Just
Between
Us

It probably was best we got out of town for the weekend, before too many readers had time to sit back and take a close look at the last issue of the News.

It was just one of those weeks. But we'll make a few excuses.

Perhaps you noticed the goods, and if you didn't, maybe we shouldn't point them out. Still, they were there.

To lead the parade of blunders at the picture of McLean's new Junior Chamber of Commerce officers was printed backward, causing Bob Stubblefield and Larry Tate to be shaking left hands.

This was really through no fault of our own. The Guthrie, Okla., plant which makes engravings for the News also makes the prints. We merely send our rolls of film to them.

Then there was the picture of the Shamrock woman who won the \$5 worth of groceries given away by the Jaycees. This one just plain didn't print.

Again, the engraving wasn't made correctly. We plan to have a better one made and run the picture a second time.

But it was strictly our boner when we published April 12 as the date for the Canadian Production Credit Association meeting in Canada.

The date should have been April 13 next Saturday.

And speaking of getting away for the weekend. Accompanied by my 12-year-old, Becky, we traveled more than 1,300 miles from Friday morning to 6 p.m. Sunday.

We saw the Alamo, and it was as impressive as we've always heard. While the primary purpose of the trip wasn't pleasure, we also went on down to Nuevo Laredo, Mexico, for a couple of hours.

That was enough. South Texas is already far into spring. Trees are completely leafed out, the grass is green—and the temperature is in the 90's.

County Commissioner Truitt Johnson said this week that architects are ahead of schedule on the plans and specifications for our hospital.

The project will be to the advertising for bids stage shortly. This is welcome news to all of us.

An oldtimer was through town late last month, but found we were away from the office and failed to see him.

D. C. Christopher, who operated a dry line in McLean from 1925 to 1950, came by to subscribe to The McLean News. He mailed the subscription money to us after returning to his home in Granada, Colo., where he serves as justice of the peace.

"Was glad to be back and see all the oldtimers again," he wrote. "Good to see the city was looking good and growing. Would be glad to see you." (See JBU, Page 5)

Two New Trustees Assume Their Duties

Two new trustees of the McLean Independent School District took their seats on the board of education Monday night.

A. L. Fuller and Jay Thompson, who were elected on April 4, took the oath of office during the regular board meeting.

Retiring members are George Orrick and J. B. Rosch.

In a reorganization of the board, Sunny Haynes and Guy Bessley were re-elected president and vice president, respectively. Jim Hathaway was elected secretary.

Named by the board to serve on the school equalization board were Milton Carpenter, Homer Abbott and Jewel Moscham.

Sharon Elizabeth Boston Texas 'Nursing Student of the Year'

Sharon Elizabeth Boston, senior in Texas Christian University's Harris College of Nursing, was named "Texas Nursing Student of the Year" at the annual convention of the Texas Nursing Students Association in Corpus Christi last weekend.

She is the daughter of Mrs. Besie Boston, McLean.

Miss Boston, due to receive her bachelor of science in nursing degree from TCU in Fort Worth on May 27, was selected for the statewide honor on the basis of scholarship, leadership, service, personality, poise, appearance and a paper entitled "Today We Follow—Tomorrow We Lead."

She has made an outstanding record at TCU. Her 4.0 (straight A) grade-point average last fall made the dean's list. She was named to "Who's Who Among U.S. Students"

for 1963-64. As a freshman and sophomore, Miss Boston was named "TCU Student Nurse of the Year." She served as an officer of the Harris College Nursing Club, Texas Nursing Student Association, Student Congress publications committee, the dormitory council, the Disciples Student Fellowship and Ampersand, the organization of women campus leaders.

Despite all her activities, Miss Boston has worked to earn a considerable portion of her education expenses, according to Dean Lucy Harris of Harris College.

Miss Boston plans to continue her study on a master's degree level, but has not yet decided where she will go to school.

She is a 1960 graduate of McLean High School, and was valedictorian of her class.

Autograph Party Attracts 300

Mrs. Jim (Vera) Back, McLean school teacher and author, had her day here Monday.

It was "Vera Featherston Back Day," and more than 300 persons attended an autograph party in Mrs. Back's honor at Lovett Memorial Library to celebrate the publication of her first book, Feathers.

The special observance was proclaimed by Mayor John C. Haynes.

and the party was sponsored by the library board, Pioneer Study Club and City of McLean.

During the afternoon and up to 9 p.m. Monday night, Mrs. Back remained at the library autographing copies of her book and visiting with former and present students and friends.

Among those attending the event were two sisters in the first class

Mrs. Back taught in 1912—at the old Back School north of the city. The women are Mrs. Bon Fogg (the former Ivy Watson) and her sister, Mrs. Jewel Weigan, both of Bushland.

Represented, too, were three generations of students Mrs. Back has taught. These included Mrs. John C. Haynes, her son, Sammy, and (See PARTY, Page 5)

A TESTIMONIAL

By EVAN L. SITTER

This community's indebtedness to Vera Back can never be fully paid, nor barred by limitation.

Coming early as she did to a new land concerned mainly with its growth—in numbers, she brought a fresh new concept of needed growth—that of growth in the quality of training its youth.

Recognizing, as she so clearly does, that man fears most that which he does not understand, she set for herself the task of bringing to the student a fuller understanding of the world about him, in his own familiar province or wherever fate might place him.

To her the clearest road toward understanding is that marked by the story of man, told in his written word—his literature. So for the past decades, no youth committed to her tutelage has come from it without bearing the distinctive brand of Vera Back—burned through to the very flesh and soul of the receptive, or worn more lightly by those who flinched from the fervent heat of her zeal for teaching. Nor does anyone fail to wear it proudly, knowing always he is better for it.

Today's occasion emphasizes that not only is she at home in the field of the written word, but is skilled in the use of the tools and possessed of the insights which bring it to beneficial use.

Hillcrest Cemetery Association to Meet

The Hillcrest Cemetery Association will hold a meeting Tuesday at 7:30 p.m. at Lovett Memorial Library.

The annual election of officers is scheduled during the meeting, and all members are urged to attend.

'Clean-up, Paint-up, Fix-up' Special Week Is Designated in City

May 4-9 has been designated as "Clean-up, Paint-up, Fix-up Week" in McLean by the city commission.

Members of the board set the dates for the annual spring city beautification project at their monthly meeting Tuesday night.

DRUM MAJOR PICKED HERE

Jay Ben McMillen, McLean High School freshman, was selected drum major of the Tiger Band in try-outs held Tuesday.

The son of Mr. and Mrs. R. B. McMillen of Alameed, Jay Ben has already received many honors in music, though a freshman.

He is a member of the Tri-State Band and of the clarinet ensemble which will compete at the state music meet in June.

Jay Ben also was the only freshman to try out for the State Band at the regional meet, where he was fifth chair clarinet.

Tiger Band Director Jim Boyd selected the drum major.

Other candidates for drum major were E. B. Durham, who came in (See BAND, Page 5)

Firemen Get 2 Calls In 1 Afternoon

Two fire alarms were answered within less than an hour by McLean volunteer firemen Wednesday afternoon.

The first came from the Johnson Ranch west of Alameed, where 75 to 100 acres of grassland were burned off before flames were extinguished.

Fire Chief Boyd Meador said firefighters got a break in their efforts there. A road graded for the school bus route on the ranch helped to stop the spread of the fire.

While firemen were at the ranch, another call came in for assistance in putting out a car fire four miles west of town on Highway 66.

However, the fire department's water truck, en route to the Johnson Ranch, had come upon the burning car and extinguished the blaze before another truck from here could arrive on the scene.

The heavily damaged car is owned by Emmett Allen of Alameed.

FIVE INJURED IN ACCIDENT NORTH OF CITY

Four Hospitalized In Shamrock After Auto Turns Over

Five local and area residents were injured early Sunday morning when a 1959 Ford sedan failed to negotiate a curve and overturned three times, north of McLean.

Four were hospitalized at Shamrock General Hospital. They are:

Clifford McDonald, 15, of McLean with a broken hip.

David Weakley, 14, of Keller-ville, broken shoulder.

Johnny Brown, 14, of Amarillo, broken shoulder and broken ribs.

Walter Weakley, 38, of Keller-ville, broken back.

George Burrow, 18-year-old McLean youth, escaped with skin abrasions and was not admitted to the hospital. The other four remained in the hospital Wednesday afternoon.

Highway Patrolman Charles Henderson, the investigating officer, said the vehicle failed to negotiate a curve 10 miles northeast of the city on FM 2473.

Five guards posts were knocked down as the car left the roadway while traveling east.

The accident occurred at 12:20 a.m. Sunday. All occupants were believed thrown from the car.

Henderson said it had not been determined who was driving the vehicle at the time of the mishap. The investigation is continuing.

Only slight property damage resulted in a two-car collision at 12:25 p.m. on Saturday.

Patrolman R. C. Parker, the investigating officer, said that a 1963 Chrysler driven by Edward Frank Cantwell of Prescott, Ariz., was traveling west on U.S. 66 and collided with a 1969 Chevrolet stationwagon driven by T. E. Corbin of McLean.

Corbin was traveling north on McCarty at the east edge of the city.

There were no injuries.

JUBILEE GOES TO AUDITORIUM

The bi-weekly Derby Town Jubilee will move to the McLean High School auditorium Saturday night for its fifth show here.

Now under sponsorship of the McLean Junior Chamber of Commerce, the Jubilee is scheduled for 8 p.m. Proceeds will go to the fund started by the Jaycees to furnish a room in the proposed McLean Hospital.

Headlining Saturday's program will be Billy Tidwell, popular western singer from Alameed.

Rodeo Plans to Be Made Here Tonight

The second meeting to plan this year's 66 Roundup Rodeo and Horse Show Celebration is scheduled for 7:30 p.m. today at city hall.

Truitt Johnson, rodeo association president, invited everyone interested in the annual celebration to attend the meeting.

Horse Racing Is Called Off Here

A horse racing meet scheduled in McLean last Sunday afternoon was called off after County Sheriff Rufe Jordan announced that "such horse racing meet would be in violation of the Texas penal code."

Bob Willoughby, owner of the McLean Race Training Stables where the races were to be held, said Wednesday that the question of legality is now being studied.

A decision will be made soon whether to hold races in the future, Willoughby added.

2-A LITERARY EVENTS BEGIN HERE MONDAY

McLean students made fine showings in the first phase of the District 2-A literary events held here Monday, and they are now preparing for the final competition Saturday.

Judy Kingston and Kathy Kelly won first and second places, respectively, in junior high ready-writing, while Donna Pearson and Larry Hutson, fifth and sixth grade spelling team, placed fourth.

Mary Hutson and Joe Parr, the seventh and eighth grade spelling team, placed fourth.

In ready-writing, Judy chose the subject "My Favorite Holiday," and Kathy's topic was "What Students Should Do to Prepare for College."

In the high school division, Joyce Bessley took first place in ready-writing with the subject "Who Should Solve Problems Created by Automation."

To Finish Saturday

Competition in the other literary events will be held here starting at 9 a.m. Saturday. All events start at 9 in different locations.

Contestants from McLean Elementary and Junior High Schools will be:

Number sense—Patricia Young, Steve Fuller and Butch Davis.

Girls declamation—Gail Fry.

Boys declamation—Randy Richards.

Picture memory—Leslie Beck, Martha Bessley, Becky Orrick, Judy Watson and Jennifer Haynes.

Story telling—Stephanie Riley.

Cancer Crusade Will Be Conducted Tonight

McLean volunteer firemen will conduct the Cancer Crusade in the residential areas starting at 6 p.m. today.

Fire Chief Boyd Meador said the firemen plan to call on every house in the city during the evening.

The volunteers solicited donations in the business district on Wednesday.

Seven Rural Mishaps Investigated by THP

The Highway Patrol investigated seven rural accidents in Gray County during the month of March, according to Sgt. J. W. Wilson, patrol supervisor of this area.

These wrecks accounted for two persons injured and estimated property damage of \$2,730.

The rural traffic accident summary for Gray County from January through March of 1964 shows a total of 39 crashes resulting in two persons killed, 26 persons injured and estimated property damage of \$26,560.

Violates Penal Code

"Upon a thorough investigation of this matter by the sheriff's office, and after consultation with the county and district attorneys, it was determined that such horse racing meet would be in violation of the Texas penal code. The persons responsible were advised that if the 'Texas penal code' was violated, charges would be filed, and such horse race meet was not held."

"Legalized horse race gambling in Texas is a controversial subject that has been before the Texas Legislature for the past several sessions, and will probably be before the next Legislature in 1965. As long as horse racing for purses, bookmaking, wagers and side bets is in violation of the Texas penal code, the office of sheriff will enforce that law in Gray County, Texas."

USS BENNINGTON—(Special)—Navy Seaman Apprentice David K. Lincycomb, son of Mr. and Mrs. G. E. Lincycomb of 403 East Fourth, McLean, is serving aboard the anti-submarine warfare support aircraft carrier USS Bennington, operating out of Long Beach, Calif.

A nice letter comes from Mrs. B. O. McGuire of Amarillo enclosing a copy of the following poem by Edgar A. Guest. She said this poem reminded her of our column so she sent it along. We are complimented. Mrs. McGuire has bought a copy of the collection from this column for herself and two others to mail out of state to friends. This is a real special compliment. The poem is called:

SACRIFICE

When he has more than he can eat
To feed a stranger's not a feat.
When he has more than he can spend
It isn't hard to give or lend.
Who gives but what he'll never miss
Will never know what giving is.
He'll win few praises from the Lord
Who does but what he can afford.
The Widow's mite to Heaven went
Because real sacrifice it meant.

One beer company has budgeted 10 million dollars for 1964 to go into advertising their product. The main angle of the ads is pointed toward the fun aspect of their brew, and this almost solely slanted toward our young people. Small wonder that a study in Amarillo gives alcohol as the number one cause of divorce.

We are inspired to do better things each time we visit with Boys Ranch and with Cal Farley. We dropped by the office the other day and Mr. Farley had just returned from talking with some youngsters in a nearby town. One was redheaded, freckle-faced, and could talk a blue streak. He could hardly wait for the legal phase to bring him back.

JIM LANGDON—A WINNER!

Railroad Commissioner Jim Langdon is a 49-year-old native Texan with a winning record in public office. When John Connally appointed him to the Railroad Commission, the Governor said:

"I have for several weeks been attempting to find a man I consider to have outstanding ability, integrity and honor... I am happy we have found that man — Judge Jim C. Langdon."

Jim Langdon has fully lived up to Governor Connally's expectations. He has conducted his office in the spirit of Governor Jim Hogg, who had the Commission set up in 1891 to look after the public interest in railroad and freight rates. It now regulates also truck and bus rates and the production of oil and gas. Judge Langdon will continue to keep transportation rates in line and see to it that our oil reserves are protected against waste and greed. This will help keep down Texas gasoline prices, already among the lowest in the nation.

Jim Langdon was elected District Judge twice and re-elected Chief Justice of the El Paso Court of Civil Appeals.

ON THE OTHER HAND—
Jim Langdon's Opponent is a 10-Time Loser!

- Jesse Owens, 49-year-old attorney, is still running for office after 38 years and TEN DEFEATS. He has lost the following races:
- 1926—Defeated for Sheriff of Foard County by L. D. Campbell.
 - 1930—Defeated for District Attorney by John Meyers.
 - 1932—Defeated for District Attorney by Ed Gossett.
 - 1940—Defeated for District Attorney by T. Gene Rogers.
 - 1946—Defeated for Court of Criminal Appeals by Tom L. Beauchamp.
 - 1952—Defeated for Court of Criminal Appeals by K. K. Woodley.
 - 1956—Defeated for Court of Criminal Appeals by W. A. Morrison.
 - 1958—Defeated for District Judge by Tom Davis.
 - 1960—Defeated for Court of Civil Appeals by James Denton.
 - 1962—Defeated for Texas Supreme Court by Meade F. Griffin.

NEWS OF CONSERVATION

Harris King recently seeded 60 acres of native grass on his ranch northeast of McLean. He has established approximately 300 acres of grass in the past and has gotten some excellent stands.

After establishing the grass, cross-fences and wells have been installed for proper distribution of grazing. He plans to seed 145 additional acres to grass within the next two years.

Harvey Taylor completed two dams on his stock farm northeast of Alanreed. He is in the process of constructing a cross-fence and seeding 71 acres of pasture grass.

Approximately 64 acres of the grass will be irrigated. Proper fertilization, irrigation and live-stock rotation will increase carrying capacity of his rangeland.

Fayette Seitz is constructing diversion and standard terraces on the Frank Rapstine farm east of Laketon. Fayette realizes the importance of terraces to control water erosion and for moisture conservation.

NEWS

YOUR
COUNTY AGRICULTURAL AGENT
THOMAS A. G. COLLIER, Extension Specialist

By FOSTER WHALEY CANNED NEWS

Bryan McPherson requested that I quit putting that canned news in this column. He referred to it as second hand news. Some people just don't want to be educated but entertained.

He was with Skinny Johnston and Skinny was complaining again. This time it was about selling wheat to Russia. I thought everyone had forgotten all about this by now. Bryan said sell the (censored) if you can get the cash. Skinny wouldn't buy this.

I told Skinny I'd rather cheat an enemy in a boss trade than a friend. He didn't buy this either. He said we couldn't out trade 'em. Anytime we can get world price for wheat that is going out of condition if we move it. Anytime we can get cash in form of gold to bolster our dwindling supply and cut down on their we are winners. Why? Because in eight hours after they eat up all the wheat we sent them they will be just as hungry as they were before we sent them the first bushel. They might get their standard of living raised as long as we continue to send them wheat but the minute we stop they are right back where they started. It could be like I have been told things came out in India where we gave them the wheat. After a couple of years the birth rate increased to the point where they were worse off than before we sent them the wheat. I still say trade with 'em if you can out trade 'em.

What we need is a cow trader and a "snider" like Bryan to send over there and take the pants off 'em like he does everyone around here.

when you call Grandmother

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you send it . . . in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

Truly Monday, April 13, was my day, the most wonderful day of my life; and you, the good people of McLean, helped to make it so. Until I have time to come down to earth and put into words what is really in my heart, I can only say: "Thank you, and God bless everyone!"
