VOTERS MARK CHOICES IN ELECTION TUESDAY

Presidential Race Drawing to Finish

The red-hot presidential race between Democrat John F. Kennedy and Republican Richard M. Nixon comes to an abrupt halt next Tuesday when voters in McLean and all across America go to the polls to cast their ballots in the general election.

The single voting place in McLean—located in city hall—will be open from 8 a. m. to 7 p. m.

Several other races and decisions on four amendments to the Texas constitution also are on the lengthy ballot facing local voters, but the presidential battle is the center of attraction.

A record turnout of voters appeared possible.

While little has been heard about the other candidates, Texans actually will have four choices in the presidential contest.

Kennedy and Lyndon B. Johnson, senator from Texas, are the Democrats' presidential and vice presidential hopefuls, while Nixon and Henry Cabot Lodge are standard-bearers for the GOP.

Can Write-in, Too

The Constitution Party is running Charles L. Sullivan and Merritt B. Curtis for the highest offices in the land, and the Prohibition Party has as its candidates Ruth-erford L. Decker and E. Harold Munn.

If none of these meet with Texans' approval, there's a space on the ballot for writing in the names of the persons they want.

Sen. Johnson's name appears on the ballot twice. He also is running for re-election to the Senate.

In his bid for another six-year term as Texas' senior U. S. senator, Johnson is opposed by Republican John G. Tower and Bard A. Logan of the Constitution Party.

County Offices Unopposed

None of the Gray County officials—all of them Democrats—have opposition. Listed on the ballot are Truitt Johnson, Precinct 4 county commissioner; J. D. Fish, Precinct 5 constable; Jack Back, tax assessor-collector; R. H. (Rufe) Jordan, sheriff, and Don Cain, county attorney.

Walter Rogers, 18th District congressman, also is unopposed, as are Grady Hazlewood, state senator; Grainger McIlhenny, state representative, and Bill W. Waters, (See ELECTION, Page 4)

McLean Hunters Bag Deer in New Mexico

McLean hunters kept their shoot-ings hot last weekend, with two more reporting deer kills.

Dale Greenhouse and Bill Stubbs were the latest to prove their marksmanship, each downing a deer in New Mexico last Saturday morning.

Greenhouse brought his victim down about 15 minutes before Stubbs shot his while hunting on the Red River Ranch. It was the first deer ever killed by each of the two McLeantites.

They, along with Mrs. Stubbs and Mr. and Mrs. Richard Brown of Pampa, were weekend guests of Dick Wooten, part owner and ranch manager.

The group also visited Greenhouse's parents, Mr. and Mrs. Pete Greenhouse. Pete Greenhouse is foreman of the sprawling Red River Ranch.

Just a week before six other McLeantites had killed 11 deer and an elk on a hunt in Colorado.

On that expedition to Gunnison, Colo., were Jim Hathaway, Jeff Railsback, Dick Everett, Ted Glass, Ross Collier and Arthur Dwyer.

HOUSING UNITS TO BE SHOWN

McLean's new low-rent housing project has passed its final inspection, and the 12 units are now ready for occupancy, Bill Reeves, chairman of the local housing authority, said Wednesday.

An open house will be held at the units located at East Sixth and Kingsley, from 2 to 4 p. m. Sunday, and Reeves invited the general public to attend. Refreshments will be served.

One unit each of the three sizes—one, two and three-bedrooms—will be opened for inspection by persons visiting the project during the two-hour period.

Government Constructed

The duplex houses were constructed here by the federal government to provide low-rent dwellings for low-income families.

Thus far, only six families have made application to rent the units. Their applications will be acted on by the McLean housing authority in the near future.

Other interested families were invited to file application at city hall.

Each of the residences is furnished with a refrigerator, gas kitchen range and heating unit.

Democrats on Hand To Greet Kennedy

Several carloads of McLean and area Democratic Party faithful were expected to be on hand to greet Sens. John F. Kennedy and Lyndon B. Johnson on their arrival in Amarillo this afternoon.

The Democrats' presidential and vice presidential candidates were to speak at 2:30 p. m. today at the Amarillo Air Terminal building.

Thousands of Texans were due to hear Kennedy and Johnson speak as the presidential campaign entered its final days before next Tuesday's voting.

Both Kennedy and Johnson will arrive in Amarillo by plane—the presidential hopeful flying there from Albuquerque, N. M., and his runningmate from Syracuse, N. Y.

Delegations from all 28 counties in the 18th Congressional District indicated they would attend, and groups were expected from five counties in Oklahoma and five in New Mexico.

Rep. Walter Rogers of Pampa was to introduce Sen. Johnson, who introduced Sen. Kennedy.

Texas Sen. Ralph Yarborough was to join the campaign group in Amarillo.

Sheriff Jordan Will Speak at P-TA Meet

The McLean P-TA meeting scheduled for next Tuesday has been postponed because of the election, it was announced this week.

Mrs. Guy Beasley, P-TA president, said the meeting would be held at a later date.

Gray County Sheriff Rufe Jordan will speak at the session on civil defense.

TRADITIONAL GREETING: Mr. and Mrs. Clyde Andrews of McLean receive the traditional welcome from a native Hawaiian as they arrive for a vacation in the newest state of the Union aboard the Matson Lines luxury liner Lurline. Andrews returned to McLean last Friday, but Mrs. Andrews remained in Hawaii. She is scheduled to return to McLean later this month.

HEREFORD SALE WELL ATTENDED Tigers' Final Home Game Friday Night

An estimated 500 persons from six states converged on McLean Monday for the Wright and Hess Doctor Hereford Ranch sale, and they left several thousand dollars behind when they departed.

Faris Hess, partner in the ranch with Bill Wright, said Wednesday that a decision hasn't yet been made on making the production sale an annual event.

The two were well pleased with the results of the sale.

Top price received for a single animal came from the sale of DR Onward Again, young bull calved on Feb. 5, 1960. The offspring of DR H Onward and Tex Royal Heiness 69th brought \$4,200.

\$107 Average for Bulls

Average price received for the bulls sold was \$107. The females brought an average of \$426 each.

The first 35 bulls brought into the ring sold for an average of \$1,000 each.

Auctioned off during the afternoon were 103 bulls and cows and six horses.

The sale, held at the ranch show barn south of McLean, attracted persons from several areas of Texas, Kansas, Oklahoma, New Mexico, Nebraska and Illinois.

Many traveled here by plane. Walter Britten and George Morse were auctioneers.

Lunch was served at noon by members of the McLean Lions Club and high school Future Farmers of America chapter.

Commission to Hold Session on Tuesday

McLean aldermen will hold their regular monthly meeting at 7 p. m. next Tuesday in city hall.

The commission voted at a session early in October to meet one time monthly instead of twice as in the past.

Tigers' Final Home Game Friday Night

Well rested after a two-week layoff from the grid wars, the McLean High School Tigers will play their final game of the season before the home crowd Friday night.

Foes for the evening will be the Clarendon Bronchos, and kickoff time is set for 7:30 p. m. at Duncan Field.

P-TA Plays Attract Hundreds; Proceeds Going to Projects

Hundreds of local and area residents turned out last Friday for the McLean P-TA's presentation of two comedies, as local parents and teachers made their acting debut.

Several hundred dollars was collected in admissions and from the sale of Cracker Jacks at intermission, and the proceeds will be used in P-TA projects this school year.

Scene-stealer of the first play—"Murder, They Say"—was Jewel Meacham, who had the role of an elderly sheriff.

Meacham brought the house down when he burst on stage—brandishing a revolver—and halted what appeared to be a murder in the making.

Sammy Haynes, in the title role of "Wilbur's Wild Night," kept the audience in stitches during most of the second show with his couch-lounging and exclamations.

Others in the "Murder, They Say" cast were R. D. Back, Jon Ann Dwyer, Ruth Magee, Irene Norman, Catherine Weaver, Bob Green and Hazel Roach.

Other "Wilbur's Wild Night" cast members were Beta Boyd, Betty Hess, Margaret Shelton, Tom Greenwood, Bill Reeves, Dorothy (See P-TA, Page 4)

Twenty-three students are listed on the McLean Grade School honor roll for the first six-weeks period, according to Principal Jack Riley.

To be named on the list, a student must have made a grade of at least 90 per cent in all subjects during the period.

Fifth grade—Billy Webb, Steve Fuller, Judy Kingston, Donna Glass and Terry Taylor.

GOLF TOURNEY SET; NIXON WINS IN POLL

Cold and windy weather postponed the latest scheduled Scotch foursome tournament at the McLean Lions Golf Association course, but another try is set for next Sunday.

Joe Burroughs, association tournament chairman, announced Tuesday at the Lions Club's luncheon that tee-off time will be 1:30 p. m. Sunday.

He invited all persons—whether they are golfers or not—to attend the tournament, and he urged all players to enter.

Mr. and Mrs. Sammy Haynes won the first tournament held on the golf course opened the past summer, and Mr. and Mrs. Johnny Haynes took first in the second.

Nixon Leads 33-12

Derral Davis, McLean High School football and basketball coach, was installed as a new member of the Lions Club during Tuesday's luncheon.

Boyd Meador, local club member and an international Lions director, was installing officer.

In a presidential campaign poll among club members, Vice President Richard M. Nixon was the winner over Sen. John F. Kennedy.

Nixon received 33 votes and Kennedy 12.

One member wrote in the name of W. Lee O'Daniel, former Texas governor, as his choice for President, and another Lion was undecided.

John Pettit, high school student, was introduced as the "Lion Cub" for the month of November.

George Orrick was a guest of the club.

Two More Basketball Contests Announced

Two more dates have been filled on the McLean High School basketball schedule, Coach Derral Davis said Wednesday.

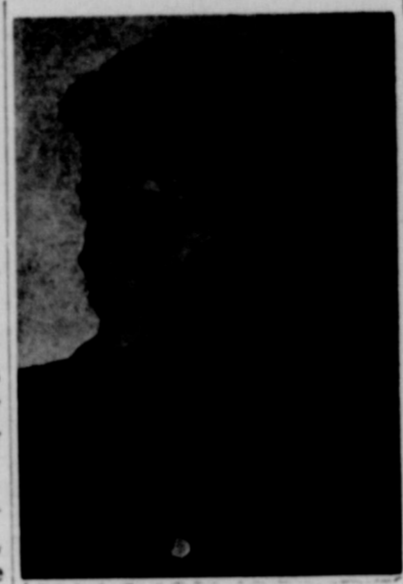

The local boys and girls squads will play host to Quail on Dec. 2 and then go to Quail on Jan. 31.

The B Tigers also have two engagements to keep. They will play Pampa Junior High there on Dec. 1 and here at 4 p. m. Jan. 26.

Other games also will be played. The latest additions to the schedule leave only Dec. 6 and Jan. 13 open, and Davis expects these two dates to be filled soon.

READY FOR OCCUPANCY: Construction of the 12 low-rent housing units in McLean has been completed, and applications are now being taken from families interested in moving into the one, two and three-bedroom residences. An open house is scheduled from 2 to 4 p. m. Sunday, when the new units, two of which are pictured above, will be shown to the general public. (Staff Photo)

Crowning of the queen is scheduled at the WTSC-Trinity University football game Saturday afternoon in Canyon.

She was nominated as a grid queen by her sorority, Tau Beta Sigma.

At McLean High, Miss Pakan served as drum major for the Tiger Band in her senior year and also was selected as the Lions Club beauty queen in 1959.

Her sister, Ruth is drum major for the band this year.

Margie Railsback's Grade Average Is 95

The semester grade-point average for Margie Railsback, McLean High School junior, should have been listed as 95 in the six-week honor roll announced in the Oct. 27 News.

Principal Bob Green said Miss Railsback's average for the first grading period was shown as 90 per cent, instead of 95.

COTTON QUOTA FOR '61 SET BY SECRETARY

COLLEGE STATION—(Special)—A national marketing quota of 15,562,000 bales and a national acreage allotment of 18,398,424 acres have been proclaimed by Secretary of Agriculture Ezra T. Benson for the 1961 crop of upland cotton.

Both are increases over those for 1960.

The secretary also set Dec. 13 as the date for the referendum on 1961 upland cotton marketing quotas. A two-thirds favorable vote will be required to keep marketing quotas in effect for another year.

The national allotment for upland cotton will be apportioned to the states, the state allotments to counties and the county allotment to farms according to the provisions of law.

Individual farm allotments will be made available to producers prior to the Dec. 13 referendum.

If producers approve marketing quotas for the 1961 crop in the referendum, price support will be available to those who comply with their farm allotment at a level within the range of 70 to 90 per cent of parity. The exact level will be determined at a later date.

If quotas are voted out, the allotment program will remain in effect and price support will be available to cooperators at 50 per cent of parity, as provided by law.

Mrs. Estelle Roach of Shamrock spent a week with her sister, Mrs. Nida Rippy Green, recently.

RANGERS BATTLED INDIANS

Bird Creek Battlefield is located in central Texas, just north of Temple, in Bell County.

This is the spot where Capt. John Bird valiantly died in battle in 1839.

A highway marker, erected at the site in memory of Capt. Bird, reads: "With only 34 Texas Rangers he met 240 Indians at this point, and routed them."

It was against such odds as this that our brave forefathers settled our now proud state. The more you see of Texas the more you will love it.

Comment from the Capital —

40% WILL STAY HOME . . .

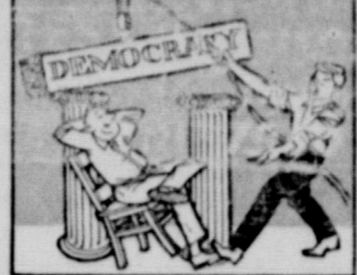

by Vant Naff

By all odds, the coming election figures to be one of the closest races in the century. And, coming as it does at a time of excitement and challenge, a time of grave crisis at home and abroad, it could well prove to be the most important election of our lifetime.

Sure it must come as a shock, then, to realize that in all likelihood almost half of the citizens of the world's greatest democracy won't even bother to go to the polls on November 8th.

This is no idle guess; it is based on vivid, disgraceful fact. 1952 saw the greatest percentage of American voters in history flock to the polls — and then it was only 62.7%! And in the 1948 election — the closest race of our time — only 51.5% of the population of voting age saw fit to use their franchise. These were presidential contests. In off-year elections, almost no one bothers!

Who are all these "non-voters"? They aren't outsiders or castoffs or "beatniks"; not most of them anyway. They are the nice, solid, friendly, comfortable people next door. They are the housewives who leave politics to their husbands; the men who are "too busy" to worry about politics. After all, what is one

their responsibility for making democracy work and not giving anything in return. Democracy won't work by itself. It needs people who believe in it; people who are willing to work at it. Because, far from being simple, democracy is the most complex and difficult form of government ever devised by man. But, as we all know, it is also the best. Let's keep it that way.

We feel proud of our liberties — we feel we are better off than the great number of people throughout the world who have no choice or voice about who shall be elected to the unshakable officialdom which governs them, yet ironically, here only about 50% of our freedom fighters bother to cast their ballots.

The whole world will be watching us in November, watching to see democracy in action. Let's show them what it means to live in America. Let's vote.

Who's going to help the farmers?

America's farmers are having a rough time in the midst of Republican "prosperity." Low prices—high costs. Big overhead—small profit. Costly investment—staggering bills and debts.

Who's to blame? It isn't just Ezra Taft Benson. The Republican administration that appointed Benson and for eight years praised his policies is equally to blame. The "experienced" Mr. Nixon has called Benson "one of the greatest Secretaries of Agriculture in our history."

The best way to get sympathetic action for farmers' problems is to elect Democratic leadership to the White House.

DEDICATION AHEAD: Dedication of the new First Baptist Church sanctuary has been tentatively scheduled for Nov. 13, as completion of the large brick structure nears. The date will mark the final sermon of the pastor, Rev. Jesse Leonard, who has resigned to accept a call from a church in Bonham. (Staff Photo)

The President of the U. S. may be the most powerful man in the world, but his wife can't redecorate her home without the approval of Congress. World Book Encyclopedia reports that it requires an act of Congress to change any feature of the state rooms, which are used for public affairs, in the White House.

THE DEMOCRATIC PARTY CAN MEET THE CHALLENGE

From Cuba to the Congo, from Turkey to Tokyo, the world is in turmoil, breaking the old allegiances. Here at home too many areas of our national life suffer from neglect.

A dazed Republican Administration is so lacking in purpose and ideas that America is in increasing danger of being second best in the world struggle.

We can meet the challenges of a stormy world with the leadership of men and a party that will face our problems and do something about them.

"The challenging sixties demand that the next President place himself in the thick of the fight, that he care passionately about the fate of the people he leads." These are the words of leadership, the words of Senator John F. Kennedy, Democratic candidate for President.

Your choice is between a party of action and a party of indifference. It's time for a Democratic Administration of new American leadership.

Missionary Union Has Regular Meet

"Message of God's Son" was the program given for the Women's Missionary Union of the First Baptist Church Tuesday, Oct. 25 when members met for their regular monthly Royal Service program.

Mrs. W. E. Dumas, in charge of the program, stressed the need for messengers. Mrs. R. N. Cypert gave the message, and Mrs. W. B. Minter and Mrs. J. V. Guthrie gave the Portuguese and Spanish messages.

A portrayal of those receiving the message was given in the characters of an illiterate woman, a national leader, a hospital experience and a night club dancer.

Mrs. Robert Vought dismissed the program with prayer.

Mrs. Cypert, president, presided over the business meeting and opened the devotional with a poem. Mrs. Delores Harrington read the prayer calendar and Mrs. Ira Rogers led in prayer for missionaries.

The secretary and treasurer reports were given and approved.

Miss Harrington announced a week of prayer for missionaries to begin Nov. 28 and continue thru Dec. 2, with the group meeting for prayer each morning at 9:30.

CITY DUMPGROUND WILL BE IMPROVED; BOARD VOTES FEE

The Lefors city council, at its October meeting, decided to maintain and upkeep the city dumpground. Their decision was brought about after examination of the sanitation standards involving the dumpgrounds and its surroundings.

In the past, dead animals and raw garbage have been discarded without proper disposal procedures.

The city council voted to hire a man for the upkeep of the dumpground and to haul trash for the citizens of Lefors. A fee of \$1 a month residential rate and \$2 a month commercial rate will be added to the water and sewer bills. The trash will be hauled one time a month for residences and twice for businesses, and more if necessary.

The dumpground is fenced and a lock will be placed on the gate. No one will be able to dump anything without contacting the dumpground attendant and paying the gate fee.

All trash cans are to be placed in a convenient place for the city maintenance truck, either on the street or the alley. All alleys should be cleared of all scrapiron and tree limbs. Trees should be cut up to prevent dragging them.

This was effective Nov. 1, 1960. David Stelle has been hired by the city to attend to the dumpground, on a temporary basis.

Achievement Day Is Observed by Club; Park Replica Shown

The annual achievement day exhibits were displayed by the Lefors Home Demonstration Club in the Civic Center Thursday, Oct. 27, between the hours of 10:30 a. m. and 5 p. m.

A complete replica of the city park landscaping, in miniature, featuring swings, slides, see-saws and complete with tables, barbecue pits and out-door toilets, centered the room.

The park has been a major project of the club, as it will continue to be in the future.

One hundred and fifty persons called during the day to view the exhibit tables of Christmas ideas, glittered pictures, molded work, canned goods, plastic flowers, antiques, gardening products, bedding, sewing and novelties.

Yellow and brown in autumn scenes were used to decorate the room. Chrysanthemums were used in various arrangements throughout the room.

A halloon game was used to entertain the guests. The door prize was won by Miss Betty Diamon, Pampa.

Sandwiches, cookies and coffee were served. A sale of baked goods was held. Bazaar items also were sold.

Members having part in the project were Mmes. B. J. Diehl, O. O. Bishop, B. J. Thacker, A. T. Cobb, C. C. Wells, B. D. Vaughn, Ted Kendall, Jeff Davis, B. J. Leiminger, Walter Elliott, A. M. Dickerson, Walter Hughes, Charles Roberts, David L. McBee, D. T. Pfeil and James Gatlin.

Quiet Day of Prayer Is Held by WSCS

"Quiet Day of Prayer," beginning at 10:30 a. m. and adjourning at 1:30 p. m. Tuesday, Oct. 25, was held by the Women's Society of Christian Service of the Lefors Methodist Church.

The program—consisting of a prelude, call to worship, scripture reading, two meditative talks and prayer—was conducted by Mmes. Paul Waldon, L. R. Spence, Bill Teel, W. C. Breining, Raymond Barnes, Walter Pflug and Carl Nunn.

The sack lunch was held in quietness, with Mrs. Lee Airington, Mrs. Butch Bradley and Mrs. Dow Willis reading the scripture during the luncheon.

No talking was indulged in between the sanctuary and the dining hall; all was quietness. At least 45 minutes of silent prayer was held during the periods.

The offering was taken. The pastor served communion following the lunch period.

Mrs. Walter Pflug gave the benediction. Mrs. Joe Watson was organist.

Also attending were Mrs. Cleve Johnson, Mrs. W. R. Combs and Mrs. Jesse Graves.

CHILD HURT

The ambulance was called to take little 11-month-old Davie Smith, son of Mr. and Mrs. David Smith, to the hospital last Thursday when he was accidentally dropped. He regained consciousness, however, before reaching the hospital, and was not seriously hurt.

Mrs. Marvin Moxon returned Monday after spending two days in Leedey, Okla., with her mother, Mrs. Roy Newton, who suffered a heart attack. Marvin Moxon has been dismissed from Highland General Hospital upon her return.

Cub Scouts Active; Youngsters Gather Bottles and Cartons

Cub Scout activities are well underway now, with two meetings having been held by all three dens. Halloween night the Scouts tricked and treated for empty pop bottles and egg cartons, to make money for their activities.

Den 1, under the supervision of Mrs. James Lancaster and Mrs. W. O. Todd, enjoyed an outing at Turkey Creek Friday afternoon after school, taking a snack lunch with them. Attending were Gary Harvey, Gary Sims, Ronny Sims, James Lancaster, Russell Barnes, John Dunan, Walter Todd, Jerry Teel and Gene Gee, den chief.

The first meeting of all dens was held at the fire station, with fire posters being drawn as their project of the day.

Den 2, supervised by Mrs. Ernest Foshee and Mrs. Gordon Robinson, met for its second meeting in a Scout hut made by Ernest Foshee in the Foshees' back yard. They have a space picture for their next project.

In this den are Richard Roberts, Mack Robinson, LeWayne Foshee, Larry Atchley, Troy Stanton, Gary Lewis, Dennis Boyd and George Duncan.

Den 3 for the past two weeks has been meeting with the scoutmaster, Fred Cullon. Den mothers have now been secured. Mrs. Tommy Adams and Mrs. Fred Harkcom.

In the den are Terry Dunn, Douglas Cates, Danny Adams, Ricky Fields, Richard Harkcom, Danny McDowell and Jackie Boyer.

The pack plans to charter the first week in November, according to Scoutmaster Cullon, and have the first pack meeting the last week in November.

BTU Members Have A Halloween Party

A Halloween party, in every sense of the word, was enjoyed by members of the Baptist Training Union, headed by Mrs. L. M. Berry, and the junior department, headed by Mrs. W. B. Minter, in the Civic Center Tuesday night, Oct. 25.

The party was given by the workers of the two departments for their regular members and guests.

A "house of horror," in the mysterious setting of black cats, witches, etc., was the highlight of the evening. Games were also played.

5 TEENAGERS FROM LEFORS ARE INJURED

Tragically interrupted the services of the Church of Christ Wednesday night, Oct. 26, when Mrs. Charles Weese was called out of the service, being notified that her grandson, Charles Coon who lives with her, was injured in a car wreck.

Shortly afterward, Mrs. Givins Ferguson was called out of the service, learning that her two sons, Dwain and J. L., were involved in the wreck. C. B. Hatcher, in the same service, was then notified that his twin girls, Elice and Berniece, were hospitalized.

The sixth teenager involved in the accident was Rosalie Howell of Pampa, who received cuts and bruises.

The youngsters had driven Mrs. Ferguson to church, and were going to drive a block before coming in themselves. They collided with an oil field winch truck with such force that it pinned the car between a highline post and the truck, demolishing the car and sending all six passengers to Highland General Hospital, via the Lefors ambulance.

The car belonged to Dwain Ferguson, who received fractures of the jaw and hand and a slight concussion. His brother, J. L., received a mild concussion.

Charles Coon's eye was badly injured, with other head wounds. Elice Hatcher was the most seriously injured with a broken pelvis which will hospitalized her for some time.

Doug Elkins, driver of the truck, received slight head cuts, but did not require hospitalization.

Marriage License Law Is Explained

Couples planning to be married must wait three days after making application for a marriage license if either is a minor, Gray County Clerk Charlie Thut explained this week.

Thut said several young persons applying for licenses recently apparently do not understand the state law.

There is no waiting period for receiving the license if both persons planning marriage are of legal age—21 years for boys and 18 for girls.

Parents must sign the marriage license application for minors.

The county clerk said persons making application for a license must be prepared to produce proof of their age. Blood tests are required of all persons seeking a license to wed.

PROGRAM OF FHA BROADENS FARM LOANS

Farmers who have regular off-farm employment, if otherwise eligible, may obtain farm operating and development loans from the Farmers Home Administration under the recently revised regulations of the agency.

James D. Gouley, Farmers Home Administration county supervisor for Armstrong, Donley and Gray Counties, said the new regulation went into effect Oct. 1.

Previously, except in rural development counties, a farmer had to spend most of his time farming in order to qualify for a loan.

Experience gained in rural development counties has shown that many farmers who are regularly employed off the farm can profitably use the FHA's credit facilities to increase the farm portions of their total incomes.

The regulation, which had limited credit assistance to farmers who spend most of their time farming, prevented some from obtaining the maximum income from their farms and from taking advantage of opportunities for industrial and other off-farm employment.

Other eligibility requirements remain unchanged. Applicants must have sufficient farm experience to carry on sound farm operations, must need credit and be unable to obtain financial assistance from other sources. As in the past, credit will be extended only to operators of farms that are family-type or smaller.

No loan will be made unless a plan for the coming year's farming operations shows that income from the farm and other sources will be large enough to enable the farm family to have a reasonable standard of living, pay debts and have an adequate reserve for emergencies.

Loan funds may be used to pay farm operating costs, purchase equipment and livestock, pay farm development costs and refinance certain debts. The interest rate is five per cent.

Repayment schedules depend upon the purposes for which funds are advanced and upon the estimated incomes from the farms. Usually, loans made for real estate purposes will be from funds advanced by private lenders and insured by the agency.

Technical farm and money management assistance is supplied to each borrower to the extent necessary.

The FHA office serving Armstrong, Donley and Gray Counties is located in the Agricultural Building, Clarendon. The agency also supplies credit for farm housing and soil and water conservation.

Edwin L. Gardner

MIDLAND MAN TO CHAIRMAN MOD DRIVE

MIDLAND—(Special)—Edwin L. Gardner of Midland will lead Texas volunteers in the new March of Dimes next January.

Gardner is a nephew of Mrs. Mike Smith of McLean.

The appointment to head the state's campaign against birth defects, arthritis and polio was announced in New York by Basil O'Connor, president of the National Foundation.

Gardner has served as chairman of the Midland County chapter of the National Foundation since 1953, and was selected as Midland's outstanding young man of 1955 for his work in the fight against polio.

More recently he established Salk vaccination clinics in schools and public buildings in which 95 per cent of all Midland school children and more than 50 per cent of the adult population received two or more shots of Salk vaccine.

The new Texas chairman is a native of Florida and attended the University of Tampa and the University of Florida Law School.

An executive on the Midland area staff of Shell Oil Co., Gardner and his wife, the former Amalene Ratto of Blanket, Tex., have been March of Dimes volunteers since 1952 when their daughter was stricken with paralytic polio.

The 39-year-old oil man is a Mason, a lay reader in the Episcopal church and is a member of the Midland Rotary Club, which he was instrumental in getting to sponsor the March of Dimes Telethons which have raised thousands of dollars the last seven years.

Mrs. Gardner also has been active in March of Dimes campaigns and has served as state advisor for women's activities. Mr. and Mrs. Gardner have two children—Edwin Jr., 13, and Glynda Gail, 10.

The state chairman will assist county campaign directors in carrying out the traditional appeal, set for Jan. 2-31, in each community in the state.

The only bachelor President of the U. S., according to World Book Encyclopedia, was James Buchanan.

"It pays to advertise," but sometimes it can be confusing. The other day a car passed us with a Scotch-Lite sticker on the bumper reading: "Attend the so and so church on West Street," then on another sticker on the back glass it said: "Don't follow me, I'm lost."

They say: "Life begins at 40." Trouble is, I have always wanted someone to answer this question: "Begins to do what?"

The human mind is a wonderful thing. It starts to work the moment we are born and keeps right on until we get up to make a speech or write a column.

Stubbornness, is a thing we hate; Firmness, that's okay. The first is my neighbor's trait. The last, that's my way.

People who think they never make any mistakes, should never make the mistake of losing patience with the folks who sometimes make mistakes.

ELECTRONIC LARYNX IS READY FOR THOUSANDS OF VOICELESS

Now there is a new voice for the thousands of voiceless people in the United States—an electronic larynx that is being introduced in this area by Southwestern Bell Telephone Co.

The electronic device was invented by scientists at Bell Telephone laboratories to provide a substitute for the sound of the vocal cords for a person whose human larynx has been removed or paralyzed.

This new electronic larynx looks much like a modern electric shaver. The user holds it against the outside of his throat while operating it.

The electronic larynx transmits sound waves into the throat cavity replacing those normally produced by air passing over the vocal cords. Speech is formed by forming words with teeth, tongue and lips, just as in normal talking.

"The electronic larynx is small and compact, weighing only seven ounces," Joe McDonald, manager for Southwestern Bell here, said. "This small, unobtrusive size also

is an advantage to the user." Southwestern Bell will make the electronic larynx available to laryngotomized persons at a price of \$45. McDonald said this price is the cost of manufacturing the device by Western Electric Co., manufacturing unit of the Bell system.

Four western states—California, Arizona, New Mexico and Nevada—will produce more than 20 per cent of the nation's cotton crop this year. The same states accounted for only six per cent 20 years ago.

WILD TURKEY HUNT?

An open season on wild turkeys is being considered for western Oklahoma. The state has an estimated 18,000 of the birds, and sportsmen say 5,000 toms a year could be taken without endangering the state's future wild turkey population.

Bread, in both leavened and unleavened forms, has been a principal food since earliest history.

SPOOKS FLY HALLOWEEN

By RITA BROWN

Did you see that strange shadow fly across the moon? What do you suppose it was?!

Monday night, Oct. 31, was the big night. Or was it? The supernatural beings began to appear a bit early this year. Distinctly heard were screams during the midnight preview Saturday night.

Trick or treat? All the little people came and knocked at your door one by one; a ghost, a witch, a goblin, a vampire, a werewolf. Yet from beneath those distorted features we heard a shy laugh and knew that we should not be afraid.

But there was one creature which came by that I'm really worried about. Its voice seemed strangely gruff and not only its face, but also its hands were misshapen.

One moment it was standing before me, and then it seemed to disappear into the shadow of darkness. Perhaps my imagination was over-worked and then again—

Grimacing, golden pumpkins appeared, shadows flew across the moon, weird sounds and sights were conjured from witches' cauldrons, and even the weather seemed to grow heavy with fog at times as if to hide some strange, evil doing.

Did you listen to the creak of the trees outside? They may have not been trees at all, but the groan of old bones or a troupe of spooks upon your doorsteps.

The unwary were carried away by raging witches to become one of the same. Perhaps you will meet one of these unfortunates next Halloween.

Watch out! It is not too late to see an occasional spook. If you do see one—hide if you can. If you can't, stand as still as a statue and it might go away.

Well, our senior play practice has begun. Everyone, please plan to attend our play around Nov. 18. We think you might enjoy it!

Last Friday night was a big night for certain P.T.A. members. Many of them made their debut as stage personalities.

We of the younger set certainly got a buzz out of seeing our parents, aunts, uncles and friends take on new characters with the help of grease paint!

After the P.T.A. plays, most of the seniors headed for Miss Sue Wright's home for a grand party. We had good company (all seniors, of course!), good records and good food!

What more could a group of teenagers ask for in order to have a wonderful time? Thanks, Sue. We all had a ball!

Congratulations to Miss Janice Page, the new worthy advisor for the Order of Rainbow for Girls. Janice and others of the assembly were installed Saturday night in an impressive ceremony.

FARMERS DECLINING

Less than nine per cent of the total U. S. population, or about 16 million people, now live on farms. Twenty-four years ago, one out of four persons was a farm dweller. The Census Bureau now defines a "farm" dweller as a person who sells at least \$50 of crops or livestock a year.

Ninety per cent of the 170 million people in tropical Africa are illiterate.

SCHOOL SPIRIT IS IMPORTANT

By JUDY WYATT

"Ah, we're going to get beat anyway. Why should I go to the game?"

How often have we all heard this utterly disgusting remark? Some students—for that matter, even some grown-ups—are found to be entirely lacking when it comes to school spirit.

People just don't seem to realize how really important school spirit is. Without backing and enthusiasm, the game might as well be lost! This bad spirit, if not prevented and remedied, soon slows down good spirit.

Players like to know and feel that they are being backed, that people are pulling for them every minute. School spirit makes for a better school and a person who possesses this is a better citizen of the school and town.

School spirit, plus enthusiasm, plus the right attitude can equal nothing but a good solid personality. Possession of all these traits creates an unbeatable combination. Let's all try to have more school spirit and remember—don't ever give up hope for anything; because when hope is lost, there is nothing left.

Always hope for the best.

DEAR ROMEO AND JULIET

Dear Romeo and Juliet:

I would like to know what to do about a boy who grips constantly. He comes to our church and he never likes what the youth officers do at our meetings. He is always telling someone that what they do is wrong. This boy is a senior and I think it is about time he grew up.

Be Glad to See Him Go

There are people like this boy everywhere you go and the best thing that I know to tell you is just ignore him when he is around and see as little of him as possible. Perhaps there might be a reason for the way he acts: he may be trying to get attention for himself and not know he is doing it the wrong way.

Dear Be Glad to See Him Go:

I think the boy is being very unreasonable. The next time he tells someone that they are doing something wrong, ask him if he would like to do it. He will soon learn to not gripe quite so constantly. If this doesn't work tell him what you think of him.

Dear Romeo and Juliet:

I am a junior in high school and I want to go with a girl who is a senior this year. I don't know whether she wants to go with me or not, and I don't have the nerve to ask her. What should I do about the matter?

No Nerve

If you want to go with this girl, ask her. How else are you going to know if she wants to go with you? If she does not want to go with you she will probably tell you so and if you have this

knowledge you might find it easier to forget her.

Romeo

Dear No Nerve:

Since you don't have the nerve to ask the girl for a date I doubt very seriously if you are mature enough to go on a date. However, you should have a friend tell the girl that you would like to go with her. If the girl wants to go with you it won't be long before you will know it. Most girls feel if the boy doesn't have enough nerve to ask them for a date themselves, they would rather not go with them. Keep this in mind.

Juliet

Dear Romeo and Juliet:

I would like to have your advice on whether or not to get married. A certain boy has asked me to marry him and I don't know whether I ought to or not. I love this boy very much but there are a lot of disadvantages to marrying while you are in high school. So would you please tell me whether or not I should get married.

Helpless

My advise to you is stay single. If this is really love, as you say it is, you and your boyfriend can wait until school is out to get married.

Romeo

Dear Helpless:

I do not believe that a girl of your age should even think of marriage at this early stage. If you really love this boy you should consider waiting until you finish high school. After you have graduated and are still sure you love him, there will be plenty of time to get married. Your future depends on this decision.

Seniors on Review

By SUE WRIGHT

"GUESS WHO?" You know this much already, it has to be a senior. In every issue we bring you another potential candidate for 1961 diplomas.

F.H.A. and the senior class has chosen this young man for treasurer of their organization for the past two years. DENNIS ROACH must have financial perspective, to say the least.

Dennis' friends report he is noted for his likes and dislikes. He lists

high on his list of favorites: Colors—black and green; Mexican food and Fritos; from the land of stars—Debbie Reynolds, Jane Wyman and Rock Hudson. Dislikes he leaves for another day.

"I am going to attend Oklahoma University and study architectural engineering," says Dennis. Designing has been one of his chief interests for several years.

He is the son of Mr. and Mrs. J. B. Roach. They live at the El Paso plant east of McLean.

Dennis' advice to the freshmen is: Study hard, live right and happiness will always be yours.

Ruth Pakan was born on Dec. 8, 1942, in Shamrock. Her parents are Mr. and Mrs. Miro Pakan.

She has attended school here from the first grade. Since entering high school, she has been in the following activities:

During her sophomore and junior years she was a twirler and is drum major during her senior year.

She has been in the band for four years. F.H.A. three years and in F.T.A. one year. She is the senior class sentinel. She was a member of the student council during her sophomore year.

From her album of favorites, she discloses the following: color, blue; teacher, all of them, subject, literature; class, band; person, everyone—especially the members of the SENIOR class.

Her hobby is sewing. She enjoys making her own clothes.

She has not decided on the college that she will attend. She said, "The subject I will major in will be either nursing or home economics."

'Night Crawlers' Is Scheduled Nov. 20

By the Senior Class

By DOUG CROCKETT

On Nov. 20 the senior class of MHS will present "The Night Crawlers," a mystery-comedy in three acts. The play is written by Robert St. Clair, and is directed by Mrs. Mary Tom Riley and Mr. Jim Boyd.

The cast includes four men and six women who are as follows:

Cinny Lou, Mary McClellan; Zeke Skitter, Gary Gordin; Clint Roberts, Doug Crockett; Jackie Burton, Nancy Meacham; Kitty Wood, Judy Wyatt; George Allen, Gary Back; Mrs. Yates, Jeane Shelton; Marion Yates, Ruth Pakan; Carol Lewis, Peggy Sharp; and Dick Karl, Johnny Stewart.

Here is a fast-moving, hilarious and suspenseful tale about an amateur theatrical group who try to convince a potential television sponsor of their abilities by acting out a riotous mystery play in such a way that the sponsor thinks all the weird happenings are real.

It all takes place in an old, tumble-down farmhouse, which is situated beside the main, cross-country highway in the backwoods of the Southern mountains.

The house has recently been inherited by Richard Karl, a young man who works for the advertising firm which represents the potential sponsor.

Richard went to college with the members of the theatrical troupe, and he is in love with Carol Lewis, the leading lady, which is the reason he is so anxious to help them all "get ahead."

When he finds out that the president of the firm, Mrs. Yates, wants him to drive her and her teenage daughter, Marion, up to a mountain resort—and that they will have to pass right by his "inheritance," he instructs Carol and her group to go on ahead, get into the old house so they can put on their "act" for Mrs. Yates' benefit when the car supposedly breaks down and Richard induces Mrs. Yates and Marion to go inside with him while he pretends to ask for help.

That's when things really start happening in a big way! Nobody knows that a couple of mountain characters by the names of Zeke and Cinny Lou have previously broken into the house to search for a "jewel of great price" which they believe is hidden there, and which they intend to steal and sell to their "kin get spiced" and live in comfort for the rest of their lives.

Consequently, everything gets mixed up, and it isn't long before the two hillbillies become a part of the "ghostly" happenings. Zeke—in order to get out—even becomes a hillbilly vampire—supposedly!

Nan Charms You

By NANCY MEACHAM

I enjoy being a girl. So goes a line from a hit song in the New York City Broadway play entitled "Flower Drum Song."

Actually, nothing could be more true if you just pause for a moment to reflect.

Only a girl can spend hours and hours in front of a mirror experimenting with hairdo's, makeup and clothes. A boy must resort to washing a dirty car or raking the yard during leisure hours.

Every teen should establish a workable grooming routine that will fit into her busy school and social life. Follow these daily grooming suggestions until they become automatic:

1. Take a shower or a tub bath every day.

2. Brush your hair thoroughly and vigorously at least once a day. Select a hairdo that is simple and becoming so that it will stay in place with only occasional combing throughout the day.

3. Completely remove your light makeup every night. Apply a fresh, slight make-up carefully in the morning.

4. Wash your hands frequently, and use a hand lotion. If it's difficult to keep your polish looking good, just buff your nails or use a colorless polish.

5. Brush and polish your shoes before putting them away. It only takes a minute or two and the shoes will be in good condition when you want to wear them again.

6. Brush your teeth after each meal and before retiring.

7. Enjoy good health by getting plenty of sleep. Well-balanced meals will insure energy and sparkle. Outdoor exercise and good posture will give vitality to your personality and wardrobe.

8. Don't let autumn by-pass you before you weed out your wardrobe. Get rid of outdated clothes and garments that will never be worn, but will hang in your closet until your mother removes them. Perhaps you know a needy family that will appreciate receiving the better clothing you have outgrown.

Now, aren't you glad you are a girl? After reading the things we have to do, the boys are probably glad they are boys!

BAND NEWS

By NANCY MEACHAM

A second division rating was received by the Tiger Band for the fine performance they gave Tuesday, Oct. 25, at Dick Bivins Stadium in Amarillo.

The band was entered in the Interscholastic League marching contest. Each individual was inspected for appearance of himself and his instrument.

The band as a group was then checked on oral command movements. This fine 59-piece band stepped high upon the field to be judged by three outstanding judges.

As the Tiger Band filed into the stands, our pretty drum majorette, Ruth Pakan, along with a drum majorette from Dimmitt, was chosen for a picture. Ruth's picture appeared on the front page of the Daily News.

The twirlers journeyed to Amarillo earlier Tuesday morning to twirl solos in the twirling contest. The ratings went as follows: Donna Graham, second Cheryl Grimley, first; Toni Mertel, third, and Sharon Sitter, second.

DOLLY AS HOSTESS

One of the most brilliant social whirls in official Washington revolved around Dolly Madison, who served as official hostess during the administration of the widowed Jefferson as well as that of her husband, James.

World Book Encyclopedia notes that Dolly was also a heroine. When the British invaded the capital during the War of 1812, she saved many state papers and a portrait of George Washington.

The speakers for the Republican Party, representing Nixon and Lodge, were Becky Waller and Douglas Crockett. Johnny Stewart and Jim Watson were spokesmen for the Kennedy and Johnson delegation.

The moderator was Jack Back, who held his post with much dignity and authority which commanded the respect of both groups.

Each party had a motto which was written on posters and placed

Dokes Dopey Dobber

—Test Your TV Tubes—

By DOYAL BILLINGSLEY

Dokey, himself, dobbed around to find out what everyone's favorite TV program is; here are a few of these favorites:

Judy Wyatt's favorite programs are "Alcoa Presents" and "Alfred Hitchcock Presents." Judy says, "I just go in for scary, weird shows." I just imagine we will see Judy at the Halloween preview.

Becky Waller's favorite TV shows are "Alfred Hitchcock Presents" and "The Loretta Young Show." Becky likes Alfred Hitchcock because of the way he ends his show. She likes Loretta Young because her stories are filled with warmth and family love.

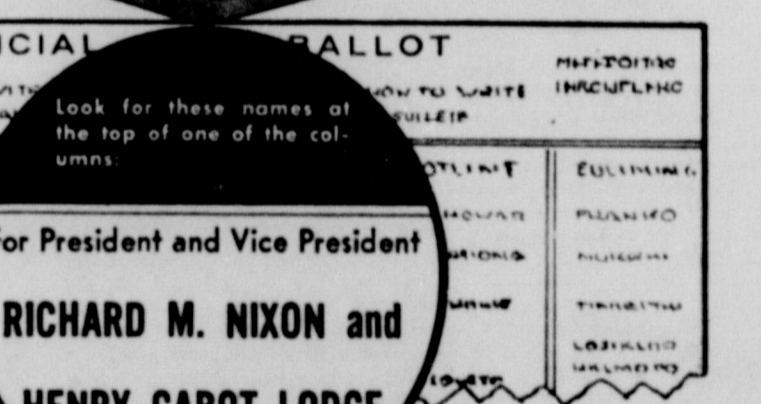

Mary Ann Carter's best programs are "Alcoa Presents" and "Dow Mystery Hour." These are her favorites because they vary from the romantic to the weird.

Charlie Jones has the same opinion as some of the girls; he likes "Alcoa Presents" and "Bonanza." He likes "Hoss" in "Bonanza." He also likes "Alcoa" because it is weird and spine-tingling.

Danny Brown likes "Alcoa Presents," "Dow Mystery Hour," "Hawaiian Eye" and "Surfside." Danny likes these shows because they are from the supernatural, and they are also detectives.

Doke may be Dopey for even dobbing around into TV interests, but it has made him even more curious to see which shows teenagers watch the most. He may check your viewpoint in the future.

STATE CAPITAL Highlights AND Sidelights

TEXAS PRESS ASSOCIATION

AUSTIN—(Special)—City officials of Texas are serving notice on the next Legislature that "something's got to give."

"Three-fourths of the people live in cities, and they should have three-fourths of the vote," said Deer Park Mayor Jimmy Walker after being elected president of the Texas Municipal League Mayors, Councilmen and Commissioners Association.

Walker referred to votes in the Legislature, due for re-districting since the 1960 census. In the past 10 years, Texas has had a sharp population shift from rural to urban which is not reflected in the make-up of the present Legislature.

Given representation according to their populations, the city officials believe they can "cure many inequities."

One of the things they would like to have is broader taxing powers. State law now restricts cities to the property tax. Many city officials believe that the pyramiding growth and expenses of urban areas make new revenue sources necessary.

ACCIDENTAL DEATH UPHOLD
—State Supreme Court has reaffirmed its own earlier ruling of "accidental death" in the case of a man who died from a blood clot on his brain after watching his office records burn.

This means two insurance companies must pay double for policies on the man's life, which provided for double indemnity in case of accidental death.

Decision was 5 to 4 by the court. Majority opinion said that the "viewing of the fire produced a wholly unexpected, unusual and unforeseen catastrophe."

Dissenting opinion said that the case would bring up all sorts of confusion, such as whether a heart attack caused by excitement from watching a football game or TV show was "accidental death."

ANOTHER CHANCE FOR SA—
Supreme Court ruled that the City of San Antonio has the right to make another try in court for water from the Canyon Dam Reservoir.

San Antonio's effort to get some water from the dam being built by the Guadalupe-Blanco River Authority has been going on for years.

State Water Board turned down the city's request which is vigorously opposed by GERRA. San Antonio appealed the water board decision to district court which rejected the appeal, saying, in effect, that it was too late since construction of the dam already had begun.

Supreme Court held that San Antonio was entitled to a trial of

the case on its merits in district court. If the district court should decide that the city should get some of the Canyon Dam water, the case will go back to the water board to decide how much it should get.

"SALOON CLUBS" UNDER FIRE
—State Liquor Control Board has set a hearing Oct. 24 on proposed new regulations for private clubs selling liquor by the drink.

Bona-fide private, non-profit clubs are not the target of the proposed new rules, said Liquor Board Administrator Coke Stevenson Jr.

It's aimed, he said, at "fly-by-night operators" who give away membership cards or have only the flimsiest sort of organizational set-up as an excuse for selling liquor by the drink.

New rule would require all clubs to have a private club registration permit, to be renewed annually. To get the permit, the club would have to have dues or fees, exclusive of liquor charges, sufficient to pay rental, insurances, taxes, repairs, etc., on its premises.

Liquor dealers would be forbidden to deliver liquor to any club without a permit.

Stevenson said there are probably more than 1,000 clubs providing liquor by the drink in Texas.

TEXTBOOKS CHALLENGED
—As the twig is bent, the tree's inclined—which led a group of citizens from over the state to come to Austin to challenge proposed public school textbooks they felt might incline the youngsters the wrong way.

J. Evetts Haley of Canyon headed the group called the Texans' Committee for Education which appeared before the State Textbook Committee. Haley, an arch-conservative, ran for governor in 1956.

Haley's committee objected to references in the proposed texts to persons they regarded as "subversive" and to what they called "left-wing comment." Some books, they said, encouraged "government doles" by picturing farm subsidies in a favorable light.

Members of the textbook committee, made up of teachers, said that any favorable reference to proven subversives would be taken out of any books recommended for state adoption.

TEXAS-ALASKA AGREEMENT
—Texas and Alaska, the big two of the United States, have worked out a "visiting privileges" agreement for motorists from the two states.

Texas vehicles can operate in Alaska up to 90 days without additional registration charges, and Alaskan cars, trucks and buses may do the same in Texas.

State Highway Engineer DeWitt C. Greer announced the agreement. He said Texas now has reciprocal passenger car agreements with all other states and truck and bus agreements with all but six states.

SHORT SHORTS—Governor's Advisory Commission on Finance knocked down one of the favorite themes of the optimistic—that the state has enough money in special funds to offset the shortage in the general revenue fund. Month by month, the balances in the statutory special funds would not cover the general revenue fund deficit, said a commission report.

Land Commissioner Bill Allcorn has announced the appointment of Jack Giberson as chief clerk of the General Land Office. Giberson was serving as legal counsel for the land office.

Haward L. Arno will become engineer of secondary roads for the State Highway Department beginning Oct. 15. He succeeds Percy S. Bailey who is retiring after 36 years with the Highway Department.

Texas Employment Commission notes a drop both in job holders and job seekers. Unemployment dropped by 3,800 to a 176,700 total, says TEC, while total employment slipped by 23,600 to 3,504,100.

Veteran Information

Q—I have a total disability rider on my GI insurance policy which would pay me \$5 a month for every \$1,000 of my coverage. I understand the amount which can be paid for total disability has now been increased. Please give me some details.

A—Recent legislation increased to \$10-a-month-per-\$1,000 of insurance the amounts which may be paid disabled veterans whose policies carry a total disability income rider. The added cost for this added protection is small. Any VA office will tell you how much the additional premium would be in your case.

Q—I'm going to need an operation for a non-service-connected condition and expect to be admitted to a VA hospital soon. Meanwhile, there must be X-ray and other examinations before my operation. Can they be taken care of before I go to the hospital, in order to shorten my hospital stay?

A—They can now, by a law which has just been passed. Non-service-connected cases, formerly ineligible for this benefit, may now be given necessary clinical examinations before they enter a VA hospital, as well as clinical care after it is no longer necessary for them to occupy a hospital bed.

Q—I was in training in June, 1960, taking vocational rehabilitation for a World War II service-connected disability, when the deadline for completing my training was extended, by law. I am very grateful for this, and wonder if the new law affects other World War II veterans who may never have started training.

A—Yes. The new law also gave World War II veterans, whose service-connected disability was so severe as to keep them from rehabilitation within the time period previously available to them, the right to enter on or complete training any time up to July 25, 1965.

Q—Are guide dogs provided without charge by VA for eligible blinded veterans?

A—Yes, they are. Blind veterans entitled to compensation for a service-connected disability can get a dog guide and all necessary training through VA. VA also pays any necessary medical expense connected with the dog's care.

Q—I am 22, the son of a World War II veteran who died of a service-connected condition, and am now in the armed forces myself. I'd like to go to school under the War Orphans Education program when I get out, but then I will be more than 23 years old. Can an exception to the age limitations for eligibility be made in my case?

BIG LITTLE COUNTRY

Although the U. S. has only seven per cent of the world's population, it has three-fifths of the world's automobiles, half of the world's electric power production, more than half of all telephones, and two-fifths of the steel production capacity—just to mention a few "firsts."

McLean News,
McLean, Texas
Dear Mr. Editor:

You know the years come and go pretty fast and each year all of us have birthdays.

In your birthday column I have been noticing I have a birthday twice a year, one in September and one in October. That is making me too old in a hurry.

My birthday (Mrs. Pierce Castleberry) is the 9th of September, my husband's birthday is the 23rd of October, and my son's birthday (Pierce Jr.) is the 18th of May.

Will you please not make me have two birthdays? I get birthday cards from my friends on my husband's birthday. I think it is quite amusing, but I don't want to be any older than I am.

We enjoy getting the News because my husband was born and reared in Alamo and after our marriage we lived in Alamo and around McLean for several years before moving to Las Cruces, N. M., three years ago. We feel we can keep up with things about our friends and other news that goes on around our home town and surrounding area.

Very sincerely,
Mrs. Pierce Castleberry

KEEP THE VOICE OF TEXAS STRONG

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs . . . educational opportunities . . . military installations . . . defense projects . . . water and soil projects . . . rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate.

Texas' future — and America's — lies in your response November 8.
