## Just Between Us

Just heavens for the U. S. Highway 66 Association. In these times when the political powerful are continually trying to gobble up the weaker ones, the organizations are a necessity. Last towns along Highway 66 are a few years ago with the thoughts of what would happen when Interstate 40 was completed, and all would be bypassed. With the tremendous increase in traffic, though, and with the assurance that every town would have access road so that motorists would come off the highway for servicing, lodging and food, it didn't appear so hopeless after all.

A bill was quietly introduced in Congress last May, however, that would pass—seriously hurt the interstate business.

But thanks to the Highway 66 Association, the measure was spotted for what it was, and now the fight against it can be waged.

When the interstate system was planned a few years back, it was stated that there could be no business establishments along Interstate 40 and other highways in the system.

This meant that all cities and towns on the routes would be bypassed.

Big money, however, wasn't content to sit back without trying to get its finger in the tourist dollar pie.

The bill, H. R. 6457, would amend the original interstate code "to permit states to allow certain service facilities to be constructed on the rights-of-way of the interstate system."

The National U. S. Highway 66 Association has passed a resolution strongly opposing the bill, and has called on business people in McLean and in all other cities and towns on the highway to protest to their congressmen and senators.

We helped Frank Going prepare petitions Tuesday to circulate in McLean. Every business owner and in fact, every resident, should sign his name to the petitions, which will be sent to Rep. Walter Rogers and Sen. John Tower.

If you don't—or even if you do—have the opportunity to sign the petitions, a letter or telegram to the congressman and senator might have a strong bearing on how they vote when the bill comes before them.

Mrs. W. C. Shull had quite a weekend in Oklahoma. She went to Oklahoma City to take her son, Neal, who is a newspaper photographer for a television station there.

They had planned to go on a bridge tour sponsored by The Daily Oklahoman, and when this was cancelled because of the weather, they proceeded to take a trip on their own.

During the weekend they traveled through southeastern Oklahoma and parts of Arkansas, where, she said, the foliage was beautiful.

On Monday Mrs. Shull went with Neal to a press conference of Gov. Henry Bellmon in the Oklahoma Capitol. While there she talked with the governor, and learned he was fairly well acquainted with Bellmon, first Republican governor ever elected in Oklahoma, who had a cousin who lived in McLean.

She missed getting to talk with Gov. Leo Winters, but learned he had been used to visit this area seasonally, and, in fact, had spent some time fishing at Lake McLean in recent years.

J. M. Harbison, vice president in charge of domestic operations and head of the Tulsa office of Kewanee, presented the service pins at the dinner.

Also representing the Tulsa office were Vance K. Sharpe, production superintendent; Herbert S. Erskine, assistant production superintendent, and Pat M. Welch, manager of general services.

Kewanee Oil Co. is the oldest independent oil producing company in the United States.

## Voting Is Saturday On 4 Amendments

Four proposed changes in Texas' 87-year-old Constitution will be voted on in McLean and throughout the state Saturday in the almost annual election to change present laws.

Balloting by voters in this precinct will be at the McLean City Hall from 8 a.m. to 7 p.m. Homer Abbott will serve as elector judge.

Because of the election, city, school and county offices in city hall will be closed during the day.

Drawing the most attention in the election is expected to be the controversial amendment to abolish the state poll tax as a requirement for voting in Texas.

The other proposed amendments would raise the ceiling on public welfare payments, keep the Veterans Land Program in effect and permit Jefferson County to provide pensions and other insurance benefits for county employees and officials.

**Granddaughter Of Local Couple Dies**

**Board Meeting Set**

Members of the McLean board of education are scheduled to hold their regular monthly meeting at 7 p.m. Monday in the high school economics room.

Names of the king and queen will be revealed during halftime ceremonies at the game, according to Director Jim Boyd.

Performing at halftime will be the combined high school and junior high bands, including some 120 students.

Nominees for band queen are Barbara Simpson, Joyce Beasley, Joan Flowers, Tom Mertel and Mikki Green.

Band king nominees are Larry Williams, Jim McCarty and Mike Johnson.

An important meeting of the McLean American Legion Post will be held at 7:30 p.m. next Tuesday in the Legion Hall.

Cmdr. Harlon Pool Sr. urged all members to attend.

Pool also announced Wednesday that skating will be held as usual Saturday night. The two-hour session will begin at 7:30 p.m.

## Canadian Comes To McLean on Friday

Staging perhaps their best team effort of the season, the McLean Tigers permitted the District 2-A leading Wellington Skyrockets one touchdown in the first quarter, then battled the visitors to a standstill the rest of last Friday evening.

This Friday the Bengals close their home season by hosting the Canadian Wildcats. The game kicks off at 7:30 p.m. at Duncan Field.

It was an inspired band of Tigers who fought the powerful Skyrockets through more than three periods, halting repeated deep thrusts short of the goal line, and then mustered a near-touchdown drive themselves as the game drew to a close.

Coach Derral Davis said Wednesday the locals "played hard enough to win." He added that he was well pleased with the entire team's effort but especially praised the defense.

The Tigers came out of the contest with several bruises, but they remain in good shape as they wait for the Wildcats.

Especially outstanding in the Wellington game were Tackle Bob Patton, Ends Eddy Windom and Kenny Smith, Fullback Dickie Crockett, Quarterback Johnny Fuller and Halfback Jim McCarty.

But Davis described the performance by the Tigers as "an outstanding team effort."

Wellington got its lone TD with 46 seconds remaining in the first quarter, when Halfback Ken Patton went five yards to the end zone.

The try for extra points failed, and the scoring ended right there. Patton broke away on what appeared to be a touchdown run early in the second period, starting from the McLean 40. But a shoestring tackle by Windom brought the fleet halfback down on the 15-yard line.

Rugged defensive action by the Tigers halted the threat there. Another Wellington drive midway of the quarter was stopped when Patton recovered a fumble on the McLean 18. Still another was stopped shortly before the half when Smith intercepted a pass on the Tiger 20.

## CUBS BLAST WHEELER 20-6 Locals Get Sixth Win of Season

Rain and chilly temperatures failed to slow the McLean Junior High Cubs Thursday night, as they closed the football season with a 20-6 victory over the Wheeler Colts.

The win gave Coach Bob Schneider's Cubs a record of 6-1. They lost to Shamrock in the season opener, then proceeded to knock off every opponent they faced, taking the District 2-A championship to be process.

Fullback Steve Fuller and Halfback Jimmy Hester shared the scoring honors, with Fuller getting two and Hester one.

Held scoreless through the first quarter, the Cubs came to life as the second period opened to ring up their first TD.

**Move From 25**

The drive began on the McLean 25 following a punt. Halfback Mike Simpson dashed off to the Wheeler 47, and Hester on a double reverse got to the 28.

The three alternated then to the six, where Fuller ran over the right side to the score, giving the Cubs a 6-0 lead after the try for extra points failed.

Fuller intercepted a Colt pass on the McLean 36, and the Cubs were off and running again just before halftime. Fuller carried to the Wheeler 27, then to the 18 and finally wide right to the TD.

Simpson ran across the goal line (See CUBS, Page 7)

**Scouting Program To Be Reorganized**

Reorganization of the Boy Scout and Cub Scout programs in McLean is planned at a meeting at 7:30 p.m. next Monday in the grade school cafeteria.

Jay Leath, district Boy Scout executive from Pampa, said Tuesday that all boys aged 8 through 14 and their parents are invited to attend the meeting.

Youngsters who have been in the scouting program before and those who desire to join the program for the first time are invited.

A representative of the district will be present.

Jerry Gilbert has been appointed scoutmaster for the local Boy Scout troop.

The scouting program is sponsored here by the Lions Club.

**Meeting Tuesday**

The McLean city commission will hold its regular monthly meeting at 7 p.m. Tuesday at city hall.

## Would Permit Business on I-40 Road Amendment Draws Opposition

Petitions are being circulated in McLean calling for the defeat of a bill in the U. S. House of Representatives which would permit the construction of service facilities on the rights-of-way of the interstate highway system.

Copies of the petition will be mailed to Rep. Walter Rogers and to Texas Sen. John Tower.

Business people and others interested in signing the petitions should contact Frank Going at the Dixie Motel.

Actually the bill, H. R. 6457, is a proposed amendment to Section 111 of Title 23 of the United States Code, which as presently written prohibits the erection of business establishments on the interstate system.

The measure was introduced in the House of Representatives on May 21 of this year and was referred to the Committee on Public Works.

**Service Facilities**

If passed by Congress, the bill would make it possible for service facilities—service stations, garages, motels, restaurants, etc.—to be constructed on the rights-of-way of Interstate 40 (U. S. Highway 66) and other interstate highways.

Thus, it would be unnecessary for motorists traveling the highways to stop for these services in McLean and other towns and cities along the interstate routes.

When the interstate system is completed, all cities and towns will be bypassed by the highway. However, access roads will make it possible for motorists to leave the highways for these services in (See ROAD, Page 7)

## Three Injured In Highway Accident

A New York man and two of his children were injured Monday morning in a one-car accident 2.1 miles west of Alamo on Highway 66.

Richard J. Lake was driving his 1960 Comet stationwagon east, when the vehicle ran off the roadway and overturned twice, according to Highway Patrolman Charles Henderson.

Lake, his six-month-old son, Richard J., and 19-month-old daughter, Sandra, were treated at a McLean Clinic and then transferred to Highland General Hospital in Pampa.

Lake's wife escaped injury in the mishap.

## HALLOWEEN IS RAINY NIGHT

Halloween night last Thursday brought more than spooks to McLean.

The city received 2.4 inch of rain during the night to dampen the dry soil. Another .03 inch fell on Sunday.

Temperatures dipped close to the freezing mark the past week, dropping to a low of 34 degrees on Saturday morning. High for the week was 87 recorded last Thursday.

The 27 inch of rain which fell here during the week brought the total moisture to date in 1963 to 14.27 inches.

This compares with 18.16 up to Nov. 7, 1962.

October saw .53 inch of rain, well below the 2.05 inches in the same month last year.

McLean had its first frost of the season Saturday morning, but it apparently wasn't a "killer." Farmers reported that the frost barely nipped cotton leaves in the area.

**NEWS** from YOUR COUNTY AGRICULTURAL AGENT

TEXAS A & M COLLEGE EXTENSION SERVICE

#### By FOSTER WHALEY TRI-DISTRICT MEETING

On Wednesday and Thursday of this week, your county agent and assistant county agent were in Lubbock for a three-district agents' meeting.

County agents and home demonstration agents from approximately 60 Panhandle, South Plains and Rolling Plains counties were to be in attendance.

#### DATES TO REMEMBER

The Gray County Farm Bureau will hold its second annual Farm-City Week banquet at 7 p.m. Nov. 18 in the Pampa High School cafeteria.

Farmers and wives invite businessmen and their wives to this affair. Tickets are now on sale. They are a very nominal \$1.25 each.

A top-notch humorist and conservationist has been secured as the speaker. He is Leon (T-Bone) McDonald from Edmond, Okla.

McDonald is a rancher and former professor of Oklahoma State University. They say he is terrific. See Milton Carpenter for tickets locally.

Also circle Nov. 13 on your calendar. This is the date we will hold our annual Income Tax School at the meeting room of the agricultural building in Pampa.

The meeting will run from 9:30 a.m. to 3:30 p.m. Last year McLean was well represented.

James Cliett said last year's school was extremely beneficial to him. He learned that he could get a considerable savings in his tax bill through the new investment credit.

All income tax people from this area should be in attendance.

Mr. Jim Finley, Internal Revenue agent from Lubbock, will be the representative from the service. Here are a few of the subjects to be discussed:

Depreciation, gain and loss on sale, ordinary capital gain, casualty loss, Social Security, investment credit and many other items.

Plan now to attend. The fellow that doesn't make out his own return needs to attend worse than the fellow that does.

Nov. 16—Gold Star Awards banquet for the outstanding 4-H boy, girl and their parents and the extension agents from 22 Panhandle counties.

#### CATTLE PRICES

Last week I got too busy to write this news column for The McLean News. I started to call Jack Shelton and ask him to reprint Walter Rogers' newsletter concerning meat imports and their effect on the cattle business. But I didn't get around to it.

I thought this would take the place of the spot he reserves for me. I was very much surprised when I received The McLean News and read Walter's newsletter, of which I get a copy.

If you are a cattleman and didn't read this report, you should do

so. It has the best analysis of this situation of any I've read.

Please hunt up last week's issue and read this account, if you haven't already.

I was surprised to know that imports accounted for 10.6 per cent of our red meat production in 1962. I'll betcha 1963 will be a higher figure.

#### CATTLE PRICE CHANGE

You will see a slight rise in steer and calf prices within the next three weeks. Farmers have been busy harvesting milo and have not had time to purchase their fall needs of calves.

The Corn Belt feeder is sweating us out, trying to get prices down more. Although the market has been depressed, most calves are finding their home for the next few months.

Yearling calves are moving also. Look out for a slight rise in prices, as the Corn Belt feeder walks up to the fact that his sources of good feeder cattle have found homes other places.

I noticed where considerably fewer cattle were shipped to the Corn Belt this fall than last. Their bankers are telling 'em to sweat us.

They had better get in the market. Good profits are to be realized now from feeding. Even though fed cattle prices are down, there is a good ratio between the price of certain classes of feeder cattle and finished cattle.

#### COTTON

Dewey Pinnington is getting an eight-bale crew of cotton pickers soon. He predicts it will be December before you can mechanically strip cotton.

Mr. B. F. Holland says 146 bales have been ginned to date, Nov. 5.

#### DIDN'T SIGN HIS NAME

Jim—"Am I scared? I got a letter from a man saying he'd shoot me if I didn't stay away from his wife."

Sam—"Well, all you have to do is stay away from her."

Jim—"Yes, but the trouble is he didn't sign his name."

See you next week.

## Christian Crusade Rally Is Nov. 14

An Amarillo Christian Crusade Rally, featuring "America—Back to God and Constitutional Government" as its theme, will be held in the City Auditorium Thursday, Nov. 14, at 7:30 p.m. It was announced today from the Tulsa headquarters of Christian Crusade.

Amarillo is one of 50 cities being included in the fall tour of Billy James Hargis, founder-director of the Christian Crusade, who will be the featured speaker at the rallies. The tour is scheduled for the months of October, November and December and includes the Upper Midwest, the South, Texas and the West Coast.

The particular theme of the tour will be the spiritual heritage of America and a presentation of the scriptural basis for the conservative position.

Christian Crusade is in its 16th year of operation as a non-denominational anti-Communist ministry. It draws members from all races, religions and creeds. It has been a target for the smears of much of the liberal press because of its conservative position.

The meeting is open to the public and admission is free.

# VETERANS' DAY

Monday, Nov. 11, 1963

Forty-five years ago next Monday, Nov. 11, the "Cease Fire" command ended World War I. And on that day we honored those who had fallen in the service of our country. Today, added to that honor roll are those who gave their lives in the second great World War, in the Korean War, and in countless other incidents around the globe. It is not enough this Veterans' Day to honor the brave dead by bowing our heads in prayer. Only by each of us working diligently to prevent war—working to build an everlasting Peace—can we pay them deserving tribute...

towns like McLean.

The National U. S. Highway 66 Association in a meeting at Bartow, Calif., last month adopted a resolution calling on members of Congress to defeat the bill.

**Reasons for Opposition**

In the resolution, the association stated that the intent of House Bill 6457 apparently is "to permit or encourage construction and operation of tourist service establishments and facilities within the right-of-way of interstate highway system."

The association expressed opposition because of these three points:

1. Each such installation appears to increase the possibility of highway accidents by unnecessarily encouraging motorists into, out of and across multi-lane high speed traffic.
2. The construction and operation of such installations constitutes a severe and destructive effect on the hundreds of millions of dollars already invested in facilities to serve the motoring public, and the means of livelihood of thousands of families are in jeopardy.
3. As a result of such disastrous economic impact, the general economic welfare of hundreds of communities, cities and towns throughout the vast multitudes of people impaired in will be dangerously imperiled and many will suffer for the economic benefit of a few.

for the extra points, putting the Cubs ahead 14-0 with 19 seconds to go in the first half.

**Hoster Ends Scoring**

Wheeler took the second half kickoff on its own eight-yard line and McLean pushed the Colts back to the five before a punt was in order.

Following the kick, the Cubs were on the Wheeler 11. Hester counted the score on the next play, but the PAT try was unsuccessful. A swift Wheeler back went 58 yards for the lone Colt score early in the fourth quarter.

Outstanding on defense were Pat Windom, Calvin Van Huss, Joe Redwine, Simpson and Joel McCarty.

R. T. Wood returned to his home here Tuesday after undergoing surgery last week at St. Anthony's Hospital in Amarillo.

**WALTER ROGERS REPORTS**

**SUGAR SHOWDOWN**

The Sugar Fight—a battle of importance to Panhandle area farmers and United States agriculture in general—will be renewed next year. It's time that citizens with a direct and indirect stake in the outcome be thinking about the question of how much of our sugar is to be supplied by domestic producers and how much of it is to be imported from foreign countries. I predict you will be seeing more and more about this situation in newspapers and magazines.

Again, the "sugar trust"—the combine of U. S. and foreign sugar interests which has been effective in dictating past and present U. S. sugar policies—will attempt to keep a substantial portion of the supply out of the hands of our own farmers. These powerful interests once again will stand firmly on the side of foreign producers.

The issue will come to a head in 1964 because import quotas established in 1962 will expire Dec. 31 next year. The 1962 act made allocations of the 3 million tons of sugar imported from Cuba before free trade was shut off with the Castro regime.

Of that 3 million tons, about half was signed to friendly sugar-producing countries and the other half was assigned to all friendly sugar producing nations desiring to export to us on a first-come, first-served basis. Not one pound of the former Cuban supply was allotted to American farmers.

I fought this unfair situation vigorously when this 1962 act was before the Congress. I will be among the leaders next year in seeking to obtain for our own farmers a much larger share of the sugar market open in their own country.

It seems obvious to me that American farmers should be given first priority in supplying American requirements. Here are some other economic points to consider:

- \* Each acre of land devoted to sugar beet production, with proper cultivation and adequate moisture, will produce approximately 2 1/2 tons of sugar.
- \* If only one-third of the 3-million-ton sugar supply previously imported from Cuba were allotted to American growers, about 400,000 acres of land could be put in sugar beets.
- \* Diverting 400,000 acres of land to sugar beets would bring a substantial reduction in acreage now producing grain crops in surplus.
- \* The capital investment required to provide processing plant capacity for one ton of sugar beets is about \$300. Thus, an investment required to provide processing plant capacity for one ton of sugar beets is about \$300. Thus, an investment totaling approximately \$300 million would be provided for an American free enterprise—if as little as one-third of Cuba's former imports could be produced here at home.
- \* Several thousand new jobs could be opened for Americans in the processing plants.
- \* By producing more of our own sugar and importing less from abroad, another step would be taken to reduce the balance-of-payments deficit.

When the United States severed diplomatic relations with Cuba in July, 1960, that month's New York average wholesale price of refined sugar stood at 9.47 cents per pound. The price in the same month one year later was 9.4 cents. In June, 1962, the month before new import quotas were enacted, the average wholesale price was 9.6 cents. It was the same in July, 1962, when Congress set up the quotas.

In August, 1962, the price rose to 9.63 cents. Thirteen months later, in September of this year, the New York average wholesale price was 11.62 cents.

This year has brought a wide fluctuation in the wholesale price between January and June the

range was from 9.9 cents to 16.3 cents (the top reached on May 23 to the fanfare of bold headlines in the press).

I am convinced that less dependence on international sugar market conditions would restore stability to the sugar market—and American housewives, I'm sure, would find this gratifying. The production of more of our sugar by more of our own farmers would not—repeat, would not—decrease the cost of sugar to American housewives above the price they have been paying.

Here's the breakdown of our present sugar supply: Domestic beet sugar, 2.6 million tons; mainland cane sugar, 9 million tons; Hawaii, 1.1 million tons; Puerto Rico, 1.1 million tons; Virgin Islands, 15,000 tons; Philippines, 1 million tons; miscellaneous foreign nations, 1.2 million tons; "global quota" (amount reserved for Cuba when that nation is again free and independent, and now available to other nations), 1.6 million tons.

**TIGERS**

(Continued from Page 1)

The visitors drove to the 14 as the second half began, but again the Tigers held fast. They reached the McLean 24, late in the third quarter, only to be stopped cold once again.

It was soon after this that the Tigers mustered their big threat. After taking possession of the ball on their own 15 following a punt, the Bengals marched and took to the air for seven first downs, moving to the Rockets' three.

Another yard would have given McLean a first down, but the Wellington line toughened to stop Crockett as he tried time and again to push into the end zone.

The victory gave Wellington a 3-0 record in District 2-A play, and left the Skyrockets the only undefeated team in the conference.

In other district action last Friday, Lefors dropped Clarendon 13-6 and Memphis and Canadian played to a 38-38 tie.

**Dr. M. J. Newman Dies in Georgia**

Funeral services for Dr. M. J. (Jerry) Newman, 51, were held Sunday in the First Methodist Church at Athens, Ga.

Dr. Newman, former director of the McLean High School Tiger Band, died Friday morning in Athens of a stroke.

At the time of his death, he was director of music education at the University of Georgia.

Dr. Newman had been band director in McLean and Borger High Schools before going to West Texas State at Canyon in 1943 as head of the music department.

He resigned from West Texas in 1957 to work on his doctorate, later becoming director of music education at the University of Georgia.

He is survived by his wife, the former Diane Chase of Borger, and five children.

 TEXAS PRESS ASSOCIATION

AUSTIN—(Special)—Some 60,000 Texans soon will be getting invitations to dine with the President—for \$100 a plate—at Austin's Municipal Auditorium.

Presidential aides now are in Austin making arrangements with top Texas Democrats for a Nov. 22 "Texas Welcome Dinner" for President John F. Kennedy and Vice President Lyndon B. Johnson.

Speakers list so far has been limited to the President, the vice president and Gov. John Connally.

To assure a capacity crowd, local party officials are being called on to help. Quotas are being assigned to districts over the state. Funds raised are to be divided between the national and state Democratic organizations.

Most of Texas' 21 congressmen are expected to attend the dinner and all members of the Legislature will be invited. Early announcements indicate Sen. Ralph Yarborough will be with the presidential party.

President Kennedy is due to arrive in Houston on Nov. 21, where he will attend an appreciation dinner for Congressman Albert Thomas. Cities all over the state are bidding for the rest of his time.

**DRAFT GOLDWATER CAMPAIGN**—Meanwhile, Republicans are not standing still on the eve of an election year.

State GOP chairman Peter O'Donnell of Dallas came to Austin to announce the heads of the Texas drive to draft U. S. Sen. Barry Goldwater of Arizona as a presidential candidate and map plans for other races.

State Rep. Dick Morgan of Dallas and Mrs. J. C. Man Jr., a Wichita Falls housewife, were designated co-chairmen of the campaign.

O'Donnell said 2,462 elective offices in Texas "will be up for grabs" next year and Republicans intend to reap a fair share.

He said Republican timetable calls for a draft-Goldwater chairman in each congressional district by Jan. 15.

Many of the local draft movements will tie in with GOP county executive committees and with election campaigns for precinct, city, county and state, as well as national, elections for public office.

the equivalent of 358 full-time students.

It has been recommended that facilities be provided for 400 students, if a junior college is established.

Hollar discussed the cost of operating a Gray County Junior College at \$370,000 per year, including building costs. This is based on an enrollment of 400 students.

State aid would amount to \$125,975; revenue from tuition, \$42,500, leaving \$201,525 to be raised from taxes.

Based on the Gray County valuation, the tax rate would be approximately 38 cents.

Piano students of Mrs. Willie Boyett played several selections during the Lions luncheon. Performing were Keith Watson, Timothy Banks, Dick Back and Nelson Dwyer.

Dorothy Welch and Jim McCarty, McLean High School seniors, were introduced as Lions "Cubs of the Month."

Cliff Day, chairman of the club broom sale held last month, announced that sales totaled \$600, of which some \$153 was retained by the club.

**FEED PROGRAM HAS CHANGES**

Some changes in the feed grain program are being made for 1964, according to Miss Evelyn Mason, manager of the Gray County Agricultural Stabilization and Conservation Office at Pampa.

Miss Mason said in her monthly newsletter that the ASCS office expects to have more material on the program soon, and will prepare the feed grain bases established for all farms.

Under the 1964 program, farmers may divert 20 per cent or up to 50 per cent of your base in 1964, the "If you divert as much as 40 per cent of your base in 1964, the diversion payment will be made at the higher rate for all the acres diverted," Miss Mason explained.

The acres in the base will be computed using the 1959 and 1960 years, as in the last programs.

"However," the ASCS office manager said, "the normal yield will be computed on the years 1959, 1960, 1961 and 1962. If you have proved your yield for 1959 and 1960, you may want to also prove the yield for 1961 and 1962, if it will add to your yield."

She said that after a farmer receives a notice of his yield, he has 15 days to prove the 1961 and 1962 yield, if he wishes.

Diversion payment must not exceed 20 per cent of the value of the cropland diverted.

The sign-up period for the feed grain program will be in February and March of next year, Miss Mason reported. Further information will be furnished on the program as received by the ASCS office.

All final payments on the 1963 wheat stabilization and feed grain programs have been made, except for a few producers who have not yet signed the necessary papers at the ASCS office.

Miss Mason disclosed that some 1963 agricultural conservation practices funds are still available for practices which will be carried out this year.

She said producers need to be sure to sign before they start a practice. Practices should also be reported as soon as completed.

Farmers and ranchers participating in the bindweed practice should report to the ASCS office as soon as they have applied the chemical.

**P-TA to Meet**

A regular meeting of the McLean P-TA will be held at 4 p.m. next Wednesday in the grade school cafeteria. All parents are invited to attend.

Relatives visiting in the J. J. Railsback home over the weekend were Mrs. Jerry Hall and Mary Beth, Danny and Deborah of Wichita, Kan., Mr. and Mrs. George Railsback of Pampa and Mrs. Alma Turman of McLean.

Victor Porter of Thomas, Okla., visited Monday with Mr. and Mrs. Jack Shelton.

"Did it take your boy friend long to break the ice at the party?" asked one commuter of another the morning after.

"Not long," answered the other, "and then he started in on the dishes and furniture."

"Ice breaking" reminds us to remind you that winter will soon be here—and we're wondering if your car is ready for winter driving. If not, better let us help you before it is too late.
