

TIGER BASKETBALL RESULTS

McLean's Tigers dropped a district game to Canadian by a trim 1 point during the past week while the Tigerettes gained a victory over the Canadian girls. The Tigers dropped by 36-37 with Jim Watson ranking high with 11 points, and Sandra Burnett netted 22 points to lead the girls' game.

Against Lefors, the Tigers fared better, downing Lefors 62-45. Again Watson led, hooping 9 points for McLean.

The Tigerettes used an overtime to down the Lefors girls 45-42, with Sandra Burnett again leading, scoring 25 points.

Friday night the McLean teams take on White Deer in another district round.

H. O. Willborn Seeks Post on State Education

Election to the State Board of Education is being sought by Herbert O. Willborn of Amarillo, long time leader in regional and state educational affairs.

Willborn was appointed on Jan. 1, 1959, to fill the vacancy created by the death of A. R. (Dick) Bivins, who was elected to the post in 1956 to represent the 18th Congressional District on this board.

By state law, appointed members may serve only until the next general election. Willborn's term, however, will be for only two years, since Bivins' term covered the years of 1956-62.

Willborn served on the Amarillo school board from 1949 until he resigned to take the state board position. He also served on the Amarillo College Board of Regents for the same period.

Long before his service at the state level, Willborn had influenced school legislation. It was principally through his research and planning that Senate Bill No. 116, which allows school districts to have a more fluid financing program, while controlling the total of taxation for construction purposes, was passed. The bill provided a much wider market for school bonds, by providing a secure base related to valuations of the district.

Willborn has also served on a special committee appointed by the governor and with membership from the Texas State Teachers Association to study pay schedules for all teachers in Texas. As the result of this committee report, a pay raise of \$405 was granted.

He also served on the State Junior College Study Commission to study relationship of the junior college movement to the state educational system, and to recommend legislation. He is now serving on the special committee on junior colleges established by the State Board of Education. This committee will form a special study commission to formulate criteria under which new junior college districts can be formed. Lay members will serve on this commission.

Mr. and Mrs. Charles Bailey and children of Pampa and Mr. and Mrs. Gene Bailey and children of Kellerville visited their parents and grandparents, Mr. and Mrs. Jack Bailey, Sunday.

City Manager Resigns To Accept Post In Mexia, Texas

Announcement was received today of the resignation of Dan Mize, McLean city manager for the past year. Mize resigned his post to accept the position as city manager at Mexia, a Central Texas city of approximately 9,000 population.

The resignation will be effective March 1. Mize has served as the first city manager in the history of McLean.

In tendering his resignation to the city council, Mize gave the following statement: "I wish to thank the fine people of McLean for their cooperation this past year and I feel with this continued cooperation and capable leadership that McLean has a bright future. The promotion and job challenge in Mexia offered us an opportunity we could not afford to turn down. I wish also to thank the city council and the city employees for their fine cooperation which has really helped make our stay in McLean a very pleasant one. Our wishes will always be for a better McLean."

During the short tenure of Mize in McLean, he has worked with the mayor and council in bringing about many progressive projects for the community. Foremost among these were the purchase of a new garbage truck, 11 blocks of paving and several more of seal coating, over 10,000 feet of curb and gutter, and several thousand feet of sewer, gas and water lines. All indebtedness from these projects will be cleared with a final payment to be made this month. Additionally, the available operating funds of the city will be as much or more than on March 1, 1959.

Announcements concerning a replacement for Mize will be made by the council in the near future.

Deadline Set For Stories

Due to the necessity of mailing The News early enough on Thursday to reach all route deliveries, a deadline of Tuesday noon must be observed in receiving news.

All stories received after Tuesday noon will be printed in the paper a week from the immediate Thursday. This will be with the exception of obituaries or late stories of more import.

Dr. Carl Ashby's Company Delivers Space Test Chamber

Dr. Carl Ashby, son of Mrs. R. N. Ashby of McLean, is president of Conrad, Inc., of Holland, Mich., the company that recently delivered to the U. S. government the largest pre-engineered and pre-fabricated space test chamber in the world. The test chamber will be used to simulate space conditions in tests designed to assure man of success in his invasion of outer space.

Dr. Ashby graduated from McLean High School in 1923 and received his PHD from Texas University in 1934. For 21 years he worked for Servel Electroflux at Evansville, Ind., and has been president of Conrad, Inc., since March, 1956.

Sponsoring the winner in the contest was Richerson-Lamb Funeral home. Roy Campbell Lumber Co. sponsored Miss Pagan and The McLean News was sponsor for Miss Turner.

Local Area Represented In Railroad Commission Hearing

McLean and community were represented in Amarillo Tuesday when a hearing by the Railroad Commission was held to determine whether or not a change should be made in the east and west Panhandle fields in regard to gas wells drilling.

Presently, McLean is located in the west Panhandle field, which allows by Commission rule only one well per section. The east Panhandle field allows one well per quarter section.

A meeting was held Tuesday by the interested parties of the community and three petitions, submitted by the city council, the McLean school board and the royalty owners were drawn up. At the meeting John Haynes was elected to represent the groups by submitting the signed petitions.

YOUTH WEEK IS PLANNED

The Presbyterian and Methodist youth have planned two events during Youth Week as recognized by the National Council of Churches. Youth throughout the world will be gathering together during the week of Jan. 31 thru Feb. 7 for the fellowship of study, worship, work and play.

There will be a youth banquet on Wednesday night, Feb. 3, at 6:30 p. m. at the Presbyterian church. We invite all youth of the community to participate in an evening of Christian fellowship. Miss Judy Glass is chairman of the banquet committee and Keith Goodman is chairman of the program committee. Following the banquet there will be a discussion period on "The Need and Purpose of a Youth Council for McLean."

A youth rally will be held Sunday night, Feb. 7, at 7:30 in the Methodist church. The guest speaker will be Melvin T. Munn of Pampa who will preach the "Sermon on the Mount." He will be assisted by Mert Cooper of Pampa. This will be the 1,216th time for Mr. Munn to give the Sermon on the Mount. He has given it in all of the original 48 states. This will be a great experience for both the young and old.

Doug Crockett is chairman of the worship committee and Miss Nancy Meacham is chairman of the publicity committee.

Essentially, the petitions stated that the west Panhandle field was being discriminated against in that the number of wells is considerably less than that of the east field. They asked that the fields be combined and that the west field also be allowed one well per quarter section.

The outcome of the meeting would either be a decision to leave

the fields as they are; combine the two into one field; or allow the west field the same number of wells as the east field, still existing separately. At the time of publication, no decision had been announced.

Should the west field be allowed its requests, McLean and community would profit greatly from the increased production.

MARCH OF DIMES SHAPES AS ONE OF BEST DRIVES YET

Local chairman Dan Mize announced this week that a total of \$902.27 had been contributed thus far in the March of Dimes campaign.

With still a considerable quantity to be gathered, the prospect is for one of the biggest years yet in the annual drive.

Mize reported that \$459.15 was turned in from the Mothers' March, \$416.65 from the bucket

brigade and \$26.57 from coffee days. Merchants contributing to the coffee days were Hindman Hotel Coffee Shop, Brown's Rexall Drug, Greyhound Drug and McLean Cafe.

Still to be collected are all the canisters distributed in business houses, and the donations by the business men.

Last year the drive total was just over \$1000, and this year prospects point to far over that amount.

Included in the March of Dimes research and care has been arthritis and birth defects, in addition to the extensive polio work. All persons who have not contributed may do so throughout the month of January in the canisters in all McLean businesses.

Future Business Leaders to Meet

Officers in the Future Business Leaders of America organization will be installed Monday at 7 p. m. in the high school auditorium. Students from Amarillo Palo Duro High School will serve as installing officers.

All students, parents and businessmen are cordially invited to attend this formal installation.

A monthly meeting of the Future Business Leaders of America will be held Thursday night at 7 in the high school. Joe McDonald will be the speaker.

Everyone is urged to attend this meeting.

Mr. and Mrs. Howard Crowe of Hammond, Ind., are visiting with the Miro Pagan family.

Mrs. Joe Gaham and Gary visited her sister, Mrs. C. H. Bell, and family in Panhandle Sunday.

Street Project Carried Out Here

Three streets have been given new names, and seven re-named in the most recent project being carried out by the city council.

Along with the street name changes, which were enacted for convenience in location, new street signs are being erected in the entire area within the city limits.

City Manager Dan Mize reported this week that the city council passed on new street names as follows: North line road to be "Morse" street, west line road to be "Sitter" street, and east line road to be "McCart" street.

In re-naming, the following changes have been made: South First to "Graham," South Second to "Foster," South Third to "Heasley," South Fourth to "Rice," First to "Boyet," Second Street to "Kibler," and Third Street to "Bailey."

New street signs have been put up in the areas nearest the business district, and the remainder will be added in the forthcoming weeks. Mize stated that the new signs would be posted throughout the city limit area.

In addition to new street signs, correct house numbers will be available to all residents. When the signs arrive they may be picked up at the city hall and posted on the local homes.

The project by the council will not only furnish means of location in the city, but will eliminate confusion in the street names.

A lesson in cryptography

Reading a doctor's prescription is not quite as hard as breaking a code. What appears to be scribbling is really medical shorthand that physicians use to tell us your needs. It can be read by pharmacists anywhere and lets us, here in your neighborhood, fill any prescription no matter which doctor writes it. Chances are we could fill a prescription from Afghanistan. No matter what it looks like to you, the important thing is that we can read it and serve your needs.

Welcomes You

NINETEEN HUNDRED YEARS AGO THE CHURCH OF CHRIST
You are invited to investigate

The church of Christ had its beginning upon the first Pentecost after the death, burial and resurrection of Christ, in the year 33 A. D., in the city of Jerusalem, and it today has the same name, doctrine and practice as during the first century of Christianity.

In Matthew 16:18 Jesus said, "And I say also unto thee that thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it." And in the next verse He refers to the church as the kingdom of heaven. Mark 9:1 tells us, "That there be some of them standing here, which shall not taste of death, till they have seen the kingdom of God come with power." After Christ died, and before He ascended He told the disciples, "Tarry ye in the city of Jerusalem, until ye be endued with power from on high." Luke 24:49. In Acts 2:1-4 we read of the power or Holy Spirit coming upon the apostles, and have recorded the sermon of Peter under the direction of the Holy Spirit, Acts 2:14-36. In Acts 2:38 Peter gives this answer to the inquiring sinners who believed, "Repent, and be baptized everyone of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." Then we are told in Acts 2:47 "And the Lord added to the church daily such as should be saved." For the first time the church is spoken of as being in existence. Time, Pentecost, 33 A. D. Place, Jerusalem.

"CUSTOMER CONTROL" OF EDUCATION

Writing in Nation's Business, Felix Morley says that the decade we have just entered will probably show much-needed improvement in the quality of public education. Throughout the country school discipline is becoming more firm and instruction more exacting. Then he makes this significant observation: "The movement up from educational decadence, it should be emphasized, has not come as a result of federal aid. The effort to have public instruction increasingly financed, and therefore increasingly controlled, from Washington continues. But this year it seems more feeble. There are no longer any valid arguments for taking the financing of education away from the localities, where the knowledge of both school needs and school accomplishment is naturally most complete."

Taxpayers everywhere have shown, by their vote, that they are willing to put up whatever money is needed for first-class public education. But they are also demanding, in ever increasing numbers, that frills and extravagance be eliminated—whether they consist of ridiculously expensive physical plants or "life adjustment" courses that would bore any intelligent and ambitious student to death and that have no place in a meaningful educational system.

Mr. Morley also says: "If funds for the public schools were derived from federal taxation . . . there would be no need for county or municipal bond issues in this field and therefore no customer control over educational vagaries." The result would be waste of money on a gigantic scale—and, worse, declining educational standards as the Washington bureaucrats put their pet theories into practice. "Customer control" is essential both to good and fundamental education and to properly-priced education.

WHAT A YARDSTICK

Suppose you, as an operator of a business, were able by some means to eliminate your major item of operating expense. It would then be a simple matter to undersell your competitors who lacked that advantage. That is precisely what happens when government goes into business as an operator of an electric power system.

A Southern utility company, in a report to stockholders, tells the story simply—and this company's experience is typical of the utility business as a whole. Last year its tax bill came to \$17,335,551. By way of contrast, employees got \$9,239,032 and the stockholders \$8,641,895.

Government systems, on the other hand, either pay nothing in taxes or comparatively small sums in lieu of taxes. The utility company in question paid about 25 cents out of every revenue dollar received. But the Tennessee Valley Authority pays only 2.27 out of every revenue dollar—and REA co-ops only 2.92 cents.

In effect, the customers of the taxpaying utility companies make up the taxes which socialized operations dodge. They must also chip in to pay for the other privileges given the socialized operations—such as interest rates on capital which are far below the current market.

And socialized power, TVA-style, was sold to the public as a yardstick with which to measure the propriety of electric bills!

TOCQUEVILLE WAS RIGHT

Writing editorially in the Saturday Evening Post, Oscar Lbele, professor of political science at Kent State University, said in part:

"What the government subsidizes it can also control. As its power increases, our freedom diminishes. Many vigilant persons recognize this peril to their liberties, but in the face of the tremendous voting power of the pressure groups and other recipients of 'free' federal money, the odds are increasingly against them.

"De Tocqueville was right. It is possible for the people to vote themselves into bondage. We shall be fortunate if this doesn't happen to us."

A Cub Scout eagerly awaited his first field trip, a visit to Treasure Island Navy Base. The great day came, and on his return his parents expected a glowing account of the ships. Instead, they were greeted by, "Hi! I learned a dirty word from the Navy!"

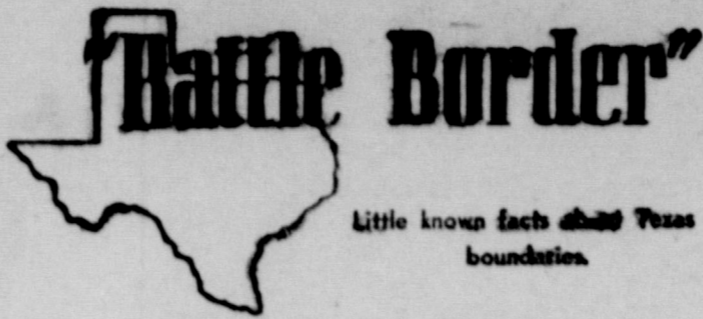

"The father gingerly asked, 'Well, what is it?'"
"The worried look turned to a wide grin as the Cub replied, 'Army!'"

A PUBLIC SERVICE OF THE TEXAS ATTORNEY GENERAL'S OFFICE

Editor's Note: This is the 6th in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up little known facts which shaped the Texas of today.)

Texas fought hard for Greer County but finally lost to Oklahoma.

In 1890 Congress created the Territory of Oklahoma out of a portion of the Indian territory which was bounded on the west and south by Texas.

In the same breath it directed

that a law suit be filed in the Supreme Court to settle the controversy as to who owned Greer County, Texas.

In March, 1896, the Supreme Court ruled that the Treaty of 1819 called for TRUE 100th Meridian as the boundary line and not the surveyor's mistake. The court specified the south bank of the south fork.

This last seems to have gone unnoticed at the time but it did evoke howls of anguish later when big oil money was at stake.

Will Wilson says that the dispute over Greer county led an Oklahoma nester to remark "I ain't moved an inch in nigh on 50 years but I've lived in one Injun territory, two states and three dad-gum counties."

In 1901 Congress authorized another attempt to pin down the meandering meridian and several surveys followed.

"The area was rapidly taking on the aspects of Boot Hill cemetery with the various markers erected by the different surveyors," Wilson notes.

In 1906 Oklahoma was admitted as a state and a new face and voice was added to the dispute. Texas announced in 1919 her intention to sue Oklahoma.

But Oklahoma filed first, attempting to establish the boundary along the Red River.

Texas counterclaimed and sued for location of the line constituting the eastern boundary of the Texas Panhandle and the western line of Oklahoma.

Rather than confront the task of deciding which of the many meridian locaters was right, the U. S. Supreme Court said the true 100th meridian remained yet to be discovered and named the man to discover it—Samuel S. Gannett. Gannett styled himself a geodetic and astronomic engineer.

Gannett ran the line once again, marking it with monuments, from the south bank of the south fork of the Red River to the northernmost Texas boundary.

Out of all this Texas gained a strip of land over three quarters of a mile wide and 133 miles long located along the tier of counties forming the eastern boundary of our Panhandle but lost Greer County.

The remark of an old Oklahoma nester indicates how the hard fight had affected the lives of the local citizens.

Charles Carpenters Entertain
Mr. and Mrs. Charles Carpenter entertained a number of their friends with a big turkey dinner Sunday. Those present were J. S. Morse and family, J. M. Noel and family, S. E. Boyett and wife, Mrs. A. Stanfield and daughters, Miss Opal Weaver, and Messrs. Frank Stockton, Harold Rippy and Ben Pierce.

Several Cases of Influenza Here
Up to noon yesterday local physicians reported 18 cases of influenza in McLean and seven in the country. As had been predicted by state and national health authorities, all these cases are of the milder type, extremely so as compared with the severity of it when it first made its appearance here last winter.

Coffey-Alexander
On Monday morning at 11 o'clock at the court house in Oklahoma City, District Judge Oldfield performed the marriage ceremony of Mr. T. J. Coffey and Miss Annie Alexander, both of this city.

The wedding was not a surprise, for their many friends had been predicting the event for some time.

Mr. Coffey is one of our most prominent merchants, having been here for the past five years.

Miss Alexander is the daughter of Mr. and Mrs. J. P. Alexander of Hedley, but has been in McLean for the past seven months employed in the post office.

Both young people have many friends in McLean who wish them a long and prosperous life. They will make their home for the present at the Hindman Hotel.

TELEPHONE TALK

by Joe McDonald, Manager

HOW WE MANAGE THE TELEPHONE BUSINESS

With the beginning of a new year, many folks take stock of their old resolutions and make any changes that are needed.

Here at the telephone company there's one resolution that never changes, no matter how many times we review it. It is to manage the business in the best interest of the public, employees and shareholders.

The telephone company exists for one purpose: to furnish you the best possible telephone service at reasonable cost—a cost consistent with financial safety and fair treatment of employees.

SERVICE HAS BEEN IMPROVED

Good service, of course, is our first objective. But since the only good service is one that continually improves, a planned program of service improvements is called for.

During 1959 many changes were made in the McLean exchange which we consider to be distinct improvements.

First of all we put the finishing touches on our new building and then brought in Western Electric installers along about April to put in the most up-to-date switching equipment we could offer for our McLean subscribers. While all this was being done we took a good look at our outside plant and decided that in order for McLean to have first class service we had better replace a lot of it. And we did.

Then we knocked on many doors and asked our telephone users if we might give them a new dial telephone instrument. Rural lines weren't in too good a condition either, so we rebuilt many of them. We even found that we had people inside the city limits which weren't being served. So, we extended our plant facilities so that these people might also have service.

We've been busy this last year in McLean, but it gives us a lot of satisfaction when we can point to what we did and say, "This is a service improvement."

A BIG JOB

Improvement of telephone service is a big job, but probably the biggest of all is expanding the telephone network. Just look at the growth here in McLean: 794 phones today, compared with approximately 400 in 1950, and one out of 13 residential customers has at least one extension phone.

Good service also takes willing owners, folks who've invested savings in the business and depend on management to run it in a sound, profitable manner. If their money can't earn a reasonable profit in the telephone business, who can expect them to continue investing it with us?

With good earnings, we can plan ahead with confidence, build for the future, striving always to give you the best telephone service we know how.

Call by number. It's twice as fast.

To Spend a Month in Factory

Leo Heasley, who fixes flippers and automobiles at the Bentley garage, left yesterday for Detroit, Mich., where he will spend a month at the Ford Motor Co. Factories, studying the Ford service course, which will teach him all the latest wrinkles and the old tricks he might have overlooked, in repairing Ford cars. This course will be of great benefit to the Ford owners served by the Bentley garage, for Leo will be a pretty tricky sort of guy when he comes back. He is already an expert mechanic, and a common saying among autoists is "Leo can fix it."

COLUMBIAN CARBON NAMES NEW DIRECTORS TO BOARD

Charles Roberts was elected as president of the board of directors of the Columbian Carbon Federal Credit Union, to serve a term of two years, Friday night, Jan. 22, in the high school cafeteria, to fill the office filled the past two years by C. A. Hammer.

Edgar Rosson and Royce Fields were also elected to the board to fill two year terms. Bill Teel and Howard Archer, having already served one year, have one more year to serve. Rosson holds the office of vice president; Fields, secretary; and Teel, treasurer.

Elected to serve with Lonnie Ables on the credit committee were Tony Simmons and Calvin Lacy. Thursday night of each week was set by the committee as meeting night for approval of loans unless in an emergency case.

It was announced that a 5% dividend has been declared to all shareholders, by the treasurer, to be either paid in cash or added to share accounts.

C. A. Hammer presided at the meeting and announced that by-laws added include that the board of directors meet once each month

that an annual salary be paid the treasurer, and that members of the supervisory committee will be appointed by the board.

The speaker of the evening was unable to attend. Refreshments were served.

Attending were Bill Teel, C. A. Hammer, J. P. Bussell, Edgar Rosson, W. B. Minter, Joe Watson, Charles Roberts, H. L. Teel, L. T. Smith, Carl Wall, Tom Blake, Don Riley, Royce Fields, Calvin Lacy, Gene Fort, Lonnie Ables, Roy L. Jordan, Mesdames Hammer, Rosson and Roberts.

LIONS HOLD REGULAR MEET

The Lions Club board of directors met for their regular breakfast in the civic center Monday morning, Jan. 22, for a discussion of gun club regulations and finances of the gun club and Lions club.

Walter J. Morris and Harvey H. Graham were accepted as new members into the club. Toby Williams was made a member at large.

Present for the directors meeting were Boyd Beck, John Archer, Walter Elliott, C. J. Trusty, Aubrey Carlton, Fred Blackwell, Ray DeGray, B. J. Thacker, Jerry Jacobs, David Robinson, and Bill Watson.

Grainger McIlhenny, state representative, brought the address at the evening meeting of the Lions Club at 7:30 p. m. on ideas in regard to the new automobile insurance, state highway road improvement, tax needs, secured business loans, and state government as a whole, to the 50 members present.

Mrs. Joe Archer, hostess, served a buffet of fritos, dips, potato chips and orange ice.

One guest, Mrs. Jean Fletcher, was present; and members, Mesdames Tony Blvins, Billy Cox, Ray Dickerson, E. L. Foshee, Bud Means, J. M. McPherson, Wayne Sims, besides those already mentioned.

Teams Receive Sportsmanship Trophy

Sportsmanship trophy was received by the Lefors girls junior high basketball team in the Wheeler tournament, held Jan. 18 through 23. Lefors boys junior high team received the runnerup championship trophy, losing in the final game to Wheeler.

McLean beat Mobeetie for the girls consolation trophy, with Wheeler winning the runnerup, and Miami beating Wheeler for the championship in the girls division.

School Census Being Taken

"All persons living in the Lefors school district who will be among the ages of six through 18 in September, 1960, must be enumerated in the school census," stated David Robinson, school business manager, this week.

As in the past, the census will be taken throughout the month of January. Anyone who is not in the Lefors school now, but will be in the age group 6 through 18, please contact Virginia Archer or David Robinson at the school business office.

Poll Tax Due!

Poll taxes for 1959 can be paid at the business office of Lefors schools, to David Robinson, business manager, on or before Jan. 31.

Mr. and Mrs. Bob Peterson of Lubbock, formerly of Lefors where Bob was grade school principal, are the parents of a boy born Jan. 12 and named Robert Michael.

Mr. and Mrs. Gene Robertson visited in Shamrock Sunday afternoon and night with Gene's grandfather, J. R. Pruett.

Visiting in the W. M. Wilson home over the week end were their children and families, the Bill Wilsons of Skellytown, the Dan Davis family of Canyon and the Austin Wilsons of Pampa.

Mr. and Mrs. Jeral Loveless and daughter, Ann, of McLean who have been stationed at McLellan Air Force Base near Sacramento, Calif., have been visiting her parents, Mr. and Mrs. Charles Lisenbee, on their way to Sheppard Air Force Base, Wichita Falls, where they will now be stationed.

Mrs. Melba Ward of Ft. Stockton is visiting her parents, Mr. and Mrs. H. L. McCauley, for a few days. Another daughter, Peggy McCauley, who has been attending WTSC in Canyon, plans to go to Alpine her second semester.

Chestene Dunn has returned from Dallas where he took a four day Texaco first aid instruction course.

Miss Halley Named FHA Sweetheart

Miss Barbara Halley, Lefors High School junior, has been chosen sweetheart of the Future Homemakers of America, and will be crowned on Feb. 1 in a ceremony to be held in the cafeteria.

Her beau will be Jerry Fitch. Attendants will include Paula Cumberledge, senior, escorted by Dean Wilson; Martha Carter, junior, escorted by Doug Burress; Judy Lane, sophomore, escorted by Travis Dorsey; and Kaola Lisenbee, freshman, escorted by Anthony McCool.

At a recent meeting of the FHA, Miss Halley was also chosen by the chapter as "Girl of the Month" for November, along with Miss Linda Robinson as girl of the month for December.

BEN WHITE SEEKS POST OF CONSTABLE

R. B. "Ben" White has announced his candidacy for the office of Constable, Precinct 1.

Thirty years old, the local filling station operator was attached to the provost marshal's office in the U. S. army, infantry, for two years and feels that this experience would well qualify him for the office.

He resides in Lefors with his wife, Mary, and their five children, Beverly, Joy, Benny, David and Philip, and is a member of the First Baptist Church.

TWO FIRE CALLS MADE

Two fire calls were answered by the Lefors Volunteer Fire Department this week, the first being a well fire on the Skelly lease two miles southeast of town, on Thursday, Jan. 21. The fire was brought under control in about 15 minutes.

A call was made Sunday night, Jan. 24, which was a car that was thought to be on fire, but luckily it was only a cloth which had caught fire in the back of a car owned by Eli Radabough.

Boyd Beck, Lefors MOD chairman, and Jerry Jacobs, school superintendent and Lions Club president, are very busy with the March of Dimes collection and were participants in a pie parlay, for which \$1 per person was paid by viewers to see them mugged with meringue in Buddy's Cafe. A final report of the proceeds will be made by Beck after the Mothers March on Jan. 28.

Glenda Northcott Given Shower

Glenda Northcott, bride-elect of Jerry Pflug, was honored with a bridal shower in the civic center Friday night, Jan. 22, by 29 friends and classmates who were hostesses.

Blue and white were used in the receiving room. A corsage of white carnations tied in blue ribbon was presented to the honoree

and to her mother, Mrs. Vernon Northcott, and Mrs. Walter Pflug, mother of the bridegroom-to-be. Jannis Dunham registered guests and along with Peggy McCauley, served the sheet cake and punch. The wedding is planned for Friday night, Jan. 29, at 7:30 in the Lefors Methodist church.

Mr. and Mrs. Frank Mote spent Sunday in Amarillo visiting with their son and family, Mr. and Mrs. A. L. Mote and family.

20-30 CLUB HAS MEETING

Art, china painting and unique ideas were presented by Mrs. B. V. Brummett, guest speaker, to members and guests of the 20-30 Club at a meeting held Friday night, Jan. 22, in the home of Mrs. B. D. Vaughn.

A sweetheart valentine party was planned by the group for Feb. 5. A sweetheart of the club will be chosen at that time in a special ceremony to be followed by dinner and a show.

Mrs. Joe Archer, hostess, served a buffet of fritos, dips, potato chips and orange ice.

One guest, Mrs. Jean Fletcher, was present; and members, Mesdames Tony Blvins, Billy Cox, Ray Dickerson, E. L. Foshee, Bud Means, J. M. McPherson, Wayne Sims, besides those already mentioned.
