Opening Rodeo Show Tonight

Vol. 55

McLean, Gray County, Texas, Thursday, May 29, 1958

their regular meeting Tuesday, with 34 members attending. Guests with the group were Ralph Thomas of Pampa and Ray Watson, who attended with J. B.

For the program, Dale Parvin presented a tentative schedule for the summer recreation program, which is sponsored by the Lions Club. The program will include voungsters of ages 4 to 14.

Also discussed was the softball program, which will also be under the sponsorship of the club. As the final business of the neeting, last details were discussed for the McLean rodeo, which will run today through

Next on the agenda for the club will be the Ladies Night June 24, which will mark the 30th anniversary of the McLean chapter.

Homemaking Class For Summer To Be Offered

There will be a summer homemaking meeting at 2 p. m. Friday, June 6, in the homemaking department at the high school. All girls interested in obtaining a half credit for summer work are urged to attend. There will be a crafts class and a pre-school elinic open to all homemaking students, F. H. A. members and adults.

Registration for this event will the literature specialists. Some activities taking place in the high

area are invited to attend.

READYING FOR RODEO - Pictured above are three of the local group who have made possible the 1958 Rodeo. At right is John Haynes, at center is Jimmy Shelton and serted on horse is Bob Sherrod, rodeo chairman.

FOR SUMMER RECREATION

troduced Tuesday at the Lions Club meeting by Dale Parvin, ducted. who will serve as one of the directors for the program.

Scheduled for both morning and afternoon, the program will include young people in the age range of 4 to 14. The activities are sponsored by the McLean Lions Club.

Mrs. Boyett's Classes In the mornings from 9 to 11:30, ages 8-14 will be in the high school gymnasium. For this group, tumbling, volleyball, ping pong and basketball will be held. The age group of 4 through 7 Boyett were presented in a studio will assemble in the park for reading, story hour and games of low organization. Tennis will be held for the older children and a twirling class three days a week from 10:30 until 11:30 is being considered.

In the afternoon all ages will meet in the park for quiet games, including checkers, horse shoes, washer pitching, etc. Later in the day games of kick ball, softball, dodge ball and tennis will be held.

REV. RILEY TO McLEAN

Following the Methodist con erence last week in Lubbock for his area, it was announced that Rev. Jack Riley would serve another year as pastor of the Mc-Lean church.

The forthcoming year will mark the third that Rev. Riley has spent in McLean. Along with his wife and daughter, Bonnie Ruth, Rev. Riley spent last week from Tuesday through Friday at the conference. Also attending was

top ropers to be entered. Altogether, more than 100 cow boys should be on hand, providing what is expected to be one Stewart, Gary Turner, Glenda of the best rodeo shows yet staged in McLean.

To Be Held

A pre-school clinic will be held at the grade school from 9 a. m. until 11 a. m. June 23 through

All chi'dren who will enter the first grade next school term are invited to attend. Cards containing more information will be sent out at a later date.

Personals

Beverly, Cathy and Kelly Cooke of Borger and Carol and Tommy Cooke of Lubbock are visiting their grandparents, Mr. and Mrs. Chas. E. Cooke,

Heald Vacation Bible School school will begin Monday morn-ing. June 9, at 8:30.

Parade Today Will **Begin Activities**

Getting underway with a 20-mile cow pony race today at 11 a. m., the 1958 McLean 66 Roundup and Rodeo will again be staged.

As the first event of this year's show, the race will be run from Shamrock to McLean, beginning at 11 a.m. Two teams are entered in the race, with four horses and four riders taking five-mile laps. The estimated completion time for the race is 12 noon.

This afternoon at 2:30 a parade will be held as the official opening for the '58 rodeo. Floats, riders and organizations will be entered not only from McLean but from many surrounding communities.

Beginning tonight at 8, the first performance of the rodeo will be held, which will also include nightly shows Friday and Saturday with one matinee performance to be held Saturday afternoon at 2.

This year's rodeo will total a purse of 1,800, to cover the events. With \$300.00 each, the events include saddle bronc riding, bareback brone riding, bull riding, calf roping, double mugging and bulldogging.

As featured clown for this year's show Pinky Williams will be on hand at all per-Rodeo, some of the top contend- formances. Williams is a veteran in the rodeo business.

Stock contractor for the show will be Tom Harlan of Kellerville, with H. B. Taylor of Pampa doing the announcing.

Admission for performances will be \$1.25 for adults and 50 cents for children.

Serving as this year's rodeo chairman has been Bob Sherrod of McLean, who will also rank as one of the top contenders entered. In addition to the purse, saddles will be

given to the All-Round Cowboy and to the best roper, figured on two averages. Trophy buckles will be given to all event winners.

Rodeo headquarters is in the Ford Garage, Phone 203.

Gibson to Receive Degree at LSU

Kenneth Gibson, son of Mr. and Mrs. Leo Gibson of McLean, who has been working on his masters degree and teaching at Louisiana State University at Baton Rouge, is visiting his parents. Kenneth will receive his degree in August. This fall he will teach in a new branch of the university at New Orleans, La.

BOTTOM HASN'T FALLEN OUT

there is no point in minimizing the unemployment blem in this country. At the same time, there is obvious danger that we may be led into wildly ex gerating it.

As of a late date, the Wall Street Journal points out unemployed amounted to about 7% of the total irk force. By way of comparison, the figure at the rst of the great depression of the 30's was 30% lowest figure—3 to 4%—was reached during the Congressman Rogers Reports stwar boom.

'Therefore," the Journal says, "when we attempt to praise the present state of the economy in terms of employment we should remember that 7% out of k, while personally distressing, is mathematically in the personally distressing is mathematically in the personal with the personal property of the personal property in the personal property is the personal property of the personal property in the personal property is the personal property in the personal property in the personal property is the personal property in the personal property in the personal property is the personal property in t essive only when compared with the best years any

Ve all hope that the 7% of the work force who are unemployed will find jobs soon. Meanwhile, it ticularly from school children. March 3, 1931, designated the Star do no one any good to act as if the bottom has having to do with our National Spangled Banner as the national apletely fallen out of the economic structure. It Anthem, "The Star Spangled anthem of the United States, but n't. Despite the recession, the vast majority of the ist in some quarters, and a few particular version of either the erican people are far better off, materially speak of the letters urged me to adopt words or music which is to be than their equivalents in any other country on this

leavy stress is placed on dark areas in the economic dscape. But there are many bright spots—and one them is agriculture. The prices received by the farmfor their products have been running 10% above none of which would change the level of a year ago. In the first quarter of this year, words of the song and only one unknown, and it allegedly came n income was more than \$1 billion ahead of the vivalent period in 1957. Secretary Benson foresees introduced on the premise that words during the battle of Fort the rest of 1958. tinuing gains for the rest of 1958.

ces. As of a recent date, beef cattle prices were a opping 36% better than they were a year earlier, hog prices were up 21%. And demand for meat s at high levels.

This is a matter of top importance. Meat, so to eak, is a staple item of production on the majority farms—the small as well as the large. And that t all-meat, unlike the so-called basic crops, moves a free market. Karl D. Butler, one of the country's farm counselors and agricultural economists, has d: "What most people forget is that some of the ost important farm commodities are not price-supportby the government. For example, livestock and ir products represent more than half of the gross ome of farmers, yet the only commodity in this group t is price supported is butter."

The whole meat industry—from the farm, through packers, to the retailers—is geared to the free! erprise system. That's why it's a success—and why isn't a burden on the taxpayers.

CK UP KRUSHCHEV'S GAUNTLET

The residents of the United States have a greater rsonal interest in the exploration for and the delopment of oil resources than do the citizens of any her country in the world. Without plentiful supplies oil this country would be brought to a dead haltid that is no figure of speech.

During the past 10 years in the United States there been a continuous decline in the average amount oil found by drilling a well. By 1967, the drilling st alone of new resources added may be in the neighrhood of \$3.00 per barrel, instead of the \$1.20 esnated as the average drilling cost per barrel in 1957. is figure does not include exploration costs or any crease in 1957 drilling costs. New oil fields are more nd more difficult to find, and usually more expensive develop.

As a conservative guess, with more than 100 million is engines owned by United States citizens in autos, rm machinery, boats and other power equipment, ry family has a real stake in the exploration activities Ameircan oil companies in all parts of the world. In dition to strengthening our national defense they e one of our best emissaries of goodwill and trade IMMEDIATE ACTION WANTED!

'We declare war upon you," Comrade Krushchev said last fall to an American interviewer, "in the peaceful field of trade. We declare a war we will win over the United States." The way to pick up Krushchev's gauntlet is by encouraging our own free enterprise which has proven time and again that it can outstrip any socialized, dictator-controlled production system.

... AND NO SMOKING

Here's an old-time remedy for a sore throat-take a feather . . . dip it in kerosene . . . rub over the infected area. This is a case of the cure being worse than the illness. It's nice to know we don't have to rely on such ineffective and unpleasant "relief." So, don't take chances when your health is involved. When you're ill, your physician is the only person qualified to prescribe for your needs. Then, for prompt, professional service, bring his prescriptions to us.

GOOD HEALTH TO ALL FROM REXALL

"Even after baking over 4000 pounds of cake, I still get a thrill when I take eighteen "just right" cakes from my ELECTRIC double oven!" says Mrs. John Ward. 1907 W. 6th St., Plainview, Texas

"My double oven electric range turned my hobby into a business — thanks to the controlled heat in the ovens. The ovens are a big help in my baking business, but I use them for family meals, too. I can bake one dish at a low temperature while I'm baking bread at a higher temperature in the other oven. Incidentally, I used the first profits from my cakes to pay for my new electric range. Now they're put aside for a college educational fund for our children."

"For years I had the false impression that cooking electrically was a slower process, but my electric range proved to me just how wrong I was. One wonderful feature of cooking electrically is that it cooks clean. Pots and pans don't get that "burned-on" look and the range itself is so very easily cleaned. I like my electric range because it is fast, clean, thrifty and dependable. In fact, I like every-thing about it. The deep well has so many uses from baking potatoes to making pots of soup."

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 0.000 miles of Channel Change and revetment work located on McClellan Creek north of McLean

on Highway No. SH273 covered by C 560-2-13, in Gray County, will be received at the Highway Department, Austin, until 9:00 a. m., June 10, 1958, and then publicly opened and read. This is a "Public Works" pro-ject, as defined in House Bill No.

54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provislons of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be per-formed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of labor-er, workman or mechanic em-, workman or med oyed on this project.

Legal holiday work shall be paid for at the regular govern-ing rates.

Plans and specifications available at the office of G. K. Reading, Resident Engineer, Pampa, Texas, and Texas Highway Department, Austin. Usual rights

over the ranch.

he would call me when the chan-Really we didn't have many nel cat started biting vigorously birds carried over from last year at Buffalo Lake. Warden Pond but we stand a very good chance hasn't called yet and I am sure to have a bumper quail crop that the catfish haven't really if we have a wet July. My guess started to work; however, L. E is that we will have more quail Tipton, Bunavista, said that he in the Parhandle this fall than and his wife caught 19 crapple at any time since 1951. I wouldn't at the lake with some of them be at all surprised if we didn't weighing about one pound or have more quail this fall than we had in '51.

Weighing about one pound or more. "As big as any crappie I ever saw," said Tipton.

PASTORS' TALKS

Pastor P. H. Nutt and members of the Assembly of God Church feel that it is our Christian duty to protest against the evils of the dance for the good of all, in the light of God's Holy Word.

The dance promotes lust, inflames passion, and tends to immoral conduct. It is a sex exercise and leads young and old to fulfill (h lusts of the flesh. 1 Thess. 5:22, 23 Abstain from all appearance of evil, and the very God of peace sanctify you wholly, and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ. Romans 8.13 For if you live after the flesh you shall die, but if you through the Spirit mortify the deeds of the body you shall live. 1 Peter 2:11 Dearly beloved. I beseech you as strangers and pilgrims abstain from all fleshly lusts which war against the soul. We feel that some with good intentions are building hay, wood and stubble which will be destroyed as every man's work shall be revealed by fire. We are warned against false teachers. There are those who will compromis for the sake of numbers and the approval of the world.

We as a Christian body, oppose the dance regardless of sponsor ship. Since our church and parsonage are so near the place of the dance, our experience has been whiskey bottles and beer cans thrown in our front yard and obscene language by some in our front door who attended the dance.

As pastors we are to speak and exhort and rebuke with all authority, teaching that denying ungodliness, and worldly lusts we should live soberly, righteously and Godly in this present world. Titus 2:4.

Yours for a community of better and more wholesome activities than the dance .- Pastor P. H. Nutt.

Penguins are native only to the South Pole.

Average height for men in the U. S. is five feet, eight and onehalf inches. pointed not one. In good bird

AMERICAN NATIONAL

by Clyde Dickerson, Manag

McLean will be a completely re-wired city in a few short weeks in respect to telephone cable, as work is now in progress to replace all the old lines.

Beginning next week telephones will be hooked with the new cable and by the early part of August almost the entire line system in McLean will be replaced.

In gaining the new lines better service will be offered to users, and additionally, the general looks of the city will be improved when all the old wiring is torn down.

Where Are You Going on Vacation?

It's high time to be thinking about or planning a vacationn. And when a family plans the vacation together, the planning can be almost as much fun as the "going."

To help plan their vacations better, more and more families nowadays put some dependence on the telephone.

A telephone call to a favorite vacation spot confirms reservations. Another call to an overnight stopping point guarantees accommodations for the family, permitting an extra hour or so of driving.

In the midst of the vacation, these same folks often answer the question of "wonder how everything is at home?" with a telephone call—the personanl way to keep in touch.

So, this year, why don't you count on the telephone when planning and enjoying your vacation?

Remember, foo, that station-to-station calls cost one-third less than person-to-person calls. And when you call by number, your calls go through twice as fast.

Color Is Here to Stay

I'm betting I don't run into much of an argument when I say that people like color. And just look at the bright array of color telephones we have to offer you:

You can choose from Cherry Red, Pastel Yellow, Ivory, Rose Pink, White, Moss Green, Light Beige, Aqua Blue, and Light Gray . . colors to fit any color scheme!

A color extension telephone is practical as well as good-looking, too. Here in McLean, and extension costs just \$1.05 a month plus a one-time installation charge of \$10.00. If you order yours in color, there's an extra one-time only charge of \$10.00.
