

... of cabbages and kings

government cows

A short clipping from last week's Crosbyton Review pinpoints the Communists fallacy (and Communism's little brother, Socialism, and its youngest brother, American Political Liberalism) about as graphically as possible.

"What Russian farmer," asks the editor, "would get up in the middle of a Russian night to tend a government cow that was sick?"

Idealistically, Communism — and Socialism and Left-Wingism looks superior on paper: one big happy family; everybody pitches in and works for the good of all; the government (people) owns everything and is therefore in a proper position to look after all the people so that nobody is ever in need. Sounds wonderful.

The only hitch is human nature. The old law of self preservation, of looking out for old Number One first (which do-gooders like to denounce as selfish greed) will always be stronger in man than any unnatural system whereby he looks after government cows. (i. e. contrast the vigor of early American free enterprise with the sloppy, politically-liberal security-bored, don't-give-a-damn attitude today.)

With free enterprise, they mooan righteously, some people get too much milk and others not enough. We better pass a law giving all the cows to the government.

But with nobody to get up and look after those sick government cows, pretty soon no one will have any milk.

You can't have no Utopia down here, pardner. How could imperfect man run a perfect system anyway?

F. H. A. Installs Officers at Meeting

The Methodist church was adorned with pretty girls and pretty dresses Monday night. The occasion was in the F. H. A. installation of officers. A candle-light program and formal dresses set the motif.

Standing in the spotlight was Margie Rallsback, president, and sharing her grandeur was Sandra Baker, vice president; Nancy Shields, secretary; Teena McMurry, treasurer; Carole Boston, reporter; Linda McCurley, parliamentarian; Carol Gray, historian; Winnie Martindale, civil defense chairman; Peggy Sharp, song leader; and Ruth Pagan, pianist.

Parents attended the installation service.

A short business meeting was held immediately following the installation.

Lester Sitter Pledged by Fraternity

A total of 511 women and 505 men pledged sororities and fraternities on the campus of the University of Oklahoma at Norman Sept. 11 at the close of formal rush week, officials of Panhellenic and the Interfraternity Council announced.

Lester D. Sitter of McLean was pledged to Sigma Chi fraternity.

Mrs. Harve Smith and Neal Boyard of Clarendon spent Wednesday with their sister, Mrs. J. B. Pettit, and other relatives.

Week end guests in the J. M. Stevens home were Mr. and Mrs. Joe Ed Sherrod of Lubbock, Mr. and Mrs. R. B. Jones of Amarillo and Mr. and Mrs. Jack Blaylock of Pampa.

Loan Fund Above Goal

Almost \$45,000 has been earmarked for a no-interest expansion loan for the Marie Foundations factory, City Manager Dan Mize said yesterday.

The money, raised through a public subscription campaign pushed by the city, will be available on call to Marie Foundations owner, Cal Fraser, when he is ready to make the plant expansion here.

Mize said that about 200 McLean citizens had signed pledges for the \$45,000.

It is not known whether Fraser will utilize the money or not, but as a good will gesture and to facilitate the expansion should he need it, the money was raised.

The drive came as a result of the public meeting some weeks ago on the factory-community situation in McLean.

The campaign committee met last Friday afternoon and totaled up how much they had received in pledges.

The brassiere manufacturing concern began operations here about two and a half years ago and currently employs about 140 women from all over this area, including McLean, Shamrock, Wheeler, Wellington, and Erick, Okla. When the expansion comes it is anticipated that about 200 women will be employed here.

The city of McLean in order to meet the need for labor has arranged for two buses transporting women from Shamrock and Erick. Other arrangements will be made for labor when the expansion is made.

HI SCHOOLERS MARK BUSY WEEK HERE

Football, fairs, photographs and initiations made up a busy week at McLean High this week.

Proofs on the school pictures came back and they are to be returned to the photographer Friday.

Seniors, meanwhile, have already received their 1959 senior rings. In addition they are winding up a magazine subscription campaign designed to raise money for their senior trip next spring.

Monday the kids were off to see the Tri-State Fair in Amarillo.

The FHA initiation is slated for tonight with around 50 new members to undergo the ordeal. All day today the pledges sported aprons and onions which were worn around the neck.

As for football, the Tigers will be licking their wounds this week end from the Groom defeat and looking forward to a tough game with Canadian here Friday week.

RAISES LARGE OKRA

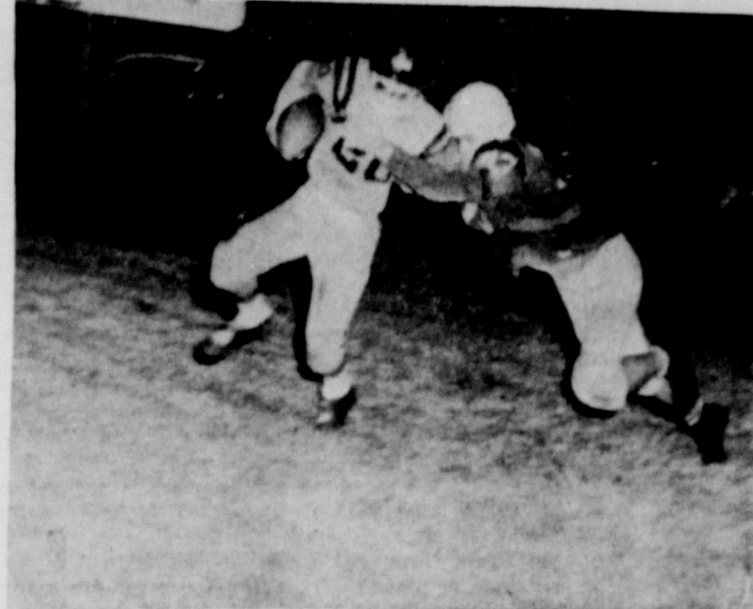

E. C. Lisman was in a few days ago with a pod of vine okra which measured 27 1/2 inches in length, which he had raised in his garden.

Mr. and Mrs. Claude Price of Los Angeles, Calif., spent Sunday night with his brother and wife, Mr. and Mrs. E. L. Price.

Mrs. Lucille Martin and three nieces of San Francisco, Calif., visited Tuesday night in the Dick Brown home.

Mr. and Mrs. E. C. Lisman attended the fair in Amarillo Wednesday.

Mr. and Mrs. Charlie Burris and son, Dan, of Johnson City visited with his brother, Legon Burris, over the week end. Also a recent visitor in the Burris home was Robert Dan Burris, a brother of Legon, who had just returned from Africa, where he had been stationed with the Air Corps.

RUNNING QUARTERBACK—Shown above is McLean quarterback Don Woods carrying the pigskin for a short gain in Friday night's game against Groom. He is being brought down by Steve Gorman. McLean lost to the Groomsmen by a 12-0 margin. (McLean News Photo)

The Armchair Quarterback

You can't win 'em all. I didn't and the Tigers didn't so that leaves me with an over-all percentage of .666 and my Tiger lads with a still admirable 2 won, 1 lost.

For the week I hit a respectable four out of six, being foiled by the Lefors vs Sunray fustle, but hitting pretty close on the rest of the 2-A bunch.

Local Winners in The Tri-State Fair

Ralph Thomas, superintendent of the agriculture and horticulture department of the Tri-State Fair in progress in Amarillo this week, has released the names of McLean and Alameda winners.

The winners include Drew Word of Alameda, who won first with all four of his exhibits of gallon red oats, gallon of rye, bundle of rye and bundle of alfalfa. Other winners were: 1st small tomatoes, T. T. Griffin, Alameda; Leamon Andrews, McLean, 4th 10 heads red hybrid grain sorghum, 2nd gallon lima beans, 3rd gallon blackeye peas, 4th cantaloupes; Milton Carpenter, McLean, 1st bundle grass; Mrs. A. B. Word, Alameda, 2nd bundle alfalfa, 3rd gallon rye; Paul Bruce, Alameda, 2nd cantaloupes; Johnnie Carpenter, McLean, 2nd bundle grass.

Old Timers Club To Meet in Pampa

The Old Timers Club will meet at 2 p. m. Friday, Oct. 2, in the Lovett Library in Pampa.

Mrs. Cliff Vincent, chairman, announces that "A Tenderfoot in Europe" will be shown and urges all who have been in the Panhandle 50 years or more to come.

City Manager to Dallas Convention

City Manager Dan Mize has been in Dallas this week attending a convention of city officials.

He left last week end and will be back in his office here Monday.

Change of Ownership in Local Business

It was recently announced that Miller's truck stop, located on Highway 66 west, was purchased by L. G. Graham.

Residents of McLean for many years, the Grahams plan to remodel the cafe soon.

Announcement concerning the opening after remodeling, etc., will be announced.

Change of Ownership in Local Business

Mr. and Mrs. Claude Price of Los Angeles, Calif., spent Sunday night with his brother and wife, Mr. and Mrs. E. L. Price.

Mrs. Lucille Martin and three nieces of San Francisco, Calif., visited Tuesday night in the Dick Brown home.

Mr. and Mrs. E. C. Lisman attended the fair in Amarillo Wednesday.

Mr. and Mrs. Charlie Burris and son, Dan, of Johnson City visited with his brother, Legon Burris, over the week end. Also a recent visitor in the Burris home was Robert Dan Burris, a brother of Legon, who had just returned from Africa, where he had been stationed with the Air Corps.

Groom Winner in Battle of the Tigers

Outgunned in a rough and tough head-knocking defensive battle, McLean's Tigers experienced defeat for the first time in the 1959 season last Friday night in a home stand with the Groom Tigers. The McLean grid-ders went scoreless while the Groomsmen edged two touchdowns without conversions for a 12-0 count.

In yards gained rushing, the McLean team gained 156 compared to 184 for the Groom squad. In passing, the Tigers trailed in yardage by 15 to 45. McLean achieved 7 first downs while Groom gained 12.

Although being held scoreless, McLean has tallied a total of 68 points while holding its opponents to 42. In total offense, the Tigers lead opponents by the margin of 847 yards to 769 yards.

Comparing District 2-A percentages, McLean stands second behind Canadian. All other district teams have lost at least two games, while the Tigers have only one setback and Canadian has none.

David Crockett continues to lead the scoring in the area's Class A circuit. He has six touchdowns and two extra points for a total of 38 points, or 12.3 per game.

Tomorrow night McLean has an open date before hosting the yet unbeaten Canadian team in a home game.

Facing one of the heaviest squads in the area, the Tigers threatened twice in the second half to push across the double stripe, but had both drives halted by the Groom defense.

The first score in the game came in the initial quarter when Groom received a McLean fumble on the 17 yard line. Playing the opportunist, they used six plays in pushover for the tally. The running attempt for the conversion was halted by McLean.

During the second and third quarters spectators saw only grueling defensive football — neither team could penetrate seriously.

In the final quarter Groom took a blocked punt on the McLean 31 yard line and moved — over for the second and final TD of the night.

McLean's final threat came after the second touchdown as they took over the ball on their own 20 yard line and moved to the Groom 20. David Crockett, O. K. Lee and Jimmy Watson were the workhorses in the backfield, accounting for the bulk of the Tiger offensive gain.

Outstanding in the line for McLean were Carey Don Smith and Darrel Gibson. Throughout the contest the Tigers' forward wall had trouble in holding off the heavier Groom linemen.

BACK'S HORSES WIN AT FAIR

Neville and Ruby Back's horses took four prizes Wednesday at the Tri-State Fair Quarterhorse Show at Amarillo.

The McLean people won three third places and one second place. In the 1959 stallion division Poco Pine Back took a third place and in the 1959 mare division Poco Vola Gaye also won a third place for the Backs.

Poco Sheba was third in the 1958 mare class. In the "foaled in 1956 or before" class, Miss Lee Bryant was awarded a second place.

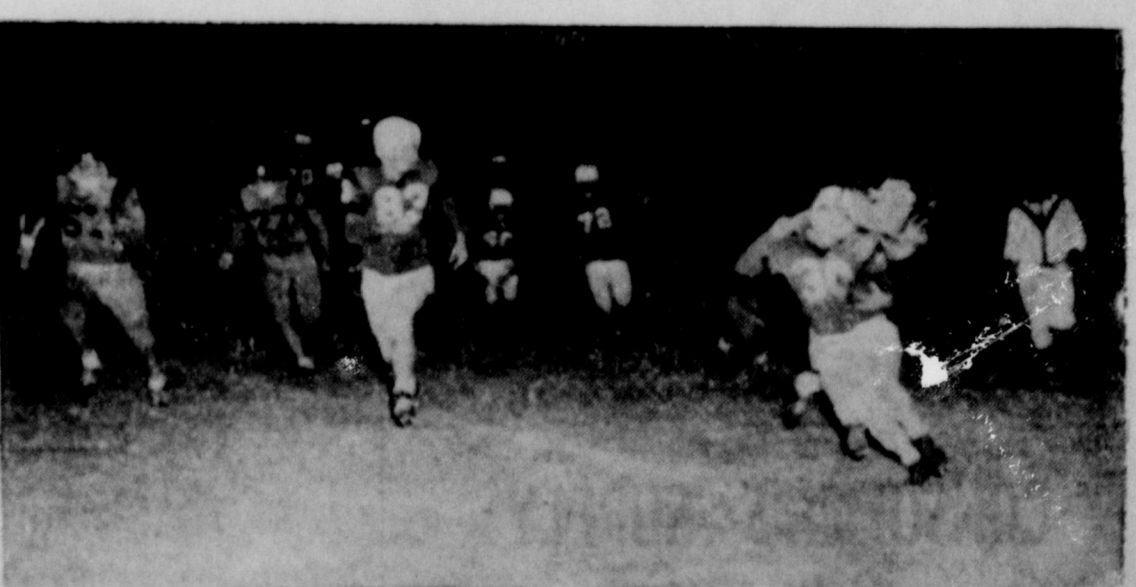

The horse show this year was one of the best ever and the quality of the horses was exceptionally good, according to the judges. Some 126 quarterhorses were entered.

Photo Shop Sets Open House Fri., Sun.

The Photo Shop ad on page 6 erroneously states that open house there will be this Saturday and Sunday. The ad should read "Friday and Sunday," as is stated in this story and on the invitations.

The Photo Shop, the only complete photographic store in McLean, owned and operated by J. M. Payne, has added more than 50% additional floor space to the store established in 1956. The store will also feature one day service on personalized stationery, napkins, and related items. Also there will be a complete stock of office supplies, machines and stationery in addition to a wide selection of cameras and photographic accessories. In addition to commercial and portrait photography, quick film processing, both color and black and white is available. Duplicating and mailing service is being offered to the busy businessmen, the clubs, churches and societies.

To show off these facilities and merchandise, open house will be held on Friday, Sep. 25, from 3 to 7 and again on Sunday, the 27th, 3 to 6 p. m., at which time all visitors will have an opportunity to register for quite an array of door prizes and gifts. A list of some of these items to be given away will be found in the large ad of the Photo Shop in today's paper. In addition to these prizes and gifts, there will be favors for the youngsters who accompany their parents to the store. Shoppers will find several real bargains all over the store. Coffee will be served each day.

GROOM GAIN—Pictured above is Groom's James Neves as he dashes for a short gain in last Friday's tussle with McLean. His tackler is unidentified, but moving in from the left are McLean players Jerry Smith (67) and Darrel Gibson (77) and Groom's Steve Gorman (83). PHOTO BY McLEAN NEWS

Area Observations

CECIL WAGGONER in the **CLAUDE NEWS**: A reader told friend, reading my column recently, was disturbed about a crack I made. After referring to a sling-shot, I stated, "The NAACP won't let me say Negro-shooter." This was a reference to the attack the NAACP has made on our folk-songs, literature and related idioms growing out of the Negro culture of our land.

My objections to the NAACP is not based on color but on its doubtful policies. Its leadership is predominately white, whose politics are also doubtful. Sincere Negro leaders, who differ with its policies are intimidated and threatened. And they play down some of the giants the Negro culture has produced. And it is used more for political power than a sincere effort to lift the Negro citizen's standing in the U. S.

Had this colored friend attacked the KKK I would agree with him rather than feel he had attacked the white man. I always disliked people who parade their prejudice around in a hooded bed-sheet, regardless of color.

This points out another oddity in the human family. The colored races are a great deal more sensitive to color than the whites. Some might say this is because the whites have predominated the races. I doubt this, as even the white races show pride when "blessed with a fair child." The American Indian, who had never seen a white man, proclaimed him a god on first seeing him. Of course they quickly learned

it was a serious mistake. However, the proclamation was based on skin coloration. Why?

DON EARNEY in **WHEELER TIMES**: A long time is that period between paydays. "The world is divided into people who do things and people who get credit. Try, if you can, to belong to the first class. There's far less competition."

ERNEST JOINER in **RAILS BANNER**: Maybe the Texas Senate didn't approve it, but a couple of months ago the House sent up a bill to lop \$5,800,000 from the children's welfare fund. This is the fund that pays out tax monies for illegitimate children. Texas now gives aid up to four illegitimate by the same mother, another way of subsidizing and "nouraging the frowned-on practice of having children out of wedlock. I can readily understand a woman being caught in this biological trap once, and there's no objection to taking food out of my children's mouths to make these errors healthy. But to offer a bounty for more and more bastards in Texas bears the gentle classification of one hell of a note."

LOCKNEY BEACON: The new labor law is mild by most standards, and leaves undone many things that should be done to really clean up organized labor and get it back into the hands of the members. But that's not everyone's opinion. Senator Ralph Yarborough of Texas thinks

the law is too strong, that it went too far and says that it will be amended plenty at the next session of Congress. At least that's what he is saying in his many speeches to organized labor around over the state. Can't please everybody, looks like.

PAT BENNETT in the **CROSBYTON REVIEW**: Rev. Carlton Thomas told us the fatal flaw in communism the other day.

"What Russian farmer," he inquired, "would get up in the middle of a Russian night to lend a government cow that was sick?"

MAX WADE in the **GROOM NEWS**: Read somewhere: Happiness is never touched by the hand that reaches out for it too eagerly. It flies into some hand open to give not stretched out to receive.

The boy who looks forward to stepping into a man's shoes should be reminded that successful men don't wear loafers.

An old-timer is one who remembers when a baby-sitter was called Mother, says Dad Lingo.

DOUGLAS MEADOR in the **MATADOR TRIBUNE**: Ignorance must surely propagate itself thru idle talk and train its young on the milk of exhausted thoughts. True wisdom must fend its position from the function of

chance with liberal allowances for the unexpected. Some of the wisest men of history fixed their opinions so firmly on the rigidity of their knowledge and experience that no tolerance remains to absorb their mistakes.

When I was a boy we used to believe that blood would be found inside the end of our gun barrel if we shot a dove.

Youth rides the fenders of time oblivious to danger that may wait beyond the curve, but that is the essence of being young; breathing the sweet perfume of uncertainty and anticipating the road ahead.

BEN EZZELL in **CANADIAN RECORD**: While the television set is often in our opinion, a one-eyed monster which dominates conversation, disrupts meal-times, and generally interferes with the orderly course of events in the American home, there are occasions when we are truly thankful for this modern miracle of electronics.

One of those occasions came Tuesday morning when, thanks to TV, we were able to have a front row seat at a great historic event . . . the arrival of Nikita Khrushchev in Washington.

We are not, we hasten to point out, numbered among Khrushchev's admirers. But we are interested . . . concerned might be a better term . . . in Khrushchev's activities.

As a newspaperman we get a real thrill out of looking in on important historical events. The magic eye of television has enabled us to be present for many of these with its on-the-spot reporting. For this we are grateful.

Chevy's done the next best thing to paving every road in America!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

Brawnier bulldozer build!

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s.

More models than ever!

New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride!

Anything less is an old-fashioned truck!

WRITTEN GUARANTEE

People probably know less about the instrument which affects the lives of every single American than any other thing which confronts them. That instrument is the Constitution of the United States.

With individual liberty, freedom and independence threatened or impaired in a major portion of the country, it is fitting that the week of September 17-22 has been set aside as Constitution Week by President Eisenhower.

Americans should become familiar with the instrument which guarantees to them the privileges which are granted by so many Americans.

It is the constitution which sets aside the liberties which we enjoy today. It also guarantees that these liberties will not be infringed upon.

It is the Constitution, for example, which states that "The right of the people to be secure in their persons, houses, papers, and effects against unreasonable searches and seizures shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the person or things to be seized."

One highly controversial provision of the Constitution says that no person may be required to be a witness against himself. It would be a little unreal if this provision were revoked.

In addition to granting or reserving rights for the people, the Constitution set up a system of checks and balances in the federal government which is almost unparalleled in government today.

The Constitution set up a government to protect the people and at the same time protected the people from government; a remarkable achievement.

There have been many words written about the Constitution and the influence it has had on lives throughout this nation, as well as throughout the world.

But the words in the proclamation signed by Mayor Charles Donnell of Canyon are as significant as any ever written:

"... the Constitution gives us the foundation for a free, prosperous and independent life for every citizen, but each generation in time, must work for and claim it, otherwise, through carelessness or indifference, the rights and liberties we have enjoyed may vanish."
—Canyon News.

"Somebody's Liable to Get Hurt"

WALTER ROGERS REPORTS To the People

Plaudits for Summerfield

The Postmaster General of the United States, Arthur Summerfield, deserves the plaudits of all clean-thinking Americans for his vigorous fight against lewd and lascivious literature. Few people realize the amount of filthy and obscene publications being circulated throughout this nation. The Congress has waged a long fight on this. A few years back I started a one-man campaign to stop the circulation of a particular magazine that contained most obnoxious writings. It was a problem which was almost impossible to cope with because these purveyors of filth and obscenity were depositing the literature in the mails in certain areas of the country where the judges were very liberal-minded. The result was that the Post Office Department was unable to obtain convictions or injunctions against these activities. The Congress passed a law authorizing these suits to be filed in jurisdictions other than where the original deposit in the mails was made. However, there has been very little activity in the way of prosecution by the Justice Department. Mr. Summerfield has risen to the occasion and has clamped down on the handling of this literature. The Congress recently passed another measure that would help the Postmaster General in holding these publications which appear to him to be obscene, lascivious, lewd or fraudulent. All Americans believe in freedom of speech and freedom of the press, but they do not believe such freedoms give filthy-minded people a license to circulate literature conceived by their sick minds, nor to scream "fire" in a crowded theater.

Chevron Gas Station
ODELL MANTOOTH

DREAM COME TRUE—Refugees in Haid, Austria, stare hard at a new refugee housing project erected for 197 families. It was officially opened by August R. Lindt, U.N. high commissioner for refugees.

Eisenhower had successfully vetoed 145 measures without one

having been overridden. However, he pushed his luck too far on the last bill. The fact is that this bill was approximately \$100,000 below the budget estimate furnished by the President and his Budget Bureau. The fuss between the President and the Congress was a difference of opinion as to which projects should be commenced and where the money should be spent. It was the opinion of the Congress that the 537 members duly elected by the people were in a better position to answer that question than was the appointed director of the Bureau of the Budget.

There was much talk in the halls of Congress that this country was not yet in the position of yielding to dictatorial policies. Many members felt that the issue was clearly drawn in that the executive branch of the government was saying to the Congress "You will either do it my way or it will not be done."

Personally, I do not criticize

Mr. Eisenhower for vetoing the measure if he felt he was correct in his conclusions concerning the programs. Under those circumstances, he should have vetoed the bill. On the other hand, the action of the Congress in passing the measure notwithstanding the objections of the President by a

Why we built two cars for 1960 . . . as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

Ticklers

By George

"Have you seen my little boy? He was carrying a water pistol!"

So everyone should lend their time and talent for the success of the newly organized association. It is expected that the programs rendered at these meetings will be interesting and worth while.

A Party
Mrs. Veatch gave a party Friday night in honor of Miss Maud Thompson. A most delightful evening was spent in games and social talking.

A Supper
A crowd of young people spent a most enjoyable evening last Thursday at the home of Mr. Emmett Thompson.

Supper was prepared after the crowd arrived, everyone assisting. Supper was served in cowboy style, and everyone went out into the yard to eat.

McLean Incorporates

McLean is now a full fledged city. The last step in that direction was made Saturday when the election occurred which named the officers for the corporation. While there was considerable interest manifested, the voting was light, only 54 being polled.

The following men were elected: Mayor, C. S. Rice; marshal, J. B. Paschall; aldermen, Wm. Abernathy, J. L. Crabtree, J. R. Hindman, C. L. Upham and J. N. Phillips. (From 10 years ago column.)

Landers-Dillingham

Reep Landers left last Friday for Plainview, where he and Miss Cordie Dillingham were united in marriage. The ceremony was performed at noon, the Baptist pastor officiating. The couple left on the evening train for this city,

where they will make their home.

A shower was given in honor of the newlyweds at their home Tuesday night. About 60 were present and many nice gifts were left to make the couple happy.

Baptists Plead Pastor
Last Monday night the members of the Baptist church entertained their pastor, Rev. Agee, with a good pounding. About 60 were present and enough supplies were left to keep the wolf away from the door for many moons.

Carpenter Injured
Chas. Carpenter happened to a rather painful accident Wednesday when the fourth finger of his left hand got caught in the gears on a hay press. No other part of his hand was injured, but the finger was pretty badly chewed up.

Mr. and Mrs. Leon Jenkins of Colorado City and Mrs. Pearl Hart of Lubbock spent last week with the N. A. Greers. Mrs. Jenkins and Mrs. Hart are sisters of Mrs. Greer.

IT HAPPENED HERE

Taken from the Files of The McLean News, 1919

Parent-Teacher Association Is Formed

It was decided on Monday morning of last week at the opening of school that McLean should have a P-T. A. Mrs. L. Moody was elected president and Mrs. John Vannoy secretary, with the first meeting to be held Friday afternoon at four o'clock.

At the appointed time for meeting seven enthusiastic members met together to begin the organization. The president occupied her chair and the following business was transacted:

T. N. Holloway was elected vice president. A committee to draft a constitution and by-laws was appointed with Miss Dora Agee chairman, Miss Billingslea and Miss Floy Glass.

The membership committee consists of Mrs. Jackson, chairman; Mr. Holloway and Mrs. Cameron. The program committee consists of Mrs. Ross Biggers, chairman; Mrs. D. A. Davis and Mrs. Teague.

The publicity committee consists of Mrs. John Vannoy, chairman; Mrs. Byron Kibler and Mrs. John Sparks.

It was decided that ten cents each month would be charged each member as dues.

Let us have good attendance at the next meeting on Sept. 26 in the music room. Such organizations as this have been known in the past to accomplish great good.

THE LIGHTER SIDE—Former President Harry S. Truman beams at television cameras at the piano in his Independence, Mo., home. His partner is comedian Jack Benny.

SOCIETY

Birthday Party Honors Roy Blaylock

Mrs. Leroy Blaylock honored her son, Roy, with a party on his 25th birthday Saturday morning, Sept. 19, in the City Park. Those present to enjoy games and refreshments were Brad Dalton, Lynn Hamby, Doug Ellison, Regina Leonard, Martina Gleaser, Beth Dalton and Carolyn Keen. Mrs. Raymond Smith assisted Mrs. Blaylock.

Mollie Erwin and Clifford Martindale Wed in Wellington

On September 19 in Wellington, Miss Mollie Erwin became the bride of Clifford Martindale. Rev. James Futch, cousin of the bride, read the double-ring ceremony. The bride is the daughter of Mrs. Minnie Erwin of McLean and the bridegroom is the son of Mr. and Mrs. J. I. Martindale, also of McLean.

The bride wore a navy blue street-length dress with white accessories. Following a wedding trip to Louisiana and other points of interest, the couple will make their home in Amarillo.

Bridal Shower Honors Mrs. Woods

Mrs. Bennie Woods was honored with a bridal shower given in the Baptist church Sept. 12. The white lace covered table was centered with an arrangement of orchid dahlias. Delicious punch and cookies were served. Hostesses were Mesdames L. F. Giesler, Oscar Tibbets, Leo Gibson, F. E. Stewart, Gene Nicholas, Ted Simmons, Claude Simmons, Arnold Sharp, E. L. Price, Bill Bailey; and Misses Peggy Sharp and Elizabeth Boston.

Baptist Women Hold Week of Prayer For Home Missions

Week of prayer for home missions was observed last week by Texas Baptists as across the state women united in prayer and purpose, for needs to be met. A Mary Hill Davis offering of \$195,000 was expected to come in for use as follows: Latin American scholarships, \$35,000; Latin American church loans, \$40,000; missions development, \$25,000; W. M. U. budget, \$85,000; Southwestern Seminary scholarship, \$10,000. The women of the First Baptist Church in McLean met each morning for program and prayer. "More Like the Master" was the theme. Mrs. E. L. Price, program director, led the meditation as the different circles told of different ways to follow the example of Jesus. "Real prayer will quicken the progress of missions and will help equip them for more effective service."

Mrs. Magee Hostess To Study Club

The Pioneer Study Club met for its regular meeting Sept. 17 in the home of Mrs. Clyde Magee. Mrs. Jim Back reviewed the book, "Born of the Sun," by John M. Culp. The story is about pioneer life at the Tail End ranch at Trick'em, Texas, from 1885 to 1872.

As the guests arrived they were greeted by signs in the yard which read: Bunk House, Little Valley, Big Valley, Tail-End Headquarters, etc., each told about in the book.

In the receiving line were characters from the book. Mrs. Back, representing Aunt Maybell, was dressed in a black and white full length dress over which she wore a white "Sunday" apron and a white bonnet. She welcomed the guests, told them a little about her life at the ranch,

and introduced Kid (Joe Magee), who in turn told something of his life. Others introduced and having a part in the program were Colt (Gary Hester), Mexican Joe (Max Coleman), Miss Evans, school teacher (Toni Mertel), "Prettiest girl in the county" (Sharon Sitter), Indian Princess (Marilyn Magee), Cook "Gold-Dern" (Hickman Brown), and Ma Huddleston (Sarah Coleman).

Mrs. Magee served western-style refreshments of ham and cheese hors d'oeuvres, ranch style beans, pickles, sour dough biscuits and peaches from the can.

Assisting Mrs. Magee at the table were Mrs. W. E. Bogan, Donna Ruth Magee, Mrs. June Woods and Mrs. Ed Clifton. Mrs. Hickman Brown, president presided at the business session at which Mrs. Earl Stubblefield's resignation was accepted with regret. Mrs. Back presented the book, "Born of the Sun," to Mrs.

Hester as a gift to the library. Those attending the meeting were Mesdames Sinclair Armstrong, Jim Back, Hickman Brown, Morris Brown, Harold Bunch, J. O. Coleman, Harold Fabian, Dale Glass, Tom Greenwood, Jim Hathaway, Guy Hester, Forrest Hupp, Freeman Melton, Jack R. Riley, Evan Sitter, Alice Smith, June Woods, Jack Riley, Will Bogan; and guests, Mrs. Ed Clifton, Mrs. Johnnie Mertel and Donna Ruth Magee.

WSCS Holds First Session of Year

The Methodist W. S. C. S. met Sept. 22 at 10:30 a. m. in the church parlor for the first session of the new year. Mrs. W. M. Rhodes was the leader. A panel discussion on the rural church was given by Mrs. Sitter, Mary Mertel, Ruth Ellen Riley and Loyce Sherrod.

The McLean News Thursday, Sept. 24, 1959

Mrs. Page gave a talk on a rural pastor's life in India. Mrs. Day talked on rural farming and Mrs. C. M. Carpenter gave the devotional and prayer. Mrs. Day, president, conducted a business meeting, and following the program, the 12 members present enjoyed a luncheon in Fellowship Hall.

CARD OF THANKS
We would like to take this opportunity once again to express our thanks to our wonderful friends and neighbors for the many kind things you have done for us in the last ten weeks. Thank you for the many beautiful flowers, gifts, cards and visits. Especially do we thank you for your prayers. May God bless each of you.

Worsham, Buddie Hill, Marvin Hall and Frank Hambright, served cookies, mints, nuts and punch to a host of friends. The large array of lovely and useful gifts received by the couple were displayed.

STRICTLY FRESH

Self-righteousness is pretty close to selfishness.

The significance of much contemporary art is that so many people can be fooled by so few.

A narrow-minded person simply does not appreciate your single-purposedness of mind.

There's a challenge waiting for acceptance by some inventor

Ten Word INTELLIGRAM

Check the correct word:

- 1—New York Democratic party leaders have endorsed (Robert Wagner) (Averell Harriman) for U.S. vice presidential nominee.
- 2—This move reduces presidential hopes of (Kennedy) (Stevenson).
- 3—Democrats will hold their 1950 convention in (Los Angeles) (Boston).
- 4—Republicans will meet in (Chicago) (New York).
- 5—Supreme Allied Commander in Europe is (Gen. Lauris Norstad) (Charles de Gaulle).
