Crockett Honored At Annual Grid Banquet

Billy Crockett was presented the McLean News "Most Valuable Player" award for the 1958 football season Friday night at the annual Tiger football banquet, given by the McLean Lions Club.

As the result of a secret ballot vote by Tiger team members, Crockett received the award given annually by the McLean News to the most outstanding player. His name was inscribed on the trophy which is kept in the McLean High School building.

Crockett, the son of Mr. and Mrs. Sherman Crockett, completed his fourth and final season with the Tigers this year. As fullback he ranked as one of the top ground gainers for the Tiger squad, which placed second in its district.

Following the regular season, Billy was named to the All-District team, was later named to the All-Regional squad and finally was given honorable mention on the All-State team.

Head Coach Jack Riley stated that he was one of the finest boys on the team, both in spirit and determination as well as talent.

Crockett is, this year, a graduating senior but has made no definite statement as to his post-high school ball playing.

With a full house of town people honoring the Tiger team and coaches, the banquet was held in the American Legion Hall, with Coach Warren Woodson of New Mexico A&M as special guest speaker.

Starting the program for the evening, W. C. "Flea" Simpson gave a welcome to the team members and coaches on behalf of the Lions Club as sponsoring organization.

Following the welcome, Head Coach Jack Riley and Coach Darril Christian introduced the team members and their dates, with special comments on each of the boys.

After introduction of the players, Freeman Melton, Jr., superintendent of schools, presented the coaches with gifts on behalf of the Lions Club. Both high school coaches and Bill Adams, grade school coach, were given pen and pencil sets.

In recognition, the co-captains, Billy Crockett and Bennie Woods presented Adella Vineyard with a trophy for the 1958 football sweetheart. Crockett was given the McLean News Most Valuable Player award.

In the special address of the evening, Coach Woodson spoke to the group concerning the main intrinsic value of the sports activities. He mentioned mainly the attributes of a football player in being a fair and yet sturdy competitor.

Dinner music for the evening was furnished by Clevy Hancock and his Top o' Texas Playboys. Other special guests were the school administrators and the school board members.

The meal was served by Underwoods of Amarillo.

Tigers Fall; Tigerettes Win Over Panhandle

McLean's Tigers dropped a lose tilt with the Panhandle Panthers Tuesday night in a 2-A contest, 52-49. Leading the Tiger attack in the tussle was Murrill Hill, who netted 27 points for the evening, ranking him as high man for the night.

Following Hill were Bennie Woods and Frank Worsham with 6 points each and Billy Crockett with 5 points.

The Tigers tied with the Panthers on field goals, hitting 17, but fell behind from the free throw line 18-14 to account for the three point margin.

Tonight following the girls' game the Tigers will meet the Memphis Cyclone in another district game. The game was originally set for last Friday night, but was re-scheduled for tonight in the McLean Municipal Building.

In regular season play the Tigers have one week on the roster.

SPITTING ON A STONE ?

Ever try spitting on a stone to ease pain? Sounds foolish, nowadays. But a long time ago folks actually used this "remedy." We're lucky to be living in this age of modern medicine. Medical science has given us many wonderful pain relievers and other reliable, effective drugs. However, it's still not wise to use any medication indiscriminately. When you don't feel up to par, ask your physician's advice first. Then, if he prescribes medication, come to us. We'll fill his prescription promptly and carefully.

RECORD OF ACCOMPLISHMENT

As everyone knows or should know, state's rights have taken a fearful beating in the last decade or so. The federal government has moved into area after area which, until recent times, were regarded, and properly regarded, as state responsibilities. Many leaders, President Eisenhower included, have warned of the grave dangers in this. Should the trend go far enough, state and local rights will disappear, and a monolithic federal establishment will boss everything.

Another proposed blow at state responsibility is expected in this Congress. A drive is in the making to impose federal benefit standards upon state unemployment insurance laws. These standards would force states to pay higher minimum benefits, increase the length of the period during which these benefits would be paid, and make it easier to qualify for benefits.

The California Retailer Association has issued an excellent memorandum on the subject. It observes: "In the field of unemployment insurance, the issue of government philosophy goes hand in hand with a record of accomplishment by the states. In disputes over federal and state responsibility in relation to other functions of government, advocates of federalization base their case on state inaction. No such contention can be proved in this subject."

The facts back up these words. The Association Martz presents some revealing tax facts about REA and points out that the weekly benefit amount has been

increased steadily—from an average of \$10.66 in 1929 to \$30.80 in May of last year. Since 1953, 45 states have increased the maximum weekly benefit one or more times. Of great significance, the purchasing power of the 1958 average payment has increased 40% over the 1939 average payment. In addition, coverage has been broadened, waiting time reduced, and duration of benefits extended. If ever there was an area where state responsibility and authority should be maintained, this is it.

REA'S AMBITIONS

Rural electrification in this country is virtually complete.

This means that the job of the Rural Electrical Administration, so far as major expansion is concerned, is ended. But that fact has made REA heads extremely unhappy. So they are looking for new worlds to conquer—worlds far removed from rural electrification.

The law, for obvious reasons, prevents REA from going into municipalities. These are now served by taxpaying private enterprise or, in some cases, by municipal systems. But REA looks on this market with an envious eye. So it is seeking legislative authorization to serve incorporated towns and cities of more than 1500 population. The reason is clear. As Glenn Martz of the Washington News Syndicate writes: "If REA is permitted to serve urbanites as well as farmers—if it is authorized to go into direct competition with private power companies now manufacturing and channeling power to city homes and industrial plants, its service will expand tremendously."

And, if this happens, the service will expand primarily at the expense of the taxpayers at large. Mr. Martz in Texas, where it has been especially active, and where a state law favorable to REA objectives has been passed. In a late year, the 76 REA Texas co-ops paid a total of \$490,718 in taxes, which amounted to about 1½ cents of each dollar of consumer revenue. By way of contrast, the private utilities paid just under \$90 million in taxes, which worked out to 26 cents on each dollar of revenue. Putting it another way, the private utilities had 10½ times as much revenue as REA co-ops—but paid 183 times the taxes.

Mr. Martz suggests that if REA heads really want to put the organization "on an equal rights" basis with private industry it should assume the tax, interest and other burdens imposed on operators within the framework of free enterprise. Taxpayers and consumers should not be burdened further with free-loading governmental agencies.

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

TELEPHONE TALK

by Clyde Dickerson, Manager

TODAY, YOU'RE STILL PAYING WORLD WAR II "EMERGENCY TAXES" ON YOUR TELEPHONE BILL

Next time you're checking over the charges on your monthly telephone bill, take a real close look at the second line from the top. Notice the figure indented under the word TAX.

I imagine you've seen it so often you hardly even pay any attention to it any more. And yet, it deserves your very special attention because it's about the closest thing to an unfair tax you'll ever be required to pay.

10% FEDERAL EXCISE TAX

Most of that amount represents federal (U. S.) excise taxes—10c on every dollar of local and Long Distance phone service.

Doubtless few people even remember, but federal excise taxes were World War II emergency taxes designed to help raise money for defense, and to discourage use of vital telephones lines which were then needed for essential war time purposes. When they were put on the books, the Chairman of the Ways and Means Committee told Congress, "The increases on present excises, and new taxes, are temporary and will expire after the war."

Well, the war is over. But you and I are still paying the taxes. Continuing World War II emergency taxes on an essential item like telephone service is so unbelievable it's almost funny. Except it's a little hard to laugh when you're being belted in the pocket-book that hard.

ONLY ON TELEPHONE SERVICE

Of the four essential household utilities—gas, water, lights, telephone—only your telephone service is subject to excise taxes.

And as if the tax itself isn't enough, there's also a hidden cost involved. You pay that, too. You see, we have to collect the tax and pass the proceeds along to Uncle Sam. This extra book-keeping and billing adds to the expense of running the telephone business. Since we get the money to operate the business from only one source . . . our customers . . . you not only pay the tax, but the cost of collecting it as well.

If you feel as I do, that this unfair tax should be repealed, I invite you to write Senators Lyndon Johnson and Ralph Yarborough and Representative Walter Rogers and tell them so. One more reminder won't surprise them. They'll already have heard about it from me.

An electric yard light says "hello" to your guests before they reach the door. Installation is quick and easy — no muss or fuss — no major construction. Always economical — electric service is your biggest bargain. Give your home that friendly, welcome look with an electric yard light.

THE HEART

By Eddie Tarbet, Minister
Kellerville Church of Christ

Solomon, the wise man, said, "Keep thy heart with all diligence; for out of it are the issues of life." What heart was Solomon talking about? Is it the physical heart or the spiritual heart? In the New Testament, we have scriptures to show what the heart is. Jesus said in Matthew 6:21, "For where your treasure is, there will your heart be also." "And Jesus knowing their thoughts, said, wherefore think evil in your hearts?" Matt. 9:4. "For out of the abundance of the heart the mouth speaketh." Matt. 12:34. "For with the heart man believeth unto righteousness: and with the mouth confession is made unto salvation." Rom. 10:10. We see that the heart can think, speak, and believe. The heart is also called the mind. Heb. 8:10. What kind of heart do you have? "But God be thanked, that ye were the servants of sin, but ye have obeyed from the heart that form of doctrine which was delivered you." Rom. 6:17. Is your heart right with God? "Keep thy heart with all diligence; for out of it are the issues of life." Prov. 4:23.

HAM ON WRY—Yankees' Bob Turley, voted outstanding major league pitcher of '58, is "served" his new contract, garnished with a wry bit of humor, by manager Casey Stengel, left. Turley, only American League pitcher to win more than 20 games last season, signed for an estimated \$32,000. That would be an approximate rise of \$7,000 over his '58 salary.

A DREAM

By John B. Vannoy
(Continued from last week)
If all men would but truly school
Their hearts and minds to serve
and rule,
Then war on earth would likely
end.
But prospects in this line seem
small,
So very few would heed their
call.
For in his mind the average man
Gives very little thought to way
or plan.
From day to day he plods along:
Within his heart one sings no
song.
But can at any given hour
Decide the fate of balanced

power.
The devil knows this all quite
clear;
From history's dawn, it does
appear
He's tried with all his force to
win
The average man to do his sin.
Then why should men so often
dream
That still there is some other
scheme,
That in its mystic bonds would
All men of earth within its fold,
hold
No other plan I here confess
Has any merit of redress.
Only that that Christ has given,
Which leads the faithful up to
heaven.
The angel kindly said, "Goodby!"
Then took his flight back to the

sky.
So now I hope that man will
school
Their hearts and minds to serve
and rule.
And may the CONFERENCE now
in France
By earnest thought or merest
chance,
Give earth a thousand years of
peace,
And when that ends, renew the
lease.

BAPTISTS BELIEVE GOD LOVES EVERY PERSON

During the war a young soldier was seriously injured in battle. He lingered a long time in the hospitals and finally was discharged to go home to die. He waited cheerfully, having committed himself wholly unto God. When the waiting was over his parents went to sit by his body in the funeral home. Scores of friends came offering words of love and sympathy. One of the last to come was an unthoughtful woman whose lack of faith was well known. She said to the boy's mother, "Where was God when your son died?"

For a moment the mother was overwhelmed. How could she answer that question in so tragic an hour? Then the answer came. She said kindly: "I'll tell you where God was when my son died. He was at the same place he was when his son died, in heaven reaching out in love and compassion for my son and your son."

Few stories could illustrate so well as this one the meaning of the teaching found in the Bible. God's book tells of God's love. It tells of the place of his Son in proving that love. And the Bible tells that life is far from futile, and that there is a door to the life to come for those who live within the words of God's love.

The Bible plainly teaches that

"God is love" (1 John 4:8). For example, John, the disciple who followed Jesus as he taught and healed people, also tells us, "Hereby perceive we the love of God, because he laid down his life for us" (1 John 3:16); and records for us the words of Jesus, "Thou lovedst me before the foundation of the world" (John 17:24). God loved us as sinners, for he commended his love toward us, in that, while we were yet sinners, Christ died for us" (Romans 5:8).

Yes, these are the great truths that God's word teaches. Through his word, God speaks personally to you. "God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16).

Have you ever tried putting yourself into that verse? Try it now by substituting your name for the word "whosoever." If you will do that in faith you will begin to understand the abiding love of God that makes sense out of the puzzles of life. "All things work together for good to them that love God, to them who are the called according to his purpose" (Romans 8:28).

Yes, this is what the Bible teaches, and this is what Baptists believe. Would you like to know more? We invite you to attend a Baptist church convenient to you or call its pastor.

Lady Bryant Resigns as Librarian

Announcement was made this week of the resignation of Lady Bryant as librarian of Lovett Memorial Library in McLean. Mayor Ed Lander reported that at the next regular meeting of the city council a temporary, or possibly permanent appointment would be made. The resignation of Mrs. Bryant was effective Feb. 6.

CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

Mrs. C. T. Bruns and family

Mrs. Mattie McAdams and daughter, Mrs. C. L. Wimberly, of Groom visited in the Haskell Smith home Friday.

Mrs. Joy Harlan and daughter, Kathy, had as their guests last week Mrs. Harlan's mother, Mrs. Isla Hicks of Comanche, and her brother, S. Sgt. Charles Hicks of San Antonio.

A doctor was fuming when he finally reached his table at a banquet, after breaking away from a woman who sought advice on a personal health problem.

"Do you think I should send her a bill?" he asked a lawyer who was sitting next to him.

"Why not?" the lawyer replied. "You rendered professional services by giving advice."

"Thanks," said the physician. "I think I'll do that." When the doctor went to his office the next day to send a bill to the annoying woman, he found a letter from the lawyer. It read: "For legal services \$25.00."

Be sure you don't neglect the maintenance of your car. Regular dependable lubrication pays off in many ways so don't put it off. And also try a tank of our good Chevron gas.
