Tough Wellington Skyrockets Coming to McLean Friday Night

McLean's District 2-A championship ambitions were dealt a severe blow Friday night, as the Tigers got an 18-13 shocking at Memphis. A victory here Friday over the tough and undefeated Wellington Skyrockets could scramble up the title chase again, and put the Tigers right back into the thick of it.

Kickoff time at Duncan Field will be 7:30 p.m.

The Memphis Cyclone, who had had rough sledding through the season up to Oct. 26, suddenly turned in a victory-hungry squad shortly before halftime and whirled into the Bengals, whose offensive was stalled by fumbles.

Some fans thought the Memphis spark had been ignited by a package of baby diapers mailed to the team from McLean shortly before the game.

Sent along with the diapers was a note accusing the Memphis players of being "cry babies."

It was the general feeling here that the diapers and note were mailed from McLean by a Cyclone fan who hoped to bring Memphis out of the doldrums.

Prior to Friday night's game, the Cyclone had managed only one win all season, a 34-28 squeaker over Price College in the opener.

Through the evening, the Tigers gave the ball up to the Cyclone five times on fumbles and twice on pass interceptions.

This week could bring the Tigers their toughest test in district competition. Wellington has far blanked Memphis 22-0 and subdued the highly respected Lefors Pirates 32-6.

In the other district game last week, Canadian thumped Clarendon 19-8.

The Tigers came out of the Memphis game bruised, but most are expected to be ready to go again against the Skyrockets, Coach Derral Davis said Wednesday.

Center Mike McCall, out most of the season with an ankle injury, suffered a hurt knee and a painful charley horse, but is slowly responding to treatment.

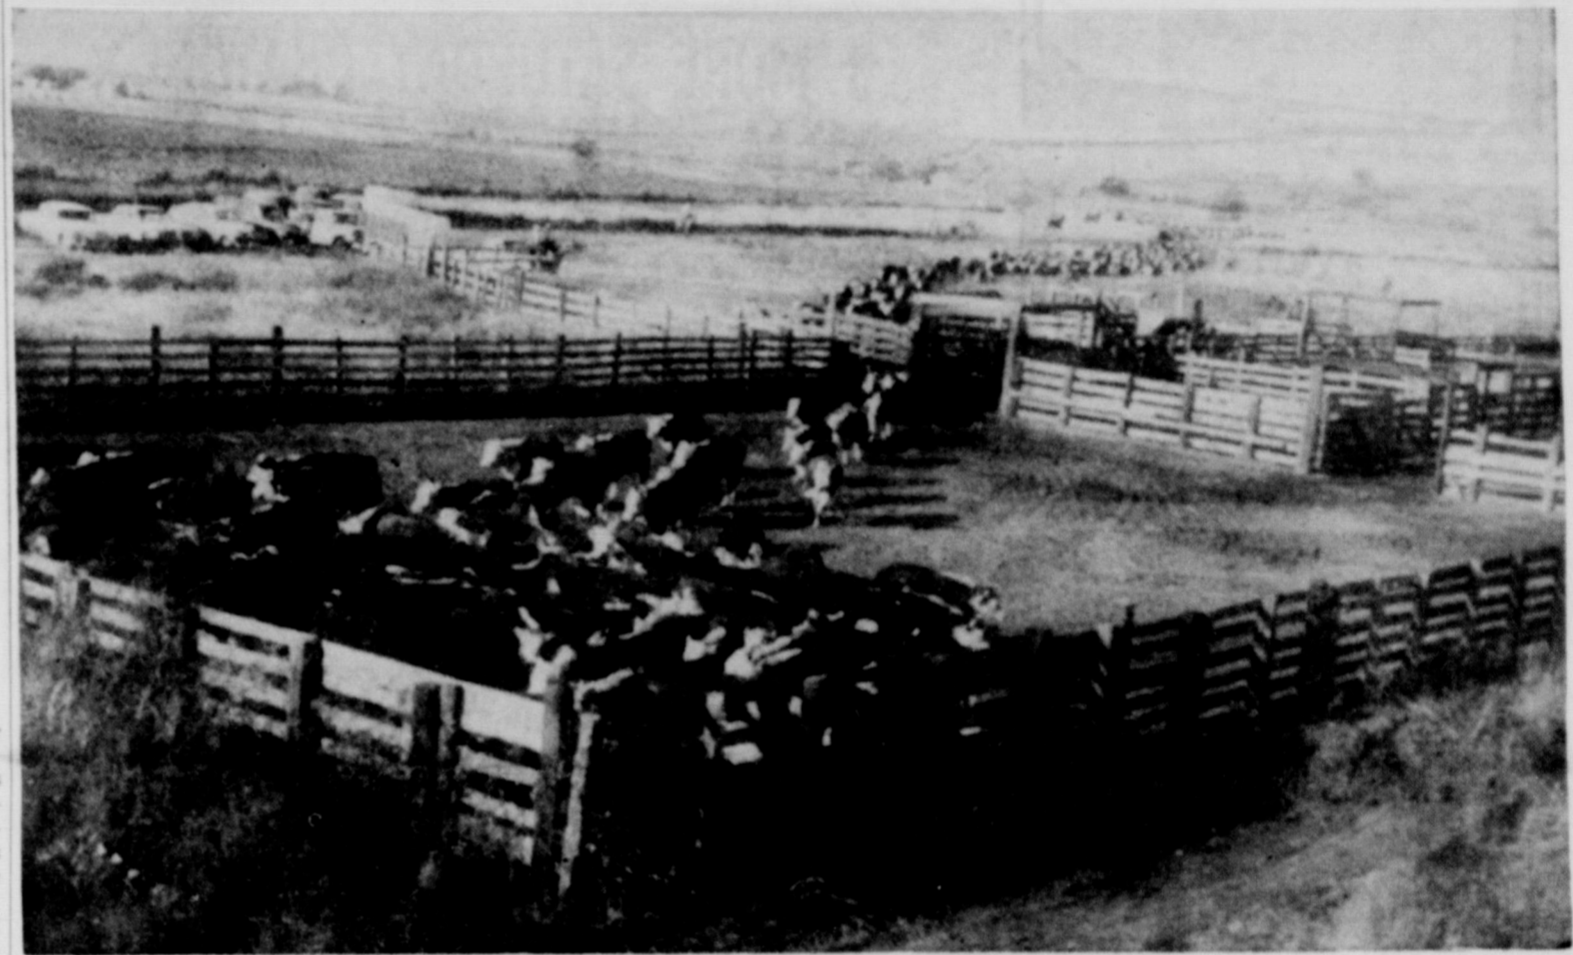

Tackle David Searey had a dislocated thumb, and Fullback Dickie Crockett a bruised elbow.

End Eddy Windom, defensive (See TIGERS, Page 9)

REHEARSING: Members of the McLean High School senior class play out strike poses, as they practice for the performance to be presented at 7:30 p.m. next Monday in the school auditorium. Seated in the foreground are Marilyn Magee (left) and Toni Mertel, on the couch, with

Janice Saunders on the floor. Others are (left to right): Ernie McCracken, (student director), Jim McCarty, Janelle Hall, Max Coleman, Jakey Hess, Larry Williams, Derrith Welch, Joan Flowers and Barbara Simpson. (McLean News Photo)

THUNDERING HERD: A portion of the 955 head of cattle driven from RO Ranch streams into the Rock Island pens in McLean. Others are strung out in the background, and the remainder of the cattle are continuing the trip on the McLean-Hedley

Road in the upper left of this picture. All told, RO Ranch shipped out 1,140 head of cattle during the day. It was the first time in years that a ranch here had herded, instead of trucking, cattle to the pens. (McLean News Photo)

Just Between Us

That problem of finding housing for prospective new residents is all with us.

The Greenhouse, Marie Foundation production superintendent, is becoming almost desperate in his hunt for new factory employees. When he finds them that old housing shortage prevents their being able to start work right away.

Three young ladies from Berger are conducting a routine search for a house or apartment Tuesday. All had jobs at Marie Foundations, and they planned to start work as soon as a place to live could be found.

He and others in town gave them some leads, but if they had a place we hadn't heard of.

Perhaps some available apartments and houses are being overlooked.

If you know of any, we're sure the factory would want to hear about them. We at the News would, too, so a list could be prepared. This way, we can be ready when others come house-hunting.

We got a good meal as well as some real food for thought at the Pampa Kiwanis Club luncheon last Friday noon.

On Pampa on business, we drove to see Clyde Carruth at a corner, and he promptly invited us to be his guest at the Kiwanis luncheon.

The program was a talk by Dr. Milton Davis, noted heart surgeon from Dallas, who, we understand, plans to seek the Senate seat now held by Ralph Yarborough next year's election.

"Conservation, the Sign of Our Times" was the subject of Dr. Davis' address, and he discussed it well.

While Dr. Davis is a member of the Republican Party, he reported that the conservative movement was limited to the GOP. He said he has visited with conservative-looking people in some 32 states, but these people are from both the Democratic and Republican parties.

The physician accused the present administration of "trying to create prosperity by spending us into oblivion. Attempts to make the nation prosper by big government spending has been tried before, it failed, and it just won't work."

He said the conservatives are opposed to signing treaties with nations because the Communists have broken 33 out of 38 treaties with other nations before.

"The Soviets' lexicon," Dr. Davis said, "means cessation of hostilities toward Communism."

In the civil rights issue, the (See JBU, Page 9)

BID OPENING IS NOV. 19 ON NEW SCHOOL BUILDING

Scaled bids for the construction of Alanreed's new school building are being invited this week, with opening scheduled for 7 p.m. on Nov. 19.

Alanreed board of education members met last Thursday and approved final plans and specifications for the new building.

Board President Warner Phillips announced that bids will be accepted in the office of Supt. George Smith until the time of opening.

Every builder interested in submitting a bid was invited to contact Rittenberry and Associates, the architects for the building, at 114 East 15th Avenue in Amarillo. The firm's telephone number is DR46-6-9640.

\$100,000 Issue Approved

Both general contractors and sub-contractors were invited to contact the architectural firm for information.

Bids will be opened in the school gymnasium.

Patrons of the Alanreed school district approved a \$100,000 bond issue last June 15 to construct the building.

Completion date for the structure has been set as July 15, 1964.

The attractive brick-vener building will include five classrooms, cafeteria, business office and superintendent's office.

The building now used as the school business office is to become the school's industrial arts building.

SENIOR PLAY TO BE MONDAY 'Curious Savage' Curtain at 7:30

A night at a New York theatre is a dream of many.

And when the red velvet curtains at McLean High Schools auditorium open at 7:30 p.m. next Monday, a Broadway play, "The Curious Savage," will be presented by the senior class of 1963-64.

General admission will be \$1 for adults and 75 cents for students. Reserve seat tickets may be purchased for \$1.25.

The play takes place shortly after World War II in the 1950's in a "charming boarding (?) house," The Coastiers.

House Occupants

Occupants of the house are Florence Williams, Jeffrey Meredith, Fairy May, Hannibal, Max Willie and Dr. Emmett.

Florence, played by Barbara Simpson, is the mother of a 5-year-old son, John Thomas (Randy Kennedy). Jeffrey (Jim McCarty) is a concert pianist and an airplane pilot.

Fairy (Janice Saunders) is a beautiful 23-year-old girl. Hannibal (Larry Williams) is a violinist and a former statistician.

Max Willie (Janelle Hall) is a sympathetic, understanding nurse. Max Coleman portrays Dr. Emmett.

Serves Humanity

Ethel Savage (Toni Mertel) is a woman 70 years old who loves life and wants to serve humanity. Son, Titus Savage (Jakey Hess) is proud of his position and interested in gaining much material wealth.

(See PLAY, Page 9)

COURSE BEING OFFERED 4-H Sponsored Here By the SWPSC

An electric course for McLean 4-H Club members sponsored and taught by Southwestern Public Service Co., will begin on Nov. 12 at the SWPSC office here.

The classes will be two hours each Tuesday afternoon, from 4 to 6 p.m., for five consecutive weeks.

They will be under the direction of Jay Thompson, McLean Southwestern Public Service manager. Jake Webb, company sales representative, and Mildred Pierce, home advisor from the company's Pampa office.

Topics and activities to be included in the series are: Electric terms, use of small appliances. (See 4-H, Page 9)

Farm-City Week Observance Slated

The Gray County Farm Bureau will hold its second annual Farm-City Week banquet on Nov. 18, it was announced this week.

Scheduled for 7 p.m., the event will be held in the Pampa High School cafeteria, 111 East Harvester Street.

Leon J. (T-Bone) McDonald, former professor at Oklahoma State University, Stillwater, will be principal speaker at the banquet.

McDonald, now living in Edmond, Okla., has for many years been known as "the conservation evangelist" because of his untiring interest in promoting soil and water conservation throughout the United States.

More than 400 farmers, ranchers and businessmen and their wives attended the first Farm-City Week banquet held in Pampa last year. Businessmen and their wives were guests for the affair.

Play Final Game Tonight McLean Cubs Are District Winners

The McLean Cubs are District 2-A junior high school football champions for 1963.

Coach Bob Schneider's charges wrapped up the title neatly in Wellington last Thursday night by blanking the Firecrackers 26-0 in their final district game.

The Cubs close out the season here tonight, when they entertain the Wheeler Ponies in a contest starting at 7 p.m. at Duncan Field.

It was a tough band of Cubs, indeed, who traveled to Wellington last week to chalk up their fifth straight conference victory.

Three of the touchdowns were scored by Fullback Steve Fuller—two of them in the first quarter—and the fourth was by Halfback Mike Samson.

Fuller Scores Early

Fuller galloped across the goal line early in the opening period for the first McLean score, and a short time later charged through for another.

Jimmy Hester's run was good for the two-point conversion after the second TD.

Then in the second quarter Simpson entered the scoring act, but the conversion attempt failed.

Shortly before the half, Hester broke into the clear and raced from his own 35 to Wellington's six before being hauled down. He got to the four on the next carry, and Simpson pushed to the one.

TD Called Back

Fuller skirted around the right side for the TD, but a holding penalty against the Cubs called the play back and they were unable to score again before the halftime intermission.

Following the second kickoff, McLean was on its 20-yard line. Fuller (See CUBS, Page 9)

LUBBOCK BAND HERE TUESDAY LCC Musicians To Present Concert

The Royal Blue Band from Lubbock Christian College is scheduled to perform at McLean High School at 2:15 p.m. next Tuesday, instead of on Nov. 7 as previously reported.

According to Director Joe Lee, the band's repertoire includes swing tunes, marches, ballads, Dixieland numbers and selections from musicals, such as "West Side Story."

Linda Gull, daughter of Mr. and Mrs. Herbert W. Gull of McLean, is a member of the band.

MHS Grad

Miss Gull is a May graduate of McLean High School and a freshman elementary education major at LCC.

The McLean concert will be the third performance for the band on its first tour of the fall semester. A 9:40 a.m. performance is scheduled at Silverton High School and a 1 p.m. concert slated at Claude High School.

On Wednesday, the group will perform at Shamrock, Wheeler and Panhandle. Thursday's itinerary includes a concert at Friona High School.

Lester Purcell Dies; Rites in Dalhart

Lester Purcell, brother of Mrs. C. P. Hamilton of McLean, died Wednesday, Oct. 23, at Dalhart, where he made his home.

Services were held on Friday at the Baptist Church in Dalhart, with burial in the Dalhart Cemetery.

Mr. and Mrs. Edwin Howard and Mrs. R. D. Marrs attended the services.

Woods at Floral Designing School

Mr. and Mrs. R. T. Wood of Veral Lynn Gift Shop were among those attending the floral designing school held last weekend at the Holiday Inn West in Amarillo. The two-day school was attended by some 500 florists from Texas, Oklahoma, New Mexico, Kansas and Colorado. Host and commentator for the occasion was Mrs. Cel Scherreh of Kelly-Scherreh Florists in San Antonio. Instructors were Mr. and Mrs. Tom French of Fort Worth, Bill Lankford of Hereford and many others. Veral Lynn plans to use some of the more outstanding ideas from the show in her shop for the coming holiday season. Mrs. Jack West and children of Groom visited Saturday in the Elton Johnston home.

City Student Member Of Chorus at LCC

LUBBOCK—(Special)—Linda Gull of McLean is singing in the second soprano section of the 52-voice A Cappella Chorus at Lubbock Christian College. According to Director Wayne Hinds, head of the music department at LCC, members of the chorus are chosen by auditions held at the first of the school year and are a cross section of the student body, which consists of 4688 students from 205 towns in 17 states and two foreign countries. The chorus' repertoire for this year will consist of well-known hymns and approximately 40 other selections, including concert religious numbers, spirituals and secular numbers. Also included in the repertoire will be a "Sermon in Song," a regular feature of the LCC A Cappella Chorus since it was organized in 1957 when the junior college opened. Scheduled appearances for the chorus during the 1963-64 school year include a number of concerts in the Lubbock area and five concert tours. Miss Gull is a May graduate of McLean High School and a freshman elementary education major at LCC. She is the daughter of Mr. and Mrs. Herbert W. Gull.

Linda Anderson Is Halloween Queen

Linda Anderson, Alanreed eighth grade student, was crowned queen of the annual Alanreed Halloween Carnival last Saturday night. She is the daughter of Mr. and Mrs. Granville Simmons. Almost \$300 was taken in at the carnival, which is sponsored each year by the Alanreed P.T.O.

"SMALL BUSINESS"

By C. WILSON HARDER

This is a strange story. It is an unbelievable story. Yet, the facts are there.

While there are some in government who spend their waking hours assailing the "extreme right" of American political thought as the greatest danger to civilization since Genghis Khan, the United States Post Office through hall, sleet, snow, et al delivers tons of communist propagandist propaganda originating in communist nations, for free.

When the so-called radical right makes a flamboyant statement, it usually gets sufficient headlines so that all America knows what this element is espousing. But few know about the insidious foreign language communist propaganda deposited in mail boxes.

Rep. James Utt, Calif., has introduced a bill to stop it. In a nationwide vote conducted by the National Federation of Independent Business, 82% of independent business proprietors support the bill.

At one time, before the infection of communism, nations entered into an agreement whereby they would deliver inside their national territories second class mail free of charge.

Under the Truman administration, when it became known that millions of such pieces were being delivered by the U. S. Post Office, shipped

in from Russia, with no charge whatsoever, an order was issued stopping this practice which continued through the Eisenhower administration.

Much of this material is printed in the native language of groups which immigrated to America. Some of it plays on the nostalgia which is natural to most people concerning things about the locale of their birth and childhood, larded with vicious attacks on America as "War mongers," "imperialistic" and all the other communist hate terms.

While none has been found to tell these new residents of America to start a revolution everything is done to create doubts in their minds about the American system.

At the start of the current administration, the long standing order was revoked on the basis it violated international courtesy.

Congress last year placed a restriction on this traffic in propaganda. It only got through because it was attached to a postal rate increase. Now post office must ask the addressee if the material is wanted. If answer is yes, post office must deliver free.

But now Rep. Utt wants this completely stopped.

Pornographic material is quite properly barred from the mails. Yet literature designed not only to destroy morals, but also the U. S. government as well as American lives, not only goes through the mails, but goes free as well. How far should "courtesy" go?

Mrs. John Knopp of Clarendon visited with Mrs. C. B. Peabody Friday. Mrs. Harve Smith returned to her home in Clarendon with Mrs. Knopp after visiting with relatives here for a week.

AWARDS RULES ARE STRICT; EVEN FEEDING TEAM FORBIDDEN

By DR. RHEA H. WILLIAMS

State Athletic Director With the 1963-64 athletic season in "full swing" for member schools of the University Interscholastic League, it is once again necessary for school personnel to acquaint themselves with the Awards Rule, Article XVI of the Constitution and Contest Rules.

If history repeats itself, numerous boys will forfeit their eligibility and some high schools will face penalties because of violation, usually unknowingly, of the Awards Rule.

Watch Gifts

These awards usually consist of gifts to athletes in the form of the clasps, fountain pens, watches, clothes, or such other articles which have a merchantable value.

Such awards are more commonly given by civic organizations, service clubs, booster clubs, or other groups of well-wishers of the team. The State Executive Committee has ruled that Article XVI applies only to awards given by the school, or awards received by a pupil from any source whatsoever for participating in inter-school athletics.

Awards, rewards, gifts, or other valuable consideration received for participation in athletic contests other than interscholastic events, are to be covered by the provisions of the Amateur Rule.

Symbolic Awards

Every administrator and coach should be familiar with the rules of the League which govern athletic awards. They should know, for example, that for the 1963-64 school year, schools may present only one person only one major award, not to exceed \$15 in value; except that an additional symbolic award may be given for each additional inter-school activity in which the student may qualify, not to exceed \$2 in value.

The penalty for violating this rule may be suspension. They should also know that the acceptance of medals, trophies and cups in addition to the maximum established under the Awards Rule, is prohibited unless they are won through participation in a meet or tournament.

Football Awards

Football is not a tournament activity, and therefore, it is not in the same category as basketball tournaments. Any school or school official who assists directly or indirectly in the violation of the Awards Rules places the school in violation of the Awards Rule. Any trophy in excess of the Awards Rule limit given permanently to a pupil may not be presented at school-sponsored functions, as then the school is indirectly assisting in evading the Awards Rule.

It is suggested that in all cases where outside organizations desire to present trophies or plaques, they be given to the school with the boy's name engraved on the trophy and then placed permanently in the school trophy case. Possession must remain with the school, and the school cannot hold the trophy until the boy graduates and then present it to the boy without violating the Awards Rule.

Experience has shown that it is much better to have the trophy presented to the school with the boy's name on it, as it can be seen for many years, while if given to the boy, it soon rests in the attic and gathers dust.

Most organizations will agree readily to such a plan for presenting outstanding awards in this way, and it can be done without violating the Awards Rule, and at the same time, give the boy educational recognition for his ability.

Fans Must Know

It is not enough for principal and coaches to know these rules. They must see to it that the information reaches players, fans, and local organizations. In fact, practically all of the violations of this rule in Texas have resulted from well-meaning fans and clubs which have persisted in giving plaques and trophies to various members of athletic teams for individual achievement. It is the responsibility of the coach and the administrator to see that these fans and organizations are informed about the Awards Rule.

In all probability, most of these awards from individuals and clubs would cease if the name and picture of the individual or club

giving the award was omitted from press releases. Many of the individuals and organizations are more interested in publicity for themselves than in the educational aspects of high school athletics.

Delayed Award Ban

Many school administrators have the idea that a school can accept an award for an individual player and hold it for him until he graduates and then present it to him. This is a violation of the Awards Rule and could result in the suspension of the school accepting such an award. District Executive Committees cannot give awards to all-district teams or individual awards without violating this rule.

A school cannot pay part of the price of an award, with the student paying the remainder, in order to purchase an award in excess of the amount prescribed in the Awards Rule. The school cannot act as a purchasing agent or as an advisor in the purchase of any award in violation of Article XVI by the student or parent when the award is purchased for achievement in inter-school competition.

The Awards Rule is binding on all member schools of the League, regardless of the type of competition, or whether or not the activity is sponsored by the League. If it is interschool competition, it falls under the scope of the Awards Rule.

Play for Fun

The League has exerted, and will continue to exert, every possible effort to preserve and promote a high standard of amateurism in its athletic program. It is operating on the premise that the presenting of material awards to players for athletic achievement is non-essential and, if not rigidly controlled, would often place a heavy financial burden on the school and the community. We believe this position to be educationally sound and we urgently request the cooperation of principals, coaches, citizens and clubs, in maintaining it. Let's keep in mind that in cases where violations occur, the boy or the school is usually the loser.

Visiting in the Kid McCoy home last week were their daughter-in-law, Mrs. Kid McCoy Jr., of Koolakouka, Hawaii, Mrs. John C. Schweda of Gonzales and Sandra McCoy of Amarillo. The McCoy family accompanied Mrs. McCoy Jr. to Lawton, Okla., where she caught a plane home.

WALTER ROGERS REPORTS

QUESTION OF CATTLE IMPORTS

Cattle prices are low. Some face financial distress. The current high level of imports—a level not seen for a long time—has largely responsible for their dilemma. The United States policy of low quotas and no quotas has cramped the market for our own cattle, by encouraging heavily a flood of foreign meat products.

Cattle prices declined steadily during the first half of the year. Choice steers at Chicago were \$30.13 in November, 1960, a low of \$22.61 in May, 1961. They rose to an average of \$25.44 in July and ranged around \$25 average this week.

The Agriculture Department expects fed cattle prices to average \$25 to those of recent weeks.

Several of the large farm organizations, while critical of the level of meat imports, are also inclined to view that the decrease in fed cattle prices is mainly due to cyclical supply factors.

American farms and ranches produce one-fifth of our total export volume. Approximately \$300 million of our \$5 billion in agricultural exports last year in beef and other livestock products.

Most Americans believe that it is wise policy for us to seek to expand our exports, and 1961 promises to be a record year across the board. But at the same time we should not, while pursuing aggressive trade policies, become an international dumping ground for the meat products of other nations.

Supporting the contention that we are becoming just that are these facts: During the period from 1956 to 1960 our average annual imports of all meat, converted to a carcass weight basis, amounted to 800 million pounds. In 1962, this figure was more than doubled to 1,850 million pounds. For all the rest of the world in the same period the increase was only from 5,138 million pounds to 5,496 million pounds—a gain of less than seven per cent.

On top of that, major beef exporting countries such as Australia and New Zealand, which would seem to want a lowering of world trade barriers for their exporters, have not hesitated to protect against imports in order that their own producers do not suffer.

In the controversy over this question one thing is clear: The American cattle industry has been hurt.

I believe that the high level of imports has contributed significantly to the cattlemen's problems. And I believe the time has come when technical people in the industry and in government must make a thorough review of all factors to determine the impact of imports on our domestic cattle market, to determine what level of imports should be permitted in order that American producers are not damaged.

The cattle industry has asked little of its government. We must not permit it to be damaged by unwise trade policies.

Personal note:
On a flight to Texas last weekend, Mrs. Rogers and I very much enjoyed talking with Miss Mary B. McConne, an American Airlines stewardess based in Dallas. Her home formerly was in the Panhandle, in Lakeview. Folks making the Dallas-to-Washington flight would enjoy a visit with her, as we did.

Now Arrivals

Mr. and Mrs. Kenneth M. Hamby are the parents of a girl born Oct. 23 in the Shamrock Hospital. She weighed 6 lbs. and 14 oz. and has been named Deanne Denise. Grandparents are Mr. and Mrs. John Gudgel of McLean and Mrs. Lillian Hamby of Amarillo.

Joe Burroughs was in Dallas on business last week.

Mr. and Mrs. Bob Clifford of Plainview visited with Mr. and Mrs. Ott Moore Sunday.

Up the creek...

Being without the proverbial paddle aptly describes having your battery go dead at a critical moment. Batteries always die at the wrong time. Best way to avoid this embarrassing situation is to let your Phillips 66 Dealer check your battery frequently. He'll put in water, inspect the terminals, give it loving care.

If your battery is showing signs of weakness, let us install a powerful new Phillips 66 Troop-Arte® Battery.

Drive in and see us soon. You'll like our service...and our products!

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

(Special) — A Houston court's order wiping out the state congressional district and directing all Texas congressmen to run at-large until the legislature redistricts on the basis of population alone is on appeal to the U. S. Supreme Court.

Gov. Waggoner Carr's request for a stay of the Houston decision pending final disposition of the appeal was granted by Supreme Court Justice Hugo Black.

John Connally conceded that the present line-up is unfair, with areas ranging from 213,000 to 1,000,000. But he argued that it is the responsibility of the legislature, not the federal courts, to fix that the action by the legislature is politically planned.

Members of the legislature are pledged to fight the order to the last legal ditch. They termed it "ridiculous" and "unprecedented." Connally stated he would call no special session on redistricting "until all other avenues of action are closed." He felt that would be a waste of their time and \$400,000 in tax money.

His belief was that such a compromise measure could not be worked out in 30 days, especially since there have been no decisions of the U. S. Supreme Court to show what, if any, rules will be placed on congressional redistricting.

A Georgia case will be argued in November. This may provide a clue. Connally believes that once the big deadline has passed in February the Supreme Court will not tinker with the 1964 elections. The ranking Republicans found the governor's tough words "shocking."

Gov. AFL-CIO President Hank Jones said "complete and total parity" is going to be the result of failure to redistrict before the Feb. 1 filing deadline. The governor drew blasts of criticism from major cities, which are under-represented in Congress. If there was approval from rural areas they will lose strength in Congress when the districts are re-drawn to be more equal in population-wise.

HEIL RICHER? — Texans' incomes were at an all-time high in

1962 at \$20,360,000,000, reports the U. S. Department of Commerce. This was 4.1 per cent above 1961. It means that 4.6 per cent of the dollars earned by all Americans belonged to Texans.

But when the massive figures are put into averages, Texans fall back. Texas ranks third in population, but sixth in total personal income. New York's \$50,000,000,000 and California's \$49,180,000,000 mean that people in those states have higher average incomes than Texans.

However, back in 1929 the total personal income of Texans was \$2,700,000,000. Now it's nearly 10 times as much.

SLANT-HOLE OIL WELLS — Roy D. Payne, field supervisor for the Railroad Commission, now reports that there are 900 oil wells shut down in the giant East Texas field, and about 300 of them have been found to be deviated.

Payne estimated that thousands of barrels of oil from deviated wells is in storage. He said operators are being given the choice of putting it back into the reservoir, or giving it free to the county from which it came for use on roads.

TALK OIL PROBLEMS — Representatives of five independent oil associations have asked Gov. Connally to examine the "serious condition" of the Texas crude oil producing business. They pointed out that other states have formed economic study groups for this purpose.

Represented in the talks with Connally were Texas Independent Producers and Royalty Owners Association, Panhandle Producers Association, Permian Basin Petroleum Association and organizations from west central and north central Texas.

SHORT SNORTS — This past week Gov. Connally dedicated the new Owens-Corning Fiberglass Corp. plant in Waxahatchie; visited Boys Ranch at Old Tassara; dedicated a historical marker at Panhandle on the Carson County courthouse lawn; spoke at a dinner honoring him in Amarillo and at a Lubbock Chamber of Commerce meeting. Republican State Chairman Peter O'Donnell Jr. announced that the GOP has a new state public relations director, John Knaggs, formerly with United Press International's Capital Bureau.

PLOWIN' Out the CORNERS

By Uncle Zeb

How wonderful it is to know That whatever we do or wherever we go

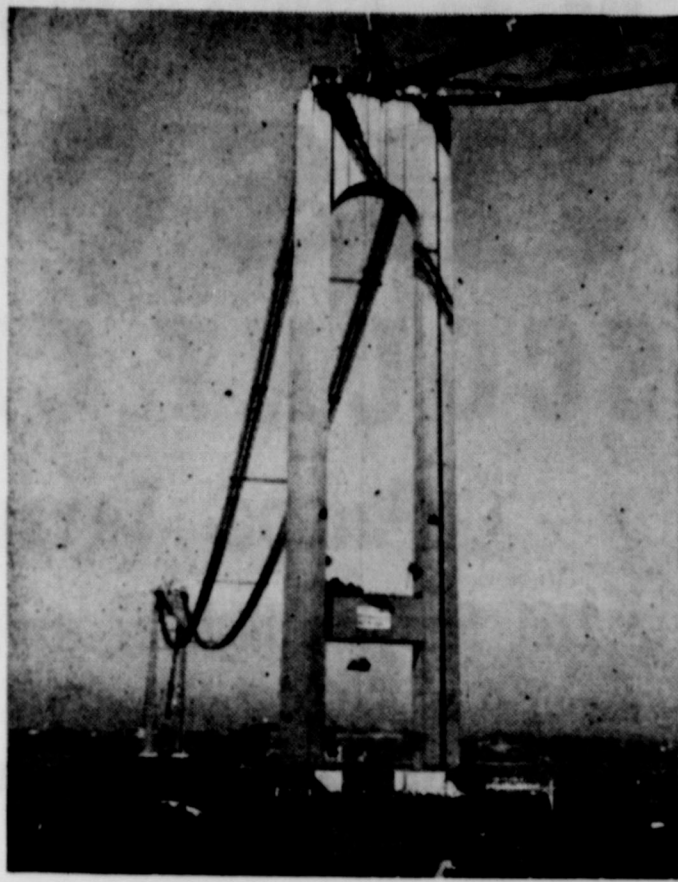

God cares for us all, Whether great or small. Like a protecting cloak is His love, A precious gift from Heaven above. So thank Him when you are glad, Pray to Him when you are sad, Talk to Him, He is your friend, There is no one better, world without end.

Mrs. Clarence R. Van Dame of 3430 Radisson Drive, Toledo, Ohio, 43614, sends us the above poem of her own composition. Thanks to several of you for sending her your favorite recipe or cook-book which she requested a short time back. It's not too late to send them yet.

Many of you will remember our writing about a trip to Durango, and the thrill of taking the narrow gauge train trip up the mountains to Silverton, Colo. We shall never forget the thrill as we rounded the bend approaching the quaint little mining town and dashing out to meet the train were some young girls on horses. They looked scarcely large enough for such a daring ride but they rode their mounts with the style of a grown-up cowboy as they waved and faced alongside the train, welcoming us all into town.

One of the young ladies was Kathy Morales, whose address is Box 507, Silverton, Colo. This week we received the following fancy announcement from Kathy. It read: "It's a Bird, It's a Plane, It's a Baby. Name: Velvet. Arrived, Sept. 19th, 1963. Weight 30 to 100 pounds. Parents, Nellie, the horse that rears the train." Drop Kathy a note of congratulations which she can read to Nellie, and her colt, Velvet. And for something you will treasure for keeps, send Kathy a dime, and have her send you an autographed color postcard of both Kathy and Nellie as they ride out to meet the once a day train. Her parents, who hail from Borger, run a gift shop. She sells the cards to feed Nellie.

READY FOR ROAD. New York City's stately new portal, the Verrazano-Narrows Bridge, presents this appearance to the world as workmen prepare to install the roadway structure of the record-setting link between Brooklyn and Staten Island. Fifty-one thousand tons of steel will be suspended from the four recently completed main cables—"spun" from 145,000 miles of special steel wire. Opening of the new bridge is scheduled for late next year.

Mr. and Mrs. Hickman Brown and family of Artesia, N. M., visited here with friends last weekend.

Mr. and Mrs. Jim Simpson, Mrs. W. C. Kennedy and sons, Ricky and Randy, and Mrs. Ohmer Smulcer visited in Pampa and Peryton Sunday.

Mr. and Mrs. Ohmer Smulcer and Mrs. Jim Simpson visited in Wheeler Saturday night.

Our country! In her intercourse with foreign nations, may she always be in the right; but, our country, right or wrong.—Stephen Decatur
