Football Banquet Is Set Saturday Night

TECH COACH TO SPEAK AT ANNUAL AFFAIR

The McLean High School Tigers will be feted for a job well done Saturday night at the annual football banquet.

Scheduled for 7 p.m., the event is to be held in the American Legion Hall.

Speaker for the banquet will be Merrill Green, backfield coach at Texas Tech in Lubbock.

On the Tech coaching staff for three years, Green is a 1954 graduate of the University of Oklahoma.

He recently was mentioned as a possible successor to Bud Wilkinson as head coach at OU, but Green announced Saturday that he was not interested in moving from Tech now.

First to Wichita

The Tech coach indicated he preferred Gomer Jones for the position at Oklahoma. Jones was named Wilkinson's successor early this week.

After graduating from OU, Green's first job was at Wichita. From there he went to Missouri. He then left Missouri with Frank Broyles when the latter became head coach at the University of Arkansas.

Green went to Tech when J. T. King became head coach there in 1961.

Tickets for the banquet are on sale at \$1.50 each at Parsons Rexall Drug and Window Garage.

Banquet master of ceremonies will be Jack Riley. Sammy Haynes will say the invocation and Lee Welch the benediction.

Welcome by Haynes

Johnny Haynes, president of the Lions Club, which sponsors the banquet each year, is to deliver the welcome address. Introduction of guests will be by Tiger Coaches Coaches Derral Davis and Lloyd Hunt.

The McLean High School Stage Band, directed by Jim Boyd, will provide musical entertainment.

Jack Shelton will present the McLean News "Most Valuable Player Award." The winner, whose identity is being kept secret until the presentation, was chosen by members of the Tiger football squad.

Poll Tax Receipts Showing Increase

More than 4,000 poll tax receipts had been issued in Gray County by early this week, and County Tax Assessor-Collector Jack Back reported that "business is picking up."

Back, who was in McLean Tuesday, said that until the past few days the payment of poll taxes in the county had been slow.

But as the Jan. 31 deadline approaches more people are being reminded that they must pay their poll tax in order to vote in the various elections this year.

About 1,500 exemptions had been issued by Monday.

100TH BIRTHDAY: A. C. Huff, McLean's eldest resident, sits at his typewriter as he prepares to celebrate his 100th birthday. Mr. Huff will reach the century mark on Feb. 8. The former minister of the McLean Church of Christ uses the typewriter to write all of his letters. (McLean News Photo)

Retirement Not in His Plans

100th Birthday Is Ahead for City Man

A. C. Huff of McLean soon will be 100 years old—but don't make the mistake of describing him as a "retired preacher."

The former minister of the local Church of Christ becomes a centenarian on Feb. 8, and during the next few weeks he is scheduled to preach before no less than four congregations.

Why? Here's his answer:

"I'm interested in the salvation of souls . . . and as long as I live I'll continue to preach."

Next Sunday Mr. Huff will return to the McLean Church of Christ pulpit to deliver the regular morning sermon. A year ago he did the same thing, and the sermon then lasted for 26 minutes.

Most Suitable Topic

The sermon topic will be "The Gospel," for Mr. Huff doesn't "know of anything more suitable than that."

On Sunday, Feb. 9, Mr. Huff will preach at the 11 a.m. service at the Oak Lawn Church of Christ, 2707 Reagan Street, Dallas, which a son, Thomas B. Huff, serves as minister.

Immediately following this, Mr. Huff and his son will fly to Oklahoma City, where he is to (See HUFF, Page 2)

Bake Sale Saturday

The McLean Band Boosters will hold a bake sale starting at 2 p.m. Saturday at Marzel's. Members invite residents to come to the sale early for a wide selection of baked treats.

CHANGES MADE IN PAGEANT

A different method for sponsors to choose contestants in the McLean High School Beauty Pageant is being adopted this year.

Jim Boyd, faculty advisor for The Tumbleweed, high school yearbook, said selection of the girls will be on a first-come, first-serve basis.

Tumbleweed sponsors are being asked to choose the contestant they wish to sponsor from the list being published here, and contact Boyd at the high school.

At 4 p.m. Friday, the names of the remaining girls will be placed in a hat and those advertisers who have not called will be asked to draw to determine which entry they are to sponsor.

This is being done, Boyd explained, in the hopes that con (See PAGEANT, Page 2)

Just Between Us by J.B.L.

Early this week we had a most enjoyable visit with McLean's "most senior citizen," Mr. A. C. Huff.

What a remarkable man he is—and what an interesting conversationalist!

Our trip to his home was to have been a routine one, simply to take the picture located elsewhere on today's front page.

But when it seemed that Mr. Huff might want to talk for awhile, we knelt beside him and listened. Before we knew it, more than an hour had passed.

His voice was strong . . . his mind alert. We found it hard to believe.

Here was a gentleman on the verge of completing his 100th year on this earth, still able to recall incidents as clearly as any person one-quarter his age.

Mr. Huff is quite emphatic on this point: He is not a "retired preacher." And he has no intentions of retiring so long as he lives.

He told us about a recent stay in an Amarillo hospital, where a nurse had said something about him being a retired minister.

While he admits to not being as active as in years gone by, Mr. Huff declares: "As long as I live I'll continue to preach."

Then he proceeded to prove to the nurse and anyone else in the vicinity of his hospital bed he is still very much a preacher.

Each time a group would congregate there, Mr. Huff delivered at least a capsule sermon.

Our congratulations to Mr. Huff on his 100th birthday. We hope to have the privilege of writing about his observance of many, many more.

McLean's hopes for a 20-bed hospital received a setback Wednesday morning, when the Gray-Pampa Foundation announced it would be unable to provide any (See JBU, Page 2)

Completion Expected Aug. 1 School Construction Begins at Alanreed

Preliminary ceremonies were dispensed with, and work began in earnest Monday afternoon on the new Alanreed School building.

Workmen were already staking the site as the ground-breaking ceremony was held, following a brief program in the gymnasium.

BANK CAPITAL STOCK DOUBLES

The American National Bank stockholders have approved the doubling of the bank's capital stock. President Clifford Allison announced this week.

The increase from \$50,000 to \$100,000 by a stock dividend had been given tentative approval by the controller of the currency, and also by the bank directors.

After final approval by the controller, Allison explained that the capital stock will be \$100,000, the surplus \$100,000 and undivided profits and reserves will be some \$70,000.

All officers and directors of the bank were re-elected at last week's stockholders meeting.

In addition to Allison, the officers are J. Alfred McMurry, vice president; T. Elmo Whaley, cashier; Donald Cunningham and LaVerne Hutchison, assistant cashiers.

Milton Carpenter and J. W. Collins are the other directors.

Winners Announced

Mrs. Harold Fabian and Bob Stubblefield posted the high scores for women and men in the annual P-TA Benefit Bridge Tournament held Saturday night.

Forty-eight bridge players entered the competition, bringing the number of tables to 12 for the second straight year.

Smith Considering Move to Oklahoma

George Smith, superintendent of the Alanreed School, has asked the board of education there not to consider extending his contract after its expiration on July 1.

Smith said he is giving serious thought to moving to Oklahoma following the present school term.

The superintendent informed the board of his intentions in a letter presented to the trustees at a recent meeting.

Collections Rise To \$1,086 In City; More Expected

A grand total of \$1,086.79 had been collected by Wednesday afternoon in the annual McLean March of Dimes.

George Terry, drive chairman, called the campaign a "tremendous success," and pointed out that contributions this year already are more than \$100 over the total collected in 1963.

Donations are still being accepted, and persons desiring to give were invited to send their contributions to Terry, to the American National Bank or to The McLean News.

Cansisters placed in various business houses will be picked up at the end of January, Terry said.

Helpers, Givers Thanked
The MOD chairman thanked everyone for their participation in and contribution to the campaign. The Bucket Brigade, as usual, holds the distinction of being the largest single money-raising event, with \$601.35.

Mothers Marchers collected \$285.81, and the dance added \$78 more. Coffee Days, in which 10 local firms participated, brought in \$54. Grade school students gave \$14.06 and high school students \$14.80.

We haven't seen the letter received by Haynes, but we understand that it rules out completely any help from the foundation.

So where do we go from here?

Maybe it seemed cold here to you during the recent wintry spell.

Well, after hearing about the type of weather they've had up north, we've decided we're not so bad off after all.

Airman Third Class Jerry Kunkel, stationed with the Air Force at Grand Forks, N. D., writes his parents, Mr. and Mrs. Oba Kunkel, that "chilly" isn't the word for the temperatures there.

On Jan. 10 the mercury dropped to 21 below zero. To prove it could go lower, the thermometer plunged the following day to 25 below.

11 Killed on County Roads During 1963

"Old Man 1963" has quietly slipped away into the past forever. His evident scenes, however, will remain till the end of time.

Due to the scars left beside the roadway and the hospitals, at the morgue and the cemeteries, the year 1963 will be remembered as the worst year in traffic history.

The Texas Highway Patrol investigated nine accidents on rural highways in Gray County during the month of December, according to Sgt. J. W. Wilson, patrol supervisor of this area.

The rural traffic accident summary for this county for the calendar year 1963 shows a total of 162 crashes, resulting in 11 persons killed, 115 injured and an estimated property damage of \$125,430.

Now Arrivals

Mr. and Mrs. James A. Vineyard announce the birth of a boy, Lorne Matthew, born Jan. 19 at 4:30 a.m. in Indianapolis, Ind. Grandparents are Mr. and Mrs. P. M. Gibson of McLean and G. F. Vineyard of Matador.

VOWS ARE SAID IN WHEELER BY BILLIE BROWN, JOHN McCLELLAN

Miss Billie Vida Brown, daughter of Mrs. R. William Brown of Wheeler, and John Clay McClellan, son of Mr. and Mrs. Jack McClellan of McLean, exchanged wedding vows during a candlelight ceremony read by Rev. Bob Ely in the Wheeler Methodist Church on New Year's Eve at 7 p.m.

The double-ring service was read before a large basket of gladioli flanked by candelabra.

The altar rail was entwined with greenery interspersed with white votive candles and centered by a large open Bible back of the white prayer bench.

Pre-nuptial music and the traditional wedding processional and recessional were provided at the organ by Richard Parks of Wheeler.

Mrs. Harold Fabian of McLean played a piano solo, "You'll Never Walk Alone." Mrs. Richard Brown of Wheeler sang "O Perfect Love," the prayer song.

Candlebearers were former students of the bride at McLean High School. They entered the sanctuary on either side, wearing choir robes and bearing lighted candles.

Two other former students, Miss Elizabeth Boston of Fort Worth and Lester Sitter of Austin, read scripture and prayer selections.

Given in marriage by her brother, Richard Brown, who also attended her at the altar, the bride was attired in a waltz-length gown of white lace fashioned with a fitted bodice and a tiered skirt re-embroidered with tiny stones in a dewdrop effect.

Her veil was a lace mantilla and she wore pearls which were a gift from the groom. She carried a white Bible topped with white gardenias and a family heirloom

preach at the Oklahoma Christian Colleges annual Lectureship.

After that, the elderly minister will go to Lubbock to preach at the Vandavia Village Church of Christ before returning to McLean, where he lives with his daughter and son-in-law, Mr. and Mrs. Pete Fulbright.

Prove Bible's Truth
The subject of at least one of these sermons will be "The Resurrection of Christ."

"I want to show that the Bible is true, and then show what we must do to be saved," Mr. Huff said.

No notes will be used by the preacher at any of these services. Every Bible quotation will be from memory.

A well known McLean resident, Mr. Huff takes daily walks for his health. The usual destination is the City Park, where he often swings on one of the swing seats.

While his voice is still strong, his eyesight and hearing have been failing for several years. Still, Mr. Huff spends hours almost every day listening to records in his "Talking Bible."

70 Years Active Ministry
During his 70 years of active ministry, Mr. Huff preached in Texas, Oklahoma, Arkansas, Colorado, Missouri and New Mexico.

He served for seven years as minister of the McLean Church of Christ.

Born on Feb. 8, 1864, at Hallettsville, Texas, he moved to McLean in 1918 to serve the local church. He had been married in Manchaca, Texas, near Austin in 1886.

Following the death of his wife, Mr. Huff entered mission work.

Eight of his 12 children are still living. Most, and perhaps all, of the eight will be in Dallas to help Mr. Huff celebrate his birthday.

The children, in addition to Mrs. Fulbright and Thomas B. Huff, are O. A. Huff, Lowell, Ark.; Mrs. Lena Burk, Kress; Gus Huff, Henderson; Mrs. Clyde Horrell, Lubbock; Mrs. E. O. Dennis, Oklahoma City, and Leslie Huff, Austin.

At last count, Mr. Huff's descendants also included 38 grandchildren, 82 great grandchildren and 25 great great grandchildren.

K. W. Hambricht of McLean served as best man.

Rich Brown, nephew of the bride, was ring bearer.

Ushers were Jack Riley, Carl Dwyer, Donald Conningham, brother-in-law of the groom, all of McLean, and F. Winston Savage of Austin, uncle of the bride.

Mrs. Brown chose for her daughter's wedding a beige dress with matching accessories. The mother of the groom wore a pale green dress complemented with white accessories. They both wore bronze mum corsages.

For a short wedding trip the bride was attired in a cranberry wool suit and black accessories. She lifted a white gardenia corsage from her bridal bouquet to wear at her shoulder.

Following the ceremony a reception was held in the Fellowship Hall of the church.

Mrs. Neil Quattlebaum of Panhandle presided at the punch bowl. The wedding cake was served by Mrs. Jack Riley of McLean. Guests were registered by Mrs. David Crouch of Amarillo.

Other members of the house party were Mrs. Jim Porter, Mrs. Glen Porter, Miss Reba Wofford and Mrs. Harold Nash, all of Wheeler; Mrs. Joe Van Zandt of Austin and Mrs. Lee George of Canadian.

The couple is at home at 940 West Lovell in Kalamazoo, Mich.

six, Glen Swift five, Eddy Windom four and Ronnie Hunt and Gene Bench two each.

The hosts were in front 10-9 after a hectic first quarter, but the Tigers got the upperhand 25-24 at halftime. McLean had fashioned a 40-34 lead at the close of three periods.

The Cyclone was no match for the Tigers here Tuesday night, but did threaten at times to close the gap in the later sages of the contest.

Tiger scoring was more evenly distributed than it had been in any previous game this season.

Welch again was the leading point-maker, with 27, as he sank every free throw opportunity he had all evening—a total of 13.

Windom whipped in 16 points, several from flashy layups. McCarty and Green scored 11 each, and Swift got one.

The Tigers jumped ahead 19-9 by the end of the first period and extended the lead to 37-25 at the intermission. The three-quarter count was 50-40, McLean.

The Tigrettes marked up an easy 57-22 victory over the Lefors Piratettes, but were able to take a rest Tuesday night because Memphis doesn't have a girls team.

Sharon Goldston tallied 30 points for McLean, while Jan Bailey had 17, Joan Flowers eight and Barbara McCurley two.

After a big first quarter, the Tigrettes were out front 17-3. At halftime the locals' lead was 32-10 and after three periods they maintained a 44-15 lead.

Rev. Dan Beltz and Mr. and Mrs. Luther Petty attended a recent workers conference at the Bethel Baptist Church.

School Dropouts Are Discussed by Panel At Meeting of DKG

"The School Dropout . . . an American Calamity" was the topic discussed by a panel at the meeting of the Beta Delta Chapter of Delta Kappa Gamma held at the City Club Room in Pampa on Saturday afternoon.

Mrs. Jack R. Riley of McLean and Miss Norma Lee Lantz of Lefors attended the meeting.

Panel members gave views on why there are school dropouts, how the school program is inadequate and what society is doing to remedy the situation.

Dropouts follow a general pattern in that students (1) cannot see the long range view, (2) refuse to conform to society, (3) have not achieved in accordance with their abilities, (4) lack interest.

Dropouts have the most serious handicap of today—ignorance. One of every three students in the fifth grade drop out of school before time for them to complete high school.

The late President Kennedy expressed concern in a television program last August, because 400,000 eligible young Americans would not return to school.

Many dropouts have returned to school due to concentrated efforts of the entire nation, specifically the NEA, classroom teachers, guidance counselors, newspapers and magazines.

High quality teachers and counselors will do the most for preventing dropout through a program called HOPE. The H indicates health; O—opportunity; P—patience, since the results are slow; E—enthusiasm.

Mrs. Ruth Ziegler of Shamrock, member of the necrology committee, expressed a tribute to the memory of Mrs. G. L. Pounds, Canadian, who was killed in a car accident in Canadian.

SOIL BANK CONTRACTS EXPIRING

According to Cliff Bates, our farm management specialist at Texas A and M University, Soil Bank contracts expired on 966,571 acres of land in Texas on Dec. 31, 1963.

Evelyn Mason, office manager of the Gray County Agricultural Stabilization and Conservation Service, says 2,606 acres expired in Gray County on the above date.

Much of this is in the McLean vicinity. Farmers are now facing a decision of just what they should do with the acres covered by these expiring contracts.

It is believed that a big portion of this land will be left in grass. Here are a few things farmers should consider with reference to this matter.

Your allotment of such crops as wheat and cotton will be retained while you leave this land in grass for a period of time equal to the length of your expiring Soil Bank contract.

In other words, if your contract was five years in length, you can leave the acreage in grass for five years and retain your cotton and wheat allotments.

If you had a feed grain base, you could enter the feed grain program and designate the required portion of your expiring Soil Bank acreage as diverted acres.

Cheek up on this one. The payment rates are much higher than the Soil Bank contract in most cases.

COTTON HARVESTING

It's all over but the shouting—1,377 bales have been ginned here, a better than average year.

SOIL TESTING

Now is a good time to take those soil samples for sending to our Lubbock soil testing laboratory for analysis. The cost is \$2.

GOPHER DEMONSTRATION

I reported that Leroy Williams' place was treated for gophers. This is incorrect, to some extent. They finally had to quit because the ground was so tough it was tearing up the machine.

WINDBREAK SEEDLINGS

For a number of years the Texas Forest Service has supplied windbreak seedlings for people on the High Plains.

I don't have all the varieties at hand, but here are a few—Chinese elm, red cedar and Ponderosa pine.

These seedlings cost only \$1.50 per 100.

We have application blanks at our office which we will be happy to mail you on request.

I heard a fellow say one time that 90 per cent of the trees are planted by people over 60 years of age, who will never live to see the trees full grown.

DISTRICT NEWS

The Gray County Soil Conservation District purchased one of the best small pieces of dirt-moving equipment I've ever seen. I tried this machine out personally, and will recommend it to you if you have small dirt-moving work to do.

It is operated with hydraulic controls, and you can carry two yards of dirt.

It is doubtful if most of the smaller tractors (two row) will work, but any three or four-prow tractor with hydraulics will do a good job.

See you next week.

38th Anniversary of Centennial Culture Club Is Celebrated

Mrs. W. E. Bogan was hostess to the Centennial Culture Club at her home on Wednesday, Jan. 15, for the annual birthday luncheon.

Assistant hostesses were Mesdames Byrd Guill, Earl Eustace and Neat Barker.

The buffet luncheon table was centered with a birthday cake topped with red roses, the club flower, and the inscription "38th Anniversary," as this is the 38th year since the club was organized.

The guests were seated at quarter tables. Place cards were puzzles which each one had to figure out.

The menu consisted of ham loaf, spiced hot peaches, squash casserole, broccoli, pineapple cheese salad, relishes, hot rolls, coffee, cake and sherbet.

Following the meal, the president, Mrs. Bogan, called the business meeting to order.

Mrs. J. E. Kirby, secretary, read the minutes and gave a report for the year.

New officers were elected for the coming year. They are: President, Mrs. Barker; vice president, Mrs. Fidel Stubbs; secretary-treasurer, Mrs. Glenn Florey, and reporter, Mrs. Bogan.

The Memory Scrapbook, which covers the years since the club was organized, was presented by Mrs. Bogan. Many of the forgotten meetings were recalled.

The 20 dolls which the club made for the library in 1962 were on display and brought much comment from the newer members.

On Feb. 4 the club will meet with Mrs. Barker.

Those present were Mesdames C. M. Carpenter, Tom Massey, Homer Abbott, Florey, Kirby, Barker, Stubbs, Eustace, Guill and the hostess.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS E. STAM, PRES. BREAKFAST BIBLE SOCIETY CHICAGO 34, ILLINOIS

THE LOVE OF GOD

Millions of people—even religious people—are afraid of God and are struggling to earn His favor. They suppose that salvation is the reward of showing enough love to Him.

If only they would believe that God Himself said: That if we are ever saved it will be entirely because HE LOVED US and graciously provided for our salvation.

The Apostle Paul, in the Bible, called God "THE GOD OF LOVE" (II Cor. 13:11) and John declared that "GOD IS LOVE" (I John 4:8). Thus John goes on to say:

"HEREIN IS LOVE, NOT THAT WE LOVED GOD, BUT THAT HE LOVED US and sent His Son to be the propitiation for our sins" (I John 4:10).

This is why salvation is so often called a "gift" in the Bible. It is the expression of GOD'S LOVE TO SINNERS. And so St. Paul tells us:

"(We) were by nature the children of wrath, even as others, BUT GOD WHO IS RICH IN MERCY, FOR HIS GREAT LOVE WHEREWITH HE LOVED US, even when we were dead in sins, hath quickened us together with Christ. By grace ye are saved." (Eph. 2:3-5).

"... after that THE KINDNESS AND LOVE OF GOD OUR SAVIOR TOWARD MAN appeared, not by works of righteousness which we have done, but according to HIS MERCY He saved us..." (Tit. 3:4, 5).

Does all this mean that God overlooks sin or condones it? By no means! In His love He PAID for our sins on Calvary's cross "that He might be just and the Justifier of him that believeth in Jesus" (Rom. 3:26). This is why we read in Rom. 5:8:

"... GOD COMMENDETH HIS LOVE TOWARD US, IN THAT WHILE WE WERE YET SINNERS CHRIST DIED FOR US."

Owners Are Slow In Having Cars Checked

AUSTIN—(Special)—The director of the Texas Department of Public Safety, Col. Homer Garrison Jr., today reminded Texas vehicle owners that the 1964 vehicle inspection deadline will soon be upon them.
 He reported that some 60 per cent of the allotted inspection period has elapsed and only 20 per cent of the vehicles have been inspected.
 "If this trend continues, vehicle owners can expect to have to wait in line order to get their vehicles inspected by the April 15 deadline," he said.
 Garrison pointed out that Texas experienced its worst traffic fatality record in 1963 and vehicle defects were involved in some of these fatal accidents. He urged all Texans to begin the New Year with safe vehicles and to keep them safe throughout the year. He added that vehicles involved in traffic accidents should be re-inspected after repairs have been made.

Walter Rogers Reports:

CIA POINTS OUT SOVIET ECONOMIC FAILURES
 The Soviet Union is not far behind an American. But 70 per cent of the Russian diet consists of grain and potatoes, compared to 28 per cent of the American diet. Only one-fourth of the Soviet diet consists of quality foods—livestock products, vegetables and fruits.
 The New Lands development program kicked off by Khrushchev did temporarily put more grain in Soviet stomachs and help the Soviet Union bolster its Eastern European satellites by making up deficits in their own farm output. But the original soil moisture and fertility in the new acreage put under the plow were quickly used up and output fell off.
 Soviet farm production on a per capita basis in 1963 was about 10 per cent below that of 1963. The impact of a short grain crop on the Russian pattern of diet is obvious. Bread for human consumption must be curtailed. Livestock herds must be reduced. Consumers pay more for food.
 Soviet leaders are calling for a solution to the agricultural problem. A new program calls for production increases in fertilizers from 30 million tons to 70-80 million tons by 1970.
 The Soviets, I hope, will not have our help in obtaining the necessary fertilizer processing and manufacturing equipment. As many of you know, I opposed the sale of wheat to the Soviet Union on the grounds that it would provide assistance to a faltering Red economy and permit Russia to meet its aid commitments to its satellites.
 As is clear from the CIA report, the Soviet Union's best prospects for alleviating economic difficulties are in obtaining long-term credit from the West for the purchase of equipment and commodities.

To hear the Communists tell it, they have all the answers for maintaining a thriving economy. Of course, we know better. Convincing some people in the world that the Reds are economic illiterates is a major task of the United States government, and the new CIA report—the first public report issued by the agency in four years—should help.

The Soviets have boasted that by 1970 the Soviet Union will overtake and surpass U. S. production. The CIA study, by contrast, shows that the Soviets not only are lagging in the race but that they keep falling farther behind. The substance of the report is that for several years the Kremlin leadership has been trying to do too much with too few resources.

This living on borrowed capital, improvising cheap-but temporary solutions to basic problems such as agriculture, and chronically neglecting balanced development to push ahead spectacularly on a narrow range of goals has finally caught up with the Soviet Union.
 A nearly disastrous crop failure in 1963 was not the root cause of Moscow's current economic difficulties; what it did was to bring to a head the many underlying problems of the Soviet economy and force a reconsideration of the pattern of resource allocation.

To a great extent Soviet economic difficulties stem from a series of programs too ambitious for available resources. With a gross national product less than half that of the United States, the Soviet leadership has invested in new plant and equipment amounts nearly as large as investment in the U. S. and has maintained a military-space program approaching in real cost that of the U. S.
 Khrushchev scored early successes. Economic growth, maintained at better than six per cent in the 1950-59 period, was accelerated after he took over. Housing was tight, but improvements came in living standards, particularly in foodstuffs but also in consumer goods.

Then the slowdown came, due in part to an increased allocation of manpower and materials to the defense program (thus slowing down industrial output in other categories), but due primarily in the last two years to failures in agriculture. Current growth rate: 2.5 per cent.
 In total calories consumed, the Russian diet is not far behind an American. But 70 per cent of the Russian diet consists of grain and potatoes, compared to 28 per cent of the American diet. Only one-fourth of the Soviet diet consists of quality foods—livestock products, vegetables and fruits.

McLEAN LIONS CLUB PLANS TO SPONSOR FOREIGN STUDENT

A special committee to look into the possibility of sponsoring a foreign exchange student here was appointed Tuesday noon at the Lions Club luncheon.

Lions President Johnny Haynes named S. A. Cousins as chairman of the committee.

Other members are Rev. J. B. Stewart, Lee Welch and Jim Hathaway.

The group will report on its findings at a later date.

The local club had planned to sponsor a foreign student here during the current school term, but these plans had to be abandoned when it was impossible to find a home for the student to live in while in McLean.

Cousins this morning asked any family interested in keeping a foreign exchange student in their home for the 1964-65 school term to contact him or any member of the committee as quickly as possible.

Boss Lion Haynes was presented a Certificate of Appreciation during the luncheon for signing up two new members in the local club last October.

October was "Lions Membership Month," when clubs throughout the District 2-T-1 placed emphasis on increasing their rolls.

Presentation was by Joe Tooley, a member of the district Lions Cabinet from Pampa.
 Tooley also announced that the High Plains Eye Bank, a Lions project, is in "great shape." Two eye transplants were made about 10 days ago, Tooley reported.
 The High Plains Eye Bank is a project of Lions throughout the Panhandle.
 Bill Power, Gray County March of Dimes chairman from Pampa, spoke briefly, expressing appreciation to the McLean club for its work in the MOD.
 J. C. Roberts of Pampa, a member of the county March of Dimes board, explained how the board administers MOD funds.
 Jay Thompson was elected as McLean's representative on the board.
 George Terry, McLean MOD chairman, reported on the success of the drive here, and Terry and Power showed a film explaining how contributions are used in research and treatment programs aimed at eliminating arthritis and birth defects.
 Chuck Honeveut, McLean, was a guest at the luncheon.

Mrs. Jaunita Channell, assistant Gray County home demonstration agent, has announced the beginning of a new project for girls enrolled in 4-H.

Feb. 17 at 6.30 p.m. in the courthouse annex in Pampa will be the starting time and place for this worth-while course of study. The Firestone Store in Pampa will furnish the instructor.

Interested 4-H Club girls are encouraged to pre-enroll either by contacting Mrs. Channell or their local community 4-H Club president.
