KENNEDY AND JOHNSON ELECTED

IN ACTION: Four McLean High School seniors in the cast of "The Night Crawlers" go through their paces during a rehearsal. They are (from left) Judy Wyatt, Doug Crockett, Peggy Sharp and Mary McClellan. The senior play is scheduled for Nov. 17 and 18.

MERCURY AT 23 DEGREES

Chilly weather—made to feel colder than thermometers showed by a slight north wind—crept into the McLean area early Wednesday and plunged temperatures to below the freezing mark for the second time this fall.

The official Wednesday-Thursday overnight low was 23 degrees, according to Fete Fulbright, McLean weather observer.

Temperatures here stayed below the 70-degree mark through the past week, with Friday's 69 the highest recorded.

No measurable amounts of moisture fell on McLean the past week, but there were a few grains of snow blowing over the city Wednesday morning.

Light snow was reported Wednesday in Pampa and Amarillo, and more was forecast through Wednesday night.

High and low temperature readings for the past week here were:

	High	Low	Precep.
Thursday	63	41	
Friday	69	50	
Saturday	67	38	
Sunday	61	41	
Monday	60	42	
Tuesday	62	43

Dedication Delayed

Dedication of McLean's new First Baptist Church sanctuary, originally scheduled for next Sunday, has been postponed indefinitely.

Plans for the dedication were delayed because work on the building is not yet complete.

'Night Crawlers' Set by Seniors On Nov. 17, 18

Two performances of "The Night Crawlers" will be presented by the McLean High School seniors Thursday and Friday nights, Nov. 17 and 18, to raise money for the class' annual trip next spring.

It was erroneously reported in last week's Tiger Post, MHS student newspaper, that the date for the play was Nov. 20.

"Kiddy Night" has been designated for next Thursday's show, with the play to begin at 7 p. m., according to Mrs. Jack Riley, co-director and senior class sponsor.

Reserve seats for grade school children that night will be 50 cents. Reserve seats are 75 cents for high school students and \$1 for adults.

Reserve Seats \$1
All reserve seats will be \$1 at the Friday night performance. General admission prices are 35 cents for grade school students, 50 cents for high school students (See PLAY, Page 8)

Hospital Dedication Nov. 20 in Groom

Residents of the McLean area have been invited to attend dedication services for the new Groom Memorial Hospital Sunday, Nov. 20.

The program will begin at 2 p. m. at the hospital in Groom.

MRS. AKERS' RITES TODAY

Last rites for Mrs. Mary Akers were scheduled for 2 p. m. today in the McLean Church of Christ, with interment in Hillcrest Cemetery.

Tom Waters, minister of the Pantex Church of Christ, was the officiating minister.

Funeral arrangements were under the direction of Richerson-Lamb Funeral Home, McLean.

Mrs. Akers died Tuesday at the home of a daughter, Mrs. H. A. D'Spain, in McLean. She was 90 years of age.

Born in Garland on Sept. 1, 1870, Mrs. Akers moved to McLean from Amarillo in 1940.

In addition to Mrs. D'Spain, she is survived by three other daughters, Mrs. Ruth Thomas, Amarillo, and Mrs. Nell Lemonds and Mrs. Myrtle Spellman, both of Dallas; four sons, Henry of Pampa, Preston of Tyler, Victor of Plainview and Tom of Amarillo.

And one sister, Mrs. Pearl Sharp, Orange, Calif.; 21 grandchildren and 25 great grandchildren.

FUND DRIVE HERE NOV. 17

McLean volunteer firemen will sponsor the annual drive for funds to combat muscular dystrophy next Thursday evening, according to Chief Boyd Meador.

Meador said the national drive is to be conducted on Nov. 21, but due to a conflict in dates the local campaign has been scheduled for 6 p. m. Nov. 17.

Firemen will make a house-to-house canvass all across the city and will "plainly appreciate your assistance and cooperation," Meador said.

The drive has been a big success here in previous years. In 1959 McLean residents contributed more than \$400, and some \$300 was collected in the preceding year.

Firemen will wear arm bands identifying them as volunteers in the muscular dystrophy campaign.

McLean, County Vote Republican

The Democratic Party won back the White House Tuesday in perhaps the closest presidential election ever, from the standpoint of popular votes.

But John Fitzgerald Kennedy and Lyndon B. Johnson got very little help from McLean and Gray County in their bid for the top two positions of leadership in America.

McLean voters favored the Republican ticket of Richard M. Nixon and Henry Cabot Lodge, by a whopping majority of 543 to 169, as Democrats crossed the party line in droves.

More Bus Barn Bids Are Asked By School Board

The McLean board of education voted to ask additional bids on the construction of a bus garage and employed a census-taker for the annual school enumeration beginning in January during a busy session Monday night.

Only one bid had been received on the garage in time for Monday's meeting, and members of the board decided to change the building specifications and seek additional offers.

They plan to build a 17 by 40-foot structure with a sealed ceiling, double-glazed window on the north end and overhead door, if the cost does not exceed \$2,000.

Mrs. Beasley Hired
Mrs. Guy Beasley was hired by the board as census clerk. She will begin work in January.

School district Business Manager Charles Cousins informed the board that \$101,179.04 had been collected in the school tax thus far, described as "about normal" for this time of year.

The school tax levy for the district is \$123,445.33 on a property (See BOARD, Page 8)

Forming of Scout Troop Planned Here

A Boy Scout troop organizational meeting will be held in the McLean Grade School cafeteria at 7:15 p. m. Monday, and all youngsters interested in joining have been invited to bring their parents.

Jay Leath, scout executive from Pampa, said boys aged 8 and older and their parents are asked to attend.

Plans call for the organization of a Boy Scout troop that night for youths 11 years of age and older. Boys 8, 9 and 10 years old may join the Cub pack.

A team of leaders in the scouting program at Pampa will help in the forming of the troop.

Jack Riley, grade school principal, will be in charge of the meeting.

Tiger-Buc Tussle Friday

The lid goes down on the District 2-A football race Friday night, when the McLean Tigers invade Lefors for the yearly slam-bang finale with the conference-leading Pirates.

Kicking off at 7:30 p. m., the tussle should be a hard-fought one between these two arch grid rivals.

Rocking along undefeated in district play, Coach Ed Lehnick's Bucs appear to have the crown in tow. But the Bengals of Coach

The story was the same elsewhere in Gray County, where Nixon and Lodge received 6,197 votes to Kennedy and Johnson's 2,802.

These are complete but unofficial returns for the entire county.

Sen. Johnson, who was re-elected to his Senate seat as well as to the vice presidency, also garnered less votes here and in the county than his Republican opponent, John G. Tower.

394 for Tower
Tower polled 394 votes in McLean and 4,972 in the county, while Johnson was favored by 281 voters here and 3,854 countywide.

In other races Democratic candidates won handily. The McLean vote (D for Democrat, R for Republican, C for Constitution Party):

For governor—Price Daniel (D) 468; William M. Steger (R) 219.
For lieutenant governor—Ben Ramsey (D) 472; Gilbert N. Harrison (R) 203; Phillip Lee Eubank (C) 1.

Local Dentist Is Hope of Board

Additional efforts will be made to secure a dentist for McLean, the city commission decided Tuesday night.

The governing board instructed City Manager B. J. McCartney to write the School of Dentistry at Baylor University, Waco, stating that there is a need for a dentist here and offering to provide space for an office.

A School of Dentistry class is scheduled to graduate from Baylor this month.

Aldermen tabled for further study a proposal by Southwestern Public Service Co. to install brighter lights on U. S. 66 through McLean.

Jimmie Don Morris, local SW PS manager, told the board that it would cost the city \$34.50 more per month to convert the 15,000-lumen mercury vapor lights to 20-lumen.

The total street lighting bill would be increased from \$346.90 to \$381.40 per month for all streetlights in the city.

Cost Going Up
Morris pointed out that the manufacturer is increasing the cost of the 15,000-lumen lamps and may (See CITY, Page 8)

Three Housing Units Are Now Occupied

Three of the 12 low-rent housing units constructed here by the federal government have been leased and three more applications are on file, Mrs. Wilma Banks, clerk for the McLean housing authority, reported Wednesday.

Mrs. Banks invited families interested in renting the new brick units to contact her at city hall.

Remaining to be rented are one one-bedroom unit, three two-bedroom units and five three-bedroom units.

The rent is based on income of the families occupying the units.

An estimated 100 persons attended an open house last Sunday afternoon at the new units, and several indicated interest in renting.

WEATHER DELAYS PLANTING

Unusual weather in some areas of Texas has prevented the planting of winter temporary pastures. George McBee, extension pasture specialist, says, however, that late pastures can be planted and they can be profitable if they are managed correctly. Seed treatment and fertilizer are the keys to successful production of late-planted winter pastures, the specialist says.

California Woman, Child Shaken Up

A California woman and her baby were shaken up but apparently not seriously injured in a one-car accident 11.8 miles west of McLean Tuesday on U. S. 66.

Mrs. Dorothy Moody went to sleep at the wheel of her Renault at 6:30 a. m. Tuesday, and the vehicle turned over on the side of the highway.

Highway Patrolman Charles Henderson said Mrs. Moody and her baby were brought to the McLean Hospital for treatment and then released. Her husband was unhurt.

The car turned over on one side, then flipped over on the other and skidded for some distance. Damage was estimated at \$150.

Women earn more than twice as many bachelor's degrees in education as men, according to latest figures compiled by the U. S. Department of Health, Education and Welfare.

But men earn one and one-eighth as many master's degrees and nearly four times as many Ph.D.'s, the department found. The figures revealed that 57,000 women earned bachelor's degrees in education in 1957-58, as opposed to approximately 25,000 men.

You've never driven a heavy-weight that handled like this one!

HERE! EASIER GOING FOR THE DRIVER AND THE LOAD, LONGER LIFE FOR THE TRUCK!

'61 TORSION-SPRING CHEVROLETS

If you don't think scrapping the front axle has made a world of difference, you haven't driven a Chevy in a while. A few minutes behind the wheel and you can feel why drivers are happier and breakable loads are better protected. But the biggest advantage of all, you'll realize, is that the truck itself (sheet metal, tires, chassis components, everything) takes less abuse. With independent front suspension soaking up road shock and vibration, the truck lasts longer, goes extra thousands of miles before trade-in time. Add that to what everybody's always known about Chevy dependability and you find yourself looking at the soundest truck investment you could bet your business on.

and look! NEW REAR-ENGINE CORVAIR 95's

A panel and two pickups that put a thrifty air-cooled engine in the rear, the driver up front and as much as 1,900 pounds of load space in between! That's more capacity than a conventional half-tonner. Yet these Corvaire 95's are nearly two feet shorter from bumper to bumper. Highly maneuverable. Built to last and bound to save on a busy schedule!

CORVAIR—Side doors open a full 45° wide. Loading height is a low 14" off!

"Imagine my delight when the church men's committee built us a Medallion Home!" says Mrs. Bruce Clark of Stratford, Texas.

"What will my new home be like?"

We all ask that question, even when we plan the home ourselves. Well, the Church Men's Committee of the First Christian Church in Stratford came up with the perfect answer when they built a new home for their pastor and his family. They built a Live Better Electrically Medallion Home. And that's pretty easy to understand, because men, as well as women, enjoy the every-day comforts and conveniences that make a house a home—and electricity provides most of them. Ask your builder—or Public Service manager—to help you plan a Medallion Home—hallmark of home building excellence.

Postmaster Gives Mailing Instructions For Yule Packages

All parcels for servicemen overseas should be securely wrapped, legibly addressed and placed in the mail as soon as possible, McLean Postmaster Bill Reeves said Wednesday as the Post Office began preparing for the annual Christmas rush.

Parcels which are to be transported by surface means should be mailed by Nov. 20 "at the latest," Reeves explained, in order to assure delivery by Christmas.

Parcel post to Alaska and Hawaii should be in the mail by not later than Nov. 30, and to insure delivery of Christmas parcels to distant states by the holiday they should be mailed during the first week of December.

Early Mailing Best
Greeting cards for these same states should be in the mail not later than Dec. 10, the postmaster said.

"Early mailing by patrons of the local Post Office has enabled us in the past to handle an increasing volume of mail and to deliver it at its destination by Christmas," Reeves said.

"I know that we will be able to count on that same fine cooperative spirit again this year."

He added that he wished "we could be able to serve you this Christmas from our new building, but at the present time it appears that we will not be able to move until after the first of the year."

Reeves advised persons sending fragile objects through the mail

to "pack them well enough to arrive in the condition you would like for them to."

"By using a good strong container and addressing it legibly you are helping to see that your parcels arrive promptly and in good condition," he added.

"When mailing articles of value, take advantage of some of the special services, such as postal insurance, and registration for safety and special handling and special delivery and air mail for speed."

Rev. Leonard Named To Texas Baptists' Executive Board

Rev. Jesse R. Leonard, pastor of the McLean First Baptist Church, has been elected to the Texas Baptist General Convention's executive board.

Rev. Leonard's election came last week at the convention meeting in Lubbock.

The 191-member board is composed of pastors, laymen and women from throughout the state. It meets four times a year to conduct the denomination's business between annual sessions.

The board's primary purpose is to promote all phases of Texas Baptist missions, both at home and abroad, and to teach, enlist and train in Christian service and stewardship in all areas of life.

Members of the board serve as representatives for more than 1 1/2 million Baptists who are members of the denomination's 3,887 churches in Texas.

Rev. Leonard has resigned as

pastor of the McLean church, and will preach his farewell sermon Sunday.

He will become pastor of the Seventh and Main Baptist Church in Bonham, after serving the local church for almost four years.

Backs Winners in Golf Tournament

Mr. and Mrs. R. D. (Sonny) Back fired the lowest score to win the trophies in the third Scotch Foursome Tournament last Sunday at the McLean Lions Golf Association course northwest of the city.

Dr. and Mrs. Harold Fabian captured runnerup honors after defeating Mr. and Mrs. Spencer Sitter in a sudden-death playoff.

The Fabians and Sitters had finished the regulation 18 holes of play in a deadlock for second place. They were still tied after the first extra hole of play, but Dr. and Mrs. Fabian took the victory on the second hole.

Thirty-two persons entered the tournament last Sunday, the largest group ever to play on the

course at one time. In addition to the local golfers, participants were from Lefors and Pampa.

Joe Burroughs, association tournament chairman, said no more tourneys are planned here until next spring.

Previous Scotch foursome tournament winners were Mr. and Mrs. Sammy Haynes in the first competition and Mr. and Mrs. Johnny Haynes in the second.

STOCK SURVEY CARDS TO BE DISTRIBUTED

The rural mail carrier working out of the McLean Post Office will leave livestock survey cards along his route beginning Nov. 16.

Postmaster Bill Reeves explained this week that information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms.

In distributing the cards, rural carriers all across the state will pick boxes at random along their routes.

Assisting with the survey in this area is Jim Hathaway, Route 1 carrier.

Reeves said that since not every rural patron will receive a card it is important "for everyone who gets a card to return it filled out so that the U. S. Department of Agriculture can get a true sample of the state's livestock holdings."

Facts and figures secured in the survey are the basis for the Texas and national pig crop report and inventories of livestock and poultry on farms as of the first of the year.

Stockmen and many others use this information in making business decisions.

The annual survey has been a joint undertaking of the Post Office and Agriculture Departments since 1924.

BLOWIN' OUT THE CORNERS

By Uncle Zeb

Many times after we have visited with someone we get to going back over our conversation wondering if we said the right things. Wondering if we left them in a better frame of mind because we stopped for a chat. Most of the times we feel guilty. After one such nagging conscience we put together the following little thought:

If we could but take each word and weigh it;

In the scales of right and wrong And know before we consent to say it.

That it would help the world along.

A bachelor is a man that would rather cook his own goose.

One of the heaviest loads which we can carry around is a chip on our shoulder.

We often regret what we say, but seldom that which we don't.

When we are determined to have our own way we call it being determined. But when a fellowman can't be persuaded to change his mind we call it bullheadedness.

It's a shame that more people don't copy after the lowly mosquito. He doesn't bore you until after he gets quiet.

It's what we learn after we know it all that really counts.

FARM FIRES COSTLY

Last year 850 persons died in the United States from farm fires. Fires also caused an estimated 174 million dollars loss in property. The Texas Farm and Ranch Safety Council says a lot of these fires happened in Texas and there will be others today, tomorrow, next week and next year; that is, unless rural Texans do a much better job of fire prevention. The council believes that most fires can be prevented and that losses can be greatly reduced if all Texans will make it impossible for—"fire to find a place to start."

GAME

(Continued from Page 1)

Claude, 34-20, while falling to Shamrock, 36-8; Groom, 28-6; White Deer, 54-6, and Wellington, 22-20.

Outside the conference Lefors defeated Panhandle, 26-0; Wellington, 32-0, and Stratford, 38-6, while being whipped by Shamrock, 34-12; White Deer, 36-6, and Stinnett, 33-0.

Claude was well pleased with the Tigers' showing last week against Clarendon, and expressed hope that the squad would be in fine shape for Friday's clash with Lefors.

The Tigers opened the scoring quickly and racked up all 13 of their points in the first quarter. But they were right at the goal line again as the game ended.

McLean took possession of the ball on its 20 after the opening kickoff and quickly moved the 80 yards to paydirt. Halfback Jim Watson on the first play from scrimmage ran all the way to Clarendon's 33.

The locals caught the visitors by surprise on this play when they lined up in a freak formation with almost every griddler to the right of center.

From the 33, Watson made his way on the next play to the Bronchos' 19 and two tries later he was on the 10. Quarterback Kenny Willingham picked up a first and 10 on the eight, Watson pushed to the four, Fullback George Patton to the two, and Watson finally made it across with 7:59 left in the first quarter.

Halfback Tommy Herron kicked the extra point, and the Tigers were on their way.

A short time later McLean took possession of the ball again after stalling Clarendon's effort at mid-field. The Bronchos attempted to punt, but a strong wind gave them a minus eight yards on the try, and it was the locals' ball on the Clarendon 45.

Watson crashed through the line on the Tigers' first play and galloped all the way for the score. The point-after effort was no good this time, but the Tigers led 13-0—and there still was 4:01 on the clock in the initial period.

Clarendon got its lone counter soon after the halftime intermission. Halfback Jerry Elmore broke into the clear on the McLean 37 and raced to the end zone.

That ended the scoring with 9:54 remaining in the third quarter.

stop production of them eventually. He said there would be no cost to the city for converting the lights, but the operating cost would go up \$34.50 a month.

The commission agreed to accept a proposal from Charles Cullin, representing the McLean Construction Co., which will return title to half of Block 92 to the city.

Block 92 was sold to the company by the city early this year for a residential development at a price of \$1,000, which had not yet been paid.

Two Constructed

Cullin said two houses have been constructed, another is now started and a fourth is planned on the east half of the block. However, he said the company feels there is no market for additional residences on the west side of the block at this time.

He agreed to pay the \$500 for the east half of the block and return title for the west half to the city by Wednesday. He said the company also would pay the more than \$900 owed for paving, curbs and gutters.

Commissioners turned down an offer from T. Mayfield of Tulsa, Okla., to sell the city the Kid McCoy No. 1 gas well near the city. Mayfield had offered to either sell the well to the city or sell gas from the well.

Official Newspaper

In other action, the governing board:

Adopted a resolution designating The McLean News as the official newspaper for the city.

Approved an ordinance setting the city commission meetings for 7 p. m. on the second Tuesday of each month. Previously the board met twice a month.

Read a letter from the federal government stating that no permanent improvements should be made at the city airport without first notifying the aviation agency.

Re-appointed Dr. Harold Fabian as city health officer for the coming year.

Decided to write a letter to the Federal Housing and Home Finance Agency stating that the city may be interested in the construction of additional federal housing units in the future. Twelve such low-rent units have just been completed.
