Just Between Us

'Stunny how rapidly a guy can get his work done when there's a chance for a couple of days away from the routine.

This explains the reason you received your McLean News a bit earlier this week than usual.

Thanks to the entire gang, we were able to roll four days into three and get the job done in time to head eastward Wednesday for a brief stay in the hills of Arkansas.

It's a trip we've looked forward to since about this time a year ago, when somehow we managed to do the same thing that was accomplished this week.

So, if that story or personal item failed to get into print this week, we hope you'll forgive us for holding it until the next issue.

Carl C. Wood of Chande (Uncle Zeb) to our readers made one of his welcome—but infrequent—visits to the News office Monday, and we enjoyed having the opportunity to talk with him again.

Carl told us about a new book he has written, which should be ready for distribution about Feb. 1. It is, in his words, "a little book of things from our column over the years."

It's a bit disappointing to Carl that the big Amarillo dailies have decided to stop using his "Plowin' Out the Corners" column.

Several letters of protest have been sent to the papers, but apparently the original decision still stands.

Frankly, we care not at all whether the Globe-News runs the column. It will always have a place in our newspaper, for many of our readers enjoy it—as do we. And we like to give our readers what they want . . . not just what we want them to have.

So, Cal, we hope you will continue writing "Plowin' Out the Corners" for many years to come.

Tiger football fans, and the players themselves, were treated to a truly wonderful evening last Friday at the annual banquet sponsored by the McLean Lions Club. From the comments made by others, most seem to agree that the highlight of the event came when Assistant Coach Lloyd Hunt took over at the speaker's stand.

Hunt gave Emece Sonny Back a ribbing for not giving him an introduction comparable to the one Coach Derral Davis got, then disputed Sonny's remarks about the beginning of football in McLean.

Sonny had said the first "organized" football on record (in The McLean News) was in 1923, but Lloyd remembered some games the year before. He even recalled that our own mayor, John C. Haynes, scored a touchdown in a gem with Clarendon.

The assistant coach, a native of this area, did concede, however, that true "organized" football started after 1922.

Tigers, Tigerettes Win 2-A Openers

The McLean Tigers and Tigerettes plunged into District 2-A basketball play in fine style Tuesday night, with each taking important victories over Clarendon.

In contests here opening district competition, the Tigers ripped the Broncos 60-41, while the Tigerettes rang up a 44-41 triumph.

The two local teams travel to Lefors Friday for another conference tussle, then return home next Tuesday to face Memphis. Memphis does not have a girls team. Cindy Rice's scoring spree of 25 points led Coach Lloyd Hunt's Tigerettes over the visiting Clarendon sextet. Helen Smith added 14 and Jan Bailey five.

Still, Paula Adams of Clarendon grabbed scoring honors with 31. The McLean girls started out in front, and held onto a squeaky—but safe—margin as the game closed.

Locals Jump Ahead

The Tigerettes led 12-7 at the end of the first quarter, 21-19 at halftime and 29-28 after three periods.

Donnie Woods was top scorer for the Tigers, with 16 points. Jim Watson had 14, Derrith Welch 12, Kenny Willingham 11, John Switzer two and Bill Goldston two.

Clarendon's James Allen was high scorer with 17. The Broncos were ahead 18-17 as the opening period ended, but by intermission Coach Derral Davis' Tigers had fashioned a 29-23 margin.

McLean started the final quarter of play with an advantage of 37-34.

Watson continues to lead McLean in the scoring department with 299 points. Willingham is second with 255, Welch has 132 and Woods 113.

Rainbow Girls To Have Installation

The Rainbow Girls will have an open installation on Saturday, Jan. 27, at 7 p. m. in the new Masonic Lodge Hall.

The public is invited to attend. The following new line officers will be installed: Marilyn Magee, worthy advisor; Barbara Simpson, associate worthy advisor; Barbara Dwight, Charity; Linda Smith, Hope, and Judith Gung, Faith.

Funeral Services Held Wednesday For Mrs. Pearl Johnson

Funeral services for Mrs. Pearl Johnson, 55, were held Wednesday afternoon in the McLean First Baptist Church.

Rev. Dan Beltz, pastor, officiated and was assisted by Rev. J. B. Stewart, pastor of the McLean Methodist Church.

Interment was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mrs. Johnson died Sunday afternoon of a heart attack at her home, 419 Cedar Street.

Born in Weatherford, Texas, on April 15, 1906, she was married to M. L. Johnson on July 26, 1938, in Clayton, N. M. Her husband preceded her in death in March, 1953.

Mr. and Mrs. Johnson moved to McLean from Kellerville in 1960. Mrs. Johnson was a member of the First Baptist Church.

She is survived by her mother, Mrs. J. A. Brawley, McLean; four brothers, Van Brawley, Perryton, Jack Brawley, Lynnwood, Calif., and Leonard Brawley, Sacramento, Calif.; two sisters, Mrs. Frank Reeves, McLean, and Mrs. Wesley Sims, Amarillo.

Pallbearers for the funeral services were Floyd Rogers, Fred Cable, Guy Beasley, Willie Harris, Bill Reeves, S. B. Kiser, A. J. Goodwin and Joe Brown.

Funeral services for the senior class of McLean High School will hold a chili supper at the grade school cafeteria on Thursday, Jan. 18, from 5 to 7:30 p. m.

Prices for tickets are 75 cents for adults and 50 cents for children 12 years old and under. Tickets may be obtained from any member of the senior class.

Senior Class Will Sponsor Chili Supper

GREENWOOD RESIGNS POST

Tom Greenwood, production superintendent at the Marie Foundations factory in McLean, has resigned and will move to Post, Texas.

Greenwood, head of the local plant since it opened in 1957, said he has accepted a position with Burlington Mills, Inc. in Post.

Mr. and Mrs. Greenwood and their four children—Sandra, 12; Tommy, 9; Patricia Gail, 6, and Myron, 14 months—will move to Post late this month or early in February.

A successor to Greenwood at the local factory had not been announced Wednesday.

Sheets and pillow cases are manufactured at the Post plant.

"Greenwood, who has a degree in textile engineering from Texas Tech in Lubbock, is a member of the Methodist Church, the Lions Club and board of education.

Regrets Leaving
He came to McLean from Waco, where he was employed in a textile mill.

"We regret leaving McLean," Greenwood said this week. "We have had a very wonderful association here and like the people."

Windom Receives News' Valuable Player Award

PRESENTATION IS MADE AT GRID BANQUET

Clyde Windom, versatile senior member of the 1961 Tiger football squad, was presented The McLean News' Most Valuable Player Award last Friday night at the annual football banquet sponsored by the Lions Club.

Windom, son of Mr. and Mrs. E. J. Windom Jr., was chosen for the honor by members of the District 2-A championship team.

The identity of the award winner was a closely kept secret from the time the selection was made until Friday night.

Windom, a regular lineman until near the end of the season, won berths on the All-District 2-A and All-Regional squads and received honorable mention on the All-State team.

Days at Fullback
He was switched from lineman to fullback shortly before the 1961 season came to a close, playing the final two games in the latter position.

Guest speaker at Friday's banquet was Burl Huffman, assistant (See BANQUET, Page 2)

Miss Watson Wins Homemaking Title; To Compete in State

Alta June Watson, daughter of Mr. and Mrs. E. L. Watson, is winner in McLean High School of the 1962 Betty Crocker American Homemaking of Tomorrow award.

A senior member of the MHS Future Homemakers of America chapter, Miss Watson received the award for achieving the highest score in the examination on home-making knowledge and attitudes taken by senior girls on Dec. 5.

She now becomes eligible, along with winners in other Texas high schools, for the title of State Homemaker of Tomorrow.

The girl winning the state title is provided a \$1,500 scholarship by General Mills, sponsor of the program. The state runner-up will be awarded a \$500 scholarship.

Bigger Scholarship Possible
In addition, the State Homemaker of Tomorrow and her school advisor will join with other state winners in an expense-paid educational tour of New York City, Washington, D. C., and Colonial Williamsburg, Va.

At the latter, the 1962 All-American Homemaker of Tomorrow will be named. The national winner will have her scholarship raised to \$5,000, with second, third and fourth-place winners being granted scholarships of \$4,000, \$3,000 and \$2,000, respectively.

Miss Watson, who will graduate from McLean High School in May, just recently was selected as a runner-up in the all-school beauty pageant and was a candidate for Tiger football queen.

Several Activities Planned

March of Dimes Opens in McLean

McLean's annual March of Dimes got underway this week, and several activities are planned before the campaign closes on Jan. 31.

Mayor John C. Haynes, serving as general director of the yearly fund-raising effort, announced Monday that Mrs. Bob Ayres will serve as chairman of the Mothers March, Jimmie Don Morris will be in charge of the Bucket Brigade and Supt. Lee Welch is to conduct the drive in the school system.

Next Monday night has been designated as the date for the Mothers March, and Mrs. Ayres was busy Wednesday selecting workers and completing preparations.

Mrs. Ayres said the Mothers March is to be conducted from 5:30 to 7:30 p. m., and she encouraged residents to turn on their porchlights during this period.

Mothers assisting in the campaign should meet at the school cafeteria at 5 p. m.

Morris has set Saturday, Jan. 27, as the date for the Bucket Brigade, during which vehicles traveling U. S. 66 will be stopped and their occupants asked for contributions to the March of Dimes.

Coffee Days Begin Friday
The city hall and four business establishments will participate in Coffee Days during the month, with money taken in from coffee sales to go to the MOD on the designated dates.

The Coffee Day schedule:
Friday, Jan. 19—Brown's Rexall Drug.

Saturday, Jan. 20—Hindman Hotel Coffee Shop.

Wednesday, Jan. 24—City Hall.

Friday, Jan. 26—Greyhound Drug.

Saturday, Jan. 27—McLean Cafe.

March of Dimes canisters were placed in firms across the city Monday.

School Census Will End Here on Jan. 31

The annual school census in the McLean school district, now being conducted by Mrs. Guy Beasley, will end on Jan. 31.

All parents in the district who have a child due to enter the first grade in the 1962-63 term were asked to notify Mrs. Beasley or Supt. Lee Welch, if they have not yet been contacted.

State law requires that children who will be 6 years of age on or before Aug. 31 and not over 18 on the same date be enumerated annually.

The amount of state aid received by the McLean school district is determined by the number of school-age children.

Firemen Set Meeting

McLean volunteer firemen are scheduled to hold a regular meeting at 7 p. m. Thursday at the fire station. Chief Boyd Mendor asked all firemen to attend meeting.

3 MORE FILE AS CANDIDATES

The political pace in this area continued to pick up speed during the past several days.

Three more candidates have filed and made their formal announcements in The McLean News.

Cliff H. Day, Precinct 5 justice of the peace, formally began his campaign for re-election last week, and Charlie Thut, veteran Gray County clerk, is making his announcement for another term in this week's McLean News.

Also announcing this week is Billy D. Rice, who will oppose incumbent Jess Finley for the Donley County commissioner, Precinct 4, position.

McIlhenny, of Wheeler, has drawn two opponents in his bid for another term in the state Legislature—one a Republican and the other an independent. Both are from Pampa.

Warren Fatheree will campaign on the Republican ticket and Johnny Wills as an independent.

The deadline for filing is Feb. 5, and the primary election will be held on May 5.

FFA Chapter Wins Public Service Award

The McLean High School Future Farmers of America chapter has been recognized for having the best FFA program in the Southwestern Public Service Co.'s territory.

Jimmie Don Morris, Southwestern Public Service manager in McLean, received the best program award at the company's annual sales meeting.

The award, a wall plaque, will hang in Morris' office.

Jim Weatherford is advisor for the local FFA chapter.

At the same meeting, Gordon Lyons, district manager for the Panhandle division, from Pampa, was named the territory's best manager.

My Trip Around the World

By ALICE SHORT SMITH
We arrived in Hong Kong Saturday, and Sunday it was raining, so we postponed our scheduled trip and started contacting tailors.

Hong Kong, above all, is a paradise for shoppers. There are many tailors there. The men settled on one, but the ladies of our party were dashing for fittings at four different places.

We had material made up that we bought in New Delhi and Bangkok and went for more in Hong Kong.

We stayed at the Peninsular Hotel on the mainland of Kowloon and could look across the harbor and see Hong Kong. On Monday we took the trip across to Hong

Kong and rode the cable car to the top of Mt. Victoria with a marvelous view of Hong Kong. Then we had a drive over the mountain to Repulse Bay Hotel overlooking the sea, where we had luncheon.

On the way home we passed through the village of Aberdeen, which is an old fishing village. The water around Aberdeen is filled with thousands of sampans, little canoe-type boats, not larger than a small size bathtub, which are covered over with canvas.

These sampans are packed in so close together that you can't see the water. Each one is the home for a family. The children swim around in the water for ex-

ercise, and the families live off the fish which they catch and sell.

The fish isn't exported, as Hong Kong cannot begin to produce enough food for its huge population which has grown from half a million to over three million in the last 15 years.

On our way back we visited the Tiger Balm Gardens. This is a beautiful garden park built for the pleasure of the public by the Tiger Balm Co., which accumulated a fortune from the sale of their wonderful Tiger Balm, a cure everything.

On Wednesday some of our group took the boat trip around the islands, an interesting and beautiful (See TRIP, Page 2)

TRIP

trip. We were close to the many large ships in the harbor and passed the sampan area of Aberdeen where we saw women preparing the food in the little boats, washing clothes in the water and children swimming about.

We saw two little schools in session. Hong Kong has no free school or compulsory education and, as a result, few children go to school!

We saw a Baptist mission on a boat in the middle of all this. The missionaries lived on a sampan and must be dedicated to live in a place like that. We had a Chinese lunch with chopsticks on a floating restaurant.

On our way home we saw the old discarded ships that are used for homes for thousands of refugees from Red China.

Thursday we drove to the Red China border and looked over the barbed-wire fence into Red China. It was an interesting drive, where we saw little farms all hand-worked. There was some truck farming but mostly patches of rice and lotus.

Hong Kong has a water shortage. They have to import water from Red China. They have a law that the water is turned off at 10 p. m. and turned on again at 6 a. m.

The first evening we were there we had dinner at a Chinese restaurant where we had beggars wrapped in lotus leaves, then in mud, and baked for hours. It was delicious.

We were fortunate to have friends from Houston, Gen. and Mrs. Maurice Hirsch and Mr. and Mrs. Wallace Wilson, staying at the Peninsular Hotel. Gen. Hirsch has been around the world eight times and had given us the best notes and information on every place.

We spent several delightful evenings with them and it was great to see people from home.

One evening we were invited for dinner on top of a mountain overlooking Hong Kong with a wonderful view, the home of Jack Kendall, manager of Standard Vacuum Oil Co.

Standard Vacuum and Chase Manhattan Bank have been wonderful about extending courtesies to us on many of the stops on the trip. Their attention and help added very much.

Hong Kong was one of our favorite places and we all hated to leave.

Sound range management practices are one of the keys to successful ranching. Proper range use, brush control, deferred grazing, water development, fencing and range seeding are only a few of the rangeland practices being used in the Gray County Soil Conservation District.

Let's single out deferred grazing today for more intensive study. Deferred grazing may be defined as the postponement of grazing on rangeland for a prescribed period during any growth period of the year.

Its purpose is many-fold: (1) to promote natural re-vegetation by increasing the vigor of the forage stand and permitting desirable plants to produce seed, (2) to provide a feed reserve for fall and winter grazing or emergency use, and (3) to protect newly seeded grasses until established.

The length of the deferment period as recommended by Soil Conservation Service technicians is dependent upon the type of grass being deferred—three months for short grasses, four months for mid grasses and five months for tall grasses.

Grasses that receive continuous grazing or overuse may be compared to a well used car battery, especially when the operator leaves his car lights burning over an extended period. Re-charging of both battery and grass is necessary to raise the vigor and production.

With deferred grazing, not only are rick stocks replenished with food, but they continue their growth instead of dying back to a shallow depth where temporary drouths may result in death to the plant.

Ranchers should be careful not to overstock other parts of the range with livestock from the deferred range. Deferred grazing is especially important on ranges that have had a setback from drouth, continual heavy use, ranges that have received brush control, heavy use of plants requiring seasonal grazing, and on ranges that are in poor and fair condition.

Deferment one year in three or four is usually sufficient for most ranges but should be used only as a guide.

You might desire to contact your local SCS technicians assisting your Gray County Soil Conservation District for information regarding your specific range.

Occasional deferment is insurance for the future. Have you been taking advantage of this practical conservation practice?

Mrs. H. D. Banks visited last week in Vernon with her father, who was seriously ill. He was some improved when she returned home.

Arthritis Strikes at Every Age

Rheumatoid arthritis is no respecter of ages as shown by this study of crippled hands photographed at March of Dimes-supported Arthritis Clinical Study Center, University of Texas Southwestern Medical School, Dallas. Note the different forms of crippling—savagely swollen knuckles, hands bent both inward and outward, enlarged wrists. At three other such university-affiliated study centers across the nation, The National Foundation, parent body of the March of Dimes, is seeking answers to the riddle of rheumatic disease, including arthritis, which today afflicts at least 11 millions of all ages in the U. S. The health organization also continues its fight against crippling birth defects and polio through research, patient aid and professional education.

ACCIDENTS KILL SEVEN DURING 1961

The year 1961 brought death to seven persons and injured 98 others in accidents on roads and highways in Gray County, according to the Texas Department of Public Safety.

Sgt. J. W. Wilson, patrol supervisor for this area, disclosed the deadly statistics this week. There were fewer crashes during 1961 than in the preceding year, but the toll in death and injuries was far more.

Sgt. Wilson reported that 164 accidents were investigated by the Highway Patrol in the county last year, compared with 182 in 1960. Three persons died and 135 were injured in 1960.

Property damage in the accidents amounted to \$90,384 in 1961 and \$116,985 in 1960.

For the month of December, the Highway Patrol investigated 21 rural traffic mishaps in Gray County. One person died, three were injured and damage was estimated at \$8,700.

The veteran patrol supervisor cautioned all motorists not to be guilty of negligence in permitting their windshields and window glasses to be covered with any form of frozen precipitation while driving.

He said this enhances the chances of an accident many times.

Dr. Griffin Dies

Dr. Luther Griffin of Amarillo, nephew of Rev. J. Edwin Kerr of McLean, died of a heart attack on Tuesday, Jan. 9, while shoveling snow. He was the sanitation inspector in Amarillo.

Rev. and Mrs. Kerr attended funeral services at the Westminster Presbyterian Church in Amarillo on Friday.

football coach at Texas Tech, Lubbock.

Huffman told the 143 persons attending the affair that "football is an American way of life." He said football and other sports are important in the development of strong bodies.

However, the veteran coach said good grades are necessary in school, too.

"The boy who makes the A's is a popular guy," he added. "Competition is tough. You can name your own price when you do better than others."

Huffman said that "there's not much place for mediocrity." The search is continuous for "somebody who does a job a little better."

Guests Introduced

Head Coach Derral Davis introduced special guests and the cheerleaders and was assisted in the introduction of the Tiger squad by Assistant Coach Lloyd Hunt.

The players in turn introduced their dates.

R. D. (Sonny) Baek was master of ceremonies and the welcome address was by Jimmie Don Morris, Lions Club president.

Team Co-Captains Clyde Windom and Jim Watson presented the 1961 football queen, Nona Ruth Beck. The invocation was said by Sammy Haynes, president of the board of education, and the benediction by Robert L. Green, McLean High School principal.

Musical entertainment was by a quartet composed of Sammy Haynes, Tom Greenwood, Donald Cunningham and E. J. Windom Jr.

Mrs. Beulah Brown, who underwent surgery at the M. D. Anderson Clinic in Houston recently, has been reported as getting along fairly well. Her husband, Dick, is in Houston with her.

and the town very much."

His resignation was announced shortly after the ground was broken last Thursday for an addition to the expanding Marie Foundations factory.

Participating in the ground breaking ceremonies just east of the present factory building were Cal Fraser, owner of the factory; Greenwood, Mayor John C. Haynes, and John C. Jones, Clarendon contractor who will construct the new building.

The 120 by 125 foot structure is expected to be ready for occupancy by May. It will be constructed of concrete blocks with brick veneer on the north side to match the existing factory building.

Mr. and Mrs. E. L. Price visited with his mother, Mrs. Emma Price of Hollis, Okla., over the weekend. She has been seriously ill but was improved on Sunday.

During all of our life we have loved little children, at least with the possible exception of the time we were growing up. Lots of times we have wondered if there could be anything in the world as wonderful and cute as children. The other night right out of the blue we thought of something just as cute if not more so. It is grandchildren . . .

Talked to one parent who remembered his growing up days: "My father was a great hand to paddle us right on the spot; the right spot, the most handy spot, and the usual spot."

If we want to be heard we have to speak up. If we want to be seen we must stand up. If we want to be appreciated we need to shut up.

If you can remember when the children were supposed to be seen and not heard, then you have plenty to worry about besides the draft.

If you happen to be traveling with a group of men, all members of a pulpit committee, don't ever invite folks to guess who you are by what you look like. I do believe people will embarrass you on purpose.

Another unusual experience along this line can come about when you are caught away from home at night and sleep several in a room. Even when you are sleepy it is almost worth it to keep awake and listen to the different noises they can make snoring. Please note, we said "They."

Just a reminder that our new book, "Plowin' Out the Corners," will be out soon. Send your order before you forget it at the pre-publication price of \$2.25 for three books.

TEXAS A & M COLLEGE EXTENSION SERVICE

FARMERS TAX GUIDE

Recently we had a request for a 1962 farmers' tax guide that came from Bentonville, Ark. I didn't realize The McLean News covered so much territory.

We still have several copies left, and would be happy to pass a copy along to you. Sit down right now and drop a 3c postal card to Foster Whaley, Box 2140, Pampa, Texas.

Don't forget that farmers must pay social security tax on their employees by Jan. 30, 1962, for the 1961 calendar year.

COTTON GINNING

A total of 1,000 bales of cotton have been ginned in McLean to date. Mr. B. F. Holland expects about 100 more.

The grade of the 1961 crop has been far below average, due to late planting dates and adverse weather. The price has ranged from three cents to four cents above the loan level.

SCREW WORM COMMITTEE

Next Monday night, Jan. 22, starting at 7:30 p. m., a meeting is being held in the vocational agriculture building in McLean for the purpose of establishing a county committee which will be designated the Gray County Southwest Animal Research Foundation committee.

The primary goal of a similar committee on the state level is to eradicate the screw worm fly in Texas. No doubt, other problems will be worked out as this

GETTING HIS REWARD

"Do you know," said the little man, "that your great big hulking brute of a bulldog killed my wife's dear little unoffending pet poodle?"

"And what about it?" said the big man defiantly.

"Well," said the little man, looking around carefully to see that nobody was near, "would you be offended if I gave you a new collar for your dog?"

GROOM CRASH KILLS SEVEN

A grinding early-morning crash last Saturday snuffed out the lives of seven persons—three of them young children—at the west edge of Groom on U. S. 86.

It was one of the worst high-way accidents in Panhandle history.

Two other persons were injured, and one remained in critical condition Wednesday in the Groom Hospital.

All of the dead and injured were from Kinnett, Mo.

Killed in the mishap were Alvin Thomas Bell, 47; his son, Jack Merle Bell, 19; two daughters, Judy Bell, 11, and Mrs. Bobbie Gill; two of Mrs. Gill's children—Vim, 7, and Tommy, 4—and Clayton Aldridge, 30, driver of the station wagon in which all were passengers.

Wife Critically Hurt

Mrs. Rubie Bell, 45, wife of Alvin Bell, was critically injured, and Marty Stevie Gill, 2-year-old son of Mrs. Gill, received serious injuries.

Highway patrolmen investigating the accident said Aldridge apparently went to sleep at the wheel of the station wagon, and the vehicle crashed into the rear of a large trailer truck.

The truck driver, Richard D. Campbell of Oklahoma City, had parked his vehicle and was eating breakfast in a nearby cafe when the accident occurred.

Officers said there were no skid marks at the scene, indicating that Aldridge had not applied the brakes before the station wagon rammed the rear of the truck.

Baptist Men Will Hold Lela Meeting

An outstanding program will be presented by a group of dedicated laymen from the First Baptist Church of Amarillo when the North Fork Baptist Association's Brotherhood meets next Thursday in Lela.

The meeting is scheduled for 8 p. m. in the Lela Baptist Church. Theme of the program will be "Let Us Win Some," and all Baptist men in the area are urged to attend. Any other interested men also are invited.

A group of Amarillo businessmen will present the program, with W. F. Vanderburg of Amarillo, who is associated with Wayland Baptist College in Plainview, serving as leader.

Principal speaker of the evening will be Bill Freeman, sales manager for Ernest St. Clair Co. He will stress the winning of souls.

Jerry Little, district manager and director of training for the American Life Insurance Co., will speak on the organization and techniques that made the California Crusade a success as he tells the story of "What 40 Men Did in California."

Also speaking will be Carthy Ryals, director of the Amarillo Area Foundation. Bob Damon, assistant life underwriter for Western National Life Insurance Co., will sing.
