## McLEAN HOSPITAL BOND ISSUE CARRIES IN COUNTY-WIDE VOTE

### Construction Is Assured By 730 to 272 Majority

Residents of McLean, southern Gray County and all across this area could look forward today to having local hospital facilities in the near future.

Bolstered by an overwhelming 417 to six, "for" vote in McLean, the \$150,000 bond election Tuesday to construct a hospital here was approved by a majority of almost three to one across Gray County.

The final county-wide tally was 730 for to 272 against. These figures were still unofficial Wednesday afternoon, pending a canvass of the election returns by the county commissioners court.

However, County Clerk Charlie Thut said Wednesday that the results as announced probably will be the final official count.

In only one voting box did the bond issue fail to win a majority. This was at Precinct 9 with voting at the First National Bank Annex in Pampa. There 62 voters favored the proposition while 80 were opposed.

**Unusually Large Vote**  
The 423-vote total in McLean was unusually high, in that only property owners who held a valid poll tax were permitted to cast ballots.

This compares with the 478 votes cast in the heated congressional race last fall, when all qualified residents holding a poll tax could vote—whether they were property owners or not.

Alanreed property owners cast 23 votes for and only eight against the hospital, while Lefors gave the issue a margin of two votes—35 for to 33 against.

Although construction of the hospital is now assured, it probably will be several weeks before work begins.

The county commissioners court now must sell the \$150,000 worth of bonds, have architectural plans completed and let the construction contract.

**Two-Story Addition**  
The 24-bed hospital will be created with the construction of a two-story addition on the north of the present McLean Clinic.

The addition will be built of essentially the same type of material as the present clinic building.

Operation of the McLean hospital will be under the supervision of the Gray County hospital board, which also is in charge of Highland General Hospital.

The local hospital is to be a branch of Highland General, and it has been estimated that some 40 persons will be required for the local staff.

All of the staff, with the exception of the administrator, will reside in McLean. Bill Robinson, administrator of Highland General, also will be in charge of the hospital here.

**Count by Box**  
Final count at each of the polling places was:

Absentees—11 for, three against.  
No. 1—Lefors Civic Center, 35 for, 23 against.  
No. 2—Baker School, Pampa, 24 for, 17 against.  
No. 3—Grandview School, 11 for, two against.  
No. 4—Alanreed School, 23 for, (See ELECTION, Page 5)

### Equalization Board To Meet on July 29

The McLean tax equalization board will meet from 2 to 5 p.m. on July 29 to hear any protests on the tax rates for the next year, it was announced this week.

Members of the city commission met as the equalization board Monday night to set property valuations.

The protest meeting will be held at city hall.

### 26 CITY LIONS GET PINS FOR ATTENDANCE

No Absences Mar Their Records For Past Year

Twenty-six McLean Lions Club members received one-year perfect attendance lapel buttons Tuesday noon at the regular noon luncheon meeting.

Presentation was made by J. C. McClesky, Shamrock school superintendent and secretary the past year of the Lions District 2-T1 cabinet.

An "Old Monarch" membership certificate was received during the club program by W. C. (Flea) Simpson. The award is for 10 years membership in the club.

McClesky also awarded a past president button to Jim Hathaway and a past secretary button to Rev. J. B. Stewart.

**100 Per Centers**  
Lions with 100 per cent attendance in the past club year were:

Chester Bohlar, Charles Cousins, S. A. Cousins, Emory Crockett, Derral Davis, Cliff Day, Jim Hathaway, John C. Haynes, John M. Haynes, Sam Saynes, Oba Kunkel, Creed Lamb Jr., Caste Lowary.

And J. W. Meacham, Boyd Meador, George Orrick, Ted Raines, George Saunders, Rev. J. B. Stewart, Charles Weaver, Lee Welch, T. Elmo Whaley, Howard Williams, Jack Shelton W. C. Simpson and R. D. Back.

McClesky also spoke briefly to the club on the International Lions convention held in Miami Beach, Fla., last month.

**Contest Planned**  
Truitt Johnson, president of the McLean 66 Roundup Rodeo and Horse Show Association, told the Lions that plans are being made for a steer jerking and branding contest.

No definite date for the contest has been set, Johnson said, but it probably will be held in August.

The event was selected by the rodeo association as a means of making up the deficit from the annual rodeo celebration held this year.

The deficit amounted to between \$500 and \$600.

Guests at the Lions luncheon were Jenny Haynes of McLean, Robert Van Blommestein of Amarillo and Jim Itschner and Jim Moore, both of Shamrock.

### Kunkel Injured In Accident at Gym

Sidney Kunkel, McLean school janitor, suffered a broken hip Monday in an accident in the high school gym.

Kunkel fell to the floor while helping to take down the basketball goals in the gym Monday morning.

He underwent surgery Tuesday at Northwest Texas Hospital in Amarillo, where he was still receiving treatment Wednesday.

### First Baptists To Hold Picnic Friday

The First Baptist Church will hold a picnic at 7 p.m. Friday in the City Park, it was announced Wednesday.

All families of the church are invited to bring a basket lunch. The food will be spread together in the park for the picnic.

### IT'S HOT; 101 HERE

Some moisture and plenty of heat made up McLean's weather picture during the past week.

Two showers brought a total of 52 inch of rain to the city—21 on Friday and 31 on Saturday—according to Pete Fulbright, local weather observer.

Thus the moisture total for the year was pushed to 9.25 inches, not far behind the 9.33 on this date in 1962.

Temperatures soared into the 90's every day but one—and the exception was a sizzling 101 degrees recorded Tuesday.

Low reading of the week was 67 degrees, shared by Saturday and Sunday.

	High	Low	Precep.
Thursday	98	70	
Friday	94	69	.21
Saturday	95	67	.31
Sunday	93	67	
Monday	95	68

### Attend Band Camp

Six McLean High School students are attending the annual Band Camp at West Texas State College, Canyon.

The Band Camp opened Monday and will continue for two weeks, with students from all across the Panhandle in attendance.

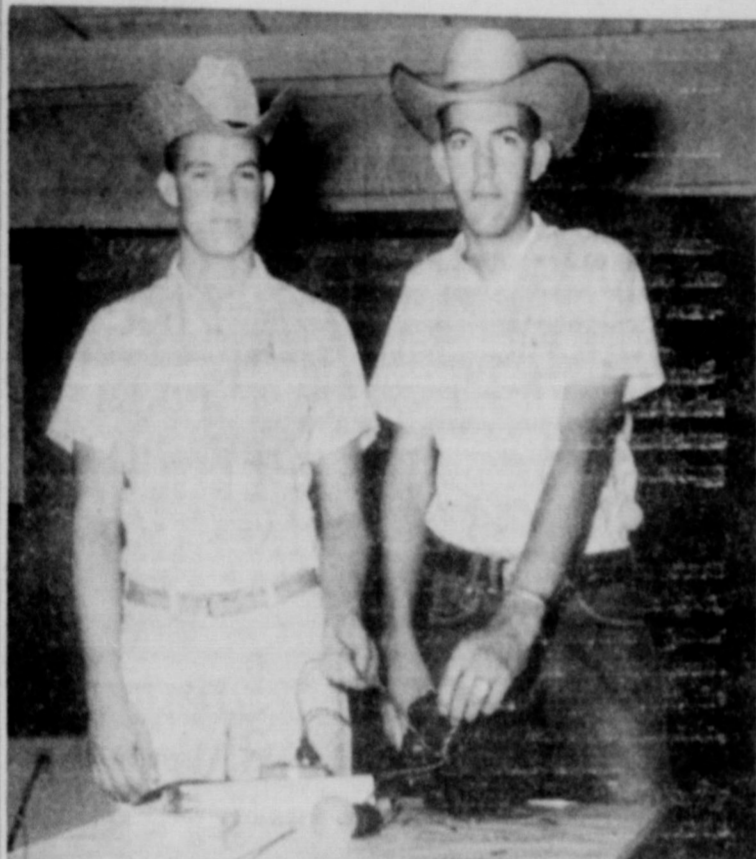

Two local students had already received honors at the camp by Wednesday.

McLean Band Director Jim Boyd was notified that Ann Terry had been named to the Cadet Honor Band and Sarah Coleman won first chair oboe in the Concert Band.

Other students attending from here are Larry Williams, E. B. Durham, Sylvia Groves and Jim McCarty.

### Golf Meeting

The McLean Lions Golf Association will meet at 7:30 p.m. next Thursday in the Methodist Church. All members and golf players are urged to attend.

AT FFA CONFERENCE: Mike Johnson (left) and Edgar Lee Bailey, members of the McLean High School Future Farmers of America chapter, are shown at the farm electrification conference held last week in Amarillo. The conference for FFA members was sponsored by Southwestern Public Service Co. Five major courses were offered during the three days, covering farm wiring, electric controls, farm motors, lighting applications and heating.

### Softball, Baseball Teams See Action; More Games Ahead

The Fillies and Heifers divided a couple of softball games last week, and they'll be battling again this Thursday and Friday.

The younger girls (8 to 11) will open the doubleheader each night at 7 p.m., followed by the Fillies and Heifers in the nightcap.

In Thursday night's game last week, the Fillies, managed by Mrs. R. C. Parker, whipped the Heifers 20-19, but the Heifers, managed by M. K. Marshall, came back on Friday to win 11-9.

Final score of the 8 to 11-year-old girls game Thursday was not determined, but the team with Ginger Fuller as pitcher topped Pitcher Tommy White's squad 12-8 the following night.

McLean's Little Leaguers went to Samnorwood last Saturday night, but rain put a stop to the action in the second inning of the young boys' game.

Then here Tuesday night, the older boys were leading Mobeetie 21-0 when the lights went out in the third inning.

A return visit is planned at Mobeetie on Saturday night, with game time at 8 p.m. The team is scheduled to leave the Little League Park at 6:45 p.m.

### Heald Methodists Will Hold Revival

Rev. Vernon Willard, pastor of the Harrah Methodist Church, will conduct revival services starting next Sunday at the Heald Methodist Church.

Services will be held at 8 p.m. each day through the following Sunday.

### Just Between Us

The people have expressed themselves . . . and McLean soon will have its hospital.

Frankly, we were surprised at the strong, three to one "yes" vote in Tuesday's \$150,000 hospital bond election.

It was a pleasant surprise, however.

The turnout of voters in McLean was unusually large—serving as a further indication of how united we all stood on this very important matter.

We hope that once the hospital is constructed and in operation, even those six people who voted against the bond issue will change their opinions and see how vital the hospital is to all of us.

-Jbu-

Naturally, construction cannot be started tomorrow or the next day . . . or even next week. Much paper work remains to be done before the first spadeful of dirt can be turned for the attractive two-story addition to the McLean Clinic.

Only preliminary drawings were prepared prior to the election. Now the architect must work on the final plans, complete with specifications for the contractor.

Then the county commissioners court will sell the bonds at the lowest interest rate obtainable, advertise for construction bids and finally award the contract.

We have no idea how much time all of this will require. But perhaps construction can begin this fall.

-Jbu-

We are certain the people of McLean join us in expressing appreciation to the people of Alanreed, Lefors, Pampa, Grandview, Hopkins and Laketon for their support in the election Tuesday.

The "for" votes outnumbered the "against" in almost every ballot box.

-Jbu-

Reading through the Canadian Record a few weeks back, we ran across the annual report from the Canadian city council.

One item that especially attracted our attention concerned a comparison of water rates in Canadian cities with those in various other cities of the Panhandle area.

In preparing the comparison table, it was only natural that cities with rates higher than Canadian be included . . . even though most of these cities are larger than the Hemphill County seat.

This is the usual method of proving your point with figures. And we, of course, realize that Canadian's population tops McLean's by a few hundred.

Canadian gets its water supply from wells, as do McLean and all the other cities included in the comparison table—Crosbyton, Brownfield, Floydada, Slaton and Tulsa.

-Jbu-

To get to the point, though, we thought it would be interesting to compare our water rates with Canadian's.

Their rate schedule seems to begin a bit lower than ours, with a minimum charge of \$1 compared (See JBU, Page 5)

**Last Rites Held For Kiah Hodges**

Funeral services for Kiah Hodges, resident of McLean early in this century, were held Monday in the Clinton, Okla., First Presbyterian Church.

Mr. Hodges, who was 80, died in his home at Clinton early Friday morning of Cancer. Interment was in the Clinton Cemetery.

Born near Honey Grove, Texas, Mr. Hodges moved to Illinois as a young man and later came to McLean, where he was in the retail grocery business.

He moved to Clinton in 1909 and became credit manager for a wholesale grocery. In 1911 he was married to Miss Allie Lee Thompson.

He later was in the insurance business and retired in 1961. He is survived by his wife; one son, Gene Hodges, Norman Okla., and a brother, Sam Hodges, Amarillo.

Mrs. Maude Hanner visited last week in Amarillo with her daughters, Mrs. James Keith and Mrs. Christine Hardson and in Borger with her son, Jay Hanner.

**Jerry Wood Gets Assignment On Radar Picket Ship**

Jerry G. Wood, Navy seaman apprentice from McLean, recently departed Pearl Harbor, Hawaii, on the U.S.S. Savage, destroyer radar picket ship.

Wood is the son of Mr. and Mrs. R. T. Wood of McLean, and entered the Navy last year.

A unit of the Navy's cruiser-destroyer force in the Pacific Fleet, the Savage is assigned to Escort Squadron 5 and Destroyer Flotilla 5.

Young Wood and other members of the ship's crew spent July 2-5 in the port of Nome, Alaska, in the Bering Sea, where the Savage actively participated in Fourth of July festivities in honor of the United States' 187th year of independence.

In Nome, the crew was treated to the "midnight sun." Only three hours of twilight a day dimmed the nearly continuous daylight. Temperatures in the low 40's were a rare experience for the Fourth of July.

**2,500 Population**  
 Nome has a population of 2,500, with approximately 70 per cent Eskimo.

From Nome, the Savage has now taken up her solitary picket station with which she performs the vital duty of extending the North American continent's radar defense line out into the Pacific Ocean.

This line of radar stations provides advance early warning in the event of possible surprise attack.

The Savage's role is one of extreme importance in maintaining the position of the United States in the current cold war situation. In addition, the Savage provides navigational aid to friendly aircraft and is constantly on the alert to aid in the rescue of any downed aircraft.

**Funeral Held For Mrs. Alice Newton**

Funeral services for Mrs. Alice Newton, 89, were held Friday in the Panhandle First Baptist Church. Interment was in Panhandle Cemetery.

Mrs. Newton was the mother of Mrs. Ada Simmons, McLean.

A resident of Panhandle since 1924, Mrs. Newton died July 10 in Highland General Hospital at Pampa.

In addition to her daughter here, Mrs. Newton is survived by three sons, J. T. and Carl, both of Panhandle, and W. A. of Dallas; 14 grandchildren, 27 great grandchildren and 10 great great grandchildren.

C. P. Callahan of Amarillo was in town Tuesday.

Mr. and Mrs. R. T. Wood of McLean announce the engagement and approaching marriage of their daughter, Jo Carolyn, to Jack D. Bailey, son of Mr. and Mrs. Jack Bailey, also of McLean.

An Aug. 23 wedding is planned in the McLean First Baptist Church, with Rev. Dan Beltz, pastor, reading the vows for the couple.

Friends of the couple are invited to attend the wedding.

A graduate of Claude High School, Miss Wood attended Texas Woman's University in Denton.

She will enter Panhandle A and M College at Goodwell, Okla., in the fall to complete requirements for a degree in home economics.

The prospective bridegroom received his bachelor's degree with a major in health and physical education from Panhandle A and M and is to be employed with the Boise City, Okla., public school system next term.

Mr. and Mrs. C. E. Martin of Lipscomb visited with the Bob Greens last Tuesday.

Mr. and Mrs. Jay Henricks of Logan, Okla., are visiting their daughter and family, Mr. and Mrs. Bob Green and children.

On Flannigan's first day as a cop the captain said to him: "Flannigan, I'm giving you an easy beat. You just walk from the corner here to that red light and back. You got that?"

"Yep," said Flannigan. He was gone two days. When he got back the captain was raving mad and demanded an explanation.

"The trouble was," Flannigan explained, "that red light was on the back of a truck."

Mistakes can happen—but we do our utmost to avoid them at our station. Bring your car in today and let us get it ready for that trip—whether it be across country or just across town.

**ELM ON SOIL BANK LAND**  
Mrs. Alma Seitz, who has soil bank land east of Laketon, is having trouble with Chinese elm coming up volunteer in her soil bank land.  
This is a new one on me. A two or three-acre patch had come up close to some older mother trees.  
Ordinarily, cattle will keep something like this down. It being soil bank land, cattle couldn't take care of this chore.  
We recommend that she spray the patch and several individual seedlings with a mixture of eight pounds of 2, 4, 5-T in 50 gallons of diesel.  
If others are having trouble with the same thing, they might want to try the same.  
Care should be exercised if cotton or other susceptible crops are nearby.

will be served to 4-H members, their families and special guests at 5:30 p.m.

Applications for refund on federal gas tax paid on gasoline used on farms have been placed at both of the local gasoline wholesalers.  
This is four cents per gallon on all gasoline used on your farm for the period July 1, 1962, through June 30, 1963. You have until Sept. 30, 1963 to apply.

**APHIDS**  
This is the time of year many people call about how to control honey dew on all types of cucumbers such as squash, watermelons, etc.  
It was not until a few short years ago that a satisfactory insecticide was developed that would control aphids or plant lice.  
Malathion will do the job. Follow the directions on the bottle.

**COTTON CONDITION**  
It's a good thing that cotton is a dry weather crop. It is holding up fine, but a good two-inch rain would be wonderful at this time.  
Ross Colie, who made 18 bales of cotton on 11 acres on the Sitter place last year, says his cotton is almost knee high and is showing more promise than at this time a year ago.  
Ross irrigates from the large lake on the Sitter place.

## 20 MULE TEAM BINDWEED KILLERS

**NEW LIQUID TRITAC-D®**  
Is your lowest cost weed killer for noxious perennial weeds such as: field bindweed, Canada thistle, leafy spurge, bur ragweed, Russian knapweed, etc. Why? Because only 4 to 8 gallons will effectively treat an entire acre of non-cropped land. TRITAC-D contains the added weed killing ingredient 2, 4-D, thus offering you triple killing action: 1. effective deep-root destruction, 2. quick foliage top kill, 3. prevents seeds from developing. TRITAC-D is nonselective, yet safe to handle for easy spray application. Available in 1, 5 and 30 gallon containers.

**DRY GRANULAR BENZABOR®**  
Is the most effective, nonselective weed killer to use where spray equipment or water are not available. Or where accuracy of rate of application is essential on small scattered patches of these same noxious weeds. Reason: You apply BENZABOR in its dry granular form—straight from sack to soil. The handy PCB Spreader lets you treat up to 1/4 of an acre of non-cropped land in 10 minutes. It also controls a wide range of woody vines and shrubs. And it is non-poisonous, noncorrosive and nonflammable when used as directed.

## STATE CAPITAL Highlights AND Sidelights

by Vern Sanford  
TEXAS PRESS ASSOCIATION

**AUSTIN—(Special)**—A growing toll of accidents on city streets and freeways, heavier damage claims and an act of the Legislature . . . all have combined to cause insured motorists in Texas a double-dip premium increase during the next five months.

First boost for most drivers will come on policies renewed after Aug. 1, when new auto insurance rates set by the State Board of Insurance go into effect.

Many others face a second increase in liability insurance premiums after Jan. 1. This is effective date of a new law requiring financial responsibility of \$10,000 per person and \$20,000 per accident.

Present law requires \$5,000-\$10,000. So those now carrying minimum insurance will pay an average of \$4 more after Jan. 1.

Increasing accident losses, mainly in urban areas, forced the Insurance Board to hike liability and collision rates in most sections of the state.

Average premium boosts after Aug. 1 will be 5.2 per cent for bodily injury, 9.7 per cent for property damage and 8.4 per cent for collision. This will cost policyholders a total of \$12,000,000.

Drivers in some rural areas, however, escaped the rate increase.

**MENTAL HEALTH**—National Institute for Mental Health has awarded a \$302,000 grant to the

State Hospital Board for research and training in mental health.

Houston State Psychiatric Institute received a grant of \$114,878 for research in early clinical drug evaluation.

Remainder of the funds went to Baylor University College of Medicine for various research projects.

**COTTON**—Texas cotton farmers planted 670,000 fewer acres this year than in 1962, U. S. Department of Agriculture reports.

Decline amounted to 9.7 per cent, which is more than the national decrease of 9 per cent. Reduction, made in compliance with the federal control program, would mean a cut of about 476,000 bales in the state's cotton production if yield-per-acre is the same as last year.

**POLL TAXES**—Folks who are past 60 and living in towns with 10,000 or more population should get their poll tax exemptions on Oct. 1 or as soon as possible thereafter.

Exemptions for those over 60 are free under the old law, which will be in effect at least until Nov. 9. That's the date for the vote on the repeal of the poll tax as a voting requirement.

If Texans vote FOR the repeal, those over 60 who live in towns above 10,000 population then will have to pay a 25-cent registration fee. Ditto for all voters under 60.

Those past 60 who live in rural areas or in towns under 10,000 population will not be affected by the changes. They can vote without paying under both the old and the new law.

The attorney general informed tax assessor-collectors that they must accept the \$1.75 poll tax payments, starting on Oct. 1, from those who insist on paying rather than waiting to see if the charge will be cut to 25 cents by the Nov. 9 vote.

**SHORT SNORTS**—Texas railroads, trying to block federal approval of the \$911,000,000 Trinity River canal project, have asked the State Water Commission to delay its feasibility hearing from July 30 to Aug. 26.

U. S. Bureau of Roads has released \$33,438,664 in federal road funds to Texas to speed up current highway projects, aiding both the interstate highway system and other federal-aid construction projects.

Texas Commission on Higher Education elected Dr. Lester E. Harrell Jr. as its director. Harrell has been acting director since Dr. Ralph Green resigned a year ago.

**MISS BLUE FLAME:** Katja Fredrikson, 21-year-old Chicago blond, was crowned Miss Blue Flame at the opening of the Liquefied Petroleum Gas Association's convention held recently in Chicago. A native of Denmark, she is shown here being crowned by W. A. Schuettert of Waldorf, Md., association president.

## WMU Circle Has 'Training' Program

The Baptist Women's Missionary Union Circle met on Tuesday, July 9, in the home of Mrs. James Thacker.

Mrs. Thacker presided over the business session. The program, "Leadership Training," was presented by Mrs. W. C. Simpson, Mrs. E. L. Price and Mrs. Walter Miller.

Opening prayer was voiced by Mrs. Bob James, with closing prayer by Mrs. H. D. Banks.

Refreshments were served to Mesdames Lee Welch, Dan Beltz, Luther Petty, James Banks, Price, Simpson, Miller and Thacker, and Brent Thacker.

## ATTEND FUNERAL

Among those from out of town here for the Holmes funeral this week were Mrs. Vesta Rice and Mr. and Mrs. Lee Rice and sons of Boise City, Okla.; Mr. and Mrs. Pearson Rice of Kenton, Okla.; Mrs. Leta Bawsher and Ellen and Mildred, Mr. and Mrs. Charles Vick and family, Mr. and Mrs. Bill Howard and family, all of Amarillo; Mrs. Bill McGann of Vernon; Mrs. Earl Lane of LeFors; Mrs. Jim Farren and Steven Lee of Albany, Ore.; R. W. (Pete) Talley, Junior Ellis, Estell Wall, Dale Butler, Mrs. D. R. Henry, Mr. and Mrs. Raymond Dalton, Mr. and Mrs. W. S. Carwile and Mr. and Mrs. R. D. Holmes and family, all of Pampa, and Paul W. Mathews of Skellytown.

Mrs. James Thacker and Brent and Mrs. W. C. Simpson and Stanley attended the Pan-Fork Encampment for Baptist junior boys Wednesday of last week. Mr. Simpson and Mr. Thacker attended the evening services.

## WALTER ROGERS REPORTS

### I Say YES! to America

Can you say YES! to America? Do you have faith in your country's future? Do you believe that the courage of our people and the strength of our institutions will carry our Nation to new glories? Is your personal conviction strong enough to withstand the assaults of those who would tell you that our nation's most glorious days are gone, that we are surely destined for a secondary role in world affairs? Do you believe in the United States of America, past, present and future?

Are Americans capable of patriotic expression, of putting into words the convictions they hold for their country and its future?

I'm convinced our people, young and old, can say what they feel in their hearts about America. I believe that Americans, in full awareness of the deep problems facing us at home and abroad in this summer of 1963 can say YES! to America.

I like to see patriotism expressed. Now that it's summer, with the youngsters home from school, I'd like to hear from Panhandle folks—young and old—on this topic:

### I Say YES! to America

I'd like to see expressions of faith in America and its destiny from children and their parents—letters, not formal essays—stating their continuing faith in their country.

I'm opening a kind of contest—one in which everyone wins. First of all, those who write letters on the topic "I Say YES! to America" will have benefited by giving deep reflection to their feelings about their country and putting their feelings in words. Second, those of us who read the letters—and I'll publish the most inspirational

In a more material way, everyone who sends a letter on the topic will win. To each letter writer I will send copies of two booklets "How Our Laws Are Made" a most interesting and accurate explanation of the federal legislative process and "Our American Government, What Is It? How Does It Function?"

In addition I will send other worth while books to the writers of the five letters adjudged to be most expressive in each of four age categories. These books are Inaugural Addresses of Presidents of the United States and the two-volume, authoritative study prepared by the House Committee on Un-American Activities, Facts on

Mr. and Mrs. Frank Simpson and children have returned from a vacation trip to Six Flags Over Texas, and to Ector, Desdemona and Purcell, Okla., where they visited with friends and relatives. They also attended a family reunion at Abilene.

Communism. The letters will be judged in these age categories:

1. Grade School (grades one through six).
2. Junior High School (grades seven through nine).
3. Senior High School (grades 10 statements as part of a future newsletter—will benefit by seeing the convictions expressed by fellow citizens.
4. Adult.

To the writers of the best letters in each category, I'll send an American flag—a flag that has flown over the Capitol of the United States—as well as the books and booklets. One of my distinguished colleagues in the House of Representatives will be given the five letters I've picked as best in each category. He in turn will pick the flag winners.

I hope the letters flood into the office. Be sure and give me your name and address and the category in which your letter should be placed. All letters postmarked by midnight Sunday, Aug. 25, will be considered in the competition. I'll announce the winners in a newsletter early in September.

Send your letters to me: Congressman Walter Rogers, New House Office Building, Washington 25.

Short or long, handwritten or typewritten, on expensive bond or lined notebook paper. It matters not how you write—but write! The thing I'd like to see is the expression of your faith in America, your sincere statement on the topic "I Say YES! to America."

to McLean's \$1.50. The \$1.50 here  
buys 2,000 gallons but the Record's  
article didn't state the minimum  
amount there.  
At 5,000 gallons the price is the  
same in both cities—\$2.70. After  
this break, the difference really  
begins to tell:

	McLean	Canadian
10,000	\$3.60	\$4.05
15,000	\$4.32	\$5.30
20,000	\$5.04	\$6.55
25,000	\$5.76	\$7.80
35,000	\$7.18	\$10.30

There was no mention about  
summer water rates, so we don't  
know whether Canadian offers its  
residents special rates to encourage  
lawn beautification during the hot  
months.  
In McLean, you can sign up for  
the summer rates of \$4.50 for

If you choose the 30,000 and use  
more than this amount, the ex-  
cess will cost you 14 cents per  
1,000 gallons. If you are on the  
50,000 rate, the additional water  
costs 12 cents per 1,000 gallons.

Possibly there are cities and  
towns in the Panhandle with lower  
rates, but we haven't heard of  
them.  
In fact, when R. T. and Veral  
Lynn Wood moved to McLean from  
Claude a year or so ago, R. T.  
felt certain there had been errors  
made on the first statements for  
utilities he received.  
The amounts were so far below  
what they had been accustomed to  
paying, R. T. couldn't believe  
he had been billed correctly.

We knew all along an awful  
lot of cattle were shipped from  
Texas each year, but an accurate  
count on those sent out of the  
state by rail alone still shocked us.  
R. M. McKee, local Rock Island  
depot agent, handed us a report  
a few days ago he had received  
from the Crop and Livestock Re-  
porting Service in Austin.  
The annual report for 1962 show-  
ed cattle shipments totaling 797,  
823 from the state by rail.  
This compares with 719,961 in  
1961.  
And, remember, these figures are  
for rail movement alone. There's  
no telling how many more are  
transported by truck.  
The number of calves shipped  
from the state was up considerably,  
too—from 202,654 in 1961 to 310,264  
for the past year. In addition  
there were 118 hogs, compared  
with none for the preceding year,  
and 1,035,880 head of sheep, up  
from 946,900 in 1961.  
California received the largest  
number of cattle and calves. Los  
Angeles got 2,373 cattle and 465  
calves, while other California points  
were shipped 254,270 head of cattle  
and 111,195 calves.  
All of the hogs went to Arizona,  
with Illinois getting the largest  
number of sheep.

ness trip to Amarillo Monday.

**Rites Pending For  
Burnis Robertson,  
Drowning Victim**

A 10-year-old boy drowned Wed-  
nesday when he toppled into a  
pond while fishing at the edge of  
Groom.  
Burnis Floyd Robertson, son of  
S-Sgt. and Mrs. Billy Floyd Rob-  
ertson of El Paso, fell into the  
lake from a board he and some  
other children were using for a  
raft.

Others on the plank with him  
at the time were either rescued  
or swam to safety, but Burnis  
Floyd slipped beneath the water.  
His body was recovered some  
45 minutes later, and artificial  
respiration was applied for about  
an hour before the boy was pro-  
nounced dead.

Funeral arrangements were in-  
complete today at Lamb Funeral  
home in McLean, pending the ar-  
rival of the youngster's father.

**Stationed in Iran**  
Sgt. Robertson is stationed in  
Iran with the U.S. Mrs. Robert-  
son was in the process of moving  
from El Paso to Aberdeen, Md.,  
where Sgt. Robertson will be as-  
signed upon his return from Iran.  
Mrs. Robertson and her four  
children stopped in Groom while  
en route to visit with her parents,  
Mr. and Mrs. B. H. Cooper.

Mrs. Robertson and the grand-  
parents went to Erick, Okla., Wed-  
nesday morning to attend funeral  
services. The accident happened  
while they were gone.  
Burnis Floyd was born on Oct.  
16, 1952, in Amarillo.  
In addition to his parents and  
maternal grandparents, the young-  
ster is survived by two sisters,  
Gayle and Nickey, and a brother,  
Marshall, all of the home; paternal  
grandparents, Mr. and Mrs. Floyd  
Robertson, Roxton, Texas, and a  
great grandmother, Mrs. Clayton  
of New Mexico.

**Junior Boys, Girls

tist Church in McLean who at-  
tended Pan-Fork Encampment last  
week were Steven Thacker, Melvin  
Simpson, Timothy Banks, Steve  
Gray, Barry Marshall, Jim Barker,  
David Brown and Valta Tarbet.  
Dan Beltz, pastor, served as  
sponsor for the boys.

Mrs. Veral Lynn Wood and Jo  
Carolyn attended the gift show in  
Amarillo Monday.

Eddy and Jonetta Reynolds of  
Borger spent several days last  
week in the Forrest Hupp home.

## NEWS OF CONSERVATION

Harris King has planted 65 acres of cover crop for range seeding on his farm east of McLean. He will seed approximately 100 acres to native grass next spring. He plans to convert all of his cropland to pasture in the next five years.

Billy Davis got a good stand of native grass on his ranch west of Lefors. He seeded 115 acres last March.

Bryan McPherson of McLean got a good stand of switchgrass on his farm west of McLean. He seeded 43 acres last spring.

R. W. Adams completed a pond on his stock farm three miles west of Kellerville. The pond will aid in better distribution of grazing. Kint Philpott recently installed approximately 1,500 feet of irrigation pipeline on his farm west of Laketon.

The Gray County Soil Conservation District supervisors held their regular meeting Wednesday, July 10, in the courthouse annex east of Pampa.

Those who attended the meeting were Milton Carpenter, vice chairman; Roland Dauer, secretary-treasurer; Curtis Schaffer, member, and Stan Friend, member.

Others who attended the meeting were: Delores Johnson, clerk; Arneal Scott, Soil Conservation Service, and Foster Whaley, county agent.

**Great Plains Conservation Program**—Farmers and ranchers who have recently developed Great Plains plans are: Alvin Bell, C. H. McCurley, D. W. Swain, Raymond Nelson, R. J. Bradley and Harris King.

Some of the conservation practices to be applied in these plans are: Fences, wells, water tanks, dams, terraces, diversions, waterways, irrigation pipelines, land leveling, range seeding and irrigated pasture planting.

Your local Soil Conservation Service is available to assist you in any conservation problem on your farm or ranch.

Mrs. Harve Smith of Clarendon visited her sisters, Mrs. Clate Peabody and Mrs. Lena Pettit, recently.
