Report MacArthur Calls Defense Position In Far East "Dangerous"

TOKYO, June 19. (AP)—Gen. MacArthur today outlined America's defense position in Red-menaced Asia for Defense Secy. Johnson and Sen. Bradley. He reportedly called it serious but not hopeless. The commander of United States forces in the Far East, it was understood, also urged prompt American material assistance to formosa, last-stand bastion of the Chinese Nationalists, and for South-east Asia.

and continued American use of bases here. To this end former Prime Minister Kijuro Shidehara is conferring with various party chieftains. All opposition parties came out in the June 6 elections for strict "neutrality" and no foreign military installations in Japan. Both MacArthur's headquarters and Johnson himself have made it plain the defense secretary is only secondarily interested in the political aspects of a treaty.

Final Touches On Arms Aid

WASHINGTON, June 19. (AP)—Two Senate committees were called into a closed-door meeting today to put the final touches on a \$1,222,500,000 foreign arms aid program. The Senate Foreign Relations and Armed Services Committees gave informal approval to the size of the program last Friday. Decisions must yet be made on: (1) How much power to give President Truman in the transfer of military arms to friendly nations outside the North Atlantic Pact; (2) Whether to relax the cash-on-the-barrelhead policy of arms sales to friendly nations.

# A Story About A Town That Came From Nothin' To Being Somethin'

By BEM RICE  
AP Newsfeatures

DECATUR, Ala.—This is the town that newspaperman Barrett Shelton says came from "nothin' to somethin'" in 15 years.

The story goes back to the depression year 1933 and Decatur was without hope.

But let Shelton, editor and publisher of The Decatur Daily tell it:

"The one major industry we had, which had kept 2,000 men at work, closed. Another industry which in earlier years we had subsidized and brought from New England went bankrupt.

"A third industry, manufacturer of full-fashioned hosiery, went to the wall from poor management and had times. Seven of eight banks in our county closed.

"Our farm situation: We had only one crop—cotton—and cotton was five cents a pound. Lands were selling for taxes. The people were ill-housed, ill-clothed and out of hope.

"Into this dismal setting came

DAVID LILIENTHAL

David Lilienthal then a member of the Board of Directors of the Tennessee Valley Authority. Four of our citizens who had been hopeful of improving conditions met him. We were almost hostile for he represented another way of thought and another way of life.

"Our conversation might be summarized thusly: 'All right, you were not invited, but you're here. Now what are you going to do?'"

"Dave leaned back in his chair as he said gently and firmly, 'I'm not going to do anything. You are going to do it.'"

"He went on to tell us something we never knew before: that TVA would provide the tools of opportunity—flood control, malaria control, navigation on the river, low cost power, test demonstration farming to show how our soils could be returned to fertility.

"Our townspeople needed jobs, our farm people needed a month-by-month payroll, rather than a once a year income from harvesting one crop.

"Our first step was to form a chamber of commerce and we decided a packing plant would be the

first venture. We persuaded the local ice company to put in packing facilities when there wasn't as much as one wagon load of hogs in our whole county. We are now producing our own livestock to meet the demands of this market.

"We then turned to milk, formed a little corporation with paid-in capital of \$15,000, telling every stockholder to forget his investment. The first week the plant was in operation, there was a total supply of 1,800 pounds of milk.

"Today the milk production peaks at 60,000 pounds and we have just started. The stockholders never failed to receive six per cent and just recently that little plant paid a 100 per cent dividend.

"Along about that time we got some help from the outside. Navigation on the Tennessee River made it possible.

"The impact was tremendous. Farmers could grow grain because there was now a daily market.

"These industries, land builders and man builders, could never have been pictured in the minds of a defeated people, of a people who in the year before TVA saw an uncontrolled river wash away the best soil.

"Today there is a market for cotton, corn, wheat, livestock, milk timber, small grains and truck crops. Fifteen years ago we were doing in the sunshine waiting for that once-a-year payroll brought all farm products in the area surby cotton.

"Today the cash income from rounding Decatur is \$43,000,000. Land building did it. Flood control did it. TVA with other state and federal agencies, and determined people did it.

"By 1940 there were 61 firms manufacturing a product in Decatur, employing 2,834 people with an annual payroll of \$3,159,000.

"By 1948, the industry's numbered 87 and employment was \$2,204 with an annual payroll of \$12,605,000."

## 5 West Coast Cities Hit By Baker's Strike

By The Associated Press

Bread supplies were vanishing rapidly from grocery shelves in five West Coast cities today with 3,100 bakers out on strike.

The Wholesale Baking Industry in Los Angeles, Portland, Ore., Seattle, Bremerton and Everett, Wash., is tied up with no relief in sight. The bakeries produce about 90 per cent of the bread sold in the areas they serve.

The strikes were called Saturday night by the AFL Bakers Union over a demand for a five-day, 35 hour work week at the same rate of pay the bakers now receive for a 40 hour week.

In Seattle and the other two Washington cities, ovens were cold in 70 baking plants, with 800 bakers idle. The closures affect nearly 2,500 other workers in the industry. Union officials are scheduled to meet today with a federal conciliator.

In Los Angeles where 1,800 bakers have stopped work, Federal Conciliator John Pfau said he will try to get labor and management representatives together today in another effort to settle the dispute. Twenty five plants are shut down in this one. Many other cities in Northern California are served by these plants and will have to rely on other sources.

A conciliation meeting is also slated today in Portland, where 500 bakers and 350 AFL drivers are idle.

In all four cities, the strike is not affecting small, owner-operated and non-union bakeries. Most hotels and restaurants are still able to get bread, too.

But there was a run on grocery stores, and the little neighborhood bakeries were unable to keep pace with the demand.

The Los Angeles Baking Industry Council, an organization of 12 concerns which operate the struck plants, has offered the union a 2 1/2 cents hourly wage increase on a five day, 40 hour-week basis.

The average journeyman wage in all the cities is around \$1.90 an hour among the men. Women employees get less. Small, independent bakeries accepted to union demands in Seattle, and the independents are still operating in Los Angeles.

## TEXAS FARM INCOME REGISTERS 1950 GAIN

WASHINGTON, June 19. (U.S.)—Texas was one of five states whose farmers' income gained during the first four months of 1950.

As a whole, the Agriculture Department said yesterday, the national figure is expected to be about \$10,600,000,000 or nine per cent less the first six months this year than the first half of 1949.

The May and June estimates are tentative, but most states showed a decline for the first four months. For the January-April period, Texas had a total of \$492,264,000 compared to \$391,371,000 the same period last year.

The Agriculture Department blamed the national decline on a drop of about six per cent in the prices farmers receive, and a reduction in the volume of marketing.

Receipts for crop marketings dropped about 15 per cent, but livestock receipts were down only about six per cent. Poultry and eggs declined 20 per cent.

In addition, some loss is expected in wheat and cotton income because of smaller crops and lower prices.

The four states other than Texas with gains for the first four months with comparative figures for the 1949 and 1950 periods: Illinois \$305,950,000 in 1949; \$306,324,000 in 1950; Florida \$171,261,000 and \$205,077,000; Kentucky \$174,896,000 and \$176,432,000; Oklahoma \$123,771,000 and \$135,264,000.

## Gallop Insists Public Seeking Tough Red Policy

LAKE FOREST, Ill., June 19. (U.S.)—Pollster Dr. George Gallup says the public favors tougher government action against Communists.

He made the statement here at the fifth annual conference of 250 of the nation's public opinion samplers.

"Every poll ever taken shows the public wants to be tougher on Communists than any action the government has yet taken," Dr. Gallup said.

Methods for a more accurate approach to opinion polling at the November election are among major topics of discussion at the session.

Dr. Gallup, who predicted that Gov. Thomas E. Dewey of New York would defeat President Truman in 1948, said "obviously we are learning and must learn by mistakes." He added that "the time factor was most important" in his wrong presidential prediction.

"Most polls did their interviewing in the middle of October," he explained "and the shift came in the last 10 days of the campaign, particularly in the farm areas as the result of drops in grain prices."

## Girl Wounds Self After Being Kept From First Date

DETROIT, June 19. (U.S.)—Fourteen-year-old Hilda Jackson wounded herself critically with a .22 caliber rifle yesterday after her mother insisted that she baby-sit instead of going out on her first date.

Mrs. Mary Lee Jackson told police she heard the shot in Hilda's bedroom soon after telling her daughter to stay home with a four-month-old cousin instead of going to a movie with a boy friend.

## Transplant Dead Woman's Kidney In First Operation

CHICAGO, June 19. (U.S.)—A kidney from a dead woman has been transplanted in another woman in an operation which doctors said is the first of its kind ever performed.

Dr. Richard M. Lawler said the surgery was performed Saturday morning in Little Company of Mary Hospital and that the patient was in "good condition" early today. Her condition was normal and she had talked to her husband, hospital attendants reported.

Dr. Lawler, a member of the hospital staff and senior attending surgeon at Cook County Hospital, directed the operation. It was begun 10 minutes after the donor of the healthy kidney died and required an hour and a half.

Dr. Lawler removed the diseased kidney from Mrs. Ruth Tucker, 49, of Chicago.

The healthy kidney from the dead woman, in an adjoining operating room, was removed by Dr. James West, also a staff member at Little Company of Mary and associate attending surgeon at Cook County Hospital.

The two surgeons were assisted by Dr. Patrick H. McNulty and Dr. Raymond Patrick Murphy.

Working simultaneously, one team of surgeons removed the diseased kidney from Mrs. Tucker while the other team removed a kidney from the dead woman.

Dr. West handed the healthy kidney through a door to Dr. Lawler and within 45 minutes, the transplantation had been completed and blood was flowing through the kidney placed in Mrs. Tucker.

Dr. Lawler said that as soon as

the clamps were removed from the blood vessels, the organ changed to a healthy pink color.

Mrs. Tucker was suffering from polycystic kidney, a disease in which cysts in the kidney fill with urine which cannot be released. The disease usually is fatal.

Dr. Lawler said the right kidney is functioning only 10 per cent of normal, but it was not removed.

Mrs. Tucker entered the hospital five weeks ago while doctors sought a suitable donor. The woman who consented to give her kidney after death also was 49 years old, of the same physical size and with the same blood type. She died from hemorrhage of the varicose veins of the esophagus and cirrhosis of the liver. Her name was not disclosed.

The operation was photographed and was witnessed by some 35 doctors and surgeons.

## Royal Air Force Vet Given Death In Knife Slaying

NAPANEE, Ont., June 19. (U.S.)—James Fosbray, 29-year-old Royal Air Force veteran, was sentenced Saturday to hang for the knife-slaying of his pretty young wife.

A jury convicted him in less than an hour after hearing letters he wrote his wife, threatening to kill her and charging her with a romance with another veteran.

The English-born veteran showed no emotion when sentence was passed.

He will be hanged Sept. 21.

Grab Boys May Be Active When Oleo Taxes Are Lifted Soon

Federal taxes on margarine ends June 30, and since there is a 40-cent price spread between margarine and real butter, federal officials in Washington expect all sorts of high jinks among unscrupulous persons. It is sometimes difficult for even an expert to tell the difference between oleo and butter, and officials expect "butterleggers" to multiply like flies. "Butterleggers" is the name to describe racketeers who expect to profit by passing oleo as the real thing, at the same price the real thing would bring.

Here's Explanation Straight From Mouth Of Sage Of Kahaluu

Theories are a dime a dozen as to what caused the fall of dust particles that hung over Hawaii and a vast area of Pacific water for days on end. Even the scientists differed. Meteorologists on the spot thought the record eruption of the volcano Mauna Loa had created the sun-obscuring haze, which stretched from Hawaii to Midway Island. There was some belief that a new atomic explosion might be responsible, but somebody sent geiger counters into the cloud-like pall, and there were no answering clicks.

Renting Honeymoon Is Over For Landlords, Builder Says

NEW YORK, (U) — THERE'S A GRAND new day dawning for that forlorn American figure—the guy who wants to rent a place to live. Yes, fellow tenants, somebody wants us after all these years. Who wants us? Landlords do. Yes, that's right—landlords! A big landlord told me so himself. "The renting honeymoon is over for the landlord," said Fred Trump, one of the nation's top private housing builders. "We've been on a honeymoon since 1942. But we don't have to call the cops anymore to keep order in lines of people waiting to sign leases. "The builders from now on will have to do more and more for the tenant, because the competition for his rent money is getting keener all the time."

I've just had another experience of this strange transformation, having made my annual pilgrimage to the fishing grounds of Maine along the Canadian border. It's a wonderful adventure and one at which I never cease to marvel, for if you use your imagination as a magic carpet you can transport yourself back to the pioneering days of our forefathers.

Favoritism Shown To Big Firms By Army As Little Ones Are Left Out

WASHINGTON, (U) — It looks as if small business was getting the small bid run-around from the Army-Navy, and that big business was getting the juicy plums, some of them illegally. During the war, the brass hats contended that the urgency of placing orders forced them to concentrate on big companies. Result was that six corporations handled 60 per cent of all war contracts. Now, however, with plenty of time and no excuse for favoritism, the Army has recently shown completely unwarranted favoritism toward Westinghouse Electric Company in the buying of water coolers.

Riviera Has Large Sheboygan Colony

NEW YORK — In that celebrated off-shoot of Broadway night life, Bill Miller's Riviera on the Hudson, there is a whole colony from Sheboygan, Wisconsin. In fact the next time there is a local election in Sheboygan there should be a precinct ballot box in the cloak room of this noted nightery just to record the votes of the Langs. Erv P. Lang and his troupe of Langs, six of them, are all natives of Sheboygan (pop. 40,000). Erv's father-in-law has been a policeman on the beat for 28 years. To Riviera patrons, the Langs' eight-minute acrobatic turn comes off in a split second, but the act is actually the result of fifteen years of constant practicing.

Poison Ivy Antidote Is Good Lathering With Laundry Soap

Individuals who have an appetite for walking over the countryside, simply for hiking's sake or because the picnic lunch they might take along tastes better in the wide, open spaces, had best orient themselves on the plant pest—poison ivy. It's one type of plant life that doesn't relish attention from animal or man. If you admire it, it is best you admire it from afar. Poison ivy may grow as a clinging vine or a low erect shrub. Its three-leaf clusters make it easily identified, and a characteristic notching along the edge of each leaf. Those who have had experience with the plant advise that you be wary of all parts of the plants, even the smoke if you work up a hate against it and try to burn it. The effects linger on, even if you cremate it. Poison ivy, which, fortunately, isn't as prolific in this part of the world as in other sections, looks much like the Virginia Creeper or cross vine, which adopt similar living habits.

Law School Dean Says Judges Are For Keen Lawyer's Mind

WASHINGTON, (U) — LAST WEEK I ran into the dean of a big American law school, and we talked about the Supreme Court. We started talking about a Washington Post editorial which criticized the court for "dumping" 18 opinions on the public in one day. That was June 5, the court's last day before it went on vacation. Too much for the public to digest in one day, the Post said. "Perhaps," the newspaper said, "it is of no concern to the court whether its output is properly communicated to the people. Yet we do not see how anybody in a Democratic land could take such an attitude."

Dems Get Better News From AFL Than CIO On Labor Aid

WASHINGTON—Three hundred members of the CIO Political Action committee in 48 states will hold a brass-tacks conference here Friday about election prospects. At 4 p. m. they will adjourn to the White House to review with President Truman their plans and conclusions. The conference is expected to be entirely harmonious, as the President's labor relations are in good shape both in general and in particular. The CIO politicians are not nearly so happy, however, about their own situation, as they are afflicted with the usual off-year election apathy on the part of the rank and file. Their recent quarterly report showed only \$30,000 in the treasury and they are finding it hard to get up steam for the candidates they favor.

# Broncs Win Sixth Straight; Return Home Tuesday Night

## Broncs Get Two New Pitchers

Two rookie pitchers joined the Big Spring Broncs and two pitchers, an infielder and an outfielder were shipped out over the weekend.

New arrivals are Antonio Iglesias and Vicente Amor. Iglesias, who pitched two innings in relief against Ballinger Sunday, was with the Broncs for a few days last season, but did not play enough professional ball in 1949 to lose his rookie classification. Amor is making his first try in pro ball.

Julio Delatorre, who had performed at third base here, has joined the Abilene Blue Sox, while Pitcher Angel Gonzales, Outfielder Bobby Gonzales and Pitcher Emilio Cano have been released and returned to Havana.

The roster change leaves the Broncs with 16 active players, the maximum allowed by the league.

# Detroit Appears On Way To Flag After Sweep Over Boston Sox

By JOE REICHLER  
AP Sports Writer

"If we could only beat Boston we might have a chance."

This was Manager Red Rolfe's stout answer to spring queries regarding Detroit's pennant chances for 1950.

Rolfe knew what he was talking about. His Tigers won only seven games from the Red Sox in 1949 while losing 15. They finished fourth, 10 games behind the New York Yankees.

**HOUTTEMAN WINS**

The Tigers have met the Red Sox a dozen times thus far and have come off with nine victories. That is two more than they were able to win from Boston in their entire 1949 season. That, in a nutshell, is the chief reason why the Detroiters are leading the rest of the American League by two full games today.

Detroit made it nine triumphs in the last 10 games yesterday—the sixth in succession over the Red Sox by trouncing Boston, 10-2. Art Houtteman went all the way for his eighth victory. He allowed seven hits, but two of them were homers by Ted Williams and Vern Stephens to account for Boston's runs.

Despite the victory, Detroit's first place margin was shaved a half-game by the Yankees, who whipped the St. Louis Browns, 15-5 and 9-0, in both ends of a doubleheader in St. Louis.

Cleveland's Indians ruined "Father's Day" for Connie Mack, baseball's oldest daddy, by blasting his Philadelphia Athletics, twice, 7-0 and 2-1. After Bobby Feller blatted the A's, the Indians scored a record 14 runs in the first inning of the nightcap.

Brooklyn's Dodgers climbed to within a half-game of the National League-leading St. Louis Cardinals by whipping the Redbirds for the third straight time, 8-2. Philadelphia's third place Athletics moved to within a game and a half of the top, tripping the Cincinnati Reds twice, 4-3 and 2-2.

**REPLAY TONIGHT**

The Giants trounced the Chicago Cubs twice, 6-0 and 10-3, to escape a replay.

Second-place Roswell whammed Sweetwater 15-7, pounding out 21 hits. Roswell slammed over eight runs in the second with a homer, with one on by Tom Jordan featuring the splurge.

Third-place Big Spring beat Ballinger 7-4, pushing over three runs in the sixth to gain the decision.

Fourth-place San Angelo bested Midland 14-13 in a game that produced 37 hits with three homers entered in. Bob Cruse got one for San Angelo, Tex Stephenson and Jim Prince parked the ball for Midland.

# LOOKING 'EM OVER

With Tommy Hart

Personnel of the Big Spring Broncs have a tendency to retreat before a cross-fire, or side-arm (if you prefer) pitch.

Perhaps all players have a weakness to fall away from such a delivery, for it is very deceptive. With the Broncs, however, they seem to have a tendency to run when a hurler like Dean Frank starts firing in from what looks like the third base line.

The ball's flight is tricky in that it appears to be headed directly at a player but usually fades away from him. If a cross-fire hurler has exceptionally good control, he can force a batter to retreat to the far corner of the box and then wave futilely at pitches that just catch the outside corner.

Bud Worsham, the Sweetwater sports writer who has the reputation for spitting venom at visiting teams while cheering the home mob, writes he'd like to see Midland and Big Spring fighting it out for the Longhorn loop cellar spot because "baseball would probably fold up in those two towns if they stayed in the second division more than one season.

Such might be the situation here but Harold Webb over at Midland is independently well-to-do and isn't in business to make money. He's had his reverses from time to time and usually spends more money than he makes.

With Worsham, it is a case of misery loving company. The Sweetwater team has lost money in its four years of operation. . . . Bud started yelling over the fence several weeks ago when Cy Fajardo threatened to move the franchise. He insisted the club was to be moved. Then, when writers over the area repeated his remarks, he turned on them and stoutly insisted they didn't have any basis for their reports.

George Scheppe, the fellow who brought the Corpus Christi Aces here last year to do battle with the Big Spring Broncs in the post-season playoffs, has started to help to the Corpus club again in a bid for new up the Rio Grande Valley league flag in a hurry.

Those were George's tactics last season, when he ordered several hands that were capable of holding their own with his Greenville club in the Big State (Class B) league to report to the Aces.

Scheppe recently summoned Gerald Jensen, the ex-SMU outfielder, and Lloyd Pearson, the tobacco-chewing gardener, to leave Greenville for Corpus.

Scheppe's Aces might have more trouble in the Valley circuit this year than in 1949, however, Sam Harsheny, over at Harlingen, seems to have assembled quite a club.

Bill Hassey, an outfielder who performed for Sweetwater for a while last season, is back with Sweetwater. He's been with Pampa.

The state of Texas can boast of baseballers who have monopolized the minor league mace championship for the past three seasons.

In 1947, Jim Prince of Midland copped the silver bat, emblematic of the crown, with a mark of 429.

The following season, Joe Kratchler, then of Tyler, copped the premium with a 433 mark. Last year, Frank Saucier of Wichita Falls posted the best mark, 468.

Before that time, the honor had come to Texas only once since it was started in 1934.

Ed Schwicka copped the laurel in 1940 with a 422 mark at the time he was playing with Lubbock.

Back when he was a stripling and working for the concern that still employs him, Ray Snyder of Our Town was approached by a Sarasota Springs, N. Y., horse trainer with the proposition that he become a jockey.

"You'll never weigh more than 120 pounds," the horseman said, "and will never have to worry about fighting your diet."

Snyder never took up the life he since has eaten what he wanted to and today, long years later, tips the scales at only 114.

### Odessans Rally To Nip Vernon

By The Associated Press

Odessa's Oilers have that extra oomph. They are making a shambles out of the Longhorn League race by getting just enough runs to win.

Yesterday was a good example. The Oilers were five runs behind going into the ninth. So they just scored six and beat Vernon 11-5.

The other first division clubs also won their games.

Second-place Roswell whammed Sweetwater 15-7, pounding out 21 hits. Roswell slammed over eight runs in the second with a homer, with one on by Tom Jordan featuring the splurge.

Third-place Big Spring bested Ballinger 7-4, pushing over three runs in the sixth to gain the decision.

Fourth-place San Angelo bested Midland 14-13 in a game that produced 37 hits with three homers entered in. Bob Cruse got one for San Angelo, Tex Stephenson and Jim Prince parked the ball for Midland.

### Texas Defeats Colorado A&M

OMAHA, June 18 (U) — The two remaining undefeated teams in the NCAA baseball tournament — one from the East, the other the West — clash today in a game that will give a solid advantage to the winner.

Rutgers and Washington State are scheduled to meet at 6:30 p.m. (CST). The winner will be the only team in the tourney for whom defeat will not mean elimination.

Last night's play trimmed the field to six. Texas sent Colorado back home, taking the Aggie 5-1 and Tuffie came from behind to oust Bradley 5-4.

Texas and Tuffie will play the second game tonight at 9 p.m. (CST). That game eliminates a 17-20ths share.

# Lobos Trample Dukes, 9-5

LAMESA, June 18.—The Lamesa Lobos exploded for six runs in the fifth inning here Sunday afternoon to pave the way for a 9-5 victory over the Albuquerque Dukes in the opener of a three-game series.

Eulis Rossen twirled seven-hit ball in registering his ninth win of the season. The Lobos were able to collect only eight hits off three Duke hurlers, but they picked up six unearned tallies, most of them resulting from wildness on the part of Jordan Pitts, Duke starter.

Albuquerque scored three runs in the top of the fifth to move ahead by 4-1, but the Lobos came back in the lower half of the same stanza to gain a permanent lead.

The big inning for the Lobos developed on two hits, an error and four walks, including a base-loaded triple by Dan Pinto.

The Dukes got only one earned run, and it came in the eighth frame on doubles by Art Culliti and Jim Marshall.

The Lobos got single runs in the seventh and eighth to insure their victory.

# J'Hawks Turn Back Knapp In Tri-County Bout, 17-10

KNAPP, June 18.—Howard County Junior College's Jayhawks came on in the late innings to defeat the Knapp Lions, 17-10, here Sunday afternoon.

The victory was HCJC's fifth to the season in league play and left them only one game behind the Knapp team, which entered Sunday's contest without a blemish on its record.

Howard Jones started on the pitching rubber for HCJC but a three weeks' layoff has hurt his control. A. J. Cain went in to relieve him in the fifth frame and gave up on two hits the rest of the way.

Donnie Carter hit two home runs for the winners, the first of which came in the sixth with two on and the second in the ninth with the bases empty.

Knapp held a 10-8 advantage until the sixth, after Carter had put the Hawks back in contention. Harold Berry crashed out another four master with two on in the seventh. The Big Springers continued to build the lead from there on down to the wire.

The collegians will play Ackerly in Ackerly next Sunday.

### 1949 Chevrolet Coach

Here's a grand car! Extra clean, in fact almost "stinkin' new", this 90 HP Valve-in-Head engine car has only been driven 14,000 miles. Equipped with heater, seat covers and air side tires.

### 1949 Ford Tudor Sedan

Be proud of your car's performance! There's plenty of trouble free miles left in this beautiful solid black Custom DeLuxe, for she's only been driven very few miles. Locally owned—Loaded!

### 1946 Chev. Club Coupe

If you can judge quality you'll buy this tune beauty. See the massive Fisher uni-steel body—it's "stuck as a whistle!" Equipped with radio, heater, seat covers and excellent tires.

Mangrum Grabs \$3,000 In Meet

NEW ROCHELLE, N. Y., June 19. (AP) — Wheeling along the road today toward Columbus, Ohio, and the Professional Golfers' Association championship is a guy who will bear watching—and not because he's loaded with fresh money.

Lloyd Mangrum rates as the man to beat in the PGA event as he currently is the hottest thing in golf, with \$8,100 in prize money to show for the last three weeks of play.

He picked up \$3,000 yesterday by winning the ninth annual Palm Beach Round-Robin tournament, the sum going into the kitty along with the \$2,500 he won for finishing second, after a playoff, in the National Open, and the \$2,000 he pocketed in winning the Fort Wayne, Ind., Open the preceding week.

ATTORNEY GENERAL REVEALS

Justice Department To Decide Soon On Public Report Of Amerasia Case

WASHINGTON, June 19. (AP) — Atty. Gen. McGrath said today the Justice Department will decide soon whether to make public a full report on the 1945 Amerasia case as recommended.

McGrath's comment to a reporter came after a week and a half of new developments involving the charges of Sen. McCarthy (R-Wis.) that the State Department harbors Communists and Communist sympathizers.

A key part of those charges, McGrath has said, concerns the five-year-old episode in which six persons were arrested after the FBI had found hundreds of secret government documents in the offices of the now-defunct magazine, Amerasia.

These were the developments: 1. Three more Republicans joined those party members who have criticized McGrath's methods in attacking the State Department.

Negroes Take Holiday, Observe Emancipation Day Negro residents of Big Spring were taking a holiday today in observance of June 19th, emancipation day.

Meteor Believed To Have Fallen Near Lewisville FORT WORTH, June 19. (AP) — The dean of Fort Worth's amateur astronomers thinks a meteor may have fallen in the Lewisville area southwest of Denton.

Oil, Utility Firms Meet With Howar' County Officials Representatives of oil companies and utility concerns were in session here this morning with the Howard County Board of equalization and its evaluators.

MARKETS NEW YORK, June 19. (AP) — Noon cotton prices were 40 to 35 cents a bale lower than the previous close.

Chinese Nationalist Planes Sink Pair Of Commie Steamers TAIPEI, June 19. (AP) — Nationalist Chinese warplanes today set fire to two steamers and left a third capsizing in raids on the Communist mainland coast.

**Eight-Day Capital Dairy Strike Is Over**

WASHINGTON, June 19. (AP)—The eight-day Washington milk strike has now been settled and deliveries are expected to be back to normal by tomorrow or Wednesday.

Nine big dairies, which supply the bulk of Washington's milk, had been shut down since June 10 in a strike over a demand by the AFL Milk Drivers and Dairy Employees Union for shorter week without loss of take-home pay.

The strike settlement came yesterday by an agreement on an average 5-day week—compared with the previous 6-day week—without loss of pay, effective Sept. 1.

The dairies abandoned their proposal calling for the plants to close on Sundays, and agreed to continue to operate seven days. The union had argued that to close on Sunday would lose customers and thus cut the drivers' commissions.

Dairy spokesmen refused to say whether prices to customers will go up as a result of the agreement. There were estimates it would add 100 to 150 new employees. The striking employes numbered 1,650.

An emergency distribution plan set up to take care of infants, hospitals and other public institutions during the strike, has been cancelled.

**TOBIN SAYS U. S. LAWS ELIMINATE DEPRESSION**

GENEVA, Switzerland, June 19. (AP)—Maurice J. Tobin, United States secretary of labor, said today the United States has eliminated the secret of depressions by its economic and social legislation.

"I do not believe we will ever again experience a major depression such as we had in the early thirties," Tobin told the international labor conference.

"We are confident of our ability to avoid a major depression because of the great advances we have made in social and economic legislation since 1933. The supports we put under our economy in these years stood us in good stead in 1949.

"They will be equally helpful in protecting our economy against a serious recession in the years ahead."

He mentioned as bulwarks of the American economy old-age and survivors' insurance, free public employment services, unemployment insurance, insurance of bank deposits, minimum wage and hour legislation, agricultural price support, and the development of resources such as the TVA.

Tobin told the labor, industrial and government leaders gathered here that "real earnings and the standard of living of American workers is now higher than ever before about 40 per cent above pre-war levels."

The recession of 1949, he said, was the "first significant test of the stability of the post-war American economy." He said the test had been met successfully and expressed the belief that the American economy now is able to "assure economic stability to a substantial degree."

**Starvation Artist Loses 72 Pounds**

FRANKFURT, Germany, June 19. (AP)—Seventy-two pounds lighter, Willy Schmitz said he lived on fast in a Frankfurt zoo cage, claiming a new world fasting record of 53 days.

The 48-year-old "hunger artist" came out of the cage at 4:35 o'clock yesterday afternoon to start a diet of crackers and water before tackling meat. Schmitz said he lived on soda water and cigarettes since he started his fast April 26. His manager said he weighed 176 pounds then.

At Lille, France, another starvation stunter named Burmah announced he'll remain in his glass coffin, with two pythons to keep him company, until 5:30 o'clock June 26. With 45 days to his credit now, that would break Schmitz' record by an hour, Burmah said. Willy scoffed at the news.

**Ministerial Posts**

DETROIT, June 19. (AP)—The Detroit conference of the Methodist Church announced more than 400 ministerial appointments yesterday, but left a few pulpits to be supplied.

**He's No Hero, Only Lost In Bar For Month**

RENO, Nev., June 19. (AP)—The hero of a flaming plane crash and a five day trek across sun parched Nevada desert? Gosh no, confessed chagrined Allan Lee Pearce, 23, of Oklahoma City, he was the victim of a "lost month" in Reno bars.

It all started, he related from a cell in the county jail, when an Oklahoma City brunet—whom he refused to identify—refused to get out of bed to keep a date.

Many drinks later and about \$1,400 poorer, Pearce was picked up Saturday night by Deputy Sheriff Stanley Power of Fernlee wandering in the desert 40 miles north-east of Reno.

He gasped out a story of a flaming plane crash on a flight from Seattle to Albuquerque, N. M., and of five tortuous days walking in the sun-parched desert. At that time he identified himself as John E. Chenu, 24, of Austin, Tex.

"What can they do to a guy for lying?" he asked.

Police were noncommittal but they booked him on a holding charge—investigation of airplane theft.

Authorities began checking in San Diego where Pearce said his mother, Mrs. Wanda Marie Pearce lived. At first he had said she was Mrs. Wanda Chenu living at 216 E. Street, Austin, Texas.

"Million Dollar Voice" Sings Camels' Praises

**EZIO PINZA**, famous for his starring role in the smash-hit *South Pacific*, says: "Mildness is all-important to me as a singer. I smoke the cigarette that agrees with my throat... Camel!"

Noted throat specialists report on 30-DAY TEST of Camel smokers:

**Not One Single Case of Throat Irritation Due to Smoking CAMELS**

**Make Your Own Thirty-Day Camel Mildness Test... In your "T-Zone"!**

That's T for Throat, T for Taste. See how mild a cigarette can be!

**Smokers are Testing Cigarettes More Critically than Ever Before—Millions Prove Camel Mildness in their own "T-Zones"**

(T for Throat... T for Taste)

Yes, more and more smokers are finding there is one sensible way to test a cigarette... smoke that cigarette pack after pack, day after day—for 30 days!

That's just the test that Camel asks you to make for yourself!

What can you, the smoker, really learn from the trick tests and short cuts you hear about over and over again? From one puff of this cigarette... a sniff of that cigarette... an inhale of one brand... an exhale of another?

No, you don't have to rely on tricks! You have your own "T-Zone" (your Throat and your Taste)—the best possible proving ground for a cigarette. And for the right answer—the sensible answer—smoke Camels, and only Camels, in your "T-Zone" for 30 days. Once you've tested Camel's choice tobaccos as a steady smoke—pack after pack—you'll discover how mild and good-tasting a cigarette can be!

**FRAN WARREN**—radio and recording star, recently chosen by the American Academy of Entertainment as "Queen of Song": "My voice means my living." Fran tells you: "My own test won me to Camels. They agree with my throat—Camels are fun to smoke!"

**MORE DOCTORS SMOKE CAMELS than any other cigarette**

A nationwide survey of doctors in every State of the forty-eight revealed that more doctors smoke Camels than any other brand.

Doctors in every branch of medicine were queried. "What cigarette do you smoke, Doctor?" was the question asked of 1,000 doctors. And the brand named most was Camel!
