We are beginning to believe that the Panhandle has no monopoly on bad weather. We are beginning to believe that East Texas has no monopoly or rain. Of one thing we are sure weather is the most talked about subject anywhere in the state

during the spring. Down at the Crazy Water Hotel in Mineral Wells last week a West Texas rancher was asked how his cattle were doing back home. He said he wasn't sure. It had rained so much and the grass was so high that he couldn't find all of them.

Tuesday afternoon and it was very successful again this year but the Lions still have a few sacks of bulbs left. Each sack contains six 100-watt bulbs, three 75-watt bulbs and one 150-watt bulb and would ordinarily retail for \$2.28, but the Lions are selling them for only \$2.00. If you were missed during the canvass Tuesday afternoon or if you would like to have more bulbs, it's not too late. You can get bulbs from the Lions this week at the Southwestern Public Service Company office.

In the latter part of 1947, Massay contacted the Soil Conservation Service office in Pampa to get help in making plans to improve his place. The SCS made a soil map of the Massay farm and found a deep sandy soil with 25% to 50% of the top soil removed. Massay and the who tells you the truth, not the SCS planner worked out a plan to seed the entire farm back to grass. The conservation plan was submitted to the district and approved. This was the 15th plan the supervisors had approved.

In early 1948, Massay made two trial plantings, one of weeping lovegrass and the other of a mixture of Indiangrass, switchgrass, farm to this grass.

#### **Postal Service Here** Now Back to Normal **Except Shorter Hours**

Postal service in McLean has returned to normal with the exception that windows at the local post office will open 30 minutes later and close one hour earlier, according to Acting Postmaster

Post office hours here are 8:30 a. m. to 5:00 p. m., Monday thru Friday. Windows will continue to close at noon on Saturday.

Patrons are reminded that outgoing mail must be in the office before 5:00 p. m. each day in order for it to be dispatched the same day.

Persons living on rural routes out of McLean will continue to get their mail as they did before the recent curtailment went into

effect. Reeves said that the above hours would be observed until further notice from the Amarillo post office department.

#### 4-H Scholarships Increased to \$400

Scholarships in the national 4-H awards programs have been increased from \$300 to \$400, announced G. L. Noble, director, National Committee on Boys and Girls Club Work, Chicago.

Approximately 170 college

adged best by the Coopera-Service. The scholarships will be presented to the national champions next ber during the 36th annual

4-H Club Congress, Noble said. Among the 4-H activities offering awards of scholarships as well as trips to the Club Congress are the Boys' Agricultural, Poultry, Garden, and Electric programs. Donors of the awards respectively are: International Harvester, Sears-Roebuck Foun-dation, Allis-Chalmers, and the Westinghouse Educational Foundation, All have supported 4-H work for many years through nounced by the National Commit-

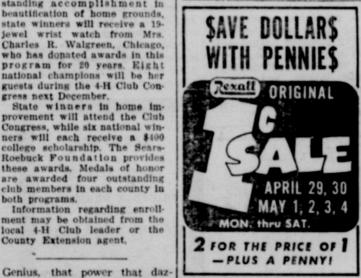

tee and the Extension Service. Last year 4-H awards and leader training funds distributed through the National Committee amounted to \$469,397. A similar sum has been assured again this year from non-governmental sources, according to Mr. Noble

## 'The Mountain' to Be Derby Attraction

The bleak and treacherous slopes of Mount Blanc, highest of the French Alps, were the scene of the most daring and hazardous motion picture filming in screen history during the shooting of the Spencer Tracy, Robert Wagner starrer, "The Mountain," to be at the Derby war. Drive-In Theatre Wednesday and Thursday.

It is a story of two brothers of widely contrasting natures, who climb a towering Alpine peak to reach the wreckage of a crashed airliner, one for humane reasons, the other to plunder the

Produced and directed by Edward Dmytryk, director of "The

Caine Mutiny,' the treacherous heights of Mount Blanc, and looms as not only one of the year's greatest films but as the crowning role of Spencer Tracy's career.

The supporting cast includes William Demarest, Barbara Dawrow and Richard Arlen, with Calcutta Beauty Anna Kashfi making her American motion picture debut.

#### Tension at Table Rock' Scheduled Friday, Saturday

That vast majority of movie goers known as "action fans" will be turning out in full force to see "Tension at Table Rock." RKO-Technicolor adventure drama, to be at the Derby Drive-In Theatre Friday and Saturday. Fast action is uninterrupted from start to finish, and ranges from tavern brawls to panoramic gun fights staged with all of Hollywood's camera magic.

A fascinating character in western fiction is brought to life in the new film. He is the Wes Tancred of Frank Gruber's novel, "Bitter Sage." Richard Egan portrays Tancred, frontier goodbad man who unintentionally attracts women and who wanders across the west in a futile effort to live down a malicious lie. Folks near and far have heard about Wes Tancred, "blackhearted. white-livered, backbitin' sidewinder who murdered his own best friend.

The portrayal will go down as Egan's most effective to date. It is the type of role that gained lasting prominence for such stars as Clark Gable, Gary Cooper, John Wayne, and Glenn Ford Tancred, in the picture, uses his gun to rescue an orphan, win admiration from the sheriff's wife and save the township of

Table Rock from a pioneer gang Dorothy Malone is vitally convincing as the sheriff's wife, Lorna arm of the law," ready to sell out until Wes Tancred disposes of their common enemy.

## BIBLE TALK

The N. T. tells us that there is one church; that it is the body of Christ; that by faith, repentance, confession, and baptism, people became members of it-were saved from

all past sins. It further states that the Lord added the saved all of them to the church. It states further that they were called christians. (Ac. 11:26) All of this was accomplished by the preaching of and obedience to, the gospel of Christ. Question: Can people today do exactly what they did back there and be saved from all past sin? Will the Lord add the saved to the church today? If not, why not? Are the saved called christians today, nothing more or less. as they were then? Is the church to which God adds the saved the same today as the one to which he then added them? There is a complete picture of the church in the N. T. From this complete description we can assuredly know what the church is and when we are doing what God requires of man to be saved in it. Paul, by the Holy Spirit, warns man against the preaching of a differentt gospel than that which he preached. "But though we or an angel in heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed." (Gal. 1:8-9) God's curse will be upon those who preach a different doctrine, or gospel from that which Paul preached. What did Paul preach? Read it. One gospel, one way, one church, one name-christians. What about all these differing denominational names worn today? Not found in the Bible, Bible does not speak of them. There is no salvation in such names, they do not honor Christ, and give no glory to God. What of all the different denominational churches? Unheard of in the Bible. Not one of them can be identified by use of the N. T. God never purposed them. Jesus did not shed his blood to purchase them, there is no promise of salvation in them. Let's stick to the Bible. Direct all questions to P. O. Box 155.

#### THEY JUST FORGOT

A foothill town lived in fear of destruction. Every summer, when the mountain snows melted, flash floods inundated the town. Bridges collapsed; houses were swept away; people drowned.

The townspeople got together to end this threat. They raised money and hired experts to construct a scheme of protection. This consisted of a series of dams and channels to trap the flood waters upstream and divert them around the town. Three floodgates controlled the system. By turns the townspeople were to watch and work the floodgates.

For a time they did. Then, one after another, they found excuses. Their jobs were pressing; they didn't have time; they put it off or forgot about it. The gates remained unguarded.

One night a flash flood swept down the mountainside and wiped out the town.

The U. S. polio story is not unlike the story of this town. For years we lived under the shadow of polio paralysis. We spent time and money to find a preventive. Now that we have it-the Salk vaccinewe neglect to use it. Only one polio-susceptible person in ten is properly vaccinated. The polio season is upon us and once more we tremble in fear of epidemics.

if we are to escape them, over 50 million Americans must be vaccinated. It takes three properly spaced Salk shots to set up maximum immunity. If you are under 40 don't wait till disaster strikes. Vaccinate at the earliest opportunity.
