Legion Wives Set Poppy Sale Here Saturday

Big Spring and Howard County residents will be asked Saturday to pay respects to dead of three wars through purchase of the American Legion Memorial Poppy.

Members of the Legion Auxiliary will work the downtown area through the day to see that everyone is given the opportunity to wear a red Poppy. Also taking part in the annual program will be members of the auxiliary to the Negro post as well as members of the Negro Girl Scout troop. Also a group of Junior High school girls will assist the auxiliary sale.

"The bright red Poppy you wear over your heart on Poppy Day is a special salute to the dead of three wars," said Mrs. M. C. Grigsby, Poppy chairman of the auxili-ary. "These pay tribute to those who gave their lives in World Wars and II and the Korean War, and n addition make it possible for us to carry on a humitarian work to help those who gave little short of their very lives."

Proceeds from the sale of the Popples are used to carry on rehabilitation and welfare work among veterans and families. Here virtually all has gone into pro-viding articles of comfort, cigarettes, refreshments, etc. for patients in the Veterans Administra ion Hospital. Last year, according to figures announced by Mrs H. W. Wright, president, 3,921 patients were visited and assisted. Besides routine services, the auxiliary also operated the Christmas gift shop whereby patients are allowed to select from a wide assortment of items made possible from gifts from other posts and auxiliaries as well as those here and to have the gifts wrapped and mailed home for them.

draft men under 19 in most states is indicated before next July unless draft calls skyrocket, an Associated Press survey showed today. The minimum draft age is 18%.

The survey of state selective service directors also found that a relative handful of men under 19 have been drafted since conscription was resumed shortly after the Korean War started in mid-1950. This does not count volunteers.

At least 13 states, New York City and the District of Columbia have drafted none or only a few men under 20 in recent months,

under 20 since World War II.

An earlier survey showed that 41 states dipped into the 19-year-old group to ftil last April's draft calls. Since July the calls have dropped to 23,000 each month, allowing a lot of these states to slip back into drafting only 20-year-olds.

The big question before the state directors now is whether calls will jump considerably above 23,000 a month. November and December calls have already been announced at that quota.

Father Thought Doc Was Kidding

Joshed by the doctor since his second set of twins was born on April Fool's Day, 1951, Ralph S. Trufant thought Dr. Frank Golden was kidding when he reported the birth of twin girls (left) to Mrs. Trufant. It was no joke and the twin girls, held by Nurse Elizabeth Bruder at Whidden Hospital, Boston, Mass., weighed in at a healthy five pounds plus each. At right, awaiting their sisters at home, are first and second set of Trufant twins, Christine and Dolores, 5, and Robert and Richard, 2. (AP Wirephoto).

his employment by the company. Richardson, who was born on a Mitchell County farm, recalled that when he went to work for Cosden, Nov. 5, 1928, there were only about 15 men employed by the company and that the site of the present Cosden Refinery was then a cotton field. The late Josh Couden, founder of the company, had bought the land with the understanding that the farmers growing cotton there would be allowed to harvest their crop before construction work was started.

would be nearly 1,400 per game.

The Big Spring club should play before more than 30,000 customers the end of the month and the for the first time in history. The 1947 team, which benefited from a major league sessions in Decem-8,712 gate in Odessa, drew 29,367 paying spectators, a record turnout for ber. any one season. The 1946 draw was almost that good, however. The team that year played before 29,274 customers, 4,944 of which sat in on the storied Big Spring-Odessa engagement here.

Of the draw this season, 15,711 have seen the Steers in four

home games.

Thanks to that huge Odessa turnout, the 1946 Steers played before 18,783 fans in the local stadium, an all-time record. A good gate in the Nov. 20 game with Yslets would enable the present club to shatter that mark.

Rugged Arizona

Keep your eyes on Lubbock Saturday and you'll see a fine football game, maybe the season's best in the Border League. The Univer-

ing attacks will be at Abilene where the Texas Western Miners visit the Hardin-Simmons Cowboys. Cardella, the nation's No. 2 rush er, leads the conference in rushing and total offense with 680 vards in scoring with 42. Cavazos is fourth in scoring 10 points back. Tech leads the conference at 3-0. Arizona and Hardin-Simmons each are at 2-0, Western has won two and lost to Tech.

Tempe, fifth in the league with a 1-2 record, is idle. New Mexico A&M, winless in three league out-Scattered district championships Hebbronville and Lyford can win ings, and West Texas State, winless in four conference games play outside the league.

The Aggles take on New Mexico. West Texas plays at Midwestern

To Fail Driver's License Testing

SHAWNEE, Okla. M—Highway Patrol Examiners Fred Green and George Helms bumped head on into a linguistic road block when they attempted to test Michael Szairko, a 49-year-old displaced

Russian.
Szaizko doesn't speak English.
His wife, a d'splaced German,
speaks German and Russian but

speaks German and Russian but no English. Their daughter— Wanda, 6, could speak German and English but not Russian. So Green and Helms first tried to give the test by talking to the girl, who told Mama, who told Papa. The answers came back the confusing.

So another displaced German Jelsi Joelo, a mechanic here, was called in. He speaks German and English and passed on the ques-tions to the wife who relayed them He promptly flunked the driving

Tiner says one of the best things about TESCO's cooperation in this matter is that the company is going to supply all these teachers, on a rotation basis, with a demonstration board and all other instruction material needed to enable them to teach the subjects of proper electrical wiring and elec-trical safety to their respective classes and to such adults as might wish to attend.

H. L. Anderson, who farms seven miles south of Lamesa, was in the Dawson County capital recently with samples of alfalfa and perennial grasses off his place. These were planted in Septem-ber and sprinkler irrigated. Rye was planted with the alfalfa to serve both as a cover and for grazing. He reported a good stand of the grasses and alfalfa and the samples he was carrying around showed a good growth. He says he is going to let the pasture get well established before grazing starts,

Loyd Jones, five miles north and two miles west of Woody, in Dawson County, has vetch and winter peas growing in cotton middles on his farm. He and his brother, Johnpeas in September, at a time when all the seeding equipment owned by the Dawson SCD was busy, so they rigged up a legume seeder of their own and went to work The planting was successful and the damage to the cotton from
