1958 Prosperous Year For McLean

As the year of 1958 drew to a close, the city of McLean marked an end to one of the most prosperous years in its history. This prosperity is reflected in the continued success and growth of existing businesses and is magnified by the unusual number of additional businesses which were built during the year.

Since January, 1958, three new businesses have been established; two new buildings are under construction by local firms; and remodeling and enlargement have been done by two other firms.

The first new establishment to be completed during the past year was the West Wind Motel, located on Highway 66 west. A completely new structure, the motel has six units and is one of the most modern and beautiful to be found in this area.

A second addition to the roll of McLean firms was the installation of a completely automatic laundry, located on Main Street next door to the post office. The laundry is equipped with 20 washing units and three dryers.

Representing the third business to begin operation during 1958 is a new lumber yard, located on the north lane of Highway 66 east. The lumber yard was built by Roy Campbell, an Amarillo

lumberman and former resident of McLean.

In the expansion department, the El Paso Natural Gas Co. enlarged their operation during April and May, an undertaking which entailed a peak labor force of 100 men, and marked a major increase in the capacity of the plant by 6000 h. p.

Another major construction job came in the recent remodeling of Brown's Drug. This face-lifting was carried out in both interior and exterior, resulting in a completely new and modern store to serve McLean.

One of the major marks of achievement in growth began in October with the construction of a new food market by Puckett's Grocery. The new building is located next to the present telephone building, and will provide the city with another modern new building.

Rounding out the growth of McLean during 1958 is the present structure being erected by Southwestern Bell Telephone Co. The building is located on the south lane of Highway 66, and will soon be opened simultaneously with a new dial system for the city.

While shivering motorists fought winter's worst storm along hazardous roads the first of the week, farmers and ranchers in the McLean area had occasion to sit by the fire and count their blessings.

Around .23 of an inch of slow soaking moisture was derived out of the 4 to 5 inch snow here, Pete Fulbright at the city barn estimated.

Meanwhile, travelers ran into real trouble negotiating the slippery highways. Highway 66 west of Amarillo was blocked as some points in New Mexico which bore the brunt of the storm tunneled out of a 14-inch snowfall.

However, no roads in the McLean area were blocked, and R. C. Parker, highway patrolman here, said that only three minor "fender-benders" near Lela occurred. No injuries were listed.

"We were pretty lucky to get by that light," Parker said.

After gathering strength early Monday morning, converging cold fronts ripped into the Panhandle with gale-like force. Drifts four feet and more stacked up along fence rows as gusts up to 60 mph howled across the prairies, zero Monday and Tuesday nights.

Tourists sought shelter along the road, and a sizeable number

collected in Amarillo, several New Mexico towns and in Liberal, Kans, where the roads to the west were also cut off.

In McLean, the additional .25 inches of moisture brought the year's total to 24.75.

That is almost 10 inches below the 1957 total of 34.11 inches. The wettest month in McLean during the year was July which netted 8.14 inches.

MRS. SHERMAN SHERRILL

Caroline Stokes and Sherman Sherrill Are Married in Church Ceremony

Miss Caroline Stokes, daughter of Mr. and Mrs. T. C. Stokes of McLean, and Sherman Sherrill, son of Mr. and Mrs. Paul M. Sherrill of Borger, were united in marriage on December 21 at four o'clock in the First Presbyterian Church.

S. R. Jones, grandfather of the bride, officiated at the double ring ceremony. Tiered candelabra with red cathedral candles and topiary trees flanked the altar arrangement of an open Bible in front of a brass cross and brass candlesticks bearing red cathedral candles. The topiary trees were of magnolia leaves, white mums

and carnations centered with red Christmas bells. Red bows marked the pews.

Miss Kitty Hibler of Wheeler, organist, provided the traditional wedding marches and was accompanied by Miss Ann Scrivner as she sang "I Love You Truly" by Carrie Jacobs Bond, "Whither Thou Goest" by Singer, and "The Lord's Prayer" by Malotte.

A white aisle cloth led to the kneeling bench which was covered with white satin, entwined with white bows, red balls and white carnations.

Given in marriage by her father, the bride was gowned in

white organza with a square scalloped neckline and cap sleeves. The fitted bodice was covered in Alencon lace. The bouffant overskirt, topped with a low waistline scalloped bodice, was trimmed with Alencon lace. Her mitts were of white organza and she wore white satin slippers.

Her finger-tip veil of illusion was secured to a tiara of imported lace with seed pearls and sequins. She carried a white satin covered Bible, a gift from her maternal grandfather, arranged with white orchids showered with stephanotis and streamers with love knots. For tradition, the bride carried her maternal grandmother's white linen wedding handkerchief, wore gold and pearl earrings belonging to a cousin, a penny in her shoe, a blue garter, and a strand of pearls, a gift from the bridegroom.

The maid of honor, Miss Wanda Stapp, and the bridesmaid, Miss Hazel Gohlighly, wore identical dresses of red net over taffeta and headpieces of red velvet petals with circular veils of red tulle. They carried white maline puffs with cascade of red carnations.

Judy Glass and Ronay Howard lighted the candles.

Joe Guinn of Fort Worth served as best man and Bill Burden of Shamrock was groomsman. Bobby Stokes of Shamrock, Joe Howard and Dale Greenhouse seated the guests.

For her daughter's wedding, Mrs. Stokes wore an aqua chiffon dinner dress with matching accessories. The bridegroom's mother, Mrs. Sherrill, chose a blue lace with matching accessories. The mothers' corsages were of white carnations.

The bride's table, for the reception held in the church parlor immediately after the ceremony, was covered with white satin and white net over-cloth with red net and laceon bows. The table was centered with an arrangement of red carnations and

lily balls in a silver bowl, flanked by red tapers.

Red punch was poured by Mrs. Joe Guinn of Fort Worth from a crystal bowl. Mrs. Bill Stubbs served the three-tiered cake topped with white satin wedding bells and lily-of-the-valley. Miss Marsha Andrews presided at the guest register. Appropriate recordings provided background music during the reception.

For a short wedding trip, the bride traveled in a blue wool suit with rhinestone buttons and wore a white hat and gloves, black lizard shoes and bag and an orchid from her bridal bouquet.

Mr. and Mrs. Sherrill will make their home in McLean. Mrs. Sherrill is a senior student in McLean High School and a senior voice student of Mrs. Anna Louise Borneman of Musical Arts Conservatory in Amarillo. She was high school soloist for Amarillo Symphony in 1958. Mr. Sherrill is a graduate of Borger High School and West Texas State College, where he was a music major. He is now a representative of Metropolitan Life Ins. Co.

Out-of-town guests attending the ceremony were Mr. and Mrs. Leah Hodges of Clinton, Okla.; Mrs. Ross Biggers, Jerry Biggers, Susan and Steven Neumann of Oklahoma City; Mr. and Mrs. Walker Jones and daughter of Borger; Mr. and Mrs. Bill Morgan of Amarillo; Mr. and Mrs. Roy Stokes and son, Marville, of Calumet, Okla.; Mr. and Mrs. Archie Hibler of Wheeler; Mr. and Mrs. Kenneth Stokes of Dumas; and from Shamrock: Mrs. Roy Scrivner, Mrs. B. L. Stokes and Gene, Mr. and Mrs. R. L. Stokes, Mr. and Mrs. W. L. Jacobs, Mrs. M. E. Lewallen and Mr. and Mrs. Burnis Stokes.

On Saturday night, Dec. 20, Mr. and Mrs. Paul Sherrill were hosts for a rehearsal supper at the American Legion Hall in McLean. Christmas decorations were used and a delicious buffet supper was served to 30 guests.

"CAC" SHOT—Hank McCullough of West Hollywood, Calif., prowls downtown streets of Los Angeles with a tankful of "fresh air" from less smoggy localities. Reason: air pollution that plagues Los Angeles at times because of peculiar atmospheric conditions that trap ground air and its load of industrial and automotive exhaust fumes.

Personals

Guests in the home of Mrs. Nida Rippey Green on Christmas Day were Mr. and Mrs. A. C. Rippey of Electra; Mr. and Mrs. H. S. Rippey of Shamrock; Mr. and Mrs. Jim Kohls, Stevie, Debbie, Kay and Shirley, of Jacksboro; Mrs. A. W. Lankford and Mickey of Tulsa; Mr. and Mrs. K. S. Rippey and Mrs. Loula Ladd.

Good Meal Masquerades Under 'Lion's Head'

BY DOROTHY MADDOX

Here's a recipe from Hong Kong called "stewed lion's head." But don't worry. There is no lion in it—just good, American egg noodles, pork, crab meat, and cabbage.

Oriental Meat Balls (Six servings)

One pound ground pork, two 6 1/2-ounce cans crab meat, drained; 1 tablespoon sherry, if desired, or 1 tablespoon water, 1 tablespoon soy sauce, 2 teaspoons sugar, 3/4 teaspoon ginger, cornstarch, 2 tablespoons salad oil, 1 medium head cabbage, cut in wedges; 2 teaspoons salt, 2 cups soup stock, 1 tablespoon salt, 3 quarts boiling water, 8-ounce package medium egg noodles (about 4 cups).

Combine pork, crab meat, sherry or water, soy sauce, sugar and ginger. Mix well. Shape into two-inch balls. Coat with cornstarch.

Heat 1 tablespoon oil. In it brown meat balls on all sides. Remove balls from pan.

Add remaining oil, then cabbage, and cook over low heat until slightly browned on all sides.

Add meat balls, 2 teaspoons salt and soup stock. Cover and cook over low heat 20-30 minutes.

Meanwhile, add 1 tablespoon salt to rapidly boiling water. Gradually add noodles—keep the water constantly boiling. Cook uncovered, stirring occasionally until tender. Drain.

Stuffed Green Peppers (Six servings)

Three medium green peppers, 1 pound lean pork, ground; 2 teaspoons sherry or water, 2 1/2

The family will roar approval of this hearty fare, but you might reveal its name—"stewed lion's head"—after dinner.

teaspoons soy sauce, 1/2 teaspoon sugar, 1 tablespoon cornstarch, 2 tablespoons salad oil, 2 teaspoons soy sauce, 1 teaspoon sugar, 2 tablespoons water.

Cut peppers in half and remove seeds. Meanwhile, combine pork, sherry or water, soy sauce and 1/2 teaspoon sugar. Mix well.

Stuff peppers with meat mixture and coat with cornstarch. Heat oil in pan; add peppers and brown lightly on all sides. Drain off drippings on pan. Combine remaining ingredients and add to peppers. Cover and cook 30 minutes.

Mr. and Mrs. Jack Dyer and children visited relatives in Wellington and Dimmitt during the week end.

Mr. and Mrs. Cass Archer and girls of Austin spent the holidays with her parents, Mr. and Mrs. Pete Fulbright.

Callahan and son.
Mr. and Mrs. N. H. Greer of Amarillo and Gene Greer of Pampa were Christmas Day guests in the N. A. Greer home.

Recently a man was quail hunting and met another man walking along a creek. He was asked about the hunting and replied that he had been home plenty. Some days he got his limit and other days he got more.
"I'm a state game warden," the other fellow said.
"Well," he replied, "I'm the biggest liar in the state of Texas."

STOCKING CAPSULE

Did you ever know anyone who insisted on putting his right stocking on first? Some people think this is a good way to avoid headaches. Foolish? Of course! Most of us get headaches. But now we reach for one of the fast-acting pain relievers medical science has made available. A simple remedy. But remember—not all headaches can be treated so casually. If the pain persists or is unusually severe, be sure to see your physician. And next time you need a prescription filled, come to us for quality compounding.

Mrs. Skipper Dies

Mrs. Joe Skipper died on the 24th of December of pneumonia. Her body was carried to Quail for burial.

She leaves a husband and four children to mourn her loss. The News extends condolences to the bereaved ones.

A Slumber Party

On Saturday evening of last week the working girls of the town and a few other lucky ones

gladly responded to the invitation to the slumber party given by Miss Frankie Mae Upham at her home one mile west of town.

All enjoyed an old fashioned wagon ride through the snow and on arriving at the Upham home everyone showed that she was entirely ready for the sumptuous evening meal prepared by Mrs. Upham.

When supper was over and all were wondering who would be the dishwasher, six uninvited guests arrived and gladly washed dishes for the crowd to pay for their supper.

The evening was spent in merry conversation, singing popular songs and doing stunts.

At a late hour the "uninvited" guests returned to the city while the others repaired to the spacious upstairs where the slumber part of the party was to begin.

All enjoyed a late Sunday breakfast and kidding, and at last the ride back to town, with everyone saying a more pleasant ride had never been had.

Those present were Misses Mary Billingslea, Anna Butterfield, Belle Allwine, Ethel Cash, Rena Moody, Lillian Quattlebaum, Cecil Williams, Maggie Jordan, Jessie Alexander, Vita Hensley, Thelma Rogers; Mrs. Eunice Gibson and Mrs. S. E. Boyett.

Uninvited guests were Messrs. Wayland Floyd, Erwin Rice, Johnnie Quattlebaum, DeWitt Burks, Chester Crabtree and Emmett Thompson.

Two Parties Held

A party of little girls were entertained on the afternoon of Christmas Day at the D. B. Veatch home. Mrs. Veatch had arranged a Christmas tree, and gifts were exchanged and everybody had a jolly good time, and this occasion will long be remembered by those present.

The Baptist Young People's Union entertained the Epworth League and other young people of the city on Thursday evening of last week. A nice program was rendered after which a season of social amusement was enjoyed by all present.

Personals
Rev. A. W. Hall, presiding elder of the Clarendon district, will hold the first quarterly conference at the McLean Methodist Church Saturday and Sunday, the 11 and 12 of this month.

Bible Comment:

Recall These Two Basic Facts When Reading Prophets

Two basic facts, always present in the mind, attitude and outlook of all the Hebrew prophets, must be constantly borne in mind by those who wish to understand more fully their writings.

The first fact: The prophets' strong and basic belief in God's call to Israel as a chosen people.

This choice was not inevitable, nor was it non-transferable. It was established in a covenant, and a covenant is a two-party agreement.

The prophets of the Exile period, such as Jeremiah, told in stern and realistic terms of how Israel had broken that covenant, in failing to recognize God's call by their ways of idolatry, and their disregard of righteousness in personal life and in social injustice.

Integrity and purity of worship were constant themes. Worship was not a matter of formal sacrifice, but of right living, and of justice and mercy, man with man.

The second basic fact: Israel's situation in the midst of the great pagan empire of the ancient world.

Egypt was always to the south and some great, pagan power to the north, east and west. The fear of invasion was great, the danger of entangling alliances with one or other of their powerful neighbors always a possibility, and with it all the deeper danger of corrupting forces destroying the moral and religious integrity of Israel.

Those basic factors appear constantly in the prophecies.

WHERE DO WE GO FROM HERE?

By Jack Riley, Pastor

McLean Methodist Church

Every dawn affords a new day—actually every dawn affords a new life. Where do we go from here?

Jan. 1, 1959, offers a new life—will we face the dawn with the Psalmist's words ringing in our ears—"This is the day that the Lord hath made, let us rejoice and be glad in it." Ps. 118:24? This could lead to new light for you in 1959!

There are more things "up in the air" in 1958 than any year in history. In the 1st I. G. Y. (International Geophysical Year) we have entered space and have information relayed back to earth. We have gone over the top of the world with a regular air flight schedule and underneath the top of the globe with an atomic powered submarine. We have seen the 49th state admitted into the union. By the light of 1958 we have seen many advances.

Have we in the field of religion and religious thinking kept abreast with the times?

When will we acknowledge that we do not see light? We see "by the light." Jesus said, "I am the light of the world." John 8:12.

Let us begin to see by this light in 1959! Are we living 2000 years behind in our religious thinking? Jesus preached to the people about loving darkness rather than light, because their deeds were evil. John 3:20. On another occasion Jesus said, "You are the world's light—it is impossible to hide a town built on the top of a hill. Men do not light a lamp and put it under a bucket. They put it on a lamp-stand and it gives light for everybody in the house. Let your light shine like that in the sight of men. Let them see the good things you do and praise your Father in Heaven." Matt. 5:14-16. Perhaps the reason our lights do not shine is—we can't stand the trimming and polishing. Let us see by the light of Jesus Christ—and become the world's light—to light the pathway of all in need.

Remember "all the darkness in the world cannot put out the light of the littlest candle."—Earl Marlatt.

May the light of Christ be yours in 1959.

HEADING FOR A DEAD END

It is likely that Congress will be asked to increase the federal gasoline tax from three to five cents a gallon, as a means of meeting anticipated deficits in the highway trust fund. And this probability is of very direct concern to consumers.

Motorists are already bearing an extremely heavy burden of special taxes. The state and federal gasoline taxes combined now average 9 cents per gallon—equivalent to 41% of the average retail price of the fuel. This burden is far out of line with that imposed on any comparable product in general use—including luxuries.

Much of the revenue from special federal taxes on motorists is being diverted. This revenue came to about \$3.6 billion in the last fiscal year. But only \$2.1 billion was allocated to the highway trust fund, while the remainder of \$1.5 billion went into the general fund of the treasury. If all the revenue expected to be collected from motorists in coming years was to be dedicated to road purposes, there would be no need for additional taxes on highway users.

Major new road construction is not the concern solely of those who use the highways. For example, one primary reason for the multi-billion dollar highway program authorized by Congress is the needs of national defense. It is grossly unfair to expect one group of citizens—motor vehicle operators—to pay the whole cost.

Finally, where the cost of the highway program was originally estimated at \$27 billion, the current estimate is \$40 billion. There's every possibility that it will go up by many more billions as the years wear on. Maybe it's time that Congress took a fresh and hard new look at the whole program, with a view to revising it in the light of the nation's actual needs and capabilities. Excessive taxation can lead to a dead end road instead of a network of super-highways.

GRAY COUNTY SOIL CONSERVATION NEWS

By Jim Smathers

Trees for planting farmstead windbreaks in the Gray County Soil Conservation District should be ordered now. The supply is limited so people interested in

planting should get their orders in.

Application blanks for ordering trees from the Texas Forest Service are available at the county agent's office and at the soil conservation service office. Trees available from the Texas Forestry Service are ponderosa pine, Austrian pine, red cedar and Chinese elm.

Farmstead windbreaks serve as a barrier against high winds, and to protect farm buildings, gardens, orchards, and livestock from

wind, and prevent damage from drifting soil and snow. Farmstead windbreaks are applicable around any farmstead needing protection. Adequate water must be available for tree growth. This may be from irrigation or by favorable soil moisture conditions due to soil type and depth.

Farmstead windbreaks need to be established perpendicular to the prevailing damaging winds and include at least one row of low branching evergreen trees. Windbreaks on two and three sides of a farmstead will give a maximum of protection.

There are a number of specifications that need to be met in establishing a windbreak, so contact your local soil conservation service technicians in planning your farmstead windbreak.

Veteran Information

Q—I'm a Korea veteran, holding GI term insurance. I understand, by a new law, I can convert it to a permanent plan. Is this so?

A—You will be able to convert it after Jan. 1, 1959. The new law permits Korea veterans holding term insurance policies with the letters "RS" before their numbers to convert to one of six permanent plans.

Q—On my discharge from the armed forces recently I received a lump sum disability severance payment. Will I have to pay this back to the government if I am awarded VA compensation for the same disability?

A—Yes. The law requires that VA monthly compensation pay-

ments revert to the government until the amount recovered is equal to the amount of disability severance pay the veteran received.

Q—I am planning to sell my GI home but cannot pay off the mortgage. What cash I receive from the new purchaser. Do I have to have VA's consent to make the sale?

A—No, you do not need VA's consent to sell your property. However, if you wish to be released from possible liability to the government, you must apply to VA.

Q—Is it possible for a disabled "peacetime" veteran to draw VA compensation at wartime rates?

A—Yes—if the disability resulted from extra-hazardous service, as, for example, participation

in simulated warfare, the veteran may be eligible for compensation at wartime rates.
