Serving the Interests of McLean, Southern Gray County and Surrounding Communities

Price 10c

Vol. 58

McLean, Gray County, Texas, Thursday, May 25, 1961

No. 21

**CAMPOREE WINNERS:** Members of the McLean Boy Scout Troop 25 pose with the ribbons they won recently for participating in scouting events at the camporee on the Davis Ranch near Lefors. Left to right, they are: **FRONT ROW**—James Adams, Bryan Parker, Arthur Dwyer and Kenneth Parrish; **SECONDO ROW**—Skipper Dwight (partially hidden), Drew Fuller, and Randy Hess; **BACK ROW**—Lonny Easley, Johnny Fuller and Douglas Ellison.

## Just Between Us

We, and a host of others, are beginning to wonder who 'hopped to that water tank—or horse trough—which was supposed to have been placed in the heart of town as a dunking place for "Chickens."

But whether it's ever actually brought forth or not, the psychological effect of the threat is bringing results.

Few smooth-faced men in the city have failed to purchase their "I'm Chicken" cards, thanks to the persistence of one John C. Haynes, our energetic mayor.

He grabbed the cards from our office almost before the ink was dry and began peddling them all over town.

One beardless gent has about decided he will voluntarily leap into any tank erected. The appearance of a sign high above the door of the McLean Cafe made Bryan McPherson a bit eager to hit the water—before he gets thrown.

The sign reads: "No one in McLean is going to throw me in the water tank." And it's signed "Bryan McPherson."

Bryan, however, declares the signature is a forgery, and he'd yank the sign down if he could reach it.

While causing considerable misery, these beards have been worth the embarrassing stares and giggles.

We never fail to attract attention, no matter how much we try to avoid it, when making a trip outside McLean. And we're sure the same is true with all other bearded McLeannites.

Then there always comes the opportunity to tell the reason for the growth. Thus the word about our celebration is spread.

Under threat of a libel suit, we hereby apologize to S. A. Cousins and spouse.

There wasn't a clearly defined ending to the Memory Lane column in last week's McLean News. And sure enough, a personal about S. A. and his wife visiting her parents followed—making it appear the visit occurred 40 years ago. S. A. admits to "getting elderly," but emphatically denies he's been (See JBU, Page 5)

## ELECTION OF NEW U. S. SENATOR IS SLATED SATURDAY

Saturday will be election day throughout the state of Texas, but there appeared little interest in McLean, where most attention is being focused on the forthcoming 66 Roundup, Rodeo and Horse Show festivities.

Nevertheless, the state will choose a new United States senator.

Democrat William Blakley and Republican John Tower are competing for the seat left vacant when Lyndon B. Johnson was elected vice president.

Voting 8 a. m. to 7 p. m. Voting will be in city hall from 8 a. m. to 7 p. m.

Blakley and Tower emerged the winners from a large field of candidates in the special primary election several weeks ago, with the Republican the top vote-getter.

Blakley currently is serving as interim senator, having been appointed by Gov. Price Daniel to serve until a new senator is elected.

## Stock Survey to Be Conducted in June

McLean Postmaster Bill Reeves this week reminded rural patrons to be on the lookout for June livestock survey cards.

Next week mail carriers will leave survey cards in a sample of boxes along their routes.

Jim Hathaway, Route 1 carrier, will assist with the survey in this area.

The U. S. Department of Agriculture estimates on replies to this survey," Reeves explained. "It is important for everyone who gets a card to fill it out and return it to the carrier. This way, the USDA gets a true sample of the area's livestock and poultry holdings."

The postmaster pointed out that information from the survey will guide livestock and poultry producers in making important business decisions.

## Band Students Will Prepare for Parade

All sixth through 12th grade band students have been asked to meet at the band hall at 3:30 p. m. next Wednesday to prepare for marching in the parade opening the 66 Roundup, Rodeo and Horse Show celebration here.

Jim Boyd, director, said the students should be dressed in jeans and western wear.

## SCOUTS TAKE TWO RIBBONS

Boy Scouts of McLean Troop 25 returned home from a recent camporee with two fine ribbons—and considerable praise from their leader.

The youngsters competed with other Boy Scouts from the area in scouting skills and events at a camporee on the Davis Ranch near Lefors.

The camporee was a warmup for Camp Kiowa to be held June 4-11 at Lake Marvin near Canadian.

Roy Hess, scoutmaster, said he was "especially proud" of the boys.

All Tenderfeet He pointed out that they are all tenderfeet working toward second class ratings—which they expect to receive at Camp Kiowa.

Hess and Don Blair, assistant scoutmaster, accompanied the youths to the camporee.

The scoutmaster reported that the McLean Scouts received several compliments on their behavior and participation in the various events.

Troop members are Lonny Easley, Johnny Fuller, Douglas Ellison, Skipper Dwight, Drew Fuller, Randy Hess, James Adams, Bryan Parker, Arthur Dwyer and Kenneth Parrish.

## Reeves to Attend Postmasters Meet

McLean Postmaster Bill Reeves and family will attend the convention of the Texas chapter, National Association of Postmasters, opening June 4 in Galveston.

Mr. and Mrs. Reeves and their three children—April, John and James—will leave for Galveston next week.

Reeves is the 18th Congressional District director of the Texas chapter.

## Two From McLean To Receive Degrees

Two McLean residents are candidates for degrees from Texas Tech in Lubbock, with commencement exercises scheduled for 8 p. m. next Monday.

They are Milton Gayle Mullanax, to receive the bachelor of arts degree in chemistry, and Patricia Ann Wiggins, the bachelor of science degree in social studies.

A total of 361 seniors are due to receive their degrees. Tech's class of 1961 includes a total of more than 900 students.

## John Owen Rhea Degree Candidate

John Owen Rhea of McLean will receive the bachelor of science degree in meteorology June 3 in commencement exercises at the University of Texas College of Engineering, Austin.

Rhea is among 230 candidates for degrees from the engineering school.

# 66 Rodeo and Horse Show Will Begin on Wednesday

## TRAIL RIDERS BEGIN TRIP TO AMARILLO

McLean took on a festive appearance this week, as time neared for the beginning of the city's 52nd annual 66 Roundup, Rodeo and Horse Show.

Kicking off the four-day celebration next Wednesday will be the traditional down-town parade at 5 p. m. Featured in the procession will be the Amarillo Air Force Base Band and McLean High School Tiger Band.

From that point on through the following Saturday there'll be activities day and night for young and old.

Rodeo performances are scheduled nightly at 8 p. m., and some of the Southwest's top cowboys are expected to compete for the big \$1,800 prize money and \$25 saddle in each rodeo event.

Several Rodeo Events Admission at each show will be \$1.25 for adults and 50 cents for children.

Events, with a \$300 purse and \$15 entry fee, will include saddle bronc riding, bareback bronc riding, bull riding, calf roping, double muzzing and bulldogging.

A \$100 wild bull gold rush, with entry fee to all contestants, and the calf scramble for McLean 4-H and FFA boys on June 3 will be additional rodeo features.

A large group of local and area residents were on their way to Amarillo today on a trail ride to publicize the festivities.

Amarillo Parade Saturday Horseback riders and wagons are included in the procession, which left early this morning and will arrive in Amarillo Friday evening.

The McLeannites will spend Friday night camped on the outskirts of Amarillo, then enter the city Saturday morning for a parade and appearance on television.

Every resident of the city who can is urged to meet the riders in Amarillo early Saturday morning and join in the parade.

Faris Hess is trail boss. The riders were to camp near (See RODEO, Page 5)

## Calves Needed For 4-H, FFA Scramble

Cattle owners in this area interested in donating a calf for the 4-H and FFA calf scramble on the closing night of the McLean 66 Rodeo have been asked to contact either Bob Sherrod or John C. Haynes.

Sherrod said several calves are needed for the event, and he urged persons who can to donate them.

Five calves were donated last year, the first time the scramble was held.

# Feed Grain Program Signup Ends May 31

May 31—next Wednesday—is the final date for signing an intention to participate in the 1961 feed grain program, according to Miss Evelyn Mason, office manager for the Gray County Agricultural Stabilization and Conservation Agency.

Miss Mason said the forms are now being signed in her office in Pampa by interested producers over the county.

The farm operator must sign by May 31 and the owner will have 15 days to sign and return his

**TRAIL RIDERS:** Three McLean trail riders are on their mounts and ready to begin the long trip to Amarillo. Left to right are Buck Henley, Colleen Lee and Arnold Sharp. The host of riders and several wagons headed west on U. S. 66 early this morning, and are scheduled to arrive in Amarillo Saturday morning. Purpose of the ride is to call attention to the McLean 66 Roundup, Rodeo and Horse Show opening at the rodeo arena north of the city next Wednesday for a four-day run. (McLean News Photo)

# Runway Work Underway Here

McLean's Municipal Airport was beginning to look the part this week.

Gray County road equipment was moved to the area, located north of the El Paso Natural Gas Co. plant east of McLean, Tuesday to begin construction of a runway.

County Commissioner Truitt Johnson said work being directed by Road Foreman Red Stapp should, be completed this week.

Four road graders were busy at the site Wednesday afternoon, shaping the landing strip.

The runway will be 60 feet wide and 2,800 feet long, and thus be capable of serving one and two-engine airplanes.

No asphalt will be used on the project at this time. The surface will be oiled and packed.

Better Surface Johnson pointed out, however, that the oil should actually make a better surface for aircraft landing than paving, since no gravel is being used. Gravel from asphalt and chip runways often causes damage to airplanes.

Stapp said he believed there was sufficient clay in the soil at the airport to make a smooth, hard surface which will be serviceable for years.

The airport is located at the former prisoner of war camp, in operation here during World War II. Title to the property was decided to the City of McLean after the POW camp was abandoned in the 1940s.

## Astronette Former Resident of McLean

A former resident of McLean has been chosen one of America's seven "Astronettes," and thus could become the first woman in space.

Mrs. Louis H. Sloan, the former Geraldine Hamilton, was recently announced as one of seven women in the Astronette program.

Her mother is Mrs. Witt Springer of Amarillo, who lived for a number of years in McLean.

Mrs. Sloan, now of Dallas, passed Astronette tests at the Lovelace Foundation in Albuquerque, N. M. The seven women picked for the program were in an original group of 24 invited to take preliminary tests last November.

Files in Derbies An aviation enthusiast, Mrs. Sloan won the Doll Derby, women's air race, in 1959 and 1960 and she entered the Powder Puff Derby—another flight competition for women—in 1959.

Now employed by Air Services, Inc., at Addison Airport in Dallas, she was quoted as saying, following her election as an Astronette: "I've always wanted to fly, but I wanted to be a wife and mother first. As for space travel—if there's something up there, I'd like to be one of the first to see it."

She is the mother of an eight-year old son, David.

# GREENWOOD ON BOARD

Tom Greenwood, production superintendent of Marie Foundations factory here, has been selected as a member of the McLean board of education.

He was named by the school board Monday night to fill the unexpired term of the late Felton Webb.

Webb died early this month after serving only briefly on the board of education. He had been appointed as a school trustee in March following the death of Charles Hall Jr.

Greenwood's appointment to the post came at a special meeting of the board Monday. Board members met to inspect McLean school buildings and attend to other business.

Next regular meeting of the board is scheduled the second Monday in June.

## Memorial Day Rites Set at Cemetery

McLean and the rest of the nation will pause next Tuesday for the observance of Memorial Day.

Special memorial services are scheduled for 9:30 a. m. at Hillcrest Cemetery, with Rev. Dan Beltz, pastor of the First Baptist Church, the speaker.

The services are being sponsored by the Hillcrest Cemetery Association.

City hall and almost every business house and office in McLean are expected to close for the day.

City hall also is scheduled to be closed Saturday during the U. S. senatorial election.

## New Summer Library Hours Announced

Mrs. Guy Hester, librarian, has announced a change in the hours for the Lovett Memorial Library which will be in effect for the summer.

The library will open at 8:30 a. m. instead of 9 and will be closed for lunch from 12 noon until 1 p. m. It will close at the regular time of 5 o'clock and will stay closed all day on Monday.

On Tuesday, May 30, it will not be open in observance of Memorial Day.

Any erroneous reflection upon the character of any person or  
 firm appearing in these columns will be gladly and promptly  
 corrected upon being brought to the attention of the management.

Courage is the key, success is  
 the lock, and work is the power  
 that brings the two together.

Though we work hard to earn  
 our salt, we will never know a  
 perfect day until we do something  
 worthwhile for someone who can  
 never repay us.

There is no job as useless as  
 that of building up self pity. No  
 one will ever let us give our  
 supply away.

We should work to earn all that  
 we can. We should save all that  
 we can. Then, we should give all  
 that we can.

A lot of folks want overtime for  
 their work, when they collect for  
 the wages of sin.

Working together is important.  
 Even a banana soon gets skinned  
 when it leaves the bunch.

Sometimes it is easier to work  
 at the job than it is to convince  
 folks that we have a good excuse  
 for loafing. Once when a boy we  
 were given a bucket of peanuts  
 and told to replant a washed out

spot. After a while we became  
 tired so we dug a deep hole and  
 put the balance of the seed in it.  
 Later when my father plowed the  
 field the whole earth was lifted up  
 by the pile of seed. It would have  
 been easier in many ways to have  
 done the job right.

Some folks seem to work at the  
 job of making a fool of them-  
 selves. This is one time when suc-  
 cess comes easy and most every-  
 one is ready to help you.

There is one kind of work that  
 the doctor never advises against;  
 that of reaching down to help a  
 fellowman along the way of life.  
 This kind of exercise is always good  
 for the heart.

**LOW  
 PRICE  
 IS  
 ONLY  
 HALF THE STORY**

(The other—and even more  
 satisfying—half you'll  
 discover the first time you  
 drive a Corvair!)

And when we say "low  
 price," we mean more than  
 merely the pint-sized figure  
 on the window sticker of a new Corvair.  
 You're going to be saving like sixty on gas.  
 And on the antifreeze you won't buy next  
 winter, and the radiator repairs you'll never  
 have to pay for. About the only things  
 Corvair doesn't skimp on are room, smooth-  
 ness, style and pure driving joy. But that's  
 the other half of the story. Talk to your  
 Chevrolet dealer about it soon!

**CORVAIR** **BY CHEVROLET**

See the new Corvair  
 at your local authorized Chevrolet dealer's

Letter to the Editor

To the Editor of The McLean News:

On behalf of the members of the Tiger Post staff, I want to at- tribute and expression of our gratitude and appreciation to the editor of The McLean News. Words are insufficient when thanks are given for such wonderful cooperation and help.

Mr. and Mrs. Cecil Carter spent Sunday in Amarillo.

Moving of the Cawfield Grocery to the highway was completed this week.

Mr. and Mrs. Albert Yake visited Monday in Pampa with their son, Albert, who is ill.

Mr. and Mrs. George Smith and family are visiting in Canton, Okla., while Mr. Smith is on the eighth grade trip.

Mr. and Mrs. Charlie Mitchell and Mrs. Bob Branch and son of Panhandle visited in the Fay Oakley and O. W. Stapp homes Sunday. They also visited with Mr. and Mrs. Roy Wilson.

Mr. and Mrs. James Darnell and family of Hollis, Okla., visited his mother, Mrs. J. A. Darnell, Sunday.

Savings Bond Sales Hit \$24,502 in April

April E and H savings bond sales in Gray County totaled \$24,502, according to George B. Cree Jr., county savings bond committee chairman.

Elephants usually live from 30 to 40 years, but have been known to reach considerably greater longevity.

Who Dry Cleaned A Fire Zouave's Uniform in 1861?

This is the kind of a uniform that some of the soldiers North and South wore in 1861! This finery didn't last long because clothes could not be dry cleaned but had to be scrubbed with harsh soaps.

MASTER CLEANERS

FEED

(Continued from Page 1) grower is a cooperater.

To participate the operator must divert at least 20 per cent of his feed grain base on the farm.

Farms with a base less than 100 acres can divert 20 per cent plus 20 acres, if they wish, and farms with a base of 25 acres or less may divert the entire acres or only 20 per cent.

"If you participate and agreed to divert a per cent of your base, you can plant the diverted acres in grass or legumes," Miss Mason advised.

The diverted acreage cannot be grazed and a crop cannot be harvested from it during the calendar year of 1961.

Miss Mason added that an operator's wheat or cotton allotment will not be affected by this program—whether he participates or not.

Always apprehensive about flying, a woman boarded the plane and chose a seat next to a solid-looking citizen.

After an hour or so her fellow passenger said with a smile, "Miss, if you would like to rest for a while, I'd be glad to watch that engine for you."

# NEWS from YOUR COUNTY AGRICULTURAL AGENT

TEXAS A & M COLLEGE EXTENSION SERVICE

By FOSTER WHALEY

## FEDERAL GAS TAX REFUND FORMS

We now have in our office Form No. 2250, claim for refund on federal tax on gasoline used on a farm. If you have a gasoline-powered tractor and have never applied for the federal tax refund on gasoline you will stand to lose four cents per gallon on such gasoline which you have used between June 30, 1960, and July 1, 1961.

Time for filing this claim is any time between July 1, 1961, and Oct. 2, 1961, for the previous year as stated above. As far as I know the only place you can obtain these forms is through your county agent's office.

Drop me a card or yell at me when I am in McLean on Tuesdays and I'll be happy to mail you a copy.

## DOES IT PAY TO FERTILIZE?

Most farmers in the McLean area use some type of fertilizer for cotton and grain sorghum. According to checks run by Texas A & M College, profits on cotton can be increased from \$10 to \$60 per acre through a soil test and then carrying out the recommendation of such soil test.

The best place to get that soil test is through your own state-supported soil testing laboratory at Lubbock. Pick up some soil testing cartons and information sheets from Leroy Williams or drop me a line and I will send some to you.

## INSECTS

We have many telephone calls concerning termites under houses in Pampa. If you are having the same trouble in McLean, we would recommend you pick up bulletin No. 64, "Subterranean Termites, Their Prevention and Control," from our office.

## FEED GRAIN PROGRAM

Approximately 31,455 Texas farms have been signed up to participate in the feed grain program at the end of the third week of sign up over the state. There are a total of 151,099 farms that reported a

feed grain base.

A total of 862,357 acres of milo have been signed to be diverted. This represents about one-eighth of the average acreage devoted to grain sorghum in Texas for 1959 and 1960.

Don't overlook a free insurance program. There is no more penalty involved for the person who signs up to divert a given acreage and later does so than the guy who did not sign an intention before the May 31 deadline and he also plants from fence to fence.

Likewise, you will be smart to sign to divert the maximum, since your payment will be based on the actual amount you divert, assuming, of course, you divert at least the required 20 per cent.

In other words, your payment will be scaled down to fit your actual acres diverted, even though your intentions were to divert the full 40 per cent. Think this over.

Mrs. R. L. Wright and children visited in Shamrock Monday.

## Telephone Talk

By GEORGE NEWBERRY

It feels mighty good to be back home. While I still haven't gotten around to saying hello to all of my old friends here, and meeting you folks who have moved to McLean since 1957, I'm working on it.

I guess everyone who has had the privilege of living in different places has one town or one area that he likes best of all. To him, that place is home. It doesn't matter if he was born and reared there. Because in reality the person who said "home is where the heart is" hit the nail on the head.

The Panhandle is home to me, to Jessie, my wife, and to our son, Richard. We've missed it since we've been away and we're mighty glad to be back home.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

Mrs. Dora Sanders will visit next week with her son, Jack Sanders, and his wife at Odessa.

Mr. and Mrs. E. C. Lisman and their son, Phillip of Borger, attended graduation exercises at West Texas State College, Canyon, Sunday. Another son, Max, was a member of the graduating class.

Mrs. Ola Henderson was visited in the Shamrock Hospital last Thursday by Mrs. Luther Peety, Mrs. Jim Simpson and Mrs. Bill Simpson.

Rev. Dan Beltz, Baptist pastor, is attending the sessions of the Southern Baptist Convention in St. Louis, Mo., this week.

David Jones of Lavaca, Ark., is visiting in the Wallace Rainwater home this week.

Mr. and Mrs. James Hale and daughters, Patricia and Debbie, of Amarillo visited Mr. and Mrs. George Saunders and daughters Sunday.

Mr. and Mrs. H. L. Carr and Debbie Hill of Wink visited the Carrs' daughter, Mrs. J. B. Waldrop, and family over the weekend. The group went fishing at Lake Altus.

W. E. Ballard of Dallas visited his sister and family, the Vestal Gene Baileys, Saturday.

Ben Billingslea and Clyde Allen Windom left Monday for Springer, N. M., to work on a ranch.

Mr. and Mrs. Wallace Rainwater visited in Pampa with her brother Saturday.

The average highway improvement will produce more than \$3 in direct savings to motorists for every dollar it costs.

Mrs. T. A. Massay has returned home following a stay with Mr. and Mrs. Wilson Reedy of Wichita Falls at their cabin in Chipita Park, con.
