Juneau flight.

Schools Warned Of Blast Flames

BORGER, Oct. 31. (AP)—Two schools in the vicinity of the two-million dollar Phillips Petroleum company plant near here were asked today to be ready to evacuate if a fire caused by an acid still explosion in the company's alamo refinery spreads.

Sheriff Hugh Anderson quoted William Dozier, personnel manager of the refinery, as saying: "There is no danger unless the acid line breaks, but if it breaks the fire will burn everything in sight."

At least one person was injured when the still exploded at 10 a. m. His name was not immediately treatment.

George Newberry, superintendent of the telephone company here, asked subscribers in a radio appeal not to use the telephone for four hours.

Damage to the refinery was expected to run into thousands of dollars.

TO AID EUROPE

Solon Says U. S. Faces Higher Taxes Or Greater Inflation

WASHINGTON, Oct. 31. (AP)—Help for Europe confronts this country with the choice between higher taxes or greater inflation, Rep. Crawford (R-Mich.), declared today.

At the same time, Senator O'Mahoney (D-Wyo.), called for a new excess profits levy as one approach to the twin problem Congress will confront next month of curbing high prices at home while working out a multi-billion-dollar European recovery program.

A Republican leadership decision on whether to press a third tax reduction bill at the November 17 session was delayed meanwhile, by the illness of Rep. Knutson (R-Minn.).

Knutson, chairman of the tax-writing House ways and means committee had been scheduled to confer yesterday with Senator Taft (Ohio), head of the Senate's GOP policy committee, on the Minnesota's previously announced determination to make tax-cutting a top priority issue before Congress.

Taft also favors lower income levies, but he declined to forecast at a news conference yesterday just when the lawmakers might get around to a reduction bill.

Crawford, however, asserted that if no longer is a question of cutting taxes but of hiking them.

The Michigan Republican said he voted for the two bills President Truman vetoed last session because he expected government spending to be curtailed sharply.

Since then, however, he added in an interview, "The Senate and House appropriations committee have shown they don't know how to cut budgets," the European economic crisis has developed and all signs point to greater defense needs.

"We are clear out on a limb now," Crawford declared, "and you don't cut your defenses when you are threatening everybody."

Medical Group Votes To Keep Organization

Members of the Second district of the Texas Medical Society voted here Thursday to keep their organization intact and re-elected all officers.

Although adopting a practice of an annual meeting place, time and site were left up to officers for a subsequent session.

At a dinner session in the Settles ballroom, Dr. P. D. O'Brien, First Baptist pastor, paid tribute to physicians for their progress in treatment of physical ills and saw a similarity between the professions of medicine and the ministry.

"There was never a time," he said, "when people had so much to live with and so little apparently to live for. . . You continue your good work to keep people alive, and we will dedicate ourselves to giving them something to live for."

He observed that the world likely would be better if advice of both doctors and ministers was followed more closely.

Relations between the medical profession and the press and public are far from what they ought to be, Joe Pickle told the doctors. He cited support of proposals involving the medical profession as evidence that doctors were in need of patching their human relations.

Dr. J. E. Hogan, district public relations chairman, affirmed such a need, declaring that "we have public relations—good or bad—whether we want them or not."

Arnold Marshall, accompanied by Helen Duley, favored with vocal numbers. Special guests introduced by Dr. R. B. G. Cowper, president, included Mrs. Edward C. Ferguson, Beaumont, president of the state auxiliary, Mrs. A. N. Boyd.

Rat Control Plan Expanded

AUSTIN, Oct. 31. (AP)—The state health department has expanded its program for control and eradication of bubonic plague-infested rats from two to 10 counties in west Texas in the past six months, Dr. George W. Cox, state health officer has reported.

The Austin American attributed to Dr. Cox a statement that he did not wish to spread any alarm in Texas but he advised cities and towns to tighten up on their rat killing and proofing campaign as a precautionary measure.

Dr. W. S. Brumage of the state health laboratory said today no cases of bubonic plague among humans have been reported in Texas.

Dr. Cox was not in his office, and other health officials declined to name the 10 counties where preventative measures are being taken to stop the spread of the disease-carrying rats.

LOS ANGELES, Oct. 31. (AP)—On the eve of a re-opening congressional inquiry, Howard Hughes plans to make a big splash.

The wealthy plane maker said his 200-ton flying boat with the 320-foot wingspread will undergo water tests tomorrow. The Brewster committee's hearings are slated to reopen Monday.

Hughes—emphasizing that the ship probably will not fly until next spring—announced that on Sunday he personally will cruise around the harbor on taxi tests.

LOS ANGELES, Oct. 31. (AP)—The transport Stevens Victory made her way slowly through fog and rain to the Army base in Brooklyn today with 127 American war dead from Fort Bell cemetery, St. David, Bermuda.

Military police stood at attention as the ship pulled into the pier where the transport Joseph V. Connolly is docked. The Connolly earlier this week brought 6,251 war dead from Europe and Newfoundland.

AT NEXT MEETING

Prober Pledges Link Between Films And Atom Bomb Spying

WASHINGTON, Oct. 31. (AP)—The promised disclosures of a definite link between movieland and Russian atom bomb spying must await the next meeting of the Red-Hollywood investigation.

This will come in "due time," Chairman Thomas (R-NJ) pledged today as his house committee on un-American activities ended two weeks of public hearings with an air of suspense not unlike an old-fashioned serial thriller.

The movie industry claimed meanwhile that the "abrupt termination" of the current inquiry "is a complete vindication of our position."

Paul V. McNutt, special counsel

for the motion picture association, declared in a statement the investigators had produced no proof of charges that films contain subversive propaganda.

Thomas told reporters the committee will go into this aspect of things when it resumes its hearings either here or in Los Angeles. The time has not been fixed.

Members of the committee staff also will continue working on the spy story during the recess, he said, "and when they are ready we will go into it again."

The committee's evidence about Soviet snooping on the atom bomb secret was developed by the final witness, Louis J. Russell, son-ago-

ken, 35-year-old Kentuckian who worked with the FBI for ten years before becoming a committee investigator two years ago.

Committee sources disclosed that the evidence was turned over to the justice department by the FBI about a year ago, and indicated that they expect the next step to be taken by the department.

At Princeton university where he now is director of the institute for advanced study, Dr. Oppenheimer said he would make no comment "in order not to interfere in any manner with the activities of the agencies of the U. S. government concerned."

Girl Scouts To Have Play-Day Program

Girl Scouts of Big Spring will participate in a play-day program scheduled for 9 a. m. Saturday at the high school. Arsh Phillips, chairman, reminded Friday. Contests have been arranged for three groups—the Brownies, intermediates and seniors. Brownies will contest for three ribbons in each of the events consisting of the 30-yard dash, sack race, ring toss, tin can bowling, and candy contest.

Those in the intermediate group (fifth, sixth and seventh grades) will have a 40-yard dash, bean bag toss, darts, paper sack contest, and a 120-yard relay. Those in the senior group (eighth, ninth and tenth grades) will vie in basketball toss, volleyball serves, 50-yard dash, ring toss and miniature bowling.

Girls from the Girls Athletic association who will direct Brownies contests are Pearl Mae Clanton, Margaret Hurt, Mary Hobbs, Patty Hull, Dolma Biggs. Those directing intermediates are Dot Washburn, Luan Creighton, Joyce Choate, Marilyn Guitler, Jo Nell West. Anna Smith is to direct the high school group, aided by Jo Jo Alexander, Mary Sewell, Fay Vinson and Juanita Hobbs. Aiding Miss Phillips are Mrs. Ross Boykin and Mrs. Carl Smith, members of the play-day committee.

SUNDAY SCHOOL LESSON

Christians And Conduct

By NEWMAN CAMPBELL
(The International Uniform Lesson on the above topic for November 2 is James 3-5; Acts 4:1-10, the Memory Verse being Proverbs 8:7, "My mouth shall utter truth.")

CONTINUING our series of lessons on the Letters of Early Church Leaders, as exemplifying Christian conduct, we have an excellent subject in today's lesson. James, in his letter to the Christian Jews, gives us of today some fine suggestions for Christian conduct, and reminds us of our frailties.

The first chapter to which we are referred shows us in pungent phrase how uncontrolled our conduct often is. We "put bits in the horses' mouths, that they may obey us; and we turn about their whole body."
"Behold also the ships, which though they be so great, and are driven of fierce winds, yet are they turned about with a very small helm, whithersoever the governor (helmsman) listeth." Then he says, "Behold, how great a matter a little fire kindleth!" Almost every day we see in the newspapers about a man who burned himself to death and perhaps burned a house down by dropping off to sleep while smoking. That cigaret or spark from a pipe started a very small fire—but it did great damage, and might have done a greater. Whole cities have gone up in flames and countless lives have been lost by fires started by such a small cause.

of birds, and of serpents, and of things in the sea, is tamed, and hath been tamed of mankind. "But the tongue can no man tame; it is an unruly evil, full of deadly poison."

"Out of the same mouth proceedeth blessing and cursing. My brethren, these things ought not to be so."
"Who is a wise man and endowed with knowledge among you? let him shew out of a good conversation his works with meekness of wisdom." The smallest child in any Sunday School class can understand and has had experience of the unkindness of his little tongue. Hasn't he been punished for saying naughty words that he heard his playmates use and repeated at home after being told he must not say them? Hasn't he been rebuked for angry words with his playmates, sisters and brothers, or for impertinence to parents or teachers? Each and every one of us knows only too well how easy it is to say things that we should not say in other words, how difficult it is to control our tongues.

"If ye have bitter envyings and strife in your hearts, glory not, and lie not against the truth." "For where envy and strife is, there is confusion and every evil work."
"But the wisdom that is from above is first pure, then peaceable, gentle, and easy to be intreated, full of mercy and good fruits, without partiality, and without hypocrisy."
"From whence come wars and fightings among you? come they not hence, even of your lusts that war in your members?"
"Ye lust, and have not; ye kill, and desire to have, and cannot obtain; ye fight and war, yet ye have not, because ye ask not."
Have not all the great wars of all times been fought because some envied others and tried to get what they wanted by fighting, losing not only thousands of precious lives, but failing to get what they were fighting for?

Will men never learn to suppress their envy of others? to do justly, to love mercy, and to walk humbly? "Draw nigh to God," wrote James, "and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double-minded."
"Speak not evil one of another, brethren. He that speaketh evil of his brother, speaketh evil of the law, and judgeth the law; but if thou judge the law, thou art not a doer of the law, but a judge." James chastises the rich man who cares not how he comes by his wealth. The cries of those they have cheated and abused will be heard by God, he states, and their riches will be as dust and ashes.

Lastly we are referred to the fourth chapter of Acts, where we are told that after Peter and John had cured a lame man, the authorities of the church arrested them and put them in prison. Next morning they were taken before the princes of the synagogue and asked by whose power or in whose name they performed the miracle. Peter, bold and unafraid, answered, "Be it known unto you all, and to all the people of Israel, that by the name of Jesus Christ, of Nazareth, whom ye crucified, whom God raised from the dead, even by Him doth this man stand here before you whole."

In The Big Spring Churches

Elton Roth, Tenor To Appear At Baptist Church Sunday Night

Elton Menno Roth, nationally famous tenor of Los Angeles, Calif., will appear at 8 p. m. Sunday in a program of religious songs at the First Baptist church.

Roth, a composer as well as vocalist, will include a number of his own compositions at the performance. The program is open to the public.
At the morning service, beginning at 11 a. m., the Rev. W. M. Turner, pastor of the First Baptist church in Pecos, will be guest speaker at the First Baptist church here. There will be no Sunday evening sermon.

Dr. P. O. O'Brien is conducting services in Pecos this weekend. A revival meeting under the direction of the Rev. H. M. Wisenbaker of Sulphur Spring will be in progress during the week beginning Wednesday, Nov. 5 and continuing through Nov. 16 at the Assembly of God church, the Rev. R. E. Winter, pastor, has announced.

The Rev. Winter will speak at Sunday morning services on "The Baptism that Christ Gave," based on Matthew 3:11 and John 14:17. Subject for the evening sermon is "Seven Signs of Eminent Coming of Jesus Christ" (Luke 21:25).

"God's Overcoming Reluctance to Service" is the theme upon which the Rev. Gage Lloyd will speak at 11 a. m. Sunday at the Presbyterian church. The subject matter is taken from Exodus 3:11.

Chosen for the 7:30 p. m. worship, "Fight For Faith," will be the sermon topic. It is based on Psalm 27.
A program on China to be concluded with a Chinese dinner is planned for the Young People's meeting at 6:45 p. m.

Holy Eucharist will be observed at 8 a. m. Sunday at St. Mary's Episcopal church. Church school is at 8:45 a. m. Holy Eucharist and sermon are scheduled for 11 a. m.

John E. Kolar, pastor of the Main Street Church of God, announced that N. C. Dalton will be guest speaker at the 11 a. m. services Sunday. Church school begins at 9:45 a. m.
The Rev. Kolar will deliver the evening message.
Yough service is at 6:45 p. m.

"The Sufferings of Christ" (I Peter 2:21-25) is the topic upon which the Rev. Marvin Clark will speak Sunday at the Trinity Baptist church at 11 a. m.
Evening sermon at 7:45 is unannounced. A record attendance goal has been set for Sunday.

Sunday masses at the St. Thomas Catholic church are said at 8 and 9:30 a. m. Confessions are heard before the daily mass, or on Saturday, from 7 to 8:30 p. m. Catholic rites with sermon in Spanish are scheduled for 8:30 and 10:30 at the Sacred Heart church.
Weekday mass is said at both churches at 7 a. m.

Dr. Jeff D. Ray will conclude the revival meeting Sunday at the East Fourth Baptist church. The sermon topics are unannounced. The Rev. Ray is a retired seminary instructor and at present visits for the Fort Worth Star-Telegram.

The goal for the Sunday school is 550 and for training union is 150.
The Rev. Lloyd Thompson will speak on "Hear Ye Him" at the 10:50 a. m. service of the First Christian church Sunday and "Favors and Obligations" at the 7:30 service. This service will be preceded by a Christian Youth Fellowship at 6:30 p. m.

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 2.
The Golden Text is: "He that covereth his sins shall not prosper; but whom he confesseth and forsaketh them shall have mercy" (Proverbs 28:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The way of the wicked is an abomination unto the Lord; but he loveth him that followeth after righteousness" (Proverbs 15:9).
The Lesson-Sermon also includes a passage from the Christian Science textbook on page 537.

"A Christ Filled Church" will be the lesson topic at the First

Bobby McCarty and Betty Earley were elected librarians at a class meeting of the fifth grade at College Heights school Thursday. Tuesdays and Fridays were selected as checking out days by

the class. The librarians' first work will be arranging books in alphabetical order. They will continue for two weeks, when successors will be elected. Sylvia Brigham, president of the class, presided at the meeting. The average land animal is about 80 per cent water.

Two Burglars Beat Up Farm Family

HILLSBORO, Oct. 31. — Two burglars entered a farm house near here early today and severely beat a man, his wife and daughter when their demands for money were not met.

The victims of the attack were Mr. and Mrs. Paul Smith and their daughter, Doris. They were brought to the Boyd sanitarium here for treatment. Their home is situated six miles northeast of here. They said that the two unidentified men broke into the house shortly after midnight and demanded

money. Sheriff Ralph Allen and state highway patrolmen set up a road block in the vicinity. Many fruits not related to the apple bear that name: Balsam apple, custard apple, rose apple, and pineapple.

Gang Leisurely Loots Jewelry Store

BIRMINGHAM, Ala., Oct. 31. — A gang of bandits leisurely looted a downtown store of jewelry valued at between \$75,000 and \$80,000

last night after binding and gagging a jeweler and his family in their home and taking his keys to open the store. "They left the place as empty as an eggshell," said Louis W. Perry, the owner.

Dr. O'Brien To Address C-C Meeting

Dr. P. D. O'Brien, pastor of the First Baptist church, will be principal speaker at a dinner meeting in the Settles hotel at 6 p. m. which will bring to a close the chamber of commerce Roundup club's fall membership drive.

Final reports are to be received from teams composing two Roundup club groups who have been engaged in canvass work since Monday morning.

The business session will be brief and to the point, however, E. F. Driver, Roundup foreman said, to avoid conflict with any Halloween plans members might have on schedule.

The two Roundup club groups are in competition in the canvass work, with Don Burke and Champ Rainwater heading the units. Special recognition will be given the winning team and the runner-up.

Years Fail To Dull Vision Of Veteran Texas Minister

Years have failed to dull the vision, and to a certain extent, curtail the activities of Dr. Jeff D. Ray of Fort Worth, who will conclude a revival at the East Fourth Street Baptist church on Sunday.

"I shall continue to spread the Gospel from the pulpit and through the paper as long as I remain on this earth," the veteran minister and educator declared this morning during a brief interview.

Dr. Ray has been active in the Baptist ministry for 67 years, and he served on the faculty of the Southwestern Baptist Theological Seminary in Fort Worth until three years ago, when he retired at the age of 51 after 37 years of service.

Retirement from the Seminary reduced only a portion of Dr. Ray's activities, however. He still preaches somewhere "at least half of the Sundays" and occasionally conducts revival meetings. In addition, he writes a column which appears four days a week in the Fort Worth Star-Telegram.

Dr. Ray is a native of Victoria and he was licensed to preach in January of 1880. Since that time he has never had ambitions toward any profession except the ministry and the education of young ministers.

Although preachers of all denominations repeatedly assert that Christianity is the sole factor that can lead the world out of the present turmoil, Dr. Ray sees little to

indicate that world leaders will turn to Christianity. Christianity has been given a cold shoulder by the United Nations, he points out, and the churches wield very little influence among that organization's delegates.

On the other hand, Dr. Ray feels that the churches have failed to assert themselves as they should, principally because of denominational boundary lines. So long as the various denominations expend their efforts on competition with each other they cannot be expected to wage a unified battle against a common foe, he declared.

WALL STREET
NEW YORK, Oct. 31. (AP)—Led by steel, the stock market today negotiated selective recoveries although many dividends failed to participate.
Dealings were relatively quiet after a fairly active opening. Early declines were erased or converted into advances by the end of the first hour. Plus marks of fractions to a point or so predominated near midday.
Steel shares were off 1-1/4 on its initial sale following a split proposal but eventually halved the loss. Youngstown sheet slipped despite an extra dividend.
Modest advances were recorded for Bank of Chesapeake & Ohio, Montgomery Ward, Sears Roebuck, Deere, General Electric, J. C. Penney, Standard Oil (N.Y.) and American Water Works. Interim losses were Republic Steel, Chrysler, General Motors, Allied Chemical, Dow Chemical, American Telephone, Consolidated Edison, North American, Owens-Illinois, R. Y. Central and Southern Railway.
Bonds and cotton futures were steady.

Speakers Urge God-Centered Church Work

Activities of the church assume significance only as they are God-centered, speakers told a regional Episcopal meeting here Thursday.

The session, which drew from Colorado City to Monahan and from Big Spring to San Angelo, attracted approximately 100 persons.

Mrs. Derrell Darby Tabor, representing the national council for auxiliary work, cautioned women to regard their activities as supplementary or as an special aid to the church, but never as a separate program. She also outlined the study work for the year and the expectations of the national council.

Addressing the dinner meeting in the St. Mary's Parish house, the Rev. Stanley M. Fullwood, field secretary for the national council, told his listeners that there was "romance behind the figures" regarding progress of mission work only as the extension of the church program was God-centered. He cited the problems and difficulties of the missionaries.

A. M. Wilmuth, Amarillo layman, explained details of the budget and the importance of the "every member canvass," directed at enlistment of support of the church financially.

Lost Ships Leave On Exercise Seminole

GALVESTON, Oct. 31. (AP)—The last ships carrying troops to participate in Exercise Seminole, first mock offensive of the nations unified armed forces, sailed for the Florida assault area today.

The second portion of Task Force Choctaw carried troops of the second armored division, famed "hell on wheels" unit of World War II.

The 3,000 troops of the second armored will make a mass landing on a Florida beach, 15 miles southeast of Panama City, against the imaginary 14th Infantry division of an aggressor nation army, which, in theory, gained a foothold on the Atlantic coast with an Aug. 1 invasion.

First units of the task force sailed yesterday.

WHAT PRICE FOOTBALL?

Scalpers Having Field Day Over Clash Of SMU - Texas

DALLAS, Oct. 31. (AP)—Things have come to a pretty pass when a reporter has to advertise to get tickets to a football game, namely the SMU-Texas affair here tomorrow.

We ran the ad in desperation because Lester Jordan, business manager of athletics at Southern Methodist, is backed up against a wall by one thousand war veteran students who want tickets for their wives and there is no way to reach him for a quick talk. The last we saw of Jordan, he looked terrible—frayed at the edges and baggy around the eyes and his voice was a croaking whisper that kept repeating "No tickets, no tickets."

Of course he is wrong. We learned from our ad that there are at least 329 tickets available, any two of which can be had if you are the kind of fellow who would let your family go hungry this winter.

The sad truth is that the SMU-Texas game has made scalpers out of a lot of honest people and if the weather continues nice the scalping is going to amount to a massacre. And with friends descending on Dallas from all directions and wiring us to "please arrange tickets" we are apt to be in on the wrong end of the massacre. Apt is a mild word.

Ticketholders are asking as much as \$30 each for end-zone ducats. The 30-yard line kind are priced from \$35 up. The original price of the tickets was \$3 but that was before the SMU-Texas game began to look like the hottest event since the Chicago fire.

"I have two good tickets, one caller said gently, "and I have in mind a good suit of clothes—say a \$75 suit of clothes. Do you bite, friend?"

We didn't.

"This is just plain robbery, another fellow said, and he was so amused he could not restrain his giggles. "I feel just like a bandit, but I'm asking \$25 apiece for the worst seats in the Cotton Bowl. Just how bad do you want to go?"

Not that bad.

"I hear tickets are selling for \$50 each downtown, a woman caller stated. "I'll make you a bargain price is \$30 each. They're in the end zone but—"

"I have two beautiful tickets on the 45 yard line—how much'll you give?" a gruff voice wanted to know.

"Ten dollars each," we said, innocently.

"That's the worst insult I ever had" the man said angrily, and hung up.

Most of the prospective scalpers refused to give their names. One

man said frankly: "How do I know you're not with the FBI?"

The worst nerve-wearing call was from a fellow who began: "I have two tickets that I got for \$3 each and I can't go to the game and I'm trying to make up my mind to sell them to you for \$5 each. They're good tickets on the 40-yard line—but it's against my moral principles to sell tickets

for more than I paid for them and I may just give them away to a friend.

We gave that gent a 10-minute sales-talk, rubbing his moral principles with the old oil.

But he terminated the conversation with: "I'll just have to struggle with my conscience awhile and I may call you back."

As far as we know he is still struggling. That goes for us, too.

Minor Turnout To New High

COLUMBUS, Ohio, Oct. 31. (AP)—Baseball's 52 minor leagues set a new all-time attendance high during 1947 when 41,516,736 fans watched their games. Of this total 40,274,256 were paid admissions and the remainder were guests of the clubs.

As the major leagues drew an unofficial total of 19,876,358 paid, the total for Organized ball exceeded 61,000,000 or almost half of the entire population.

The minor league totals, announced today by George M. Trautman, president of the National Association, far exceeded the previous high turnout mark of 32,704,315 established last year.

The Triple A group, including the Pacific Coast, International and American Association, drew 9,595,275 fans as compared to 9,028,280. There were no new leagues in this classification for in Double A where the Southern Association and Texas league packed in 4,447,461, more than a half million more than last season.

Twenty Class D leagues contributed 8,714,317 to the total and 15 Class C leagues drew 8,790,689. The nine Class B leagues attracted 6,951,080 and the three Class A units, the South Atlantic, Eastern and Western, added 3,017,894.

The Southern association packed in 2,298,482 in 1947, compared to 2,010,978 in 1946. The Texas league had 2,148,999 compared to 1,731,908 last year.

In the Class B Big State league the attendance for 1947 was 850,748. Figures for 1946 were unavailable.

The Arizona-Texas and Lone Star Class C leagues had no leagues in 1946; in 1947 recorded attendance of 296,627 and 471,358, respectively. In the same class the West Texas-New Mexico league had 683,339 in 1947 compared with 723,907 in 1946.

Major Squabble To Be Discussed

CLEVELAND, Oct. 31. (AP)—American league baseball club owners were summoned to a meeting here today by President Will Harridge to decide on what action to take in the dispute between Commissioner A. B. Chandler and Leslie M. O'Connor, suspended general manager of the Chicago White Sox.

O'Connor and the White Sox were denied "the privileges of the rules," which in effect is suspension, for refusal to pay a \$500 fine for alleged violation of the restriction against the signing of a high school pitcher.

Harridge said that although Chandler had requested removal of O'Connor from baseball's executive council, the White Sox general manager, "still a member of the American league," would attend the meeting to explain his stand.

In Washington, Clark Griffith, president of the Washington Senators, said his club will support Chandler in his controversy with O'Connor.

Yomer Peel May Buy Into Paris Club

WICHITA FALLS, Oct. 31. (AP)—Manager Homer Peel announced he had given an option to three club directors on his stock in the Wichita Falls baseball club and said he was contemplating buying a half-interest in the Paris franchise.

Both Paris and Wichita Falls are members of the Class B Big State league.

Peel said that Bill Huff, Charles Spragins and Enos Burt had taken an option on his stock.

The Spudgers last year finished third in the pennant race but reached the finals of the Shaughnessy playoff.

Leader Confers With Piner On Medical Work

Albert S. Pullen, executive secretary of the advisory council of the Southwestern Medical Foundation of Dallas was here Thursday for a conference with Robert T. Piner, who has been appointed a regional chairman of the Council.

"The Foundation," Pullen said, "already operates a medical college in Dallas which is now in its fifth year with 245 undergraduate students." This, he said, "is the only nonsectarian and non-tax supported medical college between St. Louis and the West Coast. Physicians and laymen of the Southwest will have available to them up-to-the-minute medical advice and aid from their own southwest medical and research center."

"The medical center will include, in addition to the Southwestern Medical College, an 800 bed hospital for which the citizens of Dallas have already contributed \$7,000,000 by popular vote, and a Veterans Administration hospital of 500 beds. The principal service which can be rendered by the center is to keep the southwest advised of advances in medicine, to make it possible for doctors and laymen to obtain aid and the benefits of research in unusual cases, and to provide doctors trained in research for the southwest area."

During the past year an advisory council to further and aid the Foundation in expanding its program throughout the entire southwest was organized. To date the council totals 242 members, each representing a Texas county. R. Randle Gilbert, president of the Federal Reserve bank of Dallas, was appointed general council chairman and soon thereafter regional chairmen were named, each region being comprised of approximately 25 Texas counties. Piner was named chairman of Region X-T.

California College Cutups At Work

LOS ANGELES, Oct. 31. (AP)—The college cutups are at it again.

Several days ago students at the University of Southern California mournfully reported that their alreadd mascot, George Tirebiter, was missing.

Last night four students from the Los Angeles University of California at the Rival appeared in the editorial rooms of the Los Angeles Times with a dog which they claimed was George Tirebiter. They said George was found on their campus and that they were returning him to USC.

The UCLA students swore they didn't know how it happened, but neatly barbered into the fur of George's back were the letters: "U C L A."

NO CONFIRMATION

U. S. Army Is Silent On Trieste Charges

ROME, Oct. 31. (AP)—U. S. Army public relations at Trieste said today there had been no Army confirmation of an assertion by Rep. Marion T. Bennett (R-Mo.) that there have been "63 incidents of armed aggression by the communists" against U. S. forces in Trieste.

The public relations office said it could say nothing, however, about the congressman's assertion at this time. The public relations office of the allied military government made a similar reply to inquiries there.

In Washington yesterday, the Army said it had asked Maj. Gen. Bryant Moore, American commander at Trieste, whether there had been any incidents involving American and Yugoslav troops which have not been reported publicly. The Army said yesterday's request expanded one sent Tuesday asking for a report on whether any American soldiers had been

killed or wounded in incidents. Rep. Bennett said Tuesday that "many" American soldiers had been killed or wounded by communists in the Trieste area since the U. S. troops moved into the former Italian territory, bordering on Yugoslavia, which now is a free state.

Bennett, who recently returned from a six-weeks tour of Europe and the Near East, said the incidents had been hidden behind a "brass curtain of American military censorship."

"I have the names and identifications of the incidents as furnished me by our military intelligence," he said.

Memorial Asked For Texas War Dead

AUSTIN, Oct. 31. (AP)—Dedication of the second Sunday in November to the memory of the World War II dead of Texas, now being returned to their home communities from overseas, has been asked by Gov. Beauford H. Jester.

The Governor urged ministers of all churches to hold special services on that Sunday and asked the people of Texas to attend the services "in memory of these, our war dead."

Jester also asked all citizens to join with ex-servicemen's organizations and National Guard units to pay respect and appreciation to the war dead on their return home.

Jester Considers Tidelands Talk

AUSTIN, Oct. 31. (AP)—A radio address to tell Texas taxpayers and school children what it would mean to them in dollars and cents if Texas loses its tidelands title is being considered by Gov. Beauford H. Jester, he said yesterday.

Jester, who is spearheading a nationwide drive for Federal legislation for Federal quit-claim to tidelands, said he is contemplating making the address soon after next Tuesday's mineral lease sale on State-claimed submerged lands in the Gulf of Mexico, proceeds of which go to the permanent school fund.

Jester said the sale would serve to illustrate how much Texas would lose in just one instance unless Federal legislation is enacted as a check against the Supreme Court's recent upholding of Federal claim to California's Tidelands.

Two Are Held As Robbery Suspects

CORPUS CHRISTI, Tex., Oct. 31. (AP)—New Orleans police have notified Police Chief Earl C. Dunn that two men from Tampa, Fla., had been arrested there and were being held in connection with a \$32,000 jewelry store burglary here.

Dunn said most of the jewelry taken in the robbery here early Monday morning had been recovered.

Evacuation By Reds Reported In Germany

FRANKFURT, Oct. 31. (AP)—The newspaper Frankfurter Neue Presse reported today that German authorities in the Soviet zone were preparing to evacuate all inhabitants "not fit for work in the mines" from Marienberg in the Erz mountains to make way for 16,000 German uranium miners.

Marienberg is located at the edge of a "forbidden area" near the Czech border, where the Russians have been reported carrying out pitch-blende mining operations. The town has a population estimated at 7,000.

WHY GET UP NIGHTS DUE TO KIDNEYS?

FLUSH THEM OUT THIS DOCTOR'S WAY
If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have headache due to excess acidity in the urine, be glad you're reading this:

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys; it increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

For free trial supply, send to Dept. T, Kilmer & Co., Inc., Box 1253, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

Minimum Of Politics Needed Now

Expiration of federal restrictions on credit buying on Nov. 1 will confront the public and business with a challenge in self-restraint.

The restrictions were imposed during the war as an emergency measure. They were designed to prevent stimulation of inflationary tendencies during periods of extreme shortage at a time when war materials and production had top priority. Too, they encouraged the public to invest surplus earnings in war bonds, which at once removed excess buying power and at the same time contributed to war financing.

These were, all in all, anti-inflationary regulations which served a useful purpose in holding down the cost of war. Since we have had a liberal taste of inflation, it requires no stretch of the imagination to figure that the total debt would have been

much higher than its somewhat staggering figure of today.

But be all of this as it may, expiration of the regulations comes at another period of emergency. For one thing, prices have been rising, rather steadily, for months and months. The margin between income and expenses has continuously narrowed and in many cases disappeared. Reserves have been and are being drawn upon by large numbers of families. At this moment, heavier consumer goods begin to make their appearance in greater abundance, and the temptation is to buy.

The installment plan is a fine thing, but both buyer and seller will do great service by exercising caution in taking on too much over too long a period of time. Every effort ought to be made to ascertain a safe margin in each case before covenants covering many months or perhaps a few years are entered.

Credit Buying Calls For Restraint

Before long, Congress will be back in session wrestling with two vital problems—prices and international relief.

The President is correct in bundling the two together for consideration of the Congress, for they are bound together in hard fact. While potential beneficiaries may be bewildered by the fact that prices take first place on the agenda, they can understand that the more effectively the U. S. deals with this problem, the further the amount of dollars—whatever it may be—allocated for aid will go.

In truth, rising prices have constituted one of the chief reasons for the arrival of a crisis in Europe earlier than originally anticipated. As prices went up, the goods

they would purchase went down, and it is goods and not dollars that Europeans need. But goods must be purchased with dollars. Many a householder is familiar with this pattern.

Congress is quite apt to have a clearer picture of needs and the exigencies of the situation by reason of congressional investigators on the European scene. The problem of how much relief and how soon it can be furnished may be attacked more forthrightly.

It is inevitable that partisan politics will creep into the session, but it is to be hoped that it will be kept to the barest minimum. These are two great issues which concern the entire nation and not the 1948 elections.

The Nation Today—James Marlow—

Writers And Contempt Charges

BY MAX HALL (For James Marlow)

WASHINGTON, (U.P.)—This week a group of Hollywood writers have been charged with contempt of Congress because they wouldn't give "yes-or-no" answers to the question "Are you a communist?"

That means a court trial is possible. Ultimately the case may go to the Supreme Court. Already, in the yelling and pounding of one of the noisiest committee hearings ever held on Capitol Hill, both sides are preparing for this court trial.

You can see it in the asking of questions by the committee attorney, Robert E. Stripping, and in the way the witnesses reply.

What is contempt of Congress? It is a violation of a law which says—

Whenever a person who has

been summoned as a witness before a congressional committee ignores the summons or "refuses to answer any question pertinent to the question under inquiry, he shall be guilty of a misdemeanor."

He can be fined \$1,000 and jailed for one year. A subcommittee of the House un-American activities committee—in citing John Howard Lawson, Samuel Ornitz, and others for contempt—has stated flatly that they have "refused to answer questions and therefore have violated the law."

Now, if the full committee, then the House of Representatives, and finally a grand jury all agreed with this view, the case will go to trial in the Federal district court here.

If this happens, the jury must decide the issue of whether these men legally did "refuse to answer. The witnesses haven't ad-

mitted they "refused." Some have insisted they weren't refusing—they only wanted to answer in their own way.

Each witness would begin talking about his right under the constitution and the committees, right to ask a question, and Chairman J. Parnell Thomas would begin banging his gavel and demanding a yes-or-no answer.

If a trial is held, the defendants—judging by their testimony this week—will argue that the question "Are you a communist?" is unconstitutional and the committee had no right to ask it. They have insisted that their civil rights are invaded by an inquiry into their political beliefs.

There have been several recent jury convictions for contempt of Congress. None of them has yet reached the Supreme Court.

Affairs Of The World—DeWitt MacKenzie

Fear Is Holding U. N. Together

The mood of those who are concerned with the welfare of the United Nations is one of increasing fear that our peace organization, which was to unite mankind into one world of friendship, already is an irrevocably tragic failure as the result of the fierce conflict between the communists and the democracies.

One strives eagerly but vainly to recall some greater accomplishment by the U. N. than that of last Monday when the political committee, after a long and bitter battle, finally achieved unanimity. It adopted a resolution condemning all forms of propaganda likely to provoke or encourage any threat to peace.

Well, it's good to find our peace organization at least agreeing that it is against war! Apropos of this, one is reminded of the story about the late President Calvin Coolidge and the

Sunday sermon. I've forgotten who first related the tale but I suspect it was Mrs. Coolidge herself who told of asking Cal, upon his return from Church, what the minister preached about.

"Sin," replied the ever laconic Coolidge.

"What line did he take?" persisted Mrs. C.

"He's against it," said the President.

So the fruit of weary months of fighting is a resolution condemning war. And having passed this they have returned to the wrangling. Small wonder that Mrs. Franklin D. Roosevelt a couple of days ago expressed a hope and a prayer in the U. N. for a "gradual increase of good will here rather than this continued back-and-forth of our telling each other what dogs we are."

The way it looks from this column's observation post, the U. N. is being kept going largely

because of stark fear among member nations of what would happen if the organization collapsed. The results of a breakdown are too terrible to contemplate.

There are those who are wishfully thinking—that perhaps the anxiously awaited meeting of the Big Four foreign ministers in London next month may develop something to alleviate the strained situation.

That conference is primarily to try once more to write a German peace treaty over which thus far the former allies have been unable to agree.

No, this isn't a good time to allow the U. N. to collapse. As remarked to the writer by an official attached to one of the delegations:

"We are wallowing in the bottom of a wave, and we aren't ready to admit that we are shipwrecked."

Texas Today—Jack Rutledge

Stories Of Unusual Animals

Animal crackers: Occasionally a little story like this comes along to prove that the dog-is-man's-best-friend belief isn't just a bit of wishful thinking.

A small black dog of rather dubious ancestry named Pal is credited with saving the life of Mrs. C. E. Anderson of Waco. She was walking along one morning when she saw a rattlesnake about to strike.

She says she was "glued to the ground" and couldn't move. "Then without hesitation Pal darted between that rattler and me," she said. "It reared right in there and took the poison intended for me. That saved my life."

She said the pup was bitten twice. The snake grabbed Pal by the jaw and held on. It was shaken off, and struck again. The tenacious dog shook free, and Mrs. Anderson grabbed a hoe and killed it.

The dog was taken to a veterinarian and treated.

The Gumbo of the bird world was a barbing pigeon belonging to the Ed Sartain family of Amarillo.

His only outings are romps with young Doc and Shorty Sartain, sons of the family. A favorite trick is to light on the shoulder of one of the boys and go to a ball game or for a spin on a hike.

The pigeon's name is Tweeter, and when he's not with the boys, he's strictly a recluse, refusing to leave home.

Bill Fuqua of Dallas is proud owner of what he calls a vest pocket bird dog. The animal's name is China, and weighs only 27 pounds.

He says sometimes China is smarter than he is. He tells of one trip when he whipped the dog twice for ranging over a barren-looking peanut patch.

He missed her later, found her right in the middle of the same field, patiently pointing to a fine covey of quail.

At home she catches a ball, barks when told to talk, retrieves anything she can carry, and brings Fuqua his bedroom slippers and a towel.

NO HANDICAP HOKKAIDO, Japan (U.P.)—A 99-year-old Japanese, who said he had "hunted bear all my life," walked 40 miles in two days to register his shotgun and get a permit from the provost marshal here to hunt bear. Itaru Hirouchi hiked the 10 miles between his home and Camp Crawford, but the provost marshal was out. Hirouchi returned the next day and got the permit.

New Apartment

NEW YORK, (U.P.)—A dog goes around and around in a circle before lying down in a strange sleeping place.

At last I can understand why. He's just trying to make familiar to him, smooth it down to the old comfort he knew before.

I have been having the same problem getting accustomed to a new apartment.

For seven-and-a-half years Frances and I had a small apartment in Greenwich Village. Some friends couldn't understand why we liked a place that lacked many modern conveniences, such as central heating. But it came to have the contour of home, and we found that the chattering warmth of two fireplaces—one burned canal coal, the other used wood—more than made up for steam heat.

Well, the old landlord died and the new owner, a young veteran back from the Pacific, said he'd need our apartment. But he finally turned out to be the kind of landlord you want to write poems about. He said we could announce our move.

And we did. It took us exactly a year of searching to find another place to live in. Manhattan is still that crowded.

The new apartment has a spare bedroom and a stall shower and a lot of other things we had never seen before except in advertisements. It was bright and clean with a wonderful kitchen and was the first modern apartment we had lived in since our marriage ten years ago.

But for days and weeks we missed the little inconveniences

of our old home, like you miss the small faults and foibles of an absent friend. We missed the fire-catching floor-boards, the friendly mailman who pushed our bell downstairs if he had anything important.

One of the things that bothered us was that our two antique clocks which worked perfectly in the old place wouldn't function at all in the new apartment. No matter where or how we placed them, they would just tick dully for a few moments—then stop dead.

"They don't like it here," worried Frances.

Our old furniture didn't look quite right either. But after we had shifted it around several times it finally came to rest in a way that covers up most of the bare places.

So slowly, just like the dog circling his new bed, we have gradually come to have a feeling of being home. The other night Frances met me at the door to announce excitedly:

"One of the clocks is working now. I guess it has decided to stay."

This morning I passed the young daughter of the neighbors over us—a small black-bobbed girl with a gap-toothed grin.

"I know you," she announced gravely. "Can I come down to-night for Halloween?"

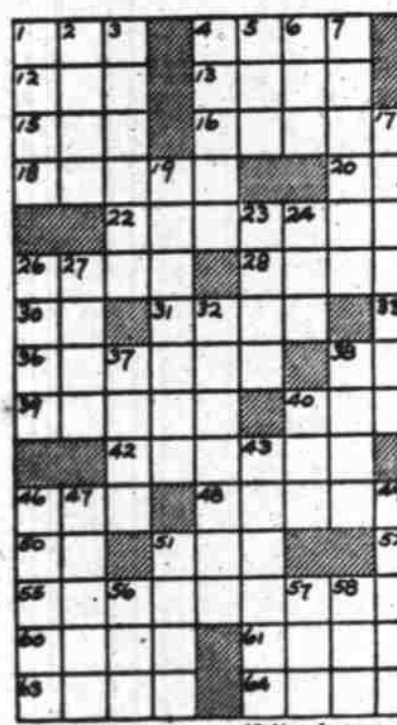

You sure can, Honey. I guess we belong in our new place at last.

Washington Merry-Go-Round—Drew Pearson

Congressmen Doing Good Job

WASHINGTON, (U.P.)—Out in Pekin, Illinois, there is a poorer section of the city with neat little fences setting off gardens in which grow, not flowers, but vegetables. Even before the wartime vogue for victory gardens, these frugal residents of Pekin wasted no space on lawns and scenery.

From this isolationist German-American community, there came to Congress 16 years ago, brash, boyish Everett Dirksen, elected on the Republican ticket despite the Roosevelt landslide. In Washington, Dirksen has worked just as hard as his neighbors, gradually grown until he is now one of the respected leaders of the GOP Congress.

Last summer, Dirksen went back to the land of his forebears, this time as chairman of a joint congressional committee on the armed services. In Germany and Austria his committee held hearings. Sometimes acting as interpreter, Dirksen listened to all sides, called in U. S. Army officers, U. S. civilians, anybody who wanted to help present the picture of what was going on in Germany. In fact, Dirksen held such a running-fire of hearings that, in Vienna, colleagues complained: "When do we get a day off?"

"Tomorrow," replied the gentleman from Illinois. "Tomorrow is Saturday. Today we work."

RUSSIA PREPARES
Net result of Dirksen's investigation: The U. S. Army is doing a good job. German textbooks have been creditably rewritten.

The German-Austrian population is seriously uneducated. Children, main hope of future European friendship, are getting an extra meal at school

(They call it Hooverising) without which they would be in tragic condition. . . The Russians are scheming to take over Austria soon. Austrians are gradually being won over to the Russians not through liking them, but through fear—fear that the American Army will pull out and leave them stranded. . . They also fear that the Russians did to the Hungarians to force them into communism—ice-water epemas. In Germany the Russians are constantly turning over their troops. Red Army soldiers are kept in Germany long enough to learn the language, then taken out of uniform and given civilian jobs there. They remain, however, trained soldiers, ready to don the uniform again. . . Russia's main European goal, concluded Dirksen: "To take over all Germany."

Stepping off the airplane in New York, the congressman from Pekin, Illinois, remarked: "If the President doesn't call a special session I am going to stage a one-man march on the White House."

A few minutes later, he got a phone call saying Truman wanted to see him. The special session was subsequently called.

Note—Reporting to the President Dirksen was strong in his praise of Gen. Lucius D. Clay, American commander in Germany.

SUGAR CONTROLS OFF
As price control goes off sugar today for the first time since the war, some housewives are wondering why the Army chose this time to buy several thousand tons of sugar for Japan and Germany.

Up until this summer, the Army had sent only 12,000 tons of sugar to Japan and Germany.

But recently this quota was boosted to 127,000 tons, and the Army is making another sugar purchase soon of 484,000 tons.

Reason behind this:
1. The price of wheat is so high that, measured in calories, sugar is cheaper. Since the U. S. Army undertakes to feed the Japanese and German people a certain number of calories, it can get the same calory content by using more sugar and less wheat.

2. The Cuban sugar crop this year was the greatest in history, while the American beet-sugar crop in the western states was one of the greatest.

Actually, there may be a temporary dislocation of sugar when price controls go off today, due to the fact that eastern refiners have slowed up their imports from Cuba. This may send prices up temporarily. However, by moving western beet sugar east, and speeding imports from Cuba, this dislocation and price boost can soon be readjusted.

GLAMOR TAKES BACK SEAT
The House un-American activities committee saw to it that movie stars, who came to protest against the Hollywood hearing, got no better treatment than the rest of the public. Such celebrities as Humphrey Bogart, Lauren Bacall, Danny Kaye and Paul Henreid were herded into a long visitor's line. When they reached the door, the guard snapped: "Are you the show people?"

Then he ushered them past empty front seats and plunked them down in the rear of the hearing room. Later a friendly guard moved glamor girls June Havoc and Jane Wyatt nearer the front.

In Hollywood—Bob Thomas

Young Is Successful Producer

HOLLYWOOD, (U.P.)—Many stars have been badly burned by attempting their own movie productions, but not Robert Young. He is planning to produce a second film, a comedy called "Family Honey-moon," in January.

Bob's first venture, "Relentless," was happy for two reasons: He was able to get color (a rare item); he got it into England before the 75 per cent tax went into effect. Now he's eager for more.

Interesting note about Bob's current opus, "Sitting Pretty," is that he expected to play the role of Belvedere the baby sitter. Then he found out the part was going to Clifton Webb. Bob took the picture anyway. His philosophy: "I want to be associated with good pictures, no matter what role I get."

Betty Grable's new contract with 20th-Fox is a lulu. It is a seven-year, no-option deal which reportedly will gross Betty \$3,500,000. It calls for two films a year, no outside picture and no stage work. The blonde beauty is very happy about it, as who wouldn't be? . . .

Dennis Morgan was asked if another "Two Guys From . . ." film was planned for him and Jack Carson. "Over my dead body," he answered, "unless it was a straight story or one with a good comedy angle." Still, the series is box-office gold. . .

Nora Edgington Flynn may not know it yet, but her role in "Don Juan" will be about 30 seconds and she'll get no billing. She'll play her husband's last amour in the picture, and Errol indicates that such is the real-life case. . .

Tony Martin joins the parade to England. After "Casbah," he plans to make a film in the isles, whence comes half of his fan mail. He's also being mentioned for "Song of Norway." . . . Every big-name band or singer is spending nights in recording studios. They're recording everything in sight, preparing for the big disc drought. . .

Sweden's latest gift to Hollywood is Marta Thoren, a dark-haired beauty who is playing the Hedy Lamarr role in "Casbah." She came from the same dramatic academy that produced Garbo, Bergman, Hasso and Lindfors.

Denison Favored To Defeat Steers In Tonight's Tiff

Abbott Opposes Fenton Monday

Ace Abbott, who generally works on the theory that a good defense is the best offense when it comes to wrestling, squares away with Rod Fenton in the main event of Monday night's grapple show at the Big Spring Athletic club.

Fenton gained much respect last week when he surprised Henry (Jet) Harrel.

The 8:15 o'clock opener Monday pits Jackie Pappenheim against surly Sailor Parker.

LOOKING 'EM OVER

With TOMMY HART
After a month at this dizzy business of trying to pick the winners in the football games across this broad land, Joe Pickle is setting the pace with 92 right suggestions in 132 tries for an average of .697. Wacil McNeil and the writer each have called the shot correctly in 90 outings. Bob Whipkey is off the pace with 86 wins as against 48 wrong steers.

Texas Enters SMU Game A Slight Favorite, Baylor Team Underdog

The battle for the Southwest Conference football championship can be narrowed to three teams tomorrow. That's how important the day's schedule has become.

Texas and Southern Methodist, the only undefeated, untied eleven remaining, get together at Dallas in the top game. However, the one that's defeated in this contest still will be in the running.

But the rest of the way down the standings it's dog-eat-dog. Texas Christian tangles with Baylor at Waco and Texas A. and

M. goes to Fayetteville to engage the Arkansas Razorbacks.

While two defeats do not mathematically eliminate a team from the conference race, there are few who hold much hope of winning or sharing the title after losing a brace of titles.

Arkansas and Rice already have done so, but Texas Christian, Texas A. and M. and Baylor each is on the border line—each has won one and lost one.

Texas enters its battle with Southern Methodist a slight favorite. The game matches the No. 3 team in the country—Texas—and the No. 3 power—Southern Methodist. It also projects a great duel between Passin' Bobby Layne of Texas and Doughty Deak Walker of S.M.U., two of the finest backfielders in the land.

Texas A. and M. would be a decided underdog against Arkansas on homecoming day in the Ozarks had it not been for the Aggie showing last week against Baylor when the Cadets bounced back from three straight losses to play a solid all-around good game. As it now stands, the Aggie-Arkansas contest is considered a virtual toss-up.

Texas Christian enjoys the favorite's role against Baylor although having to play the Bears on homecoming in Waco. The Horned Frogs have shown the most improvement of any team in the conference in the past three weeks; in fact, they now are considered the major problem for Texas and Southern Methodist.

Rice plays Texas Tech of the Border Conference at Houston and should win without undue trouble.

Three Jacket Regulars Out

Spilling for a fight despite the fact that they have taken four successive drubbings, the Big Spring high school football Steers invade the domain of District 5AA tonight to meet the Denison Yellow Jackets, at Denison, in a contest that could do a lot to regain the locals' fallen prestige.

The Longhorns are in top shape, which means that capable Harold Berry, B. E. Lees, Gordon Maddison and Paul Shaffer will start in the secondary while the line positions will be manned by Eddie Houser and either Roy Pool or Artless Davis at ends, Delmar Turner and Jim Bill Little at tackles. Pat Lamb and Ike Robb at guards and Donald Hale at center.

The Big Springers will hold a weight advantage, both in the line and the secondary, but the Denisons have been outwitted in most every outing of the season, for that matter.

Pat Murphy's gang will remain over in Denison tonight, then move to Dallas tomorrow where they see the SMU-Texas tussle.

Ler Cranfill, coach of the Denison crew, has been singing a lament all week that his Jackets are crippled badly for the outing, that an upset wouldn't surprise him.

Three of his boys—including hard-running Roy Jackson, the team's engineer and navigator—reportedly will watch this one from the sidelines.

Others who will not take part in the skirmish are Carl Hill, flashy fullback and John Hicks, an end. Like Jackson, Hill and Hicks, are lettermen.

What Cranfill has failed to mention, however, is the fact that Denison is deep in reserves.

Carrying the load in the Jacket attack will be Bobby Noe, a speed merchant who has been almost as bright a light in the Denison attack as has Jackson.

The Denisons may play a conservative brand of ball for the special reason that Cranfill will not want to take the chance of getting more of his troops injured.

Cripples or no, the Jackets remain ten to 14 point favorites. They held a good Amarillo team to a one touchdown win. They tied Forest of Dallas and Paris in their own league. Wichita Falls, favorite to win the state championship, beat them by four touchdowns but they spanked Bonham and bowled over San Angelo.

Filling in for Hill at the fullback post will probably be Bobby Daniels, who has been playing guard. Carl Wilson and Mel Brown will also see some action.

Hicks' old post will be taken over by Mel Vincent, who will lead the pack in Jackson's place. Teddy Ball steps into a starting backfield post at Noe's old position.

The Denison kicking is accomplished by Chuck Powell and Marvin Vincent. Vincent must be watched in more ways than one. He can tote the melon and his passing arm is respected in SAA circles.

Ryder Cuppers In Last Drills

PORTLAND, Ore., Oct. 31.—The last practice shots plopped on the soaked Portland golf club course today as ten American and ten British players competed for Ryder Cup positions.

By nightfall, officials of each side expected to name the eight players to represent their countries in the two-ball foursome play that opens the matches tomorrow.

Meanwhile, the rain eased up. The weather forecast still was for showers, but with the possibility of only intermittent sprinklings tomorrow and few, if any, on Sunday.

Billies, Flower Grove Collide

KNOTT, Oct. 31.—Doc Self's Knott Hill Billies close out their District Four six-man football schedule this afternoon, meeting Flower Grove on the latter team's home field.

The Billies experienced their initial defeat last week when Ackery's title-bound Eagles took them into camp.

Moths thrive in mohair and other wool furniture upholstery and in rugs, so chairs and floor coverings should be cleaned often and put out in the sunshine to air.

Ysleta, North Side Victors In Grid Bouts

By The Associated Press
Corsicana loomed as the lone undefeated, untied team in Texas' Class AA schoolboy grid race running any risk at all tonight and tomorrow in a schedule of 30 games.

The Tigers take on another band of Tigers, Waco, and a victory by the powerful 10-AA favorite wouldn't cause any sort of surprise.

Austin (El Paso) kept its record clear with a 48-6 win over Blaine, Ariz., last night and three others among the seven perfect teams face underdog opponents.

Wichita Falls plays Quannah, Marshall meets Henderson and Corpus Christi tackles Lake Charles, La. Odessa, defending state champion, and Longview, only unscored on team in the race, have off weeks.

Port Arthur bounced back from a 6-0 defeat by Goose Creek last week to hand South Park (Beaumont) a 30-7 licking in a Dist. 14-AA game, while Lamar (Houston) jolted Jeff Davis (Houston) with a 14-12 victory. The Redskins and John Reagan are favored to make it a two-way battle for the Houston 13-AA title now.

In other games last night, Paris soundly whipped Bonham, 41-6, for a Dist. 5-AA victory and North Side (Fort Worth) pounded Fort Worth against weak San Antonio Tech in a 15-AA contest.

Other important games are Lubbock-Amarillo Saturday, Abilene-Sweetwater, McKinney-Highland Park (Dallas), Reagan-Milby (Houston), Goose Creek-Pasadena and Harlandale-Kerrville.

Seven Stations To Air Classic In Cotton Bowl

With the battle for the Southwest Conference pennant approaching the critical stage, Humble Oil & Refining Company broadcasts this week will be of exceptional interest to football fans. Three crucial pennant battles and one stellar intersectional match make up the Saturday broadcast schedule.

The S.M.U.-Texas broadcast will emanate from the Cotton Bowl in Dallas, with Kern Tipton describing grid-iron action and Alec Chessier filling in with color. The game, due to go on the air at 1:50 p. m., will be heard over stations WFAA-WBAP (820 kc.), Dallas-Ft. Worth; KPRC, Houston; WOAI, San Antonio; KTBC, Austin; KRIS, Corpus Christi; KVAL, Brownsville; and KGNC, Amarillo.

The T.C.U.-Baylor match will be described by Bill Michaels, assisted by Eddie Barker at the color mike. The broadcast will go on the air at 2:20 p. m. from Waco, over stations WFAA-WBAP (870 kc.), Dallas-Ft. Worth; KTSB, San Antonio; KTRH, Houston; KWUB, Corpus Christi; KFDM, Beaumont; KWFT, Wichita Falls; and KWTX, Waco.

Fred Kincaid, Humble color announcer, will open the Arkansas-Texas A. & M. broadcast at 1:30 p. m., with play-by-play man Ves Box taking over at the kick-off.

The broadcast, originating from Fayetteville, will be carried over stations KLLD, Dallas, KTRH, Houston; KABC, Austin; KPAB, Laredo; KRIO, McAllen; and WTAW, College Station.

The one non-conference game of the day will be broadcast from Houston, where Rice tangles with Texas Tech. Charlie Jordan will handle play-by-play and Jerry Dognert the color assignment. The broadcast, scheduled for 2:20 p. m., will be heard over stations WRR, Dallas; KFJZ, Ft. Worth; KFYO, Lubbock; KVOP, Plainview; KRBC, Abilene; KBST, Big Spring; KGKL, San Angelo; KOSA, Odessa; KIUN, Pecos; KR0D, El Paso; KRRV, Sherman; KGVJ, Greenview; KPLT, Paris; KCMC, Texarkana; KMHT, Marshall; KXYZ, Houston; KPET, Lamesa; and KSST, Sulphur Springs.

Steer B Team Trims Lamesa Reserve 11

Burrow Scores Two Touchdowns

Showing continued improvement, the Big Spring high school football reserves, the Shortorns, smacked down the Lamesa B string, 25-0, at Steer Stadium Thursday night.

Gerald Burrow banged across for two of the Dogie scores, getting one on a plunge and the other on what could best be described as a forward lateral. Burrow grabbed a pass downfield, juggled it for a while, and then ran into it as he crossed the double stripes.

Kelly Lawrence, recently moved from center to the backfield, scampered across for one of the touches while a dish by Johnny Hooper accounted for the other. Hooper also added the extra point.

The Shortorns led, 13-0, at half time. The Lamesans failed to maneuver within the Big Springers' 30-yard stripe.

Cecil Gilstrap and Bo Anderson played superlative games in the Big Spring forward wall.

Virgil Roundtree, Billy Carlisle and Lawrence shared honors in the backfield along with Burrow and Hooper.

The Dogies swung back into action Nov. 6, meeting Midland in Midland.

Yearlings Beat Lamesa, 25-7

Jim McWhorter's alert Ninth grade football Yearlings bowled over the Lamesa Junior high team, 25-7, with a tremendous show of power in a game unrecited at Steer stadium Thursday evening.

Led by Howard Jones and Aubrey Armstead, the Big Springers went out in front early. Howard Washburn scored the initial Yearling touch on a 60-yard jaunt.

Jones added the second on an end around play before the first quarter ended.

Armstead scored on virtually the same play in the second round.

A pass, Washburn to Jones, that went for 25 yards enabled the young Steers to add their fourth TD in the last quarter.

Bobby Stewart accounted for the extra point after the first touchdown.

Lamesa scored its lone touchdown in the second canto.

The Yearlings meet Colorado City here next Thursday night.

Houston Tourney May Be Cancelled

HOUSTON, Oct. 31.—The annual Houston Open golf tournament probably will not be held this year, officials said, because "we don't intend to be black-jacked" into raising the prize money from \$10,000 to \$15,000.

George O'Leary, president of the Houston Golf association, and A. A. Gharrett, tournament chairman, said they had written the Chicago office of the Professional Golf association requesting dates and were informed that no dates were available.

"A few weeks later we received word from George Schneider, chairman of the PGA tournament committee, that dates probably would be available if we increased the size of the purse from \$10,000 to \$15,000," Gharrett said.

"We don't intend to be black-jacked into anything and have so informed Schneider," he declared.

Graves' Eleven Play Odessans

Good Graves' Eighth Grade Yearlings and Odessa's Junior High Contingent Clash in a Football Game at Steer Stadium at 3:30 o'clock today.

The contest was originally booked for 7:30 p. m. but was moved up on the recommendation of both coaches.

Dick Dunkel's College Football Averages

Explanation: The Dunkel system presents a factual, unbiased picture of the relative strength of teams as revealed by the scoring correlation method. This method answers the question, "How well has each team performed relative to the strength of opposition it has met?" The teams are ranked by the average of the scores they receive and the average of the scores they give up. Averages are index numbers—not percentages. They indicate each team's potential margin in the F&S over the weakest team in the country. Thus, a 50.0 team has been 10 scoring points stronger than a 40.0 team in this manner past performance of any two teams can be compared regardless of location. The ratings have been continuous since 1925.

OIL NEWS
Motorists Facing Gas Price Boost

HOUSTON, Oct. 31. (U.P.)—Texas motorists, with sufficient living cost worries already, this week are facing another boost in retail gasoline prices. While only three Texas operators, Texas, Gulf, and Magnolia had announced the boost, resulting from the 25-cent October 15 jump in crude oil prices, through last night, it is known that practically all others have the step under consideration and that announcements can be expected momentarily.

Funeral Is Set For H.L. Wheeler

Funeral services for Harry L. Wheeler, 59, former resident of Big Spring and a former employee of the T&P railroad, will be conducted at 2 p. m. Saturday at the Eberley chapel. Wheeler, who had resided here at various times during the past 45 years, died Monday at Little Rock, Ark. after a long illness.

The Rev. Gage Lloyd, pastor of the First Presbyterian Church, will officiate at the rites. Survivors include two nephews, Stanley Wheeler of Big Spring and George W. Wheeler, Columbus, O.; three nieces, Mrs. Alice Baker of Florida, Mrs. Virginia Yost of Ohio and Mrs. Martha Castricone of Ohio.

Wheeler was a member of the American Legion and a veteran of World War I, serving 21 months overseas with the 360th infantry, 90th Division. The local Legion post will be in charge of graveside ceremonies and Legionnaires will serve as pallbearers.

Globe Girdlers Ready Cub Planes

SHEMYA, Alaska, Oct. 31. (U.P.)—Globe-girdling pilots Clifford Evans and George Truman readied their tiny cub planes today for the next jump up the rugged Aleutian island chain, but winds of gale strength appeared likely to forestall a planned forenoon departure. Their next scheduled stop is Amchitka, approximately 230 miles up the Aleutian island chain.

COURTEOUS BUT DANGEROUS

PHILADELPHIA, Oct. 31. (U.P.)—Bernard Yollin, 29, was fined \$20 and costs in central police court yesterday after a witness testified he was almost struck by Yollin's car and then given a pencil "to take down my number." The witness—common pleas Judge Harry S. McDevitt.

Autopsy Shows Beating Did Not Kill Child

MILWAUKEE, Oct. 31. (U.P.)—Three year old Judith Hess died of peritonitis, a Milwaukee county medical examiner has disclosed, and not from a beating which police said her stepfather had admitted he administered the child for soiling her clothes.

Dr. E. L. Tharinger, said an autopsy showed that the child died from a ruptured abscess and that external injuries she suffered had been only superficial. Before the autopsy Detective Lt. John Niederkorn said Judith's stepfather, Thomas Barch, 24, had admitted hitting the child several times before she slipped from his grasp and fell to the floor. She was found unconscious in bed yesterday and was dead upon arrival at emergency hospital.

She suffered injuries to her eyes, her face and neck were cut and bruised and she had a large bruise on her back, the medical report showed. Police said Barch was held without charge on suspicion of manslaughter. Niederkorn quoted him as saying, "I'm sorry I did it. I don't know why I did it."

Mexico Plans Improvements For Railways

SAN ANTONIO, Oct. 31. (U.P.)—Mexico will spend a total of \$200,000,000 for railway improvements during the next five years, Francisco Alatorre, general agent for the Mexican national railways, said here yesterday. He spoke before the foreign committee of the San Antonio chamber of commerce.

He indicated vast improvements in the country's rail system are being accomplished. Mexico's total of 13,750 miles of trackage will be increased considerably with several new lines built to cities not now served, he stated. "New railroad stations will be built at Nueva Laredo, Monterrey, Guadalajara, Durango and Mexico City," he asserted.

He said through bills of lading for shipments of less than carload lots will soon be available to exporters and importers. The practice was abandoned during the war.

Eastern Star Ends Meeting

SAN ANTONIO, Oct. 31. (U.P.)—Installation of officers brought the four-day ritualistic and social sessions of the 65th annual meeting of the Grand Chapter of Texas, Order of the Eastern Star, to a conclusion here last night.

Mrs. Cheba Dewees of Ft. Worth was elevated to worthy grand matron succeeding Mrs. Hattie L. Dowell of Austin, who will become past worthy grand matron, and Pat Boony of Littlefield was named worthy grand patron, replacing Frank R. Phillips of Canyon, who will become past worthy grand patron.

Mrs. Esther Baldwin of Wichita Falls was elevated from grand conductress to associate grand matron and Dr. T. G. Rogers of Decatur was named associate grand patron.

Corra Posey of Arlington, for the past 21 years grand secretary of the Texas chapter was named secretary emerita by acclamation, with Mrs. Rebecca Miles of Texas City taking her former position.

Mrs. Mable Halle of Port Arthur was named grand conductress and Mrs. Lucille Dufer of San Antonio associate grand conductress. A program of fund-raising to aid in cancer research among the 90,000 Eastern Star members in Texas during 1947-48 and for continuing support of the organization's home for aged and indigent members at Arlington was outlined by Mrs. Dewees at yesterday's sessions.

Syrian Maneuvers

DAMASCUS, Oct. 31. (U.P.)—The Syrian government said today that Army maneuvers would be held tomorrow in the vicinity of El Quneitra and Baniyas near the northern border of Palestine. President Al Sayed Shukri Al Kuwatly will witness the maneuvers—described as largest the Syrian army has held to date.

Fishing Contest

ARANSAS PASS, Oct. 31. (U.P.)—The first annual Aransas Pass winter fishing contest with \$1,500 worth of prizes opens tomorrow and will run for 17 consecutive weeks.

Salvation Army Junior Band Holds Practice Session

Ten young people are engaged in practice for the newly formed Salvation Army junior band, under the direction of Capt. Olvy Sheppard.

The group holds practice and rehearsal sessions from 8:30 to 9:30 p. m. on Tuesday and Thursday of each week. Included in the personnel are Merlin Peterson, Della Mae Kirtland, clarinet; S. B. Killough, Betty Roberts, Gordon B. Myrick, Mary Ann White, cornets; U. Donald Butler, trombone; Billy Woods, French horn; Billy Lawson, drums; Jimmy Hobbs, bass.

Oil Drillers Near New Depth Record

CHICKASHA, Okla., Oct. 31. (U.P.)—A producing Oklahoma oil well bored to 13,875 feet near here was within 30 feet of setting a new world depth record for a flowing well today.

Exploratory dry wells have been driven farther, but the world's deepest producer is the Texas Co. No. 1 Levee district, which goes to 13,994 feet in Jefferson Parish, Louisiana. The Oklahoma well is the Stanolind Oil and Gas Co.'s No. 1 Briscoe unit, east of the Chitwood Pool, 40 miles southwest of Oklahoma City. Boring will continue, the company said.
