Just Between Us

Back to the routine after one of the most enjoyable Christmas seasons we've spent in a long, long time. . . . We hope yours was the same.

There were so many families in McLean who spent the day just as we did—relaxing and watching the kids (children or grandchildren) whoop it up with their gifts.

It was a little surprising to us to find that such a large number of persons here and elsewhere decided to stay at home for the holidays. That's been a custom of our household for several years, mainly because our folks live so far away it was impossible to get there and back in the brief holiday period.

We had thought seriously of hitting the road after the papers were put to bed last week to spend a few hours with our grandfather and other relatives in Arkansas. But decided instead to substitute a telephone call on Christmas Eve for the visit, and relax at home.

We had just been discussing this "stay at home" trend, when we got our Christmas Eve edition of The Dallas Morning News. Occupying two full columns on the News' valuable Page 1 was an article on the same subject.

The News had discovered a "mysterious" movement toward the simpler celebration of Christmas among the people of Dallas. Ministers and others interviewed by the writer had noticed it, too.

In Big D, where thousands of parties are held during a year's time, the answer most often given to the question "What do you plan to do on Christmas?" was: "Spend a quiet evening at home."

The Dallas News also noted a trend toward gifts emphasizing religion. One jeweler had designed a gold pendant featuring praying hands and a Bible verse.

He ordered 3,000 of these, ran an ad in the Dallas News—and immediately sold them out at \$5.50 each. Another 1,500 received a few days later also were gone within hours, and he was waiting for more to supply the increasing demand on Christmas Eve.

A gent even the oldtimers probably won't remember dropped by The McLean News office Tuesday to say hello.

It was the first time Hugh Randall had visited McLean in 55 years but he had some long-remembered happenings to relate in a brief few moments.

Randall, now a retired engineer living in Oklahoma City who also has dabbled a little in the printing business, recalled his brief experience.

Lions Meet Tuesday

The McLean Lions Club will hold its first meeting of the New Year next Tuesday in the Methodist Church basement.

The luncheon session is scheduled for 12:05 p. m.

FOR THE TROPHY CASE: Three McLean High School athletes prepare to present Principal Robert L. Green trophies won this year in football and basketball. From left are Jim Watson, with the District 2-A football championship trophy; Kenny Willingham,

holding the Miami Basketball Tournament championship trophy, and Clyde Windom, with the runner-up bi-regional football playoff trophy. The presentation was made during a recent assembly program at McLean High. (McLean News Photo)

Football Banquet Is Slated Jan. 12

Burl Huffman, assistant coach at Texas Tech in Lubbock, will speak at the annual McLean High School Tiger football banquet Friday, Jan. 12.

The banquet, to be held in the American Legion Hall, is being sponsored by the Lions Club. Tiger Coach Derral Davis, chairman of the Lions Club boys and girls committee which is in charge of the banquet arrangements, said further plans for the event will be announced later.

Tickets will be sold by club members and football players as soon as final details of the banquet are planned.

YOUTHS ARE RECOVERING FROM BURNS

Chris Carroll and Carl Ray Black, two area youths, were reported recuperating nicely Wednesday afternoon in Pampa's Wodey Hospital from burns received in a gasoline explosion last Thursday night.

Mrs. E. S. Carroll told The McLean News Wednesday that her son had spent a restless night Tuesday, but he "was as well as could be expected."

Young Carroll suffered the more serious burns, but both he and Black remained in the hospital.

Carroll, a senior in McLean High School, sustained third degree burns on his face and first degree burns on his hands. Black's burns, reported healing and "almost cleared up," were on the right side of his face and his right hand.

Live at Kellerville
Black's mother is Mrs. Verl Williams. Both the Carroll and Williams families live in Kellerville.

Mrs. Carroll said the explosion occurred while the youths were working on Black's car.

The sediment bulb had been removed by Black as the boys attempted to start the vehicle, permitting gasoline to flow out of the fuel line.

Carroll was inside the car trying to start the engine, while Black was outside tapping on the carburetor.

An electric spark apparently ignited the gasoline fumes which had drifted inside the car, causing the explosion.

Black was knocked down by the blast, and Carroll was unable to get out of the car immediately, because a door was stuck.

Rolls on Ground
When he managed to escape from the burning vehicle, Carroll rolled on the ground in an effort to extinguish the flames, then thinking he had succeeded—he started to run away from the blazing car.

Seeing that Carroll's clothing was still aflame, Black called to him to roll on the ground again, and the fire was finally extinguished.

Despite the fact that his clothes were badly burned, Carroll's body was not burned. The burns were limited to his face and hands.

The McLean volunteer fire department was called to the scene, but was unable to save the car.

The youths were brought to a McLean doctor's office for treatment, and then were transferred to Wodey Hospital in a Lamb Funeral Home ambulance.

McPHERSON RITES TODAY

Funeral services for Euckner Abernathy McPherson of Kellerville were scheduled for 2:30 p. m. today in the McLean First Baptist Church, with Rev. J. R. Lawson of Hooker, Okla., officiating, assisted by Rev. Dan Beltz, pastor.

Interment was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mr. McPherson died Tuesday in Highland General Hospital, Pampa, at the age of 85.

He was born on March 23, 1876, in Bonham and was married on Dec. 26, 1918, to Miss Martha Alice Capehart in Bonham.

Retired Farmer
The family moved to Kellerville from Bonham in 1928. Mr. McPherson was a retired farmer.

He is survived by his wife; five sons, Vic of Graham, David of Mt. Clemmons, Mich., Clemmie of Fort Worth, Ollie and Bob, both of Kellerville; six daughters, Mrs.

Local Quarterhorses Entered in Shows

Poco Pine Back and Back's Poco Gem, owned by Neville and Ruby Back of McLean, will be entered in registered quarterhorse shows at Sweetwater this week and at Odessa on Jan. 3.

Mr. and Mrs. Back left this morning for Sweetwater and will go from there to Odessa.

Poco Pine Back, which has been in training at Pampa under Rod Smithers, only recently won the junior reining event in his first performance at Artesia, N. M.

The animal finished first in a field of 11.

The Backs' Do-Way was named "Horse of the Year" in Oklahoma for the produce of dam. Poco Gem and Poco Coed won the title for Do-Way.

Two quarterhorses owned by the Backs have been entered in sales coming up soon. Poco Ruby will be taken to a quarterhorse sale in Denver and Poco Bab's Lulu is entered in the Amarillo sale scheduled on Jan. 22.

The two are yearling fillies and are half sisters to Poco Sueba, Poco Coed and Back's Poco Gem.

SCHOOL BEAUTIES: Marilyn Magee (center) holds a bouquet signifying her selection as all-school beauty at McLean High School following the annual contest held here last week. With her are the runners-up who tied for second place—Alta June Watson (left) and Linda Smith. Miss Magee,

a sophomore, is the daughter of Mr. and Mrs. Clyde Magee. Miss Watson, a senior, is the daughter of Mr. and Mrs. E. L. Watson, and Miss Smith, a freshman, is the daughter of Mr. and Mrs. J. Boyd Smith. They will be featured in a section of the MHS annual. (McLean News Photo)

Basketball Teams Return to Action Tuesday in Wheeler

Basketball action resumes for the McLean High School Tigers and Tigercettes next Tuesday night, when the local squads invade Wheeler for a pair of games.

They then will face Shamrock there the following Friday, ending action until District 2-A play begins on Jan. 15.

Coch Deeral Davis' Bengals now boast 11 victories against three defeats. All three losses have been to the White Deer Buck.

In rolling up the record, they have won the championships of two tournaments—Miami and Samnorwood.

In their last outing before the Christmas and New Year's holidays began, Coach Lloyd Hunt's Tigercettes whipped Shamrock.

Clarendon First District Fox
The Clarendon teams will be the first opponents for the Tigers and Tigercettes in district competition. Clarendon came to McLean on Jan. 16.

After that, the locals' schedule reads like this:

Jan. 19—Lefors, there; Jan. 23—Memphis, here; Jan. 26—Canadian, there; Jan. 30—open date; Feb. 2—Clarendon, there; Feb. 6—Lefors, here; Feb. 9—Memphis, there; Feb. 13—Canadian, here.

Holiday Period To End Next Tuesday

Business and school return to normal next week, ending the traditional Christmas and New Year's holidays.

Students and teachers are to resume class work Tuesday morning after a 10-day holiday period.

For McLean business people and employes, Monday will be another holiday—the second in a week. New Year's Day is designated as a holiday, as is Christmas Day.

Around the World

By ALICE SHORT SMITH

The Ashoka Hotel in New Delhi is run by the government and would compare with the best in any country. There is an Indian boy to wait on you at every turn. Tipping is not allowed. The Indian people are very friendly, more so than any country we visited.

New Delhi, being the capital, is dominated by governmental activities. The buildings were started in 1931. The layout and architecture are patterned after Washington, D. C. In fact, it is really a modern Washington, D. C., and is very attractive.

The Indian people are quite a mixture. Most of them are thin with high cheek bones. The ladies in the well-to-do families are very beautiful. You see some, especially in villages, that are almost black, but do not have kinky hair.

About 4,000 B. C. they were a pure aryan race in central Asia, but have been over-run by Persia, Huns, Tartars, Portugal and many others. The British reign lasted two centuries. They have had their freedom since 1947.

The Mogul reign was probably the most colorful. For the first time they are trying hard to make a united nation and overcome their many problems of poverty, lack of education, disease and over-population.

India has 400,000,000 people in an area half the size of Texas. Their life expectancy is improving and is now up to 36, quite a ways to go. The government is trying to get across planned parenthood, but it will take years to solve their

population problem.

They seem to have respect for the British and learned and gained unity during that period. For one thing, the English language is the only one that the various sections can use in common.

We made the interesting three-day tour from New Delhi to Agra mainly to see the incomparable Taj Mahal. We spent the night in Agra, having dinner that Una Down had written that we were coming.

The Hindu families will not eat anything that has been killed, no animal meat, not even fish.

We had a charming evening eating the unusual vegetable dishes, served separately with only a spoon for silverware was quite an experience. They placed two little bowls in front of our plate and we had to ask what food we were to put in them. We enjoyed several times the experience of eating in local homes. It gives something of their culture and life you never get otherwise.

I will not try to describe the Taj Mahal.

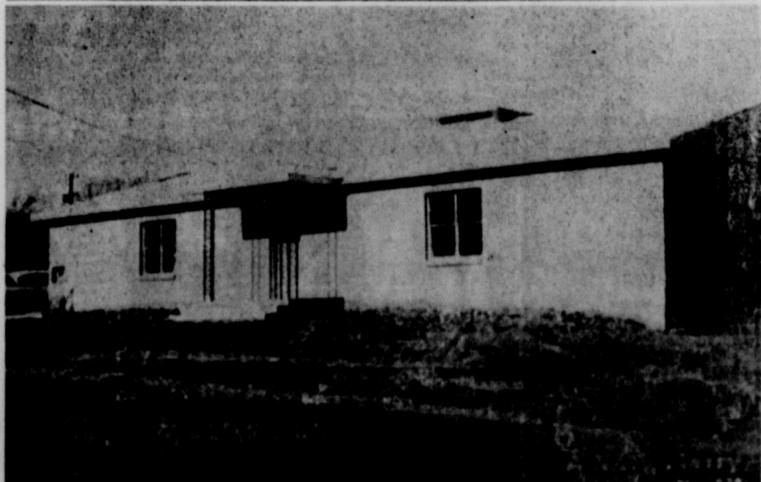

(See TRIP, Page 6)

Library Will Be Closed on Tuesday

Lovett Memorial Library will be closed next Tuesday in observance of New Year's. Mrs. Guy Hester, librarian, announced Wednesday.

Mrs. Hester said that the library will be open at the regular hours Saturday afternoon but will not be open again after that until Tuesday.

The library is closed each Monday.

THE TIGER POST

McLean Texas, High School, Thursday, Dec. 28, 1961

No. 1 Vol. XVII

Christmas guests in the George R. Reneau home were Mr. and Mrs. Ike Kuykendal and family of Blanding, Utah, Mr. and Mrs. Clois Hanner and Glenda Fay and Mr. and Mrs. James Reneau and girls of Lela, Mr. and Mrs. Leon Pepper of Borger and a great grandson, Harry Evans, who is stationed in Florida.

Mrs. Loula Ladd, accompanied by Mr. and Mrs. H. C. Nelson and Stanley and Janice of Dimmitt, visited in the home of Mrs. Ladd's daughter, Mrs. J. A. Roberts, in Blanchard, Okla., Monday night.

Floral Arrangements Discussed by FHA

The McLean FHA chapter held their meeting Thursday, Nov. 28, in the homemaking department. Mrs. Wilkerson gave a talk on how to make dried floral arrangements. She presented the FHA with the beautiful arrangement she had made.

The FHA discussed their Daddy-Daughter Date Night which was postponed due to bad weather.

Mr. and Mrs. Bill Heron and Laura Gay from Abilene spent the Christmas holidays with relatives here.

School Landscaping

The McLean FFA chapter held its regular meeting Monday, Dec. 11, in the ag hall.

A landscaping program for the school was discussed. A committee consisting of Bobby Bruce, Glenn Swift and Ernie McCracken was appointed to work with the FFA girls on the landscaping project.

Plans were made toward acquiring a project farm for the chapter. Plans were made to build seed troughs and hay racks for money-raising projects. The chapter made plans to distribute magazines and calendars to local merchants for better public relations.

Snow, Man . . . SNOW

By ALTA WATSON

Snow! Winter's here and with every new snow, excitement travels inside the walls of MHS.

Each snow gets much attention and brings smiles to the faces of the hopeful students. Hopeful? Yes, it's possible school will be dismissed early. If we're lucky, we might miss an entire day.

Aside from this possibility, there's much pleasure taken in accurately landing a snowball across someone's back. There are always the unfortunate ones who look like walking snowmen, but it seems no one understands how "that" could have happened or who might be responsible.

Snow snow, don't go away. We can go to school, some other day.

Guidance Program Is Enacted at MHS; Whatley Counselor

As the first of this school year was drawing near, all the students were hearing about a new period. It was called guidance and it has taken quite a while for the meaning to sink into the minds of the students.

The thing I thought I had better do was talk to the man who is in charge of this guidance program. This man is Mr. Dick Whatley.

Mr. Whatley was very cooperative in his interview and I appreciated it very much. The one thing he wanted to stress more than any other point was the main purpose. That is to help the students help themselves.

Mr. Whatley said that a large number of high school students didn't know what they were going to be when they graduate. This program is to help the students get some idea as to what occupation they might like to enter upon getting out of high school.

I know from experience that a lot of the students have been griping about the guidance program, but all that you hear and learn is for your own benefit.

For example, this 1,000 word theme we are required to write. I have already heard some remarks as to the dislikes of writing such themes. The purpose is to put the theme on record and prepare you, in a small manner, for your future and an occupation you would like to enter.

I encourage all the students to at least attempt to make a gradeable theme, because it will be graded, and do the best you can. A word for the wise, if you fail to turn in the theme, there is a possibility your six-weeks grades will be held up.

Students, this new counseling program is for your benefit.

Mr. and Mrs. Jack Davis and Duane and Debbie of Pawnee, Okla., visited in the homes of their uncle and aunt, K. S. Rippey and Mrs. Nida Rippey Green, the first part of the week.

Mr. and Mrs. S. B. Kiser attended the funeral of her niece, Mrs. Irma Sutton, at Gorman last week.

YOUR ANNUAL IN THE MAKING

By MARGIE RAILSBACK

The annual staff are the people you see running around in the halls all of the time, trying to complete picture deadlines, company deadlines, preparing for the beauty contest, selling ads and annuals (which incidentally are still on sale), bugging teachers, trying to get out of class, etc.

This year it is composed of Margie Railsback, editor; Cathy Hendricks, assistant editor; sophomore representative is Marilyn Magee; freshman representative, Carlin D'Spain; and the senior members are Lynda McCurley, Dixie Burroughs, Nancy Hess, Mary Ann Carter, Phyllis Flowers, Chris Carroll, Charles Jones and Alta Watson.

Mrs. Jonna Whatley tries to keep peace among the members while

Tiger Band Students Make All-Regional; Will Go to Enid

On Dec. 2, 12 members of the McLean Tiger Band traveled to Borger to try-out for the Regional Band.

The students attending the try-outs were: Linda Guill, Sharon Sitter, Marilyn Magee, Joyce Morgan, Cheryl Grimsley, Joan Flowers, Janice Saunders, Mike Johnson, Larry Williams, Alan Keen, Jim Kingston and Jim McCarty.

The students receiving chairs in the Regional Band are: Linda Guill, French horn; Sharon Sitter, alto clarinet; Marilyn Magee, flute; Mike Johnson, cornet; Jim McCarty, alto saxophone, and Larry Williams, drums.

The Regional Band consists of approximately 130 students. The band is made up of bands from approximately 35 area bands in this area. The bands are Class A and AA.

There were 30 flutes trying out for 10 chairs and Marilyn made one of the 10. There were 53 cornets trying-out for 16 chairs and Mike made one of the 16. There were 28 alto saxophones trying-out for six chairs and Jim made one of the six. There were 25 French horns and Linda Guill made second chair. There were five alto clarinets and Sharon made second chair.

The ones receiving chairs in the Regional Band traveled back to Borger Dec. 8 and 9. On the eighth they had practice and on the ninth they had final rehearsal and state try-outs were held and then Saturday night a concert was held. The students were to wear their uniforms.

Mr. Boyd and the six students receiving chairs in the band stayed at the Circle Motel. In their spare time they bowled, skated and attended a movie. Mr. Boyd said, "We had a swell time and gave the people at Borger a lift."

The Tiger Band is planning to make a trip to Enid, Okla., in the spring of the year. We are working to make the money for our trip. We have sold fruit cakes and we are now in the process of selling candy.

The Enid Festival is one of the most difficult contests of bands in this area. We all know it is hard but we are all determined to make a first division in marching this year.

Mr. and Mrs. John Foshee entertained all of their children and grandchildren over the holidays—Lorene and family of Amarillo, Doris and family of Groom, Ernest and family of Lefors and Billie and family of Clarendon.

Jake Bible and family spent Christmas in Amarillo and Canyon with his mother and others.

Mrs. Faye Oakley and the O. W. Stapps entertained the following on Christmas Day: Mr. and Mrs. Ernest Oakley and daughters of Amarillo, J. C. Oakley and Mrs. Paul Averitt, Mr. and Mrs. Bill Pettit of McLean visited with them on Sunday.

Mr. and Mrs. George Smith received a blow over the holidays which they had planned to spend in Oklahoma. Friday morning their daughter, Stephanie, came down with the mumps. Grandma, Mrs. Nellie Tyree of Canton, came to their house, so all was not lost. The Jerry Sumralls (also exposed) bravely went ahead and left for relatives' homes. They have two small children, so hope all went well with them.

A. J. Wally and family of McLean visited the F. B. Carters on Christmas Day.

Mr. and Mrs. Paul Bruce and Mr. and Mrs. Robert Bruce and family spent Christmas Day with Mrs. Dora Brown at Claude. Mrs. Brown is Paul Bruce's sister.

lence as a baseball umpire in McLean.

"The baseball field was south of the tracks," he related, "and they asked me to serve as umpire one day. I accepted, even though the owner of the hotel where I was staying warned me that I shouldn't get mixed up with those cowboys and farmers because they played rough."

Randall, now 77, assured the hotel prop resto letain etainnn hotel's proprietor he could make out all right with the players—"after all, I bought watermelons from them all the time."

So he took up the umpire's duties. But the job was over almost by the time it began.

"This cowboy knocked a ball out into the field," he recalled, "and in my opinion didn't beat the throw to first base."

Randall called him out.

The next thing the ump knew the cowboy was headed his way with a six-shooter at the ready position.

"I left the job with them," Randall laughed.

FRANK PAYNE'S PHILLIPS 66 SERVICE

North Lanes U. S. 66—McLean—GR 9-2181 & GR 9-8800

Telephone service never stops improving

These 6 communications improvements, now in effect in many communities, are some of the hundreds being made each day — to give you the best possible telephone service at the lowest possible cost.

Direct Distance Dialing permits you to dial your own Long Distance calls as quickly and easily as you do local calls. This service improvement is spreading rapidly. By the end of the year, one fourth of our telephone customers will be able to call Long Distance this faster, easier way.

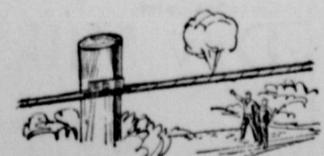

Recorded Announcement helps prevent lost calls. Should someone forget to hang up an extension or accidentally knock the receiver off the hook, a recording reminds you to hang up the receiver. This enables you to be reached once again by those trying to call you.

Automatic Line Test is made periodically on most telephone lines. This equipment tests your line and your telephone for electrical defects. If it locates trouble, information is recorded so that the trouble can be promptly fixed and disruption of service prevented.

Electronic Voice Boosters keep your voice at a strong, clear conversational level, prevent fade-out caused by distance. Loss in transmission has been cut nearly in half in the last five years. Today, you hear better than ever.

Pumping Air in Cables helps keep your telephone trouble free. Air pressure in the cable holds out moisture should a small leak occur. Reduced pressure as air escapes provides warning of leak so it can be repaired before it affects your service.

Burying Telephone Cables makes them weatherproof, gives you more trouble-free service. Today, 55 percent of telephone wire is underground, providing stormproofed express routes for your local and Long Distance calls.

TRIP

(Continued from Page 1)

Mahal as it is probably the most magnificent building in the world, and words cannot describe it. It is not a palace but a memorial Sha Johan built in memory of his wife in 1650. It is of marble with inlay of flowers made from semi-precious and precious stones.

We drove to Jaipur, called the Pink City because most of its structures are made of pink stone. We stayed at Rambough Palace which was formerly one of the Maharajah's palaces. He now rents it out as a hotel.

We had the Maharani's rooms and enjoyed staying in a palace. I felt like a princess, especially in the large bath tub with its elegant fixtures and with mirrors on all sides.

The next morning we went to Amber an ancient deserted city in the mountains. We took the elephant ride up the long hill to the palace. Four people can ride the elephant. He was all decorated with a colorful blanket.

The Maharajahs are still held in great esteem and the former Maharani of Jaipur is so well liked she is thinking of running for public office.

On this three-day tour we saw many interesting things along the road. We saw them carrying a body on a stretcher to a public crematory. The Hindus cremate altogether. There are no cemeteries there.

The body was covered with red, which indicated it was a woman. A man would have been covered in black. The stretcher was made of poles and the body was carried well above the heads of the pollbearers.

We saw groups all decorated up making the long walk to the Ganges River, a pilgrimage they try to make once in a lifetime. We saw many cows walking along the street in the thick of traffic. Everyone protects them, as they are sacred.

Our guide explained that they are regarded in such esteem because the female gives milk which is so important in their diet and the male is used for labor.

They make their cooking oil from the curd of milk. They use the watter buffalo cow a great deal. There was much water along the road since it was the monsoon season and the pools were full of water buffalo.

We saw one herd of perhaps 100 camels. All the animals and the people, especially the children, seemed to be enjoying the water. We saw many wild peacocks and several cobras. We saw one snake charmer, charming the cobra.

Most interesting of all was the people doing every conceivable type of work by the side of the road. The children very seldom wear clothes. Wells were a frequent sight and very often you would see them washing or bathing by the side of the well.

The women dressed in the long colorful saris with veils over their faces. They seemed to be doing most of the work. They would be carrying urns of water on their heads or large bundles of feed. Sometimes we would see five or six women operating an irrigation well.

And there were the road construction crews. The only implement they used was a roller. One family would take a plot of land about 10 feet square and dig the dirt out for the road grade. The family was paid by the amount of work they dug out. The women carried the dirt to the road on their heads, using huge jars.

It was a very colorful sight, but pathetic.

India was one of the most interesting countries that I have ever visited. There is so much to be done there. They are working hard at it.

Johnny Stewart of McMurry College, Abilene, visited his parents, Mr. and Mrs. J. B. Stewart, and Don over the holidays.

Mrs. Lena Pettit visited her son and his family in White Deer during the holidays.

Paula Ann Guyton of Abilene visited her uncle and aunt, Mr. and Mrs. C. R. Guyton, and other relatives here over the Christmas holidays.

Railroad Employees' Spending Is High

Gray County's 125 railroad employees contribute \$750,250 to the economic well-being of the area each year, according to the Texas Railroad Association in Austin.

But it was pointed out that this figure may well be conservative. It is based on a consumer report by the U. S. Department of Labor, which shows the average employee in all industries spends \$6,002 each year.

The average pay of railroad workers this year is \$6,270, an increase of \$1,661 in the last five years.

Latest figures available for the railroads show that they paid \$36,886 in taxes in Gray County for the benefit of schools and city operations and for road and bridge funds in 1959.

Mrs. N. E. Savage visited during Christmas with her daughter, Mrs. V. Grigsby.

Mr. and Mrs. Gayle Mullanax of Galveston visited during the holidays with his parents, Mr. and Mrs. M. G. Mullanax.
