

PLAIN TALK

By BILL PERKINS

Calvin Fraser's Marie Foundations factory in McLean has been keeping the Associated and United Press wires busy this week as well as television channels.

It all started last week when the Amarillo Globe-Times carried a story with a London dateline telling of the problem that young English girls have in getting a dainty brassiere that would fit those with measurements over 40".

Bob Izzard, news director of KGNC-TV, immediately found the solution for the girls' problem right here in McLean. The same day he had just carried a filmed report of the opening of the local brassiere factory, so he contacted Fraser by telephone and got things underway.

By eleven o'clock the next day Fraser's crew had completed three of the daintiest brassieres you'll ever find anywhere, in size 40-B, and had them ready for shipment to England.

Bob Izzard and Photographer Bill Rhee came down to get a complete report for television and the wire services. The story was telecast Friday night. Tuesday afternoon's edition of the Globe-Times carried the following story with a three column picture, as did many other daily newspapers affiliated with the two wire services:

McLean—A Texan who, naturally, makes the world's largest brassieres, today offered to go to the aid of young London girls with out-sized bosoms.

Calvin Fraser, owner of Marie Foundations in this Panhandle city, heard complaints by the "over 40 inches" club of London that garment manufacturers do not take into consideration the teen agers in the 40 and above class.

"Clothes which do fit us are too motherly for teen agers, and if you do want to get the perfect fit you have to pay the earth," said Lee Anderson, 41-23-27, president of the club.

"Most of the bras that fit me are pink satin and strictly for matrons," Miss Anderson added. "Here in Texas," Fraser said, "we make 4 to 5 per cent of our brassieres in size 40 and over in teen age styles."

Fraser said he was rushing three to the club and would await further orders.

"They are light weight, less than an ounce, made of nylon mesh, decorated with tiny shamrocks, a pert bow of yellow, blue or pink, and strong enough to support those in the above average bust measurement class," Fraser said.

"The pink satin is out."

Fraser is a man who thinks in figures. Mathematical ones, as well. He notes that more women wear 34-B than any other size, that size representing 10 per cent of his total sales, with the percentage ranging downward in both larger and smaller sizes.

RALPH YARBOROUGH

"Lincoln's conviction that he was to fulfill a God-given mission made him humble and enabled him to push on in face of difficulties that would have discouraged most people."

This statement might well describe Texas' own Ralph Yarborough as he holds the banner of the people high as he crusades against corruption and for the rights of the people of his beloved state. Like Lincoln, HIS VOTES AND POPULARITY HAVE INCREASED WITH EACH DEFEAT! His purpose and integrity are unswerving and his reputation has borne public scrutiny these many years. He is our candidate!

Ralph Yarborough, a man whose political experiences parallel the early experiences of the man who suffered defeat after defeat before becoming the greatest President of our country. He is the man for United States Senator!

TWO ELECTIONS SCHEDULED AT CITY HALL APRIL 2ND

All business offices in the City Hall will be closed Tuesday, April 2, since two elections will be held on that day.

The city election to elect a mayor, two councilmen and a city secretary will be held, as well as the state-wide senatorial election. S. A. Cousins is election judge for the city election and Charles Cousins will be in charge of the senatorial election.

Voting for the separate elections will be held in different parts of the building since those who are

qualified to vote in one election are not necessarily eligible voters in the other.

In the city election only the office of city secretary is contested. D. A. Davis, H. V. (Pete) Rice and Avalee Crockett are candidates for the office. Mayor Ed Lander and Councilmen C. P. Callahan and Boyd Meador are unopposed.

Names of 22 candidates will appear on the ballot to fill the senate seat vacated by Governor Price Daniel.

'MARIE FOUNDATIONS' STAFF AT 23 AS 3RD WEEK BEGINS

Production and training continue to grow this week at Marie Foundations as the new manufacturing firm entered its third week of operation in McLean.

Twenty-three persons were working at the brassiere factory Tuesday and additional applicants were taking tests, but Manager Tom Greenwood said that one machine that had been ordered had not arrived here yet and was holding production down.

Gwen Gordon, one of the instructors at the local plant, left Monday night for California to become familiar with a new style of brassiere that the local plant will manufacture. Her absence had slowed training, and hiring of more operators will be delayed until next week. Miss Gordon will be back in McLean next Monday, Greenwood said.

Greenwood said that as soon as the expected machine arrives here and Gwen returns to aid Laura Cooley in instructing new machine operators, hiring would be resumed. Right now the machine and the creation of the new style brassieres have caused a bottleneck temporarily, Greenwood added, but if applicants will just be patient until next week, things will be running smoothly again.

Factory Owner Calvin Fraser returned to California last week-end to attend to business at his Form O Uth factory. He intends to devote one week in California and then return here for two weeks, spending two-thirds of his time with the McLean plant.

McLean P-TA Meet Is Held Wednesday

The McLean Parent-Teacher Association met March 13 in the grade school cafeteria.

Mrs. Jim Back, vice president and head of the program committee, spoke on the past programs concerning the topic of the year, "What's Wrong With Johnny?" Mrs. Back presented an interesting program at this meeting in the form of a panel discussion on "What Can We Do to Help Johnny?" Panel members were Mrs. Hershel McCarty, representing the home; J. F. Doggett, the church; and the school was represented by Dale Parvin, elementary principal. During the panel discussion George Saunders and his three daughters entertained with a number of songs.

The P-TA members voted to appoint a committee to meet with various other organizations in McLean to do something to help "Johnny," since there had been so many interesting and informal discussions. Mrs. Back, Mrs. Joe Taylor, Dale Parvin, Rev. Jack Riley and Mrs. Raymond Glass were elected to serve on this committee.

Mrs. George Saunders gave a report for the nominating committee. A report on Cub Scouts was given by Mrs. Clyde Magee.

Mr. Parvin made a short talk on the polio vaccine, stressing that everyone should be thinking about vaccines, since summer is near.

Cookies and coffee were served at the close of the meeting. The next meeting will be April 3 in the grade school cafeteria. At this meeting the election of officers will be held and everyone is urged to be present.

Also at this meeting delegates will be chosen to attend the P-TA district 19 meeting Saturday, April 13, in Gruver.

REV. JESSE LEONARD assumed his duties as pastor of the First Baptist Church in McLean this week. Rev. and Mrs. Leonard and two children moved here last week from Turkey. He holds a BA degree from Wayland Baptist College and has been in the ministry six years, serving as an evangelist in Oklahoma, Mississippi, North Carolina, and at the state school for Indians at Santa Fe, N. M. He was pastor of the First Baptist Church at Lesley, Texas, before moving to Turkey. Rev. Leonard said that a revival would be held at the local church April 19 to 29. He will be the evangelist, and a singer is yet to be secured, Rev. Leonard said.

Avalee Crockett Asks Support in Race For City Secretary

Avalee Crockett has authorized The McLean News to announce her candidacy for the office of City Secretary of McLean in the city election to be held April 2. Mrs. Crockett said, "I will aim for service, efficiency and courtesy if I am elected as city secretary of McLean."

She will appreciate any and all support in the coming election, she said.

One-Act Play Contest At Canadian Friday

"The Storm," by Donald Payton, will be the McLean High School one act play entry in the Interscholastic League contest which is to be held in Canadian on Friday, March 22.

Other schools to be represented in this division are Lefors, Canadian, Clarendon and Memphis. The plays, beginning at 7:00 p. m., will be open to the public. Admission is 25 cents and 50 cents.

McLean citizens are urged to go to Canadian Friday to support their school and enjoy an evening of one act plays.

Shelton Re-Elected President OF McLEAN ROPING CLUB

The McLean Roping Club met for its first meeting of the year last Friday night at the agriculture building at the school. Jimmy Shelton was unanimously re-elected to serve as president for another year. The club now has 52 members.

The Roping Club, in conjunction with the McLean Lions Club and the American Legion, will sponsor a rodeo this year.

Shelton appointed Bob Sherrod and Felton Webb to represent the Roping Club in making arrangements for the rodeo. About 20 members indicated that they wished to order new chaps and accessories for appearances in parades.

A representative of the Maddox Leather Company in Amarillo will meet with the club Friday night, March 22, at 7:30 in the agriculture building. Those members who requested chaps and others who would like them are urged to be present at the meeting Friday night.

Representatives of the Lions Club and the American Legion who have been appointed to work out rodeo plans are urged to attend the Roping Club meeting Friday night. The rodeo committees for the three organizations are: Lions Club: Johnny Haynes, C. P. Hamilton; American Legion: Jim Hathaway and Creed Lamb; and for the Roping Club: Felton Webb and Bob Sherrod.

Those present at the meeting last Friday night were Oscar Tibbets, Ray Dilbeck, Joe Graham, Jerry Graham, Ed Turner, Bill Joe McFall, Polly Mangrum, Bill Hutchison, Amos Thacker, Joe Miller, Cecil Nicholas, Gene

Operation of the McLean telephone exchange will be transferred to Southwestern Bell Telephone Company on April 1, it has been announced by Division Manager A. J. Lacy of the Southwestern States Telephone Co.

Beginning on that date, all local and long distance telephone service here will be furnished by Southwestern Bell.

Prior approval of the action already has been obtained from the Federal Communications Commission, Lacy said.

George Newberry of Pampa has been named Southwestern Bell's manager for McLean, according to A. O. Thomas, district manager of the company.

McLean will become the sixth telephone exchange under Newberry's direction. Others include Pampa, Shamrock, Canadian, Lefors and Skellytown.

The Baptist WMS Reading Club will meet at 2:30 Monday afternoon, March 25, in the home of Mrs. O. L. Tibbets. All members of the club are urged to attend and bring their books for exchange.

Rev. Jesse Leonard has announced that his topic for the Sunday morning service at the First Baptist Church will be "The Bible and Hell." He has extended an invitation for everyone to attend.

Mrs. John Bayless and boys of Borger are visiting her parents, Mr. and Mrs. Homer Abbott, this week.

A MEMORABLE EVENT in the history of the McLean Methodist Church was recorded recently when this picture was snapped by J. M. Payne. In the center Guy Beasley, chairman of the board of trustees, is presenting the deed and release of the loan to Bishop William C. Martin. On the extreme left is Dr. Hubert Bratcher, Pampa District Superintendent, and Rev. Jack Riley, local pastor, is on the extreme right. The McLean Methodist Church had its humble beginning as the Alanreed Mission Methodist in a school building on the south side of town. The first frame building was built in 1906 and later known as the McLean Circuit. The present building was erected during the pastorate of Rev. Wayne Parmenter.

High School Seniors Feted With Banquet By McLean Baptists

The seniors of McLean High School were honored with a banquet at the First Baptist Church Thursday night of last week. The annual affair is sponsored by the women of the church.

The St. Patrick theme was carried out in the decorations. The U-shaped tables were laid with white coverings. White tapers in green holders, surrounded by green shamrocks, interspersed with styrofoam harps with green flowers at their base, were placed on the side tables. The speakers table at the east held a bouquet of green and white flowers, bells of Ireland and stock, flanked by tapers. White place cards decorated with green hats were used. The programs were in the class colors of blue and white.

The menu consisted of grapefruit cocktail centered with green cherries, baked ham, potato salad, green beans, Harvard beets, hot rolls, coffee, tea, and lime sherbet. Food was served by members of the intermediate Girls Auxiliary: Sharon Vineyard, Louvera Taylor, Ella Gail Day and Lona Mae Herron, and their sponsor, Mrs. Lonnie Day, all of whom wore white blouses, black skirts, white aprons with green bands, and ties decorated with small green shamrocks.

Mrs. Gene Herron was general supervisor for the banquet under the direction of the W. M. U. president, Mrs. R. L. McDonald.

Superintendent Freeman Melton offered the invocation, followed by the welcome address by Mrs. McDonald. Gayle Mullanax, senior class president, gave the response. Guest speaker for the evening was Dr. B. P. Maddox of Wayland Baptist College, Plainview, who recently served as interim pastor of the church. Rev. Jesse Leonard, newly elected pastor, served as master of ceremonies.

Following the meal, the class octet composed of Marlene Gudge, June Dorsey, Rolena Chase, Martha Jo McCurley, Joe Dwyer, Roy Hancock, Bob Stubblefield, and Joe Biggers, sang a few numbers, and all joined in singing "You'll Never Walk Alone." Special guests were Mrs. Maddox, Supt. and Mrs. Melton, Principal and Mrs. Harold Bunch, class sponsors, Miss Billie Brown and Jack Dyer, Mrs. Dyer, Mr. and Mrs. McDonald, Rev. Dinzel

BIBLE TALK

(1 Pet. 4:11)

The Bible is a supernaturally inspired book. It is of divine origin and the only book that tells man what to do to be saved. This means that salvation is conditional. The question is, What are these conditions? The opinions of men will not answer this question. Only the Bible and the Bible only can tell us. Now is a good time to remember what the Apostle Peter says, "If any man speaks let him speak as the oracles of God (Bible) speak." We are going to give you these conditions in the language of Jesus. We must believe that Jesus Christ is the Son of God—have faith in Him. (1) "If ye believe not that I am he, ye shall die in your sins." (John 8:24) Man must repent of his sins. (2) "Except ye repent, ye shall all likewise perish." (Lk. 13:3) Man must confess Jesus as Lord. (3) "Whosoever shall confess me before men, him will I confess also before my Father which is in heaven. But whosoever shall deny me before men, him will I also deny before my Father in heaven." (Matt. 10:32-33) Man must be baptized in order that his sins be forgiven. (4) "He that believeth and is baptized shall be saved, but he that believeth not shall be damned." (Mk. 16:16) The penalty for failure, or refusal to obey these conditions is found in each of them. You may think some of them are not essential to salvation, but the Lord didn't say so. It is better to take the word of the Lord than the word of man. More next week. If you have questions direct them to Box 155 and we will answer them.

Dana Andrews and Joan Fontaine Star in Suspense Shocker

Studio insiders concerned with the making of "Beyond a Reasonable Doubt," due at the Avalon Theatre Wednesday and Thursday, were puzzled when scripts issued to the players and staff did not contain the last 10 pages.

Dana Andrews and Joan Fontaine, starred in the new suspense shocker, asked Producer Bert Friedlob to explain the obvious oversight.

"We have a new sort of surprise ending," Friedlob said, "and we're determined to keep it a secret. You'll get your final pages the day we shoot the climax."

"All I can tell you now," the producer added, "is there's no butler to confess in this movie."

Meaning, of course, that nothing hackneyed happens in "Beyond a Reasonable Doubt."

Both Friedlob and Director Fritz Lange were successful in keeping the ending a secret until the closing sequence was filmed. Only a small technical crew and the players involved were allowed to see concluding script instructions.

At the same time, other RKO departments were pledged to secrecy and even theatre operators will not know how the picture ends until it opens. The idea behind this unusual procedure is that advance revelation of final action would deprive audiences of thrills at the film's top surprise.

Sidney Blackmer heads the supporting cast of "Beyond a Reasonable Doubt." Barbara Nichols portrays the strip-tease queen of Douglas Morrow's story and screen play.

Genius is one per cent inspiration and ninety-nine per cent perspiration.—Thomas A. Edison.

Attack' to Open At Avalon Sunday

"Attack!" is highpowered entertainment in the fullest sense of the word. For this picture, which concerns a company trapped by the Germans during the Battle of the Bulge in World War II, tells a side of the war which hasn't been touched in a decade. Boasting a superb cast headed by Jack Palance and Eddie Albert, with Lee Marvin, Robert Strauss, Richard Jaeckel, Buddy Ebsen, and a newcomer who makes an auspicious film debut in "Attack!"—William Smithers—the picture shows that not all men are heroes—especially during the height of battle.

To say that Captain Cooney, brilliantly played by Eddie Albert, is not a hero is to undertake the case. He is an abject, psychopathic coward who has a record of exposing his company to danger, and in fact being responsible for the death of many men. Sergeant

Costa, portrayed by Jack Palance in one of the screen's most powerful performances, is a man dedicated to seeing that Cooney kills no more men through his cowardice.

There are many great and memorable portrayals among the other characters in "Attack!" all of whom contribute to make this a strong, truthful and violent picture of World War II as it

was fought by a typical company of G. I's.

"Attack!" will show at the Avalon Theatre Sunday and Monday.

Judge: "Now, sir, you may, if you wish, challenge any member of the jury."

Prisoner: "Well, I'm not in very good condition but I believe I can lick that little guy in the end seat."

A small girl whose father is judge would often say she was Judge Brown's daughter when someone asked her name. Her mother, thinking this might sound snobbish, told her not to make that sort of reply, but simply to say she was Mary Brown.

Later someone asked her if she was Judge Brown's daughter. She replied, "Well, I thought I was, but Mother says not."

Editorial

GRASSROOTS OPINION

Baltimore, Md., The Daily Record: "We do a lot of kicking about taxes, but most of us forget that a rise in taxes is not just by the governmental spending for projects advocated by the 'other fellow' but also by the spending necessitated by the projects we ourselves advocated."

International Falls, Minn., The Daily Journal: "Practical parents, who look years ahead into the future, know that it is possible to send children through college and professional schools, even on modest income. Their 'secret' is to embark on a long-range financial program while their children are young, making use of systematic saving and additional life insurance earmarked for education."

Hartland, Wis., Reporter: "There's much ado being made about whether kings, dictators, commissars and the like from across the seas should be invited to our country and how they should be treated if they do come on invitation or otherwise. . . . And how can we sell if we don't show the product? The more people that see with their own eyes the incredible and unsurpassed achievements of a free people working under a free competitive system, the better it will be for us."

REVENGE!

February 25th marked an important anniversary. But it wasn't one that was received with cheers. It was the 44th anniversary of the federal income tax.

A look backward is in order. In 1913, in the tax's infancy, the normal rate was 1% and the highest surtax was 6%.

Today the tax starts at 20%, on the lowest incomes, and rises to a high of 91%.

The Portland Oregonian makes this wry and apt comment: "We didn't invent the income tax. . . . the British started using it to support their military campaigns in the late 1700s, shortly after we licked them at Yorktown and won our independence. Well, they have their revenge."

POLIO VACCINATION MAKES SENSE

Suppose someone took you aside and said: "You have an enemy who may waylay you and cripple you for life. But I know how you can stop this enemy. You'll have to act fast. It won't cost much money, and it will take only 180 seconds of your time."

If you knew the facts were true, you'd take him up on it, wouldn't you?

Well, the facts are true. The enemy is paralytic polio. If you're under 40 years old, you're a possible victim. If polio strikes, you may face a life shattered by disease and disability.

There is no cure for paralytic polio, but there is a way to prevent it. Three properly spaced shots—at 60 seconds a shot—give you protection.

Over 45,000,000 Americans have been smart enough to get this protection. But 60,000,000 in the susceptible age group have been foolhardy enough to neglect it. Don't be one of the foolhardy ones. The polio season

40 Years Ago—
IT HAPPENED HERE

Taken from the Files of The McLean News, 1917 Seniors to Graduate

The senior class of the McLean High School, living up to their motto, "Independent ever; neutral never," have formed a determination in their minds and are backing it with their efforts to the end that they will graduate this year in spite of the fact that the school term is necessarily cut short by the limited amount of available funds. They agree a play that netted a nice sum, which with personal donations will employ the teachers to continue another month in order that they might complete their studies.

The personnel of the class is: Misses Grace Whatley, Maudie Wilson, Bettie and Bessie Christian, Blanche Mayfield, Alma Evans, Thelma Rogers, Verda Dean, and Mary Henry; Messrs. James Noel, Boyd Reeves, Robert Robinson, and Robert Turner.

Handsome invitations have been ordered and will be distributed by the different members of the class to their friends and relatives. Girls Bible Class

Despite the fearful sand storm of Saturday, a few faithful members and two visitors attended the Girls Bible Class. We had quite an interesting lesson on the return of the Israelites from Babylonian captivity and the rebuilding of the temple at Jerusalem.

Gaynelle Wilson gave the story of Esther, bringing out the high standing of the Hebrews who remained in foreign lands.

When your prescription was written, your physician had a definite purpose in mind. He has selected the best possible medicine to meet your requirements.

Some prescriptions provide relief from pain, or irritation; some prescriptions make up for a "lack" within your body. Other prescriptions provide you with protection. Many prescriptions, in effect, buy TIME. The ingredients will temporarily stall and hold back the growth of invading bacteria and provide your body with "time" to build up antibodies and marshal its natural defenses.

Or, a prescription may give your body the "timely" help it needs to get through a particularly difficult period. Once through this period, the recuperative mechanisms of the body will be able to cope with the problem. Some prescriptions actually buy "time" for the patient who could not survive without the medication. Each year these people survive is "bought" with the continued use of drugs.

Is this the largest boiler ever shipped across the country? Could be.

It weighs 110,000 pounds. It is 24 feet long, 11 feet 8 inches wide, 15½ feet high. That's really BIG. Wonder how many railroads operating from Chicago to the far west could transport such a huge object? One could and did—the Rock Island Lines. This road had the necessary right-of-way clearances over its entire line! This is just one instance of Rock Island's ability to perform a transportation service that's

outstanding. Passenger service, too, is keyed to modern demands. Jock Mahoney Stars In Outdoor Film Coming to Avalon

Jock Mahoney, in the second starring role of his rapidly burgeoning career, shares top billing with Martha Hyer and Lyle Bettger in "Showdown at Abilene," Technicolor outdoor drama from Universal International, which will be at the Avalon Theatre Friday and Saturday.

The erstwhile stunt man who became famous on television as "The Range Rider" before he turned to movie acting, is a frontier sheriff who prefers to use his fists instead of his guns in the new UI film, but he finally has to display his prowess at gunplay in the exciting climax of the picture.

Insurance Investigations
 Some observers now predict that legislative investigations of insurance companies will continue beyond the session's end.

Panels in both houses are delving into circumstances leading to the bankruptcy of the ICT Insurance Co. of Dallas. The more they investigate the more widespread and complicated the involvements.

Recent disclosures from testimony: Former Insurance Commission Chairman Garland Smith was on several occasions the guest of Ben Jack Cage, onetime ICT head, on pleasure trips. Smith's son-in-law, Max Wayne Rychlik, received \$8,400 in salary from Cage, for a job with no duties.

ICT lost \$2,000,000 in a series of stock transactions with Pierce Brooks, head of National Bankers Life Insurance Co. of Dallas.

A Senate committee member said that an independent investigator had been hired to look into the affairs of at least five other insurance companies.

Meanwhile, the Senate passed a bill by Sen. William S. Fly of Victoria to reorganize the Insurance Commission. It abolishes the present board and substitutes an executive director and a part-time, three-man policy board.

An amendment by Sen. Frank Owen of El Paso would require the Insurance Commission to move out of its headquarters. It occupies some eight floors of the International Life Insurance Co. building in Austin.

Owen contended that the state should not be paying rent to an insurance company over which it exercises control. Opponents counter that insurance companies of Texas pay the rent and the money does not come out of the state's general revenue fund.

They say further that if the commission returned to the old land office building, now inadequate for the enlarged commis-

ion, the state would be providing free space and forcing other departments to move—and pay rent.

They also point out that there is no other building in Austin large enough to house the Insurance Commission.

Gov. Price Daniel is supporting a bill in the House, by Rep. Marshall O. Bell of San Antonio, which would provide a full-time insurance board. The Senate version is not the governor's bill. **New Commission Pushed**

Governor Daniel has put the "emergency" label on his request for a state law enforcement commission.

Rep. R. H. Cory of Victoria submitted the governor's proposal in a bill co-signed by 102 House members.

The commission's duty would be to "put the spotlight of truth" on charges of official misconduct.

Twelve members would include a chairman appointed by the chief justice of the Supreme Court, plus 11 other members named by grand jury foremen in the state's judicial districts.

Daniel Backs TPA Bills
 Simultaneously with his announcement of a crime commission bill, Governor Daniel gave unqualified endorsement of 15 "Better Government" legislative measures recommended by the Texas Press Association.

Daniel extended his personal compliments to TPA and the press of Texas for "unselfish effort in the fight to bring better government to the state and its citizens."

In his endorsement the governor said "the 15 bills sponsored by the press of Texas would supply some badly needed laws, and strengthen several existing laws. They have my unqualified endorsement."

New Water Board
 Another phase of the water conservation program has reached conference committee stage. Bills to create the Texas Water Development Board passed both houses.

Senate version calls for a five-member board; House, three members. Board's responsibility would be to administer the proposed \$200,000,000 bond issue. Money is to be loaned to local districts for conservation projects.

Truckers Seek Increase
 A bill to increase truck-load limits has stirred the perennial controversy between the motor freight and railroad industries.

Truckers are pushing a bill to increase the limit, now 58,420, to 72,000 pounds. Backers contend that putting the increased weight on an extra axle would mean

no more wear and tear on roads than present loads. Truckers, they add, paid \$97,000,000, or 41% of state highway use taxes in 1956.

A State Highway Department bridge designer said that a 72,000-pound load would shorten the lives of Texas bridges. A railroad spokesman warned that truckers "can't pay enough for the damage done to Texas highways."

Loan Laws Urged
 Measures to regulate small loan businesses are being studied in the House. At committee hearings Former Secretary of State Tom Reavley, the Texas Junior Bar, and a military official made strong appeals for loan regulation. They cited cases of interest and charges allegedly running to nearly 300%.

A bill by Rep. Tony Korieth of Sherman would license persons making loans up to \$500, allow 10% interest and other charges up to 3% a month on unpaid balance of less than \$100.

Mental Health Department
 Session's trend toward reorganizing state agencies has extended to mental hospitals.

A last-minute Senate bill incorporates the recommendations of a national authority who surveyed the Texas hospital system. Dr. Francis J. Gerty of Chicago proposed "disentangling" mental hospitals from "unrelated services" (tuberculosis hospitals and special schools). He also suggested a model demonstration program at a new 500-bed hospital in the Houston-Galveston area.

New bill would create a Department of Mental Health under the present state board for hospitals and special schools. Texas Medical Association has endorsed the plan.

Short Snorts
 More guards are needed for the Texas Prison System, says O. B. Ellis of Huntsville, general manager of the Texas prison system.

Farmers could use their pick-up trucks with half-price license tags for routine household errands as well as for farm work under a bill passed by the House. Rep. A. J. Bishop, Jr., of Winters is author.

Governor Daniel has set April 20 as the date of a special election to choose a successor to Rep. James E. Cox of Conroe. . . . A bill to prevent unauthorized use of a political party's name has been introduced by Rep. Moyné Kelly of Afton. It is aimed at "Democrats of Texas," a group frowned on by the state Democratic executive committee. . . . Governor Daniel has signed into law a bill pro-

above 70 degrees at any time. Germination is in five to eight days. Transplanting to the open garden in late May can be done without loss of growth.

In locating your hotbed it is advised to select a sunny exposure on well-drained soil, protected from cold winds by shrubbery or by partial burying in the ground. Follow the hotbed instructions for each of the annual seedlings planted.

Your farm equipment dealer can give you any information you might need on hotbed installation and operation, or check with your power supplier.

Southwestern Public Service Company.

FRESH TOMATOES BY JULY 4th!

The electric hotbed has answered the wishes of those who desire an early garden, but hesitate to challenge the unpredictable Spring weather.

An electric hotbed can give your seedlings the necessary early start and healthy growth to produce nutritious, vine ripened tomatoes by early July. For that matter, you can have a full garden of any number of vegetables that can easily be transplanted, such as lettuce, eggplant, peppers, etc.

Your hotbed installation requires only a small investment and it can be used year after year to give you early garden produce. One 60 foot

electric soil heating cable will dissipate 400 watts on 110 volts, and will heat 36 square feet of soil.

For July 4th tomatoes you need to start your seedlings in the latter part of February. These seeds germinate readily at soil temperatures between 68 and 75 degrees F, but when the seedlings appear above ground the temperature should be lowered slightly to prevent weak and spindly growth. Generally a soil temperature of 65 degrees, with plenty of light and moderate watering, will produce good stocky seedlings, but the air temperature should not go

above 70 degrees at any time. Germination is in five to eight days. Transplanting to the open garden in late May can be done without loss of growth.

In locating your hotbed it is advised to select a sunny exposure on well-drained soil, protected from cold winds by shrubbery or by partial burying in the ground. Follow the hotbed instructions for each of the annual seedlings planted.

Your farm equipment dealer can give you any information you might need on hotbed installation and operation, or check with your power supplier.

Tax-Man Sam Sez:

Some taxpayers who were expecting a refund have been notified they are undergoing a "Pre-refund audit." The Internal Revenue law requires the tax folks to select tax returns containing probable errors for audit prior to paying the taxpayer's refund. Many thousands of returns are audited each year because the taxpayers don't follow instructions. A "Pre-refund audit" takes a lot of time and delays the taxpayer's refund check. It pays to read the instructions and avoid making errors that will cause an audit.

"WITH MY Electric Dryer I PICK MY OWN DRYING TIME!"

Says **Mrs. Oscar Williams**
 OF GOODWELL, OKLAHOMA
 Teacher and Registrar at Pankhandle A. & M. College

"When I arrive home from work at 5 P.M., I usually start my wash-day. So you see why it is so important that I have an electric clothes dryer. I pick my own wash time and day with no dependence on the weather. One of my nightly projects is grading and correcting classroom papers so it is really nice to know that Reddy is working for me. My electric clothes dryer makes it convenient for me and my work and too, my clothes come out so much softer and fluffier," says Mrs. Williams. You, too, can pick your washday time... with an ELECTRIC clothes dryer.
